The states in which our insurance subsidiaries are domiciled have laws which require regulatory approval for the acquisition of “control” of insurance companies. Under these laws, there exists a presumption of “control” when an acquiring party acquires 10% or more of the voting securities of an insurance company or of a company which itself controls an insurance company. Therefore, any person acquiring 10% or more of our outstanding common stock would need the prior approval of the state insurance regulators of these states or a determination from such regulators that “control” has not been acquired.

ABOUT THIS PROSPECTUS

This prospectus is part of an “automatic shelf” registration statement that we filed with the Securities and Exchange Commission, or the SEC, as a “well-known seasoned issuer” as defined in Rule 405 under the Securities Act of 1933, as amended, or the Securities Act. Under this shelf registration process, we may sell, from time to time, an indeterminate amount of any combination of the securities described in this prospectus in one or more offerings. This prospectus provides you with a general description of the securities we may offer, which is not meant to be a complete description of each security. Each time that we sell securities, a prospectus supplement containing specific information about the terms of that offering will be provided, including the specific amounts, prices and terms of the securities offered and the manner in which they will be offered. The prospectus supplement and any other offering material may also add to, update or change information contained in this prospectus or in documents we have incorporated by reference into this prospectus. If there is any inconsistency between the information in this prospectus and any applicable prospectus supplement, you should rely on the information in the applicable prospectus supplement. We urge you to read both this prospectus and any applicable prospectus supplement and any other applicable offering material (including any free writing prospectus) prepared by or on behalf of us for a specific offering of securities, together with the additional information described in the section entitled “Where You Can Find More Information” in this prospectus.

You should rely only on the information contained or incorporated by reference in this prospectus and any applicable prospectus supplement or free writing prospectus relating to a particular offering. We have not authorized anyone to provide you with different information. If anyone provides you with different or inconsistent information, you should not rely on it. We are not making an offer to sell or soliciting an offer to purchase these securities in any jurisdiction where the offer or sale is not permitted.

You should not assume that the information contained in this prospectus or any prospectus supplement or free writing prospectus is accurate on any date other than the date on the front cover of such documents or that any information we have incorporated by reference is correct on any date subsequent to the date of the document incorporated by reference, even though this prospectus or any prospectus supplement or free writing prospectus is delivered or securities are sold on a later date. Neither the delivery of this prospectus or any applicable prospectus supplement or free writing prospectus nor any distribution of securities pursuant to such documents shall, under any circumstances, create any implication that there has been no change in the information set forth in this prospectus or any applicable prospectus supplement or free writing prospectus or in our affairs since the date of this prospectus or any applicable prospectus supplement or free writing prospectus, as applicable. Our business, financial condition, results of operations and prospects may have changed since those dates.

All references to “we”, “us”, “our”, the “company” or “Primerica” in this prospectus are to Primerica, Inc. and its consolidated subsidiaries, unless the context requires otherwise.

FORWARD-LOOKING STATEMENTS

Investors are cautioned that certain statements contained in this prospectus are “forward-looking” statements.

Forward-looking statements include, without limitation, any statement that may project, indicate or imply future results, events, performance or achievements, and may contain the words “expect”, “intend”, “plan”, “anticipate”, “estimate”, “believe”, “will be”, “will continue”, “will likely result”, and similar expressions, or future conditional verbs such as “may”, “will”, “should”, “would”, and “could.” In addition, any statement concerning future financial performance (including future revenues, earnings or growth rates), ongoing business strategies or prospects, and possible actions taken by us or our subsidiaries are also forward-looking statements. These forward-looking statements contained in this prospectus are based upon information available to us on the date of this prospectus. These forward-looking statements involve external risks and uncertainties, including those described under the section entitled “Risk Factors” in this prospectus and elsewhere in this prospectus, our reports filed from time to time with the SEC, which are incorporated by reference into this prospectus, as the same may be amended, supplemented or superseded from time to time by our filings under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), or any prospectus supplement.

Forward-looking statements are based on current expectations and projections about future events and are inherently subject to a variety of risks and uncertainties, many of which are beyond the control of our management team. All forward-looking statements in this prospectus and documents incorporated by reference into this prospectus and subsequent written and oral forward-looking statements attributable to us, or to persons acting on our behalf, are expressly qualified in their entirety by these risks and uncertainties. Accordingly, you should not rely upon forward-looking statements as predictions of future events. The events and circumstances reflected in any forward-looking statements may not be achieved or occur, and actual results could differ materially from those projected in such statements. We undertake no obligation to publicly update or revise any forward-looking statement after we distribute this prospectus, whether as a result of new information, future events or otherwise, except as otherwise required by law.

PRIMERICA, INC.

We are a leading provider of financial products to middle income households in the United States and Canada with 130,736 licensed sales representatives as of December 31, 2018. This network of independent contractor sales representatives (“sales representatives”) assists our clients in meeting their needs for term life insurance, which we underwrite, and mutual funds, annuities, managed investments and other financial products, which we distribute primarily on behalf of third parties. We insured approximately five million lives and had over two million client investment accounts as of December 31, 2018. Our distribution model uniquely positions us to reach underserved middle-income consumers in a cost-effective manner and has proven itself in both favorable and challenging economic environments.

Our mission is to serve middle-income families by helping them make informed financial decisions and providing them with a strategy and tools to gain financial independence. Our distribution model is designed to:

- **Address our clients’ financial needs.** Licensed sales representatives primarily use our proprietary financial needs analysis tool and an educational approach to demonstrate how our product offerings can assist clients to provide financial protection for their families, save for their retirement and other needs, and manage their debt. Typically, our clients are the friends, family members and personal acquaintances of sales representatives. Meetings are generally held in informal, face-to-face settings, usually in the clients’ homes.
- **Provide a business opportunity.** We provide an entrepreneurial business opportunity for individuals to distribute financial products. Low entry fees as well as the ability to select their own schedules and time commitments allow sales representatives to supplement their income by starting their own independent businesses without leaving their current jobs. Our unique compensation structure, technology, sales support and back-office processing are designed to enable sales representatives to successfully grow their independent businesses.

Our principal executive offices are located at 1 Primerica Parkway, Duluth, Georgia 30099, and our telephone number is (770) 381-1000. Our website address is www.primerica.com. RISK FACTORS

Investing in our securities involves risk. Before you decide whether to purchase any of our securities, in addition to the other information, documents or reports included or incorporated by reference into this prospectus and any applicable prospectus supplement or other applicable offering materials, you should carefully consider the risk factors described in the section entitled “Risk Factors” in (i) any prospectus supplement, (ii) our most recent Annual Report on Form 10-K, and (iii) any Quarterly Reports on Form 10-Q filed by us subsequent to such Annual Report on Form 10-K, each of which is incorporated by reference into this prospectus and any prospectus supplement in its entirety (other than documents or information deemed furnished and not filed in accordance with the SEC rules, including pursuant to Item 2.02 or Item 7.01 on Form 8-K), and as the same may be amended, supplemented or superseded from time to time by our filings under the Exchange Act. For more information, see the section entitled “Where You Can Find More Information” in this prospectus. These risks could materially and adversely affect our business, results of operations and financial condition and could result in a partial or complete loss of your investment. Moreover, additional risks and uncertainties not presently known to us or that we currently deem immaterial may also affect our business, results of operations and financial condition.

USE OF PROCEEDS

Unless otherwise indicated in an applicable prospectus supplement, we intend to use the net proceeds from the sale of the offered securities for general corporate purposes, including the financing of our operations, stock repurchases, payment of dividends, the repayment or refinancing of outstanding indebtedness and the financing of acquisitions. The timing and amount of our actual expenditures will be based on many factors, including cash flows from operations and anticipated needs of our business. As a result, unless otherwise indicated in any prospectus supplement, our management will have broad discretion over the use of the net proceeds. The net proceeds may be invested temporarily until they are used for their stated purpose. We may provide additional information on the use of the net proceeds from the sale of the offered securities in an applicable prospectus supplement or other offering materials relating to the offered securities.

DESCRIPTION OF SECURITIES

This prospectus contains summary descriptions of the debt securities, preferred stock, common stock, depositary shares, warrants, stock purchase contracts and stock purchase units that we may sell from time to time. These summary descriptions are not meant to be complete descriptions of each security. However, at the time of an offering and sale, this prospectus, together with the applicable prospectus supplements, will contain the material terms of the securities being offered.

DESCRIPTION OF DEBT SECURITIES

We may offer secured or unsecured debt securities, which may be senior, subordinated or junior subordinated, and which may be convertible. We may issue debt securities in one or more series.

The following description briefly sets forth certain general terms and provisions of the debt securities. The particular terms of the debt securities offered by any prospectus supplement (and the extent, if any, to which these general provisions may apply to the debt securities) will be described in the applicable prospectus supplement. Our debt securities will be issued in one or more series under an indenture to be entered into between us and a trustee to be identified in the applicable prospectus supplement. A form of the indenture is attached as an exhibit to the registration statement of which this prospectus forms a part. The terms of the debt securities will include those set forth in the indenture and those made a part of the indenture by the Trust Indenture Act of 1939, as amended (the "TIA"). You should read the summary below, the applicable prospectus supplement and the provisions of the indenture and indenture supplement, if any, in their entirety before investing in our debt securities.

The aggregate principal amount of debt securities that may be issued under the indenture is unlimited. The prospectus supplement relating to any series of debt securities that we may offer will contain the specific terms of the debt securities. These terms may include the following:

- the title and aggregate principal amount of the debt securities and any limit on the aggregate principal amount;
- whether the debt securities will be senior, subordinated or junior subordinated;
- whether the debt securities will be secured or unsecured;
- any applicable subordination provisions for any subordinated debt securities;
- the maturity date(s) or method for determining same;
- the interest rate(s) or the method for determining same;
- the dates on which interest will accrue or the method for determining dates on which interest will accrue and dates on which interest will be payable and whether interest shall be payable in cash or additional securities;
- whether the debt securities are convertible or exchangeable into other securities and any related terms and conditions;
- redemption or early repayment provisions;
- authorized denominations;
- if other than the principal amount, the principal amount of debt securities payable upon acceleration;
- place(s) where payment of principal and interest may be made, where debt securities may be presented and where notices or demands upon the company may be made;
- whether such debt securities will be issued in whole or in part in the form of one or more global securities and the date as which the securities are dated if other than the date of original issuance;
- amount of discount or premium, if any, with which such debt securities will be issued;
- any covenants applicable to the particular debt securities being issued;
- any additions or changes in the defaults and events of default applicable to the particular debt securities being issued;
-

the currency, currencies or currency units in which the purchase price for, the principal of and any premium and any interest on, such debt securities will be payable;
the time period within which, the manner in which and the terms and conditions upon which the holders of the debt securities or the company can select the payment currency;

4

our obligation or right to redeem, purchase or repay debt securities under a sinking fund, amortization or analogous provision;

- any restriction or conditions on the transferability of the debt securities;
- provisions granting special rights to holders of the debt securities upon occurrence of specified events;
 - additions or changes relating to compensation or reimbursement of the trustee of the series of debt securities;
- additions or changes to the provisions for the defeasance of the debt securities or to provisions related to satisfaction and discharge of the indenture;
- provisions relating to the modification of the indenture both with and without the consent of holders of debt securities issued under the indenture and the execution of supplemental indentures for such series; and
- any other terms of the debt securities (which terms shall not be inconsistent with the provisions of the TIA, but may modify, amend, supplement or delete any of the terms of the indenture with respect to such series of debt securities).

General

We may sell the debt securities, including original issue discount securities, at par or at a substantial discount below their stated principal amount. Unless we inform you otherwise in a prospectus supplement, we may issue additional debt securities of a particular series without the consent of the holders of the debt securities of such series or any other series outstanding at the time of issuance. Any such additional debt securities, together with all other outstanding debt securities of that series, will constitute a single series of securities under the indenture.

We will describe in the applicable prospectus supplement any other special considerations for any debt securities we sell which are denominated in a currency or currency unit other than U.S. dollars. In addition, debt securities may be issued where the amount of principal and/or interest payable is determined by reference to one or more currency exchange rates, commodity prices, equity indices or other factors. Holders of such securities may receive a principal amount or a payment of interest that is greater than or less than the amount of principal or interest otherwise payable on such dates, depending upon the value of the applicable currencies, commodities, equity indices or other factors. We will describe in the applicable prospectus supplement information as to the methods for determining the amount of principal or interest, if any, payable on any date, and the currencies, commodities, equity indices or other factors to which the amount payable on such date is linked.

United States federal income tax consequences and special considerations, if any, applicable to any such series will be described in the applicable prospectus supplement. Unless we inform you otherwise in the applicable prospectus supplement, the debt securities will not be listed on any securities exchange.

We expect most debt securities to be issued in fully registered form without coupons and in denominations of U.S. \$2,000 and any integral multiples in excess thereof. Subject to the limitations provided in the indenture and in the prospectus supplement, debt securities that are issued in registered form may be transferred or exchanged at the designated corporate trust office of the trustee, without the payment of any service charge, other than any tax or other governmental charge payable in connection therewith.

Global Securities

Unless we inform you otherwise in the applicable prospectus supplement, the debt securities of a series may be issued in whole or in part in the form of one or more global securities that will be deposited with, or on behalf of, a depositary identified in the applicable prospectus supplement. Global securities will be issued in registered form and in either temporary or definitive form. Unless and until it is exchanged in whole or in part for the individual debt securities, a global security may not be transferred except as a whole by the depositary for such global security to a

nominee of such depositary or by a nominee of such depositary to such depositary or another nominee of such depositary or by such depositary or any such nominee to a successor of such depositary or a nominee of such successor. The specific terms of the depositary arrangement with respect to any debt securities of a series and the rights of and limitations upon owners of beneficial interests in a global security will be described in the applicable prospectus supplement.

Governing Law

The indenture and the debt securities shall be construed in accordance with and governed by the laws of the State of New York.

DESCRIPTION OF CAPITAL STOCK

The following information describes our common stock and preferred stock, as well as certain provisions of our certificate of incorporation and by-laws and relevant sections of the Delaware General Corporation Law (the “DGCL”), and is only a summary. You should refer to our amended and restated certificate of incorporation and by-laws, which are filed as exhibits to the registration statement of which this prospectus forms a part, and to the applicable provisions of the DGCL.

Capital Stock

Our authorized capital stock consists of 500,000,000 shares of common stock, par value \$0.01 per share, composed of a series of voting common stock and a series of non-voting common stock, and 10,000,000 shares of preferred stock, par value \$0.01 per share. As of January 31, 2019, we had 42,582,850 shares of voting common stock outstanding and no shares of non-voting common stock or preferred stock outstanding.

Common Stock. Holders of our voting common stock are entitled to one vote per share on all matters submitted to a vote of stockholders. Holders of our non-voting common stock are not entitled to vote on any matter, except as required by law or to amend, alter or repeal the provisions of the certificate of incorporation providing for the preferences, limitations and rights of the non-voting common stock. Holders of our voting common stock and non-voting common stock rank equally with respect to payment of dividends, as may be declared by our board of directors out of funds legally available for the payment of those dividends. Upon the liquidation, dissolution or winding up of our company, the holders of our voting common stock and non-voting common stock will rank equally and will be entitled to receive their ratable share of our net assets available after payment of all debts and other liabilities, subject to the prior rights of any outstanding preferred stock. Holders of our voting common stock and non-voting common stock have no preemptive, subscription or redemption rights. Any share of non-voting common stock may be converted at the election of its holder into one share of voting common stock at any time. Upon the transfer of any shares of non-voting common stock to a non-affiliate of the holder, the shares of non-voting common stock so transferred shall automatically be converted into an equal number of shares of voting common stock. The outstanding shares of our common stock are fully paid and non-assessable.

Preferred Stock. Our board of directors has the authority, without any further vote or action by the stockholders, to issue preferred stock in one or more series and to fix the preferences, limitations and rights of the shares of each series, including:

- dividend rates;
- conversion rights;
- voting rights;
- terms of redemption and liquidation preferences; and
- the number of shares constituting each series.

Anti-Takeover Effects of Provisions of Our Certificate of Incorporation and By-laws and of Delaware Law

The rights of our stockholders and related matters are governed by the DGCL, our certificate of incorporation and by-laws, certain provisions of which may discourage or make more difficult a takeover attempt that a stockholder might consider in his or her best interest by means of a tender offer or proxy contest or removal of our incumbent officers or directors. These provisions may also adversely affect prevailing market prices for our common stock. However, we believe that these provisions will discourage coercive takeover practices and inadequate takeover bids and will encourage persons seeking to acquire control of our company to first negotiate with our board of directors. We further believe that the benefits provided by our ability to negotiate with the proponent of an unsolicited proposal outweigh the disadvantage of discouraging those proposals and that negotiation of an unsolicited proposal could result

in an improvement of its terms.

Stockholder Action by Written Consent; Special Meetings

Our certificate of incorporation permits stockholders to take action by the written consent of holders of all of our shares in lieu of an annual or special meeting. Otherwise, stockholders will only be able to take action at an annual or special meeting called in accordance with our by-laws.

Our by-laws provide that special meetings of stockholders may only be called by:

- the chairman of the board;
- the chief executive officer; or

6

by request in writing of the board of directors or of a committee of the board of directors that has been duly designated by the board of directors and whose powers and authority include the power to call such meetings.

Advance Notice Requirements for Stockholder Proposals Related to Director Nominations

Our by-laws contain advance notice procedures with regard to stockholder proposals related to the nomination of candidates for election as directors. These procedures provide that notice of stockholder proposals related to stockholder nominations for the election of directors must be received by our corporate secretary, in the case of an annual meeting, not less than 90 days nor more than 120 days prior to the anniversary date of the immediately preceding annual meeting of stockholders; provided, however, that in the event that the annual meeting is called for a date that is not within 30 days before or after that anniversary date, notice by the stockholder in order to be timely must be received not later than the close of business on the tenth day following the day on which notice of the date of the annual meeting was mailed or public disclosure of the date of the annual meeting was made, whichever occurs first. Stockholder nominations for the election of directors at a special meeting at which directors are elected must be received by our corporate secretary no later than the close of business on the tenth day following the day on which notice of the date of the special meeting was mailed or public disclosure of the date of the special meeting was made, whichever occurs first.

A stockholders' notice to our corporate secretary must be in proper written form and must set forth certain information related to the stockholder giving the notice and to the beneficial owner, if any, on whose behalf the nomination is being made, including:

- the name and record address of that stockholder;
- the class and series and number of shares of each class and series of our capital stock which are owned beneficially or of record by that stockholder;
- a description of all arrangements or understandings between that stockholder and any other person in connection with the nomination and any material interest of that stockholder in the nomination;
- information as to derivatives, swaps, options, short positions, stock borrowing or lending and transactions or arrangements that increase or decrease voting power or pecuniary interest;
- a representation that the stockholder is a holder of record of our stock entitled to vote at that meeting and that the stockholder intends to appear in person or by proxy at the meeting to bring that nomination before the meeting; and
- any other information relating to the person that would be required to be disclosed in a proxy statement or other filings required to be made in connection with the solicitations of proxies for election of directors pursuant to the Exchange Act;

and, as to each person whom the stockholder proposes to nominate for election as a director:

- the name, age, business and residence address, and the principal occupation and employment of the person;
- the class and series and number of shares of each class and series of our capital stock which are owned beneficially or of record by the person;
- information as to derivatives, swaps, options, short positions, stock borrowing or lending and transactions or arrangements that increase or decrease voting power or pecuniary interest; and
- any other information relating to the person that would be required to be disclosed in a proxy statement or other filings required to be made in connection with the solicitations of proxies for election of directors pursuant to the Exchange Act.

The stockholder providing the notice is required to update and supplement such notice as of the record date of the meeting.

Advance Notice Requirements for Other Stockholder Proposals

Our by-laws contain advance notice procedures with regard to stockholder proposals not related to nominations. These notice procedures, in the case of an annual meeting of stockholders, mirror the notice requirements for stockholder proposals related to director nominations discussed above insofar as they relate to the timing of receipt of notice by our corporate secretary. In the case of a special meeting, notice of other stockholder proposals must be received by our corporate secretary not less than 90 days prior to the date that meeting is proposed to be held.

A stockholders' notice to our corporate secretary must be in proper written form and must set forth, as to each matter that the stockholder proposes to bring before the meeting:

- a description of the business desired to be brought before the meeting and the reasons for conducting that business at the meeting;

7

the name and record address of that stockholder and of the beneficial owner, if any;
the class and series and number of shares of each class and series of our capital stock which are owned beneficially or of record by that stockholder or by the beneficial owner, if any;
a description of all arrangements or understandings between that stockholder or any beneficial owner and any other person in connection with the proposal of that business and any material interest of that stockholder in that business;
information as to derivatives, swaps, options, short positions, stock borrowing or lending and transactions or arrangements that increase or decrease voting power or pecuniary interest;
a representation that the stockholder is a holder of record of our stock entitled to vote at that meeting and that the stockholder intends to appear in person or by proxy at the meeting to bring that business before the meeting; and
any other information relating to the person that would be required to be disclosed in a proxy statement or other filings required to be made in connection with the solicitations of proxies for the proposed business to be brought by such stockholder pursuant to the Exchange Act.

The stockholder providing the notice is required to update and supplement such notice as of the record date of the meeting.

Stockholder Proxy Access

Our by-laws contain provisions permitting a stockholder, or a group of up to 20 stockholders, owning three percent or more of our outstanding common stock continuously for at least three years, to nominate and include in our annual meeting proxy materials directors constituting up to the greater of two individuals or 20% of the board of directors, provided that the stockholder(s) and the nominee(s) satisfy the requirements specified in our by-laws. Pursuant to such provisions, the nominating stockholder(s) must, no earlier than 150 calendar days and no later than 120 calendar days before the anniversary of the date that we mailed our proxy statement for the prior year's annual meeting of stockholders, submit to our corporate secretary certain information and documents described in our by-laws. However, if our annual meeting of stockholders is not scheduled to be held within a period that commences 30 days before such anniversary date and ends 30 days after such anniversary date, such information and documents must be submitted by the later of the close of business on the date that is 180 days prior to the annual meeting date or the tenth day following the date the annual meeting date is first publicly announced or disclosed.

Anti-Takeover Legislation

As a Delaware corporation, we are subject to the restrictions under Section 203 of the DGCL ("Section 203") regarding corporate takeovers. In general, Section 203 prohibits a publicly held Delaware corporation from engaging, under certain circumstances, in a business combination with an interested stockholder for a period of three years following the date the person became an interested stockholder, unless:

prior to the date of the transaction, the board of directors of the corporation approved either the business combination or the transaction which resulted in the stockholder becoming an interested stockholder;
upon completion of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time such transaction commenced, excluding, for purposes of determining the number of shares outstanding, (i) shares owned by persons who are directors and also officers of the corporation and (ii) shares owned by employee stock plans in which employee participants do not have the right to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer; or
on or subsequent to the date of the transaction, the business combination is approved by the board of directors of the corporation and authorized at an annual or special meeting of stockholders by the affirmative vote of at least 66 2/3% of the outstanding voting stock which is not wholly owned by the interested stockholder.

In this context, a business combination includes a merger, asset or stock sale, or other transaction resulting in a financial benefit to the interested stockholder. An interested stockholder is a person who, together with affiliates and associates, owns or, within three years prior to the determination of interested stockholder status owned, 15% or more of a corporation's outstanding voting stock.

A Delaware corporation may "opt out" of Section 203 with an express provision in its original certificate of incorporation or an express provision in its certificate of incorporation or by-laws resulting from amendments approved by holders of at least a majority of the corporation's outstanding voting shares. We have not elected to "opt out" of Section 203. However, subject to certain restrictions, we may elect to "opt out" of Section 203 by an amendment to our certificate of incorporation or by-laws.

Undesignated Preferred Stock

The authority possessed by our board of directors to issue preferred stock with voting or other rights or preferences could be potentially used to discourage attempts by third parties to obtain control of us through a merger, tender offer, proxy contest or otherwise by making such attempts more difficult or more costly. The provision in our certificate of incorporation authorizing such preferred stock may have the effect of deferring hostile takeovers or delaying changes of control of our management.

Insurance Regulations Concerning Change of Control

Many state insurance regulatory laws intended primarily for the protection of policyholders contain provisions that require advance approval by state agencies of any change in control of an insurance company or insurance holding company that is domiciled or, in some cases, having such substantial business that it is deemed to be commercially domiciled in that state. Moreover, under Canadian federal insurance law, the consent of the Minister of Finance is required in order for anyone to acquire direct or indirect control, including control in fact, of an insurance company, or to acquire, directly or through any controlled entity or entities, a significant interest (i.e., more than 10%) of any class of its shares.

Limitation of Liability of Directors

Our certificate of incorporation provides that none of our directors shall be liable to us or our stockholders for monetary damages for any breach of fiduciary duty as a director, except to the extent otherwise required by the DGCL. The effect of this provision is to eliminate our rights, and our stockholders' rights, to recover monetary damages against a director for breach of a fiduciary duty of care as a director. This provision does not limit or eliminate our right, or the right of any stockholder, to seek non-monetary relief, such as an injunction or rescission in the event of a breach of a director's duty of care. In addition, our certificate of incorporation provides that if the DGCL is amended to authorize the further elimination or limitation of the liability of a director, then the liability of the directors shall be eliminated or limited to the fullest extent permitted by the DGCL, as so amended. These provisions will not alter the liability of directors under federal or state securities laws. Our certificate of incorporation also includes provisions for the indemnification of our directors and officers to the fullest extent permitted by Section 145 of the DGCL. Further, we have entered into indemnification agreements with our directors and executive officers which require us, among other things, to indemnify them against certain liabilities which may arise by reason of their status or service as a director or officer and to advance to them expenses, subject to reimbursement to us if it is determined that they are not entitled to indemnification. We also have obtained director and officer liability insurance.

DESCRIPTION OF DEPOSITARY SHARES

General Terms

At our option, we may elect to offer depositary shares representing receipts for fractional interests in preferred stock. In this case, we will issue receipts for depositary shares, each of which will represent a fraction of a share of a particular series of preferred stock.

We will deposit the shares of any series of preferred stock represented by depositary shares under a deposit agreement between us and a depositary which we will name in the applicable prospectus supplement. Subject to the terms of the deposit agreement, an owner of a depositary share will be entitled, in proportion to the applicable fraction of a share of preferred stock represented by the depositary share, to all the rights and preferences of the preferred stock represented by the depositary share, including, as the case may be, interest, dividend, voting, conversion, redemption, sinking fund, repayment at maturity, subscription and liquidation rights.

The following description of the terms of the deposit agreement is a summary. It summarizes only those terms of the deposit agreement that we believe will be most important to a decision to invest in our depositary shares. You should keep in mind, however, that it is the deposit agreement, and not this summary, which defines the rights of a holder of depositary shares. There may be other provisions in the deposit agreement that are also important to you. You should read the deposit agreement for a full description of the terms of the depositary shares. We will file a copy of the deposit agreement with the SEC at or before the time of the offering of the applicable series of depositary shares. This summary is subject to and qualified by reference to the description of the particular terms of your series of depositary shares described in the applicable prospectus supplement.

Interest, Dividends and Other Distributions

The depositary will distribute all payments of interest, cash dividends or other cash distributions received on the preferred stock to record holders of depositary shares relating to the preferred stock in proportion to the number of depositary shares that they own.

In the event of a distribution other than in cash, the depositary will distribute property received by it to the appropriate record holders of depositary shares in an equitable manner, unless the depositary determines that it is not feasible to make a distribution. In that case the depositary may sell the property and distribute the net proceeds from the sale to such record holders.

Redemption of Depositary Shares

If we redeem a series of preferred stock represented by depositary shares, the depositary will redeem the depositary shares from the proceeds received by the depositary resulting from the redemption. The redemption price per depositary share will be equal to the applicable fraction of the redemption price per share of preferred stock payable in relation to the redeemed series of preferred stock. Whenever we redeem shares of preferred stock held by the depositary, the depositary will redeem as of the same redemption date the number of depositary shares representing the shares of preferred stock redeemed. If fewer than all the depositary shares are to be redeemed, the depositary shares to be redeemed will be selected by lot, proportionately or by any other equitable method as the depositary may determine.

Voting the Preferred Stock

Upon receipt of notice of any meeting at which the holders of any series of deposited preferred stock are entitled to vote, the depositary will mail the information contained in the notice of meeting to the record holders of the depositary shares relating to such preferred stock. Each record holder of the depositary shares on the record date will be entitled to instruct the depositary how to vote the amount of the preferred stock represented by that holder's depositary shares. The record date for the depositary shares will be the same date as the record date for preferred stock. The depositary will endeavor, to the extent practicable, to vote the amount of the preferred stock represented by the depositary shares in accordance with those instructions. We will agree to take all reasonable action which the depositary may deem necessary to enable the depositary to do so. The depositary will abstain from giving instructions or directions with respect to the voting shares of the preferred stock if it does not receive specific instructions from the holder of depositary shares representing the preferred stock.

Amendment and Termination of the Deposit Agreement

We and the depositary may amend the form of depositary receipt evidencing the depositary shares and any provision of the deposit agreement at any time. However, any amendment which materially and adversely alters the rights of the holders of the depositary shares will not be effective unless the amendment has been approved by the holders of at least a majority of the depositary shares then outstanding. Every holder of an outstanding depositary receipt at the time any amendment becomes effective, or any

transferee of the holder, will be deemed, by continuing to hold the depositary receipt, or by reason of the acquisition thereof, to consent and agree to the amendment and to be bound by the deposit agreement as amended thereby.

The deposit agreement will automatically terminate if:

- all outstanding depositary shares have been redeemed;
- each share of preferred stock has been converted into other preference shares or has been exchanged for debt securities; or
- there has been a final distribution in respect of the preferred stock, including in connection with our liquidation, dissolution or winding-up, and the repayment, redemption or distribution proceeds, as the case may be, have been distributed.

Resignation and Removal of Depositary

The depositary may resign at any time by delivering to us notice of its election to do so. We also may, at any time, remove the depositary. Any resignation or removal will take effect upon the appointment of a successor depositary and its acceptance of such appointment. We must appoint the successor depositary within 60 days after delivery of the notice of resignation or removal. The successor depositary must be a bank or trust company having its principal office in the United States and having a combined capital and surplus of at least \$50,000,000.

Charges of Depositary

We will pay all transfer and other taxes and governmental charges arising solely from the existence of the depositary arrangements. We will pay all charges of the depositary in connection with the initial deposit of the preferred stock and issuance of depositary receipts, all withdrawals of shares of preferred stock by holders of depositary shares and any redemption of the preferred stock. Holders of depositary shares will pay other transfer and other taxes and governmental charges, as well as the other charges that are expressly provided in the deposit agreement to be for their account.

Miscellaneous

The depositary will forward all reports and communications from us which are delivered to the depositary and which we are required or otherwise determine to furnish to holders of preferred stock.

Neither we nor the depositary will be liable if we are or it is prevented or delayed by law or any circumstances beyond our or its control in performing any obligations under the deposit agreement. Our and its obligations under the deposit agreement will be limited to performance in good faith of our and its duties under the deposit agreement and neither we nor it will be obligated to prosecute or defend any legal proceeding in respect of any depositary shares, depositary receipts or preferred stock unless satisfactory indemnity is furnished. We and the depositary may rely upon written advice of counsel or accountants, or upon information provided by holders of depositary receipts or other persons believed to be competent and on documents believed to be genuine.

DESCRIPTION OF WARRANTS

We may issue warrants for the purchase of our debt securities, preferred stock, common stock, depositary shares or securities of third parties or other rights, including rights to receive payment in cash or securities based on the value, rate or price of one or more specified commodities, currencies, securities or indices, or any combination of the foregoing. We may issue warrants independently or together with other securities, and they may be attached to or separate from the other securities. Each series of warrants will be issued under a separate warrant agreement that we will enter into with a bank or trust company, as warrant agent, as detailed in the applicable prospectus supplement.

The warrant agent will act solely as our agent in connection with the warrants and will not assume any obligation, or agency or trust relationship, with the holders of the warrants. We will file a copy of the warrant and warrant agreement with the SEC each time we issue a series of warrants, and these warrants and warrant agreements will be incorporated by reference into the registration statement of which this prospectus is a part. A holder of our warrants should refer to the provisions of the applicable warrant agreement and prospectus supplement for more specific information.

The following description of the terms of the warrants is a summary. It summarizes only those terms of the warrants and the warrant agreement which we believe will be most important to your decision to invest in our warrants. You should keep in mind, however, that it is the warrant agreement and the warrant certificate relating to the warrants, and not this summary, which defines the rights of a warrant holder. There may be other provisions in the warrant agreement and the warrant certificate relating to the warrants which are also important to you. You should read these documents for a full description of the terms of the warrants. This summary is

subject to and qualified by reference to the description of the particular terms of your series of warrants described in the applicable prospectus supplement.

Debt Warrants

We will describe in the applicable prospectus supplement the terms of warrants to purchase debt securities that we may offer, the warrant agreement relating to the debt warrants and the warrant certificates representing the debt warrants. These terms will include the following:

- the title of the debt warrants;
- the debt securities for which the debt warrants are exercisable;
- the aggregate number of the debt warrants;
- the principal amount of debt securities that may be purchased upon exercise of each debt warrant, and the price or prices at which we will issue the debt warrants;
- the procedures and conditions relating to the exercise of the debt warrants;
- the designation and terms of any related debt securities issued with the debt warrants, and the number of debt warrants issued with each debt security;
- the date, if any, on and after which the debt warrants and the related securities will be separately transferable;
- the date on which the right to exercise the debt warrants commences, and the date on which the right will expire;
 - the maximum or minimum number of the debt warrants that may be exercised at any time; whether the debt warrants are issued in registered or bearer form;

- information with respect to book entry procedures, if any;
- if applicable, a discussion of material United States federal income tax considerations; any other terms of the debt warrants and terms, procedures and limitations relating to the exercise of the debt warrants; and
- the terms of the securities that may be purchased upon exercise of the debt warrants.

We will also describe in the applicable prospectus supplement any provisions for a change in the exercise price or expiration date of the warrants and the kind, frequency and timing of any notice to be given. Certificates representing debt warrants will be exchangeable for new debt warrant certificates of different denominations, and debt warrants may be exercised at the corporate trust office of the warrant agent or any other office that we indicate in the applicable prospectus supplement. Prior to exercise, holders of debt warrants will not have any of the rights of holders of the debt securities purchasable upon that exercise and will not be entitled to payments of principal, premium, if any, or interest on the debt securities purchasable upon the exercise.

Other Warrants

We may issue other warrants. We will describe in the applicable prospectus supplement the following terms of those warrants:

- the title of the warrants;
- the securities, which may include preferred stock or common stock, for which the warrants may be exercised;
- the aggregate number of the warrants;
- the number of securities that may be purchased upon exercise of each warrant, and the price or prices at which we will issue the warrants;
- the procedures and conditions relating to the exercise of the warrants;
- the designation and terms of any related securities issued with the warrants, and the number of warrants issued with each security;
- the date, if any, on and after which the warrants and the related securities will be separately transferable;

the date on which the right to exercise the warrants commences and the date on which the right will expire;
the maximum or minimum number of warrants that may be exercised at any time;
if applicable, a discussion of material United States federal income tax considerations; and

12

any other terms of the warrants, including terms, procedures and limitations relating to the exchange and exercise of the warrants.

We will also describe in the applicable prospectus supplement any provisions for a change in the exercise price or the expiration date of the warrants and the kind, frequency and timing of any notice to be given. Certificates representing warrants will be exchangeable for new warrant certificates of different denominations, and warrants may be exercised at the corporate trust office of the warrant agent or any other office that we indicate in the applicable prospectus supplement. Prior to the exercise, the holder of warrants will not have any of the rights of holders of the preferred stock, common stock or other securities purchasable upon that exercise and will not be entitled to dividend payments, if any, or voting rights of the preferred stock, common stock or other securities purchasable upon the exercise.

Exercise of Warrants

We will describe in the prospectus supplement relating to the warrants the principal amount or the number of our securities that may be purchased for cash upon exercise of a warrant, and the exercise price. Warrants may be exercised as described in the prospectus supplement relating to the warrants at any time up to the close of business on the expiration date stated in the prospectus supplement. Unexercised warrants will become void after the close of business on the expiration date.

We will forward the securities purchasable upon the exercise as soon as practicable after receipt of payment and the properly completed and executed warrant certificate at the corporate trust office of the warrant agent or other office stated in the applicable prospectus supplement. If less than all of the warrants represented by the warrant certificate are exercised, we will issue a new warrant certificate for the remaining warrants.

Enforcement

The holders of warrants, without the consent of the warrant agent, may, on their own behalf and for their own benefit enforce, and may substitute and maintain any suit, action, or proceeding against us to enforce these rights to exercise and receive the securities purchasable upon exchange of the warrants.

DESCRIPTION OF STOCK PURCHASE CONTRACTS AND STOCK PURCHASE UNITS

We may issue stock purchase contracts, including contracts obligating holders to purchase from or sell to us, and obligating us to sell to or purchase from the holders, a specified number of shares of common stock or other securities at a future date or dates, which we refer to in this prospectus as stock purchase contracts. The price per share of the securities and the number of shares of the securities may be fixed at the time the stock purchase contracts are issued or may be determined by reference to a specific formula set forth in the stock purchase contracts, and may be subject to adjustment under anti-dilution formulas. The stock purchase contracts may be issued separately or as part of units consisting of a stock purchase contract and debt securities, preferred securities or debt obligations of third parties, including U.S. treasury securities, any other securities described in the applicable prospectus supplement or any combination of the foregoing, securing the holders' obligations to purchase the securities under the stock purchase contracts, which we refer to herein as stock purchase units. The stock purchase contracts may require holders to secure their obligations under the stock purchase contracts in a specified manner. The stock purchase contracts also may require us to make periodic payments to the holders of the stock purchase contracts or the stock purchase units, as the case may be, or vice versa, and those payments may be unsecured or pre-funded in whole or in part.

The applicable prospectus supplement will describe the terms of the stock purchase contracts or stock purchase units. This description is not complete and the description in the prospectus supplement will not necessarily be complete, and reference is made to the stock purchase contracts, and, if applicable, collateral or depositary arrangements relating to the stock purchase contracts or stock purchase units, which will be filed with the SEC each time we issue stock purchase contracts or stock purchase units. If any particular terms of the stock purchase contracts or stock purchase units described in the prospectus supplement differ from any of the terms described herein, then the terms described herein will be deemed superseded by that prospectus supplement. Material United States federal income tax considerations applicable to the stock purchase units and the stock purchase contracts will also be discussed in the applicable prospectus supplement.

PLAN OF DISTRIBUTION

We may sell the securities offered through this prospectus and the applicable prospectus supplement (i) to or through underwriters or dealers, (ii) directly to purchasers, including our affiliates, (iii) through agents, or (iv) through a combination of any these methods. The securities may be distributed at a fixed price or prices, which may be changed, market prices prevailing at the time of sale, prices related to the prevailing market prices, or negotiated prices. The prospectus supplement will include the following information:

- the terms of the offering;
- the names of any underwriters or agents;
- the name or names of any managing underwriter or underwriters;
- the purchase price of the securities;
- the net proceeds from the sale of the securities;
- any delayed delivery arrangements;
- any underwriting discounts, commissions and other items constituting underwriters' compensation;
- any initial public offering price;
- any discounts or concessions allowed or reallocated or paid to dealers; and
- any commissions paid to agents.

Sale Through Underwriters or Dealers

If underwriters are used in the sale, the underwriters will acquire the securities for their own account, including through underwriting, purchase, security lending or repurchase agreements with us. The underwriters may resell the securities from time to time in one or more transactions, including negotiated transactions. Underwriters may sell the securities in order to facilitate transactions in any of our other securities (described in this prospectus or otherwise), including other public or private transactions and short sales. Underwriters may offer securities to the public either through underwriting syndicates represented by one or more managing underwriters or directly by one or more firms acting as underwriters. Unless otherwise indicated in the applicable prospectus supplement, the obligations of the underwriters to purchase the securities will be subject to certain conditions, and the underwriters will be obligated to purchase all the offered securities if they purchase any of them. The underwriters may change from time to time any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers. The prospectus

supplement will include the names of the principal underwriters, the respective amount of securities underwritten, the nature of the obligation of the underwriters to take the securities and the nature of any material relationship between an underwriter and us.

If dealers are used in the sale of securities offered through this prospectus and the applicable prospectus supplement, we will sell the securities to them as principals. They may then resell those securities to the public at varying prices determined by the dealers at the time of resale. The prospectus supplement will include the names of the dealers and the terms of the transaction.

Direct Sales and Sales Through Agents

We may sell the securities offered through this prospectus and the applicable prospectus supplement directly. In this case, no underwriters or agents would be involved. Such securities may also be sold through agents designated from time to time. The prospectus supplement will name any agent involved in the offer or sale of the offered securities and will describe any commissions payable to the agent by us. Unless otherwise indicated in the applicable prospectus supplement, any agent will agree to use its reasonable best efforts to solicit purchases for the period of its appointment.

We may sell the securities directly to institutional investors or others who may be deemed to be underwriters within the meaning of the Securities Act with respect to any sale of those securities. The terms of any such sales will be described in the applicable prospectus supplement.

Delayed Delivery Contracts

If the applicable prospectus supplement indicates, we may authorize agents, underwriters or dealers to solicit offers from certain types of institutions to purchase securities at the public offering price under delayed delivery contracts. These contracts would provide for payment and delivery on a specified date in the future. The contracts would be subject only to those conditions described in the applicable prospectus supplement. The applicable prospectus supplement will describe the commission payable for solicitation of those contracts.

Market Making, Stabilization and Other Transactions

Unless the applicable prospectus supplement states otherwise, each series of offered securities will be a new issue and will have no established trading market. We may elect to list any series of offered securities on an exchange. Any underwriters that we use in the sale of offered securities may make a market in such securities, but may discontinue such market making at any time without notice. Therefore, we cannot assure you that the securities will have a liquid trading market.

Any underwriter may also engage in stabilizing transactions, syndicate covering transactions and penalty bids in accordance with Rule 104 under the Exchange Act. Stabilizing transactions involve bids to purchase the underlying security in the open market for the purpose of pegging, fixing or maintaining the price of the securities. Syndicate covering transactions involve purchases of the securities in the open market after the distribution has been completed in order to cover syndicate short positions.

Penalty bids permit the underwriters to reclaim a selling concession from a syndicate member when the securities originally sold by the syndicate member are purchased in a syndicate covering transaction to cover syndicate short positions. Stabilizing transactions, syndicate covering transactions and penalty bids may cause the price of the securities to be higher than it would be in the absence of the transactions. The underwriters may, if they commence these transactions, discontinue them at any time.

Derivative Transactions and Hedging

We, the underwriters or other agents may engage in derivative transactions involving the securities. These derivatives may consist of short sale transactions and other hedging activities. The underwriters or agents may acquire a long or short position in the securities, hold or resell securities acquired and purchase options or futures on the securities and other derivative instruments with returns linked to or related to changes in the price of the securities. In order to facilitate these derivative transactions, we may enter into security lending or repurchase agreements with the underwriters or agents. The underwriters or agents may effect the derivative transactions through sales of the securities to the public, including short sales, or by lending the securities in order to facilitate short sale transactions by others. The underwriters or agents may also use the securities purchased or borrowed from us or others (or, in the case of derivatives, securities received from us in settlement of those derivatives) to directly or indirectly settle sales of the securities or close out any related open borrowings of the securities.

Electronic Auctions

We may also make sales through the Internet or through other electronic means. Since we may from time to time elect to offer securities directly to the public, with or without the involvement of agents, underwriters or dealers, utilizing the Internet or other forms of electronic bidding or ordering systems for the pricing and allocation of such securities, you should pay particular attention to the description of that system we will provide in a prospectus supplement.

Such electronic system may allow bidders to directly participate, through electronic access to an auction site, by submitting conditional offers to buy that are subject to acceptance by us, and which may directly affect the price or other terms and conditions at which such securities are sold. These bidding or ordering systems may present to each bidder, on a so-called “real-time” basis, relevant information to assist in making a bid, such as the clearing spread at which the offering would be sold, based on the bids submitted, and whether a bidder’s individual bids would be accepted, prorated or rejected. For example, in the case of a debt security, the clearing spread could be indicated as a number of “basis points” above an index treasury note. Of course, many pricing methods can and may also be used.

Upon completion of such an electronic auction process, securities will be allocated based on prices bid, terms of bid or other factors. The final offering price at which securities would be sold and the allocation of securities among bidders would be based, in whole or in part, on the results of the Internet or other electronic bidding process or auction.

General Information

Agents, underwriters, and dealers may be entitled, under agreements entered into with us, to indemnification by us against certain liabilities, including liabilities under the Securities Act.

LEGAL MATTERS

Unless otherwise specified in a prospectus supplement accompanying this prospectus, the validity of the securities offered by this prospectus will be passed upon for us by Rogers & Hardin LLP, Atlanta, Georgia. Additional legal matters may be passed upon for us, or any underwriters, dealers or agents, by counsel which we will name in the applicable prospectus supplement.

Item 15. Indemnification of Directors and Officers

Section 145 of the DGCL permits a corporation to indemnify any person against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with any threatened, pending or completed action, suit or proceeding in which such person is made a party by reason of such person being or having been a director, officer, employee or agent of the corporation if such person acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe the person's conduct was unlawful. Notwithstanding the foregoing, Section 145 of the DGCL provides that a corporation may not indemnify any person in respect of any claim, issue or matter as to which such person shall have been adjudged liable to the corporation unless and only to the extent that the Court of Chancery or the court in which such action or suit was brought shall determine that despite the adjudication of liability such person is fairly and reasonably entitled to indemnity for such expenses which such court shall deem proper. The DGCL provides that Section 145 is not exclusive of other rights to which those seeking indemnification may be entitled under any by-law, agreement, vote of stockholders or disinterested directors or otherwise. The registrant's certificate of incorporation and by-laws provide that the registrant shall indemnify its directors and officers to the fullest extent authorized or permitted by law. In addition, the registrant has entered into indemnification agreements with its directors and executive officers pursuant to which the company has agreed to indemnify its directors and executive officers against certain liabilities which may arise by reason of their status or service as a director or officer and to advance to them expenses, subject to

reimbursement to us if it is determined that they are not entitled to indemnification.

Section 102(b)(7) of the DGCL permits a corporation to provide in its certificate of incorporation that any director of the corporation shall not be personally liable to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, except for liability: (1) for any breach of the director's duty of loyalty to the corporation or its stockholders; (2) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law; (3) for unlawful payments of dividends or unlawful stock repurchases, redemptions or other distributions; or (4) for any transaction from which the director derived an improper personal benefit. The registrant's certificate of incorporation and by-laws provide for such limitation of liability to the fullest extent permitted by the DGCL.

Section 145(g) of the DGCL provides that a corporation may purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the corporation against any liability asserted against such person and incurred by such person in his or her capacity as a director, officer, employee or agent of the corporation, whether or not the corporation would have the power to indemnify such person under Section 145 of the DGCL. As permitted by and in accordance with Section 145(g) of the DGCL, the registrant maintains industry standard policies of insurance under which coverage is provided to its directors and

officers against legal liability for loss which is not indemnified arising from claims made by reason of breach of duty or other wrongful act while acting in their capacity as directors and officers of the company.

The proposed form of underwriting agreement to be filed as Exhibit 1.1 to this registration statement provides for indemnification of directors and certain officers of the registrant by the underwriters against certain liabilities.

Item 16. Exhibits

A list of the exhibits to this registration statement is set forth in the Exhibit Index and is incorporated herein by reference.

Item 17. Undertakings

(A) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

Provided, however, that paragraphs (A)(1)(i), (A)(1)(ii) and (A)(1)(iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

II-2

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities:

The undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

- (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
- (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
- (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
- (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(B) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(C) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

(D) The undersigned registrant hereby undertakes to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act in accordance with the rules and regulations prescribed by the Commission under Section 305(b)(2) of the Trust Indenture Act.

(E) The undersigned registrant hereby undertakes that for purposes of determining any liability under the Securities Act of 1933, (A) the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b) (1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective and (B) each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
