CHENIERE ENERGY PARTNERS LP HOLDINGS, LLC
NOTES TO FINANCIAL STATEMENTS
(unaudited)

NOTE 1—NATURE OF BUSINESS

We are a Delaware limited liability company formed by Cheniere Energy, Inc. (“Cheniere”) (NYSE MKT: LNG) to hold its limited partner interests in Cheniere Energy Partners, L.P. (“Cheniere Partners”), a publicly traded limited partnership (NYSE MKT: CQP). Our only business consists of owning Cheniere Partners’ limited partner units (the “Cheniere Partners units”), along with cash or other property that we receive as distributions in respect of such units, and, accordingly, our results of operations and financial condition are dependent on the performance of Cheniere Partners. Unless the context requires otherwise, references to “we,” “us,” “our,” the “Company,” or “Cheniere Holdings” are intended to refer to Cheniere Energy Partners LP Holdings, LLC.

On December 12, 2013, the Securities and Exchange Commission declared effective a registration statement with respect to the initial public offering of our common shares (the “IPO”). On December 18, 2013, we completed the IPO of 36.0 million common shares to the public at a price of \$20.00 per share for net proceeds of \$665.0 million after underwriting discount and offering expenses. The net proceeds from the IPO were used to repay intercompany indebtedness and payables, in the aggregate amount of \$272.0 million, and to distribute the remaining proceeds to Cheniere.

At no time prior to the IPO, did we have any operations or own any interest in Cheniere Partners. After the IPO and as of September 30, 2014, our sole purpose was to own the Cheniere Partners units and we expect to have no significant assets or operations other than those related to our interest in Cheniere Partners.

As of September 30, 2014, we owned a 55.9% limited partner interest in Cheniere Partners.

NOTE 2—BASIS OF PRESENTATION

The accompanying unaudited Financial Statements of Cheniere Holdings have been prepared in accordance with generally accepted accounting principles in the United States of America (“GAAP”) for interim financial information and with Rule 10-01 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by GAAP for complete financial statements. In our opinion, all adjustments, consisting only of normal recurring adjustments necessary for a fair presentation, have been included.

Results of operations for the three and nine months ended September 30, 2014 are not necessarily indicative of the results of operations that will be realized for the year ending December 31, 2014.

For further information, refer to the financial statements and accompanying notes included in our Annual Report on Form 10-K for the year ended December 31, 2013.

Accounting for Investment in Cheniere Partners

As of September 30, 2014 and December 31, 2013, we owned a 55.9% limited partner interest in Cheniere Partners. In addition to the Cheniere Partners units, we own a non-economic voting interest in Cheniere GP Holding Company, LLC (“GP Holdco”), which holds a 100% indirect interest in Cheniere Partners’ general partner. This non-economic voting interest in GP Holdco allows us to control the appointment of four of the eleven members to the board of directors of Cheniere Partners’ general partner to oversee the operations of Cheniere Partners. Cheniere owns the sole

share entitled to vote in the election of our directors (the “director voting share”). If Cheniere relinquishes the director voting share, which it may do in its sole discretion, or ceases to own greater than 25% of our outstanding shares, our non-economic voting interest in GP Holdco would be extinguished and we would cease to control GP Holdco. Cheniere may, at any time and without our consent, relinquish the director voting share, which would cause our non-economic voting interest in GP Holdco to be extinguished. Because Cheniere may relinquish the director voting share at any time and we have no variable interest in GP Holdco, we have determined that we cannot consolidate Cheniere Partners and must account for our investment in the Cheniere Partners units that we own using the equity method of accounting.

We record our share of Cheniere Partners’ net income (losses) in the period in which it is earned. The difference between our reported zero investment in Cheniere Partners as of both September 30, 2014 and December 31, 2013 and our ownership in Cheniere Partners’ reported net assets, excluding the beneficial conversion feature associated with Class B units as reported by

CHENIERE ENERGY PARTNERS LP HOLDINGS, LLC
NOTES TO FINANCIAL STATEMENTS—CONTINUED
(unaudited)

Cheniere Partners, was due primarily to suspended losses and equity gains from Cheniere Partners' sales of common units that were not recognized by us.

The equity method of accounting requires that our investment in Cheniere Partners be shown in our Balance Sheets as a single amount. Our initial investment in Cheniere Partners is recognized at cost, and this carrying amount is increased or decreased to recognize our share of income or loss of Cheniere Partners after the date of our initial investment in the Cheniere Partners units. As a result of our negative investment in Cheniere Partners and because we are not obligated to fund losses, we have a zero investment balance in Cheniere Partners as of both September 30, 2014 and December 31, 2013 and have suspended the use of the equity method for additional losses. After giving effect to our equity ownership in Cheniere Partners as though we had acquired the Cheniere Partners units we owned as a result of a merger of entities under common control, we had suspended losses of approximately \$472 million and \$203 million as of September 30, 2014 and December 31, 2013, respectively. Additional equity method losses that we incur will be credited directly to the suspended loss account.

Due to our zero investment balance in, and suspended losses of, Cheniere Partners as of both September 30, 2014 and December 31, 2013, we have historically and will continue to recognize distributions that we receive as a gain on our Statements of Income and a corresponding entry will be made to increase the suspended loss account. Only upon recovery of all suspended losses through future earnings will equity income be reported on our Statements of Income and future distributions reduce the carrying amount of our investment in Cheniere Partners.

NOTE 3—CAPITALIZATION

Cheniere Holdings' authorized capital structure consists of common shares and a director voting share. No owner of Cheniere Holdings shall be liable for Cheniere Holdings' debts, liabilities or obligations beyond such owner's capital contribution. At September 30, 2014, our issued capitalization consisted of 231.7 million common shares, of which 195.7 million common shares were owned by Cheniere and its affiliates and 36.0 million common shares were owned by the public, and one director voting share owned by Cheniere and its affiliates. We are authorized to issue an unlimited number of common shares. Additional classes or series of securities may be created with the approval of our board of directors, provided that any such additional class or series must be approved by a vote of holders of a majority of our outstanding shares.

NOTE 4—INVESTMENT IN CHENIERE PARTNERS

Our business consists of owning the following Cheniere Partners units, along with cash or other property that we receive as distributions in respect of such units:

Common Units

We own 11,963,488 common units, which are entitled to quarterly cash distributions from Cheniere Partners. To the extent that Cheniere Partners is unable to pay the initial quarterly distribution in the future, arrearages in the amount of the initial quarterly distribution (or the difference between the initial quarterly distribution and the amount of the distribution actually paid to common unitholders) may accrue with respect to the common units.

Subordinated Units

We own 135,383,831 subordinated units. The subordinated units are not entitled to receive distributions until all common units have received at least the initial quarterly distribution, including any arrearages that may accrue. The subordinated units will convert on a one-for-one basis into common units at the expiration of the subordination period as described in Cheniere Partners' partnership agreement. Cheniere Partners has not made any cash distributions in respect of the subordinated units with respect to the quarters ended on or after June 30, 2010.

Class B Units

We own 45,333,334 Class B units. The Class B units are not entitled to receive cash distributions except in the event of a liquidation of Cheniere Partners (or a merger, consolidation or other combination of Cheniere Partners with another person or the sale of all or substantially all of the assets of Cheniere Partners). The Class B units are subject to conversion, mandatorily or at

CHENIERE ENERGY PARTNERS LP HOLDINGS, LLC

the option of the holders of the Class B units under specified circumstances, into a number of common units based on the then-applicable conversion value of the Class B units. On a quarterly basis beginning on the initial purchase of the Class B units and ending on the conversion date of the Class B units, the conversion value of the Class B units increases at a compounded rate of 3.5% per quarter, subject to additional upward adjustment for certain equity and debt financings. The accreted conversion ratio of the Class B units owned by Cheniere Holdings and Blackstone CQP Holdco LP (“Blackstone”) was 1.37 and 1.34, respectively, as of September 30, 2014. We expect the Class B units to mandatorily convert into common units within 90 days of the substantial completion date of Train 3, which we currently expect to occur before March 31, 2017. If the Class B units are not mandatorily converted by July 2019, the holders of the Class B units have the option to convert the Class B units into common units at that time.

NOTE 5—SUMMARIZED FINANCIAL INFORMATION FOR CHENIERE ENERGY PARTNERS, L.P.

Our results of operations and financial condition are dependent on the performance of Cheniere Partners. The following tables are summarized Consolidated Statements of Operations and Consolidated Balance Sheets information for Cheniere Partners. Additional information on Cheniere Partners’ results of operations and financial position are contained in its Quarterly Report on Form 10-Q for the quarter ended September 30, 2014, which is included in this filing as Exhibit 99.1 and incorporated herein by reference.

During the second quarter of 2014, four lawsuits were filed in the Court of Chancery of the State of Delaware (the “Court”) against Cheniere and/or certain of its present and former officers and directors that challenge the manner in which abstentions were treated in connection with the stockholder vote on Amendment No. 1 to the Cheniere Energy, Inc. 2011 Incentive Plan (“Amendment No. 1”), pursuant to which, among other things, the number of shares of

common stock available for issuance under the Cheniere Energy, Inc. 2011 Incentive Plan (the “2011 Plan”) was increased from 10 million to 35 million shares. The lawsuits contend that abstentions should have been counted as “no” votes in tabulating the outcome of the vote and that the stockholders did not approve Amendment No. 1 when abstentions are counted as such. The lawsuits further contend that portions of the Amended and Restated Bylaws of Cheniere Energy, Inc. adopted on April 3, 2014 are invalid and that certain disclosures relating to these matters made by Cheniere are misleading. The lawsuits assert claims for breach of contract and breach of fiduciary duty (both on a class and a derivative basis) and claims for unjust enrichment (on a derivative basis). The lawsuits seek, among other things, a declaration that the February 1, 2013 stockholder vote on Amendment No. 1 is void, disgorgement of all compensation distributed

as a result of Amendment No. 1, voiding the awards made from the shares reserved pursuant to Amendment No. 1 and monetary damages. On June 16, 2014, Cheniere filed a verified application with the Court pursuant to 8 Del. C. § 205 (the “Section 205 Action”) in which it asks the Court to declare valid the issuance, pursuant to the 2011 Plan, of the 25 million additional shares of common stock of Cheniere covered by Amendment No. 1, whether occurring in the past or the future. On June 27, 2014, the Court entered an order staying the stockholder litigation pending resolution of the Section 205 Action. On July 11, 2014, Cheniere filed a memorandum of law in support of its motion for judgment on Application I asserted in the Section 205 Action (that it correctly tabulated votes in connection with the stockholder vote on Amendment No. 1). On July 25, 2014, certain of the plaintiffs in the lawsuits (who have been given permission to intervene in the Section 205 Action) filed a brief in opposition to Cheniere’s motion for judgment on Application I in the Section 205 Action. Briefing on these issues was completed on August 20, 2014, and the Court held a hearing on the motion on August 26, 2014.

The parties to the above-referenced lawsuits and the Section 205 Action have reached a memorandum of understanding (the “MOU”), subject to its terms and conditions, including receipt, among other things, of Court approval, to resolve the litigation. The MOU contemplates the dismissal with prejudice of the stockholder actions and the Section 205 Action and a release being granted to the defendants by the plaintiffs and a class of Cheniere’s stockholders. As part of the contemplated settlement: (i) the parties will request that the Court validate, pursuant to 8 Del. C. § 205, all awards made pursuant to Amendment No. 1 (whether vested or unvested) and declare that recipients of such awards are entitled to keep their awarded shares; (ii) except with respect to the unawarded shares discussed below, Cheniere will not seek stockholder approval for any stock-based compensation prior to January 1, 2017, such that no stock based compensation will be awarded to company executives, directors or consultants other than to the extent stockholders have already approved such compensation or such compensation was approved pursuant to 8 Del. C. § 205 (notwithstanding the foregoing, authorized stock (unissued or treasury) may be used to compensate new employees and a cash pay award (bonus, incentive, etc.) tied to the performance of Cheniere’s stock shall not constitute stock-based compensation); (iii) all compensation-related votes through September 17, 2022 will be subject to a majority of the shares present and entitled to vote standard (pursuant to which abstentions will be counted as the functional equivalent of “no” votes and broker non-votes will not be considered in determining the outcome of the resolution, but will be counted for purposes of establishing a quorum); and (iv) the Compensation Committee will be comprised exclusively of independent directors as defined by the NYSE MKT (or the rules of the primary exchange on which Cheniere’s common stock is listed in the future). With respect to the shares authorized pursuant to Amendment No. 1, but not awarded: (i) Cheniere will not award any of these shares unless the issuance of the shares is approved by a new stockholder vote; (ii) no earlier than 90-days after Court approval of the settlement, Cheniere may submit the issue of the unawarded shares to a stockholder vote; and (iii) if stockholders approve issuance of the unawarded shares, no more than 1 million of those shares may be awarded to Mr. Souki.

Consummation of the settlement is subject to several conditions including (i) completion of confirmatory discovery; (ii) agreement on an appropriate stipulation of settlement and such other documentation as may be required to obtain final approval of the settlement; and (iii) approval of all aspects of the settlement. The MOU requires the settlement to be submitted for Court approval within 60 days from the date of the MOU. Cheniere has also agreed that plaintiffs’ counsel is entitled to a fee in connection with the resolution of the Stockholder Actions, which fee will be paid by defendants, their insurance carrier, Cheniere or any combination thereof. The amount of the fee has not yet been determined.

The outcome of this litigation may impact the amount of operating expenses that Cheniere charged to Cheniere Partners under the Sabine Pass LNG and Sabine Pass Liquefaction operation and maintenance agreements discussed in Note 8—“Related Party Transactions” in Cheniere Partners’ Quarterly Report on Form 10-Q for the quarter ended

September 30, 2014, which is included in this filing as Exhibit 99.1 and incorporated herein by reference. This litigation may also impact the amount of our suspended losses as we have suspended the use of the equity method for additional losses as described in Note 2—"Basis of Presentation." Given the stage of this ongoing litigation, Cheniere currently cannot reasonably estimate a range of potential loss, if any, related to this matter.

NOTE 6—RELATED PARTY TRANSACTIONS

Services Agreement

Effective December 18, 2013, we, Cheniere and Cheniere LNG Terminals, LLC, a wholly owned subsidiary of Cheniere, entered into a services agreement (the "Services Agreement"). The Services Agreement provides that we pay Cheniere a fixed fee of \$1.0 million per year (payable quarterly in installments of \$250,000 per quarter, in arrears), subject to adjustment for inflation,

CHENIERE ENERGY PARTNERS LP HOLDINGS, LLC

for certain general and administrative services, including the services of our directors and officers who are also directors and executive officers of Cheniere. In addition, we pay directly for, or reimburse Cheniere for, certain third-party general and administrative expenses incurred. Cheniere also provides us with cash management services, including treasury services with respect to the payment of dividends and allocation of reserves for taxes. During the three and nine months ended September 30, 2014, we recorded general and administrative expense—affiliate of \$0.3 million and \$0.8 million, respectively, under the Services Agreement.

The Services Agreement has an initial term of one year from the date of the closing of our IPO, and will automatically renew for additional one-year terms unless notice of nonrenewal is provided by any party to the agreement at least 90 days prior to the next renewal date. Upon the occurrence of certain events resulting in the separation of us and Cheniere, our officers and directors who are also directors or officers of Cheniere would resign. Within 60 days after such a separation event, we may provide notice to Cheniere to terminate the Services Agreement, and the Services Agreement will terminate 90 days after the delivery date of the notice. If we provide notice to terminate at any time after such a separation event, we may request that Cheniere continue to provide services to us for a period of up to six months from the termination notice date.

Tax Sharing Agreement

On December 18, 2013, we entered into a Tax Sharing Agreement (the “Tax Sharing Agreement”) with Cheniere that governs the respective rights, responsibilities, and obligations of Cheniere and us with respect to tax attributes, tax liabilities and benefits, the preparation and filing of tax returns, the control of audits and other tax proceedings, and other matters regarding taxes. Under the terms of the Tax Sharing Agreement, for each period in which we or any of our subsidiaries is consolidated or combined with Cheniere for purposes of any tax return, Cheniere will prepare a pro forma tax return for us as if we filed our own consolidated, combined or unitary return, except that such pro forma tax return generally will include current income, deductions, credits and losses from us, and a deemed net operating loss carryforward amount. We will be required to reimburse Cheniere for any taxes shown on such pro forma tax returns.

Although we and Cheniere are each generally responsible for managing those disputes that relate to the taxes for which both are responsible, the Tax Sharing Agreement provides that Cheniere will have the responsibility and discretion to prepare and file all consolidated, combined or unitary income tax returns on our behalf (including the making of any tax elections), to respond to and conduct all tax proceedings (including tax audits) relating to such tax returns, and to determine the reimbursement amounts in connection with any pro forma tax returns.

NOTE 7—INCOME TAXES

We are a recently formed limited liability company that has elected to be treated as a corporation for U.S. federal income tax purposes. Our taxable income or loss is included in the consolidated federal income tax return of Cheniere. We have entered into a Tax Sharing Agreement with Cheniere as discussed in Note 6—“Related Party Transactions.” Any amounts due to Cheniere under the Tax Sharing Agreement in excess of our income tax provision calculated on a hypothetical carve-out basis will be recorded as an equity distribution.

Cheniere experienced an ownership change within the provisions of Internal Revenue Code (“IRC”) Section 382 in 2008, 2010 and 2012. Consequently, an analysis of the annual limitation on the utilization of Cheniere’s net operating losses (“NOLs”) was performed in accordance with IRC Section 382, and it was determined that IRC Section 382 will not limit the use of these NOLs in full over the carryover period. Cheniere will continue to monitor trading activity in its respective shares which may cause an additional ownership change which could ultimately affect our ability to

fully utilize these existing tax NOL carryforwards.

On October 24, 2014, the board of directors of Cheniere Partners' general partner declared a cash distribution of \$0.425 per common unit with respect to the third quarter of 2014. The distribution attributable to our interest in Cheniere Partners, totaling \$5.1 million, is to be paid to us on November 14, 2014. We have used these distributions from Cheniere Partners to establish cash reserves to pay general and administrative expenses (including affiliate) and to pay dividends.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Information Regarding Forward-Looking Statements

This quarterly report contains certain statements that are, or may be deemed to be, "forward-looking statements." All statements, other than statements of historical facts, included herein or incorporated herein by reference are "forward-looking statements." Because substantially all of our assets consist of our interest in the limited partner interests of Cheniere Energy Partners, L.P. ("Cheniere Partners"), many of these statements primarily relate to Cheniere Partners' business. Included among "forward-looking statements" are, among other things:

- statements regarding our ability to pay dividends to our shareholders;
- statements regarding Cheniere Partners' ability to pay distributions to its unitholders;
- statements regarding our anticipated tax rates and operating expenses;
- statements regarding future levels of domestic and international natural gas production, supply or consumption or future levels of liquefied natural gas ("LNG") imports into or exports from North America and other countries worldwide or purchases of natural gas, regardless of the source of such information, or the transportation or other infrastructure or demand for and prices related to natural gas, LNG or other hydrocarbon products;
- statements regarding any financing transactions or arrangements, or ability to enter into such transactions;
 - statements relating to the construction of Cheniere Partners' proposed liquefaction facilities and natural gas liquefaction trains ("Trains"), including statements concerning the engagement of any engineering, procurement and construction ("EPC") contractor or other contractor and the anticipated terms and provisions of any agreement with any EPC or other contractor, and anticipated costs related thereto;
- statements regarding any agreement to be entered into or performed substantially in the future, including any revenues anticipated to be received and the anticipated timing thereof, and statements regarding the amounts of total LNG regasification, liquefaction or storage capacities that are, or may become, subject to contracts;
- statements regarding counterparties to Cheniere Partners' commercial contracts, construction contracts and other contracts;
- statements regarding Cheniere Partners' planned construction of additional Trains, including the financing of such Trains;
- statements that Cheniere Partners' Trains, when completed, will have certain characteristics, including amounts of liquefaction capacities;
- statements regarding our or Cheniere Partners' business strategy, strengths, business and operation plans or any other plans, forecasts, projections, or objectives, including anticipated revenues and capital expenditures, any or all of which are subject to change;
- statements regarding legislative, governmental, regulatory, administrative or other public body actions, approvals, requirements, permits, applications, filings, investigations, proceedings or decisions;
- statements regarding Cheniere Partners' anticipated LNG and natural gas marketing activities; and
- any other statements that relate to non-historical or future information.

All of these types of statements, other than statements of historical fact, are forward-looking statements. In some cases, forward-looking statements can be identified by terminology such as "may," "will," "could," "should," "expect," "plan," "project," "intend," "anticipate," "believe," "estimate," "predict," "potential," "pursue," "target," "continue," the negative of such other comparable terminology. The forward-looking statements contained in this quarterly report are largely based on our and Cheniere Partners' expectations, which reflect estimates and assumptions made by management of the respective entities. These estimates and assumptions reflect our and Cheniere Partners' best judgment based on currently known market conditions and other factors. Although we and Cheniere Partners believe that such estimates are reasonable, they are inherently uncertain and involve a number of risks and uncertainties beyond our control. In addition, assumptions may prove to be inaccurate. We caution that the forward-looking statements contained in this quarterly report are not guarantees of future performance and that such statements may not be realized or the forward-looking statements or events may not occur. Actual results may differ materially from those anticipated or implied in forward-looking statements due to factors described in this quarterly report and in the reports and other

information that we file with the Securities and Exchange Commission (“SEC”). These forward-looking statements speak only

as of the date made, and other than as required by law, we undertake no obligation to publicly update or revise any forward-looking statement, whether as a result of new information, future events or otherwise.

Our actual results could differ materially from those anticipated in these forward-looking statements as a result of a variety of factors, including those discussed under “Risk Factors” in our Annual Report on Form 10-K for the year ended December 31, 2013 and herein. All forward-looking statements attributable to us or persons acting on our behalf are expressly qualified in their entirety by these risk factors. Other than as required under the securities laws, we assume no obligation to update or revise these forward-looking statements or provide reasons why actual results may differ.

As used herein, references to “Cheniere Holdings,” “we,” “our” and “us” refer to Cheniere Energy Partners LP Holdings, LLC.

Our Business

We are a limited liability company that has elected to be treated as a corporation for U.S. federal income tax purposes. Our primary business purpose is to:

own and hold Cheniere Partners limited partner units;

pay dividends on our shares from the distributions that we receive from Cheniere Partners, less income taxes and any reserves established by our board of directors (the “Board”) to pay our company expenses and amounts due under our services agreement (the “Services Agreement”) with a wholly owned subsidiary of Cheniere Energy, Inc. (“Cheniere”), to service and reduce indebtedness that we may incur and for company purposes, in each case as permitted by our limited liability company agreement (“LLC Agreement”);

simplify tax reporting requirements for investors by issuing a Form 1099-DIV with respect to the dividends received on our shares rather than a Schedule K-1 that would be received as a unitholder of Cheniere Partners; and designate members of the board of directors of Cheniere Partners’ general partner to oversee the operations of Cheniere Partners.

Our business consists of owning the following Cheniere Partners limited partner units, along with cash or other property that we receive as distributions in respect of such limited partner units:

Common Units

We own 11,963,488 common units, which are entitled to quarterly cash distributions from Cheniere Partners. To the extent that Cheniere Partners is unable to pay the initial quarterly distribution in the future, arrearages in the amount of the initial quarterly distribution (or the difference between the initial quarterly distribution and the amount of the distribution actually paid to common unitholders) may accrue with respect to the common units.

Subordinated Units

We own 135,383,831 subordinated units. The subordinated units are not entitled to receive distributions until all common units have received at least the initial quarterly distribution, including any arrearages that may accrue. The subordinated units will convert on a one-for-one basis into common units at the expiration of the subordination period as described in Cheniere Partners' partnership agreement. Cheniere Partners has not made any cash distributions in respect of the subordinated units with respect to the quarters ended on or after June 30, 2010.

Class B Units

We own 45,333,334 Class B units. The Class B units are not entitled to receive cash distributions except in the event of a liquidation of Cheniere Partners, a merger, consolidation or other combination of Cheniere Partners with another person or the sale of all or substantially all of the assets of Cheniere Partners. The Class B units are subject to conversion, mandatorily or at the option of the holders of the Class B units under specified circumstances, into a number of common units based on the then-applicable conversion value of the Class B units. The conversion value of the Class B units increases at a compounded rate of 3.5% per quarter subject to additional upward adjustment for certain equity and debt financings. As of September 30, 2014, the accreted conversion ratio of the Class B units owned by us and Blackstone CQP Holdco LP ("Blackstone") was 1.37 and 1.34, respectively. We expect the Class B units to mandatorily convert into common units within 90 days of the substantial completion date of Train 3, which we currently expect to be prior to March 31, 2017. If the Class B units are not mandatorily converted by July 2019, the holders of the Class B units have the option to convert the Class B units into common units at that time. The following table illustrates the number of common units into which the Class B units held by us and Blackstone would convert at the dates specified below (amounts in thousands) and our and Blackstone's percentage ownership of Cheniere Partners' then outstanding limited partner interests, assuming that none of the outstanding Class B units are optionally converted prior to the dates set forth in the table and that no additional limited partner interests are issued by Cheniere Partners prior to such dates:

	December 31, 2014 ⁽¹⁾	December 31, 2015 ⁽¹⁾	December 31, 2016	December 31, 2017	December 31, 2018	July 9, 2019
Cheniere Holdings:						
Number of Common Units	64,050	73,491	84,357	96,792	110,060	119,362
Percentage Ownership	52.4%	50.9%	49.4%	47.9%	46.5%	45.8%
Blackstone:						
Number of Common Units	138,934	159,371	182,881	209,782	240,640	258,550
Percentage Ownership	34.4%	36.7%	39.0%	41.2%	43.3%	44.4%

(1) Information as of December 31, 2014 and 2015 is presented for informational purposes only. We do not believe that the Class B units will convert, either mandatorily or optionally, into common units prior to such dates.

Our Relationship with Cheniere Partners

We own common units, Class B units and subordinated units of Cheniere Partners (collectively, the "Cheniere Partners units") representing an aggregate of approximately 55.9% of the outstanding Cheniere Partners units. As a result of our non-economic voting interest in Cheniere GP Holding Company, LLC ("GP Holdco"), which holds a 100% interest in Cheniere Partners' general partner, we control GP Holdco and indirectly control the appointment of four of the eleven members of the board of directors of Cheniere Partners' general partner. If Cheniere relinquishes the director voting share, which it may do in its sole discretion, or ceases to own greater than 25% of our outstanding shares, our non-economic voting interest in GP Holdco would be extinguished and we would cease to control GP Holdco. Because our only assets are limited partner interests in Cheniere Partners and we are therefore dependent on the results

of operations and financial condition of Cheniere Partners, we believe that the discussion and analysis of Cheniere Partners' financial condition and results of operations is important to our shareholders. Therefore, Cheniere Partners' Quarterly Report on Form 10-Q for the quarter ended September 30, 2014 has been included in this filing as Exhibit 99.1 and incorporated herein by reference.

Liquidity and Capital Resources

As of September 30, 2014, we had cash and cash equivalents of \$0.2 million. Our capital structure consists only of common shares, of which 195.7 million shares are owned by Cheniere and 36.0 million shares were sold by us in our IPO and are owned by the public, and one director voting share, which is held by Cheniere. We are authorized to issue an unlimited number of additional common shares. Additional classes or series of securities may be created with the approval of the Board, provided that any such additional class or series must be approved by a vote of holders of a majority of our outstanding shares. Our shareholders will not have preemptive or preferential rights to acquire additional common shares or other classes of our securities.

In August 2014, we filed a registration statement with the SEC with respect to an offering of 10.1 million of our common shares. Once completed, we expect to use the net proceeds of the offering of these common shares to redeem 10.1 million shares that are currently owned by Cheniere. Upon completion of this offering, Cheniere will own 185.6 million of our common shares.

Cheniere provides certain general and administrative services pursuant to the Services Agreement. We pay a fixed fee of \$1.0 million per year (payable quarterly in installments of \$250,000 per quarter, in arrears), subject to adjustment for inflation, for certain general and administrative services, including the services of our directors and officers who are also directors and executive officers of Cheniere. In addition, we pay directly for, or reimburse Cheniere for, certain third-party general and administrative expenses incurred. Cheniere also provides us with cash management services, including treasury services with respect to the payment of dividends and allocation of reserves for taxes. During the three and nine months ended September 30, 2014, we recorded general and administrative expense—affiliate of \$0.3 million and \$0.8 million, respectively, under the Services Agreement.

We believe that the cash distributions we will receive on our Cheniere Partners units will be sufficient to fund fees and expenses due under the Services Agreement and our working capital requirements for the next twelve months.

Cheniere Holdings Initial Public Offering

On December 18, 2013, we completed our initial public offering of our common shares as discussed in Note 1—“Nature of Business” of our Notes to Financial Statements and used the net proceeds to repay intercompany debt and payables owed to Cheniere and paid a distribution of the remaining proceeds to Cheniere.

Dividends

Our LLC Agreement requires us to pay dividends on our shares equal to the amount of cash that we receive as distributions in respect of the Cheniere Partners units that we own, less income taxes and reserves established by our Board.

Sources and Uses of Cash

The following table summarizes (in thousands) the sources and uses of our cash and cash equivalents for the nine months ended September 30, 2014, and the period from July 29, 2013 (date of inception) through September 30, 2013. Additional discussion of these items follows the table.

During the nine months ended September 30, 2014, we paid cash dividends of \$12.7 million to our common shareholders in accordance with our LLC Agreement as described above.

Operating cash flow is primarily the result of the payment of general and administrative expenses (including affiliate).

Results of Operations

Equity Income from Investment in Cheniere Partners

We use the equity method of accounting for our limited partner ownership interest in Cheniere Partners. The equity method of accounting requires that our investment in Cheniere Partners be shown in our balance sheets as a single amount. Our initial investment in Cheniere Partners was recognized at cost, and this carrying amount is increased or decreased to recognize our share of income or loss of Cheniere Partners after the date of our initial investment in the Cheniere Partners units. As a result of our negative investment in Cheniere Partners and because we are not obligated to fund losses, we have a zero investment balance in Cheniere Partners as of both September 30, 2014 and December 31, 2013, and have suspended the use of the equity method for additional losses. After giving effect to our equity

ownership in Cheniere Partners as though we had acquired the Cheniere Partners units we owned as a result of a merger of entities under common control, we had suspended losses of approximately \$472 million and \$203 million as of September 30, 2014 and December 31, 2013, respectively. The suspended loss account will be increased or decreased by our share of Cheniere Partners' future losses or earnings, respectively. Due to our zero investment balance in, and suspended losses of, Cheniere Partners as of both September 30, 2014 and December 31, 2013, we have historically and will continue to recognize distributions that we receive as a gain on our Statements of Income and a corresponding entry will be made

to increase the suspended loss account. Once we have recovered all suspended losses through our share of Cheniere Partners' future earnings, the equity income or loss from our share of Cheniere Partners' future earnings will be reported on our income statements. In addition, future distributions we receive from Cheniere Partners would then reduce the carrying amount of our investment in Cheniere Partners. For the three and nine months ended September 30, 2014, we recognized \$5.1 million and \$15.3 million, respectively, of equity income from our investment in Cheniere Partners resulting from quarterly distributions from Cheniere Partners paid to us in 2014.

The following table summarizes Consolidated Statements of Operations information for Cheniere Partners. Additional information on Cheniere Partners' results of operations and financial position are contained in its Quarterly Report on Form 10-Q for the quarter ended September 30, 2014, included in this filing as Exhibit 99.1 and incorporated herein by reference.

General and Administrative Expenses (including affiliate)

Our general and administrative expenses (including affiliate) are associated with managing our business and affairs. For the three and nine months ended September 30, 2014, we incurred total general and administrative expenses (including affiliate) of \$0.5 million and \$1.7 million, respectively. These expenses included \$0.3 million and \$0.8 million for the three and nine months ended September 30, 2014, respectively, related to services provided by Cheniere under the Services Agreement necessary for the conduct of our business, such as accounting, legal, tax, information technology and other expenses. The remaining expenses were primarily related to professional services rendered by third parties. There was no general and administrative cost prior to our IPO.

Off-Balance Sheet Arrangements

As of September 30, 2014, we had no "off-balance sheet arrangements" that may have a current or future material effect on our financial position or results of operations.

Summary of Critical Accounting Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make certain estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. There have been no significant changes to our critical accounting estimates from those disclosed in our Annual Report on Form 10-K for the year ended December 31, 2013.

Recent Accounting Standards

In May 2014, the Financial Accounting Standards Board ("FASB") amended its guidance on revenue recognition. The core principle of this amendment is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in

exchange for those goods or services. This guidance is effective for annual reporting periods beginning after December 15, 2016, including interim periods within that reporting period, with earlier adoption not permitted. This guidance can be adopted either retrospectively to each prior reporting period presented or as a cumulative-effect adjustment as of the date of adoption. We are currently evaluating the impact of the provisions of this guidance on our financial position, results of operations and cash flows.

In August 2014, the FASB issued authoritative guidance that requires an entity's management to evaluate, for each reporting period, whether there are conditions and events that raise substantial doubt about the entity's ability to continue as a going concern within one year after the financial statements are issued. Additional disclosures are required if management concludes that conditions or events raise substantial doubt about the entity's ability to continue as a going concern. This guidance is effective for annual reporting periods ending after December 15, 2016, and for annual periods and interim periods thereafter, with earlier adoption permitted. The adoption of this guidance is not expected to have an impact on our financial statements or related disclosures.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

The nature of our business and operations is such that no activities or transactions are conducted or entered into by us that would require us to have a discussion under this item.

For a discussion of these matters as they pertain to Cheniere Partners, please read Part II, Item 3. "Quantitative and Qualitative Disclosures About Market Risk" in the Cheniere Partners Quarterly Report on Form 10-Q for the quarter ended September 30, 2014, which is included in this filing as Exhibit 99.1 and incorporated herein by reference, as activities of Cheniere Partners have an impact on our results of operations and financial position.

ITEM 4. CONTROLS AND PROCEDURES

We maintain a set of disclosure controls and procedures that are designed to ensure that information required to be disclosed by us in the reports filed by us under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms. As of the end of the period covered by this report, we evaluated, under the supervision and with the participation of our management, including our Chief Executive Officer and our Chief Financial Officer, the effectiveness of our disclosure controls and procedures pursuant to Rule 13a-15 of the Exchange Act. Based on that evaluation, our Chief Executive Officer and our Chief Financial Officer concluded that our disclosure controls and procedures are effective.

During the most recent fiscal quarter, there have been no changes in our internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

We may in the future be involved as a party to various legal proceedings, which are incidental to the ordinary course of business. We regularly analyze current information and, as necessary, provide accruals for probable liabilities on the eventual disposition of these matters. In the opinion of management, as of September 30, 2014, there were no pending legal matters that could reasonably be expected to have a material adverse impact on our results of operations, financial position or cash flows.

ITEM 1A. RISK FACTORS

Other than with respect to the addition of the risk factor included below, there have been no material changes from the risk factors disclosed in our Annual Report on Form 10-K for the year ended December 31, 2013.

Cheniere is subject to litigation which may impact the amount of operating expenses that Cheniere charged to Cheniere Partners under certain agreements, and as a result, may impact our financial statements.

During the second quarter of 2014, four lawsuits were filed in the Court of Chancery of the State of Delaware (the “Court”) against Cheniere and/or certain of its present and former officers and directors that challenge the manner in which abstentions were treated in connection with the stockholder vote on Amendment No. 1 to the Cheniere Energy, Inc. 2011 Incentive Plan (“Amendment No. 1”), pursuant to which, among other things, the number of shares of common stock available for issuance under the Cheniere Energy, Inc. 2011 Incentive Plan (the “2011 Plan”) was increased from 10 million to 35 million shares. The lawsuits contend that abstentions should have been counted as “no” votes in tabulating the outcome of the vote and that the stockholders did not approve Amendment No. 1 when abstentions are counted as such. The lawsuits further contend that portions of the Amended and Restated Bylaws of Cheniere Energy, Inc. adopted on April 3, 2014 are invalid and that certain disclosures relating to these matters made by Cheniere are misleading. The lawsuits assert claims for breach of contract and breach of fiduciary duty (both on a class and a derivative basis) and claims for unjust enrichment (on a derivative basis). The lawsuits seek, among other things, a declaration that the February 1, 2013 stockholder vote on Amendment No. 1 is void, disgorgement of all compensation distributed as a result of Amendment No. 1, voiding the awards made from the shares reserved pursuant to Amendment No. 1 and monetary damages. On June 16, 2014, Cheniere filed a verified application with the Court pursuant to 8 Del. C. § 205 (the “Section 205 Action”) in which it asks the Court to declare valid the issuance, pursuant to the 2011 Plan, of the 25 million additional shares of common stock of Cheniere covered by Amendment No. 1, whether occurring in the past or the future.

The parties to the above-referenced lawsuits and the Section 205 Action have reached a memorandum of understanding (the “MOU”), subject to its terms and conditions, including receipt, among other things, of Court approval, to resolve the litigation. The settlement is contingent on, among other things, the completion of confirmatory discovery, agreement on an appropriate stipulation of settlement and such other documentation as may be required to obtain final approval of the settlement and approval of all aspects of the settlement. The MOU requires submission of a stipulation to the Court within 60 days of execution of the MOU. The parties are presently engaged in the confirmatory discovery process.

The outcome of this litigation may impact the amount of operating expenses that Cheniere charged to Cheniere Partners under the operation and maintenance agreements discussed in Note 5 “Summarized Financial Information for Cheniere Energy Partners, L.P.” to our unaudited historical financial statements included elsewhere in this Quarterly Report on Form 10-Q. Given the stage of this ongoing litigation, Cheniere currently cannot reasonably estimate a range of potential loss, if any, related to this matter.

As the litigation progresses, additional information could become known and Cheniere Partners may be required to recognize additional operating expense, and that amount could be material to Cheniere Partners' consolidated financial position, results of operations or cash flows, and could cause investors to lose confidence in our or Cheniere Partners' reported financial information and have a negative effect on the price of our common shares.

ITEM 5. OTHER INFORMATION

Compliance Disclosure

Pursuant to Section 13(r) of the Exchange Act, if during the quarter ended September 30, 2014, we or any of our affiliates had engaged in certain transactions with Iran or with persons or entities designated under certain executive orders, we would be required to disclose information regarding such transactions in our Quarterly Report on Form 10-Q as required under Section 219 of the Iran Threat Reduction and Syria Human Rights Act of 2012 (“ITRA”). During the quarter ended September 30, 2014, we did not engage in any transactions with Iran or with persons or entities related to Iran.
