(SELECTED) NOTES TO FINANCIAL STATEMENTS (Unaudited)

Petroleum & Resources Corporation (the Corporation) is registered under the Investment Act of 1940 as a nondiversified investment company. The Corporation is an internally-managed fund emphasizing petroleum and other natural resource investments. The investment objectives of

## Edgar Filing: PETROLEUM & RESOURCES CORP - Form N-Q

the Corporation are preservation of capital, the attainment of reasonable income from investments, and an opportunity for capital appreciation.

Security Valuation-Investments in securities traded on national security exchanges are valued at the last reported sale price on the day of valuation. Over-the-counter and listed securities for which a sale price is not available are valued at the last quoted bid price. Short-term investments (excluding purchased options) are valued at amortized cost. Purchased and written options are valued at the last quoted asked price.

For federal income tax purposes, the identified cost of securities at September 30, 2006 was \$405,722,907 and net unrealized appreciation aggregated \$407,597,195, of which the related gross unrealized appreciation and depreciation were \$414,269,677 and \$6,672,482, respectively.

### 8. PORTFOLIO SECURITIES LOANED

The Corporation makes loans of securities to brokers, secured by cash deposits, U.S. Government securities, or bank letters of credit. The Corporation accounts for securities lending transactions as secured financing and receives compensation in the form of fees or retains a portion of interest on the investment of any cash received as collateral. The Corporation also continues to receive interest or dividends on the securities loaned. The loans are secured at all times by collateral of at least 102% of the fair value of the securities loaned plus accrued interest. Gain or loss in the fair value of securities loaned that may occur during the term of the loan will be for the account of the Corporation. At September 30, 2006, the Corporation had securities on loan of \$30,339,147 and held collateral of \$31,187,345, consisting of an investment trust fund which may invest in money market instruments, commercial paper, repurchase agreements, U.S. Treasury Bills, and U.S. agency obligations.

### Item 2. CONTROLS AND PROCEDURES.

Conclusions of principal officers concerning controls and procedures:

(a) As of April 24, 2007, an evaluation was performed under the supervision and with the participation of the officers of Petroleum & Resources Corporation (the "Corporation"), including the principal executive officer ("PEO") and principal financial officer ("PFO"), of the effectiveness of the Corporation's disclosure controls and procedures. Based on that evaluation, the Corporation's officers, including the PEO and PFO, concluded that, as of April 24, 2007, the Corporation's disclosure controls and procedures were reasonably designed so as to ensure: (1) that information required to be disclosed by the Corporation on Form N-Q is properly recorded, processed, and summarized in accordance with the rules and forms of the Securities and Exchange Commission; and (2) that material information relating to the Corporation is made known to the PEO and PFO as appropriate to allow timely decisions regarding required disclosure.

Edgar Filing: PETROLEUM & RESOURCES CORP - Form N-Q

Prior to this evaluation, the Corporation uncovered a weakness in its disclosure controls and procedures that caused this Form N-Q, which was due to be filed on or before November 29, 2006, not to be filed timely. This weakness was primarily attributable to human error. The 2006 Third Quarter Report to stockholders, containing the exact portfolio information called for in this Form N-Q, was timely issued and filed; however the Corporation failed to file this Form N-Q by the due date. To prevent similar problems in the future, the Corporation has modified its computer-based reminder system to issue alerts to the appropriate personnel of the need to prepare and file the Forms N-Q several times during the 60 day period for the filing.

(b) There have been no significant changes in the Corporation's internal control over financial reporting (as defined in Rule 30 a-3(d) under the Investment Company Act of 1940 (17 CFR 270.30a-3(d)) that occurred during the Corporation's last fiscal quarter that have materially affected, or are reasonably likely to materially affect, the Corporation's internal control over financial reporting.

Item 3. EXHIBITS.

The certifications of the principal executive officer and principal financial officer pursuant to Rule 30 a-2(a) under the Investment Company Act of 1940 are attached hereto as Form N-Q Certifications.
