Section 2 – Financial Information

Item 2.02. Results of Operations and Financial Condition.

On February 28, 2018, Greif, Inc. (the “Company”) issued a press release (the “Earnings Release”) announcing the financial results for its first quarter ended January 31, 2018. The full text of the Earnings Release is attached as Exhibit 99.1 to this Current Report on Form 8-K.

The Earnings Release included the following non-GAAP financial measures (the “non-GAAP Measures”):

- (i) the Company's consolidated operating profit, before special items, for the first quarter of 2018 and the first quarter of 2017, which is equal to the Company's consolidated operating profit for the applicable period plus restructuring charges, plus acquisition-related costs, plus non-cash asset impairment charges, plus gains on disposal of properties, plants, equipment and businesses, net, each on a consolidated basis for the applicable period;
- (ii) the Company's net income, excluding the impact of special items, for the first quarter of 2018 and the first quarter of 2017, which is equal to the Company's consolidated net income for the applicable period plus restructuring charges, plus acquisition-related costs, plus non-cash asset impairment charges, plus the provisional net tax benefit resulting from the Tax Cuts and Jobs Act of 2017 (the "Tax Reform Act"), plus non-cash pension settlement charges, plus gains on disposal of properties, plants, equipment and businesses, net, each net of tax and noncontrolling interest and on a consolidated basis for the applicable period;
- (iii) earnings per diluted class A share of the Company, excluding the impact of special items, for the first quarter of 2018 and the first quarter of 2017, which is equal to earnings per diluted class A share of the Company for the applicable period plus restructuring charges, plus acquisition-related costs, plus non-cash asset impairment charges, plus the provisional net tax benefit resulting from the Tax Reform Act, plus non-cash pension settlement charges, plus gains on disposal of properties, plants, equipment and businesses, net, each net of tax and noncontrolling interest and on a consolidated basis for the applicable period;
- (iv) the Company's consolidated free cash flow for the first quarter of 2018 and the first quarter of 2017, which is equal to the Company's consolidated net cash provided by operating activities for the applicable period less cash paid for purchases of properties, plants and equipment for the applicable period;
- (v) operating profit before special items for the Company's Rigid Industrial Packaging & Services business segment for the first quarter of 2018 and the first quarter of 2017 which is equal to that business segment's operating profit plus restructuring charges, plus acquisition-related costs, plus non-cash asset impairment charges, plus gains on disposal of properties, plants, equipment and businesses, net, each for the applicable period;
- (vi) operating profit before special items for the Company's Paper Packaging & Services business segment for the first quarter of 2018 and the first quarter of 2017 which is equal to that business segment's operating profit plus gains on disposal of properties, plants, equipment and businesses, net, each for the applicable period;
- (vii) operating profit before special items for the Company's Flexible Products & Services business segment for the first quarter of 2018 and the first quarter of 2017, which is equal to that business segment's operating profit plus restructuring charges, plus non-cash asset impairment charges, plus losses on disposal of properties, plants, equipment and businesses, net, each for the applicable period;
- (viii) operating profit before special items for the Company's Land Management business segment for the first quarter of 2018 and the first quarter of 2017, which is equal to that business segment's operating profit plus gains on disposal of properties, plants, equipment and businesses, net, each for the applicable period;
- (ix) net sales excluding foreign currency translation for the Company's Rigid Industrial Packaging & Services business segment for the first quarter of 2018 and the first quarter of 2017, which is equal to that business segment's net sales for the applicable quarter, after adjusting such sales for the first quarter of 2018 for foreign currency translation; and
- (x) net sales excluding foreign currency translation for the Company's Flexible Products & Services business segment for the first quarter of 2018 and the first quarter of 2017, which is equal to that business segment's net sales for the applicable quarter, after adjusting such sales for the first quarter of 2018 for foreign currency translation.

The Earnings Release also included the following forward-looking non-GAAP measures:

- The Company's 2018 Class A earnings per share before special items, which is equal to earnings per diluted class A share of the Company for the applicable period plus restructuring charges, plus acquisition-related costs, plus non-cash asset impairment charges, plus non-cash pension settlement charges, plus the provisional net tax benefit
- (i) resulting from the Tax Reform Act, plus gains on disposal of properties, plants, equipment and businesses, net, each net of tax, other income tax related events, noncontrolling interest and on a consolidated basis for the applicable period; and
- 2018 projected free cash flow which is equal to the Company's consolidated net cash provided by operating activities for the applicable period and scenario less cash paid for capital expenditures for the applicable period and
- (ii) scenario. A reconciliation of this forward-looking non-GAAP financial measure was included in the Earnings Release.

No reconciliation of the forward-looking non-GAAP financial measures were included in the Earnings Release for item (i) because, due to the high variability and difficulty in making accurate forecasts and projections of some of the excluded information, together with some of the excluded information not being ascertainable or accessible, the Company is unable to quantify certain amounts that would be required to be included in the most directly comparable GAAP financial measures without unreasonable efforts.

Management of the Company uses the non-GAAP Measures to evaluate ongoing operations and believes that these non-GAAP Measures are useful to investors. The exclusion of the impact of the identified special items (restructuring charges, acquisition related costs, non-cash asset impairment charges, non-cash pension settlement charges, the provisional net tax benefit resulting from the Tax Reform Act and disposals of properties, plants, equipment and businesses, net) enable management and investors to perform meaningful comparisons of current and historical performance of the Company. Management of the Company also believes that the exclusion of the impact of the identified special items provide a stable platform on which to compare the historical performance of the Company and that investors desire this information. Management believes that the use of consolidated free cash flow, which excludes cash paid for capital expenditures from the Company's consolidated net cash provided by operating activities, provides additional information on which to evaluate the cash flow generated by the Company and believes that this is information that investors find valuable. The non-GAAP Measures are intended to supplement and should be read together with our financial results. The non-GAAP Measures should not be considered an alternative or substitute for, and should not be considered superior to, our reported financial results. Accordingly, users of this financial information should not place undue reliance on the non-GAAP Measures.
