Item 5.03 Amendments to Articles of Incorporation or Bylaws; Change in Fiscal Year.

On December 13, 2007, the Board of Directors of Mechanical Technology Incorporated (the Company), a New York corporation, approved two amendments to the By-laws (the By-laws) of the Company, each effective as of December 13, 2007:

- (i) An amendment to Article II, Section 3 to clarify that matters requiring stockholder approval, other than in respect of the election of directors, shall be decided by a majority vote of those stockholders present in person or by proxy and voting either affirmatively or negatively, thereby confirming that only actual votes cast (and not abstentions and broker non-votes) will be counted on such matters. Prior to adopting the amendment, Article II, Section 3 of the By-laws required the majority vote of those stockholders present in person or by proxy, but did not incorporate the concept that a vote must be cast either affirmatively or negatively to be counted, resulting in abstentions and broker non-votes being counted as against the proposal in question.
- (ii) An amendment to Article II, Section 4 to reduce the threshold required for a quorum at all meetings of the stockholders, from stockholders holding a majority of the stock of the Company entitled to vote, to stockholders holding thirty-three and one-third percent (33 1/3%) of the stock of the Company entitled to vote.

The By-laws, as amended, are being filed as Exhibit 3.3 hereto and incorporated herein by reference.

Item 9.01. Financial Statements and Exhibits.
