On September 2, 2014, Dominion Resources, Inc. (“Dominion”), along with Duke Energy Corporation (“Duke Energy”), Piedmont Natural Gas Company, Inc. (“Piedmont”) and AGL Resources Inc. (“AGL Resources”), announced the formation of a joint venture, Atlantic Coast Pipeline, LLC, to build and own the proposed Atlantic Coast Pipeline. The new 550-mile natural gas pipeline would run from Harrison County, West Virginia, southeast through Virginia with an extension to Chesapeake, Virginia, and then south through central North Carolina to Robeson County. The project is expected to cost between \$4.5 billion and \$5.0 billion and is subject to approval of the Federal Energy Regulatory Commission as well as other state and federal approvals.

The joint venture ownership percentages are as follows: Dominion, 45%; Duke Energy, 40%; Piedmont, 10%; and AGL Resources, 5%. Dominion is to build and operate the pipeline on behalf of the venture. Subsidiaries and affiliates of all four joint venture partners plan to be customers of the pipeline under 20-year contracts, pending regulatory approvals. Additional customers are also in the process of negotiating for services from the new pipeline.
