On September 17, 2012, Investors Real Estate Trust (the "Company") reported in a Current Report on Form 8-K a blackout period with respect to the IRET Properties 401(k) Plan (the "Plan"), required due to the transition to a new service provider and trustee for the Plan. During the blackout period, participants in the Plan were temporarily unable to make contribution rate and future investment changes, investment election changes and withdrawals/distributions under the Plan, including with respect to Company stock. The blackout period began October 22, 2012 and was expected to continue through November 30, 2012. The blackout period actually ended on November 27, 2012. The blackout period ended several days early as a result of the completion of the service provider and trustee transition more quickly than anticipated. Except for the change in the termination date of the blackout period, there are no other material changes to the information contained in the Company's prior report.
