#### Financial Results

Revenues for the fourth quarter were NIS 61.1 million (US\$ 14.2 million), an increase of 29% compared with NIS 47.5 million in the fourth quarter of 2003, and a 13% increase compared with NIS 54.3 million in the third quarter of 2004. The higher revenues include the contribution of Aquanet, which the Company acquired in November. Gross margins for the quarter were 55.4%, well above the Company's target of 50%.

Net income for the quarter was NIS 6.4 million (US\$ 1.5 million), or NIS 0.35 (US\$ 0.08) per share, compared with NIS 5.1 million, or NIS 0.27 per share in the fourth quarter of 2003. Net income included a one-time tax benefit of NIS 2.3 million related to Start.net, and a one-time NIS 2.8 million impairment charge relating to the discontinued telemarketing operations of GoldTrade.

"We are proud to report a strong end to an important transitional year during which we expanded our core business, launched our telephony services and continued building leadership in emerging e-Advertising and e-Commerce markets," commented Eli Holtzman, Internet Gold's CEO.

"During the quarter, we moved quickly, taking advantage of opportunities to consolidate the access market and to improve our positioning in new markets. We are pleased that our new telephony operations are already at breakeven, and continue to see rapid progress in our MSN-Israel, GoldMind and GoldTrade subsidiaries. Our acquisitions of Aquanet and Start.net have begun contributing to our results and are helping us gain market share in several of our target

markets.

"Looking forward, we believe the growth rate of our revenues and operational profits will improve in 2005, driven primarily by the continued expansion of our telephony and e-Advertising businesses. In parallel, we will continue to build our leadership of Israel's emerging e-commerce market and to expand and consolidate the access and related markets. Taken as a whole, with a talented and effective team, a sound strategy and leading brands, we are confident in our ability to deliver even stronger performance in the year ahead."

The Company's revenues for fiscal 2004 were NIS 219.6 million (US\$ 51.0 million), an increase of 22% compared with NIS 179.6 million for 2003.
