**Joint News Release**

**B2Gold and Central Sun announces that RiskMetrics ISS Canada and Glass Lewis, leading independent proxy firms, have recommended Central Sun shareholders vote for the acquisition by B2Gold Corp.**

**Vancouver and Toronto, March 9, 2009** – B2Gold Corp. (TSX: BTO) (“B2Gold” or the “Company”) and Central Sun Mining Inc. (TSX: CSM) (NYSE ALTERNEXT US: SMC) (“Central Sun”) today announces that the RiskMetrics Group and Glass Lewis & Co. each have published a report recommending that their subscribers vote 'FOR' the resolutions approving the reduction in stated capital and the Plan of Arrangement (the "Arrangement") between Central Sun and B2Gold that was announced on February 9, 2009. RiskMetrics and Glass Lewis are leading providers of proxy research and voting recommendations to institutional investors in Canada and the U.S.

Pursuant to the Arrangement, holders of common shares in Central Sun will receive, for each common share held, 1.28 of a common share of B2Gold.

As indicated in the management information circular of Central Sun dated February 19, 2009, the Board of Directors of Central Sun recommended that Central Sun's shareholders vote their proxy FOR the proposed arrangement, and accordingly, shareholders are encouraged to sign, date and return their proxies, or use one of the other methods provided for voting as soon as possible. The deadline for receiving proxies is March 18, 2009 at 10:00 a.m. Eastern Time. If shareholders have any questions about the information contained in the management information circular or require assistance in completing their proxy forms, please contact Central Sun's proxy solicitation agent, The Laurel Hill Advisory Group, toll-free at 1-877-304-0211.

The special meeting of the shareholders of Central Sun with respect to the arrangement is scheduled for Friday March 20, 2009 at 10:00 a.m. at the head office of Central Sun at 6 Adelaide Street East, Suite 500, Toronto, Ontario M5C 1H6.

RiskMetrics and Glass Lewis are leading providers of proxy research and voting recommendations to institutional investors in Canada and the U.S. Riskmetrics and Glass Lewis has provided their subscribers with a complete analysis and reasons for their recommendation, however a copy of their reports may only be obtained by subscribers of their service.

**Additional Loan Agreement with B2Gold**

Central Sun also announces that it has signed an agreement and received a US\$8 million loan from B2Gold carrying interest at the rate of 15% per annum. The proceeds of the loan were received and used on March 6, 2009 to repay the US\$8 million outstanding bridge loan that was owed by Central Sun. (see December 24, 2008 press release - Central Sun Corporate Update). The loan from B2Gold is due on March 31, 2009 with an option to extend the loan repayment date to June 30, 2009. In consideration for the extension, if exercised, Central Sun has agreed to pay a cash fee of US\$320,000 and to issue 1,000,000 Central Sun common shares to B2Gold. B2Gold is an arm's-length party to Central Sun.

**About B2Gold**

B2Gold is a Vancouver based mineral and exploration company founded by the former management team of Bema Gold Corporation. Bema grew from a junior explorer to an international gold producer that was acquired by Kinross Gold Corporation through a Cdn\$3.5 billion transaction in February 2007. B2Gold completed a Cdn\$100 million Initial Public Offering on the TSX Venture Exchange on December 6th, 2007 and has recently graduated to the Toronto Stock Exchange, trading under the symbol BTO. The Company's corporate objective is to capitalize on the extensive experience and relationships that its management team has developed in the mining business over the past 25 years, to build an intermediate gold company through exploration and acquisitions. B2Gold has amassed interests in a portfolio of exploration properties in Colombia and Far East Russia.

**About Central Sun**

Central Sun is a gold producer with mining and exploration activities focused in Nicaragua. Central Sun operates the Limon Mine in Nicaragua and is converting the Orosi Mine in Nicaragua to conventional milling to increase the annual gold output. It also holds a 60% interest in the Cerro Quema Project in Panama, a 100% interest in La India property and an option to acquire a 100% interest in the Mestiza gold property both of which are located 70 kilometres by road east of its operating Limon Mine. Central Sun is focused on efficient and productive mining practices to establish high quality and cost effective operations. Central Sun is committed to growth by optimizing current operations, expanding mineral reserves and resources at existing mines, exploring its extensive land holdings and seeking strategic mergers or acquisitions in the Americas.

*Cautionary Note Regarding Forward-Looking Information* This press release contains "forward-looking information" within the meaning of applicable Canadian securities legislation. Forward-looking information includes, but is not limited to, statements with respect to the future financial or operating performance of B2Gold and Central Sun and its projects, statements regarding exploration prospects, statements regarding synergies and financial impact of the proposed B2Gold Transaction, the terms and conditions of the B2Gold Transaction, the benefits of the proposed B2Gold Transaction, the identification of mineral reserves and resources, costs of and capital for exploration and development projects, exploration and development expenditures, timing of future exploration and development activities, expected production, requirements for additional capital, government regulation of mining operations, environmental risks, reclamation expenses, title disputes or claims, limitations of insurance coverage and the timing and possible outcome of pending litigation and regulatory matters. Generally, forward-looking information can be identified by the use of forward-looking terminology such as "plans", "expects" or "does not expect", "is expected", "budget", "scheduled", "estimates", "forecasts", "intends", "anticipates" or "does not anticipate", or "believes", or variations of such words and phrases or state that certain actions, events or results "may", "could", "would", "might" or "will be taken", "occur" or "be achieved".

Forward-looking information is based on various assumptions and on the best estimates of Central Sun or B2Gold, as the case may be, as of the date hereof, and is subject to known and unknown risks, uncertainties and other factors that may cause the actual results, level of activity, performance or achievements of the Company (and the company resulting from the successful completion of the proposed B2Gold Transaction) to be materially different from those expressed or implied by such forward-looking information, including but not limited to: general business, economic, competitive, political and social uncertainties; the actual results of current exploration activities; delay or failure to receive board or regulatory approvals; timing and availability of external financing on acceptable terms; the business of B2Gold and Central Sun not being integrated successfully or such integration proving more difficult, time consuming or costly than expected; not realizing on the potential benefits of the proposed B2Gold Transaction; conclusions of economic evaluations; changes in project parameters as plans continue to be refined; future prices of mineral prices; failure of plant, equipment or processes to operate as anticipated; accidents, labour disputes and other risks of the mining industry; and, delays in obtaining governmental approvals or required financing or in the completion of activities, and as well as those risks identified under "Risk Factors" disclosure sections in the documents filed under the profile of SEDAR by Central Sun and/or B2Gold from time to time. Although the Company has attempted to identify important factors that could cause actual results to differ materially from those contained in forward-looking information, there may be other factors that cause results not to be as anticipated, estimated or intended. There can be no assurance that such information will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward-looking information. The Company does not undertake to update any forward-looking information, except in accordance with applicable securities laws.

The Toronto Stock Exchange neither approves nor disapproves the information contained in this News Release.
