PROXY STATEMENT FOR ANNUAL MEETING OF SHAREHOLDERS TO BE HELD MONDAY, APRIL 2, 2007

Solicitation of Proxy

This Proxy Statement and the accompanying form of proxy will be mailed to all Shareholders of Spectrum Control, Inc., 8031 Avonia Road, Fairview, Pennsylvania 16415 ("Spectrum", "the Corporation" or "the Company") by March 3, 2007, and is furnished in connection with the Directors' solicitation of proxies for the Annual Meeting of Shareholders to be held on Monday, April 2, 2007 at the time and place and for the purposes set forth in the Notice of Annual Meeting of Shareholders accompanying this Proxy Statement. Only holders of Common Stock of record at the close of business on February 16, 2007, will be entitled to vote. On that date there were 13,289,860 shares of Common Stock outstanding, the holders of which will vote together as a class.

Each share of Common Stock entitles the holder thereof to one (1) vote. With respect to the election of Directors, Shareholders have the right to vote cumulatively. This means that each Shareholder may multiply the number of shares he or she owns by the number of Directors to be elected and distribute this number among any number or all of the candidates in any manner he or she desires. Cumulative voting enables Shareholders to concentrate the voting of their shares in favor of the election of a lesser number of nominees than the total number of Directors being voted upon; persons holding less than a majority of shares voting may thereby be able to elect one or more Directors.

Revocation of Proxy

The giving of a proxy does not preclude the right to vote in person should the person giving the proxy desire, and the person giving the proxy has the power to revoke the proxy at any time before it has been exercised. This right of revocation is not limited nor is it subject to any formal procedure.

Proxy Solicitation Cost

The cost of soliciting proxies in the accompanying form will be borne by the Company. The officers, directors and employees of the Company, without additional compensation, may solicit proxies by mail, facsimile, telephone or personal contact. The Company does not expect to pay any compensation for the solicitation of proxies, but will reimburse brokerage firms and other custodians, nominees and fiduciaries for their expenses in forwarding proxies and proxy material to the beneficial owners of its Common Stock.

Annual Report

The Annual Report of the Company for the year ended November 30, 2006, is being mailed to Shareholders concurrently with this Proxy Statement. The Annual Report is not to be considered a part of the proxy soliciting materials.

Corporate Governance

The By-Laws of the Corporation provide that the business shall be managed by a Board of Directors, up to eleven (11) in number, who need not be residents of Pennsylvania or Shareholders of the Corporation, and who normally serve for terms of three (3) years each. Compensation Committee Interlocks and Insider Participation

The members of the Compensation Committee during 2006 were Messrs. Bindseil, Petersen, Ryan and Toohey. All four members are non-management or outside directors. None of the executive officers of the Company has served on the Board of Directors or Compensation Committee of any other entity of which any member of the Spectrum Board is in any way affiliated.

Compensation Committee Report

The Company's Compensation Committee is charged with the responsibility of recommending an executive compensation program, plans and policies to the Board of Directors.

The Compensation Committee is committed to compensating the key executives in such a manner as to encourage them to develop business strategies to capitalize on Spectrum's position in the electronic control products and systems business and to grow in new technology markets. The Committee is dedicated to attracting and retaining the best executive talent available to achieve its aggressive strategy.

Accordingly, the Committee periodically retains the services of compensation consultants to prepare and update executive compensation studies. As a result, the Committee has adopted a compensation package comprised of base salary, performance-based cash awards and long-term incentive stock options.

Base Salary

The Committee's goal is to establish base salaries which are fair, reasonable and competitive with similar industrial companies. With this in mind, the Committee periodically reviews and analyzes compensation consultant data and establishes base salaries within plus or minus 20% of the estimated average base compensation levels of similar companies as indicated in the consultant's report.

Performance-Based Cash Awards

The Company's executive officers and certain key employees are eligible for annual cash awards calculated under the Company's At-Risk Compensation Plan (the "ARC"). The purpose of the plan is to provide strong incentive for key employees to properly motivate individuals under their direction thereby obtaining for the shareholders the best financial results possible under the prevailing circumstances. The ARC utilizes Profit Before Taxes ("PBT") and annual revenue growth as a basis for determining payment. Goals for PBT and revenue growth are established annually by the Board of Directors. If these goals are met or exceeded, eligible employees earn a graduated scale of cash payments. Based upon the goals established and the Company's 2006 actual performance, aggregate ARC awards of \$60,700 were earned by the Company's executive officers in fiscal year 2006. These cash awards were paid in February 2007.

The Company's executive officers and certain key employees may also receive discretionary cash awards, upon the recommendation of the Company's Compensation Committee and subject to approval by the Board of Directors. In fiscal 2006, in consideration of the efforts and performance related to re-establishing our own ceramic manufacturing capabilities after our New Orleans facility

was destroyed by Hurricane Katrina, as well as consummating a strategic business acquisition, the Compensation Committee recommended and the Board approved aggregate discretionary cash awards of \$136,000 to the executive officers. These cash awards were paid in February 2007.

Long-Term Incentive Stock Options

In recognition that an overall compensation package should include rewards for efforts which impact on the value of the company stock, the Committee had previously recommended and the Board had previously adopted a policy to award competitive amounts of annual stock options to the key executives of Spectrum. Such options were priced at 100% of the Common Stock's fair market value as of the date of grant. The grant of options was consistent with the adoption of the Company's Annual Operating Plan. The Company utilized the Stock Option Plan of 1995, as amended, to provide the annual grant of stock options.

In light of recent accounting changes involving stock options, the Compensation Committee and the Board are reconsidering the form and content of the Company's long-term incentive program. During this evaluation period, the Company has discontinued any further grants of stock options.

2006 Chief Executive Officer Compensation

Mr. Southworth's base salary in 2006 of \$370,000 was determined in accordance with the criteria described in the "Base Salary" section of this report. The ARC for 2006 provided for a possible award to Mr. Southworth not to exceed 100% of his annualized salary, with the actual award to be calculated upon completion of the year end audit and arithmetically determined based upon the amount of PBT, sales growth, and the attainment of other key performance factors as established by the Board of Directors. Based upon these factors, an ARC award of \$37,000 was earned for fiscal year 2006 performance. In consideration of Mr. Southworth's efforts and performance in 2006 dealing with the aftermath of Hurricane Katrina, as well as securing a strategic business acquisition, the Compensation Committee recommended and the Board approved a discretionary cash award of \$55,000. These aggregate cash awards of \$92,000 were paid to Mr. Southworth in February 2007.

CHANGE IN CONTROL AGREEMENTS

The Company does not have any employment agreements with its executive officers. However, these officers are subject to confidentiality agreements which require them to treat all information concerning the Company as confidential during and after their employment with the Company. The Company has entered into Change in Control Agreements with Mr. Southworth and seven (7) additional Company employees. Pursuant to these agreements, Mr. Southworth and the seven additional executives will each receive, if terminated within twenty four months of a change in control of the Company, a lump sum severance allowance within thirty days of such termination in an amount which is equal to the sum of the following: (A) the amount equivalent to (i) the executive's monthly base salary, at the rate in effect immediately prior to termination, multiplied by (ii) the greater of (iii) 24 minus the number of full calendar months from the effective date of the Change in Control Agreement to the date of termination or (iv) 12. The executives will also receive a pro rata share of the amount of incentive compensation at the target rate (as defined in the ARC or other then current incentive plan) which would have been payable for the incentive period which includes the termination date, plus: (B) the amount equivalent to 24 calendar months (reduced by the number of complete calendar months from the effective date of the Change in Control Agreement to the date of termination, but not less than 12) of incentive compensation at the target rate, which includes his or her termination date.

EMPLOYEE 401(k) PROFIT SHARING PLAN

The Company maintains a Qualified Employee 401(k) Profit Sharing Plan. Annual profit sharing contributions to the Plan, if any, are determined by the Board of Directors. The assets of the Plan are held in trust and invested in various mutual funds and collective trusts under the direction of the Plan participants. Substantially all U.S. employees are eligible for participation in the Plan. The annual allocation to each Employee's Profit Sharing Account is based upon the actual compensation paid to the Participant.

A Participant becomes fully vested in his Profit Sharing Account balance on the earliest of the following dates: (i) upon the completion of seven years of service; (ii) upon attaining normal retirement age of 65; (iii) upon incurring total disability; or (iv) on the date of the Participant's death. A Participant may not receive a distribution from the Employee Profit Sharing Account prior to the earliest of the following dates: (i) termination of employment with the Company; (ii) retirement or (iii) death. The Plan provides that distribution of the Participant's entire interest in the Plan must begin no later than the taxable year in which the Participant attains age seventy and one-half (70-1/2) or, if later, the year the Participant retires and terminates employment with the Employer.

The Plan includes a tax deferred employee savings plan pursuant to Section 401(k) of the Internal Revenue Code. The Company matches an employee's contribution to the savings plan at a rate determined by the Board of Directors. The Company's matching contribution to the 401(k) plan is not subject to any vesting requirements.

Directors' Long-Term Incentive Plan

The 1996 Non-Employee Directors Stock Option Plan, as amended, (the "Plan") has been approved by the Corporation's stockholders. The Plan is designed to promote the long-term success of the Corporation by creating a mutuality of interests between the non-employee directors and the stockholders. Under the terms of the Plan, stock options to purchase shares of Common Stock are granted periodically to all qualified non-employee Directors. The option exercise price is equal to the market price of the Company's Common Stock on the date of the option grant. The options become exercisable at varying dates and expire five years from the date of grant. In 2006, no options were granted under the Plan. In 2005, aggregate options to purchase 252,000 shares of Common Stock were granted to non-employee Directors, at a weighted average exercise price of \$6.69 per share. In 2004, aggregate options to purchase 84,000 shares of Common Stock were granted to non-employee Directors, at an exercise price of \$8.66 per share.

Stock Price Performance Graph

The following graph shows the Company's total return to shareholders compared to the S&P 500 Index, the NASDAQ U.S. Index, and the NASDAQ Electronic Components Stock Index over the five year period from

2002 through 2006. The graph assumes that \$100 was invested on December 1, 2001, in the Company's Common Stock and in each of the other indices.

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors, executive officers and owners of more than 10% of the Common Stock to file reports of ownership of equity securities of the Company and to furnish copies of such reports to the Company. Based on a review of such reports, the Company believes that during the fiscal year ending November 30, 2006, all such filing requirements were met.

Appointment of the Company's Auditors for the Fiscal Year 2007

Other than the above, no other fees were paid by the Company to Ernst & Young in 2006.

Report of the Audit Committee

The Audit Committee, composed of four non-employee Directors is governed by a written charter approved by the Board of Directors. A copy of this charter is included herein as Exhibit A. In accordance with this charter, the Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed the audited financial statements in the Annual Report with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, the clarity of disclosures in the financial statements, and the adequacy of internal controls.

The Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting

principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee under generally accepted auditing standards. In addition, the Committee has discussed with the independent auditors the auditors' independence from management and the Company, including the matters in the written disclosures required by the Independence Standards Board, and considered the compatibility of non-audit services with the auditors' independence.

The Committee discussed with the independent auditors the overall scope and plan for their audit. The Committee meets with the independent auditors, with and without management present, to discuss the results of their examination, their evaluation of the Company's internal controls, and the overall quality of the Company's financial reporting. The Committee held eight (8) meetings during fiscal year 2006.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10K for the year ended November 30, 2006 for filing with the Securities and Exchange Commission. The Committee and the Board have also recommended, subject to shareholder approval, the selection of the Company's independent auditors.
