STREICHER MOBILE FUELING REPORTS RESULTS FOR FIRST QUARTER ENDED SEPTEMBER 30, 2003

FT. LAUDERDALE, FL, NOVEMBER 14, 2003 - STREICHER MOBILE FUELING, INC. (NASDAQ: FUEL and FUELW), an outsourcing value added refueling and fuel management service for vehicle and equipment fleets, today announced the results for the three months ended September 30, 2003 as follows:

(All amounts in 000's, except per share data)

| | (Unaudited) | |
|---|----------------|-----------|
| | 3 Months Ended | |
| | 9/30/03 | 9/30/02 |
| | ----- | ----- |
| Total Revenues | \$ 19,417 | \$ 17,079 |
| Gross Profit | \$ 822 | \$ 1,393 |
| Operating Income | \$ 488 | \$ 313 |
| Net Income | \$ 206 | \$ 103 |
| EBITDA (1) | \$ 824 | \$ 677 |
| Basic and Diluted Net Income Per Share | \$ 0.03 | \$ 0.01 |
| | | |
| Basic Weighted Average Shares Outstanding | 7,248 | 7,214 |
| Diluted Weighted Average Shares Outstanding | 7,505 | 7,223 |
| | | |
| Gallons of Fuel Delivered | 13,300 | 11,900 |

(1) Earnings before interest, taxes, depreciation and amortization

The Company's revenues increased by \$2.3 million, or 13.7%, on deliveries of 13.3 million gallons of fuel during the three months ended September 30, 2003, compared with 11.9 million gallons delivered in the three months ended September 30, 2002. The volume increase of 1.4 million gallons, or 11.8%, in the current quarter resulted in \$1.6 million of the increase in revenues. This increase in gallons delivered was due to the addition of new accounts.

2

Additionally, the average wholesale price of fuel was higher in the three months ended September 30, 2003 resulting in increased revenues of \$700,000.

Gross profit decreased \$571,000 in the three months ended September 30, 2003 compared to the three months ended September 30, 2002. Of the reduction in gross profit, \$221,000 resulted from a decrease in the average service charge per gallon of fuel delivered which was only partially offset by a 1.4 million gallon increase in the volume delivered during the three months ended September 30, 2003. This decrease in the average service charge was due to the lowering of prices in response to an extremely aggressive pricing scheme undertaken by a

Edgar Filing: STREICHER MOBILE FUELING INC - Form 8-K

large competitor which discontinued operations in the quarter. Gross profit also declined as a result of a \$202,000 increase insurance costs and a \$148,000 increase in direct operating expenses from the same period last year.

In connection with the Company's August 2003 refinancing of its equipment debt, the Company negotiated a settlement with its primary equipment lender and received a \$757,000 cash discount by prepaying the \$2,204,800 outstanding balance on August 29, 2003. This discount was recorded as gain on extinguishment of debt and is included in operating profit and net income for the three months ended September 30, 2003.

Net income for the three months ended September 30, 2003 was \$206,000 compared to \$103,000 for the prior year period, an increase of \$103,000, resulting primarily from the August 2003 \$757,000 gain on extinguishment of debt, which was partially offset by the lower gross profit of \$571,000 during the current year quarter. Additionally, EBITDA increased to \$824,000 from \$677,000 reported for the prior period largely due to the gain on extinguishment of debt.

Richard E. Gathright, Chairman, CEO and President of the Company commented,

"We are pleased with our progress of closing new and profitable business. The negative price environment created by our former principal competitor is abating and we are beginning to see price increases in our markets. Our overall financial position has greatly improved by the recently completed \$6.925 million placement of five-year notes. Our additional fleet capacity provides for low cost entry into planned new markets. We are heavily focused on marketing our superior level of services to those prospective customers who recognize the overall cost savings from mobile fueling."

ABOUT STREICHER MOBILE FUELING, INC.

SMF provides mobile fueling and fuel management out-sourced services, primarily to businesses operating fleets of vehicles and equipment. SMF's specialized truck fleet delivers fuel to customers' locations, refueling vehicles and equipment and/or resupplying storage facilities at competitive service fees and fuel prices. The proprietary SMF electronic fuel tracking system is used to measure, record, and track fuel dispensed to each vehicle and tank fueled at a customer location allowing verification of the amount and type of fuel delivered and providing customers with customized fleet fuel data for management analysis and tax reporting. SMF conducts operations in six states.

FORWARD LOOKING STATEMENTS

This press release includes "forward-looking statements" within the meaning of the safe harbor provision of the Private Securities Litigation Reform Act of 1995. For example, predictions or statements of belief or expectation concerning the future financial performance of the Company after this financing are "forward looking statements" which should not be relied upon. Such forward-looking statements are based on the current beliefs of the Company and its management based on information known to them at this time. Because these statements depend on various assumptions as to future events, they should not be relied on by shareholders or other persons in evaluating the Company. Although management believes that the assumptions reflected in such forward-looking statements are reasonable, actual results could differ materially from those projected. There are numerous risks and uncertainties which could cause actual
