REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Trustees and Participants of
Century Aluminum 401(k) Plan:

We have audited the accompanying statements of net assets available for benefits of the Century Aluminum 401(k) Plan (the "Plan") as of December 31, 2007 and 2006, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2007 and 2006, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2007 is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This schedule is the responsibility of the Plan's management. Such schedule has been subjected to the auditing procedures applied in our audit of the basic 2007 financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic 2007 financial statements taken as a whole.

CENTURY ALUMINUM 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2007 AND 2006

1. DESCRIPTION OF THE PLAN

The following brief description of the Century Aluminum 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

General — The Plan, established June 1, 1989, is a defined contribution plan for all salaried employees of Century Aluminum Company (the "Company"), Century Aluminum of West Virginia, Inc., all salaried and hourly employees of Century Aluminum of Kentucky, LLC and all other domestic employees who are not covered by a collective bargaining agreement with the Company. The Plan's trustee is T. Rowe Price.

Contributions — Plan participants can elect to have the Company defer up to 100% of their compensation subject to limitations as determined by Internal Revenue Service regulations for the purpose of making pre-tax contributions to the Plan. Annual plan pre-tax contributions were limited to \$15,500 and \$15,000 for 2007 and 2006, respectively; participants 50 years of age or over may make additional catch-up contributions of \$5,000.

In 2007, the Company changed the matching contribution formula. The Company's matching contribution is an amount equal to the sum of (1) 100% of each eligible participant's contributions (including "catch-up contributions") that do not exceed 3% of their compensation for the year, plus (2) 50% of each eligible participant's contributions (including "catch-up contributions") that exceed 3% of their compensation for the year but do not exceed 5% percent of their compensation for the year.

In 2006, the Company matched contributions equal to 60% of the aggregate contributions made by each participant on the first 6% of their annual compensation. Contributions made by the Company are allocated 50% to Century Aluminum Company Stock and 50% by fund in proportion to the participants' contribution election.

Vesting — Plan participants are always fully vested in employee pre-tax contributions made to the Plan. Pre-tax participant contributions are nonforfeitable. Company contributions are fully vested following the completion of two years of service for all participants.

Participant Accounts — Participants may elect to have pre-tax participant contributions invested in one or all of the funds listed in Note 3 and Century Aluminum Company Stock. Subject to provisions in the Plan, participants are entitled to distributions upon reaching age 59½, or earlier in the case of retirement, death, termination, or hardship.

Table of Contents

Participant Loans — Participants may borrow from their fund account a minimum of \$1,000 to a maximum amount of: (1) \$50,000 or 50% of their vested account balance, whichever is less. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Loan Fund. Loan terms range from 1–5 years or up to 25 years for the purchase of a primary residence. The loans bear interest at the prime interest rate plus 1% as provided by the Plan document. Principal and interest is paid ratably through monthly payroll deductions.

Forfeited Accounts — In 2007, employer contributions were reduced by \$2,535 from forfeited nonvested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Fully Benefit-Responsive Investment Contracts — As required by the Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-4-1, Reporting of Fully Benefit-Responsive Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans (the “FSP”), the statements of net assets available for benefits presents investment contracts at fair value as well as an additional line item showing an adjustment of fully benefit-responsive contracts from fair value to contract value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive under the terms of the Plan. The statement of changes in net assets available for benefits is presented on a contract value basis and was not affected by the FSP.

Investment Valuation and Income Recognition — The Plan’s investments are reported at fair value, except for fully benefit-responsive investment contracts, which are adjusted from fair value to contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less funds used to pay plan benefits. Investments in mutual funds are stated at the funds’ net asset values per share on the last business day of the Plan’s year-end. Investments in common stock of Century Aluminum Company are valued at the last reported sales price on the last business day of the Plan’s year-end. Participant loans are valued at cost, which approximates fair value. See Note 4 for a discussion of the valuation of the investments in the guaranteed investment contracts.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation in the fair market value of such investments.

Use of Estimates — The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Table of Contents

New Accounting Pronouncements — In September 2006, the FASB issued Statement on Financial Accounting Standards No. 157 (“SFAS No. 157”), “Fair Value Measurements.” SFAS No. 157 established a single authoritative definition of fair value, sets a framework for measuring fair value and requires additional disclosures about fair value measurement. SFAS No. 157 is effective for financial statements issued for fiscal years beginning after November 17, 2007. Plan management has not completed the process of evaluating the impact that will result from adopting SFAS No. 157.

Administrative Expenses — Administrative expenses of the Plan are paid by the Company.

3. INVESTMENTS

During 2007 and 2006, the investment election options available to participants were the following mutual funds with T. Rowe Price as listed in the table below.

American Growth Fund of
America
Balanced Fund
Total Equity Market Index Fund
Goldman Sachs Mid Cap Value A
Fund
International Growth and Income
Fund
Rainier Small/Mid Cap Equity
Portfolio
New Horizons Fund
PIMCO Total Return Fund
Loomis Sayles Small Cap Value
Fund
Equity Income Fund
Spectrum Income Fund
T. Rowe Price Stable Value Fund

In addition, participants could elect to invest in the common stock of Century Aluminum Company.

As of December 31, 2007 and 2006, the fair value of investments that represent 5% or more of net assets available for benefits are as follows:

	2007	2006
Rainier Small/Mid Cap Equity Portfolio	\$ 8,344,165	\$ 6,664,129
International Growth and Income Fund	4,740,611	4,368,703
Balanced Fund	4,398,228	4,060,783

Edgar Filing: CENTURY ALUMINUM CO - Form 11-K

Century Aluminum Company Stock	4,337,066	3,885,084
T. Rowe Price Stable Value Fund	3,867,137	3,680,441
American Growth Fund of America	3,340,251	2,837,184
Total Equity Market Index Fund	3,234,656	3,541,424
Spectrum Income Fund	2,231,410	*

* - less than 5% of net assets in 2006.

- 6 -

Table of Contents

During the years ended December 31, 2007 and 2006, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$1,426,616 and \$4,201,089, respectively.

	2007	2006
Mutual funds	\$ 510,283	\$ 2,144,812
Century Aluminum Company common stock	916,333	2,056,277
Total	\$ 1,426,616	\$ 4,201,089

4. GUARANTEED INVESTMENT CONTRACTS

Employee contributions to guaranteed investment contract funds are maintained by T. Rowe Price within the T. Rowe Price Stable Value Fund. Participant contributions and rates of return are guaranteed by T. Rowe Price. The accounts are credited with interest earnings on the underlying investments and charged for Plan withdrawals. The guaranteed investment contracts with T. Rowe Price are benefit responsive contracts and therefore, are included in the Plan's financial statements at contract value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The difference between the fair value and contract value of the Stable Value Fund at December 31, 2007 and 2006, is shown below. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

	2007	2006
Stable Value Fund at fair value	\$ 3,890,129	\$ 3,680,441
Stable Value Fund (at contract value)	3,867,137	3,711,993
Adjustment to contract value	\$ 22,992	\$ (31,552)

The average yield and interest crediting rate for 2007 and 2006 was as follows.

	2007	2006
Average yield:		
Based on annualized earnings (1)	4.87 %	4.79 %
Based on interest rate credited to participants (2)	4.89 %	4.68 %

(1) Computed by dividing the annualized one-day GAAP earnings of the fund's December 31, 2007 investments (irrespective of the interest rate credited to the unitholders in the fund) by the fair value of its investments on that date.

- (2) Computed by dividing the annualized one-day earnings credited to the unitholders on December 31, 2007 (irrespective of the actual earnings of the investments in the fund), by the fair value of the fund's investments on that date.

Table of Contents

5. NONPARTICIPANT DIRECTED INVESTMENTS

As described in Note 1, the Plan includes nonparticipant directed investments which relate to the Company matching contributions allocated to Century Aluminum Company stock (see Note 2 for information concerning fair value of the investments). The participant may reallocate their investment in Company stock at any time, subject to any applicable securities law restrictions.

Our trustee, T. Rowe Price, is not able to segregate the balance or activity in the Century Aluminum Company stock fund as participant directed versus nonparticipant directed.

6. PLAN TERMINATION

The Company has no intention to discontinue or terminate the Plan. However, the Company has reserved the right to amend or terminate the Plan in whole or in part. In the event the Plan terminates, the participants become fully vested in their accounts and the net assets of the Plan will be allocated in accordance with provisions of ERISA and its related regulations.

7. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by T. Rowe Price. T. Rowe Price is the trustee of the Plan, and therefore, these transactions qualified as party-in-interest transactions. In addition, certain Plan investments are shares of Century Aluminum Company. Century Aluminum Company is a related party of the Plan sponsor, and therefore, these transactions qualify as exempt party-in-interest transactions.

8. RISKS AND UNCERTAINTIES

The Plan utilizes various investment instruments, including mutual funds, guaranteed investment contracts and Century Aluminum Company Stock. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the financial statements.

9. FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated April 2, 2003, that the Plan and related trust are designed in accordance with applicable regulations of the Internal Revenue Code (IRC). The Company and the Plan administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.
