Meetings and Committees of the Board

In 2002, the Board met on six occasions. The Board has an Audit Committee and a Compensation Committee. The Board does not have a Nominating Committee.

Audit Committee

The Audit Committee currently consists of Michael J. Farrell, James L. Murdy and Edward G. O'Connor, none of whom is an officer or employee (or former officer or employee) of Federated. Mr. Murdy is Chairman of the Audit Committee. The Board has adopted a written charter for the Audit Committee, a copy of which was included as part of Federated's 2001 Information Statement. The members of the Audit Committee are Independent, as defined by the Listing Standards of the New York Stock Exchange. The Audit Committee is responsible for assisting the Board in fulfilling its statutory and fiduciary responsibilities for the audit function of Federated and in monitoring its accounting and financial reporting practices; determining that Federated has adequate administrative, operational and internal accounting controls and that Federated is operating in accordance with its prescribed procedures and codes of conduct; determining that Federated has in place policies and procedures to enable it to comply with applicable laws and regulations and that such compliance is occurring; and providing general oversight for the internal and external audit function. Its functions include recommending to the Board the appointment of independent auditors and reviewing with the internal auditors and the independent auditors their annual audit plans and monitoring their progress during the year. In discharging its responsibilities, the Audit Committee is entitled to rely upon the reports, findings and representations of Federated's auditors, legal counsel and responsible officers. In 2002, the Audit Committee met on five occasions.

Audit Committee Report

The Audit Committee (the Committee) oversees Federated's financial reporting process on behalf of the Board of Directors (the Board). Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed and discussed the audited financial statements in the Annual Report with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity and completeness of disclosures in the financial statements.

The Committee discussed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of Federated's accounting principles as applied to the financial statements and such other matters as are required to be discussed with the Committee under generally accepted auditing standards. In addition, the Committee has received and discussed with the independent auditors the written disclosures required by the Independence Standards Board Standard No. 1 relating to the auditors' independence from management and Federated. The Committee has considered whether the provisions of non-audit services by the independent auditors is compatible with maintaining the independent auditors' independence.

The Committee discussed with Federated's internal and independent auditors the overall scope and plans for their respective audits. The Committee meets with the internal and independent auditors, with and without management present, to discuss the results of their

Table of Contents

examinations, their evaluations of Federated's internal controls, and the overall quality of Federated's financial reporting.

In reliance on the reviews and discussions referred to above, the committee recommended to the Board (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2002, for filing with the Securities and Exchange Commission. The committee also recommended to the Board the selection of Federated's independent auditors.

Compensation Committee

The Compensation Committee (the Committee) currently consists of Michael J. Farrell, James L. Murdy and J. Christopher Donahue as a non-voting member. The Committee has established a sub-committee pursuant to Section 162(m) of the Internal Revenue Code (Section 162(m)) which consists solely of Mr. Farrell and Mr. Murdy (the Sub-Committee). Mr. Donahue is the President and Chief Executive Officer of Federated. Mr. Farrell is Chairman of the Committee. This committee, and where required by Section 162(m) and Section 16 of the Securities Exchange Act, the Sub-Committee, establishes performance measures and certifies achievement, recommends compensation levels of senior management, awards options and other stock-based compensation, works with senior management on benefit and compensation programs for Federated employees and monitors local and national compensation trends to ensure Federated's compensation program is competitive within the mutual fund industry. In 2002, the Committee met twice.

Report of Compensation Committee on Executive Compensation

In 2002, the Sub-Committee (i) established the 2002 salaries and the 2001 bonuses for the Chief Executive Officer and the other Named Executive Officers (as defined under the section titled Executive Compensation); (ii) established the Plan Pool, the percentage of such Pool allocable to the Chief Executive Officer and the other Named Executive Officers for 2002 and the Performance Measures to be attained to be eligible for a bonus award; (iii) reviewed the Annual Executive Incentive Plan and recommended its approval to the Board of Directors; and (iv) awarded options to certain Executive Officers.

In January 2003, the Sub-Committee (i) certified the attainment of the Performance Thresholds for 2002; (ii) established the Bonus Pool for 2002; (iii) made awards to the Chief Executive Officer and the other Named Executive Officers from the Bonus Pool; (iv) established the salaries for the Chief Executive Officer and the other Named Executive Officers for 2003; (v) established the Plan Pool, the percentage of such Pool allocable to the Chief Executive Officer and the other Named Executive Officers for 2003 and the Performance Measures to be attained to be eligible for a bonus award; and (vi) awarded Restricted Stock to a Named Executive Officer.

Federated's compensation program for executive officers (including the Chief Executive Officer) consists primarily of salary and annual incentive bonuses based upon the individual's and Federated's performance. Compensation is determined by the Sub-Committee with bonus

Table of Contents

awards for 2002 made pursuant to the Annual Incentive Plan (the "Annual Incentive Plan") and the Stock Incentive Plan as amended (the "Stock Incentive Plan"), which were approved by shareholders at the April 2002 Annual Meeting. Consistent with compensation practices generally applied in the investment management business, base salaries are intended to form a competitive percentage of total cash compensation with a significant portion of compensation intended to be derived from payments made under the Annual Incentive Plan and the Stock Incentive Plan, provided that the performance goals are met. The performance measure which must be achieved for awards to be made under the Annual Incentive Plan is the attainment of operating profits. As a general matter, the size of the pool available for such awards under the Annual Incentive Plan is 7.5% of operating profits, which is defined as annual total revenues less distributions to minority interests and less total expenses (excluding amortization of intangibles, impairment losses and debt expenses).

In determining the appropriate level of compensation, the Sub-Committee acknowledges that the investment management business is highly competitive and that experienced professionals have significant career mobility. Its members believe that the ability to attract, retain, and provide appropriate incentives for highly qualified and experienced personnel is critical to maintain Federated's competitive position and thereby provide for the future success of Federated. The Sub-Committee believes that competitive levels of cash compensation, together with equity and other incentive programs that are consistent with stockholder interests, are necessary for the motivation and retention of Federated's professional personnel. Federated's compensation programs are keyed to achievement, as determined by the Sub-Committee, of short and long-term performance goals.

The Sub-Committee believes that the opportunity to earn incentive compensation motivates employees and ties their success to that of Federated. The payment of incentive compensation in the form of stock of Federated further aligns the interests of the management of Federated with those of its stockholders and encourages them to focus on the long range growth and development of Federated. In 2002, options on Class B Common Stock of Federated were awarded to certain Executive Officers in lieu of a portion of their 2001 cash bonus, in addition to option awards made as part of the regular compensation program. All options were awarded at an exercise price equal to the market price on the day the options were granted.

In determining the awards for 2002 the Committee considered a variety of factors, including Federated's revenues, earnings and earnings per share for the year. The Committee considered the performance of Federated's stock as compared to the indices set forth in the performance graph included in this Information Statement and investment performance and financial performance on a comparative basis with other public companies in the investment management business. Marketing and sales effectiveness and product performance were also reviewed. The Committee took into consideration Federated's historical compensation policies as well as industry compensation trends. In its review of compensation, and, in particular, in determining the amount and form of actual awards for the Chief Executive Officer and the other executive officers, the Committee considered amounts paid to executive officers in prior years as salary, bonus and other compensation, Federated's overall performance during the prior periods, and its future objectives and challenges. Although the Committee considered a number of different individual and corporate performance factors, no specific weighting was given to any such factor.

Table of Contents

The Committee has determined that Mr. J. Christopher Donahue will participate in the Annual Incentive Plan. Bonuses paid to Mr. J. Christopher Donahue depend upon both his performance and that of Federated.

The Committee's goal is to maintain compensation programs which are competitive within the investment management business. The Committee believes that 2002 compensation levels disclosed in this Information Statement are reasonable and appropriate in light of Federated's consistently strong performance.

Executive officers also participate in a combined 401(k)/Profit Sharing Plan and are entitled to receive medical, life and disability insurance coverage and other corporate benefits available to most employees of Federated.

Respectfully Submitted:

Compensation Committee

Michael J. Farrell, Chairman

James L. Murdy

J. Christopher Donahue (non-voting)
