☒ **QUARTERLY REPORT PURSUANT TO SECTION 13 or 15 (d) OF THE SECURITIES EXCHANGE ACT OF 1934.**

**For the quarterly period ended September 30, 2009**

☐ **TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934.**

**For the transition period from \_\_\_\_\_ to \_\_\_\_\_**

**Commission File Number 1-6659**

**AQUA AMERICA, INC.**

(Exact name of registrant as specified in its charter)

Pennsylvania

23-1702594

(State or other jurisdiction of  
incorporation or organization)

(I.R.S. Employer  
Identification No.)

762 W. Lancaster Avenue, Bryn Mawr, Pennsylvania

19010-3489

(Address of principal executive offices)

(Zip Code)

(610) 527-8000

(Registrant's telephone number, including area code)

(Former Name, former address and former fiscal year, if changed since last report.)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes ☒ No ☐

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes ☐ No ☐

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer or a smaller reporting company. See the definitions of large accelerated filer, accelerated filer and smaller reporting company in Rule 12(b)-2 of the Exchange Act.:

Large  
accelerated filer

Accelerated filer  
☐

Non-accelerated filer ☐

Smaller reporting company ☐

☒

(do not check if a smaller reporting company)

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes ☐ No ☒

Indicate the number of shares outstanding of each of the issuer's classes of common stock, as of October 20, 2009.

136,270,613.

**Table of Contents**

AQUA AMERICA, INC. AND SUBSIDIARIES  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
(In thousands of dollars, except per share amounts)  
(UNAUDITED)

Note 1 Basis of Presentation

The accompanying consolidated balance sheets and statements of capitalization of Aqua America, Inc. and subsidiaries (the Company ) at September 30, 2009, the consolidated statements of income and comprehensive income for the nine months and three months ended September 30, 2009 and 2008, the consolidated statements of cash flow for the nine months ended September 30, 2009 and 2008, and the consolidated statement of equity for the nine months ended September 30, 2009, are unaudited, but reflect all adjustments, consisting of only normal recurring accruals, which are, in the opinion of management, necessary to present fairly the consolidated financial position, the consolidated changes in equity, the consolidated results of operations, and the consolidated cash flow for the periods presented. Because they cover interim periods, the statements and related notes to the financial statements do not include all disclosures and notes normally provided in annual financial statements and, therefore, should be read in conjunction with the Company's Annual Report on Form 10-K for the year ended December 31, 2008. The results of operations for interim periods may not be indicative of the results that may be expected for the entire year. Effective January 1, 2009, we adopted newly issued accounting guidance for noncontrolling interests, which was retrospectively applied. This new guidance requires a noncontrolling interest to be separately presented as a component of stockholders' equity on the Consolidated Balance Sheet and Statement of Equity. In accordance with the preparation of the consolidated financial statements the Company evaluated subsequent events after the balance sheet date of September 30, 2009 through to the time the financial statements were filed with the Securities and Exchange Commission on November 5, 2009. Certain prior period amounts have been reclassified to conform to the current period presentation.

**Table of Contents**

AQUA AMERICA, INC. AND SUBSIDIARIES  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)  
(In thousands of dollars, except per share amounts)  
(UNAUDITED)

**Note 2 Goodwill**

The following table summarizes the changes in the Company's goodwill, by business segment:

	Regulated Segment	Other	Consolidated
Balance at December 31, 2008	\$ 36,887	\$ 4,120	\$ 41,007
Goodwill acquired during year	1,932		1,932
Reclassifications to utility plant acquisition adjustment	(1,453)		(1,453)
Other	1,388		1,388
Balance at September 30, 2009	\$ 38,754	\$ 4,120	\$ 42,874

As of July 31, 2009, management performed its annual test of goodwill for impairment, in conjunction with the timing of the Company's annual five-year financial plan. Based on the Company's comparison of the estimated fair value of each reporting unit to its respective carrying amounts management concluded that none of the Company's goodwill was impaired.

**Note 3 Dispositions**

The City of Fort Wayne, Indiana (the "City") authorized the acquisition by eminent domain of the northern portion of the utility system of one of the Company's operating subsidiaries that the Company acquired in connection with the AquaSource acquisition in 2003. The Company challenged whether the City was following the correct legal procedures in connection with the City's condemnation, but the Indiana Supreme Court, in an opinion issued in June 2007, supported the City's position. In October 2007, the City's Board of Public Works approved proceeding with its process to condemn the northern portion of the Company's utility system at a preliminary price based on the City's valuation. The Company filed an appeal with a local circuit court challenging the Board of Public Works' valuation on several bases. In November 2007, the City Council authorized the taking of the northern portion of the Company's system and the payment of \$16,911 based on the City's valuation of this portion of the system. In January 2008, the Company reached a settlement with the City to transition the northern portion of the system in February 2008 upon receipt of the City's initial valuation payment of \$16,911. The settlement agreement specifically states that the final valuation of the northern portion of the Company's system will be determined through a continuation of the legal proceedings that were filed challenging the City's valuation. On February 12, 2008, the Company turned over the northern portion of the system to the City upon receipt of the initial valuation payment. The Indiana Utility Regulatory Commission also reviewed and acknowledged the transfer of the Certificate of Territorial Authority for the northern portion of the system to the City. The proceeds received by the Company are in excess of the book value of the assets relinquished. No gain has been recognized due to the contingency over the final valuation of the assets. On March 16, 2009, oral argument was held on certain procedural aspects with respect to the valuation evidence that may be presented and whether the Company is entitled to a jury trial. The Company expects a ruling from the judge in the upcoming months. Depending upon the outcome of the legal proceeding in the circuit court the Company may be required to refund a portion of the initial valuation payment, or may receive additional proceeds. The northern portion of the system relinquished represents approximately 0.5% of the Company's total assets.

**Table of Contents**

AQUA AMERICA, INC. AND SUBSIDIARIES  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)  
(In thousands of dollars, except per share amounts)  
(UNAUDITED)

In June 2009, the Company sold a water and wastewater utility system in Texas for net proceeds of \$1,601. The sale resulted in the recognition of a gain on the sale of these assets, net of expenses, of \$1,009. The gain is reported in the consolidated statement of income as a reduction to operations and maintenance expense.

**Note 4 Long-term Debt and Loans Payable**

In July 2009, the Company's Pennsylvania operating subsidiary Aqua Pennsylvania, Inc. issued \$58,000 of tax-exempt bonds, secured by a supplement to its first mortgage indenture, which are due in 2039 with an interest rate of 5.23%. The proceeds are restricted to funding certain capital projects during the period 2009 through 2012.

**Note 5 Fair Value of Financial Instruments**

The carrying amount of current assets and liabilities that are considered financial instruments approximates their fair value as of the dates presented. The carrying amount and estimated fair value of the Company's long-term debt are as follows:

	September 30, 2009	December 31, 2008
Carrying Amount	\$ 1,320,252	\$ 1,255,401
Estimated Fair Value	1,315,606	1,191,877

The fair value of long-term debt has been determined by discounting the future cash flows using current market interest rates for similar financial instruments of the same duration. The Company's customers' advances for construction and related tax deposits have a carrying value of \$77,885 as of September 30, 2009, and \$72,955 as of December 31, 2008. Their relative fair values cannot be accurately estimated because future refund payments depend on several variables, including new customer connections, customer consumption levels, and future rate increases. Portions of these non-interest bearing instruments are payable annually through 2024 and amounts not paid by the contract expiration dates become non-refundable. The fair value of these amounts would, however, be less than their carrying value due to the non-interest bearing feature.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)  
(In thousands of dollars, except per share amounts)  
(UNAUDITED)

**Note 6 Net Income per Common Share**

Basic net income per common share is based on the weighted average number of common shares outstanding. Diluted net income per common share is based on the weighted average number of common shares outstanding and potentially dilutive shares. The dilutive effect of employee stock options is included in the computation of diluted net income per common share. The dilutive effect of stock options is calculated using the treasury stock method and expected proceeds upon exercise of the stock options. The following table summarizes the shares, in thousands, used in computing basic and diluted net income per common share:

	Nine Months Ended September 30,		Three Months Ended September 30,	
	2009	2008	2009	2008
Average common shares outstanding during the period for basic computation	135,673	134,013	135,975	134,932
Dilutive effect of employee stock options	333	410	285	347
 Average common shares outstanding during the period for diluted computation	 136,006	 134,423	 136,260	 135,279

For the nine and three months ended September 30, 2009, employee stock options to purchase 2,705,004 shares of common stock were excluded from the calculations of diluted net income per share as the calculated proceeds from the options exercise were greater than the average market price of the Company's common stock during these periods. For the nine and three months ended September 30, 2008, employee stock options to purchase 2,217,746 shares of common stock, were excluded from the calculations of diluted net income per share as the calculated proceeds from the options exercise were greater than the average market price of the Company's common stock during these periods.

**Note 7 Stock-based Compensation**

Under the Company's 2009 Omnibus Equity Compensation Plan (the "2009 Plan"), as approved by the Company's shareholders to replace the 2004 Equity Compensation Plan (the "2004 Plan"), stock options, stock units, stock awards, stock appreciation rights, dividend equivalents, and other stock-based awards may be granted to employees, non-employee directors, and consultants and advisors. The 2009 Plan authorizes 5,000,000 shares for issuance under the plan. A maximum of 50% of the shares available for issuance under the 2009 Plan may be issued as restricted stock and the maximum number of shares that may be subject to grants under the plans to any one individual in any one year is 200,000. Awards under the 2009 Plan are made by a committee of the Board of Directors. At September 30, 2009, 4,975,500 shares underlying stock option and restricted stock awards were still available for grants under the 2009 Plan. No further grants may be made under the 2004 plan.

**Table of Contents**

AQUA AMERICA, INC. AND SUBSIDIARIES  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)  
(In thousands of dollars, except per share amounts)  
(UNAUDITED)

**Stock Options** During the nine months ended September 30, 2009 and 2008, the Company recognized compensation cost associated with stock options as a component of operations and maintenance expense of \$1,866 and \$2,243 , respectively. During the three months ended September 30, 2009 and 2008, the Company recognized compensation cost associated with stock options as a component of operations and maintenance expense of \$665 and \$743, respectively. For the nine months ended September 30, 2009 and 2008, the Company recognized income tax benefits associated with stock options in its income statement of \$359 and \$242 , respectively. For the three months ended September 30, 2009 and 2008, the Company recognized income tax benefits associated with stock options in its income statement of \$124 and \$91 , respectively. In addition, the Company capitalized compensation costs associated with stock options within property, plant and equipment of \$73 and \$306 during the nine months ended September 30, 2009 and 2008, and \$0 and \$94 during three months ended September 30, 2009 and 2008, respectively. The fair value of options was estimated at the grant date using the Black-Scholes option-pricing model. The per share weighted-average fair value at the date of grant for stock options granted during the nine months ended September 30, 2009 and 2008 was \$4.37 and \$4.12 per option, respectively. There were no stock options granted during the three months ended September 30, 2009 and 2008. The following assumptions were used in the application of this valuation model:

	2009	2008
Expected term (years)	5.3	5.2
Risk-free interest rate	2.2%	3.0%
Expected volatility	31.3%	23.7%
Dividend yield	2.98%	2.24%

Historical information was the principal basis for the selection of the expected term and dividend yield. The expected volatility is based on a weighted-average combination of historical and implied volatilities over a time period that approximates the expected term of the option. The risk-free interest rate was selected based upon the U.S. Treasury yield curve in effect at the time of grant for the expected term of the option.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)  
(In thousands of dollars, except per share amounts)  
(UNAUDITED)

The following table summarizes stock option transactions for the nine months ended September 30, 2009:

	Shares	Weighted Average Exercise Price	Weighted Average Remaining Life (years)	Aggregate Intrinsic Value
Options:				
Outstanding at beginning of period	3,543,573	\$ 18.83		
Granted	586,950	19.12		
Forfeited	(17,864)	20.81		
Expired	(41,477)	23.09		
Exercised	(152,429)	10.36		
Outstanding at end of period	3,918,753	\$ 19.15	6.1	\$ 5,262
Exercisable at end of period	2,785,946	\$ 18.76	5.0	\$ 5,262

**Restricted Stock** During the nine months ended September 30, 2009 and 2008, the Company recorded stock-based compensation related to restricted stock awards as a component of operations and maintenance expense in the amounts of \$848 and \$699, respectively. During the three months ended September 30, 2009 and 2008, the Company recorded stock-based compensation related to restricted stock awards as a component of operations and maintenance expense in the amounts of \$219 and \$170, respectively. The following table summarizes nonvested restricted stock transactions for the nine months ended September 30, 2009:

	Number of Shares	Weighted Average Fair Value
Nonvested shares at beginning of period	74,251	\$ 21.88
Granted	70,000	18.47
Vested	(41,333)	21.46
Forfeited		
Nonvested shares at end of period	102,918	\$ 19.73

**Note 8 Pension Plans and Other Postretirement Benefits**

The Company maintains qualified defined benefit pension plans, nonqualified pension plans and other postretirement benefit plans for certain of its employees. The net periodic benefit cost is based on estimated values and an extensive use of assumptions about the discount rate, expected return on plan assets, the rate of future compensation increases received by the Company's employees, mortality, turnover, and medical costs. The following tables provide the components of net periodic benefit costs:

	Pension Benefits			
	Nine Months Ended		Three Months Ended	
	September 30,		September 30,	
	2009	2008	2009	2008
Service cost	\$ 3,276	\$ 3,358	\$ 1,092	\$ 1,052
Interest cost	9,411	9,190	3,137	3,092
Expected return on plan assets	(7,037)	(9,074)	(2,346)	(3,078)
Amortization of transition asset	(136)	(157)	(45)	(53)
Amortization of prior service cost	113	195	38	63
Amortization of actuarial loss	3,848	129	1,283	1
Capitalized costs	(2,027)	(1,972)	(707)	(685)
Settlement charge	641			
Net periodic benefit cost	\$ 8,089	\$ 1,669	\$ 2,452	\$ 392

	Other Postretirement Benefits			
	Nine Months Ended		Three Months Ended	
	September 30,		September 30,	
	2009	2008	2009	2008
Service cost	\$ 810	\$ 813	\$ 270	\$ 271
Interest cost	1,716	1,632	572	544
Expected return on plan assets	(1,266)	(1,344)	(422)	(448)
Amortization of transition obligation	78	78	26	26
Amortization of prior service cost	(209)	(210)	(70)	(70)
Amortization of actuarial loss	440	174	147	58
Amortization of regulatory asset	102	103	34	34
Capitalized costs	(274)	(390)	(95)	(135)
Net periodic benefit cost	\$ 1,397	\$ 856	\$ 462	\$ 280

The Company made cash contributions of \$16,922 to its defined benefit pension plans during the first nine months of 2009. For the fourth quarter of 2009 there is no funding requirement for the Company's defined benefit pension plans. In addition, the Company expects to make cash contributions of \$1,684 for the funding of its other postretirement benefit plans during the fourth quarter of 2009.

(UNAUDITED)

Note 9 Water and Wastewater Rates

During the first nine months of 2009, certain of the Company's operating divisions in North Carolina, Florida, Indiana, Pennsylvania, Ohio, Maine, and New York were granted base rate increases designed to increase total operating revenues on an annual basis by approximately \$16,932.

On September 23, 2008, the Texas Commission on Environmental Quality (TCEQ) issued its final ruling with a unanimous decision approving the rate application that was filed in 2004 by the Company's operating subsidiaries in Texas to increase rates, on an annualized basis, by \$11,920 over a multi-year period beginning in 2004. The application sought to increase annual revenues in phases and was accompanied by a plan to defer and amortize a portion of the Company's depreciation, operating and other tax expense over a similar multi-year period, such that the impact on operating income approximated the requested amount during the first years that the new rates were in effect. The Company commenced billing for the requested rates and implemented the deferral plan in 2004. As a result of the final order, the regulatory asset for the deferred operating costs and rate case expenses was set at \$13,697. Beginning January 1, 2009, the regulatory asset for the deferred operating costs and rate case expense will be recovered through two twenty-four month surcharge mechanisms. The final order was appealed to the TCEQ by two parties, and the TCEQ exercised its legal authority to take no action within the required period, therefore affirming the TCEQ's approval decision. Thereafter, the appealing parties filed suit against the TCEQ in an effort to appeal the order. The additional revenue billed and collected in connection with the case are subject to refund based on the outcome of the appeal. The revenue recognized and the expenses deferred by the Company reflect an estimate of the final outcome of the case. As of September 30, 2009, the Company has deferred \$7,165 of operating costs and \$1,800 of rate case expenses and recognized \$44,493 of revenue that is subject to refund based on the outcome of any appeals. Based on the Company's review of the present circumstances, no reserve is considered necessary for the revenue recognized to date.

**Note 11 Segment Information**

The Company has identified fourteen operating segments and has one reportable segment named the Regulated segment. The reportable segment is comprised of thirteen operating segments for the Company's water and wastewater regulated utility companies which are organized by the states where we provide these services. In addition, one segment is not quantitatively significant to be reportable and is comprised of the businesses that provide on-site septic tank pumping, sludge hauling services and certain other non-regulated water and wastewater services. This segment is included as a component of Other in the tables below. Also included in Other are corporate costs that have not been allocated to the Regulated segment and intersegment eliminations.

The following tables present the Company's segment information:

	Three Months Ended September 30, 2009			Three Months Ended September 30, 2008		
	Regulated	Other	Consolidated	Regulated	Other	Consolidated

**Note 12 Recent Accounting Pronouncements**

In May 2009, the Financial Accounting Standards Board ( FASB ) issued accounting guidance that establishes general standards of accounting for and disclosure of events that occur after the balance sheet date, but before financial statements are issued. The guidance requires the disclosure of the date through which the Company has evaluated subsequent events and the basis for that date. Effective June 30, 2009, the Company adopted the guidance as required, and the adoption did not have a material impact on the Company's consolidated results of operations or consolidated financial position.

In April 2009, the FASB issued amended guidance that requires disclosures about the fair value of financial instruments for interim reporting periods of publicly traded companies as well as in annual financial statements. Effective June 30, 2009, we adopted the provisions of the guidance as required. See Note 5, *Fair Value of Financial Instruments*, for applicable disclosures.

In December 2007, the FASB revised its guidance on business combinations, which establishes principles for recognizing assets and liabilities acquired in a business combination, contractual contingencies and certain acquired contingencies to be measured at their fair values at the acquisition date. The guidance requires that acquisition-related costs and restructuring costs be recognized separately from the business combination. The guidance, which is effective for the Company's fiscal year beginning January 1, 2009, changed the Company's accounting for business combinations on a prospective basis beginning with transactions closing in the first quarter of 2009.

**Table of Contents**

AQUA AMERICA, INC. AND SUBSIDIARIES  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)  
(In thousands of dollars, except per share amounts)  
(UNAUDITED)

In December 2007, the FASB issued guidance that establishes accounting and reporting principles for a noncontrolling interest in a subsidiary that requires the identification of the amount of consolidated net income attributable to the parent and to the noncontrolling interest, the application of a single method of accounting for changes in a parent's ownership interest when the parent retains its controlling financial interest, and measurement at fair value of a retained noncontrolling equity investment when a subsidiary is deconsolidated. The guidance also requires expanded disclosures in the consolidated financial statements that clearly identify and distinguish between the interest of the parent and the interest of the noncontrolling owners. The Company adopted the guidance as required on January 1, 2009, and the adoption did not have a material impact on the Company's consolidated results of operations or consolidated financial position.

In September 2006, the FASB issued guidance on fair value measurements which defines fair value, establishes a framework for using fair value to measure assets and liabilities, and expands disclosures about fair value measurements. The guidance applies when fair value is required to or permitted to measure assets and liabilities, however, it does not expand the use of fair value measurement. In February 2008, the FASB delayed the effective date of applying fair value accounting for certain non-financial assets and liabilities that are fair valued on a non-recurring basis to fiscal years, beginning after November 15, 2008. The Company adopted the guidance as required on January 1, 2008 for all financial assets and liabilities, and the adoption did not have a material impact on the Company's consolidated results of operations or consolidated financial position. Effective January 1, 2009, the Company adopted the guidance on all non-financial assets and liabilities, and the adoption did not have a material impact on the Company's consolidated results of operations or consolidated financial position.

AQUA AMERICA, INC. AND SUBSIDIARIES  
MANAGEMENT'S DISCUSSION AND ANALYSIS OF  
FINANCIAL CONDITION AND RESULTS OF OPERATIONS

(In thousands of dollars, except per share amounts)

**Forward-looking Statements**

*This Management's Discussion and Analysis of Financial Condition and Results of Operations and other sections of this Quarterly Report contain, in addition to historical information, forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements address, among other things: our use of cash; projected capital expenditures; liquidity; possible acquisitions and other growth ventures; the completion of various construction projects; the projected timing and annual value of rate increases; the recovery of certain costs and capital investments through rate increase requests; the projected effects of recent accounting pronouncements; prospects, plans, objectives, expectations and beliefs of management, as well as information contained elsewhere in this report where statements are preceded by, followed by or include the words "believes," "expects," "anticipates," "plans," "intends," "will," "continue" or similar expressions. These statements are based on a number of assumptions concerning future events, and are subject to a number of uncertainties and other factors, many of which are outside our control. Actual results may differ materially from such statements for a number of reasons, including the effects of regulation, abnormal weather, changes in capital requirements and funding, acquisitions, and our ability to assimilate acquired operations. In addition to these uncertainties or factors, our future results may be affected by the factors and risk factors set forth in our Annual Report on Form 10-K for the fiscal year ended December 31, 2008. We undertake no obligation to update or revise forward-looking statements, whether as a result of new information, future events or otherwise.*

**General Information**

*Nature of Operations* Aqua America, Inc. ( "we" or "us" ), a Pennsylvania corporation, is the holding company for regulated utilities providing water or wastewater services to what we estimate to be approximately 3 million people in Pennsylvania, Ohio, North Carolina, Illinois, Texas, New Jersey, New York, Florida, Indiana, Virginia, Maine, Missouri, and South Carolina. Our largest operating subsidiary, Aqua Pennsylvania, Inc., provides water or wastewater services to approximately one-half of the total number of people we serve, which are located in the suburban areas north and west of the City of Philadelphia and in 24 other counties in Pennsylvania. Our other subsidiaries provide similar services in 12 other states. In addition, we provide water and wastewater service through operating and maintenance contracts with municipal authorities and other parties, and septage services, close to our utility companies' service territories. Aqua America, Inc., which prior to its name change in 2004 was known as Philadelphia Suburban Corporation, was formed in 1968 as a holding company for its primary subsidiary, Aqua Pennsylvania, Inc., formerly known as Philadelphia Suburban Water Company. In the early 1990's we embarked on a growth through acquisition strategy focused on water and wastewater operations. Our most significant transactions to date have been the merger with Consumers Water Company in 1999, the acquisition of the regulated water and wastewater operations of AquaSource, Inc. in 2003, the acquisition of Heater Utilities, Inc. in 2004, and the acquisition of New York Water Service Corporation in 2007. Since the early 1990's, our business strategy has been primarily directed toward the regulated water and wastewater utility industry and has extended our regulated operations from southeastern Pennsylvania to include operations in 12 other states.

**Table of Contents**

AQUA AMERICA, INC. AND SUBSIDIARIES  
MANAGEMENT'S DISCUSSION AND ANALYSIS OF  
FINANCIAL CONDITION AND RESULTS OF OPERATIONS (continued)

(In thousands of dollars, except per share amounts)

**Financial Condition**

During the first nine months of 2009, we had \$194,886 of capital expenditures, repaid debt and made sinking fund contributions and other loan repayments of \$6,505, and repaid \$2,070 of customer advances for construction. The capital expenditures were related to improvements to treatment plants, new and rehabilitated water mains, tanks, hydrants, and service lines, well and booster improvements, and other enhancements and improvements.

At September 30, 2009, we had \$18,015 of cash and cash equivalents compared to \$14,944 at December 31, 2008.

During the first nine months of 2009, we used the proceeds from the issuance of long-term debt, common stock, internally generated funds and available working capital to fund the cash requirements discussed above and to pay dividends. In the fourth quarter of 2009, our operating subsidiary in Pennsylvania intends to issue long-term debt up to \$75,000 to fund its capital expenditures.

At September 30, 2009, our \$95,000 unsecured revolving credit facility, which expires in May 2012, had \$9,246 available for borrowing. At September 30, 2009, we had short-term lines of credit of \$139,000, of which \$62,454 was available. One of our short-term lines of credit is an Aqua Pennsylvania \$70,000 364-day unsecured revolving credit facility with two banks. This facility is used to provide working capital and expires in December 2009. In addition, we have \$27,000 of short-term lines of credit maturing in December 2009.

Our short-term lines of credit of \$139,000 are subject to renewal on an annual basis. Although we believe we will be able to renew these facilities, there is no assurance that they will be renewed, or what the terms of any such renewal will be. The United States credit and liquidity crisis that started in 2008 which caused substantial volatility in capital markets, including credit markets and the banking industry, has increased the cost and significantly reduced the availability of credit from financing sources, which may continue or worsen in the future. If in the future, our credit facilities are not renewed or our short-term borrowings are called for repayment, we would have to seek alternative financing sources, although there can be no assurance that these alternative financing sources would be available on terms acceptable to us. In the event we are not able to obtain sufficient capital, we may need to reduce our capital expenditures and our ability to pursue acquisitions that we may rely on for future growth could be impaired.

The Company's consolidated balance sheet historically has had a negative working capital position whereby routinely our current liabilities exceed our current assets. Management believes that internally generated funds along with existing credit facilities and the proceeds from the issuance of long-term debt and common stock will be adequate to provide sufficient working capital to maintain normal operations and to meet our financing requirements for the balance of the year and the reasonably foreseeable future.

**Table of Contents**

AQUA AMERICA, INC. AND SUBSIDIARIES  
MANAGEMENT'S DISCUSSION AND ANALYSIS OF  
FINANCIAL CONDITION AND RESULTS OF OPERATIONS (continued)

(In thousands of dollars, except per share amounts)

Results of Operations

Analysis of First Nine Months of 2009 Compared to First Nine Months of 2008

Revenues for the first nine months increased \$35,514 or 7.6% primarily due to additional revenues associated with increased water and wastewater rates of \$50,600 and additional wastewater and water revenues of \$3,863 associated with a larger customer base due to acquisitions, offset partially by decreased water consumption as compared to the first nine months of 2008, and the loss of utility revenues of \$1,774 associated with utility systems sold. The decrease in customer water consumption is largely due to unfavorable weather conditions in many of our service territories during the first nine months of 2009 that reduced water usage. Excluding the effect of acquisitions and dispositions, our customer base increased at a lower percentage rate than the comparable period in 2008. We believe the economy and its effect on our customer growth rate have affected the operating revenue comparison for the first nine months of 2009.

Operations and maintenance expenses increased by \$7,833 or 4.0% primarily due to the absence of the August 2008 gain on sale of our utility system in Woodhaven, Illinois of \$4,118, increases in operating costs associated with acquisitions of \$2,112, increases in water production costs of \$2,059, increased insurance and claims expense of \$1,342, additional expenses resulting from the write-off of previously deferred expenses related to our rate filing in North Carolina of \$996, and normal increases in other operating costs. In addition, pension expense increased as compared to the first nine months of 2008. Offsetting these increases were decreases in fuel costs for our service vehicles of \$1,670, the June 2009 gain on the sale of our utility system in Texas of \$1,009, and reduced expenses of \$921 associated with the dispositions of utility systems. The increased water production costs, principally purchased water, power, and chemicals were associated with vendor price increases.

Depreciation expense increased \$11,886 or 18.3% due to an increase in depreciation rates, the utility plant placed in service since September 30, 2008, and additional expense of \$2,037 resulting from a rate case adjustment related to our rate filing in North Carolina.

Amortization increased \$4,848 primarily due to additional expense of \$4,774 resulting from the recovery of our costs associated with our rate filing in Texas and \$394 resulting from a rate case adjustment related to our rate filing in North Carolina, as well as the amortization of the costs associated with, and other costs being recovered in, various rate filings.

Taxes other than income taxes increased by \$1,781 or 5.2% primarily due to an increase in the local assessment of water pumping fees and an increase in gross receipts, excise and franchise taxes.

Interest expense decreased by \$514 or 1.0% primarily due to decreased interest rates on short-term borrowings and long-term debt, offset partially by additional borrowings to finance capital projects.

**Table of Contents**

AQUA AMERICA, INC. AND SUBSIDIARIES  
MANAGEMENT'S DISCUSSION AND ANALYSIS OF  
FINANCIAL CONDITION AND RESULTS OF OPERATIONS (continued)

(In thousands of dollars, except per share amounts)

Allowance for funds used during construction ( AFUDC ) decreased by \$1,092 primarily due to a decrease in short-term interest rates, which are a component of the applied AFUDC rate, as well as a decrease in the average balance of utility plant construction work in progress, to which AFUDC is applied.

Gain on sale of other assets totaled \$375 during the first nine months of 2009 and \$1,085 in the first nine months of 2008. The decrease of \$710 is due to the timing of sales of land and other property.

Our effective income tax rate was 39.6% in the first nine months of 2009 and 40.2% in the first nine months of 2008. The effective income tax rate decreased due to an increase in a tax credit for qualified domestic production activities in the first nine months of 2009 versus the same period in 2008.

Net income attributable to common shareholders for the first nine months of 2009 increased by \$5,441 or 7.5%, in comparison to the same period in 2008 primarily as a result of the factors described above. On a diluted per share basis, earnings increased \$0.03 reflecting the change in net income attributable to common shareholders and a 1.2% increase in the average number of common shares outstanding. The increase in the number of shares outstanding is primarily a result of the issuance of 1,000,000 shares related to the settlement of the forward equity sale agreement in June 2008, the additional shares sold or issued through our dividend reinvestment plan, equity compensation plan, and employee stock purchase plan, and the additional shares issued in August 2009 in connection with an acquisition.

Results of Operations

Analysis of Third Quarter of 2009 Compared to Third Quarter of 2008

Revenues for the quarter increased \$3,728 or 2.1% primarily due to additional revenues associated with increased water and wastewater rates of \$17,138 and additional wastewater and water revenues of \$1,161 associated with a larger customer base due to acquisitions, offset partially by decreased water consumption as compared to the third quarter of 2008, and the loss of utility revenues of \$383 associated with utility systems sold. The decrease in customer water consumption is largely due to unfavorable weather conditions in many of our service territories during the third quarter of 2009 that reduced water usage. Excluding the effect of acquisitions and dispositions, our customer base increased at a lower percentage rate than the comparable period in 2008. We believe the economy and its effect on our customer growth rate have affected the operating revenue comparison for the third quarter.

**Table of Contents**

AQUA AMERICA, INC. AND SUBSIDIARIES  
MANAGEMENT'S DISCUSSION AND ANALYSIS OF  
FINANCIAL CONDITION AND RESULTS OF OPERATIONS (continued)

(In thousands of dollars, except per share amounts)

Operations and maintenance expenses increased by \$1,745 or 2.6% primarily due to the absence of the August 2008 gain on sale of our utility system in Woodhaven, Illinois of \$4,118, increases in operating costs associated with acquisitions of \$555, increased insurance and claims expense of \$256, and normal increases in other operating costs. In addition, pension expense increased as compared to the third quarter of 2008. Offsetting these increases were decreases in fuel costs for our service vehicles of \$719, decreased water production costs of \$397, and reduced expenses of \$218 associated with the dispositions of utility systems. The decreased water production costs, principally purchased water, power, and chemicals were associated with a decrease in water consumption.

Depreciation expense increased \$2,627 or 11.5% due to an increase in depreciation rates, and the utility plant placed in service since September 30, 2008.

Amortization increased \$1,214 due to additional expense of \$1,791 resulting from recovery of our costs associated with our rate filing in Texas, and the amortization of the costs associated with, and other costs being recovered in, various rate filings.

Taxes other than income taxes increased by \$1,261 or 11.3% primarily due to an increase in property taxes, an increase in gross receipts, excise and franchise taxes, and an increase in the local assessment of water pumping fees.

Interest expense increased by \$242 or 1.4% primarily due to additional borrowings to finance capital projects, offset partially by decreased interest rates on short-term borrowings and long-term debt.

Allowance for funds used during construction ( AFUDC ) decreased by \$229 primarily due to a decrease in short-term interest rates, which are a component of the applied AFUDC rate, as well as a decrease in the average balance of utility plant construction work in progress, to which AFUDC is applied.

Gain on sale of other assets totaled \$162 in the third quarter of 2009 and \$532 in the third quarter of 2008. The decrease of \$370 is due to the timing of sales of land and other property.

Our effective income tax rate was 39.3% in the third quarter of 2009 and 40.1% in the third quarter of 2008. The effective income tax rate decreased due to an increase in a tax credit for qualified domestic production activities in the third quarter of 2009 versus the same period in 2008.

AQUA AMERICA, INC. AND SUBSIDIARIES  
MANAGEMENT'S DISCUSSION AND ANALYSIS OF  
FINANCIAL CONDITION AND RESULTS OF OPERATIONS (continued)

(In thousands of dollars, except per share amounts)

Net income attributable to common shareholders for the quarter decreased by \$1,910 or 5.4%, in comparison to the same period in 2008 primarily as a result of the factors described above. On a diluted per share basis, earnings decreased \$0.01 reflecting the change in net income attributable to common shareholders and a 0.7% increase in the average number of common shares outstanding. The increase in the number of shares outstanding is primarily a result of the additional shares sold or issued through our dividend reinvestment plan, equity compensation plan, and employee stock purchase plan, and the additional shares issued in August 2009 in connection with an acquisition.

**Impact of Recent Accounting Pronouncements**

We describe the impact of recent accounting pronouncements in Note 12, *Recent Accounting Pronouncements*, of the consolidated financial statements.

**AQUA AMERICA, INC. AND SUBSIDIARIES**

**Item 3. Quantitative and Qualitative Disclosures About Market Risk**

We are subject to market risks in the normal course of business, including changes in interest rates and equity prices. There have been no significant changes in our exposure to market risks since December 31, 2008. Refer to Item 7A of the Company's Annual Report on Form 10-K for the year ended December 31, 2008 for additional information.

**Item 4. Controls and Procedures**

**(a) Evaluation of Disclosure Controls and Procedures**

Our management, with the participation of our Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of our disclosure controls and procedures as of the end of the period covered by this report. Based on that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures as of the end of the period covered by this report are effective such that the information required to be disclosed by us in reports filed under the Securities Exchange Act of 1934 is (i) recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms and (ii) accumulated and communicated to our management, including the Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding disclosure.

**(b) Changes in Internal Control over Financial Reporting**

No change in our internal control over financial reporting occurred during our most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

**Part II. Other Information**

**Item 1. Legal Proceedings**

In 2004, our subsidiaries in Texas filed an application with the Texas Commission on Environmental Quality (TCEQ) to increase rates over a multi-year period. On September 23, 2008, the TCEQ issued its final ruling with a unanimous decision approving this rate application. The final order was appealed to the TCEQ by two parties, and the TCEQ exercised its legal authority to take no action within the required period, therefore affirming the TCEQ's approval decision. Thereafter, the appealing parties filed suit against the TCEQ in the Travis County District Court in an effort to appeal the order. In accordance with authorization from the TCEQ in 2004, our subsidiaries commenced billing for the requested rates and deferred recognition of certain expenses for financial statement purposes. In the event the TCEQ's final order is overturned on appeal, completely or in part, we could be required to refund some or all of the revenue billed to-date, and write-off some or all of the regulatory asset for the expense deferral. For more information, see the description under the section captioned "Management's Discussion and Analysis of Financial Condition and Results of Operations - Results of Operations" in our Annual Report on Form 10-K for the year ended December 31, 2008, and refer to Note 9, *Water and Wastewater Rates*, to the Consolidated Financial Statements of Aqua America, Inc. and subsidiaries in this Quarterly Report on Form 10-Q for the quarter ended September 30, 2009.

**Table of Contents**

**AQUA AMERICA, INC. AND SUBSIDIARIES**

The City of Fort Wayne, Indiana (the City) authorized the acquisition by eminent domain of the northern portion of the utility system of one of the Company's operating subsidiaries in Indiana. We challenged whether the City was following the correct legal procedures in connection with the City's condemnation, but the Indiana Supreme Court, in an opinion issued in June 2007, supported the City's position. In October 2007, the City's Board of Public Works approved proceeding with its process to condemn the northern portion of our utility system at a preliminary price based on the City's valuation. In October 2007, we filed an appeal with a local circuit court challenging the Board of Public Works' valuation on several bases. In November 2007, the City Council authorized the taking of this portion of our system and the payment of \$16,910,500 based on the City's valuation of the system. In January 2008, we reached a settlement agreement with the City to transition this portion of the system in February 2008 upon receipt of the City's initial valuation payment of \$16,910,500. The settlement agreement specifically states that the final valuation of the northern portion of the system will be determined through a continuation of the legal proceedings that were filed challenging the City's valuation. On February 12, 2008, we turned over the northern portion of the system to the City upon receipt of the initial valuation payment. The Indiana Utility Regulatory Commission also reviewed and acknowledged the transfer of the Certificate of Territorial Authority for the northern portion of the system to the City. The proceeds received by the Company are in excess of the book value of the assets relinquished. No gain has been recognized due to the contingency over the final valuation of the assets. On March 16, 2009, oral argument was held on certain procedural aspects with respect to the valuation evidence that may be presented and whether we are entitled to a jury trial. We expect a ruling from the judge in the upcoming months. Depending upon the outcome of the legal proceeding in the circuit court we may be required to refund a portion of the initial valuation payment, or may receive additional proceeds. The northern portion of the system relinquished represented approximately 0.5% of Aqua America, Inc.'s total assets.

A lawsuit was filed by a husband and wife who lived in a house abutting a percolation pond at a wastewater treatment plant owned by one of the Company's subsidiaries, Aqua Utilities Florida, Inc., in Pasco County, Florida. The lawsuit was originally filed in August 2006 in the circuit court for the Sixth Judicial Circuit in and for Pasco County, Florida and has been amended several times by the plaintiffs. The lawsuit alleges our subsidiary was negligent in the design, operation and maintenance of the plant, resulting in bodily injury to the plaintiffs and various damages to their property. The plaintiffs filed an amended complaint in July 2008 to include additional counts alleging nuisance and strict liability. In the third quarter of 2008, approximately thirty-five additional plaintiffs, associated with approximately eight other homes in the area, filed another lawsuit with the same court making similar allegations against our subsidiary with respect to the operation of the facility. Both lawsuits have been submitted to our insurance carriers, who have reserved their rights with respect to various portions of the plaintiffs' claims. Based on the ultimate outcome of the litigation, we may or may not have insurance coverage for parts or all of the claims. The Company continues to assess the matter and any potential losses.

**Table of Contents**

**AQUA AMERICA, INC. AND SUBSIDIARIES**

Two homeowners' associations comprised of approximately 170 homes located next to a wastewater plant owned by one of the Company's subsidiaries in Indiana are claiming that the subsidiary's prior management, before our acquisition of the subsidiary in 2003, allegedly entered into an agreement to cease the majority of operations at the wastewater plant and to remove most of the facilities located at the plant site by April 2009. The plant treats approximately 75% of wastewater flow from the subsidiary's 12,000 customers in the area. The Company has filed a formal request for review of the purported agreement with the Indiana Utility Regulatory Commission. In September 2009, the homeowners' associations filed suit in Allen County, Indiana Superior Court claiming breach of contract, breach of warranty, fraud, unjust enrichment, promissory estoppel and constructive fraud. If the purported agreement is ultimately determined to be valid, the subsidiary may be subject to liability to the homeowners for failure to remove the plant and/or, if the agreement is enforced, the subsidiary may be required to expand another existing plant or construct a new plant elsewhere and close and remove the existing plant. The scope of any such possible expansion or construction is difficult to determine at this time, but the construction costs for new wastewater treatment plants are estimated at anywhere from \$9 to \$12 per gallon of flow per day. The current plant is treating an average flow of approximately 2.3 million gallons per day. The book value of the current plant is \$5 million. The Company continues to assess the matter and any potential losses. Based on our current understanding of the controversy, this matter would not be covered by any of the Company's insurance policies.

There are no other pending legal proceedings to which we or any of our subsidiaries is a party or to which any of their properties is the subject that are material or are expected to have a material effect on our financial position, results of operations or cash flows.

**Item 1A. Risk Factors**

There have been no material changes to the risks disclosed in our Annual Report on Form 10-K for the year ended December 31, 2008 (Form 10-K) under Part 1, Item 1A Risk Factors. The risks described in our Form 10-K are not the only risks facing the Company. Additional risks that we do not presently know or that we currently believe are immaterial could also impair our business, financial position, or future results and prospects.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

The following table summarizes Aqua America's purchases of its common stock for the quarter ended September 30, 2009:

Issuer Purchases of Equity Securities

Period	Total Number of Shares Purchased (1)	Average Price Paid per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs	Maximum Number of Shares that May Yet be Purchased Under the Plan or Programs (2)
July 1 - 31, 2009	102	\$ 17.39		548,278
August 1 - 31, 2009		\$		548,278
September 1 - 30, 2009		\$		548,278
Total	102	\$ 17.39		548,278

(1) These amounts consist of shares we purchased from our employees who elected to pay the exercise price of their stock options (and then hold shares of the stock) upon exercise by delivering to us (and, thus, selling) shares of Aqua America common stock in accordance with the terms of our equity compensation plans that were previously

approved by our shareholders and disclosed in our proxy statements. This feature of our equity compensation plans is available to all employees who receive option grants under the plans. We purchased these shares at their fair market value, as determined by reference to the closing price of our common stock on the day prior to the option exercise.

- (2) On August 5, 1997, our Board of Directors authorized a common stock repurchase program that was publicly announced on August 7, 1997, for up to 1,007,351 shares. No repurchases have been made under this program since 2000. The program has no fixed expiration date. The number of shares authorized for purchase was

adjusted as a  
result of the  
stock splits  
effected in the  
form of stock  
distributions  
since the  
authorization  
date.
