PROXY STATEMENT FOR ANNUAL MEETING OF SHAREHOLDERS
ENERGY FOCUS, INC.
32000 AURORA ROAD
SOLON, OHIO 44139
INFORMATION CONCERNING SOLICITATION AND VOTING OF PROXIES

General

The enclosed proxy is solicited on behalf of the Board of Directors of Energy Focus, Inc., a Delaware corporation (Energy Focus or the Company), for use at the Annual Meeting of Shareholders (the Annual Meeting) to be held on Wednesday, June 16, 2010 at 1:00 P.M., local time, or at any adjournments or postponements thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Shareholders. The Annual Meeting will be held at the principal executive offices of Energy Focus, Inc., 32000 Aurora Road, Solon, Ohio.

This Proxy Statement and the accompanying form of proxy are first being mailed to shareholders on or about May 3, 2010. The cost of soliciting these proxies will be borne by the Company. Regular employees and directors of the Company may solicit proxies in person, by telephone, or by mail. No additional compensation will be given to employees or directors for such solicitation. The Company will request brokers and nominees who hold stock in their names to furnish proxy material to the beneficial owners of the shares and will reimburse such brokers and nominees for their reasonable expenses incurred in forwarding solicitation material to such beneficial owners.

Revocability of Proxies

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use either by delivering to Energy Focus, Inc., Attention: Nicholas G. Berchtold, 32000 Aurora Road, Solon, Ohio 44139, a written notice of revocation or a duly executed proxy bearing a later date, or by attending the Annual Meeting and voting in person. If a proxy is properly signed and not revoked, the shares it represents will be voted in accordance with the instructions of the shareholder.

Record Date and Share Ownership

Only shareholders of record at the close of business on April 29, 2010 (the Record Date), will be entitled to notice of and to vote at the Annual Meeting and any adjournments or postponements thereof. The Company had 22,930,366 shares of common stock, par value \$.0001 per share (common stock), issued and outstanding as of that date.

Voting

Each share of common stock held as of the Record Date entitles its holder to one vote on matters to be acted upon at the Annual Meeting, including the election of directors. Votes cast by proxy or in person at the Annual Meeting will be tabulated by the Inspectors of Election. Representatives of Cowden & Humphrey Co. LPA will act as the Inspectors of Election. The Inspectors of Election will also determine whether or not a quorum is present. Except with respect to the election of directors and except in certain other specific circumstances, the affirmative vote of a majority of shares represented and voting at a duly held meeting at which a quorum is present (which shares voting affirmatively also constitute at least a majority of the required quorum) is required under Delaware law for approval of proposals presented to shareholders. Withholding authority to vote on one or more nominees for election as directors will have the practical effect of voting against the election of such nominees for director, because withheld votes will be treated as votes cast under Delaware law. If shares are held in street name through a broker, bank or other nominee and beneficial owners do not provide instructions on how to vote, the broker or other nominee may have authority to vote these shares on certain matters, including the election of directors. When a broker cannot vote on behalf of the beneficial owners pursuant to the rules of the NASDAQ Stock Exchange, the un-voted shares are commonly referred to as broker non-votes. Broker non-votes on one or more matters are not considered votes cast for voting purposes (although broker non-votes are counted for purposes of establishing a quorum).

The shares represented by the proxies received, properly marked, dated, signed and not revoked will be voted at the Annual Meeting. Where such proxies specify a choice with respect to any matter to be acted upon, the shares will be voted in accordance with the specifications made. Any proxy in the enclosed form which is returned but is not marked will be voted **FOR** the election of the seven nominees for director listed in this Proxy Statement, **FOR** the approval of the amendment to the Company's Articles of Incorporation, **FOR** the approval of the amendment to the Company's 2008 Stock Incentive Plan, **FOR** the approval of the issuance of warrants to directors who have or will participate in the Company's bonding support program, **FOR** the approval of the reduction in the exercise price of a March 2008 warrant to purchase 1,560,062 shares of the Company's common stock by The Quercus Trust from \$3.08 to \$0.01 per share, and as the proxy holders deem advisable on other matters that may properly come before the meeting. If a broker indicates on the enclosed proxy or its substitute that it does not have discretionary authority as to certain shares to vote on a particular matter (broker non-votes), those shares will not be considered as voting with respect to that matter. Under Delaware law, a non-vote will have no effect on the outcome of any of the matters referred to in this Proxy Statement.

Important Notice Regarding the Availability of Proxy Materials for the Annual Meeting of Shareholders to be held on Wednesday, June 16, 2010: This Proxy Statement and our Annual Report on Form 10-K for the year ending December 31, 2009, are available on our website at <https://www.proxydocs.com/efoi>.

PROPOSAL NO. 1: ELECTION OF DIRECTORS**Nominees**

Unless otherwise instructed, the proxy holders will vote the proxies received by them for the nominees named below, regardless of whether any other names are placed in nomination by anyone other than one of the proxy holders. If the candidacy of any one or more of such nominees should, for any reason, be withdrawn, the proxy holders will vote in favor of the remainder of those nominated and for such substituted nominees, if any, as shall be designated by the Board of Directors, taking into account any recommendations of the Nominating and Corporate Governance Committee, or the number of directors to be elected at this time may be reduced by the Board of Directors. The Board of Directors has no reason to believe that any of the persons named will be unable or unwilling to serve as a nominee or as a director if elected.

If a quorum is present and voting, the nominees receiving the highest number of votes will be elected as directors at the Annual Meeting to serve until the next annual meeting or until their respective successors are duly elected or appointed.

The Company's Bylaws provide that the number of directors of the Company shall be no less than five and no more than nine, with the exact number within such range to be fixed by the Board of Directors. Compensation Committee

The Company has a standing Compensation Committee of the Board of Directors, currently consisting of Messrs. Wolfson (Chairman), Kasper, and von Paumgarten. The Board has approved a charter for the Compensation Committee. A copy of this charter can be found on the Company's website at <http://www.efoi.com>.

The authority of the Compensation Committee may be delegated to a subcommittee of the Compensation Committee, consisting of one or more directors. The Chief Executive Officer may provide recommendations regarding compensation of other executive officers. The Compensation Committee is empowered to retain consultants for advice on compensation matters.

No director currently serving on the Compensation Committee is or has been an officer or employee of the Company or any of the Company's subsidiaries. No interlocking relationships exist between our Board of Directors or Compensation Committee and the board of directors or compensation committee of any other entity, nor has any interlocking relationship existed in the past.

Audit and Finance Committee

The Company's Audit and Finance Committee acts as the standing audit committee of the Board of Directors, and currently consists of Messrs. Ruckert (Chairman), Finnerty and Schneeberger. The Board of Directors sets the size of the Board and nominates directors for election at each annual meeting of shareholders and elects new directors to fill vacancies when they arise. The Nominating and Corporate Governance Committee has the responsibility to identify, evaluate, recruit and recommend qualified candidates to the Board of Directors for nomination or election. The Board of Directors has as an objective that its membership be composed of experienced and dedicated individuals with diversity of backgrounds, perspectives and skills. The Nominating and Corporate Governance Committee selects candidates for directors based on their character, judgment, diversity of experience, business acumen, and ability to act on behalf of all shareholders. The Nominating and Corporate Governance Committee believes that nominees for director should have experience, such as experience in management or accounting and finance, or industry and technology knowledge, that may be useful to the Company and the Board, high personal and professional ethics, and the willingness and ability to devote sufficient time to effectively carry out his or her duties as a director. During 2009 and the first quarter of 2010, the following individuals were appointed to the Company's Board of Directors: Messrs. Anthony and Schneeberger as independent directors. The Nominating and Corporate Governance Committee believes it appropriate for at least one, and, preferably, multiple, members of the Board to meet the criteria for an audit committee financial expert as defined by SEC rules, and for a majority of the members of the Board to meet the definition of Independent Director under the rules of The NASDAQ Stock Market. The Nominating and Corporate Governance Committee also believes it appropriate for

certain key members of the Company's management to participate as members of the Board.

In the event that a director does not wish to continue in service, the Nominating and Corporate Governance Committee determines not to re-nominate the director, or a vacancy is created on the Board as a result of a resignation, an increase in the size of the board or other event, the Committee will consider various candidates for Board membership, including those suggested by the Committee members, by other Board members, by any executive search firm engaged by the Committee and by shareholders. A shareholder who wishes to suggest a prospective nominee for the Board should notify the Secretary of the Company or any member of the Committee in writing, with any supporting material the shareholder considers appropriate, at the following address: Energy Focus, Inc., 32000 Aurora Road, Solon, Ohio 44139.

Vote Required and Board of Directors Recommendation

The seven nominees receiving the highest number of votes at the Annual Meeting will be elected as directors of the Company.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE **FOR** EACH OF THE NOMINEES LISTED ABOVE.

**PROPOSAL NO. 2: AMENDMENT TO THE COMPANY'S CERTIFICATE OF INCORPORATION
TO INCREASE THE TOTAL NUMBER OF AUTHORIZED SHARES OF COMMON STOCK
FROM 30,000,000 TO 60,000,000**

On April 30, 2010, the Board of Directors adopted a resolution setting forth a proposed amendment to the Company's Certificate of Incorporation increasing the total number of authorized shares of common stock from 30,000,000 to 60,000,000 shares and directing that the proposed amendment be considered at the next annual meeting of shareholders. The text of that amendment is set forth below in this section.

General

We are asking you to approve an amendment to the Company's Certificate of Incorporation to increase the total number of authorized shares from 32,000,000 shares to 62,000,000 shares. The additional common stock to be authorized by adoption of the amendment would have rights identical to the Company's currently outstanding common stock. The number of authorized shares of the Company's preferred stock would not be affected by this amendment. The number of authorized shares of the Company's preferred stock would be maintained at 2,000,000.

Substantially all of the Company's currently authorized common stock has been issued or is reserved for issuance. In order to continue to fund its operations and grow, the Company may need to raise additional capital from financing sources. One of the ways the Company can raise such cash is by issuing shares and derivative securities from time to time. Without additional authorized shares of common stock, the Company will be unable to raise all of the financing it will likely need to maintain its operations. Other important corporate needs, including the potential issuance of shares in a merger or acquisition, or issuing stock-based incentive rewards to the Company's employees and directors, require additional authorized shares of common stock as well.

Article IV(A) of the Company's Certificate of Incorporation currently authorizes the Company to issue up to 32,000,000 shares of stock, 30,000,000 of which are designated as common stock, par value \$0.0001 per share, and 2,000,000 shares of which are designated as preferred stock, par value \$0.0001 per share. The Company's common stock is all of a single class, with equal voting, distribution, liquidation, and other rights. As of April 30, 2010, 22,930,366 shares of common stock were issued and outstanding. Substantially all of the remaining 7,069,634 authorized shares of common stock have been reserved for issuance under our incentive stock plans and stock purchase plan, and outstanding options, warrants, a convertible promissory note, and a purchase agreement.

We anticipate that we may find it beneficial to issue additional shares of common stock in the future in connection with one or more of the following:

debt or equity restructuring or refinancing transactions, such as debt exchanges or offerings of new convertible debt or modifications to existing securities or as payments of interest on debt securities;

acquisitions;

strategic investments;

partnerships, collaborations and other similar transactions;

the Company's stock incentive plans;

financing transactions, such as private or public offerings of common stock or convertible securities;

corporate transactions, such as stock dividends or splits; and

other corporate purposes that have not yet been identified.

In order to provide our Board with certainty and flexibility to undertake transactions such as those above to support our future business growth, we deem it is in the best interests of the shareholders and the Company to increase the number of authorized shares of the Company's common stock.

Text of the Proposed Amendment

If this Proposal 2 is approved, the Company will amend its Certificate of Incorporation by replacing Article IV(A) in its entirety with the following:

ARTICLE IV

(A) The Corporation is authorized to issue two classes of stock to be designated, respectively, Common Stock and Preferred Stock . The total number of shares which the Corporation is authorized to issue is Sixty-Two Million (62,000,000) shares, each with a par value of \$0.0001 per share. Sixty Million (60,000,000) shares shall be Common Stock and Two Million (2,000,000) shares shall be Preferred Stock.

If this amendment is adopted, it will become effective upon filing of the amendment to the Company's Certificate of Incorporation with the Secretary of State of the State of Delaware.

Vote Required and Board of Directors Recommendation

The affirmative vote of a majority of the votes cast at the Annual Meeting of Shareholders, that also represents a majority of all outstanding shares of common stock of the Company, is required for approval. Votes may be cast either in person or by proxy.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE ***FOR*** THE APPROVAL OF THE AMENDMENT TO THE CERTIFICATE OF INCORPORATION.

PROPOSAL NO. 3: APPROVAL OF AMENDMENT TO THE 2008 STOCK INCENTIVE PLAN TO INCREASE THE NUMBER OF SHARES OF COMMON STOCK AUTHORIZED FOR ISSUANCE UNDER THE PLAN FROM 1,000,000 TO 3,000,000

General

On May 6, 2008, the Board of Directors adopted the 2008 Incentive Stock Plan (the 2008 Plan) and on September 30, 2008, shareholders approved it. The purpose of the 2008 Plan is to enable the Company to attract and retain top quality employees, officers, directors and consultants and to provide employees, officers, directors and consultants with an incentive to enhance shareholder returns. The Board of Directors believes that the granting of equity compensation awards is necessary to attract the highest quality personnel as well as to reward and thereby retain existing key personnel. Moreover, the attraction and retention of such personnel is essential to the Company's continued progress, which ultimately is in the interests of its shareholders. Finally, the Board of Directors believes that stock options and other equity based incentives are an important part of the compensation package the Company offers to its employees and directors.

Initially, the total number of shares of common stock that could be issued under all stock-based awards under the Plan was 1,000,000 shares. Substantially all of those shares have been awarded. In order to continue to enable the Company to attract and retain top quality employees, officers, directors and consultants and to provide employees, officers, directors and consultants with an incentive to enhance shareholder returns, on February 25, 2010 the Board of Directors amended the 2008 Plan to increase the number of shares authorized for issuance from one to three million subject to shareholder approval.

Under applicable Nasdaq Rules, we are required to obtain shareholder approval of the amendment to the 2008 Plan. That approval is also necessary to permit us to grant incentive stock options to employees under Section 422 of the Internal Revenue Code of 1986, as amended.

We are asking our shareholders to approve the amendment to the 2008 Plan. Our board believes that the increase in the number of available shares is necessary for us to be able to attract and retain the services of individuals essential to our long-term growth and success.

Set forth below is a summary of the 2008 Plan as amended, which is qualified in its entirety by the specific language of the 2008 Plan. A copy of the 2008 Plan as amended presented for shareholder approval is included at the end of this Proxy Statement as Appendix D. Shareholders are urged to read the complete text of the 2008 Plan.

Brief Description of the 2008 Plan as amended

The 2008 Plan provides for the grant of stock options, restricted share awards, and stock appreciation rights to directors, officers, employees and consultants of the Company and its subsidiaries. The 2008 Plan may be administered by the Board of Directors or a committee of the Board of Directors (in either case, referred to in this Proposal as the Committee), which has complete discretion to select the participants and to establish the terms and conditions of each option award, subject to the provisions of the 2008 Plan. Options granted under the 2008 Plan may be incentive stock options as defined in Section 422A of the Internal Revenue Code of 1986, as amended (the Code), or nonqualified options.

Shares Subject to the 2008 Plan as amended

A total of 3,000,000 shares of common stock have been reserved for issuance under the 2008 Plan as amended. If any option granted under the 2008 Plan expires or terminates for any reason without having been exercised in full, then the unpurchased shares subject to that option will once again be available for additional awards.

Administration

The 2008 Plan is administered by the Compensation Committee. Subject to the provisions of the 2008 Plan as amended, the Committee may determine the persons to whom options are to be granted, the number of shares to be covered by each option, whether an option is to be an incentive stock option or a non-statutory stock option, the timing, terms of exercisability, and vesting of each option, including the effect thereon of an optionee's termination of service, the exercise price of and the type of consideration to be paid to the Company upon the exercise of each option, the duration of each option, and all other terms and conditions of the options. The Committee may interpret the 2008 Plan as amended and options granted thereunder, and all determinations of the Committee may be final and binding on all persons having an interest in the 2008 Plan as amended or any option. The Committee may re-price

options with the consent of the optionees.

Eligibility

Options may only be granted under the 2008 Plan as amended to employees, directors, and consultants of the Company, or a parent or a subsidiary of the Company. As of December 31, 2009, the Company had 78 full-time employees, including five executive officers. While any person eligible under the 2008 Plan as amended may be granted a non-statutory option, only employees may be granted incentive stock options

Non-Employee Director Options

The 2008 Plan as amended provides for the annual automatic grant of an additional option to purchase 7,000 shares of common stock on the first business day following each regular annual shareholders meeting to each non-employee director who will continue serving on the Board of Directors, provided that he or she has served as a director for at least three months. These options become exercisable in 12 equal monthly installments. In addition to the option to purchase 7,000 shares of common stock, the Lead Director, the Chairperson of Audit and Finance Committee, and the Chairperson of the Nominating and Governance Committee of the Board of Directors will receive an additional option to purchase 3,000 shares of common stock on the first business day following each regular annual shareholders meeting, provided that he or she has served as a director for at least three months. These options also become exercisable in 12 equal monthly installments.

Restricted Share Awards

The terms of any restricted share award under the 2008 Plan as amended will be set forth in a restricted share agreement to be entered into between Energy Focus and each grantee. The Committee will determine the terms and conditions of any restricted share agreements, which need not be identical. Shares may be awarded under the 2008 Plan in consideration of services rendered prior to the award, without a cash payment by the grantee.

Terms and Conditions of Options

Options granted under the 2008 Plan as amended may not be exercised more than 10 years after the date of grant. Shares subject to cancelled or terminated options will be reserved for subsequently granted options. The number of options outstanding and the exercise price thereof will be subject to adjustment in the case of certain transactions such as mergers, recapitalizations, stock splits or stock dividends. The 2008 Plan as amended will be effective for 10 years, unless sooner terminated or suspended.

Each option granted under the 2008 Plan as amended will be evidenced by a written agreement between the Company and the optionee specifying the number of shares subject to the option and the other terms and conditions of the option, consistent with the requirements of the Plan. The exercise price of each option granted under the 2008 Plan as amended must equal at least the fair market value of a share of common stock on the date of grant. For as long as the shares are listed for trading on the NASDAQ Stock Market the fair market value of a share on the date of grant shall be the closing Market price on that date.

Options granted under the 2008 Plan as amended will become exercisable at such times and in such installments as the Committee shall provide in the terms of each individual stock option grant and agreement. The Committee must also provide in the terms of each stock option grant and agreement when the option expires and becomes un-exercisable, and may also provide the option expires immediately upon termination of employment for any reason. Unless otherwise provided in the applicable stock option grant and agreement, upon termination of employment of an optionee, all options that were then exercisable terminate three months following termination of employment, or one year in the case of termination by reason of death or disability. Any options which were not exercisable on the date of such termination immediately terminate upon termination of employment.

Amendments to the 2008 Plan as amended

The Committee may at any time amend, alter, suspend or terminate the 2008 Plan as amended. No amendment, alteration, suspension or termination of the Plan will impair the rights of any optionee, unless mutually agreed otherwise between the optionee and the Committee, which agreement must be in writing and signed by the Company and the optionee. Termination of the 2008 Plan as amended will not affect the Committee's ability to exercise the powers granted to it under the 2008 Plan with respect to options granted under the 2008 Plan prior to the date of such termination.

Certain Federal Income Tax Consequences

Incentive stock options granted under the 2008 Plan as amended will be afforded favorable federal income tax treatment under the Code. If an option is treated as an incentive stock option, the optionee will recognize no income upon grant or exercise of the option unless the alternative minimum tax rules apply. Upon an optionee's sale of the shares (assuming that the sale occurs more than two years after grant of the option and more than one year after exercise of the option), any gain will be taxed to the optionee as long-term capital gain. If the optionee disposes of the shares prior to the expiration of either of the above holding periods, then the optionee will recognize ordinary income in an amount generally measured as the difference between the exercise price and the lower of the fair market value of the shares at the exercise date or the sale price of the shares. Any gain recognized on such a premature sale of the shares in excess of the amount treated as ordinary income will be characterized as capital gain.

All other options granted under the 2008 Plan as amended will be non-statutory stock options and will not qualify for any special tax benefits to the optionee. An optionee will not recognize any taxable income at the time he or she is granted a non-statutory stock option. However, upon exercise of the non-statutory stock option, the optionee will recognize ordinary income for federal income tax purposes in an amount generally measured as the excess of the then fair market value of each share over its exercise price. Upon an optionee's resale of such shares, any difference between the sale price and the fair market value of such shares on the date of exercise will be treated as capital gain or loss and will generally qualify for long term capital gain or loss treatment if the shares have been held for more than one year. The Code provides for reduced tax rates for long term capital gains based on the taxpayer's income and the length of the taxpayer's holding period.

The recipient of a restricted share award will generally recognize ordinary compensation income when such shares are no longer subject to a substantial risk of forfeiture, based on the excess of the value of the shares at that time over the price, if any, paid for such shares. However, if the recipient makes a timely election under the Code to be subject to tax upon the receipt of the shares, the recipient will recognize ordinary compensation income at that time equal to the fair market value of the shares over the price paid, if any, and no further ordinary compensation income will be recognized when the shares vest.

In the case of an exercise of a stock appreciation right or an award of stock units, the recipient will generally recognize ordinary income in an amount equal to any cash received and the fair market value of any shares received on the date of payment or delivery. The Company is generally entitled to a deduction for federal income tax purposes equal to the amount of ordinary compensation income recognized by the recipient of an award at the time such income is recognized.

The foregoing does not purport to be a complete summary of the federal income tax considerations that may be relevant to holders of options or restricted shares. It also does not reflect provisions of the income tax laws of any municipality, state or foreign country in which an optionee may reside, nor does it reflect the tax consequences of an optionee's death.

PROPOSAL NO. 4: APPROVAL OF ISSUANCE OF WARRANTS TO DIRECTORS AND OFFICERS WHO PARTICIPATE IN THE COMPANY'S BONDING SUPPORT PROGRAM

General

On December 31, 2009, the Company acquired all of the member interests of Stones River Companies, LLC, a Tennessee limited liability company (SRC) engaged in the lighting retrofit business. In order to provide performance bonding for SRC's projects, on December 30, 2009 the Company deposited cash collateral of \$2.5 million with its surety company. To reduce the size of its deposit and increase its liquidity, the Company has offered to investors, including its directors and officers, an opportunity to replace portions of the Company's deposit with funds which remain the investors' funds and are pledged independently to the Company's surety for a minimum of two years as cash collateral to support the Company's performance bonding requirement on the following terms: 12.5% interest per year payable by the Company; reimbursement by the Company in the event that the surety draws on their funds; security interest in the Company's shares of capital stock of its Crescent Lighting, Ltd., subsidiary located in London, England; and a number of warrants to purchase shares of the Company's common stock equal to one warrant for every \$2.00 deposited. The warrants have a five-year term, an exercise price of \$0.01 per share, and registration rights for the common shares to be issued upon exercise of the warrants. The closing price of a share of the Company's common stock on December 30, 2009 was \$0.65. This bonding support program remains open until December 16, 2010.

The warrants in the program that are acquired by investors who are directors or officers of the Company are subject to approval by the Company's shareholders under Nasdaq Rule 5635(c). So far, John M. Davenport, the Company's President and a director, and The Quercus Trust (the Trust) have made investments. Mr. Davenport received 125,000 warrants in connection with providing \$250,000 to the Company's surety. The Trust received 150,000 warrants in connection with providing \$300,000 to the surety. David Gelbaum, who was a member of the Company's Board of Directors at the time of the transaction, and his spouse, are co-trustees of The Trust.

There currently remains available in the program \$1,150,000 of deposits and 575,000 warrants.

We are asking shareholders to approve the issuance of warrants in the bonding support program to directors and officers, including both those already issued and any that we may issue in the future. If shareholders do not approve the warrants issued to Mr. Davenport and the Trust, their warrants will be terminated without the payment of any compensatory benefit to them.

Vote Required and Board of Directors Recommendation

The affirmative vote of a majority of the votes cast at the Annual Meeting of Shareholders, at which a quorum representing a majority of all outstanding shares of common stock of the Company is present, either in person or by proxy, is required by NASDAQ Rules for approval of this proposal.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE **FOR** THE APPROVAL OF THE BONDING SUPPORT PROGRAM WARRANTS FOR DIRECTORS AND OFFICERS WHO PARTICIPATE.

PROPOSAL NO. 5: TO APPROVE THE REDUCTION IN EXERCISE PRICE OF A MARCH 2008 WARRANT TO PURCHASE 1,560,062 SHARES OF COMMON STOCK BY THE QUERCUS TRUST FROM \$3.08 TO \$0.01 PER SHARE

General

In our subscription rights offering that expired on October 30, 2009, Diker Management, LLC, New York City, New York, inadvertently purchased 1,000,000 shares of our common stock at \$0.75 per share. We agreed with Diker Management to facilitate the sale of the shares to another shareholder or investor or to purchase them directly. A purchase of those shares by us would have severely depleted our cash-on-hand and working capital. After contacting selected shareholders and investors, we introduced Diker Management to The Quercus Trust, Newport Beach, California, our largest shareholder. We were informed on December 30, 2009, by Diker Management and the Trust that the Trust had agreed to purchase those shares at \$0.80 per share.

On March 14, 2008, in a private placement to nineteen investors of 3,184,321 shares of common stock and an equal number of five-year warrants to purchase common stock, the Trust had acquired 1,560,062 shares and 1,560,062 warrants. To secure a loan, in April 2010, the Trust pledged the shares, the warrants, and the warrant shares as collateral. To facilitate the purchase of Diker Management's shares by the Trust, on December 30, 2009, we agreed with the Trust to reduce the exercise price of the warrants issued to the Trust from \$3.08 to \$0.01 per share.

The Trust has informed us that on February 20, 2010, it completed its purchase of the Diker Management shares. On April 28, 2010, the Trust exercised its warrants.

Mr. David Gelbaum and his spouse, Monica Chavez Gelbaum, both of Newport Beach, California, are co-trustees of the Trust. Mr. Gelbaum served as a member of our Board of Directors from February 2009 to February 2010. Because Mr. Gelbaum was serving as a member of our Board when we agreed with the Trust on the reduction in the exercise price of its warrants, the reduction in price may be subject to approval of our shareholders under Nasdaq Rule 5635 (c). We are therefore asking shareholders to approve the reduction in the exercise price. The Trust has agreed not to exercise its rights over the shares obtained upon exercise of the warrants any further, including sale and voting rights, for a period of time to allow shareholders to consider the reduction at the Annual Meeting.

Vote Required and Board of Directors Recommendation

The affirmative vote of a majority of the votes cast at the Annual Meeting of Shareholders, at which a quorum representing a majority of all outstanding shares of Common Stock of the Company is present, either in person or by proxy, is required by NASDAQ Rules for approval of this proposal.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE **FOR** THE APPROVAL OF THE REDUCTION IN EXERCISE PRICE OF THE MARCH 2008 WARRANT TO PURCHASE 1,560,062 SHARES OF COMMON STOCK BY THE QUERCUS TRUST FROM \$3.08 TO \$0.01 PER SHARE.

EXECUTIVE COMPENSATION AND OTHER MATTERS

Compensation Discussion and Analysis

The Compensation Committee of our Board of Directors has the responsibility for administering our executive compensation program. The Committee reviews and, as appropriate, makes recommendations to the full Board regarding the base salaries and annual cash bonuses for executive officers, and administers our 2008 Incentive Stock Plan, including the grant of stock options. Where appropriate, we have also entered into employment agreements with certain executive officers.

Compensation Philosophy and Objectives. Our principal executive compensation policy, which is endorsed by the Committee, is to provide a compensation program that will attract, motivate and retain persons of high quality and will support a long-standing internal culture of loyalty and dedication to the interests of the Company and our shareholders. In administering the executive compensation program, the Committee is mindful of the following principles and guidelines, which are supported by the full Board:

Base salaries for executive officers should be competitive.

A sufficient portion of annual compensation should be at risk in order to align the interests of executives with those of our shareholders.

The variable part of annual compensation should reflect both individual and corporate performance.

As a person's level of responsibility increases, a greater portion of total compensation should be at risk and include more stock-based compensation to provide executives long-term incentives and help to align further the interests of executives and shareholders in the enhancement of shareholder value.

Our executive officers' compensation currently has three primary components: base salary, annual cash bonuses, and stock-based awards granted pursuant to our 2008 Incentive Stock Plan. In addition, executive officers receive certain benefits that are specifically provided for in their employment agreements or are generally available to all salaried employees. We do not have any defined benefit pension plans, non-qualified deferred compensation arrangements, or supplemental retirement plans for our executive officers.

For each executive officer, the Committee determines the appropriate level for each compensation component based in part, but not exclusively, on its view of competitive market factors, internal equity and consistency, and other considerations deemed relevant, such as rewarding extraordinary performance. Our Chief Executive Officer provides the Committee with recommendations for executive officers other than himself, which the Committee reviews and approves as submitted or with revisions, if any. The Committee has not adopted any formal or informal policies or guidelines for allocating compensation between long-term and currently paid compensation, between cash and non-cash compensation, or among different forms of non-cash compensation, and has not sought to formally benchmark our compensation against that of our peers.

In 2009, no executive officer received an annual base salary increase.

On May 29, 2009, the Company's five executive officers agreed to accept voluntary salary reductions for the remainder of the 2009 calendar year in exchange for the issuance of restricted shares of common stock as authorized under the Company's 2008 Stock Incentive Plan. Two other key executives of the Company also accepted salary reductions for the balance of the year in exchange for restricted shares. Each officer and key executive voluntarily accepted a ten percent (10%) salary reduction for the remainder of 2009, except for one executive officer who voluntarily accepted a forty percent (40%) decrease for the remainder of 2009. The number of restricted shares of common stock issued to each officer and executive was equal to the dollar value of the individual's salary reduction divided by the closing price per share of the Company's common stock on May 29, 2009. The total number of restricted shares of common stock issued to these officers and executives was 209,000.

On December 31, 2009, the Company's five executive officers, along with two other key executives of the Company, agreed to extend these salary reductions through June 30, 2010. Each executive officer and key executive

voluntarily accepted a ten percent (10%) salary reduction for this six month period, except for one executive officer who voluntarily accepted a forty percent (40%) decrease for this six month period. The number of restricted shares of common stock issued to each named executive officer and executive was equal to the dollar value of the individual s salary reduction divided by the closing price per share of the Company s common stock on December 30, 2009. The total number of restricted shares of common stock issued to these officers and executives was 170,000. The Company reserves the right to extend these salary reductions beyond that date.

Base Salary. Base salaries for executive officers are based on a review of salaries for similar positions requiring similar qualifications in similar industries. In determining executive officer salaries, the Compensation Committee has approved the use by management of information from salary surveys.

The Committee determines levels of the executive officers' base salaries so as to be competitive with amounts paid to executives performing similar functions in comparable-size, non-durable manufacturing companies. The amount of each executive's annual increase in base salary, if any, is based on a number of largely subjective factors, including changes in the individual's duties and responsibilities, the personal performance of such executive officer, the performance of the Company, cost-of-living increases, and such other factors as the Committee deems appropriate, including the individual's overall mix between fixed and variable compensation and between cash and stock-based compensation.

The Chief Executive Officer annually assesses the performance of all other executive officers and recommends salary increases to the Compensation Committee based on a number of factors such as performance evaluations, comparative data and other relevant factors. The Compensation Committee then reviews the Chief Executive Officer's recommendations, considers the performance and condition of the Company, and approves the increases for any other officer of the Company.

Bonus Equity Incentive Plan. For fiscal year 2010, the Compensation Committee has approved a stock option incentive plan for executives and key sales employees. Awards under this plan are contingent upon the Company's attainment of operating profits and cash utilization targets set by the Compensation Committee in consultation with the Chief Executive Officer.

Bonus Incentive Plan. The Compensation Committee administers an incentive plan to provide additional compensation to executives who meet established performance goals. In consultation with the Chief Executive Officer, the Compensation Committee annually determines the total amount of cash bonuses available for executive officers and certain other management employees. The target bonuses for executive officers are set by the Compensation Committee. Awards are weighted so that higher awards are received when the Company's performance reaches maximum targets, smaller awards are received when the Company's performance reaches minimum targets and no awards are made when the Company does not meet minimum performance targets. After the total eligible bonus pool is determined, annual incentives are paid to executive officers based on their individual performance as determined by the Chief Executive Officer.

For the fiscal year 2009, awards under this bonus plan were contingent upon the Company's attainment of operating profit and cash utilization targets set by the Compensation Committee in consultation with the Chief Executive Officer. The Company's performance in 2009 did not meet established performance goals and, consequently, no bonuses were paid under this bonus incentive plan. Consistent with the Company's objective of aligning compensation with performance, the Compensation Committee anticipates that future bonus payments will continue to be based on specific targets and performance.

Discretionary Bonuses. In addition to bonuses under the incentive plan, each of our executive officers is eligible to receive annual cash bonuses based on determinations made by the Committee in its discretion. The bonus may be based on the specific accomplishments of the individual or on the overall success of the Company, or both.

For 2010, the Committee has not currently adopted a discretionary cash bonus plan.

Stock Options. The Compensation Committee believes that employee equity ownership provides significant motivation to executive officers to maximize value for the Company's shareholders and, therefore, periodically grants stock options under the Company's 2008 Stock Incentive Plan at the then current market price. The Compensation Committee administers the Company's 2008 Stock Incentive Plan. Stock options will only have value if the Company's stock price increases over the exercise price.

The Compensation Committee grants options to executive officers after consideration of recommendations from the Chief Executive Officer. Recommendations for options are based upon the relative position, responsibilities, and previous and expected contributions of each officer, previous option grants to such officers and customary levels of option grants for the respective position in other comparable companies. Options generally vest over a four-year period at a rate of 25% per year.

In 2001, executive officers were granted options under a Time Accelerated Restricted Stock Award Plan (TARSAP) within the 1994 Stock Option Plan with a seven year vesting period. While these options are now fully vested, none were exercisable as a result of the Company not achieving stated objectives.

During 2009, the Committee administered the Company's 2008 Incentive Stock Plan, to provide stock-based incentives to our key employees, including executive officers. As of March 31, 2010, our 2008 Incentive Stock Plan is our only plan under which new options may be granted. Grants of stock options are based on each individual's position within the Company, level of responsibility, past performance, and expectation of future performance. In determining the number of stock-based awards to be granted to each executive officer, the Committee also considers the number of stock-based awards made in prior years to the executive officer. The Committee also may grant stock options in connection with promotions and new hires.

Our stock-based compensation policies have been impacted by the implementation of Accounting Standards Codification (ASC) Topic Number 718, *Compensation - Stock Compensation* (ASC 718). Generally, ASC 718 requires all stock-based payments to employees, including grants of employee stock options, to be expensed based on their fair values over the vesting period.

Section 162(m). Section 162(m) of the Internal Revenue Code and related Treasury Department regulations limits the Company's ability to deduct certain compensation in excess of \$1,000,000 paid to the Company's Chief Executive Officer and each of the four other most highly compensated executive officers. The Company's 2008 Stock Incentive Plan is structured to permit awards under the plan to qualify as performance-based compensation and to maximize the tax deductibility of the awards so long as the options are granted by a committee whose members are non-employee directors. The Company expects that the Compensation Committee will be comprised of non-employee directors, and that, to the extent the Compensation Committee is not so constituted for any period of time, the options granted during such period will not be likely to result in compensation exceeding \$1,000,000 in any year. The Compensation Committee does not believe that other components of the Company's compensation will be likely to exceed \$1,000,000 for any executive officer in the foreseeable future and therefore has concluded that no further action with respect to qualifying such compensation for deductibility is necessary at this time. In the future, the Compensation Committee will continue to evaluate the advisability of qualifying its executive compensation for deductibility of such compensation. The Compensation Committee's policy is to qualify its executive compensation for deductibility under applicable tax laws as practicable.

In accordance with the terms of the Plan, each option exercise price is equal to the market value of our common stock on the date the option is granted. The market value is equal to the closing price of our common stock on the date of grant on the NASDAQ Stock Market. The options vest over four years at the rate of 25% of the shares covered by the option on each anniversary of the grant date. Stock options are not transferable other than by will or the laws of descent and distribution.

(1) This column represents the number of shares of common stock that may be issued in connection with the exercise of outstanding stock options granted under our 1994 Stock Option Plan, 1994 Directors Stock Options Plan, 2004 Incentive Stock Plan, and 2008 Incentive Stock Plan.

- (2) This column represents the number of shares of common stock remaining available for future awards under our 2008 Incentive Stock Plan at December 31, 2009.

Employment Agreements

On December 30, 2009, we entered into an Employment Agreement with Mr. Kaveski. Under the agreement, should Mr. Kaveski be involuntarily terminated (i) within three months before or two years after a change of control, or (ii) at any other time, he will be entitled to receive severance benefits for one year from the date of termination. The Agreement has a term of three years.

On July 1, 2005, we entered into an Employment Agreement with Mr. Davenport. Under the agreement, Mr. Davenport receives a base salary of \$250,000 per year. In addition, Mr. Davenport is entitled to receive severance payments in the event his employment with us is terminated without cause. On May 6, 2008 the Compensation Committee granted 100,000 shares to Mr. Davenport under the 2004 Incentive Stock Plan upon the appointment of Mr. Kaveski as our Chief Executive Officer and Mr. Davenport's transition to President.

On September 13, 2005, we entered into a Management Continuity Agreement with Roger Buelow. Under the agreement, Mr. Buelow would be entitled to receive severance payments in the event his employment with us was terminated without cause, or if he terminated his employment following a material reduction in his responsibilities inconsistent with his position and past responsibilities under certain other conditions, including following a change in control as defined in the agreement.

Potential Payments upon Termination or Change of Control

Regardless of the manner in which one of our Named Executive Officers' employment terminates, including death, disability or termination for cause, the Officer is entitled to receive amounts earned during his term of employment. Such amounts include:

Salary through the date of termination;

Stock-based compensation which has vested; and

Unused vacation pay.

The following table summarizes the estimated severance payments to be made under Mr. Kaveski's and Mr. Davenport's Employment Agreement and Mr. Buelow's Management Continuity Agreement at, following, or in connection with a termination of employment due to voluntary resignation, involuntary termination not for cause, death or disability or change in control:

Employee	Voluntary Termination without Change in Control (\$)	Involuntary Termination without Change in Control (\$)	Death or Disability (\$)	Termination with Change in Control (\$)
Joseph G. Kaveski Severance (1)		225,000		225,000
John M. Davenport Severance (2) Accelerated vesting of stock-based awards (3)		112,500		112,500
Roger F. Buelow Severance (4)		118,125		118,125

(1) The estimated severance payment is based on base salary at December 31, 2009. For Mr. Kaveski, the amount of severance equates to total yearly cash compensation received prior to involuntary termination for the term of twelve months from the date of involuntary termination.

(2) The estimated severance payment is based on base salary at December 31, 2009. For Mr. Davenport, the amount of

severance equates to three months base salary plus six months of base salary which represents the period from December 31, 2009 to the end of the employment.

- (3) The estimated value of accelerated vesting of stock-based awards is based on the non-vested options held by Mr. Davenport at December 31, 2009, and the closing per share market price of our common stock on that date. The closing per share market price of our common stock at December 31, 2009 was \$0.64, below the exercise price of all outstanding un-exercisable options. Therefore, there is no value associated with the accelerated vesting of stock-based awards.

- (4) The estimated severance

payment is based on base salary at December 31, 2009. For Mr. Buelow, the amount of severance equates to one month of base salary for each year of employment.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis included in this Proxy Statement. Based upon this review and discussion, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement.

COMPENSATION COMMITTEE

Michael A. Kasper

Paul von Paumgarten

DIRECTOR COMPENSATION

We use a combination of cash and stock-based awards to attract and retain qualified candidates to serve on our Board. In setting director compensation, we consider the significant amount of time that our directors expend in fulfilling their duties, as well as the skill level required by us.

The following table sets forth the annual cash compensation for directors who are not also employees:

Annual Retainer	\$ 20,000
Additional Annual Retainers:	
Lead Director	\$ 10,000
Compensation Committee Chairman	3,000
Audit and Finance Committee Chairman	3,000
Nominating and Corporate Governance Committee Chairman	3,000

Under the terms of the Company's 2008 Stock Incentive Plan, each newly appointed non-employee director receives an option to purchase 10,000 shares of common stock at an exercise price of 100% of the fair market value of the stock on the date of grant, which option vests in twelve equal monthly installments following the date of grant. In addition, following each annual meeting of the Company's shareholders, each non-employee director who will continue to serve as a member of the Board of Directors automatically receives an option to purchase 7,000 shares of common stock at an exercise price of 100% of the fair market value of the stock on the date of grant, which option vests in twelve equal monthly installments following the date of grant. The Lead Director, the Chairman of the Audit and Finance Committee, and the Chairman of the Nominating and Corporate Governance Committee are to receive an additional option to purchase 3,000 shares under the same terms.

On May 29, 2009, two members of the Company's Board of Directors voluntarily relinquished portions of their directors' fee for the balance of 2009 in exchange for the issuance of restricted shares of common stock as authorized under the Company's 2008 Stock Incentive Plan. The number of restricted shares of common stock issued to each director was equal to the dollar value of the individual's relinquished director's fee divided by the closing price per share of the company's common stock on May 29, 2009. The total number of restricted shares of common stock issued to these directors was 19,000.

The following table summarizes the compensation paid to non-employee directors during 2009:

Name	Fees Earned or Paid in Cash (\$)	Stock Awards (\$ (1))	Option Awards (\$ (2))	Change in Pension Value and Nonqualified Non-Equity Deferred Incentive		All Other Compensation (\$ (3))	Total (\$)
				Plan Compensation (\$)	Earnings (\$)		
David N. Ruckert	23,000		8,384			29,864	61,248
Paul von Paumgarten	30,000		11,883				41,883
Michael A. Kasper	23,000		11,883				34,883

David Gelbaum	5,187	11,667	8,528				25,382

- (2) Reflects the dollar amount recognized for financial reporting purposes for 2009 in accordance with ASC 718 and equates to the fair value of the immediately vested option awards on the date of grant. The method and assumptions used to determine the amount of expense recognized for options is set forth in Note 11 in the Company's 2009 Annual Report on Form 10-K. In 2009, each non-employee director received the following number of shares under our 2008 Incentive Stock Plan: Mr. Gelbaum, 25,000, Mr. Finnerty, 15,000, Mr. Goddard, 15,000, Mr. Kasper, 15,000, Mr. Ruckert, 15,000, Mr. von Paumgarten, 15,000, Mr. Wolfson, 15,000, and Mr. Schneeberger,

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

On February 3, 2006, the Company had entered into a consulting agreement with David N. Ruckert, a member of its Board of Directors. Mr. Ruckert was paid \$76,000 during the year ending December 31, 2007 and \$110,000 during the year ending December 31, 2006 under this agreement. This agreement was terminated on June 30, 2007. No payments were made to Mr. Ruckert during the twelve months ending December 31, 2009 or 2008. Additionally, Mr. Ruckert was granted options to purchase 32,000 shares of the Company's common stock. Stock expense incurred under ASC 718 related to these options was \$30,000 for all years ending December 31, 2009, December 31, 2008, and December 31, 2007.

On September 14, 2007 the Company entered into a consulting agreement with Joseph G. Kaveski, the Company's present Chief Executive Officer, for assistance with developing and helping implement strategy and strategic initiatives. From September 2007 through March 2008, the Company paid Mr. Kaveski \$14,000 per month in consulting fees. The arrangement terminated in April 2008 when Mr. Kaveski joined the Company as Vice President for Business Development and Global Marketing.

On March 14, 2008, the Company received an additional \$9,335,000 in equity financing, net of expenses. The investment was made by several current Energy Focus shareholders, including four members of the then Board of Directors. These investors agreed to an at-market purchase of approximately 3.1 million units for \$3.205 per unit, based on the closing bid price of Energy Focus common shares on March 13, 2008 of \$3.08. Each unit comprised one share of the Company's common stock, par value \$0.0001 per share, and one warrant to purchase one share of the Company's common stock at an exercise price of \$3.08 per share. The warrants were immediately separable from the units and immediately exercisable, and will expire five years after the date of their issuance. This additional financing was used to fund working capital, pay debt, and perform additional research and development. Among the investors were Ronald A. Casentini, John M. Davenport, John B. Stuppin, and Philip E. Wolfson, all of whom were members of the Company's Board of Directors at the time of the transaction, and who invested approximately \$100,000 in the aggregate. Also among the investors was The Quercus Trust (The Trust), whose trustees include David Gelbaum, who became a member of the Company's Board of Directors in February 2009.

On May 27, 2009, the Company entered into an unsecured Promissory Note (Note) with The Trust in the amount of \$70,000. Under the terms of this Note, the Company is obligated to pay The Trust the principal sum of the Note and interest accruing at a yearly rate of 1.00% in one lump sum payment on or before June 1, 2109. The Company received these funds on June 9, 2009.

In November 2009, the Company received an additional \$3,344,000 in equity financing, net of expenses by selling 4,813,000 shares of common stock in a registered offering. The investment was made by numerous current Energy Focus shareholders, including two then current members of the Company's Board of Directors. The investment was made under the Company's registration statement for a \$3,500,000 common stock subscription rights offering. Under the terms of the rights offering, the Company distributed, at no charge to its shareholders, transferable rights to purchase up to \$3.5 million of the Company's common stock at the established subscription price per share of \$0.75, which was set by the Company's Board of Directors. At the time the offering began, the Company distributed to each shareholder one transferable right for each share of common stock owned by the shareholder. Each right entitled the holder to purchase one share of the Company's common stock, par value \$0.0001 per share, subject to a maximum of 4,600,000 shares to be issued in the offering. Shareholders were entitled to subscribe for shares not subscribed for by other shareholders. Among the investors were Philip E. Wolfson, a member of the Company's Board of Directors at the time of the transaction, and who invested approximately \$8,000 in the aggregate. Also among the investors was The Trust, whose trustees include David Gelbaum, a member of the Company's Board of Directors at the time of the transaction.

In the Company's subscription rights offering discussed above, an investor inadvertently purchased 1,000,000 shares of our common stock at \$0.75 per share. The Company agreed to facilitate the sale of these shares to another shareholder or investor or to purchase them directly. A purchase of those shares by the Company would have severely depleted its cash-on-hand and working capital. After contacting selected shareholders and investors, the Company introduced the investor to The Trust, the Company's largest shareholder. The Company was informed on December 30, 2009, by the investor and The Trust that The Trust had agreed to purchase those shares at \$0.80 per share. At that

time, the closing market price of a share of our common stock was approximately \$0.65 per share. To facilitate the purchase of the 1,000,000 shares by The Trust, on December 30, 2009, the Company's Board of Directors agreed with The Trust to reduce the exercise price of the 1,560,062 warrants issued to The Trust in March 2008 to \$0.01 per share upon the execution of the purchase of all 1,000,000 shares to be completed in 2010.

On December 29, 2009 and in conjunction with the acquisition of SRC, the Company entered into Bonding Support Program Agreements (LOC s) with John Davenport, President of the Company, and with The Trust, for \$250,000 and \$300,000, respectively. These LOC s have a term of 24 months and bear interest at a rate of 12.5% on the face amount. The LOC s are collateralized by a percentage of the capital stock of Crescent Lighting Ltd. (CLL) which in turn is based on CLL s net worth as of November 30, 2009 and is subordinated to the senior indebtedness of the Company and CLL. In addition, subject to approval by shareholders, the Company will issue five-year, detachable penny warrants (\$.01 per share) to purchase the Company s common stock at a rate of 0.5 warrants per dollar of the face amount of the LOC.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Such officers, directors, and 10% stockholders are also required by SEC rules to furnish the Company with copies of all those reports that they file.

Based solely on its review of such reports filed with the SEC and written representations from the reporting persons, the Company believes that all filing requirements applicable to the Company s executive officers, directors and more than 10% stockholders were complied with for 2009.
