ITEM 2. ACQUISITION OR DISPOSITION OF ASSETS.

As previously reported in the Current Report on Form 8-K filed on May 14, 2004, on May 13, 2004, TechTeam Global NV/SA, the wholly-owned Belgian subsidiary of the Company, completed the acquisition of all of the outstanding equity of Advanced Network Engineering NV/SA (formerly Advanced Network Engineering CVBA) ("A.N.E.") from A.N.E.'s shareholders, Peter De Gendt, Werner Meynaerts, Pascal Claessens, Wim De Geetere, and Christoph Gesqueire ("Selling Shareholders"). The Company is now submitting the financial statements of the business acquired.

ITEM 7. FINANCIAL STATEMENTS AND EXHIBITS.

(a) Financial statements of business acquired.

Edgar Filing: TECHTEAM GLOBAL INC - Form 8-K/A

(b) Pro forma financial information.

(c) Exhibits.

-2-

(a) Financial statements of business acquired.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Board of Directors and Stockholders

We have audited the financial statements of Advanced Network Engineering CVBA for the period ended March 31, 2004 with a balance sheet total of E1.126.727,06 and a profit of the year of E50.500,51.

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in Belgium. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis our opinion.

In our opinion, financial statements referred to above present fairly, in all material respects, the financial position of Advanced Network Engineering CVBA and the results of their operations in the period started April 1, 2003 and ended March 31, 2004, are in conformity with accounting principles generally accepted in the Belgium.

Brussels, July 7, 2004.

/s/ BVBA VAN CAUTER - SAEYS & CO

LEGAL DISCUSSIONS

No provisions have to be taken into account concerning legal discussions.

DIFFERENCES BETWEEN U.S. GAAP AND BELGIUM GAAP

Edgar Filing: TECHTEAM GLOBAL INC - Form 8-K/A

1. General Presentation of the Financial Statements

Belgium GAAP differs from U.S. GAAP in that the financial statements do not require a presentation of the statement of cash flows.

Furthermore, Belgian accounting legislation establishes standard charts of accounts, as subscribed in law of January 30, 2001 and based on formats set forth in the European Union's 4th Directive. These charts of accounts prescribe the details that must be disclosed in the balance sheet and the profit and loss statement. The format of the presentation of the balance sheet differs from U.S. GAAP format in that the different items on the balance sheet are represented in ascending degree of liquidity (from long term to short term), i.e. on the Assets statement starting with Fixed Assets and ending with Cash and short-term Deferred Charges and Accrued Income and on the Liabilities statement starting with Owners' Equity and ending with short-term Accrued Charges and Deferred Income.

The total balance sheet amount is equal.

2. Statements of Operations

The presentation of the profit and loss statement differs from U.S. GAAP in the sense that the Belgium accounting legislation does not require any allocation of costs other than the cost of Purchased Goods, Raw Materials, or Purchased Subcontracting to the Cost of Sales or Cost of Revenue.

This means for instance that, in the case of revenues obtained from IT Services, the expenses of the billable staff are not included in the Gross Margin but are presented below the Gross Margin within the normal salary cost in the Operating Result.

Other general costs concerning sales are represented as general costs and not allocated to cost of services sold.

-16-

ADVANCED NETWORK ENGINEERING CVBA

ACCOUNTS AS PER 31/03/2004

3. ADDITIONAL INFORMATION

3. Evaluation Rules

Taking into account the type of the contracts and sales business of Advanced Network Engineering CVBA, there was no need to apply other evaluation rule f.i. revenue recognition or work in process.

The result for the year is equal.

-17-

(b) Pro forma financial information.

PRO FORMA CONDENSED COMBINED FINANCIAL INFORMATION

The unaudited pro forma condensed combined financial information for TechTeam Global, Inc. ("TechTeam") set forth below gives effect to the acquisition of Advanced Network Engineering NV/SA (formerly Advanced Network Engineering CVBA) ("A.N.E.") using the purchase method of accounting, after giving effect to the adjustments described in the accompanying notes. The unaudited pro forma condensed combined statements of operations includes only the results of ongoing

Edgar Filing: TECHTEAM GLOBAL INC - Form 8-K/A

operations and excludes such impacts as nonrecurring items related to the acquisition and synergies and related cost savings associated with the integration of the acquisition.

The unaudited pro forma condensed combined statement of financial position as of March 31, 2004 gives effect to the acquisition of A.N.E. as if it occurred on that date. The unaudited pro forma condensed combined statements of operations for the three months ended March 31, 2004 and the year ended December 31, 2003 give effect to the acquisition as if it occurred on the first day of each of those periods by combining the results for the three months ended March 31, 2004 of TechTeam with the results for the same period of A.N.E., and combining the results for the year ended December 31, 2003 of TechTeam with the results for the year ended March 31, 2004 of A.N.E.. The unaudited pro forma condensed combined financial information reflects certain adjustments.

The results of A.N.E. for the three months ended March 31, 2004 and the year ended December 31, 2003 are presented in accordance with accounting principals generally accepted in the United States ("US GAAP") and were translated into U.S. dollars at the average exchange rate during each respective period. The financial position of A.N.E. as of March 31, 2004 was translated into U.S. dollars at the exchange rate at that date. Adjustments to A.N.E.'s financial statements to conform to US GAAP related to classifying expenses in the statement of operations by their functional classification rather than their natural classification. Belgian GAAP does not require any allocation of costs other than the cost of purchased goods, raw materials, or purchased subcontracting to cost of revenue. There was no impact on net income.

The pro forma condensed combined financial information is for informational purposes only and does not purport to represent what the consolidated financial position or results of operations of TechTeam would actually have been if the ANE acquisition, in fact, had occurred on March 31, 2004, or at the beginning of the periods presented, or to project the consolidated financial position or results of operations as of any future date or any future period. The unaudited pro forma financial information should be read together with (i) the TechTeam Global, Inc. consolidated financial statements as of December 31, 2003 and 2002, and for each of the three years in the period ended December 31, 2003, including the notes thereto, included in TechTeam's Annual Report on Form 10-K for the fiscal year ended December 31, 2003, and (ii) the TechTeam Global, Inc. unaudited condensed consolidated financial statements as of March 31, 2004 and for the three-month periods ended March 31, 2004 and 2003, including the notes thereto, included in TechTeam's Quarterly Report on Form 10-Q for the quarter ended March 31, 2004

TECHTEAM GLOBAL, INC. AND SUBSIDIARIES
NOTES TO PRO FORMA CONDENSED COMBINED FINANCIAL INFORMATION

NOTE 1 -- PRO FORMA ADJUSTMENTS

Pro forma adjustments for the unaudited pro forma condensed combined statement of financial position as of March 31, 2004, and the condensed combined statements of operations for the three months ended March 31, 2004 and the year ended December 31, 2003 are as follows:

- (A) To reflect the payment of the initial purchase price of E850,000 plus acquisition costs of E58,000 (\$1,106,000 at March 31, 2004), for the acquisition of all of the outstanding stock of A.N.E., to reflect the fair value of identifiable intangible assets in excess of the carrying amount acquired, and to reflect goodwill as the excess of the purchase price paid over the estimated fair value of the identified net assets acquired.
- (B) To reflect the amortization of identifiable intangible assets resulting from the acquisition, which are amortized on a straight-line basis over a period of six years.
- (C) To reduce interest income for the cash used in the acquisition of A.N.E.
- (D) To record the related tax effects of the pro forma adjustments to the condensed combined statements of operations. The adjustments assume no utilization of existing net operating loss carryforwards at TechTeam Global NV/SA to reduce taxable income at A.N.E.
