Table of Contents

Certain statements contained in this report, such as statements concerning our anticipated financial results, current and future product performance, regulatory approvals, currency impact, business and financial plans and other non-historical facts are forward-looking statements. These statements are based on current expectations and currently available information. However, since these statements are based on factors that involve risks and uncertainties, our actual performance and results may differ materially from those described or implied by such forward-looking statements. Factors that could cause or contribute to such differences include, among others: fluctuations in exchange rates and other developments related to foreign currencies and economies; increased generic and branded competition for our Roundup herbicide; the accuracy of our estimates and projections, for example, those with respect to product returns and grower use of our products and related distribution inventory levels; the effect of weather conditions and commodity markets on the agriculture business; the success of our research and development activities and the speed with which regulatory authorizations and product launches may be achieved; domestic and foreign social, legal and political developments, especially those relating to agricultural products developed through biotechnology; our ability to continue to manage our costs; our ability to successfully market new and existing products in new and existing domestic and international markets; our ability to obtain payment for the products that we sell; our ability to achieve and maintain protection for our intellectual property; the effects of our accounting policies and changes in generally accepted accounting principles; our exposure to lawsuits and other liabilities and contingencies, including those related to intellectual property, product liability, regulatory compliance (including seed quality), environmental contamination and antitrust; our ability to fund our short-term financing needs; general economic and business conditions; and other risks and factors detailed in our filings with the SEC. Undue reliance should not be placed on these forward-looking statements, which are current only as of the date of this report. We disclaim any current intention to revise or update any forward-looking statements or any of the factors that may affect actual results, whether as a result of new information, future events or otherwise.
