Employment and Severance Agreements

On September 21, 2005, we entered into an employment agreement, or the Employment Agreement, with Michael J. Astrue, as amended on March 7, 2006, pursuant to which he is serving as our Interim Chief Executive Officer for a term that will expire on May 31, 2006. Mr. Astrue intends to resign as Interim Chief Executive Officer in May 2006. Under the terms of the Employment Agreement, Mr. Astrue receives a salary at the annual rate of \$400,000, paid in accordance with our usual payroll practices. Mr. Astrue is also entitled to participate in employee benefits offered by us to our other senior management employees and reimbursement of reasonable expenses incurred in promoting our business. The Employment Agreement allows Mr. Astrue to devote reasonable time to certain outside activities, as set forth in the Employment Agreement, provided such activities do not conflict in any material way with our business.

By the terms of the Employment Agreement and contemporaneous with its execution, Mr. Astrue entered into our standard indemnification agreement with us. We have also agreed to maintain, at a reasonable cost, directors and officers liability insurance that will cover Mr. Astrue to the same extent as our other senior management employees. The Employment Agreement also contains confidentiality and assignment of inventions provisions. Either we or Mr. Astrue may terminate the Employment Agreement upon ten days' prior written notice. In the event the Employment Agreement is terminated for any reason, we will pay Mr. Astrue his salary for the period ending on the last day Mr. Astrue is employed with us, and shall also provide any other payments or benefits provided under employee benefit plans or arrangements to the extent then due from us. In addition, in the event Mr. Astrue is terminated, the board of directors may, in its sole discretion, grant Mr. Astrue a bonus for services rendered to us.

On September 14, 2005, we entered into a severance and incentive agreement, or the Severance Agreement, with Andrew C.G. Uprichard, M.D. Pursuant to the Severance Agreement, if Dr. Uprichard is terminated without cause or resigns under certain circumstances involving a change in title, a diminution of duties, or a material reduction in salary, then, in exchange for a complete release of all claims against us, we will pay Dr. Uprichard severance of one year's salary, paid in accordance with our usual payroll practices, and will pay the costs to continue his medical and dental insurance pursuant to COBRA for one year following the termination date. The Severance Agreement will not apply in the event of a termination following a change in control, in which case, Dr. Uprichard may be eligible for severance pay in accordance with the severance arrangements with executive officers and certain other senior managers authorized by the board of directors in 2003 and further described below.

Table of Contents

In connection with Michael D. Webb's resignation as Chief Executive Officer and member of the board of directors, effective September 14, 2005, we entered into a separation agreement, or the Separation Agreement, with Mr. Webb, pursuant to which Mr. Webb continued to serve as a consultant to us until December 31, 2005 on an independent contractor basis. Pursuant to the Separation Agreement, beginning in January 2006, Mr. Webb is entitled to receive severance pay in the amount of \$175,150.50, payable in six approximately equal monthly payments. We have also agreed to cover the cost of the COBRA payments to continue Mr. Webb's participation in our medical and dental insurance plans during the period in which these severance payments are made. Under the terms of the Separation Agreement, Mr. Webb's options vested until September 14, 2005 and he had the right to exercise any vested incentive stock options in accordance with the terms of the stock option awards and the plan pursuant to which they were granted and to exercise any vested non-qualified stock options up through and including the 90th day following the conclusion of his consulting work for us.

Our board of directors has authorized a severance arrangement for our executive officers and selected other senior managers, under which each such officer or manager who is subject to a termination event following a change in control (as defined in footnote 1 to the table under "Option Grants in Our Last Fiscal Year") will receive a cash payment of six months' base salary, plus one additional month of base salary for each year of employment with us, up to a maximum potential payment of twelve months' base salary. In addition, as set forth in footnote 1 to the table under

"Option Grants in Our Last Fiscal Year", options held by our executive officers contain provisions for acceleration of vesting under certain circumstances in the event of a change in control.

(1) These options were granted under our

Amended and Restated 1992 Equity Incentive Plan, or the Equity Plan, at an exercise price equal to the fair market value of our common stock at the date of grant. All of the options granted vest in five equal annual installments and began vesting on March 17, 2006 except for one of the grants to Mr. Pelletier which begins vesting on June 24, 2006.

With the exception of Mr. Pelletier's option for 8,281 shares, which is an incentive stock option, each of the options cited above consists of a combination of non-qualified stock options and incentive stock options as follows:

Dr. Uprichard's option consists of 41,992 non-qualified stock options and 10,508 incentive stock options; Mr. Pelletier's grant of 15,000 options consists of 7,907

non-qualified
stock options
and 7,093
incentive stock
options, and
Mr. Webb's
option consists
of 39,998
non-qualified
options and
10,002 incentive
stock options.
The options are
not transferable,
except by will or
by laws of
descent and
distribution. The
post-termination
exercise period
for exercisable
options is
generally three
months. If an
acquisition event
also

Table of Contents

constitutes a change in control, or, if there is a change in control that does not also constitute an acquisition event, unless provided to the contrary in an agreement between us and the optionee, the options or such assumed or substituted options shall become immediately exercisable in full, if within 18 months of the change in control, a termination event (as defined below) with respect to the optionee occurs. If the acquiring or succeeding corporation does not agree to assume or issue substitute options for the options issued by us, the options issued by us shall become immediately exercisable in full. If the acquisition event involves a cash payment to

our
stockholders,
the optionee
shall receive a
cash payment
for each option
equal to the
amount by
which the price
to be paid in the
acquisition
exceeds the
option exercise
price.

An acquisition
event means
(a) any merger
or consolidation
of us with or
into another
entity as a result
of which our
common stock
is converted into
or exchanged
for the right to
receive cash,
securities or
other property;
(b) any
exchange of our
shares for cash,
securities or
other property
pursuant to a
statutory share
exchange
transaction;
(c) any sale or
exchange of all
or substantially
all of our assets
in one
transaction or in
a series of
transactions; or
(d) a
reorganization
or liquidation of
us.

A change in control means either (a) (i) a merger or consolidation of us, whether or not approved by the board of directors, other than a merger or consolidation in which our voting securities continue to represent at least 50% of the total voting power represented by our voting securities of the surviving entity outstanding immediately after the merger or consolidation, or (ii) the approval by our stockholders of an agreement for the sale or disposition by us of all or substantially all of our assets; or (b) any person becoming the beneficial owner of our securities representing 50% or more of our total outstanding voting power (excluding us or our affiliates or any of our employee benefit plans)

pursuant to a transaction or a series of related transactions which the board of directors does not approve.

A termination event means the termination of the optionee's employment (a) by us or the acquiring or succeeding corporation without cause; or (b) by the optionee upon written notice given promptly after our or the acquiring or succeeding corporation's taking any of the following actions, which actions shall not have been cured within a 30-day period following such notice: (i) the principal place of the performance of the optionee's responsibilities, or the Principal Location, is changed to a location outside of a 30 mile radius from the Principal Location immediately prior to the change in control;

(ii) there is a material reduction in the optionee's salary; or
(iii) there is a material diminution in the scope of the optionee's responsibilities without the optionee's agreement or without cause.

- (2) In accordance with the rules of the Securities and Exchange Commission, we show in these columns the potential realizable value over the term of the option (the period from the grant date to the expiration date). We calculate this assuming that the fair market value of our common stock on the date of grant appreciates at the indicated annual rate, 5% and 10% compounded annually, for the entire term of the option and that the option is exercised and sold on the last day of its term for the appreciated

stock price.

These amounts are based on assumed rates of appreciation and do not represent an estimate of our future stock price. Actual gains, if any, on stock option exercises will depend on the future performance of our common stock, the optionholder's continued employment with us through the option exercise period, and the date on which the option is exercised.

- (3) Effective September 14, 2005, Mr. Webb resigned as Chief Executive Officer and member of the board of directors, but continued to provide consulting services to us through December 31, 2005. In connection with his departure these options have now been cancelled.

Aggregated Option Exercises in Last Fiscal Year and Fiscal Year-End Option Values

The following table shows information regarding exercises of options to purchase our common stock by each executive officer named in the Summary Compensation Table during the year ended December 31, 2005. The table also shows the aggregate value of options held by each executive officer named in the Summary Compensation Table as of December 31, 2005. The value of the unexercised in-the-money options at fiscal year end is based on a value of \$4.04 per share, the closing price of our common stock on The NASDAQ National Market on December 31, 2005 (the last trading day prior to the fiscal year end), less the per share exercise price.

(1) Amounts shown in this column do not necessarily represent actual value realized from the sale of the shares acquired upon exercise of the option because in many cases the shares are not sold on exercise but continue to be held by the executive officer exercising the option. The amounts shown represent the difference between the option exercise price and the market price on the date of

exercise, which
is the amount
that would have
been realized if
the shares had
been sold
immediately
upon exercise.

Compensation of Our Directors

We pay each non-employee director who serves on a committee of our board of directors an annual fee of \$25,000 for service as a director and as a committee member. We pay each non-employee director who does not also serve on a committee of the board of directors an annual fee of \$15,000 for service as a director. During 2005, we paid our outside directors the following fees: Mr. Gabrieli \$25,000, Mr. Leuchtenberger \$22,500, Mr. Phelps \$16,250, and Mr. Wirth \$25,000. Stanley T. Crooke, M.D., Ph.D., who resigned from the board of directors in June 2005, was paid \$12,500 in connection with his service on the board of directors. In addition, non-employee directors are eligible to participate in our Amended and Restated 1996 Director Stock Option Plan, or the Director Plan. Upon the appointment, election or reelection of a non-employee director, such director is automatically granted an option to purchase 25,000 shares of our common stock. Such options become exercisable in equal installments over a three-year period on each anniversary of the grant, provided that the optionee is still a director at the opening of business on such applicable date. Commencing with grants made on or after the annual meeting of stockholders, this initial grant shall be subject to adjustment if a director receives stock options upon appointment to the board of directors between annual meetings of stockholders to fill a vacancy or newly elected directorship and any such option shall become exercisable in equal monthly installments from the date of grant until the first annual meeting of stockholders at which such director is nominated for election or reelection. In addition, each non-employee director is automatically granted an option to purchase 5,000 shares of our common stock annually during the years in which such director is not up for reelection to the board of directors. Such options become exercisable in full on the first anniversary date of the grant, provided that the optionee is still a director at the opening of business on such date. Each option has a term of ten years and becomes vested in full in the event of a merger (in which we do not survive) or liquidation of us. The exercise price for each option is equal to the fair market value of our common stock on the date of grant. During fiscal 2005, the following options were granted under the Director Plan: Mr. Gabrieli an option for 25,000 shares of our common stock, Mr. Leuchtenberger an option for 5,000 shares of our common stock, Mr. Phelps an option for 5,000 shares of our common stock and Mr. Wirth an option for 5,000 shares of our common stock. An option for 5,000 shares of our common stock was also granted to Dr. Crooke, which was subsequently cancelled upon his resignation from the board of directors. Options granted during 2005 to Michael D. Webb are reported under Executive Compensation Option Grants in Our Last Fiscal Year.

Except as indicated in footnotes to this table, we believe that the stockholders named in this table have sole voting and investment power with respect to all shares of our common stock shown to be beneficially owned by them based on information provided to us by these stockholders. ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

We have entered into employment and/or severance agreements with certain of our executive officers as further described under "Executive Compensation" "Employment and Severance Agreements" of this Annual Report on Form 10-K/A.

In connection with Michael D. Webb's resignation as Chief Executive Officer and member of the board of directors, effective September 14, 2005, we entered into a separation agreement with Mr. Webb. Pursuant to this agreement Mr. Webb served as a consultant to us until December 31, 2005 on an independent contractor basis and is entitled to receive severance pay in the amount of \$175,150.50, payable in six approximately equal monthly payments. In fiscal year 2005, we paid Mr. Webb \$102,082 for his fees and expenses in connection with this consultancy.

In 2005, we engaged Michael Gilman, Ph.D., a member of our board of directors, to serve as a consultant in connection with the evaluation of privately-held biotechnology companies for acquisition. On April 3, 2006, we announced the signing of a definitive agreement and plan of merger by and among us, EPIX Delaware, Inc., our wholly-owned subsidiary, and Predix Pharmaceuticals Holdings, Inc., a privately-held pharmaceutical company based in Lexington, Massachusetts. Pursuant to the agreement and plan of merger, Predix Pharmaceuticals Holdings, Inc. will merge with and into EPIX Delaware, Inc. The merger is expected to close by the end of July 2006. Pursuant to the terms of Dr. Gilman's consulting agreement, we paid Dr. Gilman approximately \$22,950 in 2005 for his services and have paid him an additional \$24,920 as of March 31, 2006. Upon completion of Dr. Gilman's remaining consulting services in connection with the merger, his relationship with us as a consultant will end.

ITEM 14. PRINCIPAL ACCOUNTANT FEES AND SERVICES

The following table presents fees for professional audit services rendered by Ernst & Young LLP for the audit of our annual financial statements for the years ended December 31, 2005 and 2004, and fees billed for tax services rendered by Ernst & Young LLP during those periods. The audit committee of the board of directors considered the provision of the services corresponding to these fees in its finding that the services are compatible with Ernst & Young LLP maintaining its independence.

Table of Contents

	Year Ended	
	December 31, 2005	December 31, 2004
Audit Fees:(1)	\$ 265,500	\$ 393,000
Audit-Related Fees:(2)		
Tax Fees:(3)	17,700	27,872
All Other Fees:(4)		
Total	283,200	420,872

(1) Audit Fees consist of fees for professional services rendered for the audit of our annual financial statements, a review of the interim financial statements included in the quarterly reports, a review of internal controls of financial reporting (Section 404) and services normally provided by Ernst & Young LLP in connection regulatory filings, as well as work generally only the independent auditor can reasonably be expected to provide, such as statutory audits.

(2) Audit-Related Fees consist of

fees for assurance and related services that are reasonably related to the performance of an audit or review of our financial statements and are not reported under Audit Fees. The category includes fees for the review of our employee benefit plans. In 2004, we hired an accounting firm other than Ernst & Young LLP to audit the employee benefit plans.

- (3) Tax Fees consist of fees for professional services rendered in preparing the federal and state tax returns, and for providing tax compliance, tax advice and tax planning assistance.
- (4) All Other Fees consist of fees for services other than the services reported above.

**Policy on Audit Committee Pre-Approval of Audit and Permissible
Non-audit Services of Independent Auditors**

Consistent with Securities and Exchange Commission policies regarding auditor independence, the audit committee of the board of directors has responsibility for appointing, setting compensation and overseeing the work of

the independent auditor. In recognition of this responsibility, the audit committee of the board of directors has established a policy to pre-approve all audit and permissible non-audit services provided by the independent auditor.

Prior to engagement of the independent auditor for the next year's audit, management will submit an aggregate of services expected to be rendered during that year for each of four categories of services to the audit committee of the board of directors for approval.

1. *Audit* services include audit work performed in the preparation of financial statements, as well as work that generally only the independent auditor can reasonably be expected to provide, including comfort letters, and attest services and consultation regarding financial accounting and/or reporting standards.

2. *Audit-Related* services are for assurance and related services that are traditionally performed by the independent auditor, including due diligence related to mergers and acquisitions, employee benefit plan audits, and special procedures required to meet certain regulatory requirements.

3. *Tax* services include all services performed by the independent auditor's tax personnel except those services specifically related to the audit of the financial statements, and includes fees in the areas of tax compliance, tax planning, and tax advice.

4. *Other Fees* are those associated with services not captured in the other categories.

Prior to engagement, the audit committee of the board of directors pre-approves these services by category of service. The fees are budgeted and the audit committee of the board of directors requires the independent auditor and management to report actual fees versus the budget periodically throughout the year by the category of service. During the year, circumstances may arise when it may become necessary to engage the independent auditor for additional services not contemplated in the original pre-approval. In those instances, the audit committee of the board of directors requires specific pre-approval before engaging the independent auditor.

Table of Contents

The audit committee of the board of directors may delegate pre-approval authority to one or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the audit committee of the board of directors at its next scheduled meeting.
