QUESTIONS & ANSWERS

Although we recommend that you read the complete Joint Proxy Statement/ Prospectus, we have provided for your convenience a brief overview of the issues to be voted on.

Q WHY IS A SHAREHOLDER MEETING BEING HELD?

A Shareholders of Van Kampen High Income Trust: You are being asked to vote on a reorganization (the "Reorganization") of Van Kampen High Income Trust (the "Target Fund") into Van Kampen High Income Trust II (the "Acquiring Fund"), a closed-end investment company that has a substantially similar investment objective and substantially similar investment policies as the Target Fund. Shareholders of Van Kampen High Income Trust II: You are being asked to vote on the issuance of common shares of beneficial interest by the Acquiring Fund in connection with the Reorganization.

Q WHY IS THE REORGANIZATION BEING RECOMMENDED?

A The Board of Trustees of each Fund has determined that the Reorganization will benefit holders of common shares of the each Fund. After the Reorganization, it is anticipated that common shareholders of the Funds will experience a reduced overall operating expense ratio, while Target Fund shareholders remain invested in a closed-end fund that has a substantially similar investment objective and substantially similar investment policies and which is managed by the same investment advisory personnel. It is not anticipated that the Reorganization will directly benefit holders of preferred shares; however, the Reorganization will not adversely affect preferred shareholders, and none of the expenses of the Reorganization will be borne by preferred shareholders.

Q HOW WILL THE REORGANIZATION AFFECT ME?

A Assuming shareholders of the Target Fund approve the Reorganization and shareholders of the Acquiring Fund approve the issuance of common shares of beneficial interest by that Fund, the assets and liabilities of the Target Fund will be combined with those of the Acquiring Fund and the Target Fund will be dissolved.

Shareholders of the Target Fund: You will become a shareholder of the Acquiring Fund. If you are a holder of common shares of the Target Fund, you will receive newly-issued common shares of the Acquiring Fund, and if you are a holder of preferred shares of the Target Fund, you will receive newly-issued preferred shares of the Acquiring Fund. The aggregate net asset value of the shares you receive in the Reorganization will equal the aggregate net asset value of the shares you own immediately prior to the Reorganization less the costs of the Reorganization (though you may receive cash for fractional shares). No certificates for shares of the Acquiring Fund will be issued in connection with the Reorganization, although such certificates will be available upon request.

Shareholders of the Acquiring Fund: You will remain a shareholder of the Acquiring Fund.

Q WILL I HAVE TO PAY ANY SALES LOAD, COMMISSION OR OTHER SIMILAR FEE IN CONNECTION WITH THE REORGANIZATION?

A You will pay no sales loads

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

or commissions in connection with the Reorganization. However, if the Reorganization is completed, the costs associated with the Reorganization, including the costs associated with the shareholder meeting, will be borne by the Target Fund and the Acquiring Fund in proportion to their projected benefits as a result of the Reorganization.

Q WILL I HAVE TO PAY ANY
FEDERAL TAXES AS A RESULT OF THE REORGANIZATION?

A The Reorganization is intended to qualify as a "reorganization" within the meaning of Section 368(a)(1) of the Internal Revenue Code of 1986, as amended. If the Reorganization so qualifies, in general, shareholders of the Target Fund will recognize no gain or loss upon the receipt solely of shares of the Acquiring Fund in connection with the Reorganization. Additionally, the Target Fund will not recognize any gain or loss as a result of the transfer of all of its assets and liabilities in exchange for the shares of the Acquiring Fund or as a result of its dissolution. Neither the Acquiring Fund nor its shareholders will recognize any gain or loss in connection with the Reorganization.

Q WHY IS THE VOTE OF
SHAREHOLDERS OF THE ACQUIRING FUND BEING SOLICITED?

A Although the Acquiring Fund will continue its legal existence and operations after the Reorganization, the rules of the New York Stock Exchange (on which the Acquiring Fund's common shares are listed) require holders of common shares of the Acquiring Fund to approve the issuance of additional common shares of beneficial interest by the Acquiring Fund in connection with the Reorganization.

Q HOW DOES THE BOARD OF
TRUSTEES OF MY FUND SUGGEST THAT I VOTE?

A After careful consideration, the Board of Trustees of each Fund recommends that you vote "FOR" each of the items proposed.

Q HOW DO I VOTE MY PROXY?

A You may cast your vote by mail, phone or internet. To vote by mail, please mark your vote on the enclosed proxy card and sign, date and return the card in the postage-paid envelope provided. JOINT SPECIAL MEETING OF SHAREHOLDERS ON JUNE 22, 2005

This Joint Proxy Statement/Prospectus is furnished to you as a shareholder of Van Kampen High Income Trust (the "Target Fund") or Van Kampen High Income Trust II (the "Acquiring Fund"). A joint special meeting of shareholders of the Funds (the "Special Meeting") will be held at the offices of Van Kampen Investments Inc., 1 Parkview Plaza, Oakbrook Terrace, Illinois 60181-5555 on June 22, 2005 at 3:00 p.m. to consider the items listed below and discussed in greater detail elsewhere in this Joint Proxy Statement/Prospectus. If you are unable to attend the Special Meeting or any adjournment thereof, the Board of Trustees of each Fund requests that you vote your shares by completing and returning the enclosed proxy card. The approximate mailing date of this Joint Proxy Statement/Prospectus is May , 2005.

The purposes of the Special Meeting are:

For shareholders of the Target Fund:

1. To approve an Agreement and Plan of Reorganization (the "Reorganization Agreement") between the Target Fund and Van Kampen High Income Trust II (the "Acquiring Fund");

For shareholders of the Acquiring Fund:

2. To approve the issuance of common shares of beneficial interest, par value \$0.01 per share by the Acquiring Fund ("Acquiring Fund Common Shares") in connection with and as contemplated by the Reorganization Agreement; and

For shareholders of both Funds:

3. To transact such other business as may properly be presented at the Special Meeting or any adjournment thereof.

The Reorganization Agreement that you are being asked to consider involves a transaction that will be referred to in this Joint Proxy Statement/Prospectus as the "Reorganization." The Reorganization seeks to combine two similar funds to achieve certain economies of scale and other operational efficiencies. The investment objective of the Acquiring Fund is to provide to its common shareholders high current income, while seeking to preserve shareholders' capital, through investment in a professionally managed diversified portfolio of high income producing fixed-income securities. The investment objective of the Target Fund is to provide to its common shareholders high current income, while seeking to preserve shareholders' capital, through investment in a professionally managed portfolio of high yield fixed-income producing securities. The Target Fund and the Acquiring Fund are sometimes referred to herein each as a "Fund" and collectively as the "Funds."

In the Reorganization, the Acquiring Fund will acquire substantially all of the assets and assume substantially all of the liabilities of the Target Fund in exchange for an equal aggregate value of newly-issued Acquiring Fund Common Shares, and newly-issued auction preferred shares of the Acquiring Fund with a par value of \$0.01 per share and a liquidation preference of \$25,000 per share ("Acquiring Fund APS"). The Target Fund will distribute Acquiring Fund Common Shares to holders of common shares of the Target Fund ("Target Fund Common Shares") and Acquiring Fund APS to holders of auction market preferred shares of

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

the Target Fund ("Target Fund AMPS"), and will then terminate its registration under the Investment Company Act of 1940, as amended (the "1940 Act"), and dissolve under applicable state law. The aggregate net asset value of Acquiring Fund Common Shares will equal the aggregate net asset value of Target Fund Common Shares, less the costs of the Reorganization (though shareholders may receive cash for fractional shares). The aggregate liquidation preference of Acquiring Fund APS received in the Reorganization will equal the aggregate liquidation preference of Target Fund AMPS held immediately prior to the Reorganization. The Acquiring Fund will continue to operate as a registered closed-end investment company with the investment objective and policies described in this Joint Proxy Statement/Prospectus.

In connection with the Reorganization, holders of Acquiring Fund Common Shares are being asked to approve the issuance of additional Acquiring Fund Common Shares.

In the event that Target Fund shareholders do not approve the Reorganization or holders of Acquiring Fund Common Shares do not approve the issuance of additional Acquiring Fund Common Shares, the Target Fund will continue to exist and the Board of Trustees of the Target Fund will consider what additional action, if any, to take.

2

The Board of Trustees of each Fund has determined that including both proposals in one Joint Proxy Statement/Prospectus will reduce costs and is in the best interests of each Fund's shareholders.

This Joint Proxy Statement/Prospectus sets forth concisely the information shareholders of the Funds should know before voting on the proposals and constitutes an offering of Acquiring Fund Common Shares and Acquiring Fund APS. Please read it carefully and retain it for future reference. SUMMARY

The following is a summary of certain information contained elsewhere in this Joint Proxy Statement/Prospectus and is qualified in its entirety by reference to the more complete information contained in this Joint Proxy Statement/Prospectus and in the Statement of Additional Information. Shareholders should read the entire Joint Proxy Statement/Prospectus carefully.

PROPOSAL 1: REORGANIZATION OF THE TARGET FUND

THE PROPOSED REORGANIZATION. The Board of Trustees of the Target Fund (the "Target Fund Board"), including the trustees who are not "interested persons," as defined in the 1940 Act, of the each Fund, has unanimously approved the Reorganization Agreement. If the shareholders of the Target Fund approve the Reorganization Agreement and the shareholders of the Acquiring Fund approve the issuance of Acquiring Fund Common Shares (see Proposal 2), Acquiring Fund Common Shares and Acquiring Fund APS will be issued to holders of Target Fund Common

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

Shares and Target Fund AMPS, respectively, in exchange for substantially all of the assets of the Target Fund and the assumption of substantially all of the liabilities of the Target Fund. The Target Fund will then terminate its registration under the 1940 Act and dissolve under applicable state law. The aggregate net asset value of Acquiring Fund Common Shares received in the Reorganization will equal the aggregate net asset value of Target Fund Common Shares held immediately prior to the Reorganization, less the costs of the reorganization, and the aggregate liquidation preference of the Acquiring Fund APS received in the Reorganization will equal the aggregate liquidation preference of Target Fund AMPS held immediately prior to the Reorganization.

BACKGROUND AND REASONS FOR THE PROPOSED REORGANIZATION. The Reorganization seeks to combine two substantially similar funds to achieve certain economies of scale and other operational efficiencies. Each Fund is a diversified, closed-end management investment company registered under the 1940 Act. The investment objective of the Acquiring Fund is to provide to its common shareholders high current income, while seeking to preserve shareholders' capital, through investment in a professionally managed diversified portfolio of high income producing fixed-income securities. The investment objective of the Target Fund is to provide to its common shareholders high current income, while seeking to preserve shareholders' capital, through investment in a professionally managed portfolio of high yield fixed-income producing securities. The term "high yield fixed-income securities" may hereinafter be referred to as "high income producing fixed-income securities."

Each Fund seeks to achieve its investment objective by investing primarily in fixed-income securities rated in the medium- and lower-grade categories by established rating agencies, or in unrated securities considered by the investment

7

adviser to be of comparable quality. The Funds are managed by the same investment advisory personnel.

The proposed Reorganization will combine the assets of these similar funds by reorganizing the Target Fund into the Acquiring Fund. The Target Fund Board and the Board of the Trustees of the Acquiring Fund (the "Acquiring Fund Board"), based upon their evaluation of all relevant information, anticipate that the Reorganization will benefit holders of Target Fund Common Shares and holders of Acquiring Fund Common Shares. In particular, Board of Trustees of each Fund believes, based on data presented by Van Kampen Asset Management, the investment adviser to each of the Funds (the "Adviser"), that holders of common shares of the Funds will experience a reduced overall operating expense ratio as a result of the Reorganization. The combined fund resulting from the proposed Reorganization will have a larger asset base than either fund has currently; certain fixed administrative costs, such as costs of printing shareholder reports and proxy statements, legal expenses, audit fees, mailing costs and other expenses, will be spread across this larger asset base, thereby lowering the expense ratio for common shareholders of the combined fund. Moreover, the asset base of the combined fund should provide for a more liquid trading environment with more favorable execution and reduced prices and may attract more analyst and investor attention.

The table below sets forth the fees and expenses that investors may pay to buy and hold common shares of each of the Target Fund and the Acquiring Fund, including (i) the fees and expenses paid by the Target Fund for the twelve-month period ended December 31, 2004, (ii) the fees and expenses paid by the Acquiring Fund for the twelve-month period ended December 31, 2004, and (iii) the pro forma fees and expenses for the Acquiring Fund for the twelve-month period ended

December 31, 2004, assuming the Reorganization had been completed at the beginning of such period.

FEE AND EXPENSE TABLE FOR COMMON SHAREHOLDERS OF THE TARGET FUND
AND THE ACQUIRING FUND AS OF DECEMBER 31, 2004

Total Annual Expenses (c).....	1.99%	2.12%	1.81%

-
- (a) No information is presented with respect to preferred shares because holders of preferred shares do not bear any operating expenses of either Fund and will not bear any operating expenses of the combined fund. Generally, preferred shares are sold at a fixed liquidation preference.
 - (b) Common shares purchased in the secondary market may be subject to brokerage commissions or other charges. No sales load will be charged on the issuance of shares in the Reorganization. Common Shares are not available for purchase from the Funds but may be purchased through a broker-dealer subject to individually negotiated commission rates.
 - (c) If assets attributable to preferred shares were included, the investment advisory fees for each of the Target Fund, the Acquiring Fund and the Acquiring Fund on a pro forma basis would be 0.70%, 0.70% and 0.70%, respectively, and the Total Annual Expenses would be 1.13%, 1.21% and 1.03%, respectively.

EXAMPLE. The following example is intended to help you compare the costs of investing in the Acquiring Fund, both before and pro forma after the Reorganization, with the costs of investing in the Target Fund. An investor would pay the following expenses on a \$1,000 investment, assuming (1) the operating expense

ratio for each Fund (as a percentage of net assets attributable to common shares) set forth in the table above and (2) a 5% annual return throughout the

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

period:

	1 YEAR	3 YEARS	5 YEARS	10 YEARS
Target Fund.....	\$20	\$62	\$107	\$232
Acquiring Fund.....	\$22	\$66	\$114	\$245
Pro Forma -- Acquiring Fund.....	\$18	\$57	\$ 98	\$213

The example set forth above assumes common shares of each Fund were purchased in the initial offerings and the reinvestment of all dividends and distributions and uses a 5% annual rate of return as mandated by SEC regulations. The example should not be considered a representation of past or future expenses or annual rates of return. Actual expenses or annual rates of return may be more or less than those assumed for purposes of the example.

FURTHER INFORMATION REGARDING THE PROPOSED REORGANIZATION. The Target Fund Board has determined that the Reorganization is in the best interests of holders of Target Fund Common Shares and that the interests of such shareholders will not be diluted as a result of the Reorganization. Similarly, the Acquiring Fund Board has determined that the Reorganization is in the best interests of holders of Acquiring Fund Common Shares and that the interests of such shareholders will not be diluted as a result of the Reorganization. It is not anticipated that the Reorganization will directly benefit the holders of preferred shares of either Fund; however, the Reorganization will not materially adversely affect the holders of preferred shares of either Fund and the expenses of the Reorganization will not be borne by the holders of preferred shares of either Fund. As a result of the Reorganization, however, a shareholder of either Fund will hold a reduced percentage of ownership in the larger combined fund than he or she did in either of the separate Funds.

The Reorganization is intended to qualify as a "reorganization" within the meaning of Section 368(a)(1) of the Internal Revenue Code of 1986, as amended (the "Internal Revenue Code" or "Code"). If the reorganization so qualifies, in general, a shareholder of the Target Fund will recognize no gain or loss upon the receipt solely of shares of the Acquiring Fund in connection with the Reorganization. Additionally, the Target Fund will not recognize any gain or loss as a result of the transfer of substantially all of its assets and liabilities in exchange for the shares of the Acquiring Fund or as a result of its dissolution.

The Target Fund Board requests that shareholders of the Target Fund approve the proposed Reorganization at the Special Meeting to be held on June 22, 2005. Subject to the requisite approval of the shareholders of each Fund with regard to the Reorganization, it is expected that the closing date of the transaction (the "Closing Date") will be after the close of business on or about June 30, 2005, but it may be at a different time as described herein.

10

The Target Fund Board recommends that you vote "FOR" the proposed Reorganization.

PROPOSAL 2: ISSUANCE OF ACQUIRING FUND COMMON SHARES

In connection with the proposed Reorganization, as described in the section entitled, "Proposal: Reorganization of the Target Fund," the Acquiring Fund will issue additional Acquiring Fund Common Shares and list such shares on the NYSE.

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

The Acquiring Fund will acquire substantially all of the assets and assume substantially all of the liabilities of the Target Fund in exchange for the newly-issued Acquiring Fund Common Shares and newly-issued Acquiring Fund APS. The aggregate net asset value of the Acquiring Fund Common Shares received by the Target Fund in the Reorganization will equal the aggregate net asset value of the Target Fund Common Shares immediately prior to the Reorganization, less the costs of the Reorganization. The Reorganization will result in no reduction of net asset value of the Acquiring Fund Common Shares, other than to reflect the costs of the Reorganization. No gain or loss will be recognized by the Acquiring Fund or its shareholders in connection with the Reorganization. The Acquiring Fund Board, based upon its evaluation of all relevant information, anticipates that the Reorganization will benefit holders of Acquiring Fund Common Shares by achieving certain economies of scale and other operational efficiencies.

The Acquiring Fund Board requests that shareholders of the Acquiring Fund approve the issuance of additional Acquiring Fund Common Shares at the Special Meeting to be held on June 22, 2005. Subject to the requisite approval of the shareholders of each Fund with regard to the Reorganization, it is expected that the Closing Date will be after the close of business on or about June 30, 2005, but it may be at a different time as described herein.

The Acquiring Fund Board recommends that you vote "FOR" the issuance of additional Acquiring Fund Common Shares in connection with the Reorganization.

11

PROPOSAL 1: REORGANIZATION OF THE TARGET FUND

In the Reorganization, the Acquiring Fund will acquire substantially all of the assets and assume substantially all of the liabilities of the Target Fund in exchange for an equal aggregate value of newly-issued Acquiring Fund Common Shares, and newly-issued Acquiring Fund APS. The Target Fund will distribute Acquiring Fund Common Shares to holders of Target Fund Common Shares and Acquiring Fund APS to holders target Fund AMPS, and will then terminate its registration under the 1940 Act, and dissolve under applicable state law. The aggregate net asset value of Acquiring Fund Common Shares will equal the aggregate net asset value of Target Fund Common Shares held immediately prior to the Reorganization, less the costs of the Reorganization (though shareholders may receive cash for fractional shares). The aggregate liquidation preference of Acquiring Fund APS received in the Reorganization will equal the aggregate liquidation preference of Target Fund AMPS held immediately prior to the Reorganization. The Acquiring Fund will continue to operate as a registered closed-end investment company with the investment objective and policies described in this Joint Proxy Statement/ Prospectus.

RISK FACTORS AND SPECIAL CONSIDERATIONS

Because each Fund has a substantially similar investment objective and substantially similar investment policies, the Funds are subject to the same risks, which will also apply to the combined fund after the proposed Reorganization. A description of these risks follows.

MEDIUM- AND LOWER-GRADE SECURITIES RISK

Each Fund invests primarily in fixed-income securities rated in the medium- and lower-grade categories by established rating agencies, or in unrated securities of comparable quality. Medium- and lower-grade securities are those

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

rated at the time of purchase Baa or lower by Moody's Investors Service, Inc. ("Moody's") or rated BBB or lower by Standard & Poor's ("S&P"), and securities that are not rated by either such rating agency, but are believed by the Adviser to be of comparable quality at the time of purchase. With respect to such investments, neither Fund has established a limit on the percentage of its portfolio which may be invested in securities in any one rating category. Securities rated Ba or lower by Moody's or BB or lower by S&P and unrated securities of comparable quality are commonly referred to as junk bonds and involve greater risks than investments in higher-grade securities. Because of the characteristics of such securities, the ability of the Funds to preserve shareholders' capital may be adversely affected. The values of such securities tend to reflect individual corporate developments to a greater extent than higher rated securities, which react primarily to fluctuations in the

12

general level of interest rates. Such medium- and lower-grade securities frequently are subordinated to the prior payment of senior indebtedness.

CREDIT RISK

Credit risk relates to the issuer's ability to make timely payment of interest and principal when due. Medium- and lower-grade securities are considered more susceptible to nonpayment of interest and principal or default than higher-grade securities. Increases in interest rates or changes in the economy may significantly affect the ability of issuers of medium- or lower-grade income securities to pay interest and to repay principal, to meet projected financial goals or to obtain additional financing. In the event that an issuer of securities held by each Fund experiences difficulties in the timely payment of principal and interest and such issuer seeks to restructure the terms of its borrowings, each Fund may incur additional expenses and may determine to invest additional assets with respect to such issuer or the project or projects to which each Fund's securities relate. Further, each Fund may incur additional expenses to the extent that it is required to seek recovery upon a default in the payment of interest or the repayment of principal on its portfolio holdings, and each Fund may be unable to obtain full recovery on such amounts.

MARKET RISK

Market risk relates to changes in market value of a security that occur as a result of variation in the level of prevailing interest rates and yield relationships in the income securities market and as a result of real or perceived changes in credit risk. The value of each Fund's investments can be expected to fluctuate over time. When interest rates decline, the value of a portfolio invested in fixed income securities generally can be expected to rise. Conversely, when interest rates rise, the value of a portfolio invested in fixed income securities generally can be expected to decline. Income securities with longer maturities, which may have higher yields, may increase or decrease in value more than income securities with shorter maturities. However, the secondary market prices of medium- or lower-grade securities generally are less sensitive to changes in interest rates and are more sensitive to general adverse economic changes or specific developments with respect to the particular issuers than are the secondary market prices of higher-grade securities. A significant increase in interest rates or a general economic downturn could severely disrupt the market for medium- or lower-grade securities and adversely affect the market value of such securities. Such events also could lead to a higher incidence of default by issuers of medium- or lower-grade securities as compared with higher-grade securities. In addition, changes in credit risks, interest rates, the credit markets or periods of general economic uncertainty can be expected to result in increased volatility in the market price of the medium- or lower-grade securities in the Funds and thus in the net asset value of the Funds. Adverse

publicity and

13

investor perceptions, whether or not based on rational analysis, may affect the value, volatility and liquidity of medium- or lower-grade securities.

Fixed-income securities include convertible securities, which are bonds, debentures, preferred stock or other securities that may be converted or exchanged for, or otherwise may entitle the holder to purchase, a prescribed amount of common stock of the same or a different issuer within a particular period of time at a specified price or formula. Prices of such securities generally fluctuate in response to changes in the prices of the underlying common stocks as well as to changes in interest rates.

INCOME RISK

The income you receive from the Funds is based primarily on interest rates and credit risk, which can vary widely over the short- and long-term. If interest rates drop, your income from the Funds may drop as well.

CALL RISK

If interest rates fall, it is possible that issuers of income securities with high interest rates will prepay or "call" their securities before their maturity dates. In this event, the proceeds from the called securities would likely be reinvested by each Fund, as applicable, in securities bearing the new, lower interest rates, resulting in a possible decline in that Fund's income and distributions to shareholders.

LIQUIDITY RISK

The markets for medium- or lower-grade securities may be less liquid than the markets for higher-grade securities. Liquidity relates to the ability of a fund to sell a security in a timely manner at a price which reflects the value of that security. To the extent that there is no established retail market for some of the medium- or lower-grade securities in which each Fund may invest, trading in such securities may be relatively inactive. Prices of medium- or lower-grade securities may decline rapidly in the event a significant number of holders decide to sell. Changes in expectations regarding an individual issuer of medium- or lower-grade securities generally could reduce market liquidity for such securities and make their sale by a Fund more difficult, at least in the absence of price concessions. The effects of adverse publicity and investor perceptions may be more pronounced for securities for which no established retail market exists as compared with the effects on securities for which such a market does exist. An economic downturn or an increase in interest rates could severely disrupt the market for such securities and adversely affect the value of outstanding securities or the ability of the issuers to repay principal and interest. Further, each Fund may have more difficulty selling such securities in a timely manner and at their stated value than would be the case for securities for which an established retail market does exist.

14

During periods of reduced market liquidity or in the absence of readily available market quotations for medium- or lower-grade securities held in a Fund's portfolio, the ability of that Fund to value its securities becomes more difficult and the judgment of that Fund may play a greater role in the valuation of its securities due to the reduced availability of reliable objective data.

Illiquid securities commonly trade at a discount from comparable, more liquid

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

investments. Generally, the Adviser anticipates that up to 15% of each Fund's total assets will be invested in illiquid securities, but in no event will such illiquid securities exceed 20% of each Fund's total assets. Interest rate swaps and certain other hedging instruments are excluded from the foregoing percentages. Illiquid securities may become more liquid as secondary market for these securities develop. These securities will be included in, or excluded from, the 20% limitation on a case-by-case basis by the Adviser under the supervision of the each Fund's Board of Trustees, depending on the perceived liquidity of the security and its trading market.

FOREIGN RISK

Because each Fund may invest up to 35% of each of their net assets in securities of foreign issuers, the Funds may be subject to risks not usually associated with owning securities of U.S. issuers. These risks can include fluctuations in foreign currencies, foreign currency exchange controls, political and economic instability, differences in financial reporting, differences in securities regulation and trading and foreign taxation issues. In addition, there generally is less publicly available information about many foreign issuers, and auditing, accounting, and financial reporting requirements are less stringent and less uniform in many foreign countries.

USE OF STRATEGIC TRANSACTIONS RISK

In connection with each Fund's investment objective and policies and subject to any restrictions that may be imposed in connection with each Fund maintaining a rating of its preferred shares, the Funds may use various investment strategic transactions that involve special risk considerations including options, futures contracts and options on futures contracts, in several different ways, depending on the status of each Fund's portfolio and the expectations of the Adviser concerning the securities markets. Although the Adviser seeks to use these transactions to achieve each Fund's investment objective, no assurance can be given that the use of these transactions will achieve this result.

The Funds may purchase and sell options on fixed-income securities and on indices based on fixed-income securities to the extent a market in any such indices exists or develops, engage in interest rate and other hedging transactions, lend portfolio securities, purchase and sell fixed-income securities on a "when issued" or "delayed delivery" basis, and enter into repurchase and reverse repurchase

15

agreements. These investment practices entail risks. These risks include imperfect correlation between the value of the instruments and the underlying assets; risks of default by the other party to certain transactions; risks that the transactions may result in losses that partially or completely offset gains in portfolio positions; and risks that the transactions may not be liquid. Although the Adviser believes that these investment practices may further each Fund's investment objective, no assurance can be given that these investment practices will achieve this result.

MANAGER RISK

As with any managed fund, the Adviser may not be successful in selecting the best-performing securities or investment techniques, and the Funds' performance may lag behind that of similar funds.

NET ASSET VALUE RISK

The net asset value of each Fund's common shares will change with changes in the value of its portfolio securities. Because the Funds invest primarily in

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

fixed-income securities, the net asset value of each of their common shares can be expected to change as general levels of interest rates fluctuate. When interest rates decline, the value of a fixed-income portfolio can be expected to rise. Conversely, when interest rates rise, the value of a fixed-income portfolio can be expected to decline. The market value of the common shares likely will change with fluctuations in the net asset value attributable to the common shares. Net asset value and market value may be more volatile due to the concentration of lower rated securities in each Fund's portfolio.

Fixed-income securities offering the high current income sought by the Funds ordinarily will be in the lower rating categories of recognized rating agencies or will be unrated. The values of such securities tend to reflect individual corporate developments to a greater extent than higher rated securities, which react primarily to fluctuations in the general level of interest rates. Further, these fixed-income securities will involve generally more credit risk than securities in the higher rating categories and the issuer may default in the payment of interest or repayment of principal as scheduled. The Funds may incur additional expenses to the extent they are required to seek recovery upon a default in the payment of principal or of interest on its portfolio holdings, and the Funds may not be able to obtain full recovery thereof. The high income producing fixed-income securities held by the Funds frequently will be subordinated to the prior payment of senior indebtedness and will be traded in markets that may be relatively less liquid than the market for higher rated securities. The Funds will rely on the Adviser's judgment, analysis and experience in evaluating the creditworthiness of an issue.

16

MARKET DISCOUNT RISK

Each Fund is organized as a closed-end investment company and is designed primarily for long-term investors and not as a trading vehicle. The shares of closed-end investment companies often trade at a discount from their net asset values, and each Fund's common shares likewise may trade at a discount from net asset value, although it is possible that they may trade at a premium above net asset value. In addition, each Fund's common shares may trade at a discount, while any senior securities are trading at a premium (or vice versa), or may trade at a discount or premium different from that of any senior securities.

In order to reduce or eliminate a market value discount from net asset value, the Board of Trustees of each Fund may, subject to the terms and conditions of its preferred shares, authorize that Fund from time to time to repurchase the common shares in the open market or to tender for the common shares at net asset value. The Board of Trustees of each Fund, in consultation with the Adviser, will review on a quarterly basis the possibility of open market repurchases and/or tender offers for the common shares. Subject to its borrowing restrictions, each Fund may incur debt to finance such repurchases, which entails risks. The ability of the Funds to enter into tender offers and the common share repurchases may be limited by the 1940 Act asset coverage requirements and any additional asset coverage requirements which may be imposed by a rating agency in connection with any rating of the preferred shares. No assurance can be given that the Board of Trustees of either Fund will, in fact, authorize that Fund to undertake such repurchases and/or tender offers or that, if undertaken, such actions would result in the common shares trading at a price which is equal or close to net asset value.

LEVERAGE RISK

Use of leverage, through the issuance of preferred shares, involves certain risks to holders of common shares of the Funds. For example, each Fund's issuance of preferred shares may result in higher volatility of the net asset

value of its common shares and potentially more volatility in the market value of its common shares. In addition, changes in the short-term and medium-term dividend rates on, and the amount of taxable income allocable to, the preferred shares of a Fund will affect the yield to holders of common shares of that Fund. Leverage will allow holders of each Fund's common shares to realize a higher current rate of return than if that Fund were not leveraged as long as that Fund, while accounting for its costs and operating expenses, is able to realize a higher net return on its investment portfolio than the then-current dividend rate paid on its preferred shares. Similarly, since a pro rata portion of each Fund's net realized capital gains is generally payable to holders of each Fund's common shares, the use of leverage will increase the amount of such gains distributed to holders of that Fund's common shares. However, short-term, medium-term and long-term interest rates change from time to time as do their

17

relationships to each other (i.e., the slope of the yield curve) depending upon such factors as supply and demand forces, monetary and tax policies and investor expectations. Changes in any or all of such factors could cause the relationship between short-term, medium-term and long-term rates to change (i.e., to flatten or to invert the slope of the yield curve) so that short-term and medium-term rates may substantially increase relative to the long-term obligations in which each Fund may be invested. To the extent that the current dividend rate on a Fund's preferred shares approaches the net return on that Fund's investment portfolio, the benefit of leverage to holders of common shares of that Fund will be decreased. If the current dividend rate on the preferred shares were to exceed the net return on a Fund's portfolio, holders of common shares of that Fund would receive a lower rate of return than if that Fund were not leveraged. Similarly, since both the costs of issuing preferred shares and any decline in the value of a Fund's investments (including investments purchased with the proceeds from any preferred shares offering) will be borne entirely by holders of a Fund's common shares, the effect of leverage in a declining market would result in a greater decrease in net asset value to holders of common shares than if that Fund were not leveraged. If a Fund is liquidated, holders of that Fund's preferred shares will be entitled to receive liquidating distributions before any distribution is made to holders of common shares of that Fund.

In an extreme case, a decline in net asset value could affect a Fund's ability to pay dividends on its common shares. Failure to make such dividend payments could adversely affect a Fund's qualification as a regulated investment company under the federal tax laws. However, each Fund intends to take all measures necessary to make required common share dividend payments. If a Fund's current investment income is ever insufficient to meet dividend payments on either its common shares or its preferred shares, that Fund may have to liquidate certain of its investments. In addition, each Fund has the authority to redeem its preferred shares for any reason and may be required to redeem all or part of its preferred shares in the following circumstances:

- if the asset coverage for the preferred shares declines below 200%, either as a result of a decline in the value of a Fund's portfolio investments or as a result of the repurchase of common shares in tender offers or otherwise, or
- in order to maintain the asset coverage guidelines established by Moody's and S&P in rating the preferred shares.

Redemption of the preferred shares or insufficient investment income to make dividend payments, may reduce the net asset value of a Fund's common shares and require a Fund to liquidate a portion of its investments at a time when it may be disadvantageous to do so.

ANTI-TAKEOVER PROVISIONS RISK

The Declaration of Trust of each of the Funds (in each case, the "Declaration of Trust") includes provisions that could limit the ability of other entities or persons to acquire control of that Fund or to change the composition of its Board of Trustees. Such provisions could limit the ability of shareholders to sell their shares at a premium over prevailing market prices by discouraging a third party from seeking to obtain control of each Fund.

RATINGS CONSIDERATIONS

The Funds have received ratings of each of their outstanding preferred shares of "AAA" from S&P and "aaa" from Moody's. In order to maintain these ratings, the Funds are required to maintain portfolio holdings meeting specified guidelines of such rating agencies. These guidelines may impose asset coverage requirements that are more stringent than those imposed by the 1940 Act.

As described by Moody's and S&P, a preferred stock rating is an assessment of the capacity and willingness of an issuer to pay preferred stock obligations. The ratings of the preferred shares are not recommendations to purchase, hold or sell preferred shares, inasmuch as the ratings do not comment as to market price or suitability for a particular investor, nor do the rating agency guidelines address the likelihood that a holder of preferred shares will be able to sell such shares in an auction. The ratings are based on current information furnished to Moody's and S&P by the Funds and the Adviser and information obtained from other sources. The ratings may be changed, suspended or withdrawn as a result of changes in, or the unavailability of, such information. The common shares of the Funds have not been rated by a nationally recognized statistical rating organization.

The Board of Trustees of each of the Funds, without shareholder approval, may amend, alter or repeal certain definitions or restrictions which have been adopted by a Fund pursuant to the rating agency guidelines, in the event a Fund receives confirmation from the rating agencies that any such amendment, alteration or repeal would not impair the ratings then assigned to its preferred shares.

SPECIAL RISKS RELATED TO PREFERRED SHARES

AUCTION RISK. The dividend rate for the preferred shares normally is set through an auction process. In the auction, preferred shareholders may indicate the dividend rate at which they would be willing to hold or sell their shares or purchase additional shares. An auction fails if there are more preferred shares offered for sale than there are buyers, in which case preferred shareholders may not be able to sell their shares. Also, if preferred shareholders place bids to retain shares at an auction only at a specified dividend rate and that rate exceeds the rate set at the auction, they will not retain their shares. Additionally, if preferred shareholders buy shares

or elect to retain shares without specifying a dividend rate below which they would not wish to buy or continue to hold those shares, they could receive a lower rate of return on their shares than the market rate. Finally, the dividend period for the preferred shares may be changed by a Fund, subject to certain conditions, including notice to preferred shareholders, which could also affect the liquidity of an investment in preferred shares.

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

SECONDARY MARKET RISK. Broker-dealers may maintain a secondary trading market in the preferred shares outside of auctions; however, they are not obligated to do so and there can be no assurance that such a secondary market will develop or, if it does develop, that it will provide preferred shareholders with a liquid trading market. It may not be possible to sell preferred shares between auctions, or it may only be possible to sell them for a price less than their liquidation preference plus any accumulated dividends. An increase in the level of interest rates likely will have an adverse effect on the secondary market price of the preferred shares. Preferred shares may only be transferred outside of auctions to or through broker-dealers or other persons as the Funds permit.

RATINGS AND ASSET COVERAGE RISKS. Although the preferred shares have been rated "Aaa" by Moody's and "AAA" by S&P, such ratings do not eliminate or necessarily mitigate the risks of investing in preferred shares. Moody's or S&P could downgrade its rating of the preferred shares or withdraw its rating at any time, which may make the preferred shares less liquid at an auction or in the secondary market. If a Fund fails to satisfy its asset coverage ratios, it will be required to redeem a sufficient number of preferred shares in order to return to compliance with the asset coverage ratios. Each Fund may voluntarily redeem preferred shares under certain circumstances in order to meet asset coverage tests.

COMPARISON OF THE FUNDS

INVESTMENT OBJECTIVE AND POLICIES

The Funds have a substantially similar investment objective and substantially similar investment policies. The Acquiring Fund's investment objective is to provide to its common shareholders high current income, while seeking to preserve shareholders' capital, through investment in a professionally managed, diversified portfolio of high income producing fixed-income securities. The Target Fund's investment objective is to provide to its common shareholders high current income, while seeking to preserve shareholders' capital, through investment in a professionally managed, diversified portfolio of high yield fixed-income securities. Each Fund's investment objective is fundamental and may not be changed without the approval of shareholders. Each Fund will seek to preserve capital through portfolio diversification and by limited investments to fixed-income securities which the Adviser believes entail reasonable credit risk.

20

HIGH INCOME PRODUCING FIXED-INCOME SECURITIES. Under normal market conditions, at least 65% of the Acquiring Fund's assets will be invested in fixed-income securities; similarly, the Target Fund will invest primarily in such securities. Each Fund invests primarily in high income producing fixed-income securities rated in the medium- and lower-grade categories by established rating agencies, or in unrated securities considered by the Adviser to be of comparable quality. Medium-and lower-grade securities are those rated at the time of purchase Baa or lower by Moody's or rated BBB or lower by S&P. With respect to such investments, neither Fund has established any limit on the percentage of its portfolio which may be invested in securities in any one rating category. The fixed-income securities in which the Funds will invest consist primarily of debt securities having varying terms with respect to security or credit support, subordination, purchase price, interest payments or maturity.

The Funds invest in a broad range of income securities represented by various companies and industries and traded on various markets. The Adviser uses an investment strategy of in-depth, fundamental credit analysis and emphasizes issuers that it believes will remain financially sound and perform well in a range of market conditions. In its effort to enhance value and diversify each Fund's portfolio, the Adviser may seek investments in cyclical issues or

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

out-of-favor areas of the market to contribute to each Fund's performance.

The higher income and potential for capital appreciation sought by the Funds are generally obtainable from securities in the medium- and lower-credit quality range. Such securities tend to offer higher yields than higher-grade securities with the same maturities because the historical conditions of the issuers of such securities may not have been as strong as those of other issuers. These securities may be issued in connection with corporate restructurings such as leveraged buyouts, mergers, acquisitions, debt recapitalization or similar events. These securities are often issued by smaller, less creditworthy companies or companies with substantial debt and may include financially troubled companies or companies in default or in restructuring.

Such securities often are subordinated to the prior claims of banks and other senior lenders. Lower-grade securities are regarded by the rating agencies as predominantly speculative with respect to the issuer's continuing ability to meet principal and interest payments. The ratings of S&P and Moody's represent their opinions of the quality of the income securities they undertake to rate, but not the market risk of such securities. It should be emphasized however, that ratings are general and are not absolute standards of quality.

The value of income securities generally varies inversely with changes in prevailing interest rates. If interest rates rise, income security prices generally fall; if interest rates fall, income security prices generally rise. Shorter-term securities are generally less sensitive to interest rate changes than longer-term securities; thus, for

21

a given change in interest rates, the market prices of shorter-maturity securities generally fluctuate less than the market prices of longer-maturity securities. Income securities with shorter maturities generally offer lower yields than income securities with longer maturities assuming all other factors, including credit quality, are equal.

While neither Fund has a policy limiting the maturities of the debt securities in which it may invest, the Adviser seeks to moderate risk by normally maintaining a portfolio duration of two to ten years. Duration is a measure of the expected life of a debt security that was developed as a more precise alternative to the concept of "term to maturity." Duration incorporates a debt security's yield, coupon interest payments, final maturity and call features into one measurement. A duration calculation looks at the present value of a security's entire payment stream, whereas term to maturity is based solely on the date of a security's final principal repayment.

Fixed-income securities which may be acquired by the Funds include preferred stocks and all types of debt obligations having varying terms with respect to security or credit support, subordination, purchase price, interest payments and maturity. Such obligations may include, for example, bonds, debentures, notes, mortgage- or other asset-backed instruments, equipment lease or trust participation certificates, conditional sales contracts, commercial paper and obligations issued or guaranteed by the United States government or any of its political subdivisions, agencies or instrumentalities (including obligations, such as repurchase agreements, secured by such instruments). Mortgage-backed securities are securities that directly or indirectly represent a participation in, or are secured and payable from, mortgage loans secured by real property. The Acquiring Fund will not invest in mortgage-backed residual interests. Asset-backed securities lease structural characteristics similar to mortgage-backed securities, but have underlying assets, such as accounts receivable, that are not mortgage loans or interests in mortgage loans. Participation certificates are issued by obligors to finance the acquisition of equipment and facilities and may represent participations in a lease, an

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

installment purchase contract or a conditional sales contract. Most debt securities in which the Funds invest will bear interest at fixed rates. However, the Funds reserve the right to invest without limitation in fixed-income securities that have variable rates of interest or involve a equity features, such as contingent interest or participation based on revenues, sales or profits (i.e., interest or other payments, often in addition to a fixed rate of return, that are based on the borrower' s attainment of specified levels of revenues, sales or profits and thus enable the holder of the security to share in the potential success of the venture). Fixed-income securities consisting of preferred stocks may have cumulative or non-cumulative dividend rights. To the extent the Funds invest in non-cumulative preferred stocks, that Fund's ability to achieve its investment objective of high current income may be affected adversely.

The Funds may invest in securities rated below B by both Moody's and S&P, common stocks or other equity securities and income securities on which interest or

22

dividends are not being paid when such investments are consistent with each Fund's investment objective or are acquired as part of a unit consisting of a combination of income or equity securities. Equity securities as referred to herein do not include preferred stocks (which the Funds consider income securities). Each Fund's investments may include securities with the lowest-grade assigned by recognized rating organizations and unrated securities considered by the Adviser to be of comparable quality. Securities assigned the lowest grade ratings include those of companies that are in default or are in bankruptcy or reorganization. Securities of such companies are regarded by the rating agencies as having extremely poor prospects of ever attaining any real investment standing and are usually available at deep discounts from the face values of the instruments. A security purchased at a deep discount may currently pay a very high effective yield. In addition, if the financial condition of the issuer improves, the underlying value of the security may increase, resulting in capital appreciation. If the company defaults on its obligations or remains in default, or if the plan of reorganization does not provide sufficient payments for debtholders, the deep discount securities may stop generating income and lose value or become worthless. The Adviser will balance the benefits of deep discount securities with their risks. While a diversified portfolio may reduce the overall impact of a deep discount security that is in default or loses its value, the risk cannot be eliminated.

Few medium- and lower-grade income securities are listed for trading on any national securities exchange, and issuers of medium- and lower-grade income securities may choose not to have a rating assigned to their obligations by any nationally recognized statistical rating organization. As a result, each Fund's portfolio may consist of a higher portion of unlisted or unrated securities as compared with an investment company that invests primarily in higher-grade securities. Unrated securities are usually not as attractive to as many buyers as are rated securities, a factor which may make unrated securities less marketable. These factors may have the effect of limiting the availability of the securities for purchase by the Funds and may also limit the ability of the Funds to sell such securities at their fair value in response to changes in the economy or the financial markets or for other reasons. Further, to the extent the Funds own or may acquire illiquid or restricted medium- or lower-grade securities, these securities may involve special registration responsibilities, liabilities and costs, and liquidity and valuation difficulties.

The Funds will rely on the Adviser's judgment, analysis and experience in evaluating the creditworthiness of an issuer. The Adviser seeks to minimize the risks involved in investing in medium-and lower-grade securities through

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

diversification and a focus on in-depth research and fundamental credit analysis. The amount of available information about the financial condition of certain medium- or lower-grade issuers may be less extensive than other issuers. In selecting securities for investment, the Adviser considers, among other things, the security's current income potential, the rating assigned to the security, the issuer's

23

experience and managerial strength, the financial soundness of the issuer and the outlook of its industry, changing financial condition, borrowing requirements or debt maturity schedules, regulatory concerns, and responsiveness to changes in business conditions and interest rates. The Adviser also may consider relative values based on anticipated cash flow, interest or dividend coverage, balance sheet analysis and earnings prospects. The Adviser evaluates each individual income security for credit quality and value and attempts to identify higher-yielding securities of companies whose financial condition has improved since the issuance of such securities or is anticipated to improve in the future. Credit ratings of securities rating organizations that the Adviser considers in evaluating securities evaluate only the safety of principal and interest payments, not the market risk. In addition, ratings are general and not absolute standards of quality, and credit ratings are subject to the risk that the creditworthiness of an issuer may change and the rating agencies may fail to change such ratings in a timely fashion. A rating downgrade does not require the Funds to dispose of a security. The Adviser continuously monitors the issuers of securities held in each Fund. Because of the number of investment considerations involved in investing in medium- and lower-grade securities, achievement of each Fund's investment objective may be more dependent upon the Adviser's credit analysis than is the case with investing in higher-grade securities.

New or proposed laws may have an impact on the market for medium- or lower-grade securities. The Adviser is unable at this time to predict what effect, if any, legislation may have on the market for medium- or lower-grade securities.

HIGHER-GRADE SECURITIES. Each Fund also may invest up to 35% of its total assets in securities rated higher than Ba by Moody's or higher than BB by S&P, or unrated securities that the Adviser considers to be of comparable quality and may invest a higher percentage, up to 100% of its total assets, in such higher rated securities (i) when the difference in yields between quality classifications is relatively narrow or (ii) when the Adviser determines that market conditions warrant a temporary, defensive policy. Investments in higher rated issues may serve to lessen a decline in net asset value but may also affect adversely the amount of current income produced by the Funds since the yields from such issues are typically less than those from medium- and lower-grade issues. Accordingly, the inclusion of such instruments in either Fund's portfolio may have the effect of reducing the yield on the common shares.

All of the foregoing policies with respect to credit quality of portfolio investments apply only at the time of purchase of a security, and the Funds are not required to dispose of a security in the event that S&P or Moody's (or any other nationally recognized statistical rating organization) downgrades its assessment of the credit characteristics of a particular issuer. In determining whether a Fund will retain or sell such a security, the Adviser may consider such factors as the Adviser's assessment of the credit quality of the issuer of such security, the price at which

24

such security could be sold and the rating, if any, assigned to such security by other nationally recognized statistical rating organizations.

PORTFOLIO COMPOSITION

Although the investment portfolios of both Funds must satisfy the same standards of credit quality, the actual securities owned by each Fund may be different, as a result of which there are certain differences in the composition of the two investment portfolios. The tables below set forth the percentages of the fixed-income securities held by each Fund, as of December 31, 2004.

B	B	89	\$44,999	53.1%
CCC	Caa	9	\$ 4,716	5.6%

* Ratings: Using the higher of S&P's or Moody's rating on the Acquiring Fund's fixed-income securities. S&P's rating categories may be modified further by a plus (+) or minus (-) BBB to CCC ratings. Moody's rating categories may be modified further by a 1, 2 or 3 in Baa through Caa ratings. See Exhibit I -- "Description of Securities Ratings."

CONVERTIBLE SECURITIES. Fixed-income securities also include convertible securities. A convertible security is a bond, debenture, note, preferred stock or other security that may be converted into or exchanged for, or may otherwise entitle the holder to purchase, a prescribed amount of common stock or any equity security of the same or a different issuer within a particular period of time at a specified price or formula. A convertible security entitles the holder to receive a interest paid or accrued on debt or the dividend paid on preferred stock until the convertible security matures or is redeemed, converted or exchanged. Before conversion,

convertible securities have characteristics similar to nonconvertible debt securities in that they ordinarily provide a stable stream of income with generally higher yields than those of common stocks of the same or similar

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

issuers. Convertible securities rank senior to common stock in a corporation's capital structure and, therefore, generally entail less risk than the corporation's common stock, although the extent to which such risk is reduced depends in large measure upon the degree to which the convertible security sells above its value as a fixed-income security.

In selecting convertible securities for the Funds, the Adviser considers the following factors, among others: (1) the Adviser's own evaluations of the creditworthiness of the issuers of the securities; (2) the interest or dividend income generated by the securities; (3) the potential for capital appreciation of the securities and the underlying common stock; (4) the prices of the securities relative to the underlying common stocks; (5) the prices of the securities relative to other comparable securities; (6) whether the securities are entitled to the benefits of sinking funds or other protective conditions; (7) diversification of the Fund's portfolio as to issuers and industries; and (8) whether the securities are rated by Moody's and/or S&P and, if so, the ratings assigned.

A convertible security may be subject to redemption at the option of the issuer at a price established in the convertible security's governing instrument. If a convertible security held by a Fund is called for redemption, that Fund will be required to permit the issuer to redeem the security, convert it into the underlying common stock or sell it to a third party. Any of these actions could have an adverse effect on each Fund's ability to achieve its investment objective.

ZERO COUPON SECURITIES. The Funds may invest in securities not producing immediate cash income, including securities in default, zero coupon securities or pay-in-kind securities. Prices on non-cash-paying instruments may be more sensitive to changes in the issuer's financial condition, fluctuation in interest rates and market demand/supply imbalances than cash-paying securities with similar credit ratings, and thus may be more speculative. Special tax considerations are associated with investing in zero coupon or pay-in-kind securities. The Adviser will weigh these concerns against the expected total returns from such instruments.

The Acquiring Fund is permitted to invest up to 10% of its total assets in zero coupon securities, while the Target Fund is permitted to invest up to 25% of its total assets in such securities. Zero coupon securities are income securities that do not entitle the holder to any periodic payment of interest prior to maturity or a specified date when the securities begin paying current interest. They are issued and traded at a discount from their face amounts or par value, which discount varies depending on the time remaining until cash payments begin, prevailing interest rates, liquidity of the security and the perceived credit quality of the issuer. Because such securities do not entitle the holder to any periodic payments of interest prior to maturity, this prevents any reinvestment of interest payments at prevailing interest rates if

26

prevailing interest rates rise. On the other hand, because there are no periodic interest payments to be reinvested prior to maturity, zero coupon securities eliminate the reinvestment risk and may lock in a favorable rate of return to maturity if interest rates drop.

Payment-in-kind securities are income securities that pay interest through the issuance of additional securities. Prices on such non-cash-paying instruments may be more sensitive to changes in the issuer's financial condition, fluctuations in interest rates and market demand/supply imbalances than cash-paying securities with similar credit ratings, and thus may be more speculative than are securities that pay interest periodically in cash.

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

FOREIGN SECURITIES. Each Fund invest up to 35% of its net assets in securities of foreign issuers. Securities of foreign issuers may be denominated in U.S. dollars or in currencies other than U.S. dollars. The percentage of assets invested in securities of a particular country or denominated in a particular currency will vary in accordance with the portfolio management team's assessment of the relative yield, appreciation potential and the relationship of a country's currency to the U.S. dollar, which is based upon such factors as fundamental economic strength, credit quality and interest rate trends. Investments in foreign securities present certain risks not ordinarily associated with investments in securities of U.S. issuers. These risks include fluctuations in foreign currency exchange rates, political, economic or legal developments (including war or other instability, expropriation of assets, nationalization and confiscatory taxation), the imposition of foreign exchange limitations (including currency blockage), withholding taxes on income or capital transactions or other restrictions, higher transaction costs (including higher brokerage, custodial and settlement costs and currency conversion costs) and possible difficulty in enforcing contractual obligations or taking judicial action. Securities of foreign issuers may not be as liquid and may be more volatile than comparable securities of domestic issuers. Additionally, since most foreign income securities are not rated, the Funds will invest in such securities based on the analysis of the Adviser without any guidance from published ratings.

Further, there often is less publicly available information about many foreign issuers, and issuers of foreign securities are subject to different, often less comprehensive, auditing, accounting and financial reporting disclosure requirements than domestic issuers. There is generally less government regulation of exchanges, brokers and listed companies abroad than in the United States and, with respect to certain foreign countries, there is a possibility of expropriation or confiscatory taxation, or diplomatic developments which could affect investment in those countries. Because there is usually less supervision and governmental regulation of foreign exchanges, brokers and dealers than there is in the United States, the Funds may experience settlement difficulties or delays not usually encountered in the United States. Delays in making trades in securities of foreign issuers relating to

27

volume constraints, limitations or restrictions, clearance or settlement procedures, or otherwise could impact returns and result in temporary periods when assets of the Funds are not fully invested or attractive investment opportunities are foregone.

Delays in making trades in securities of foreign issuers relating to volume constraints, limitations or restrictions, clearance or settlement procedures, or otherwise could impact yields and result in temporary periods when assets of the Funds are not fully invested or attractive investment opportunities are foregone.

The Funds may invest in securities of issuers determined by the Adviser to be in developing or emerging market countries. Investments in securities of issuers in developing or emerging market countries are subject to greater risks than investments in securities of developed countries since emerging market countries tend to have economic structures that are less diverse and mature and political systems that are less stable than developed countries.

In addition to the increased risks of investing in securities of foreign issuers, there are often increased transaction costs associated with investing in securities of foreign issuers including the costs incurred in connection with converting currencies, higher foreign brokerage or dealer costs and higher settlement costs or custodial costs.

Since the Funds may invest in securities denominated or quoted in currencies other than the U.S. dollar, the Funds may be affected by changes in foreign currency exchange rates (and exchange control regulations) which affect the value of investments in the Funds and the accrued income and appreciation or depreciation of the investments. Changes in foreign currency exchange rates relative to the U.S. dollar will affect the U.S. dollar value of each Fund's assets denominated in that currency and each Fund's return on such assets as well as any temporary uninvested reserves in bank deposits in foreign currencies. In addition, the Funds will incur costs in connection with conversions between various currencies.

The Funds may invest in securities of foreign issuers in the form of depositary receipts. Depositary receipts involve substantially identical risks to those associated with direct investment in securities of foreign issuers. In addition, the underlying issuers of certain depositary receipts, particularly unsponsored or unregistered depositary receipts, are under no obligation to distribute shareholder communications to the holders of such receipts, or to pass through to them any voting rights with respect to the deposited securities.

RESTRICTED AND ILLIQUID SECURITIES. Each Fund may invest up to 20% of its total assets in fixed-income securities that are not readily marketable, including securities restricted as to resale. No security that is not readily marketable will be acquired unless the Adviser believes such security to be of comparable quality to publicly-traded securities. Securities that are not readily marketable may offer higher yields than comparable publicly-traded securities. However, the Funds may not be able to

28

sell these securities when the Adviser considers it desirable to do so or, to the extent they are sold privately, may have to sell them at less than the price of otherwise comparable securities and may incur higher brokerage charges or dealer discounts and other selling expenses than in selling otherwise comparable securities. Certain fixed-income securities are somewhat liquid and may become more liquid as secondary markets for these securities continue to develop. These securities will be included in, or excluded from, the 20% limitation on a case-by-case basis by the Adviser under the supervision of the Board of Trustees, depending on the perceived liquidity of the security and market involved. The Funds understand the position of the staff of the SEC to be that purchases of OTC options and the assets used as "cover" for written OTC options are illiquid securities. The staff has, however, taken no-action positions which may reduce any negative impact of such position on the Fund. The Fund will deem that portion of its positions in OTC options to be illiquid in accordance with the then current positions of the staff, as such positions are stated from time to time.

SECURITIES OPTIONS TRANSACTIONS. The Funds may, but are not required to, use various investment strategic transactions, including securities options transactions, in several different ways depending upon the status of each Fund's investments and the expectations of the Adviser concerning the securities markets. Although the Adviser seeks to use these transactions to achieve each Fund's investment objective, no assurance can be given that the use of these transactions will achieve this result.

The Funds may invest in options on fixed-income securities. Such options may be traded over-the-counter ("OTC") or on a national securities exchange. In general, the Funds may purchase and sell (write) options on up to 25% of its assets. The SEC requires that obligations of investment companies such as the Funds, in connection with option sale positions, must comply with certain segregation or coverage requirements. No limitation exists on the amount of the Funds' assets which can be used to comply with such segregation or cover

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

requirements.

A call option gives the purchaser the right to buy, and obligates the writer to sell, the underlying security at the agreed upon exercise (or "strike") price during the option period. A put option gives the purchaser the right to sell, and obligates the writer to buy, the underlying security at the strike price during the option period. Purchasers of options pay an amount, known as a premium, to the option writer in exchange for the right under the option contract. Option contracts may be written with terms which would permit the holder of the option to purchase or sell the underlying security only upon the expiration date of the option.

The Funds may purchase put and call options in hedging transactions to protect against a decline in the market value of the securities in the Funds' portfolios (e.g., by the purchase of a put option) and to protect against an increase in the cost of fixed-income securities that the Fund may seek to purchase in the future (e.g., by the purchase of a call option). In the event the Funds purchase put and call options,

29

paying premiums therefor, and price movements in the underlying securities are such that exercise of the options would not be profitable for the Funds, then to the extent such underlying securities correlate in value to the Funds' portfolio securities, losses of the premiums paid may be offset by an increase in the value of the Funds' portfolio securities in the case of a purchase of put options or by a decrease in the cost of acquisition of securities by the Funds, in the case of purchase of call options.

The Funds may also sell put and call options as a means of increasing the yield on each of their portfolios and as a means of providing limited protection against decreases in market value of their portfolios. When the Funds sell an option, if the underlying securities do not increase, in the case of a call option or decrease (in the case of a put option to a price level that would make the exercise of the option profitable to the holder of the option, the option generally will expire without being exercised and the Funds will realize as profit the premium received for such option. When a call option of which a Fund is the writer is exercised, that Fund will be required to sell the underlying securities to the option holder at the strike price: therefore that Fund will not participate in any increase in the price of such securities above the strike price. When a put option of which either Fund is the writer is exercised, that Fund will be required to purchase the underlying securities at the strike price, which may be in excess of the market value of such securities.

OTC options differ from exchange-traded options in several respects. They are transacted directly with dealers and not with a clearing corporation, and a risk exists of non-performance by the dealer. OTC options are available for a greater variety of securities and for a wider range of expiration dates and exercise prices than are available for exchange-traded options. Because OTC options are not traded on an exchange, pricing is done normally by reference to information from a market maker, which information is monitored carefully by the Adviser and verified in appropriate cases.

Generally, each Fund's policy, in order to avoid the exercise of an option sold by it, will be to cancel its obligation under the option by entering into a closing purchase transaction, if available, unless selling (in the case of a call option) or to purchasing (in the case of a put option) the underlying securities is determined to be in that Fund's interest. A closing purchase transaction consists of a Fund purchasing an option having the same terms as the option sold by that Fund and has the effect of canceling that Fund's position as a seller. The premium which a Fund will pay in executing a closing purchase transaction may be higher (or lower) than the premium received when the option

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

was sold, depending in large part upon the relative price of the underlying security at the time of each transaction. To the extent options sold by a Fund are exercised and that Fund either delivers portfolio securities to the holder of a call option or liquidates securities in its portfolio as a source of funds to purchase securities put to that Fund, that Fund's portfolio

30

turnover rate will increase, which would cause that Fund to incur additional brokerage expenses.

During the option period a Fund, as a covered call writer, gives up the potential appreciation above the exercise price should the underlying security rise in value, and that Fund, as a secured put writer, retains the risk of loss should the underlying security decline in value. For the covered call writer, substantial appreciation in the value of the underlying security would result in the security being "called away" at the strike price of the option which may be substantially below the fair market value of such security. For the secured put writer, substantial depreciation in the value of the underlying security would result in the security being "put to the writer at the strike price of the option which may be substantially in excess of the fair market value of such security. If a covered call option or a secured put option expires unexercised, the writer realizes a gain, and the buyer a loss, in the amount of the premium.

To the extent that an active market exists or develops, whether on a national securities exchange or over-the-counter, in options on indices based upon fixed-income securities, each Fund may purchase and sell options on such indices, subject to the limitation that a Fund may purchase and sell options on up to 25% of its assets. Through the writing or purchase of index options a Fund can achieve many of the same objectives as through the use of options on individual securities. Options on securities indices are similar to options on securities except that, rather than the right to take or make delivery of a security, at a specified price, an option on a securities index gives the holder the right to receive upon exercise of the option, an amount of cash if the closing level of the securities index upon which the option is based is greater than, in the case of a call, or less than, in the case of a put, the strike price of the option.

Price movements in securities which the Funds own or intend to purchase will not correlate perfectly with movements in the level of an index and, therefore, a Fund bears the risk of a loss on an index option which is not offset completely by movements in the price of such securities. Because index options are settled in cash, a call writer cannot determine the amount of its settlement obligations in advance and, unlike call writing on specific securities, cannot provide in advance for, or cover, its potential settlement obligations by acquiring and holding the underlying securities.

INTEREST RATE AND OTHER HEDGING TRANSACTIONS. In order to seek to protect the value of its portfolio securities against declines resulting from changes in interest rates or other market changes, the Funds may enter into various hedging transactions, such as financial futures contracts and related options contracts.

The Funds may enter into various interest rate hedging transactions using financial instruments with a high degree of correlation to the securities which each

31

Fund may purchase for its portfolio, including interest rate futures contracts in such financial instruments and interest rate related indices, put and call options on such futures contracts and on such financial instruments. Each Fund

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

expects to enter into these transactions to "lock in" a return or spread on a particular investment or portion of its portfolio, to protect against any increase in the price of securities the Fund anticipates purchasing at a later date, or for other risk management strategies.

The Funds will not engage in the foregoing transactions for speculative purposes, but only as a means to hedge risks associated with management of its portfolio. Typically, investment in these contracts requires a Fund to deposit with the applicable exchange or other specified financial intermediary as a good faith deposit for its obligations, known as "initial margins" an amount of cash or specified debt securities which initially is 1%-15% of the face amount of the contract and which thereafter fluctuates on a periodic basis as the value of the contract fluctuates. Thereafter, a Fund must make additional deposits equal to any net losses due to unfavorable price movements of the contract and will be credited with an amount equal to any net gains due to favorable price movements. These additional deposits or credits are calculated and required daily and are known as "variation margin."

The SEC generally requires that when an investment company, such as the Funds, effects transactions of the foregoing nature, such a fund either must segregate cash or high quality, readily marketable portfolio securities with its custodian in the amount of its obligations under the foregoing transactions or must cover such obligations by maintaining positions in portfolio securities, futures contracts or options that would serve to satisfy or offset the risk of such obligations. When effecting transactions of the foregoing nature, the Funds will comply with such segregation or cover requirements. No limitation exists as to the percentage of the Fund's assets which may be segregated in connection with such transactions.

The Funds will not enter into a futures contract or related option if, immediately after such investment, the sum of the amount of its initial margin deposits and premiums on open contracts and options would exceed 5% of that Fund's total assets at current value. The Funds however, may invest more than such amount in the future if it obtains authority to do so from the appropriate regulator agencies without rendering that Fund a commodity pool operator or adversely affecting its status as an investment company for federal securities law or income tax purposes.

All of the foregoing transactions present certain risks. In particular, the variable degree of correlation between price movements of futures contracts and price movements in the security being, hedged creates the possibility that losses on the hedge may be greater than gains in the value of the Fund's securities. In addition, these instruments may not be liquid in all circumstances and are closed out generally by entering into offsetting transactions rather than by disposing of the obligations. As a result, in volatile markets, the Funds may not be able to close out a transaction without incurring losses. Although the contemplated use of those

32

contracts should tend to reduce the risk of loss due to a decline in the value of the hedged security, at the same time the use of these contracts could tend to limit any potential gain which might result from an increase in the value of such security. Finally, the daily deposit requirements for futures contracts create an ongoing greater potential financial risk than do option purchase transactions, where the exposure is limited to the cost of the premium for the option.

Successful use of futures contracts and options thereon by the Funds is subject to the ability of the Adviser to predict correctly movements in the direction of interest rates and other factors affecting markets for securities. If the Adviser's expectations are not met, the Funds would be in a worse

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

position than if a hedging strategy had not been pursued. If the Fund has insufficient cash to meet daily variation margin requirements, it may have to sell securities to meet such requirements. Such sales of securities may, but will not necessarily, be at increased prices which reflect the rising market. The Funds may have to sell securities at a time when it is disadvantageous to do so.

In addition to engaging in transactions utilizing options on futures contracts, the Funds may purchase put and call options on securities and, as developed from time to time, on interest indices and other instruments. Purchasing options may increase investment flexibility and improve total return, but also risks loss of the option premium if an asset a Fund has the option to buy declines in value or if an asset a Fund has the option to sell increases in value.

The Funds also may enter into various other hedging transactions, such as interest rate swaps and the purchase or sale of interest rate caps and floors. The Funds expect to enter into these transactions primarily to preserve a return or spread on a particular investment or portion of its portfolio or to protect against any increase in the price of securities the Funds anticipate purchasing at a later date. The Funds intend to use these transactions as a hedge and not as a speculative investment. The Funds will not sell interest rate caps or floors that each Fund does not own. Interest rate swaps involve the exchange by a Fund with another party of their respective commitments to pay or receive interest, e.g., an exchange of floating rate payments for fixed rate payments. The purchase of an interest rate cap entitles the purchaser, to the extent that a specified index exceeds a predetermined interest rate, to receive payments of interest on a notional principal amount from the party selling such interest rate cap. The purchase of an interest rate floor entitles the purchaser, to the extent that a specified index falls below a predetermined interest rate, to receive payments of interest on a notional principal amount from the party selling such interest rate floor.

The Funds may enter into interest rate swaps, caps and floors on either an asset-based or liabilities-based basis, depending on whether it is hedging its assets or its liabilities, and will enter usually into interest rate swaps on a net basis, i.e., the two payment streams are netted out, with the Funds receiving or paying, as the case

33

may be, only the net amount of the two payments. Inasmuch as these hedging transactions are entered into for good faith risk management purposes, the Adviser and the Funds believe such obligations do not constitute senior securities and, accordingly, will not treat them as being subject to its investment restrictions on borrowing. The net amount of the excess, if any, of a Fund's obligations over its entitlements with respect to each interest rate swap will be accrued on a daily basis and an amount of cash or liquid securities having an aggregate net asset value at least equal to the accrued excess will be maintained in a segregated account by, each Fund's custodian. The creditworthiness of firms with which the Funds enter into interest rate swaps, caps or floors will be monitored on an ongoing basis by the Adviser pursuant to procedures adopted and reviewed, on an ongoing basis, by the Board of Trustees of the Funds. If a default occurs by the other party to such transaction, the Funds will have contractual remedies pursuant to the agreements related to the transaction. The swap market has grown substantially in recent years with a large number of banks and investment banking firms acting both as principals and as agents utilizing standardized swap documentation. As a result, the swap market has become relatively liquid. Caps and floors are more recent innovations for which standardized documentation has not yet been developed and, accordingly, they are less liquid than swaps.

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

New options and futures contracts and other financial products, and various combinations thereof, continue to be developed and the Funds may invest in any such options, contracts and products as may be developed to the extent consistent with its investment objective and the regulatory requirements applicable to investment companies.

LENDING OF PORTFOLIO SECURITIES. The Funds may seek to increase its income by lending portfolio securities under present regulatory policies, including those of the Board of Governors of the Federal Reserve System and the SEC. Such loans may be made, without limit, to brokers, dealers, banks or other recognized institutional borrowers of securities and would be required to be secured continuously by collateral, including cash, cast, equivalents or U.S. Treasury bills maintained on a current basis at an amount at least equal to the market value of the securities loaned. The Funds would have the right to call a loan and obtain the securities loaned at any time on five days' notice. For the duration of a loan, the Funds would continue to receive the equivalent of the interest or dividends paid by the issuer on the securities loaned and also would receive compensation from the investment of the collateral. The Funds, however, would not have the right to vote any securities having voting rights during the existence of the loan, but the Funds could call the loan in anticipation of an important vote to be taken among holders of the securities or in anticipation of the giving or withholding of their consent on a material matter affecting the securities. As with other extensions of credit, risks of delay in recovery or even loss of rights in the collateral exist should the borrower of the securities fail financially. However, the loans would be made only to firms deemed by the Adviser

34

to be of good standing and when, in the judgment of the Adviser, the consideration which can be earned currently from securities loans of this type justifies the attendant risk. The creditworthiness of firms to which the Funds lend their portfolio securities will be monitored on an ongoing basis by the Adviser pursuant to procedures adopted and reviewed, on an ongoing basis, by the Board of Trustees of each Fund.

"WHEN ISSUED" AND "DELAYED DELIVERY" TRANSACTIONS. The Funds may also purchase and sell fixed-income securities on a "when issued" and delayed delivery" basis. No income accrues to a Fund on fixed-income securities in connection with such transactions prior to the date a Fund actually takes delivery of such securities. These transactions are subject to market fluctuation: the value of the fixed-income securities at deliver may be more or less, than their purchase price, and yields generally available on fixed-income securities when delivery occurs may be higher than yields on the fixed-income securities obtained pursuant to such transactions. Because a Fund relies on the buyer or seller, as the case may be, to consummate the transaction, failure by the other party to complete the transaction may result in a Fund missing the opportunity of obtaining a price or yield considered to be advantageous. When a Fund is the buyer in such a transaction, however, it will maintain, in a segregated account with its custodian, cash or high-grade portfolio securities having an aggregate value equal to the amount of such purchase commitments until payment is made. The Fund will make commitments to purchase fixed-income securities on such basis only with the intention of actually acquiring these securities, but a Fund may sell such securities prior to the settlement date if such sale is considered to be advisable. To the extent a Fund engages in "when issued" and "delayed delivery" transactions, it will do so for the purpose of acquiring securities for that Fund's portfolio consistent with that Fund's investment objective and policies and not for the purpose of investment leverage.

REPURCHASE AGREEMENTS. The Funds may enter into repurchase agreements (a purchase of, and a simultaneous commitment to resell, a security at an agreed upon price on an agreed upon date) only with member banks of the Federal Reserve

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

System and member firms of the NYSE. When participating in repurchase agreements, the Fund buys securities from a vendor, e.g., a bank or brokerage firm, with the agreement that the vendor will repurchase the securities at a higher price at a later date. Such transactions afford an opportunity for the Fund to earn a return on available cash at minimal market risk, although the Fund may be subject to various delays and risks of loss if the vendor is unable to meet its obligation to repurchase. Under the 1940 Act, repurchase agreements are deemed to be collateralized loans of money by the Fund to the seller. In evaluating whether to enter into a repurchase agreement, the Adviser will consider the creditworthiness of the vendor. If the member bank or member firm that is the party to the repurchase agreement petitions for bankruptcy or otherwise becomes subject to the U.S. Bankruptcy Code, the law regarding the rights of the Fund is unsettled. The

35

securities underlying a repurchase agreement will be marked to market every business day so that the value of the collateral is at least equal to the value of the loan, including the accrued interest thereon, and the Adviser will monitor the value of the collateral.

REVERSE REPURCHASE AGREEMENTS. The Fund may enter into reverse repurchase agreements with respect to debt obligations which could otherwise be sold by the Funds. A reverse repurchase agreement is an instrument under which the Funds may sell an underlying debt instrument and simultaneously obtain the commitment of the purchaser (a commercial bank or a broker or dealer) to sell the security back to the Fund at an agreed upon price on an agreed upon date. The value of underlying securities will be at least equal at all times to the total amount of the resale obligation, including the interest factor. The Funds receive payment for such securities only upon physical delivery or evidence of book entry transfer by its custodian. Regulations of SEC require either that securities sold by the Funds under a reverse repurchase agreement be segregated pending repurchase or that the proceeds be segregated. Reverse repurchase agreements could involve certain risks in the event of default or insolvency of the other party, including possible delays or restrictions upon a Fund's ability to dispose of the underlying securities. An additional risk is that the market value of securities sold by a Fund under a reverse repurchase agreement could decline below the price at which a Fund is obligated to repurchase them. Reverse repurchase agreements will be considered borrowings by the Funds and as such would be subject to the restrictions on borrowing described in the section entitled "Investment Restrictions." The Funds will not hold more than 5% of the value of its total assets in reverse repurchase agreements.

INVESTMENT RESTRICTIONS

Each Fund's investment objective and the following investment restrictions are fundamental and cannot be changed without the approval of the holders of a majority of that Fund's outstanding voting securities (defined in the 1940 Act as the lesser of (i) more than 50% of the Fund's outstanding common shares and of any outstanding senior securities constituting preferred shares, voting by class, or (ii) 67% of the Fund's outstanding common shares and of such outstanding senior securities constituting preferred shares, voting by class, present at a meeting at which the holders of more than 50% of the outstanding shares of each such class are present in person or by proxy). All other investment policies or practices are considered by the Fund not to be fundamental and accordingly may be changed without shareholder approval. If a percentage restriction on investment or use of assets set forth below is adhered to at the time a transaction is effected, later

36

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

changes in percentage resulting from changing market values will not be considered a deviation from policy. Each Fund may not:

1. With respect to 75% of its total assets, purchase any securities (other than obligations guaranteed by the United States Government or by its agencies or instrumentalities), if as a result more than 5% of the Fund's total assets would then be invested in securities of a single issuer or if as a result the Fund would hold more than 10% of the outstanding voting securities of any single issuer, except that the Fund may purchase securities of other investment companies to the extent permitted by (i) the 1940 Act, as amended from time to time, (ii) the rules and regulations promulgated by the SEC under the 1940 Act, as amended from time to time, or (iii) an exemption or other relief from the provisions of the 1940 Act.
 2. Invest more than 25% of its total assets in securities of issuers conducting their principal business activities in the same industry; provided, that this limitation shall not apply which respect to investments in U.S. Government securities.
 3. Issue senior securities, (including borrowing money or entering into reverse repurchase agreements) in excess of 33 1/3% of its total assets (including the amount of senior securities issued but excluding any liabilities and indebtedness not constituting senior securities) except that the Fund may issue senior securities which are stocks (including preferred shares of beneficial interest) subject to the limitations set forth in Section 18 of the 1940 Act and except that the Fund may borrow up to an additional 5% of its total assets for temporary purposes: or pledge its assets other than to secure such issuance or in connection with hedging transactions, when-issued and delayed delivery transactions and similar investment strategies. The Fund's obligations under interest rate swaps are not treated as senior securities.
 4. Make loans of money or property to any person, except to the extent the securities the Fund may invest are considered to be loans, (ii) through loans of portfolio securities, (iii) through the acquisition of securities subject to repurchase agreements and (iv) that that the Fund may lend money or property in connection with maintenance of the value of, or the Fund's interest with respect to, the securities owned by the Fund.
 5. Buy any securities "on margin." Neither the deposit of initial or variation margin in connection with hedging transactions nor short-term credits as may be necessary in for the clearance of transactions is considered the purchase of a security on margin.
 6. Sell any securities "short," write, purchase or sell puts, calls or combinations thereof, or purchase or sell financial futures or options, except as described herein.
- 37
7. Act as an underwriter of securities, except to the extent the Fund may be deemed to be an underwriter in connection with the sale of securities held in its portfolio.
 8. Make investment for the purpose of exercising control or participation in management, except to the extent that exercise by the Fund of its rights under agreements related to securities owned by the Fund would be deemed to constitute such control or participation, except that the Fund may purchase securities of other investment companies to the extent permitted by (i) the 1940 Act, as amended from time to time, (ii) the rules and regulations promulgated by the SEC under the 1940 Act, as amended from time to time, or (iii) an exemption or other relief from the provisions of

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

the 1940 Act.

9. Invest in securities of other investment companies, except as part of a merger, consolidation or other acquisition, if more than 3% of the outstanding voting stock of such investment company would be held by the Fund, if more than 5% of the total assets of the Fund would be invested in any such investment company, or if the Fund would own, in the aggregate, securities of other investment companies representing more than 10% of its assets.
10. Buy or sell oil, gas or other mineral leases, rights or royalty contracts, although the Fund may, purchase securities of issuers which deal in, represent interests in or are secured by interests in such leases, rights or contracts, except to the extent that the Fund may invest in equity interests generally, as described in this Prospectus.
11. Purchase or sell real estate, commodities or commodity contracts, except to the extent the securities the Fund may invest in are considered to be interests in real estate, commodities or commodity contracts or to the extent the Fund exercises its rights under agreements relating to such securities (in which case the Fund may liquidate real estate acquired as a result of default on a mortgage), and except to the extent that hedging instruments and risk management transactions the Fund may engage in are considered to be commodities or commodities contracts.

The Funds generally will not engage in the trading of securities for the purpose of realizing short-term profits, but will adjust their portfolios as they deem advisable in view of prevailing or anticipated market conditions to accomplish the Fund's investment objective. For example, a Fund may sell portfolio securities in anticipation of a movement in interest rates. Frequency of portfolio turnover will not be a limiting factor if that Fund considers it advantageous to purchase or sell securities. Each Fund anticipates that its annual portfolio turnover rate may be in excess of 100%. A high rate of portfolio turnover involves correspondingly greater brokerage commission expenses than a lower rate, which expenses must be borne by the Fund

38

and its shareholders. High portfolio turnover also may result in the realization of substantial net short-term capital gains.

MANAGEMENT OF THE FUNDS

THE BOARDS. The Board of each Fund is responsible for the overall supervision of the operations of its respective Fund and performs the various duties imposed on trustees of investment companies by the 1940 Act and under applicable state law.

THE ADVISER. The investment adviser for each Fund is Van Kampen Asset Management. The Adviser is a wholly owned subsidiary of Van Kampen Investments Inc. ("Van Kampen Investments"). Van Kampen Investments is a diversified asset management company that administers more than three million retail investor accounts, has extensive capabilities for managing institutional portfolios and has more than \$ under management or supervision as of March 31, 2005. Van Kampen Investments has over 40 open-end funds, more than 30 closed-end funds and more than 2,700 unit investment trusts that are distributed by authorized dealers nationwide. Van Kampen Investments is an indirect wholly owned subsidiary of Morgan Stanley, a preeminent global financial services firm that maintains leading market positions in each of its three primary businesses: securities, asset management and credit services. Morgan Stanley is a full service securities firm engaged in securities trading and brokerage activities,

investment banking, research and analysis, financing and financial advisory services. The principal business address of the Adviser and Van Kampen Investments is 1221 Avenue of the Americas, New York, New York 10020.

Pursuant to separate investment advisory agreements between each Fund and the Adviser, each Fund pays the Adviser a monthly fee at the annual rate of 0.70% of such Fund's average daily net assets, including assets attributable to its preferred shares. Subsequent to the Reorganization, the Adviser will continue to receive compensation at the rate of 0.70% of the average daily net assets, including assets attributable to preferred shares, of the combined fund.

PORTFOLIO MANAGEMENT. Each Fund's portfolio is managed by the Adviser's High Yield team. The team is made up of established investment professionals. Current team members include Gordon Loery, an Executive Director of the Adviser, Josh Givelber and Chad Liu, Vice Presidents of the Adviser, and Sheila Finnerty, a Managing Director of the Adviser.

Gordon Loery has worked for the Adviser since 1999 and began managing the Funds in 2001. Josh Givelber has worked for the Adviser since [redacted] and began managing the Funds in [redacted]. Chad Liu has worked for the Adviser since [redacted] and began managing the Funds in [redacted]. Sheila Finnerty has worked for the Adviser since [redacted] and began managing the Funds in [redacted].

39

Gordon Loery is the lead portfolio manager of each Fund. Josh Givelber, Chad Liu and Sheila Finnerty are co-portfolio managers. Members of the team collaborate to manage the assets of each Fund.

The Reorganization Statement of Additional Information provides additional information about the portfolio managers' compensation, other accounts managed by the portfolio managers and the portfolio managers' ownership of securities in the Acquiring Fund.

PORTFOLIO TRANSACTIONS WITH AFFILIATES. The Adviser may place portfolio transactions, to the extent permitted by law, with brokerage firms affiliated with the Funds and the Adviser and with brokerage firms participating in the distribution of the Funds' shares if it reasonably believes that the quality of execution and the commission are comparable to that available from other qualified firms.

LEGAL PROCEEDINGS. The Adviser, certain affiliates of the Adviser, and certain open-end investment companies advised by the Adviser or its affiliates were named as defendants in a number of similar class action complaints which were consolidated. The consolidated amended complaint also names as defendants certain individual trustees and directors of certain investment companies advised by affiliates of the Adviser; the complaint does not, however, name the individual trustees of any Van Kampen funds. The complaint generally alleges that defendants violated their statutory disclosure obligations and fiduciary duties by failing properly to disclose (i) that the Adviser and certain affiliates of the Adviser allegedly offered economic incentives to brokers and others to steer investors to the funds advised by the Adviser or its affiliates rather than funds managed by other companies, and (ii) that the funds advised by the Adviser or its affiliates allegedly paid excessive commissions to brokers in return for their alleged efforts to steer investors to these funds. The complaint seeks, among other things, unspecified compensatory damages, rescissionary damages, fees and costs.

The Adviser and certain affiliates of the Adviser are also named as defendants in a derivative suit which additionally names as defendants individual trustees of certain Van Kampen funds; the named open-end investment companies are listed

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

as nominal defendants. The complaint alleges that defendants caused the Van Kampen funds to pay economic incentives to a proprietary sales force to promote the sale of proprietary mutual funds. The complaint also alleges that the Van Kampen funds paid excessive commissions to Morgan Stanley and its affiliates in connection with the sales of the funds. The complaint seeks, among other things, the removal of the current trustees of the funds, rescission of the management contracts for the funds, disgorgement of profits by Morgan Stanley and its affiliates and monetary damages. This complaint has been coordinated with the consolidated complaint described in the preceding paragraph. The defendants have moved to dismiss each of these actions and otherwise intend to defend them vigorously. The motions to dismiss each action are pending. While the defendants believe that they

40

have meritorious defenses, the ultimate outcome of these matters is not presently determinable at this early stage of litigation.

The plaintiff in the action described in the preceding paragraph has instituted a new derivative action against the same defendants alleging that the defendants failed to detect and/or prevent market timing and late trading of the Van Kampen funds by third parties. The defendants expect to move to dismiss this new action and believe that they will have meritorious defenses to the claims alleged.

The Adviser and one of the open-end investment companies advised by the Adviser are named as defendants in a recently filed class action complaint generally alleging that the defendants breached their duties of care to long-term shareholders of the investment company by valuing portfolio securities at the closing prices of the foreign exchanges on which they trade without accounting for significant market information that became available after the close of the foreign exchanges but before calculation of net asset value. As a result, the complaint alleges, short-term traders were able to exploit stale pricing information to capture arbitrage profits that diluted the value of shares held by long-term investors. The complaint seeks unspecified compensatory damages, punitive damages, fees and costs. Defendants have appealed an order of the federal court remanding this case to state court. The federal appeals court has issued a stay of discovery in the state court during the pendency of the appeal. While the defendants believe that they have meritorious defenses, the ultimate outcome of this matter is not presently determinable at this early stage of litigation.

The Adviser and individual trustees of certain Van Kampen funds are named as defendants in a recently filed class action complaint that alleges that the defendants breached various fiduciary and statutory duties to investors by failing to ensure that the funds participated in securities class action settlements involving securities held in the funds' portfolios. The complaint seeks compensatory and punitive damages on behalf of investors in the funds. None of the funds are named as defendants and no claims are asserted against them. The defendants expect to move to dismiss the complaint and believe that they have meritorious defenses.

ADDITIONAL INFORMATION ABOUT THE COMMON SHARES OF THE FUNDS

PURCHASE AND SALE. Purchase and sale procedures for the common shares of each of the Funds are identical. Investors typically purchase and sell common shares of the Funds through a registered broker-dealer on the NYSE or CHX, thereby incurring a brokerage commission set by the broker-dealer. Alternatively, investors may purchase or sell common shares of the Funds through privately negotiated transactions with existing shareholders.

As of March 1, 2004, (i) the net asset value per share for Target Fund Common Shares was \$3.81 and the market price per share was \$4.05, representing a premium to net asset value of 1.06%, and (ii) the net asset value per share for Acquiring Fund Common Shares was \$4.80 and the market price per share was \$5.10, representing a premium to net asset value of 1.06%.

Historically, both Funds have generally traded at a premium to net asset value most of the time, however, as the chart above shows, there are periods when the Funds have traded at a discount to net asset value. To the extent that either Fund trades at a discount, the Board of Trustees of each Fund may, subject to the terms and conditions of its preferred shares, authorize a Fund from time to time to repurchase the common shares in the open market or to tender for the common shares at net asset value. The Board of Trustees of each Fund, in consultation with the Adviser, will review on a quarterly basis the possibility of open market repurchases and/or tender offers for the common shares. Subject to its borrowing restrictions, each Fund may incur debt to finance such repurchases, which entails risks. The ability of a Fund to enter into tender offers and the common share repurchases may be limited by the 1940 Act asset coverage requirements and any additional asset coverage requirements which may be imposed by a rating agency in connection with any rating of the preferred shares. No assurance can be given that the Board of Trustees of either Fund will, in fact, authorize that Fund to undertake such repurchases and/or tender offers or that, if undertaken, such actions would result in the common shares trading at a price which is equal or close to net asset value.

DIVIDENDS AND DISTRIBUTIONS. The Funds' current policies with respect to dividends and distributions relating to their respective common shares are similar. It is each Fund's present policy, which may be changed by its Board of Trustees, to make monthly distributions to holders of its common shares of substantially all net investment income of the Fund, if any, remaining after the payment of scheduled principal and interest and/or dividends on any senior securities outstanding, including any outstanding preferred shares. Net investment income of each Fund consists of all interest income, dividends, other ordinary income earned by the Fund

44

on its portfolio assets and short-term capital gains, less all expenses of the Fund. Under current federal tax law, a Fund is required to allocate net capital gains and other taxable income, if any, among its common shares and its preferred shares on a pro rata basis in the year for which such capital gains and other income is realized.

Expenses of each Fund are accrued each day. Net realized long-term capital gains, if any, are expected to be distributed to shareholders at least annually. While there are any of its preferred shares outstanding, neither Fund may declare any cash dividend or other distribution on its common shares, unless at the time of such declaration, (1) all accrued preferred shares dividends have been paid and (2) the value of the Fund's total assets (determined after deducting the amount of such dividend or other distribution), less all

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

liabilities and indebtedness of the Fund, is at least 200% (as required by the 1940 Act) of the liquidation value of the outstanding preferred shares (expected to equal the aggregate original purchase price of the outstanding preferred shares plus any accrued and unpaid dividends thereon, whether or not earned or declared on a cumulative basis). In addition to the requirements of the 1940 Act, the Fund may be required to comply with other asset coverage requirements as a condition of the Fund obtaining a rating of its preferred shares from a nationally recognized rating service. These requirements may include an asset coverage test more stringent than under the 1940 Act. This limitation on a Fund's ability to make distributions on its common shares could in certain circumstances impair the ability of the Fund to maintain its qualification for taxation as a regulated investment company. Each Fund intends, however, to the extent possible, to purchase or redeem preferred shares from time to time to maintain compliance with such asset coverage requirements and may pay special dividends to the holders of the preferred shares in certain circumstances in connection with any such impairment of the Fund's status as a regulated investment company.

For information concerning the manner in which dividends and distributions to holders of each Fund's common shares may be reinvested automatically in the Fund's common shares, see the section entitled "Dividend Reinvestment Plan."

DIVIDEND REINVESTMENT PLAN. Each Fund offers a Dividend Reinvestment Plan (each a "Plan") pursuant to which holders of common shares may elect to have all distributions of dividends and all capital gains automatically reinvested in common shares pursuant to such Plan. The Plans for the Target Fund and the Acquiring Fund are substantially identical, except that, unlike the Target Fund's Plan, Acquiring Fund's Plan provides for automatic participation. Thus, dividends and distributions to Acquiring Fund common shareholders will be automatically reinvested in additional Acquiring Fund Common Shares purchased on each such common shareholders' behalf in the open market, unless an Acquiring Fund common shareholder specifically elects to receive cash. Under the Target Fund's plan, unless Target Fund common shareholders elect to participate in that Fund's

45

Plan, all common shareholders will receive distributions of dividends and capital gains in cash.

State Street Bank and Trust Company, as plan agent (the "Plan Agent"), serves as agent for the holders of common shares of each Fund in administering the Plans. After a Fund declares a dividend or determines to make a capital gain distribution, the Plan Agent will, as agent for the participants, receive the cash payment and use it to buy common shares in the open market, on the NYSE or elsewhere, for the participants' accounts. Neither Fund will issue any new common shares in connection with its Plan. All reinvestments are in full and fractional common shares, carried to three decimal places.

Experience under the Plans may indicate that changes are desirable. Accordingly, each Fund reserves the right to amend or terminate its Plan as applied to any dividend or distribution paid subsequent to written notice of the change sent to all common shareholders of the Fund at least 90 days before the record date for the dividend or distribution. The Plans also may be amended or terminated by the Plan Agent, with the written consent of the Fund, by providing at least 90 days' written notice to all participants in the Plan.

The Plan Agent's fees for the handling of the reinvestment of dividends and distributions will be paid by the Fund. However, each participant will pay a pro rata share of brokerage commissions incurred with respect to the Plan Agent's open market purchases in connection with the reinvestment of dividends and

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

distributions. No other charges will be made to participants for reinvesting dividends or capital gain distributions, except for certain brokerage commissions, as described above.

Common shareholders will receive tax information annually. The automatic reinvestment of dividends and distributions applicable will not relieve participants of any federal income tax that may be payable or required to be withheld on such dividends or distributions.

All Acquiring Fund common shareholders are deemed to be participants in the Plan unless they specifically elect not to participate. Common shareholders of either Fund may withdraw from the Plan at anytime by calling (800) 341-2929 or by writing to the Plan Agent. If you withdraw, you will receive, without charge, a share certificate issued in your name for all full common shares credited to your account under the Plan, and a cash payment will be made for any fractional common share credited to your account under the Plan. Common shareholders of either Fund may again elect to participate in the Plan at any time by calling (800) 341-2929 or by writing to the applicable Fund at 2800 Post Oak Boulevard, Houston, Texas 77056, Attention: Closed-End Funds.

46

After the Reorganization, a holder of shares of a Fund who currently elects to receive dividends in cash will continue to receive dividends in cash; all other holders will have their dividends automatically reinvested in shares of the combined fund.

ADDITIONAL INFORMATION ABOUT THE PREFERRED SHARES OF THE FUNDS

GENERAL. The preferred shares of each Fund have a similar structure. The Acquiring Fund has issued and outstanding auction preferred shares, or "APS," and the Target Fund has issued and outstanding auction market preferred shares, or "AMPS." Each are preferred shares of beneficial interest which entitle their holders to receive dividends when, as and if declared by the Board of Trustees, out of funds legally available therefor, at a rate per annum that may vary for the successive dividend periods. Acquiring Fund APS have a liquidation preferences of \$25,000 per share, while the Target Fund AMPS have a liquidation preference of \$100,000 per share. Neither Acquiring Fund APS nor Target Fund AMPS are traded on a stock exchange or over-the-counter.

Holders of each Fund's preferred shares do not have preemptive rights to purchase any shares of Acquiring Fund APS or Target Fund AMPS, or any other preferred shares that might be issued. The net asset value per share of Acquiring Fund APS or Target Fund AMPS equals its liquidation preference plus accumulated but unpaid dividends per share.

SERIES. Under the 1940 Act, each Fund is permitted to have outstanding more than one series of preferred shares as long as no single series has priority over another series as to the distribution of assets of the Fund or the payment of dividends. Each Fund currently has only one series of preferred shares outstanding.

PURCHASE AND SALE. Purchase and sale procedures for the preferred shares of each of the Funds also are substantially identical. Such preferred shares generally are purchased and sold at separate auctions conducted on a regular basis by the auction agent for each Fund's preferred shares (the "Auction Agent"). Unless otherwise permitted by the Funds, existing and potential holders of Acquiring Fund APS or Target Fund AMPS, as the case may be, only may participate in auctions through their broker-dealers. Broker-dealers submit the orders of their respective customers who are existing and potential holders of Acquiring Fund APS or Target Fund AMPS, as the case may be, to the Auction

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

Agent. On or prior to each auction date for the Acquiring Fund APS or Target Fund AMPS (the business day next preceding the first day of each dividend period), each holder may submit orders to buy, sell or hold Acquiring Fund APS or Target Fund AMPS to its broker-dealer. Outside of these auctions, shares of Acquiring Fund APS or Target Fund AMPS may be purchased or sold through broker-dealers in a secondary trading market maintained by the broker-dealers. However, there can be no assurance that a secondary market will develop or if it does develop, that it will provide holders with a liquid trading market for the Acquiring Fund APS or Target Fund AMPS.

47

AUCTIONS. Each of Acquiring Fund APS and Target Fund AMPS may be purchased at auctions or through broker-dealers who maintain a secondary market in Acquiring Fund APS or Target Fund AMPS, as the case may be. Auctions are generally held every seven days for Acquiring Fund APS and every twenty-eight days for Target Fund AMPS, unless the applicable Fund elects, subject to certain limitations, to declare a special dividend period. In connection with the Reorganization, a holder of Target Fund AMPS would receive Acquiring Fund APS. Accordingly, Acquiring Fund APS received in connection with the Reorganization would have a regular dividend period of seven days rather than twenty-eight days, as is the case for Target Fund AMPS. In all other material respects, the terms of Target Fund AMPS and Acquiring Fund APS are substantially similar.

DIVIDEND RATES. The following table provides information about the dividend rates for each Fund's preferred shares as of a recent auction.

AUCTION DIVIDEND DATE	FUND	RATE
-----	----	----
, 2005	Target Fund.....	%
, 2005	Acquiring Fund.....	%

REDEMPTIONS. The redemption provisions pertaining to the preferred shares of each Fund are substantially similar. It is anticipated that preferred shares of each Fund will generally be redeemable at the option of the applicable Fund at a price equal to the liquidation preference of each (\$25,000 per share for Acquiring Fund APS and \$100,000 per share for Target Fund AMPS), plus accumulated but unpaid dividends (whether or not earned or declared) to the date of redemption plus, in certain circumstances, a redemption premium. Preferred shares of each Fund are also subject to mandatory redemption at a price equal to their liquidation preference plus accumulated but unpaid dividends (whether or not earned or declared) to the date of redemption upon the occurrence of certain specified events, such as the failure of a Fund to maintain asset coverage requirements for its preferred shares specified by Moody's and S&P in connection with their issuance of ratings on their preferred shares.

RATINGS. The Acquiring Fund APS and the Target Fund AMPS have each been assigned a rating of "AAA" from S&P and "Aaa" from Moody's. Each Fund intends that, so long as its preferred shares are outstanding, the composition of its portfolio will reflect guidelines established by S&P and Moody's in connection with each Fund's receipt of a rating for such shares of at least "AAA" from S&P and "Aaa" from Moody's. S&P and Moody's, which are nationally recognized statistical rating organizations, issue ratings for various securities reflecting the perceived creditworthiness of such securities. The guidelines for rating such preferred shares have been developed by S&P and Moody's in connection with issuances of asset-backed and similar securities, including debt

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

obligations and variable rate preferred stock, generally on a case-by-case basis through discussions with the issuers of these

48

securities. The guidelines are designed to ensure that assets underlying outstanding debt or preferred stock will be varied sufficiently and will be of sufficient quality and amount to justify investment grade ratings. The guidelines do not have the force of law but have been adopted by each Fund in order to satisfy current requirements necessary for S&P and Moody's to issue the above-described ratings for preferred shares, which ratings generally are relied upon by institutional investors in purchasing such securities. The guidelines provide a set of tests for portfolio composition and asset coverage that supplement (and in some cases are more restrictive than) the applicable requirements under the 1940 Act.

Each Fund may, but is not required to, adopt any modifications to these guidelines that hereafter may be established by S&P or Moody's. Failure to adopt any such modifications, however, may result in a change in the ratings described above or a withdrawal of the ratings altogether. In addition, any rating agency providing a rating for a Fund's preferred shares, at any time, may change or withdraw any such rating. As set forth in the Certificate of Vote of Trustees Establishing Preferred Shares of each Fund (each a "Certificate of Vote"), the Board of Trustees of each Fund, without shareholder approval, may modify certain definitions or restrictions that have been adopted by the Fund pursuant to the rating agency guidelines, provided the Board of Trustees has obtained written confirmation from S&P and Moody's that any such change would not impair the ratings then assigned by S&P and Moody's to the preferred shares. For so long as any shares of a Fund's preferred shares are rated by S&P or Moody's, as the case may be, a Fund's use of options and financial futures contracts and options thereon will be subject to certain limitations mandated by the rating agencies.

LIQUIDATION RIGHTS. Upon any liquidation, dissolution or winding up of either Fund, whether voluntary or involuntary, the holders of a Fund's preferred shares will be entitled to receive, out of the assets of the Fund available for distribution to shareholders, before any distribution or payment is made upon any of the Fund's common shares or any other capital shares of the Fund ranking junior in right of payment upon liquidation to the preferred shares, \$25,000 per share for Acquiring fund APS and \$100,000 per share for Target Fund AMPS, together with the amount of any dividends accumulated but unpaid (whether or not earned or declared) thereon to the date of distribution, and after such payment the holders of preferred shares will be entitled to no other payments. If such assets of a Fund are insufficient to make the full liquidation payment on the preferred shares and liquidation payments on any other outstanding class or series of preferred shares of the Fund ranking on a parity with the Acquiring Fund APS or Target Fund AMPS, as the case may be, as to payment upon liquidation, then such assets will be distributed among the holders of Acquiring Fund APS or Target Fund AMPS, as the case may be, and the holders of shares of such other class or series ratably in proportion to the respective preferential amounts to which they are entitled. After payment of the full amount of liquidation distribution to which they are entitled, the

49

holders of a Fund's Acquiring Fund APS or Target Fund AMPS, as the case may be, will not be entitled to any further participation in any distribution of assets by the Fund. A consolidation, merger or share exchange of a Fund with or into any other entity or entities or a sale, whether for cash, shares of stock, securities or properties, of all or substantially all or any part of the assets of a Fund shall not be deemed or construed to be a liquidation, dissolution or winding up of that Fund for this purpose.

DIVIDENDS AND DISTRIBUTIONS. The Funds' current policies with respect to dividends and distributions relating to their respective preferred shares are substantially similar. The holders of the Target Fund's AMPS and the Acquiring Fund's APS are entitled to receive, when, as and if declared by the Board of Trustees of the Fund, out of funds legally available therefor, cumulative cash dividends on their shares. Dividends on the Target Fund's AMPS so declared and payable shall be paid (i) in preference to and in priority over any dividends so declared and payable on the Target Fund's common shares, and (ii) to the extent permitted under the Internal Revenue Code and to the extent available and in preference to an priority over any dividend declared and payable on that Fund's common shares, out of net investment income.

Prior to each dividend payment date, the relevant Fund is required to deposit with the Auction Agent sufficient funds for the payment of such declared dividends. Neither Fund intends to establish any reserves for the payment of dividends, and no interest will be payable in respect of any dividend payment or payment on a Fund's Acquiring Fund APS or Target Fund AMPS, as the case may be, which may be in arrears.

To the extent that short-term capital gains recognized by the Target Fund are not required to be paid with respect to Target Fund AMPS in order to satisfy the dividends thereon, and to the extent permitted by applicable laws, the Target Fund generally allocates to holders of Target Fund Common Shares all capital gains, if any.

The Target Fund generally allocates net capital gains and other taxable income only to holders of Target Fund Common Shares, and not to holders of Target Fund AMPS, in the year for which such capital gains and other income is realized. The Acquiring Fund, however, is required to allocate net capital gains and other taxable income, if any, proportionately between holders Acquiring Fund Common Shares and Acquiring Fund APS.

ADDITIONAL INFORMATION. For additional information, Target Fund shareholders should consult the Reorganization Statement of Additional Information, which contains a more complete summary of the terms of the Acquiring Fund APS, and the Certificate of Vote governing the Acquiring Fund APS, included as Appendix B to the Reorganization Statement of Additional Information.

GOVERNING LAW

Each Fund is organized as a business trust under the laws of The Commonwealth of Massachusetts. The Target Fund was organized on November 30, 1988 and commenced operations on January 26, 1989; the Acquiring Fund was organized on February 15, 1989 and commenced operations on April 28, 1989.

Under Massachusetts law, shareholders of a business trust may, under certain circumstances, be held personally liable as partners for its obligations. However, the Declaration of Trust of each Fund contains an express disclaimer of shareholder liability for acts or obligations of the Fund and provides for indemnification and reimbursement of expense out of the Fund's property for any shareholder held personally liable for the obligations of that Fund. Thus, the risk of a shareholder incurring financial loss on account of shareholder liability is limited to circumstances in which the Fund itself would be unable to meet its obligations. Given the nature of each Fund's assets and operations, the possibility of a Fund being unable to meet its obligations is remote and, in the opinion of counsel to the Funds, the risk to the Funds' respective shareholders is remote.

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

Each Fund is also subject to federal securities laws, including the 1940 Act and the rules and regulations promulgated by SEC thereunder, and applicable state securities laws. Each Fund is registered as a diversified, closed-end management investment company under the 1940 Act.

CERTAIN PROVISIONS OF THE DECLARATIONS OF TRUST

Each Fund's Declaration of Trust includes provisions that could have the effect of limiting the ability of other entities or persons to acquire control of the Fund or to change the composition of its Board of Trustees, and could have the effect of depriving common shareholders of an opportunity to sell their common shares at a premium over prevailing market prices by discouraging a third party from seeking to obtain control of the Fund. The Board of Trustees of each Fund is divided into three classes, with the term of one class expiring at the annual meeting of shareholders. At each annual meeting, in each year each class whose term is expiring will be elected to a three-year term. This provision could delay for up to two years the replacement of a majority of the Board of Trustees. A Trustee may be removed from office only for cause by a written instrument signed by at least two-thirds of the remaining Trustees or by a vote of the holders of at least two-thirds of the class of shares of the Fund that elected such Trustee and entitled to vote on the matter.

In addition, each Fund's Declaration of Trust requires the favorable vote of the holders of at least 75% of the outstanding shares of each class of the Fund, voting as a class, then entitled to vote to approve, adopt or authorize certain transactions with 5%-or-greater holders of a class of shares and their associates, unless the Board of Trustees shall by resolution have approved a memorandum of understanding with

51

such holders, in which case normal voting requirements applicable to those transactions would be in effect. For purposes of these provisions, a 5%-or-greater holder of a class of shares (a "Principal Shareholder") refers to any person who, whether directly or indirectly and whether alone or together with its affiliates and associates, beneficially owns 5% or more of the outstanding shares of any class of beneficial interest of the Fund. The transactions subject to these special approval requirements are: (i) the merger or consolidation of the Fund or any subsidiary of the Fund with or into any Principal Shareholder; (ii) the issuance of any securities of the Fund to any Principal Shareholder for cash (except pursuant to the Dividend Reinvestment Plan); (iii) the sale, lease or exchange of all or any substantial part of the assets of the Fund to any Principal Shareholder (except assets having an aggregate fair market value of less than \$1,000,000, aggregating for the purpose of such computation all assets sold, leased or exchanged in any series of similar transactions within a twelve-month period); or (iv) the sale, lease or exchange to the Fund or any subsidiary thereof, in exchange for securities of the Fund, of any assets of any Principal Shareholder (except assets having an aggregate fair market value of less than \$1,000,000, aggregating for purposes of such computation all assets sold, leased or exchanged in any series of similar transactions within a twelve-month period).

The Board of Trustees of each Fund has determined that the 75% voting requirements described above, which are greater than the minimum requirements under Massachusetts law or the 1940 Act, are in the best interest of shareholders of each respective Fund generally. Reference should be made to the Declaration of Trust of each Fund on file with the SEC for the full text of these provisions.

The Declaration of Trust of each Fund further provides that no trustee, officer, employee or agent of the Fund is liable to the Fund or to any

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

shareholder, nor is any trustee or officer liable to any third persons in connection with the affairs of the Fund, except as such liability may arise from his or her own bad faith, willful misfeasance, gross negligence, or reckless disregard of their duties. It also provides that all third persons shall look solely to the Fund property for satisfaction of claims arising in connection with the affairs of the Fund. With the exceptions stated, the Declaration of Trust provides that a trustee, officer, employee or agent is entitled to be indemnified against all liability in connection with the affairs of the Fund. Holders of each Fund's common shares are entitled to share equally in dividends declared by each Fund's Board of Trustees payable to holders of the common shares and in the net assets of the Fund available for distribution to holders of the common shares after payment of the preferential amounts payable to holders of any outstanding preferred shares. Holders of a Fund's common shares do not have preemptive or conversion rights and a Fund's common shares are not redeemable. The outstanding common shares of each Fund are fully paid and nonassessable. So long as any Acquiring Fund APS or Target Fund AMPS, as the case may be, or any other preferred shares are outstanding, holders of the Fund's common shares will

52

not be entitled to receive any dividends of or other distributions from the Fund unless all accumulated dividends on the outstanding Acquiring Fund APS or Target Fund AMPS, as the case may be, and any other preferred shares have been paid, and unless asset coverage (as defined in the 1940 Act) with respect to such Acquiring Fund APS or Target Fund AMPS, as the case may be, and any other preferred shares would be at least 200% after giving effect to such distributions.

CONVERSION TO OPEN-END FUND

Each Fund may be converted to an open-end investment company at any time by an amendment to its Declaration of Trust. Each Fund's Declaration of Trust provides that such an amendment would require the approval of (a) a majority of the Trustees, including the approval by a majority of the disinterested Trustees of the Fund, and (b) the lesser of (i) more than 50% of the Fund's outstanding common and preferred shares each voting as a class or (ii) 67% of the common and preferred shares, each voting as a class, present at a meeting at which holders of more than 50% of the outstanding shares of each such class are present in person or by proxy. If approved in the foregoing manner, conversion of the Fund could not occur until 90 days after the shareholders' meeting at which such conversion was approved and would also require at least 30 days prior notice to all shareholders. Conversion of a Fund to an open-end investment company would require the redemption of all outstanding preferred shares, which would eliminate the leveraged capital structure of the Fund. In the event of conversion, the common shares would cease to be listed on the NYSE. Shareholders of an open-end investment company may require the company to redeem their shares at any time (except in certain circumstances as authorized by or under the 1940 Act) at their net asset value, less such redemption charge, if any, as might be in effect at the time of a redemption. If a Fund were converted to an open-end fund, it is likely that new common shares would be sold at net asset value plus a sales load. Following any such conversion, it is also possible that certain of the Fund's investment policies and strategies would have to be modified to assure sufficient portfolio liquidity. In particular the Fund would be required to maintain its portfolio such that not more than 15% of its assets would be invested in illiquid securities. Such requirement could cause the Fund to dispose of portfolio securities or other assets at a time when it is not advantageous to do so, and could adversely affect the ability of the Fund to meet its investment objective.

VOTING RIGHTS

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

Voting rights are identical for the holders of each Fund's common shares. Holders of each Fund's common shares are entitled to one vote for each share held. Except as set forth in the sections entitled "Certain Provisions of the Declarations of Trust" or "Conversion to Open-End Fund," or except as expressly required by applicable law or expressly set forth in the designation of rights and preferences

53

with respect to a Fund's preferred shares, holders of preferred shares have no voting rights. When holders of a Fund's preferred shares are entitled to vote, they are also entitled to cast one vote per share held.

Holders of preferred shares, voting as a class, are entitled to elect two of each Fund's trustees. Under the 1940 Act, if at any time dividends on a Fund's preferred shares are unpaid in an amount equal to two full years dividends thereon, the holders of all outstanding preferred shares, voting as a class, are entitled to elect a majority of the Fund's Trustees until all dividends have been paid or declared and set apart for payment. The affirmative vote of a majority of the holders of preferred shares of a Fund, voting as a class, is required to amend, alter or repeal any of the preferences, rights or powers of holders of preferred shares so as to materially and adversely affect such preferences, rights or powers, or increase or decrease the number of preferred shares authorized to be issued. The affirmative vote of the holders of a majority of a Fund's outstanding preferred shares, voting as a class, is required to approve any action requiring a vote of security holders under Section 13(a) of the 1940 Act including, among other things, changes in the Fund's investment objective or changes in the Fund's fundamental investment restrictions.

INFORMATION ABOUT THE REORGANIZATION

GENERAL

Under the Reorganization Agreement (attached as Appendix A to the Reorganization Statement of Additional Information), (i) the Acquiring Fund will acquire substantially all of the assets, and will assume substantially all of the liabilities, of the Target Fund, in exchange for an equal aggregate net asset value of Acquiring Fund Common Shares and aggregate liquidation preference of Acquiring Fund APS to be issued by the Acquiring Fund. The Acquiring Fund will issue and cause to be listed on the NYSE and CHX additional Acquiring Fund Common Shares. The number of Acquiring Fund Common Shares issued to the Target Fund will have an aggregate net asset value equal to the aggregate net asset value of the Target Fund Common Shares less the costs of the Reorganization (except that cash will be paid in lieu of any fractional shares), and the number of shares of Acquiring Fund APS will have an aggregate liquidation preference equal to the aggregate liquidation preference of the Target Fund AMPS. Upon receipt by the Target Fund of such shares, the Target Fund will (i) distribute the Acquiring Fund Common Shares to the holders of Target Fund Common Shares and (ii) distribute the Acquiring Fund APS to the holders of Target Fund AMPS. As soon as practicable after the Closing Date for the Reorganization, the Target Fund will deregister as an investment company under the 1940 Act and dissolve under applicable state law.

The Target Fund will distribute the Acquiring Fund Common Shares and the Acquiring Fund APS received by it pro rata to its holders of record of Target Fund Common Shares and Target Fund AMPS, as applicable, in exchange for such shareholders' shares in the Target Fund. Such distribution would be accomplished by opening new accounts on the books of the Acquiring Fund in the names of the

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

common and preferred shareholders of the Target Fund and transferring to those shareholder accounts the Acquiring Fund Common Shares and the Acquiring Fund APS previously credited on those books to the accounts of the Target Fund. Each newly-opened account on the books of the Acquiring Fund for the previous holders of the Target Fund would represent the respective pro rata number of Acquiring Fund Common Shares (rounded down, in the case of fractional shares, to the next largest number of whole shares) due such holder of Common Shares. No fractional Acquiring Fund Common Shares will be issued. In lieu thereof, the Acquiring Fund's transfer agent will aggregate all fractional Acquiring Fund Common Shares and sell the resulting whole shares on the NYSE for the account of all holders of fractional interests, and each such holder will be entitled to the pro rata share of the proceeds from such sale upon surrender of the Target Fund Common Share certificates. Similarly, each newly-opened account on the books of the Acquiring Fund for the previous holders of Target Fund AMPS would represent the respective pro rata number of Acquiring Fund APS due such holder. See "Terms of the Reorganization Agreement -- Surrender and Exchange of Share Certificates"

57

below for a description of the procedures to be followed by Target Fund shareholders to obtain their Acquiring Fund Common Shares or Acquiring Fund APS (and cash in lieu of fractional shares, if any).

As a result of the Reorganization, every holder of Target Fund Common Shares would own Acquiring Fund Common Shares that (except for cash payments received in lieu of fractional shares) would have an aggregate net asset value immediately after the Closing Date equal to the aggregate net asset value of that shareholder's Target Fund Common Shares immediately prior to the Closing Date less the costs of the Reorganization. Since the Acquiring Fund Common Shares would be issued at net asset value in exchange for the net assets of the Target Fund having a value equal to the aggregate net asset value of those Acquiring Fund Common Shares, the net asset value per share of Acquiring Fund Common Shares should remain virtually unchanged by the Reorganization, except for its share of the Reorganization costs. Similarly, every holder of Target Fund AMPS would own Acquiring Fund APS that would have an aggregate liquidation preference immediately after the Closing Date equal to the aggregate liquidation preference of that shareholder's Target Fund AMPS immediately prior to the Closing Date. The aggregate liquidation preference of the Acquiring Fund APS to be issued to the Target Fund will equal the aggregate liquidation preference of the Target Fund AMPS. The liquidation preference per share of the Acquiring Fund APS will remain unchanged by the Reorganization. Thus, the Reorganization will result in no dilution of net asset value of the Target Fund Common Shares or Acquiring Fund Common Shares, other than to reflect the costs of the Reorganization, and will result in no dilution of the value per share of Acquiring Fund APS or Target Fund AMPS.

No sales charge or fee of any kind will be charged to shareholders of the Target Fund in connection with their receipt of Acquiring Fund Common Shares or Acquiring Fund APS in the Reorganization. Holders of Target Fund AMPS will find that the auction dates and dividend payment dates for the Acquiring Fund APS received in the Reorganization are ordinarily (i.e., except in the case of a special dividend period) on a seven day schedule rather than a twenty-eight day schedule as is the case for Target Fund AMPS. This change in the standard dividend period should not materially affect the value of the Target Fund AMPS. The auction procedures for the preferred shares of the Funds are substantially similar. As a result of the Reorganization, the last dividend period for the Target Fund AMPS prior to the Closing Date may be shorter than the dividend period for such Target Fund AMPS determined as set forth in its applicable Certificate of Vote.

TERMS OF THE REORGANIZATION AGREEMENT

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

The following is a summary of the significant terms of the Reorganization Agreement. This summary is qualified in its entirety by reference to the

58

Reorganization Agreement, attached as Appendix A to the Reorganization Statement of Additional Information.

VALUATION OF ASSETS AND LIABILITIES. The respective assets of each of the Funds will be valued on the business day prior to the Closing Date (the "Valuation Date"). The valuation procedures are the same for each Fund: the net asset value per common share of each Fund will be determined after the close of business on the NYSE (generally, 4:00 p.m., Eastern time) on the Valuation Date. For the purpose of determining the net asset value of a common share of each Fund, the value of the securities held by the issuing Fund plus any cash or other assets (including interest accrued but not yet received) minus all liabilities (including accrued expenses) and the aggregate liquidation value of the outstanding preferred shares of the issuing Fund is divided by the total number of common shares of the issuing Fund outstanding at such time. Daily expenses, including the fees payable to the Adviser, will accrue on the Valuation Date.

AMENDMENTS AND CONDITIONS. The Reorganization Agreement may be amended at any time prior to the Closing Date with respect to any of the terms therein. The obligations of each Fund pursuant to the Reorganization Agreement are subject to various conditions, including a registration statement on Form N-14 being declared effective by the SEC, approval by the shareholders of the Target Fund of the Reorganization Agreement and transactions contemplated thereby, approval by shareholders of the Acquiring Fund of the issuance of additional common shares, receipt of an opinion of counsel as to tax matters, receipt of an opinion of counsel as to corporate and securities matters and the continuing accuracy of various representations and warranties of the Funds being confirmed by the respective parties.

POSTPONEMENT; TERMINATION. Under the Reorganization Agreement, the Board of Trustees of either Fund may cause the Reorganization to be postponed or abandoned in certain circumstances should such Board determine that it is in the best interests of the shareholders of its respective Fund to do so.

The Reorganization Agreement may be terminated, and the Reorganization abandoned at any time (whether before or after adoption thereof by the shareholders of either of the Funds) prior to the Closing Date, or the Closing Date may be postponed: (i) by mutual consent of the Boards of Trustees of the Funds and (ii) by the Board of Trustees of either Fund if any condition to that Fund's obligations set forth in the Reorganization Agreement has not been fulfilled or waived by such Board.

SURRENDER AND EXCHANGE OF SHARE CERTIFICATES. After the Closing Date, each holder of an outstanding certificate or certificates formerly representing Target Fund Common Shares will be entitled to receive, upon surrender of his or her certificate or certificates, a certificate or certificates representing the number of Acquiring Fund Common Shares distributable with respect to such holder's Target

59

Fund Common Shares, together with cash in lieu of any fractional Acquiring Fund Common Shares. Promptly after the Closing Date, the transfer agent for the Acquiring Fund Common Shares will mail to each holder of certificates formerly representing Target Fund Common Shares a letter of transmittal for use in

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

surrendering his or her certificates for certificates representing Acquiring Fund Common Shares and cash in lieu of any fractional shares.

Acquiring Fund APS and Target Fund AMPS are held in "street name" by the Depository Trust Company and all transfers will be accomplished by book entry.

Please do not send in any share certificates at this time. Upon consummation of the Reorganization, holders of Target Fund Common Shares will be furnished with instructions for exchanging their share certificates for Acquiring Fund share certificates and, if applicable, cash in lieu of fractional shares.

From and after the Closing Date, certificates formerly representing Target Fund Common Shares will be deemed for all purposes to evidence ownership of the number of full Acquiring Fund Common Shares distributable with respect to the Target Fund Common Shares held before the Reorganization, provided that, until such share certificates have been so surrendered, no dividends payable to the holders of record of Target Fund Common Shares as of any date subsequent to the Closing Date will be reinvested pursuant to the Acquiring Fund's Dividend Reinvestment Plan, but will instead be paid in cash. Once such Target Fund share certificates have been surrendered, participants in the Target Fund's Dividend Reinvestment Plan will automatically be enrolled in the Dividend Reinvestment Plan of the Acquiring Fund.

From and after the Closing Date, there will be no transfers on the share transfer books of the Target Fund. If, after the Closing Date, certificates representing Target Fund Common Shares are presented to the Acquiring Fund, they will be canceled and exchanged for certificates representing Acquiring Fund Common Shares, as applicable, and cash in lieu of fractional shares, if any, distributable with respect to such Target Fund Common Shares in the Reorganization.

EXPENSES OF THE REORGANIZATION. In the event the Reorganization is completed, the expenses of the Reorganization will be shared by the Target Fund and the Acquiring Fund in proportion to their projected benefits as a result of the Reorganization. The expenses of the Reorganization will not be borne by the holders of preferred shares of either Fund. Management of the Funds estimates total costs of the Reorganization to be approximately \$. In the event the Reorganization is not completed, the Adviser will bear the costs associated with the Reorganization. The Board of each Fund has reviewed and approved the foregoing arrangements with respect to expenses and other charges relating to the Reorganization.

Expenses incurred in connection with the Reorganization include, but are not limited to: all costs related to the preparation and distribution of materials

60

distributed to each Fund's Board; all expenses incurred in connection with the preparation of the Reorganization Agreement and a registration statement on Form N-14; SEC and state securities commission filing fees and legal and audit fees in connection with the Reorganization; the costs of printing and distributing this Joint Proxy Statement/Prospectus; legal fees incurred preparing materials for the Board of each Fund, attending each Fund's Board meetings and preparing the minutes; auditing fees associated with each Fund's financial statements; portfolio transfer taxes (if any); and any similar expenses incurred in connection with the Reorganization. Neither the Funds nor the Adviser will pay any expenses of shareholders arising out of or in connection with the Reorganization.

MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES OF THE REORGANIZATION

The following is a general summary of the material anticipated U.S. federal

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

income tax consequences of the Reorganization. The discussion is based upon the Internal Revenue Code, Treasury regulations, court decisions, published positions of the Internal Revenue Service ("IRS") and other applicable authorities, all as in effect on the date hereof and all of which are subject to change or differing interpretations (possibly with retroactive effect). The discussion is limited to U.S. persons who hold shares of the Target Fund as capital assets for federal income tax purposes (generally, assets held for investment). This summary does not address all of the U.S. federal income tax consequences that may be relevant to a particular shareholder or to shareholders who may be subject to special treatment under U.S. federal income tax laws. No ruling has been or will be obtained from the IRS regarding any matter relating to the Reorganization. No assurance can be given that the IRS would not assert, or that a court would not sustain, a position contrary to any of the tax aspects described below. Prospective investors must consult their own tax advisers as to the federal income tax consequences of the Reorganization, as well as the effects of state, local and non-U.S. tax laws.

It is a condition to closing the Reorganization that each of the Target Fund and the Acquiring Fund receives an opinion from Skadden, Arps, Slate, Meagher & Flom LLP ("Skadden Arps"), dated as of the Closing Date, regarding the characterization of the Reorganization as a "reorganization" within the meaning of Section 368(a) of the Internal Revenue Code. As such a reorganization, the federal income tax consequences of the Reorganization can be summarized as follows:

- No gain or loss will be recognized by the Target Fund or the Acquiring Fund upon the transfer to the Acquiring Fund of substantially all of the assets of the Target Fund in exchange solely for Acquiring Fund Common Shares and Acquiring Fund APS and the assumption by the Acquiring Fund of substantially all of the liabilities of the Target Fund and the subsequent liquidation of the Target Fund.

61

- No gain or loss will be recognized by a shareholder of the Target Fund who exchanges, as the case may be, all of his, her or its Target Fund Common Shares solely for Acquiring Fund Common Shares pursuant to the Reorganization or all of his, her or its Target Fund AMPS solely for Acquiring Fund APS pursuant to the Reorganization (except with respect to cash received in lieu of a fractional share of the Acquiring Fund, as discussed below).
- The aggregate tax basis of the Acquiring Fund Common Shares or Acquiring Fund APS, as the case may be, received by a shareholder of the Target Fund pursuant to the Reorganization will be the same as the aggregate tax basis of the shares of the Target Fund surrendered in exchange therefor (reduced by any amount of tax basis allocable to a fractional share for which cash is received).
- A shareholder of the Target Fund that receives cash in lieu of a fractional share of the Acquiring Fund pursuant to the Reorganization will recognize capital gain or loss with respect to the fractional share in an amount equal to the difference between the amount of cash received for the fractional share and the portion of such shareholder's tax basis in its Target Fund shares that is allocable to the fractional share. The capital gain or loss will be long-term if the holding period for such Target Fund Common Shares or Target Fund AMPS, as the case may be, is more than one year as of the date of the exchange.
- The holding period of the Acquiring Fund Common Shares or Acquiring Fund APS, as the case may be, received by a shareholder of the Target Fund

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

pursuant to the Reorganization will include the holding period of the shares of the Target Fund surrendered in exchange therefor.

- The Acquiring Fund's tax basis in the Target Fund's assets received by the Acquiring Fund pursuant to the Reorganization will, in each instance, equal the tax basis of such assets in the hands of the Target Fund immediately prior to the Reorganization, and the Acquiring Fund's holding period of such assets will include the period during which the assets were held by the Target Fund.

The opinion of Skadden Arps will be based on federal income tax law in effect on the Closing Date. In rendering its opinion, Skadden Arps will also rely upon certain representations of the management of the Acquiring Fund and the Target Fund and assume, among other things, that the Reorganization will be consummated in accordance with the Agreement and Plan of Reorganization and as described herein. An opinion of counsel is not binding on the IRS or any court.

The Acquiring Fund intends to continue to be taxed under the rules applicable to regulated investment companies as defined in Section 851 of the Code, which are the same rules currently applicable to the Target Fund and its shareholders.

62

The Acquiring Fund has capital loss carryforwards that, in the absence of the Reorganization, would generally be available to offset its capital gains. As a result of the Reorganization, however, the Acquiring Fund will undergo an "ownership change" for tax purposes (because the Acquiring Fund is smaller than the Target Fund), and accordingly, the Acquiring Fund's use of its own capital loss carryforwards (and certain built-in losses) will be significantly limited by the operation of the tax loss limitations rules of the Code. The Code generally limits the amount of pre-ownership change losses that may be used to offset post-ownership change gains to an "annual loss limitation amount" (generally the product of the net asset value of the Acquiring Fund immediately prior to the ownership change and a rate established by the IRS for the month in which the Reorganization occurs (for example, such rate is 4.27% for March 2005)). Subject to certain limitations, any unused portion of the "annual loss limitation amount" may be available in subsequent years, subject to the overall eight-year capital loss carryforward limit, as measured from the date of recognition. In addition, for five years after the Closing Date, the combined fund will not be allowed to offset certain pre-Reorganization built-in gains attributable to one Fund with capital loss carryforwards (and certain built-in losses) attributable to the other Fund.

Pursuant to the grandfather relief granted in Revenue Ruling 89-81, 1989-1 C.B. 226, the Target Fund is permitted to designate that dividends paid on Target Fund AMPS consist of less than the Target Fund AMPS's pro rata share of capital gains earned by the Target Fund. The Acquiring Fund, however, is not eligible to make such disproportionate designations. Accordingly, designations made the Acquiring Fund with respect to dividends paid on its Acquiring Fund APS will be treated as consisting of a pro rata portion of each type of income so designated.

SHAREHOLDER APPROVAL

Under the Declaration of Trust of the Target Fund (as amended to date and including the Certificate of Vote of Trustees Establishing Preferred Shares of the Target Fund), relevant Massachusetts law and the rules of the NYSE, shareholder approval of the Reorganization Agreement requires the affirmative vote of shareholders of the Target Fund representing more than 50% of the Target Fund Common Shares and Target Fund AMPS outstanding and entitled to vote, each voting separately as a class. For more information regarding voting requirements, see the section entitled "Other Information -- Voting Information

and Requirements below."

LEGAL MATTERS

Certain legal matters concerning the issuance of Acquiring Fund Common Shares and Acquiring Fund APS will be passed upon by Skadden Arps, which serves as counsel to the Target Fund and the Acquiring Fund. Wayne W. Whalen, a partner of Skadden Arps, is a trustee of both the Target Fund and the Acquiring Fund.

63

PROPOSAL 2: ISSUANCE OF ACQUIRING FUND COMMON SHARES

THE REORGANIZATION

Pursuant to the Reorganization Agreement, which is described more fully under "Proposal 1: Reorganization of the Target Fund" herein, the Acquiring Fund will acquire substantially all of the assets and assume substantially all of the liabilities of the Target Fund in exchange for an equal aggregate value of Acquiring Fund Common Shares and Acquiring Fund APS. The Target Fund will distribute Acquiring Fund Common Shares to holders of Target Fund Common Shares and Acquiring Fund APS to holders of Target Fund AMPS, and will then terminate its registration under the 1940 Act and dissolve under applicable state law. The Acquiring Fund Board, based upon its evaluation of all relevant information, anticipates that the Reorganization will benefit holders of Acquiring Fund Common Shares.

The aggregate net asset value of Acquiring Fund Common Shares received in the Reorganization will equal the aggregate net asset value on the Target Fund Common Shares held immediately prior to the Reorganization less the costs of the Reorganization. The aggregate liquidation preference of Acquiring Fund APS received in the Reorganization will equal the aggregate liquidation preference Target Fund AMPS held immediately prior to the Reorganization. The Reorganization will result in no dilution of net asset value of the Acquiring Fund Common Shares, other than to reflect the costs of the Reorganization. No gain or loss will be recognized by the Acquiring Fund or its shareholders in connection with the Reorganization. The Acquiring Fund will continue to operate as a registered closed-end investment company with the investment objective and policies described in this Joint Proxy Statement/Prospectus.

In connection with the Reorganization and as contemplated by the Reorganization Agreement, the Acquiring Fund will issue additional Acquiring Fund Common Shares and list such shares on the NYSE and CHX.

SHAREHOLDER APPROVAL

While applicable state and federal law does not require the shareholders of the Acquiring Fund to approve the Reorganization, applicable NYSE rules require the common shareholders of the Acquiring Fund to approve the issuance of additional Acquiring Fund Common Shares to be issued in connection with the Reorganization. Shareholder approval of the issuance of Acquiring Fund Common Shares requires the affirmative vote of a majority of votes cast, provided that total votes cast on the proposal represents over 50% of all securities entitled to vote on

64

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

the matter. For more information regarding voting requirements, see the section entitled "Other Information--Voting Information and Requirements below."

OTHER INFORMATION

VOTING INFORMATION AND REQUIREMENTS

RECORD DATE. The Target Fund Board and the Acquiring Fund Board have each fixed the close of business on April 25, 2005 as the record date (the "Record Date") for the determination of shareholders entitled to notice of, and to vote at, the Special Meeting or any adjournment thereof. Shareholders on the Record Date will be entitled to one vote for each share held, with no shares having cumulative voting rights. At the Record Date, the Target Fund had outstanding 13,710,760 Target Fund Common Shares and 376 Target Fund AMPS entitled to vote. At the Record Date, the Acquiring Fund had outstanding 8,109,000 Acquiring Fund Common Shares entitled to vote.

PROXIES. Shareholders may vote by appearing in person at the Special Meeting, by returning the enclosed proxy card or by casting their vote via telephone or the internet using the instructions provided on the enclosed proxy card. Any person giving a proxy may revoke it at any time prior to its exercise by giving written notice of the revocation to the Secretary of the Funds at the address indicated above, by delivering a duly executed proxy bearing a later date, or by attending the Special Meeting and voting in person. The giving of a proxy will not affect your right to vote in person if you attend the Special Meeting and wish to do so.

All properly executed proxies received prior to the Special Meeting will be voted in accordance with the instructions marked thereon or otherwise as provided therein. Unless instructions to the contrary are marked, proxies will be voted "FOR" the approval of each proposal. With respect to both proposals, abstentions and broker non-votes (i.e., where a nominee such as a broker holding shares for beneficial owners votes on certain matters pursuant to discretionary authority or instructions from beneficial owners, but with respect to one or more proposals does not receive instructions from beneficial owners or does not exercise discretionary authority) have the same effect as votes "AGAINST" the proposals since their approvals are based on the affirmative vote of a majority of either the total shares outstanding or the total number of votes cast. Also with respect to both proposals, a majority of the outstanding shares entitled to vote on a proposal must be present in person or by proxy to have a quorum to conduct business at the Special Meeting. Abstentions and broker non-votes will be deemed present for quorum purposes, and with respect to Proposal 2 only, abstentions are counted in determining the number of votes casts on that proposal.

65

VOTING INFORMATION REGARDING TARGET FUND AMPS. Target Fund AMPS held in "street name" may be voted under certain conditions by broker-dealer firms and counted for purposes of establishing a quorum of the Target Fund if no instructions are received one business day before the Special Meeting or, if adjourned, one business day before the day to which the Special Meeting is adjourned. These conditions include, among others, that (i) at least 30% of the Target Fund's AMPS outstanding have voted on the Reorganization and (ii) less than 10% of the Target Fund AMPS outstanding have voted against the Reorganization. In such instance, the broker-dealer firm will vote such uninstructed Target Fund AMPS on the Reorganization in the same proportion as the votes cast by all holders of the Target Fund's AMPS who voted on the

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

Reorganization. The Target Fund will include shares held of record by broker-dealers as to which such authority has been granted in its tabulation of the total number of shares present for purposes of determining whether the necessary quorum of shareholders of the Target Fund exists. Proxies that are returned to the Fund but that are marked "abstain" or on which a broker-dealer has declined to vote on any proposal ("broker non-votes") will be counted as present for the purposes of determining a quorum.

SHAREHOLDER INFORMATION

Except as set forth below, as of April 25, 2005, to the knowledge of the Funds, no shareholder owned beneficially more than 5% of a class of the Acquiring Fund's outstanding shares:

SHAREHOLDER AND ADDRESS	CLASS OF SHARES	APPROXIMATE PERCENTAGE OWNERSHIP ON APRIL 25, 2005
-----	-----	-----

Except as set forth below, as of April 25, 2005, to the knowledge of the Funds, no shareholder owned beneficially more than 5% of a class of the Target Fund's outstanding shares:

SHAREHOLDER AND ADDRESS	CLASS OF SHARES	APPROXIMATE PERCENTAGE OWNERSHIP ON APRIL 25, 2005
-----	-----	-----

As of April 25, 2005, no trustees or executive officers owned, directly or beneficially, common shares of either Fund or Acquiring Fund APS or Target Fund AMPS. As of April 25, 2005, the trustees and executive officers of the Funds individually and as a group owned less than % of the outstanding shares of each Fund.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 30(f) of the 1940 Act and Section 16(a) of the Securities Exchange Act of 1934, as amended, require the Funds' trustees, officers, investment adviser, affiliated persons of the investment adviser and persons who own more than 10% of a registered class of the Fund's equity securities to file forms with the SEC and the NYSE reporting their affiliation with the Fund and reports of ownership and changes in ownership of Fund shares. These persons and entities are required by SEC regulation to furnish the Fund with copies of all such forms they file. Based on a review of these forms furnished to each Fund, each Fund believes that during its last fiscal year, its trustees, officers, investment adviser and affiliated persons of the investment adviser complied with the applicable filing requirements.

SHAREHOLDER PROPOSALS

To be considered for presentation at a shareholders' meeting, rules

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

promulgated by the SEC generally require that, among other things, a shareholder's proposal must be received at the offices of the relevant Fund a reasonable time before a solicitation is made. Timely submission of a proposal does not necessarily mean that such proposal will be included. Any shareholder who wishes to submit a proposal for consideration at a meeting of such shareholder's Fund should send such proposal to the respective Fund at 1221 Avenue of the Americas, New York, New York 10020.

SOLICITATION OF PROXIES

Solicitation of proxies is being made primarily by the mailing of this Notice and Joint Proxy Statement/Prospectus with its enclosures on or about May , 2005. Shareholders whose shares are held by nominees such as brokers can vote their proxies by contacting their respective nominee. In addition to the solicitation of proxies by mail, employees of the Adviser and its affiliates as well as dealers or their representatives may, without additional compensation, solicit proxies in person or by mail, telephone, telegraph, facsimile or oral communication. The Funds have retained ALAMO Direct Mail Services, Inc. ("ALAMO") to make telephone calls to shareholders to remind them to vote. In addition, ALAMO may also be retained to assist with any necessary solicitation of proxies. In the event of a solicitation, ALAMO would be paid a project management fee as well as fees charged on a per call basis and certain other expenses. Management estimates that any such solicitation would cost approximately \$ for the Target Fund and approximately \$ for the Acquiring Fund. Proxy solicitation expenses are an

67

expense of the Reorganization which will be borne by common shareholders of the Target Fund and the Acquiring Fund in proportion to the projected benefits to be received as a result of the Reorganization.

OTHER MATTERS TO COME BEFORE THE SPECIAL MEETING

The Board of Trustees of each Fund knows of no business other than that described in this Joint Proxy Statement/Prospectus which will be presented for consideration at the Special Meeting. If any other matters are properly presented, it is the intention of the persons named on the enclosed proxy card to vote proxies in accordance with their best judgment.

In the event that a quorum is present at the Special Meeting but sufficient votes to approve the proposed Reorganization are not received, proxies (including abstentions and broker non-votes) will be voted in favor of one or more adjournments of the Special Meeting to permit further solicitation of proxies on the proposed Reorganization, provided that the Board of Trustees of each Fund determines that such an adjournment and additional solicitation is reasonable and in the interest of shareholders based on a consideration of all relevant factors, including the percentage of votes then cast, the percentage of negative votes cast, the nature of the proposed solicitation activities and the nature of the reasons for such further solicitation. Any such adjournment will require the affirmative vote of the holders of a majority of the outstanding shares voted at the session of the Special Meeting to be adjourned.

If you cannot be present in person at the Special Meeting, please fill in, sign and return the enclosed proxy card promptly. No postage is necessary if mailed in the United States.

DESCRIPTION OF SECURITIES RATINGS

STANDARD & POOR'S -- A brief description of the applicable Standard & Poor's (S&P) rating symbols and their meanings (as published by S&P) follows:

A S&P issue credit rating is a current opinion of the creditworthiness of an obligor with respect to a specific financial obligation, a specific class of financial obligations, or a specific financial program (including ratings on medium-term note programs and commercial paper programs). It takes into consideration the creditworthiness of guarantors, insurers, or other forms of credit enhancement on the obligation and takes into account the currency in which the obligation is denominated. The issue credit rating is not a recommendation to purchase, sell, or hold a financial obligation, inasmuch as it does not comment as to market price or suitability for a particular investor. Issue credit ratings are based on current information furnished by the obligors or obtained by S&P from other sources it considers reliable. S&P does not perform an audit in connection with any credit rating and may, on occasion, rely on unaudited financial information. Credit ratings may be changed, suspended, or withdrawn as a result of changes in, or unavailability of, such information, or based on other circumstances. Issue credit ratings can be either long-term or short-term. Short-term ratings are generally assigned to those obligations considered short term in the relevant market. In the U.S., for example, that means obligations with an original maturity of no more than 365 days including commercial paper. Short-term ratings are also used to indicate the creditworthiness of an obligor with respect to put features on long-term obligations. The result is a dual rating, in which the short-term ratings address the put feature, in addition to the usual long-term rating. Medium-term notes are assigned long-term ratings.

LONG-TERM ISSUE CREDIT RATINGS

Issue credit ratings are based in varying degrees, on the following considerations:

1. Likelihood of payment -- capacity and willingness of the obligor to meet its financial commitment on an obligation in accordance with the terms of the obligation;
2. Nature of and provisions of the obligation; and
3. Protection afforded by, and relative position of, the obligation in the event of bankruptcy, reorganization, or other arrangement under the laws of bankruptcy and other laws affecting creditors' rights.

The issue rating definitions are expressed in terms of default risk. As such, they pertain to senior obligations of an entity. Junior obligations are typically rated lower than senior obligations, to reflect the lower priority in bankruptcy, as noted above. (Such differentiation applies when an entity has both senior and subordinated obligations, secured and unsecured obligations, or operating company and holding company obligations.) Accordingly, in the case of junior debt, the rating may not conform exactly with the category definition.

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

AAA: An obligation rated "AAA" has the highest rating assigned by S&P. The obligor's capacity to meet its financial commitment on the obligation is extremely strong.

2

AA: An obligation rated "AA" differs from the highest-rated obligations only in small degree. The obligor's capacity to meet its financial commitment on the obligation is very strong.

A: An obligation rated "A" is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligations in higher-rated categories. However, the obligor's capacity to meet its financial commitment on the obligation is still strong.

BBB: An obligation rated "BBB" exhibits adequate protection parameters. However, adverse economic conditions or changing circumstances are more likely to lead to a weakened capacity of the obligor to meet its financial commitment on the obligation.

SPECULATIVE GRADE

BB, B, CCC, CC, C: Obligations rated "BB", "B", "CCC", "CC" and "C" are regarded as having significant speculative characteristics. "BB" indicates the least degree of speculation and "C" the highest. While such obligations will likely have some quality and protective characteristics, these may be outweighed by large uncertainties or major exposures to adverse conditions.

BB: An obligation rated "BB" is less vulnerable to nonpayment than other speculative issues. However, it faces major ongoing uncertainties or exposure to adverse business, financial, or economic conditions which could lead to the obligor's inadequate capacity to meet its financial commitment on the obligation.

B: An obligation rated "B" is more vulnerable to nonpayment than obligations rated "BB", but the obligor currently has the capacity to meet its financial commitment on the obligation. Adverse business, financial, or economic conditions will likely impair the obligor's capacity or willingness to meet its financial commitment on the obligation.

CCC: An obligation rated "CCC" is currently vulnerable to nonpayment and is dependent upon favorable business, financial, and economic conditions for the obligor to meet its financial commitment on the obligation. In the event of adverse business, financial, or economic conditions, the obligor is not likely to have the capacity to meet its financial commitment on the obligation.

CC: An obligation rated "CC" is currently highly vulnerable to nonpayment.

C: A subordinated debt or preferred stock obligation rated "C" is CURRENTLY HIGHLY VULNERABLE to nonpayment. The "C" rating may be used to cover a situation where a bankruptcy petition has been filed or similar action taken, but payments on this obligation are being continued. A "C" also will be assigned to a preferred stock issue in arrears on dividends or sinking fund payments, but that is currently paying.

D: An obligation rated "D" is in payment default. The "D" rating category is used when payments on an obligation are not made on the date due even if the applicable grace period has not expired, unless S&P believes that such payments will be made during such grace period. The "D" rating also will be used upon the filing of a bankruptcy petition or the taking of a similar action if payments on an obligation are jeopardized.

Plus (+) or minus (-): The ratings from "AA" to "CCC" may be modified by the addition of a plus or minus sign to show relative standing within the major rating categories.

r: This symbol is attached to the ratings of instruments with significant noncredit risks. It highlights risks to principal or volatility of expected returns which are not addressed in the credit rating.

N.R.: This indicates that no rating has been requested, that there is insufficient information on which to base a rating, or that S&P does not rate a particular obligation as a matter of policy.

SHORT-TERM ISSUE CREDIT RATINGS

A S&P short-term rating is a current assessment of the likelihood of timely payment of debt considered short-term in the relevant market.

Ratings are graded into several categories, ranging from "A-1" for the highest quality obligations to "D" for the lowest. These categories are as follows:

A-1: A short-term obligation rated "A-1" is rated in the highest category by S&P. The obligor's capacity to meet its financial commitment on the obligation is strong. Within this category, certain obligations are designated with a plus sign (+). This indicates that the obligor's capacity to meet its financial commitment on these obligations is extremely strong.

A-2: A short-term obligation rated "A-2" is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligations in higher rating categories. However, the obligor's capacity to meet its financial commitment on the obligation is satisfactory.

A-3: A short-term obligation rated "A-3" exhibits adequate protection parameters. However, adverse economic conditions or changing circumstances are more likely to lead to a weakened capacity of the obligor to meet its financial commitment on the obligation.

B: A short-term obligation rated "B" is regarded as having significant speculative characteristics. The obligor currently has the capacity to meet its financial commitment on the obligation; however, it faces major ongoing uncertainties which could lead to the obligor's inadequate capacity to meet its financial commitment on the obligation.

C: A short-term obligation rated "C" is currently vulnerable to nonpayment and is dependent upon favorable business, financial, and economic conditions for the obligor to meet its financial commitment on the obligation.

D: A short-term obligation rated "D" is in payment default. The "D" rating category is used when payments on an obligation are not made on the date due even if the applicable grace period has not expired, unless S&P believes that such payments will be made during such grace period. The "D" rating also will be used upon the filing of a bankruptcy petition or the taking of a similar action if payments on an obligation are jeopardized.

A short-term rating is not a recommendation to purchase, sell, or hold a

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

financial obligation, inasmuch as it does not comment as to market price or suitability for a particular investor. Issue credit ratings are based on current information furnished by the obligors or obtained by S&P from other sources it considers reliable. S&P does not perform an audit in connection with any credit rating and may, on occasion, rely on unaudited financial information. Credit ratings may be changed, suspended, or withdrawn as a result of changes in, or unavailability of, such information, or based on other circumstances.

DUAL RATINGS

S&P assigns "dual" ratings to all debt issues that have a put option or demand feature as part of their structure. The first rating addresses the likelihood of repayment of principal and interest as due, and the second rating addresses only the demand feature. The long-term debt rating symbols are used for bonds to denote the long-term maturity and the commercial paper rating symbols for the put option (for example, "AAA/A-1+"). With short-term demand debt, S&P note rating symbols are used with the commercial paper rating symbols (for example, "SP-1+/A-1+").

MOODY'S INVESTORS SERVICE INC. -- A brief description of the applicable Moody's Investors Service, Inc. (Moody's) rating symbols and their meanings (as published by Moody's) follows:

LONG-TERM OBLIGATION RATINGS

Moody's long-term obligation ratings are opinions of the relative credit risk of fixed-income obligations with an original maturity of one year or more. They address the possibility that a financial obligation will not be honored as promised. Such ratings reflect both the likelihood of default and any financial loss suffered in the event of default.

MOODY'S LONG-TERM RATING DEFINITIONS:

Aaa: Obligations rated Aaa are judged to be of the highest quality, with minimal credit risk.

Aa: Obligations rated Aa are judged to be of high quality and are subject to very low credit risk.

A: Obligations rated A are considered upper-medium grade and are subject to low credit risk.

Baa: Obligations rated Baa are subject to moderate credit risk. They are considered medium-grade and as such may possess certain speculative characteristics.

Ba: Obligations rated Ba are judged to have speculative elements and are subject to substantial credit risk.

B: Obligations rated B are considered speculative and are subject to high credit risk.

5

Caa: Obligations rated Caa are judged to be of poor standing and are subject to very high credit risk.

Ca: Obligations rated Ca are highly speculative and are likely in, or very near, default, with some prospect of recovery of principal and interest.

C: Obligations rated C are the lowest rated class of bonds and are

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

typically in default, with little prospect for recovery of principal or interest.

Note: Moody's appends numerical modifiers 1, 2, and 3 to each generic rating classification from Aa through Caa. The modifier 1 indicates that the obligation ranks in the higher end of its generic rating category; the modifier 2 indicates a mid-range ranking; and the modifier 3 indicates a ranking in the lower end of that generic rating category.

MEDIUM-TERM NOTE RATINGS

Moody's assigns long-term ratings to individual debt securities issued from medium-term note (MTN) programs, in addition to indicating ratings to MTN programs themselves. Notes issued under MTN programs with such indicated ratings are rated at issuance at the rating applicable to all pari passu notes issued under the same program, at the program's relevant indicated rating, provided such notes do not exhibit any of the characteristics listed below:

1. Notes containing features that link interest or principal to the credit performance of any third party or parties
2. Notes allowing for negative coupons, or negative principal
3. Notes containing any provision that could obligate the investor to make any additional payments
4. Notes containing provisions that subordinate the claim.

For notes with any of these characteristics, the rating of the individual note may differ from the indicated rating of the program.

Market participants must determine whether any particular note is rated, and if so, at what rating level. Moody's encourages market participants to contact Moody's Ratings Desks or visit www.moodys.com directly if they have questions regarding ratings for specific notes issued under a medium-term note program. Unrated notes issued under an MTN program may be assigned an NR symbol.

6

SHORT-TERM RATINGS

Moody's short-term ratings are opinions of the ability of issuers to honor short-term financial obligations. Ratings may be assigned to issuers, short-term programs or to individual short-term debt instruments. Such obligations generally have an original maturity not exceeding thirteen months, unless explicitly noted. Moody's employs the following designations to indicate the relative repayment ability of rated issuers:

P-1

Issuers (or supporting institutions) rated Prime-1 have a superior ability to repay short-term debt obligations.

P-2

Issuers (or supporting institutions) rated Prime-2 have a strong ability to repay short-term debt obligations.

P-3

Issuers (or supporting institutions) rated Prime-3 have an acceptable

COMPENSATION

Each trustee/director/managing general partner (hereinafter referred to in this section as "trustee") who is not an affiliated person (as defined in the 1940 Act) of Van Kampen Investments, the Adviser or the Distributor (each a "Non-Affiliated Trustee") is compensated by an annual retainer and meeting fees for services to funds in the Fund Complex. Each fund in the Fund Complex (except Van Kampen Exchange Fund) provides a deferred compensation plan to its Non-Affiliated Trustees that allows trustees to defer receipt of their compensation until retirement and earn a return on such deferred amounts. Amounts deferred are retained by the Fund and earn a rate of return determined

S-7

by reference to the return on the common shares of the Fund or other funds in the Fund Complex as selected by the respective Non-Affiliated Trustee. To the extent permitted by the 1940 Act, the Fund may invest in securities of those funds selected by the Non-Affiliated Trustees in order to match the deferred compensation obligation. The deferred compensation plan is not funded and obligations thereunder represent general unsecured claims against the general assets of the Fund. Deferring compensation has the same economic effect as if the Non-Affiliated Trustee reinvested his or her compensation into the funds. Each fund in the Fund Complex (except Van Kampen Exchange Fund) provides a retirement plan to its Non-Affiliated Trustees that provides Non-Affiliated Trustees with compensation after retirement, provided that certain eligibility requirements are met. Under the retirement plan, a Non-Affiliated Trustee who is receiving compensation from the Fund prior to such Non-Affiliated Trustee's retirement, has at least 10 years of service (including years of service prior to adoption of the retirement plan) and retires at or after attaining the age of 60, is eligible to receive a retirement benefit per year for each of the 10 years following such retirement from the Fund. Non-Affiliated Trustees retiring prior to the age of 60 or with fewer than 10 years but more than 5 years of service may receive reduced retirement benefits from the Fund.

Additional information regarding compensation and benefits for trustees is set forth below for the periods described in the notes accompanying the table.

BOARD COMMITTEES

The Board of Trustees has three standing committees (an audit committee, a brokerage and services committee and a governance committee). Each committee is comprised solely of "Independent Trustees", which is defined for purposes herein as trustees who: (1) are not "interested persons" of the Fund as defined by the 1940 Act and (2) are "independent" of the Fund as defined by the New York Stock Exchange, American Stock Exchange and Chicago Stock Exchange listing standards.

The Board's audit committee consists of Jerry D. Choate, Rod Dammeyer and R. Craig Kennedy. In addition to being Independent Trustees as defined above, each of these trustees also meets the additional independence requirements for audit committee members as defined by the New York Stock Exchange, American Stock Exchange and Chicago Stock Exchange listing standards. The audit committee makes recommendations to the Board of Trustees concerning the selection of the Fund's independent registered public accounting firm, reviews with such independent registered public accounting firm the scope and results of the Fund's annual audit and considers any comments which the independent registered public accounting firm may have regarding the Fund's financial statements, books of account or internal controls. The Board of Trustees has adopted a formal written charter for the audit committee which sets forth the audit committee's responsibilities. The audit committee has reviewed and discussed the financial statements of the Fund with management as well as with the independent registered public accounting firm of the Fund, and discussed with the independent registered public accounting firm the matters required to be discussed under the Statement of Auditing Standards No. 61. The audit committee has received the written disclosures and the

S-9

letter from the independent registered public accounting firm required under Independence Standards Board Standard No. 1 and has discussed with the independent registered public accounting firm its independence. Based on this review, the audit committee recommended to the Board of Trustees of the Fund that the Fund's audited financial statements be included in the Fund's annual report to shareholders for the most recent fiscal year for filing with the SEC.

The Board's brokerage and services committee consists of Linda Hutton Heagy, Hugo F. Sonnenschein and Suzanne H. Woolsey. The brokerage and services committee reviews the Fund's allocation of brokerage transactions and soft-dollar practices and reviews the transfer agency and shareholder servicing arrangements with Investor Services.

The Board's governance committee consists of David C. Arch, Howard J Kerr and Jack E. Nelson. In addition to being Independent Trustees as defined above, each of these trustees also meets the additional independence requirements for nominating committee members as defined by the New York Stock Exchange, American Stock Exchange and Chicago Stock Exchange listing standards. The governance committee identifies individuals qualified to serve as Independent Trustees on the Board and on committees of the Board, advises the Board with respect to Board composition, procedures and committees, develops and recommends to the Board a set of corporate governance principles applicable to the Fund, monitors corporate governance matters and makes recommendations to the Board, and acts as

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

the administrative committee with respect to Board policies and procedures, committee policies and procedures and codes of ethics. The Independent Trustees of the Fund select and nominate any other nominee Independent Trustees for the Fund. While the Independent Trustees of the Fund expect to be able to continue to identify from their own resources an ample number of qualified candidates for the Board of Trustees as they deem appropriate, they will consider nominations from shareholders to the Board. Nominations from shareholders should be in writing and sent to the Independent Trustees as described below.

During the Fund's last fiscal year, the Board of Trustees held meetings. During the Fund's last fiscal year, the audit committee of the Board held meetings, the brokerage and services committee of the Board held meetings and the governance committee held meetings.

CODE OF ETHICS

The Fund, the Adviser, and the Distributor have adopted a Code of Ethics (the "Code of Ethics") that sets forth general and specific standards relating to the securities trading activities of their employees. The Code of Ethics does not prohibit employees from acquiring securities that may be purchased or held by the Fund, but is intended to ensure that all employees conduct their personal transactions in a manner that does not interfere with the portfolio transactions

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

of the Fund or other Van Kampen funds, or that such employees take unfair advantage of their relationship with the Fund. Among other things, the Code of Ethics prohibits certain types of transactions absent prior approval, imposes various trading restrictions (such as time periods during which personal transactions may or may not be made) and requires quarterly reporting of securities transactions and other reporting matters. All reportable securities transactions and other required reports are to be reviewed by appropriate personnel for compliance with the Code of Ethics. Additional restrictions apply to portfolio managers, traders, research analysts and others who may have access to nonpublic information about the trading activities of the Fund or other Van Kampen funds or who otherwise are involved in the investment advisory process. Exceptions to these and other provisions of the Code of Ethics may be granted in particular circumstances after review by appropriate personnel.

INVESTMENT ADVISORY AGREEMENT

The Fund and the Adviser are parties to an investment advisory agreement (the "Advisory Agreement"). Under the Advisory Agreement, the Fund retains the Adviser to manage the investment of the Fund's assets, including the placing of orders for the purchase and sale of portfolio securities. The Adviser obtains and evaluates economic, statistical and financial information to formulate strategy and implement the Fund's investment objective. The Adviser also furnishes offices, necessary facilities and equipment, provides administrative services to the Fund, renders periodic reports to the Fund's Board of Trustees and permits its officers and employees to serve without compensation as trustees or officers of the Fund if elected to such positions. The Fund, however, bears the costs of its day-to-day operations, including service fees, distribution fees, custodian fees, legal and independent registered public accounting firm fees, the costs of reports and proxies to shareholders, compensation of trustees of the Fund (other than those who are affiliated persons of the Adviser, Distributor or Van Kampen Investments) and all other ordinary business expenses not specifically assumed by the Adviser. The Advisory Agreement also provides that the Adviser shall not be liable to the Fund for any actions or omissions in the absence of willful misfeasance, bad faith, negligence or reckless disregard of its obligations and duties under the Advisory Agreement.

The fee payable to the Adviser is reduced by any commissions, tender solicitation and other fees, brokerage or similar payments received by the Adviser or any other direct or indirect majority owned subsidiary of Van Kampen Investments in connection with the purchase and sale of portfolio investments less any direct expenses incurred by such subsidiary of Van Kampen Investments in connection with obtaining such commissions, fees, brokerage or similar payments. The Adviser agrees to use its best efforts to recapture tender solicitation fees and exchange offer fees for the Fund's benefit and to advise the trustees of the Fund of any other commissions, fees, brokerage or similar payments which may be possible for the Adviser or any other direct or indirect majority owned subsidiary

S-12

of Van Kampen Investments to receive in connection with the Fund's portfolio transactions or other arrangements which may benefit the Fund.

The Advisory Agreement may be continued from year to year if specifically approved at least annually (a) (i) by the Fund's Board of Trustees or (ii) by a vote of a majority of the Fund's outstanding voting securities and (b) by a vote of a majority of the trustees who are not parties to the agreement or interested persons of any such party by votes cast in person at a meeting called for such purpose. The Advisory Agreement provides that it shall terminate automatically if assigned and that it may be terminated without penalty by either party on 60 days' written notice.

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

In approving the Advisory Agreement, the Board of Trustees, including the non-interested trustees, considered the nature, quality and scope of the services provided by the Adviser, the performance, fees and expenses of the Fund compared to other similar investment companies, the Adviser's expenses in providing the services and the profitability of the Adviser and its affiliated companies. The Board of Trustees also reviewed the benefit to the Adviser of receiving research paid for by Fund assets and the propriety of such an arrangement and evaluated other benefits the Adviser derives from its relationship with the Fund. The Board of Trustees considered the extent to which any economies of scale experienced by the Adviser are shared with the Fund's shareholders, and the propriety of existing and alternative breakpoints in the Fund's advisory fee schedule. The Board of Trustees considered comparative advisory fees of the Fund and other investment companies at different asset levels, and considered the trends in the industry versus historical and projected sales and redemptions of the Fund. The Board of Trustees reviewed reports from third parties about the foregoing factors and considered changes, if any, in such items since its previous approval. The Board of Trustees discussed the financial strength of the Adviser and its affiliated companies and the capability of the personnel of the Adviser. The Board of Trustees reviewed the statutory and regulatory requirements for approval of advisory agreements. The Board of Trustees, including the non-interested trustees, evaluated all of the foregoing and determined, in the exercise of its business judgment, that approval of the Advisory Agreement was in the best interests of the Fund and its shareholders.

Prior to the date of this Statement of Additional Information, Van Kampen Advisors Inc., an affiliate of the Adviser, acted as sub-adviser to the Fund. Van Kampen Advisors Inc. was located at 40 Broad Street, Suite 915, Boston, Massachusetts 02109. The Adviser paid to Van Kampen Advisors Inc. on a monthly basis a portion of the net advisory fees that the Adviser received from the Fund.

Because the portfolio managers manage assets for other mutual funds, pooled investment vehicles, institutional clients, pension plans and certain high net worth individuals, there may be incentive to favor one client over another resulting in conflicts of interest. For instance, the Adviser may receive fees from certain accounts that are higher than the fee it receives from the Fund, or it may receive a performance-based fee on certain accounts. In those instances, the portfolio managers may have an incentive to favor the higher and/or performance-based fee accounts over the Fund. The Adviser has adopted policies and procedures reasonably designed to address these and other conflicts of interest.

PORTFOLIO MANAGER COMPENSATION

BASE COMPENSATION. Generally, portfolio managers receive base compensation based on the level of their position with the Adviser.

DISCRETIONARY COMPENSATION. In addition to base compensation, portfolio managers may receive discretionary compensation. Discretionary compensation can include:

- Cash Bonus;
- Morgan Stanley's Equity Incentive Compensation Program (EICP) awards--a mandatory program that defers a portion of discretionary year-end compensation into restricted stock units or other awards based on Morgan Stanley common stock that are subject to vesting and other conditions;
- Investment Management Deferred Compensation Plan (IMDCP) awards--a mandatory program that defers a portion of discretionary year-end compensation and notionally invests it in certain Morgan Stanley Funds [HR/tax: referenced--

need different term]. The award is subject to vesting and other conditions. Portfolio managers must notionally invest a minimum of 25% to a maximum of 50% of the IMDCP deferral into a combination of the [referenced] funds they manage or directly support that are included in the IMDCP fund menu. [Need more tailored language for AIP and parts of Fixed Income.]

- Select Employees' Capital Accumulation Program (SECAP) awards--a voluntary program that permits employees to elect to defer a portion of their discretionary compensation and notionally invest the deferred amount across a range of [referenced] investment funds, including Morgan Stanley funds; and

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

- Voluntary Equity Incentive Compensation Program (VEICP) awards--a voluntary program that permits employees to elect to defer a portion of their discretionary compensation to invest in Morgan Stanley stock units.

Several factors determine discretionary compensation, which can vary by portfolio management team and circumstances. In order of relative importance, these factors include:

- Investment performance. The majority of a portfolio manager's compensation is linked to the Fund's pre-tax investment performance. Investment performance is calculated for one-, three- and five-year periods measured against the Fund's benchmark [HR: please confirm--is it the primary benchmark if there is more than one benchmark?], indexes and/or peer groups. Generally, the greatest weight is placed on the three- and five-year periods.
- The Fund's revenue.
- Contribution to the business objectives of the Adviser.
- The dollar amount of assets managed by the portfolio manager.
- Market/compensation survey.
- Other qualitative factors, such as contributions to client objectives.
- Performance of other affiliated entities, including Morgan Stanley and Morgan Stanley Investment Management, and the Global Investor Group, a division of Morgan Stanley Investment Management.

Occasionally, to attract new hires or to retain key employees, the total amount of compensation will be guaranteed in advance of the fiscal year end based on current market levels. In limited circumstances, the guarantee may continue for more than one year. The guaranteed compensation comprises the same factors as those comprising overall compensation described above.

The same methodology is used to determine portfolio manager compensation for all accounts.

PORTFOLIO TRANSACTIONS AND BROKERAGE ALLOCATION

The Adviser is responsible for decisions to buy and sell securities for the Fund, the selection of brokers and dealers to effect the transactions and the negotiation of prices and any brokerage commissions on such transactions. While the Adviser will be primarily responsible for the placement of the Fund's

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

portfolio business, the policies and practices in this regard are subject to review by the Fund's Board of Trustees.

As most transactions made by the Fund are principal transactions at net prices, the Fund generally incurs little or no brokerage costs. The portfolio securities in which the Fund invests are normally purchased directly from the issuer or in the over-the-counter market from an underwriter or market maker for the securities. Purchases from underwriters of portfolio securities include a commission or concession paid by the issuer to the underwriter and purchases from dealers serving as market makers include a spread or markup to the dealer between the bid and asked price. Sales to dealers are effected at bid prices. The Fund may also purchase certain money market instruments directly from an issuer, in which case no commissions or discounts are paid, or may purchase and sell listed securities on an exchange, which are effected through brokers who charge a commission for their services.

The Adviser is responsible for placing portfolio transactions and does so in a manner deemed fair and reasonable to the Fund and not according to any formula. The primary consideration in all portfolio transactions is prompt execution of orders in an effective manner at the most favorable price. In selecting broker-dealers and in negotiating prices and any brokerage commissions on such transactions, the Adviser considers the firm's reliability, integrity and financial condition and the firm's execution capability, the size and breadth of the market for the security, the size of and difficulty in executing the order, and the best net price. There are many instances when, in the judgment of the Adviser, more than one firm can offer comparable execution services. In selecting among such firms, consideration may be given to those firms which supply research and other services in addition to execution services. The Adviser is authorized to pay higher commissions to brokerage firms that provide it with investment and research information than to firms which do not provide such services if the Adviser determines that such commissions are reasonable in relation to the overall services provided. No specific value can be assigned to such research services which are furnished without cost to the Adviser. Since statistical and other research information is only supplementary to the research efforts of the Adviser to the Fund and still must be analyzed and reviewed by its staff, the receipt of research information is not expected to reduce its expenses materially. The investment advisory fee is not reduced as a result of the Adviser's receipt of such research services. Services provided may include (a) furnishing advice as to the value of securities, the advisability of investing in, purchasing or selling securities, and the availability of securities or purchasers

S-16

or sellers of securities; (b) furnishing analyses and reports concerning issuers, industries, securities, economic factors and trends, portfolio strategy, and the performance of accounts; and (c) effecting securities transactions and performing functions incidental thereto (such as clearance, settlement and custody). Research services furnished by firms through which the Fund effects its securities transactions may be used by the Adviser in servicing all of its advisory accounts; not all of such services may be used by the Adviser in connection with the Fund.

The Adviser also may place portfolio transactions, to the extent permitted by law, with brokerage firms affiliated with the Fund and the Adviser if it reasonably believes that the quality of execution and the commission are comparable to that available from other qualified firms.

The Adviser may place portfolio transactions at or about the same time for other advisory accounts, including other investment companies. The Adviser seeks to allocate portfolio transactions equitably whenever concurrent decisions are

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

made to purchase or sell securities for the Fund and another advisory account. In some cases, this procedure could have an adverse effect on the price or the amount of securities available to the Fund. In making such allocations among the Fund and other advisory accounts, the main factors considered by the Adviser are the respective sizes of the Fund and other advisory accounts, the respective investment objectives, the relative size of portfolio holdings of the same or comparable securities, the availability of cash for investment, the size of investment commitments generally held and opinions of the persons responsible for recommending the investment.

Certain broker-dealers, through which the Fund may effect securities transactions, are affiliated persons (as defined in the 1940 Act) of the Fund or affiliated persons of such affiliates, including Morgan Stanley or its subsidiaries. The Fund's Board of Trustees has adopted certain policies incorporating the standards of Rule 17e-1 issued by the SEC under the 1940 Act which require that the commissions paid to affiliates of the Fund must be reasonable and fair compared to the commissions, fees or other remuneration received or to be received by other brokers in connection with comparable transactions involving similar securities during a comparable period of time. The rule and procedures also contain review requirements and require the Adviser to furnish reports to the trustees and to maintain records in connection with such reviews. After consideration of all factors deemed relevant, the trustees will consider from time to time whether the advisory fee for the Fund will be reduced by all or a portion of the brokerage commission paid to affiliated brokers.

S-17

Unless otherwise disclosed below, the Fund paid no commissions to affiliated brokers during the last three fiscal years. The Fund paid the following commissions to brokers during the fiscal years shown:

ADDITIONAL INFORMATION
RELATING TO AUCTION PREFERRED SHARES OF THE ACQUIRING FUND

The following is a brief description of the terms of the auction preferred shares of the Fund (the "APS"). This description does not purport to be complete and is subject to and qualified in its entirety by reference to Fund's Declaration of Trust, including the Certificate of Vote establishing and fixing

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

the rights and preferences of the shares of such series of APS (the "Certificate of vote"), attached hereto as Appendix B (together, the "APS Provisions"). For purposes of this section, capitalized terms not otherwise defined herein have the meanings ascribed to them in the Certificate of Vote.

GENERAL

The Declaration of Trust currently authorizes the issuance of an unlimited number of shares of Acquiring Fund Common Shares, and 100,000,000 Acquiring Fund APS (which may be issued from time to time in such series and with such designations, preferences and other rights, qualifications, limitations and restrictions as are determined in a resolution of the Board of Trustees of the Fund). Under the APS Provisions, the Fund is authorized to issue up to 1800 APS. All APS have a liquidation preference of \$25,000 per share plus an amount equal to accumulated but unpaid dividends (whether or not earned or declared). The APS rank on a parity with shares of any other series of Preferred Shares (including any other series of APS) as to the payment of dividends and the distribution of assets upon liquidation or winding up of the affairs of the Fund. So long as either Moody's or S&P is rating the APS, the Fund may, without the vote of the holders of APS, issue additional series of Preferred Shares, including APS, subject to applicable provisions of the 1940 Act and to continuing compliance with the 1940 Act APS Asset Coverage and the APS Basic Maintenance Amount, provided that (1) any such additional series ranks on a parity with the then Outstanding APS as to the payment of dividends and the distribution

S-18

of assets upon liquidation and (2) the Fund obtains written confirmation from Moody's or S&P, or both, as the case may be, that the issuance of any such additional series would not impair the rating then assigned by such rating agency to the APS.

Deutsche Bank is the auction agent (the "Auction Agent") for the APS. The Auction Agent will be the transfer agent, registrar, dividend disbursing agent and redemption agent for the APS. The APS are fully paid and (subject to the statements below concerning shareholders of a Massachusetts business trust) nonassessable, are not convertible into Common Shares or other shares of beneficial interest of the Fund and have no preemptive rights.

DIVIDENDS

General. The holders of APS are entitled to receive, when, as and if declared by the Board of Trustees of the Fund, out of funds legally available therefor, cumulative cash dividends at the Applicable Rate per annum thereof, determined as set forth below under "Determination of Dividend Rate," and no more, payable on the respective dates determined as set forth below.

Each dividend on the APS will be paid on the Dividend Payment Date therefor to the Securities Depository (or any successor in interest thereto) to pay to the holders of record as their names appear on the registry of Existing Holders of the Securities Depository on the Business Day next preceding such Dividend Payment Date. Dividends in arrears for any past Dividend Period may be declared and paid at any time, without reference to any regular Dividend Payment Date, to the holders as their names appear on the share books of the Fund on such date, not exceeding 15 days preceding the payment date thereof, as may be used by the Board of Trustees of the Fund.

The Securities Depository, in accordance with its current procedures, is expected to credit on each Dividend Payment Date dividends received from the Fund to the accounts of the respective Agent Members in next-day funds. Certain Broker-Dealers (or if such Broker-Dealer does not act as Agent Member, one of

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

its affiliates), however, may make such dividend payments available in same-day funds on each Dividend Payment Date to customers that use such Broker-Dealer or affiliate as Agent Member.

Determination of Dividend Rate. The dividend rate on any APS will be equal to the rate per annum, except as provided below, that results from an Auction on the Auction Date next preceding such Subsequent Dividend Period.

If an Auction for any Subsequent Dividend Period of APS is not held for any reason or if the Fund fails to pay in a timely manner to the Auction Agent the full amount of any dividend on, or Redemption Price of, any APS and such failure has not been cured as set forth below prior to any succeeding Subsequent Dividend Period thereof, the dividend rate for any such Subsequent Dividend Period will be, subject to the next succeeding paragraph, the Maximum Rate for the APS on the Auction Date for such Subsequent Dividend Period.

If the Fund fails to pay in a timely manner to the Auction Agent the full amount of any dividend on, or the Redemption Price of, any APS during any Rate Period thereof, and, prior to 12:00 Noon on the third Business Day next succeeding the date on which such failure occurred, such failure shall not have been cured in accordance with the next

S-19

succeeding paragraph or the Fund shall not have paid to the Auction Agent a late charge equal to the sum of (1) if such failure consisted of the failure timely to pay to the Auction Agent the full amount of dividends with respect to any Dividend Period on the APS, an amount computed by multiplying (x) 200% of the "AA" Composite Commercial Paper Rate (or Treasury Rate, if applicable) for the Rate Period during which such failure occurs on the Dividend Payment Date for such Dividend Period by (y) a fraction, the numerator of which shall be the number of days for which such failure has not been cured in accordance with the second succeeding paragraph (including the day such failure occurs and excluding the day such failure is cured) and the denominator of which shall be 365 and applying the rate obtained against the aggregate liquidation preference of the Outstanding APS and (2) if such failure consisted of the failure timely to pay to the Auction Agent the Redemption Price of the APS, if any, for which notice of redemption has been given by the Fund, an amount computed by multiplying (x) 200% of the "AA" Composite Commercial Paper Rate (or Treasury Rate, if applicable) for the Rate Period during which such failure occurs on the redemption date by (y) a fraction, the numerator of which shall be the number of days for which such failure is not cured in accordance with the second succeeding paragraph (including the day such failure occurs and excluding the day such failure is cured) and the denominator of which shall be 365, and applying the rate obtained against the aggregate liquidation preference of the Outstanding APS to be redeemed, then Auctions will be suspended until such failure is so cured and the dividend rate for APS for each Subsequent Dividend Period thereof commencing after such failure to and including the Subsequent Dividend Period, if any, during which such failure is so cured shall be a rate per annum equal to the Maximum Rate on the Auction Date for such Subsequent Dividend Period (but with the prevailing rating for such shares, for purposes of determining such Maximum Rate, being deemed to be "Below "baa3"/BBB").

Any such failure with respect to APS shall have been cured (if such failure is not solely due to the willful failure of the Fund to make the required payment to the Auction Agent) with respect to any Rate Period if, not later than 12:00 Noon New York City time on the fourth Business Day preceding the Auction Date for the Rate Period subsequent to such Rate Period, the Fund shall have paid to the Auction Agent (i) all accumulated and unpaid dividends on the APS and (ii) without duplication, the Redemption Price for the APS, if any, for which notice of redemption has been given by the Fund.

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

For the purposes of the foregoing, "AA" Composite Commercial Paper Rate," on any date for any Rate Period, means:

(i) (A) in the case of any Minimum Dividend Period or any Rate Period of between 7 and 28 Rate Period Days, the interest equivalent of the 30-day rate; provided, however, in the case of any Minimum Dividend Period of 7 days or any Rate Period with 7 Rate Period Days, and if the "AA" Composite Commercial Paper Rate is being used to determine the Applicable Rate when all of the Outstanding APS are subject to Submitted Hold Orders, then the interest equivalent of the 7-day rate, and (B) in the case of any Rate Period with more than 28 Rate Period Days, the interest equivalent of the 180-day rate, on commercial paper placed on behalf of issuers whose corporate bonds are rated "AA" by S&P or the equivalent of such rating by S&P or another rating agency, as made available on a discount basis or otherwise by the Federal Reserve Bank of New York for the Business Day immediately preceding such date; or

S-20

(ii) in the event that the Federal Reserve Bank of New York does not make available any such rate, then the arithmetic average of such rates, as quoted on a discount basis or otherwise, by the Commercial Paper Dealers to the Auction Agent for the close of business on the Business Day next preceding such date.

If any Commercial Paper Dealer does not quote a rate required to determine the "AA" Composite Commercial Paper Rate, the "AA" Composite Commercial Paper Rate shall be determined on the basis of the quotation or quotations furnished by the remaining Commercial Paper Dealer or Commercial Paper Dealers and any Substitute Commercial Paper Dealer or Substitute Commercial Paper Dealers selected by the Fund to provide such rate or rates not being supplied by any Commercial Paper Dealer or Commercial Paper Dealers, as the case may be, or, if the Fund does not select any such Substitute Commercial Paper Dealer or Substitute Commercial Paper Dealers, by the remaining Commercial Paper Dealer or Commercial Paper Dealers. For purposes of this definition, the "interest equivalent" of a rate stated on a discount basis (a "discount rate") for commercial paper of a given days' maturity shall be equal to the quotient (rounded upwards to the next higher one-thousandth (.001) of 1%) of (A) the discount rate divided by (B) the difference between (x) 1.00 and (y) a fraction the numerator of which shall be the product of the discount rate times the number of days in which such commercial paper matures and the denominator of which shall be 360. As used herein, "Commercial Paper Dealers" means Goldman Sachs Money Markets, L.P., Lehman Commercial Paper Incorporated, Merrill Lynch, Pierce Fenner & Smith Incorporated and Smith Barney, Harris Upham & Co. Incorporated or, in lieu of any thereof, their respective affiliates or successors, if such entity is a commercial paper dealer. As used herein, "Substitute Commercial Paper Dealer" means The First Boston Company and Morgan Stanley & Co. Incorporated or their respective affiliates or successors, if such entity is a commercial paper dealer, provided that none of such entities shall be a Commercial Paper Dealer.

For the purposes of the foregoing, "Treasury Rate," on any date, means the interest equivalent of the rate for direct obligations of the United States having a maturity which is equal to, or, if not equal to, next shorter than, 3 months, as published weekly by the Board of Governors of the Federal Reserve System in "Federal Reserve Statistical Release H.15(519), Selected Interest Rates" or any successor publication, within five Business Days preceding such date. If such statistical release is not published or is otherwise not available, the Treasury Rate will be the arithmetic mean of the secondary market bid rates as of approximately 3:30 p.m., New York City time, on the Business Day

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

next preceding such date, of U.S. Government Securities Dealers furnished to the Auction Agent for the issue of direct obligations of the United States, in an aggregate principal amount of at least \$1 million with a remaining maturity equal to, or next shorter than, 3 months, as the case may be. For purposes of definition, "interest equivalent" means the equivalent yield on a 360-day basis of a discount basis security to an interest bearing security.

If any U.S. Government Securities Dealer does not quote a rate required to determine the Treasury Rate, the Ten Year Constant Maturity Rate or the Thirty Year Constant Maturity Rate, such rate shall be determined on the basis of the quotation or quotations furnished by the remaining U.S. Government Securities Dealer or U.S. Government Securities Dealers (if any) or any Substitute U.S. Government Securities Dealer or Substitute U.S. Government Securities Dealer selected by the Fund to provide such rate or rates not being supplied by any U.S. Governmental Securities Dealer or U.S. Governmental

S-21

Securities Dealers, as the case may be, or, if the Fund does not select any such Substitute U.S. Governmental Securities Dealer or Substitute U.S. Governmental Securities Dealers, by the remaining U.S. Governmental Securities Dealer or U.S. Governmental Securities Dealers. As used herein, "U.S. Governmental Securities Dealer" means Goldman, Sachs & Co., Smith Barney, Harris Upham & Co. Incorporated and Morgan Guaranty Trust Company of New York or their respective affiliates or successors, if such entity is a U.S. Government securities dealer. As used herein, "Substitute U.S. Governmental Securities Dealer" shall mean The First Boston Company and Merrill Lynch, Pierce, Fenner & Smith Incorporated or their respective affiliates or successors, if such entity is a U.S. Government securities dealer, provided that none of such entities shall be a U.S. Government Securities Dealer.

"Ten Year Constant Maturity Rate", on any date, means the arithmetic average of the two most recent weekly per annum Ten Year Average Yields (or the one weekly per annum Ten Year Average Yield, if only one such Yield shall be published during the Calendar Period with respect to such date), as published weekly by the Federal Reserve Board during the Calendar Period with respect to such date. In the event that the Federal Reserve Board does not publish such a weekly per annum Ten Year Average Yield during such Calendar Period, then the Ten Year Constant Maturity Rate with respect to such date shall be the arithmetic average of the two most recent weekly per annum Ten Year Average Yields (or the one weekly per annum Ten Year Average Yield, if only one such Yield shall be published during such Calendar Period), as published weekly during such Calendar Period by any Federal Reserve Bank or by any U.S. Government department or agency selected by the Fund. In the event that a per annum Ten Year Average Yield shall not be published by the Federal Reserve Board or by any Federal Reserve Bank or by any U.S. Government department or agency during such Calendar Period, then the Ten Year Constant Maturity Rate with respect to such date will be the arithmetic average of the two most recent weekly per annum average yields to maturity (or the one weekly per annum average yield to maturity, if only one such yield shall be published during such Calendar Period) for all of the actively traded marketable U.S. Treasury fixed interest rate securities (other than Special Securities) then having maturities or not less than eight nor more than 12 years, as published during such Calendar Period by the Federal Reserve Board or, if the Federal Reserve Board shall not publish such yields, by any Federal Reserve Bank or by any U.S. Government department or agency selected by the Fund. In the event that the Fund determines in good faith that for any reason the Auction Agent cannot determine the Ten Year Constant Maturity Rate with respect to such date as provided above in this paragraph, then the Ten Year Constant Maturity Rate with respect to such date will be the arithmetic average of the per annum average yields to maturity based upon the closing bids during such Calendar Period for each of the issues of

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

actively traded marketable U.S. Treasury fixed interest rate securities (other than Special Securities) with a final maturity date not less than eight nor more than 12 years from the date of each such quotation, as quoted daily for each business day in New York City (or less frequently if daily quotations shall not be generally available) to the Auction Agent by the U.S. Government Securities Dealers.

"Thirty Year Constant Maturity Rate", on any date, means the arithmetic average of the two most recent weekly per annum Thirty Year Average Yields (or the one weekly per annum Thirty Year Average Yield, if only one such Yield shall be published during the relevant Calendar Period), as published weekly by the Federal Reserve Board during the

S-22

Calendar Period with respect to such date. In the event that the Federal Reserve Board does not publish such a weekly per annum Thirty Year Average Yield during such Calendar Period, then the Thirty Year Constant Maturity Rate with respect to such date shall be the arithmetic average of the two most recent weekly per annum Thirty Year Average Yields (or the one weekly per annum Thirty Year Average Yield, if only one such Yield shall be published during such Calendar Period), as published weekly during such Calendar Period by any Federal Reserve Board or by any U.S. Government department or agency selected by the Fund. In the event that a per annum Thirty Year Average Yield shall not be published by the Federal Reserve Board or by any Federal Reserve Bank or by any U.S. Government department or agency during such Calendar Period, then the Thirty Year Constant Maturity Rate with respect to such date will be the arithmetic average of the two most recent weekly per annum average yields to maturity (or the one weekly per annum average yield to maturity, if only one such yield shall be published during such Calendar Period) for all of the actively traded marketable U.S. Treasury fixed interest rate securities (other than Special Securities) then having maturities of not less than 28 nor more than 30 years, as published during such Calendar Period by the Federal Reserve Board or, if the Federal Reserve Board shall not publish such yields, by any Federal Reserve Bank or by any U.S. Government department or agency selected by the Fund. In the event that the Fund determines in good faith that for any reason the Auction Agent cannot determine the Thirty Year Constant Maturity Rate with respect to such date as provided above in this paragraph, then the Thirty Year Constant Maturity Rate with respect to such date will be the arithmetic average of the per annum average yields to maturity based upon the closing bids during such Calendar Period for each of the issues of actively traded marketable U.S. Treasury fixed interest rate securities (other than Special Securities) with a final maturity date not less than 28 nor more than 30 years from the date of each such quotation, as quoted daily for each business day in New York City (or less frequently if daily quotations shall not be generally available) to the Auction Agent by the U.S. Government Securities Dealers.

Except as set forth in the next sentence, no dividends shall be declared or paid or set apart for payment on the shares of any class or series of shares of beneficial interest ranking, as to the payment of dividends, on a parity with the APS for any period unless full cumulative dividends have been or contemporaneously are declared and paid on the APS through the most recent Dividend Payment Date for such APS. When dividends are not paid in full upon the APS through their most recent respective Dividend Payment Dates or upon the shares of any other class or series of shares of beneficial interest ranking on a parity as to the payment of dividends with the APS through their most recent respective dividend payment dates, all dividends declared upon the APS and any other such class or series of shares of beneficial interest ranking on a parity as to the payment of dividends with the APS shall be declared pro rate so that the amount of dividends declared per share on the APS and such other class or series of shares shall in all cases bear to each other the same ratio that

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

accumulated dividends per share on the APS and such other class or series of shares of beneficial interest bear to each other (for purposes of this sentence, the amount of dividends declared per share shall be based on the Applicable Rate for such shares for the Dividend Periods during which dividends, were not paid in full). Holders of the APS shall not be entitled to any dividend, whether payable in cash, property or capital shares, in excess of full cumulative dividends, as provided in the APS provisions, on the APS. No interest, or sum of money in lieu of interest, will be payable in respect of any dividend payment or payments on the APS which may be in arrears, and,

S-23

except as otherwise provided herein, no additional sum of money will be payable in respect of any such arrearage.

The amount of dividends per share payable on the APS on any date on which dividends shall be payable on the APS shall be computed by multiplying the Applicable Rate in effect for such Dividend Period or Dividend Periods or part thereof for which dividends have not been paid by a fraction, the numerator of which shall be the number of days in such Dividend Period or Dividend Periods or part thereof and the denominator of which shall be 365 if such Dividend Period is a Rate Period, or is contained in a Rate Period, of less than 1 year and 360 for all other Rate Periods, and applying the rate obtained against \$50,000. Any dividend payment made on the APS shall first be credited against the earliest accumulated but unpaid dividends due with respect to such APS.

Designation of Special Dividend Periods. The Fund, at its option, may designate any succeeding Subsequent Dividend Period of APS as a Special Dividend Period which shall consist of such number of days or whole years as the Board of Trustees shall specify; provided, however, that such designation shall be effective only if (i) notice thereof shall have been given as provided herein, (ii) any failure to pay in a timely manner to the Auction Agent the full amount of any dividend on, or the Redemption Price of, the APS shall have been cured as set forth above under "Determination of Dividend Rate," (iii) Sufficient Clearing Bids shall have existed in an Auction held on the Auction Date immediately preceding the first day of such proposed Special Dividend Period, (iv) if the Fund shall have mailed a notice of redemption with respect to any shares, as described under "Redemption -- Notice of Redemption" below, the Redemption Price with respect to such shares shall have been deposited with the Auction Agent, and (v) in the event the Fund wishes to designate any succeeding Subsequent Dividend Period as a Special Dividend Period consisting of more than 28 days, the Fund has received written confirmation from S&P (if S&P is then rating the APS) and Moody's (if Moody's is then rating the APS) that such designation would not affect the rating then assigned by S&P and Moody's to such APS.

If the Fund proposes to designate any succeeding Subsequent Dividend Period of the APS as a Special Dividend Period of more than 28 days, not less than 20 nor more than 30 days prior to the date the Fund proposes to designate as the first day of such Special Dividend Period (which shall be such day that would otherwise be the first day of a Minimum Dividend Period), notice shall be (i) published or caused to be published by the Fund in a newspaper of general circulation to the financial community in The City of New York, New York, which carries financial news, and (ii) communicated by the Fund by telephonic or other means to the Auction Agent and confirmed in writing promptly thereafter. Each such notice shall state (A) that the Fund may exercise its option to designate a succeeding Subsequent Dividend Period of the APS as a Special Dividend Period, specifying the first day thereof and (B) that the Fund will by 11:00 A.M., New York City time, on the second Business Day next preceding such date notify the Auction Agent, who will promptly notify the Broker-Dealers, of either (x) its determination, subject to certain conditions, to exercise such option, in which

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

case the Fund shall specify the Special Dividend Period designated and the terms of the Specific Redemption Provisions, if any, or (y) its determination not to exercise such option.

S-24

No later than 11:00 A.M., New York City time, on the second Business Day next preceding the first day of any proposed Special Dividend Period, the Fund shall deliver to the Auction Agent, who will promptly deliver to the Broker-Dealers, either:

(i) a notice stating (A) that the Fund has determined to designate the next succeeding Rate Period as a Special Dividend Period, specifying the same and the first day thereof, (B) the Auction Date immediately prior to the first day of such Special Dividend Period, (C) the terms of the Specific Redemption Provisions, if any, (D) that such Special Dividend Period shall not commence if (1) on such Auction Date Sufficient Clearing Bids shall not exist (in which case the succeeding Rate Period shall be a Minimum Dividend Period) or (2) the Fund shall have failed to pay in a timely manner to the Auction Agent the full amount of any dividend on, or the Redemption Price of, the APS, as set forth above under "Determination of Dividend Rate," prior to the first day of such Special Dividend Period with respect to the APS and (E) the scheduled Dividend Payment Dates during such Special Dividend Period; provided, that, if the proposed Special Dividend Period consists of more than 28 days, such notice will be accompanied by an APS Basic Maintenance Report showing that, as of the third Business Day next preceding such proposed Special Dividend Period, (1) Moody's Eligible Assets (if Moody's is then rating the APS) and (2) S&P Eligible Assets (if S&P is then rating the APS), the Discounted Value of which at least equals or is greater than the APS Basic Maintenance Amount as of such Business Day (assuming for purposes of the foregoing calculation that the Maximum Rate is the Maximum Rate on such Business Day as if such Business Day were the Auction Date for the proposed Special Dividend Period; or

(ii) a notice stating that the Fund has determined not to exercise its option to designate a Special Dividend Period and that the next succeeding Rate Period shall be a Minimum Dividend Period.

If the Fund fails to deliver either such notice with respect to any designation of any proposed Special Dividend Period to the Auction Agent by 11:00 A.M., New York City time, on the second Business Day next preceding the first day of such proposed Special Dividend Period, the Fund shall be deemed to have delivered a notice to the Auction Agent with respect to such Special Dividend Period to the effect set forth in clause (ii) above.

Restrictions on Dividends and Other Payments. Under the 1940 Act, the Fund may not declare dividends (other than dividends payable in Common Shares) or other distributions with respect to Common Shares or purchase any such shares if, at the time of the declaration or purchase, as applicable (and after giving effect thereto), asset coverage (as defined in and determined pursuant to the 1940 Act) with respect to the outstanding Preferred Shares, including the APS, would be less than 200% (or such other percentage as may in the future be required by law).

In addition, for as long as any of the APS are outstanding, except as otherwise set forth herein, (A) the Fund may not declare, pay or set apart for payment any dividend or other distribution (other than a dividend or distribution paid in shares of, or options, warrants or rights to subscribe for or purchase, Common Shares or other shares of beneficial interest, if any, ranking junior to the APS as to the payment of dividends and the distribution of

assets upon liquidation) in respect of Common Shares or any other

S-25

shares of beneficial interest of the Fund ranking junior to or on a parity with the APS as to the payment of dividends or the distribution of assets upon liquidation, or call for redemption, redeem, purchase or otherwise acquire for consideration any Common Shares or any other such junior shares of beneficial interest (except by conversion into or exchange for shares of beneficial interest of the Fund ranking junior to the APS as to the payment of dividends and the distribution of assets upon liquidation), or any such parity shares of beneficial interest (except by conversion into or exchange for capital shares of the Fund ranking junior to or on a parity with the APS as to payment of dividends and the distribution of assets upon liquidation), unless (1) full cumulative dividends on the APS through its most recently ended Dividend Period shall have been paid or shall have been declared and sufficient funds for the payment thereof deposited with the Auction Agent and (2) the Fund has redeemed the full number of APS required to be redeemed by any provision for mandatory redemption contained in the APS Provisions, and (B) if either Moody's or S&P is rating the APS, the Fund may not declare, pay or set apart for payment any dividend or other distribution (other than a dividend or distribution paid in shares of, or options, warrants or rights to subscribe for or purchase, Common Shares or other shares, if any, ranking junior to the APS as to the payment of dividends and the distribution of assets upon liquidation) in respect of Common Shares or any other shares of the Fund ranking junior to the APS as to the payment of dividends for the distribution of assets upon liquidation, or call for redemption, redeem, purchase or otherwise acquire for consideration any shares of Common Shares or any other such junior shares of beneficial interest (except by conversion into or exchange for shares of beneficial interest of the Fund ranking junior to the APS as to the payment of dividends or the distribution of assets upon liquidation), unless immediately after such transaction the Discounted Value of the Fund's assets would at least equal the APS Basic Maintenance Amount.

Under the Internal Revenue Code, the Fund must, among other things, distribute at least 90% of its net income each year in order to maintain its qualification for tax treatment as a regulated investment company. The foregoing limitation on dividends, distributions and purchases may in certain circumstances impair the Fund's ability to maintain such qualification. The Fund currently intends, however, to exercise its optional redemption rights to redeem a portion of the APS when necessary to preserve such qualification.

ASSET MAINTENANCE

1940 Act APS Asset Coverage. The Fund will be required under the APS provision to maintain, with respect to the APS, as of the last Business Day of each month in which any APS are outstanding, asset coverage of at least 200% with respect to senior securities which are stock, including APS (or such other asset coverage as may in the future be specified in or under the 1940 Act as the minimum asset coverage for senior securities which are stock of a closed-end investment company as a condition of declaring dividends on its common stock). If the Fund fails to maintain such asset coverage in accordance with the requirements of the rating agency or agencies then rating the APS ("1940 Act APS Asset Coverage") and such failure is not cured as of the last Business Day of the following month (the "1940 Act Cure Date"), the Fund will be required in certain circumstances to redeem certain of the APS. See "Redemption" below.

S-26

APS Basic Maintenance Amount. So long as any APS are Outstanding, the Fund

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

will be required under the APS Provisions to maintain as of every Friday (or if such day is not a Business Day the next succeeding Business Day) or, during any period in which the Fund shall have open positions in futures contracts or open short positions in future contracts, as of every Business Day (a "Valuation Date") assets having in the aggregate a Discounted Value at least equal to the APS Basic Maintenance Amount established by the rating agency or agencies then rating the APS. If the Fund fails to meet such requirement on any Valuation Date and such failure is not cured on or before the third Business Day after such Valuation Date (the "APS Basic Maintenance Cure Date"), the Fund will be required in certain circumstances to redeem certain of the shares of APS. See "Redemption" below.

The "APS Basic Maintenance Amount" as of any Valuation Date is defined as the dollar amount equal to:

(A) the sum of:

(i) the product of the number of APS Outstanding on such date multiplied by \$50,000:

(ii) the aggregate amount of dividends that will have accumulated at the Applicable Rate (whether or not earned or declared) to (but not including) the first Dividend Payment Date for the APS Outstanding that follows such Valuation Date:

(iii) the amount equal to the Projected Dividend Amount (based on the number of APS Outstanding on such date):

(iv) the amount of anticipated Fund expenses for the 90 days subsequent to such Valuation Date;

(v) the amount of any premium payable pursuant to a Premium Call Period; and

(vi) any current liabilities as of such Valuation Date to the extent not reflected in any of (A) (i) through (A) (v) (including, without limitation, any amounts described below as required to be treated as liabilities in connection with the Fund's transactions in futures and options and including any payables for portfolio securities purchased as of such Valuation Date); less

(B) either (i) the face value of any Fund assets irrevocably deposited by the Fund for the payment of any of (A) (i) through (A) (vi), if such assets mature prior to or on the date of payment of the liability for which such assets are deposited and are either securities issued or guaranteed by the United States Government or have a rating assigned by Moody's of P-1, VMIG-1 or MIG-1 (or, with respect to S&P, SP-1+ or A-1) or (ii) otherwise, the Discounted Value of such assets.

For purposes of the APS Basic Maintenance Amount in connection with S&P's ratings of the APS, with respect to any transactions by the Fund in futures contracts, the Fund shall include as liabilities 25% of the aggregate settlement value, as marked to market, of any outstanding futures contracts based on Treasury Bonds which contracts are owned by the Fund. For purposes of the APS Basic Maintenance Amount in connection

S-27

with Moody's rating of the APS, with respect to any transactions by the Fund in securities operations, the Fund shall include as liabilities (i) 10% of the exercise price of a call option written by the Fund and (ii) the exercise price

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

of any written put option.

The Discount Factors and guidelines for determining the market value of the Fund's portfolio holdings, described above under the heading "Investment Objective and Policies -- Rating Agency Guidelines," have been based on criteria established in connection with rating each series of APS. These factors include, but are not limited to, the sensitivity of the market value of the relevant asset to changes in interest rates, the liquidity and depth of the market for the relevant asset, the credit quality of the relevant asset (for example, the lower the rating of a debt obligation, the higher the related discount factor) and the frequency with which the relevant asset is marked to market. In no event shall the Discounted Value of any asset of the Fund exceed its unpaid principal balance or face amount as of the date of calculation. The Discount Factors relating to any asset of the Fund and the APS Basic Maintenance Amount, the assets eligible for inclusion in the calculation of the Discounted Value of the Fund's portfolio and certain definitions and methods of calculation relating thereto may be changed from time to time by the Fund without Shareholder approval, but only in the event the Fund receives written confirmation from the appropriate rating agency that any such change would not impair the rating then assigned to the APS by such rating agency. A rating agency's Discount Factors and guidelines will apply to the APS so long as such rating agency is rating the APS.

On or before 5:00 P.M., New York City time, on the third Business Day after a Valuation Date on which the Fund fails to meet the APS Basic Maintenance Amount, and on the third Business Day after the APS Basic Maintenance Cure Date with respect to such Valuation Date, the Fund is required to deliver to the Auction Agent (so long as either Moody's or S&P is rating the APS) a report with respect to the calculation of the APS Basic Maintenance Amount and the value of its portfolio holdings as of the date of such failure or such cure date, as the case may be (a "APS Basic Maintenance Report"). The Fund will also deliver an APS Basic Maintenance Report to Moody's and S&P (if Moody's and S&P, respectively, is then rating the APS) on any Valuation Date that (i) the Discounted Value of Moody's Eligible Assets is greater than the APS Basic Maintenance Amount by twenty-five percent (five percent if the Valuation Date is every Business Day) or less or (ii) on any date which the Fund redeems Common Shares. Within ten Business Days after delivery of such report relating to the last Business Day of each fiscal quarter of the Fund, commencing March 31, 1993, the Fund will deliver a letter prepared by the Fund's independent accountants regarding the accuracy of the calculation made by the Fund in its most recent APS Basic Maintenance Report. If any such letter prepared by the Fund's independent accountants shows that an error was made in the most recent APS Basic Maintenance Report, the calculation or determination made by the Fund's independent accounts will be conclusive and binding on the Fund.

MINIMUM LIQUIDITY LEVEL

Pursuant to S&P guidelines, so long as S&P is rating the APS, the Fund will be required under the APS Provisions to have, as of each Valuation Date, Deposit Securities with maturity or tender dates not later than the day preceding the first respective Dividend Payment Dates (collectively "Dividend Coverage Assets") for each share of APS Outstanding that follow such Valuation Date and having a value not less than the Dividend

S-28

Coverage Amount (the "Minimum Liquidity Level"). So long as S&P is rating the APS, if, as of each Valuation Date, the Fund does not have the required Dividend Coverage Assets, the Fund will, as soon as practicable, adjust its portfolio in order to meet the Minimum Liquidity Level. The "Dividend Coverage Amount," as of any Valuation Date, means (A) the aggregate amount of dividends that will

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

accumulate on each share of APS to (but not including) the first Dividend Payment Date for each share of APS Outstanding that follows such Valuation Day plus any liabilities that will become payable prior to or on such payment date; less (B) the combined value of Deposit Securities irrevocably deposited for the payment of dividends on the APS. "Deposit Securities" generally means cash and portfolio securities rated at least A-1+ or SP-1 by S&P and interest with respect to portfolio securities which is payable to the Fund prior to the Dividend Payment Date. The definitions of "Deposit Securities," "Dividend Coverage Assets" and "Dividend Coverage Amount" may be changed from time to time by the Fund without Shareholder approval, but only in the event the Fund receives written confirmation from S&P that any such change would not impair the rating then assigned by S&P to the APS.

REDEMPTION

Optional Redemption. Upon giving a notice of redemption, as provided below, the Fund at its option may redeem the APS, in whole or in part, on the Second Business Day next preceding any Dividend Payment Date applicable to those APS called for redemption, out of funds legally available therefor, at the Optional Redemption Price; provided that during a Special Dividend Period of 365 days or more none of the APS will be subject to optional redemption during any Non-Call Period. Also, the APS may not be redeemed in part if after such partial redemption fewer than 250 shares remain outstanding.

If fewer than all of the outstanding APS are to be redeemed as set forth above, the number of shares to be redeemed shall be determined by the Board of Trustees of the Fund, and such shares shall be redeemed pro rata from the holders of record (initially Cede & Co. as nominee of the Securities Depository) in proportion to the number of such shares held by such holders. Since the nominee of the Securities Depository is the only record holder of APS, the Securities Depository will determine the number of shares to be redeemed from the account of the Agent Member of each beneficial owner. An Agent Member may determine to redeem shares from some beneficial owners (which may include an Agent Member holding shares for its own account) without redeeming shares from the accounts of other beneficial owners.

The Fund may not give a notice of redemption relating to an optional redemption as described above unless, on the date on which the Fund intends to give such notice, (a) the Fund has available certain Deposit Securities with maturity or tender dates not later than the day preceding the applicable redemption date and having a value not less than the amount (including any applicable premium) due to holders of APS by reason of the redemption of such APS on such redemption date and (b) Moody's Eligible Assets (if Moody's is then rating the APS) and S&P Eligible Assets (if S&P is then rating the APS) the Discounted Value of each of which equals the APS Basic Maintenance Amount and would at least equal or exceed the APS Basic Maintenance Amount immediately subsequent to such redemption, if such redemption were to occur on such date, and on the date of redemption.

S-29

Mandatory Redemption. The Fund will be required to redeem, at the Mandatory Redemption Price, certain of the APS to the extent permitted under the 1940 Act and Massachusetts law, if the Fund fails to maintain the APS Basic Maintenance Amount or the 1940 Act APS Asset Coverage in accordance with the requirements of the rating agency or agencies then rating the APS and such failure is not cured on or before the APS Basic Maintenance Cure Date or the 1940 Cure Date (herein respectively referred to as a "Cure Date"), as the case may be. The number of APS to be redeemed will be equal to the lesser of (a) the minimum number of APS the redemption of which, if deemed to have occurred immediately prior to the opening of business on the Cure Date, together with all

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

other Preferred Shares subject to redemption or retirement, would result in the satisfaction of the APS Basic Maintenance Amount or the 1940 Act APS Asset Coverage, as the case may be, on such Cure Date (provided that, if there is no such minimum number of APS and other Preferred Shares the redemption of which would have such result, all of the APS and Preferred Shares then outstanding will be redeemed), and (b) the maximum number of APS, together with all other Preferred Shares subject to redemption or retirement, that can be redeemed out of funds expected to be legally available therefor. In determining the APS required to be redeemed in accordance with the foregoing, the Fund will allocate the number required to be redeemed to satisfy the APS Basic Maintenance Amount or the 1940 Act APS Asset Coverage, as the case may be, pro rata among the APS and other Preferred Shares subject to redemption provisions similar to those contained in this paragraph.

The Fund is required to effect such a mandatory redemption not earlier than 20 days and not later than 40 days after such Cure Date, except that if the Fund does not have funds legally available for the redemption of all of the required number of APS and other Preferred Shares which are subject to mandatory redemption or the Fund otherwise is unable to effect such redemption on or prior to 40 days after such Cure Date, the Fund will redeem those APS and other Preferred Shares which it was unable to redeem on the earliest practicable date on which it is able to effect such redemption. If fewer than all of the outstanding APS are to be redeemed pursuant to a mandatory redemption, the number of shares to be redeemed shall be redeemed pro rata from the holders of such shares in proportion to the number of shares held by such holders, in the same manner as described above in respect of optional redemptions of fewer than all outstanding APS.

Notice of Redemption. The Fund is required to give 30 days' Notice of Redemption. In the event the Fund obtains appropriate exemptive or no-action relief from the Securities and Exchange Commission, which is not assured, the number of days' notice required for a mandatory redemption may be reduced by the Board of Trustees of the Fund as to as few as two Business Days if Moody's and S&P each has agreed in writing that the revised notice provision would not adversely affect its then-current ratings of the APS. The Auction Agent will use its reasonable efforts to provide telephonic notice to each holder of APS called for redemption not later than the close of business on the Business Day on which the Auction Agent determines the shares to be redeemed (as described above) (or, during the occurrence of a Failure to Deposit with respect to such shares, not later than the close of business on the Business Day immediately following the day on which the Auction Agent receives Notice of Redemption from the Funds). Such telephonic notice will be confirmed promptly in writing not later than the close of business on the third Business Day preceding the redemption date by notice sent by the Auction Agent to each holder of record of APS called for redemption, the Broker-Dealers and the Securities

S-30

Depository. Every Notice of Redemption and other redemption notice with respect to APS will state: (1) the redemption date, (2) the number of APS to be redeemed, (3) the redemption price, (4) that dividends on the APS to be redeemed will cease to accumulate as of such redemption date and (5) the provision of the APS Provisions pursuant to which such shares are being redeemed. No defect in the Notice of Redemption or other redemption notice or in the transmittal or the mailing thereof will affect the validity of the redemption proceedings, except as required by applicable law. If fewer than all shares held by any Holder are to be redeemed, the Notice of Redemption mailed to such Holder shall also specify the number of shares to be redeemed from such Holder.

Other Redemption Procedures. To the extent that any redemption for which notice of redemption has been given is not made by reason of the absence of

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

legally available funds therefor, such redemption will be made as soon as practicable to the extent such funds become available. Failure to redeem APS will be deemed to exist at any time after the date specified for redemption in a notice of redemption when the Fund shall have failed, for any reason whatsoever, to deposit in trust with the Auction Agent the Optional Redemption Price or Mandatory Redemption Price, as the case may be, with respect to any shares for which such notice of redemption has been given. Notwithstanding the fact that the Fund may not have redeemed the APS for which a notice of redemption has been given, dividends may be declared and paid on APS and will include those APS for which notice of redemption has been given.

Upon the deposit of funds sufficient to redeem APS with the Auction Agent and the giving of notice of redemption, dividends of such APS shares will cease to accumulate and such shares will no longer be deemed outstanding for any purpose, and all rights of the holders of the APS so called for redemption will cease and terminate, except the right of the holders thereof to receive the Optional Redemption Price or Mandatory Redemption Price, as the case may be, but without any interest or other additional amount. Upon surrender in accordance with the notice of redemption of the certificates for any APS so redeemed (properly endorsed or assigned for transfer, if the Board of Trustees of the Fund shall so require and the notice of redemption shall so state), the Optional Redemption Price or Mandatory Redemption Price, as the case may be, shall be paid by the Auction Agent to the holders of APS subject to redemption. In the case that fewer than all of the APS represented by any such certificate are redeemed, a new certificate shall be issued, representing the unredeemed shares, without cost to the holder thereof. The Fund will be entitled to receive from the Auction Agent, promptly after the date fixed for redemption, any cash deposited with the Auction Agent in excess of (i) the aggregate Optional Redemption Price or Mandatory Redemption Price, as the case may be, of the APS called for redemption on such date and (ii) all other amounts to which holders of APS called for redemption may be entitled. Any funds so deposited that are unclaimed at the end of 90 days from such redemption date will, to the extent permitted by law, be repaid to the Fund, after which time the holders of APS so called for redemption may look only to the Fund for payment of the Optional Redemption Price or Mandatory Redemption Price, as the case may be, and all other amounts to which they may be entitled. The Fund will be entitled to receive, from time to time after the date fixed for redemption, any interest on the funds so deposited.

Notwithstanding the foregoing, if any dividends on the APS are in arrears, no APS shall be redeemed unless all outstanding APS are simultaneously redeemed, and the Fund

S-31

shall not purchase or otherwise acquire any APS; provided, however, that the foregoing shall not prevent the purchase or acquisition of all outstanding APS pursuant to the successful completion of an otherwise lawful purchase or exchange offer made on the same terms to, and accepted by, holders of all outstanding APS.

Except as described above with respect to redemptions and under "The Auction -- Orders by Existing Holders and Potential Holders," the APS Provisions do not prohibit the Fund or any affiliate of the fund from purchasing or otherwise acquiring any APS.

The Fund has the right to arrange for others to purchase from the holders thereof APS which are to be redeemed as described above.

LIQUIDATION

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

Upon liquidation of the Fund, whether voluntary or involuntary, the holders of APS then outstanding will be entitled to receive and to be paid out of the assets of the Fund available for distribution to its Shareholders, before any payment or distribution shall be made on the Common Shares of or any other class of shares of beneficial interest of the Fund ranking junior to the APS upon liquidation, an amount equal to the liquidation preference with respect to the APS. The liquidation preference for the APS shall be \$50,000 per share, plus an amount equal to all dividends thereon (whether or not earned or declared) accumulated but unpaid to the date of final distribution in same-day funds, together with any applicable Additional Dividends in connection with the liquidation of the Fund. After the payment to the holders of the APS of the full preferential amounts provided for as described herein, the holders of the APS as such shall have no right or claim to any of the remaining assets of the Fund. In the event the assets of the Fund available for distribution to the holders of the APS upon any liquidation of the Fund, whether voluntary or involuntary, shall be insufficient to pay in full all amounts to which such holders are entitled, no such distribution shall be made on account of any shares of any other class or series of Preferred Shares ranking on a parity with the APS with respect to the distribution of assets upon such liquidation unless proportionate distributive amounts shall be paid on account of the APS, ratably, in proportion to the full distributable amounts for which holders of all such parity shares are respectively entitled upon such liquidation. Subject to the rights of the holders of shares of any series or class or classes of shares of beneficiary interest ranking on a parity with the APS with respect to the distribution of assets upon liquidation of the Fund, after payment shall have been made in full to the holders of the APS as described herein, but not prior thereto, any other series or class or classes of shares of beneficiary interest ranking junior to the APS with respect to the distribution of assets upon liquidation shall, subject to the respective terms and provisions (if any) applying thereto, be entitled to receive any and all assets remaining to be paid or distributed, and the holders of the APS shall not be entitled to share therein.

Neither the sale of all or substantially all the property or business of the Fund, nor the merger or consolidation of the Fund into or with any other corporation nor the merger or consolidation of any other corporation into or with the Fund shall be a liquidation, whether voluntary or involuntary, for the purposes of the foregoing paragraph.

S-32

VOTING RIGHTS

Holders of the APS will have equal voting rights with holders of Common Shares (one vote per share) and will vote together with holders of Common Shares as a single class.

In connection with the election of the Fund's Trustees, holders of outstanding shares of Preferred Shares, including any APS, voting as a separate class, shall be entitled to elect two of the Fund's Trustees, and the remaining Trustees will be elected by holders of Common Shares. In addition, if at the close of business on any Dividend Payment Date, accumulated dividends (whether or not earned or declared) on Preferred Shares, including any outstanding APS, shall be due and unpaid in an amount equal to two full years' dividends thereon, and sufficient cash or specified securities shall not have been deposited with the Auction Agent for the payment of such dividends, then, as the sole remedy of holders of Preferred Shares, including any outstanding APS, the number of Trustees constituting the Board of Trustees shall be automatically increased by the smallest number that, when added to the two Trustees elected exclusively by the holders of Preferred Shares, including any APS, as described above, would constitute a majority of the Board of Trustees as so increased by such smallest number; and at a special meeting of Shareholders which will be called and held

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

as soon as practicable, and at all subsequent meetings at which trustees are to be elected, the holders of Preferred Shares, including any APS, voting as a separate class on a one-vote-per-share basis (to the exclusion of the holders of all other securities and class of capital shares of the Fund), will be entitled to elect the smallest number of additional Trustees that, together with the two Trustees which such holders will be in any event entitled to elect, constitutes a majority of the total number of Trustees of the Fund as so increased. The terms of office of all persons who are trustees of the Fund at the time of that election will continue. If the Fund thereafter shall pay, or declare and set apart for payment, in full all dividends payable on all outstanding shares of Preferred Shares, including any APS for all past Dividend Periods, the voting rights stated in the preceding sentence shall cease, and the terms of office of all of the additional Trustees elected by the holders of shares of Preferred Shares, including any APS (but not of the Trustees with respect to whose election the holders of Common Shares were entitled to vote or the two Trustees the holders of share of APS have the right to elect in any event), will terminate automatically.

So long as any of the APS are Outstanding, the Fund will not, without the affirmative vote of a majority of the outstanding APS, determined with reference to a "majority of outstanding voting securities" as that term is defined in Section 2(a)(42) of the 1940 Act (voting separately as one class): (a) authorize, create or issue any class or series of shares of beneficial interest ranking prior to or on a parity with the APS with respect to the payment of dividends or the distribution of assets upon liquidation or increase the authorized amount of APS (except that the Board of Trustees may, without the vote or consent of the Holders of APS, authorize and create and the Fund may from time to time issue, classes or series of preferred shares ranking on a parity with the APS with respect to the payment of dividends and the distribution of assets upon liquidation subject to continuing compliance by the Fund with 1940 Act APS Asset Coverage and APS Basic Maintenance Amount requirements provided that the Fund obtains written confirmation from Moody's (if Moody's is then rating the APS) and S&P (if S&P is then rating the APS) that the issuance of any such additional class or series would not impair the rating

S-33

then assigned by such rating agency to the APS), (b) amend, alter or repeal the provisions of the APS Provisions, whether by merger, consolidation or otherwise, so as to affect any preference, right or power of such or the Holders thereof; provided that (i) none of the actions permitted by the exception to (a) above will be deemed to affect such preferences, rights or powers and (ii) the authorization, creation and issuance of classes or series of shares of beneficial interest ranking junior to the APS with respect to the payment of dividends and the distribution of assets upon liquidation will be deemed to affect such preferences, rights or powers only if Moody's or S&P is then rating the APS and such issuance would, at the time thereof, cause the Fund not to satisfy the 1940 Act APS Asset Coverage or the APS Basic Maintenance Amount, or (c) file a voluntary application for relief under federal bankruptcy law for any similar application under state law for so long as the Fund is solvent and does not foresee becoming insolvent.

The Board of Trustees may, however, without the vote or consent of the holders of APS, amend, alter or repeal any or all of the definitions required to be contained in the APS Provisions by the rating agencies in the event the Fund receives written confirmation from the appropriate rating agency that any such amendment, alteration or repeal would not impair the ratings then assigned to the APS by such rating agency. Unless a higher percentage is provided for under "Certain Provisions of the Declaration of Trust -- Anti-takeover Provisions of the Declaration of Trust," the affirmative vote of the holders of a majority of the outstanding APS, voting as a separate class, will be required to approve any

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

plan of reorganization (as such term is defined under the 1940 Act) adversely affecting such shares or any action requiring a vote of security holders under Section 13(a) of the 1940 Act including, among other things, changes in the Fund's investment objective or changes in the investment restrictions as fundamental policies. The class vote of holders of APS described above will in each case be in addition to a separate vote of the requisite percentage of shares of Common Shares necessary to authorize the action in question.

The foregoing voting provisions will not apply with respect to APS if, at or prior to the time when a vote is required, such APS shall have been (i) redeemed or (ii) called for redemption and sufficient funds shall have been deposited in trust to effect such redemption as provided under "Description of APS -- Redemption."

3. The Reorganization.

- (a) Subject to receiving the requisite approvals of the shareholders of the Target Fund, and to the other terms and conditions contained herein, (i) the Target Fund agrees to convey, transfer and deliver to the Acquiring Fund and the Acquiring Fund agrees to acquire from the Target Fund, on the Closing Date, all of the Target Fund Investments (including interest accrued as of the Valuation Time on debt instruments), and assume substantially all of the liabilities of the Target Fund, in exchange solely for that number of Target Fund Common Shares and Target Fund AMPS provided in Section 4 of this Agreement. Pursuant to this Agreement, as soon as practicable after the Closing Date, the Target Fund will distribute all Acquiring Fund Common Shares and Acquiring Fund APS received by it to its shareholders in exchange for their Target Fund Common Shares and Target Fund AMPS. Such distributions shall be accomplished by the opening of shareholder accounts on the share ledger records of the Acquiring Fund in the amounts due the shareholders of the Target Fund based on their respective holdings in the Target Fund as of the Valuation Time.
- (b) If it is determined that the portfolios of the Target Fund and the Acquiring Fund, when aggregated, would contain investments exceeding certain percentage limitations imposed upon the Acquiring Fund with respect to such investments, the Target Fund, if requested by the Acquiring Fund, will dispose of a sufficient amount of such investments as may be necessary to avoid violating such limitations as of the Closing Date. Notwithstanding the foregoing, (a) nothing herein will require the Target Fund to dispose of any portfolios, securities or other investments, if, in the reasonable judgment of the Target Fund's trustees or investment adviser, such disposition would adversely affect the tax-free nature of the Reorganization for federal income tax purposes or would otherwise not be in the best interests of the Target Fund and (b) nothing will permit the Target Fund to dispose of any portfolio securities or other investments if, in the reasonable judgment of the Acquiring Fund's trustees or investment adviser, such disposition would adversely affect the tax-free nature of the Reorganization for federal income tax purposes or would otherwise not be in the best interests of the Target Fund.
- (c) Prior to the Closing Date, the Target Fund shall declare a dividend or dividends which, together with all such previous dividends, shall have the effect of distributing to their respective shareholders all of their respective net investment company taxable income to and including the Closing Date, if any (computed without regard to any deduction for dividends paid), and all of its net capital gain, if any, realized to and including the Closing Date. In this regard and in connection with the Reorganization, the last dividend period

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

for the Target Fund AMPS prior to the Closing Date may be shorter than the dividend period for such Target Fund AMPS determined as set forth in the applicable Certificate of Vote pertaining to such Target Fund AMPS.

- (d) The Target Fund will pay or cause to be paid to the Acquiring Fund any interest the Target Fund receives on or after the Closing Date with respect to any of the Target Fund Investments transferred to the Acquiring Fund hereunder.

A-6

- (e) The Valuation Time shall be 4:00 p.m., Eastern time, on [], 2005, or such earlier or later day and time as may be mutually agreed upon in writing (the "Valuation Time").
- (f) Recourse for liabilities assumed from the Target Fund by the Acquiring Fund in the Reorganization will be limited to the net assets acquired by the Acquiring Fund. The known liabilities of the Target Fund, as of the Valuation Time, shall be confirmed to the Acquiring Fund pursuant to Section 2(j) of this Agreement.
- (g) The Target Fund will be terminated following the Closing Date by terminating its registration under the 1940 Act and its organization under Massachusetts law and will withdraw its authority to do business in any state where it is required to do so.
- (h) The Acquiring Fund will file with the Secretary of State of The Commonwealth of Massachusetts, as required, any amendment to its Certificate of Vote establishing the powers, rights and preferences of the Acquiring Fund APS prior to the closing of the Reorganization.

4. Issuance and Valuation of Acquiring Fund Common Shares and Acquiring Fund APS in the Reorganization.

Acquiring Fund Common Shares and Acquiring Fund APS of an aggregate net asset value or aggregate liquidation preference, as the case may be, equal to the value of the assets of the Target Fund acquired in the Reorganization determined as hereinafter provided, reduced by the amount of liabilities of the Target Fund assumed by the Acquiring Fund in the Reorganization, shall be issued by the Acquiring Fund to the Target Fund in exchange for such assets of the Target Fund, plus cash in lieu of fractional shares. The Acquiring Fund will issue to the Target Fund (i) a number of Acquiring Fund Common Shares, the aggregate net asset value of which will equal the aggregate net asset value of the Target Fund Common Shares, determined as set forth below, and (ii) a number of Acquiring Fund APS, the aggregate liquidation preference and value of which will equal the aggregate liquidation preference and value of the Target Fund AMPS, determined as set forth below.

The net asset value of each of the Funds and the liquidation preference and value of each of the Target Fund AMPS and the Acquiring Fund APS shall be determined as of the Valuation Time in accordance with the procedures described in (i) the prospectus of the Acquiring Fund, dated [], relating to the Acquiring Fund Common Shares and (ii) the prospectus of the Acquiring Fund, dated [], relating to the Acquiring Fund APS, and no formula will be used to adjust the net asset value so determined of any Fund to take into account

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

differences in realized and unrealized gains and losses. Values in all cases shall be determined as of the Valuation Time. The value of the Target Fund Investments to be transferred to the Acquiring Fund shall be determined by the Acquiring Fund pursuant to the procedures utilized by the Acquiring Fund in valuing its own assets and determining its own liabilities for purposes of the Reorganization.

Such valuation and determination shall be made by the Acquiring Fund in cooperation with the Target Fund and shall be confirmed in writing by the Acquiring Fund to the Target Fund. The net asset value per share of the Acquiring Fund Common Shares and the liquidation preference and value per share of the Acquiring Fund APS shall be determined in accordance with such procedures and the Acquiring Fund shall certify the computations involved. For purposes of determining the net asset value of each of a Target Fund Common Share and an Acquiring Fund Common Share, the value of the securities held by the applicable Fund plus any cash or other assets (including interest accrued but not yet received) minus all liabilities (including accrued expenses) and the aggregate liquidation value of the outstanding shares of Target Fund AMPS or Acquiring Fund APS, as the case may be, is divided by the total number of Target Fund Common Shares or Acquiring Fund Common Shares, as the case may be, outstanding at such time.

A-7

The Acquiring Fund shall issue to the Target Fund separate certificates or share deposit receipts for the Acquiring Fund Common Shares and the Acquiring Fund APS, each registered in the name of the Target Fund. The Target Fund shall then distribute the Acquiring Fund Common Shares and the Acquiring Fund APS to the holders of Target Fund Common Shares and Target Fund AMPS by redelivering the certificates or share deposit receipts evidencing ownership of (i) the Acquiring Fund Common Shares to State Street Bank and Trust Company, as the transfer agent and registrar for the Acquiring Fund Common Shares for distribution to the holders of Target Fund Common Shares on the basis of such holder's proportionate interest in the aggregate net asset value of the Target Fund Common Shares and (ii) the Acquiring Fund APS to Bankers Trust Company, as the transfer agent and registrar for the Acquiring Fund APS for distribution to the holders of Target Fund APS on the basis of such holder's proportionate interest in the aggregate liquidation preference and value of the Target Fund AMPS. With respect to any Target Fund shareholder holding certificates evidencing ownership of Target Fund Common Shares as of the Closing Date, and subject to the Acquiring Fund being informed thereof in writing by the Target Fund, the Acquiring Fund will not permit such shareholder to receive new certificates evidencing ownership of the Acquiring Fund Common Shares or Acquiring Fund APS, exchange Acquiring Fund Common Shares or Acquiring Fund APS credited to such shareholder's account for shares of other investment companies managed by the Adviser or any of its affiliates, or pledge or redeem such Acquiring Fund Common Shares or Acquiring Fund APS, in any case, until notified by the Target Fund or its agent that such shareholder has surrendered his or her outstanding certificates evidencing ownership of Target Fund Common Shares or Target Fund AMPS or, in the event of lost certificates, posted adequate bond. The Target Fund, at its own expense, will request its shareholders to surrender their outstanding certificates evidencing ownership of Target Fund Common Shares or Target Fund AMPS, as the case may be, or post adequate bond therefor.

No fractional shares of Acquiring Fund Common Shares will be issued to holders of Target Fund Common Shares. In lieu thereof, the Acquiring Fund's transfer agent, State Street Bank and Trust Company, will aggregate all fractional shares of Acquiring Fund Common Shares and sell the resulting full shares on the New York Stock Exchange at the current market price for Acquiring

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

Fund Common Shares for the account of all holders of fractional interests, and each such holder will receive such holder's pro rata share of the proceeds of such sale upon surrender of such holder's certificates representing Acquiring Fund Common Shares.

5.7. Payment of Expenses.

- (a) With respect to expenses incurred in connection with the Reorganization, the Target Fund and the Acquiring Fund will share, in proportion to their respective projected declines in total operating expenses, all expenses incurred in connection with the Reorganization, including, but not limited to, all costs related to the preparation and distribution of materials distributed to each Fund's Board of Trustees, expenses incurred in connection with the preparation of the Agreement and Plan of Reorganization, a registration statement on Form N-14, SEC and state securities commission filing fees and legal and audit fees in connection with the Reorganization, costs of printing and distributing this Proxy Statement and Prospectus, legal fees incurred preparing each Fund's board materials, attending each Fund's board meetings and preparing the minutes, auditing fees associated with each Fund's financial statements, stock exchange fees, rating agency fees, portfolio transfer taxes (if any) and any similar expenses incurred in connection with the Reorganization.
- (b) If for any reason the Reorganization is not consummated, no party shall be liable to any other party for any damages resulting therefrom, including, without limitation, consequential damages.

A-8

6.8. Covenants of the Funds.

- (a) Each Fund covenants to operate its business as presently conducted between the date hereof and the Closing Date.
- (b) The Target Fund agrees that following the consummation of the Reorganization, it will terminate in accordance with the laws of The Commonwealth of Massachusetts and any other applicable law, it will not make any distributions of any Acquiring Fund Common Shares or Acquiring Fund APS other than to its respective shareholders and without first paying or adequately providing for the payment of all of its respective liabilities not assumed by the Acquiring Fund, if any, and on and after the Closing Date it shall not conduct any business except in connection with its termination.
- (c) The Target Fund undertakes that if the Reorganization is consummated, it will file an application pursuant to Section 8(f) of the 1940 Act for an order declaring that the Target Fund has ceased to be a registered investment company.
- (d) The Acquiring Fund will file the N-14 Registration Statement with the Securities and Exchange Commission (the "Commission") and will use its best efforts to provide that the N-14 Registration Statement becomes effective as promptly as practicable. Each Fund agrees to cooperate fully with the

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

other, and each will furnish to the other the information relating to itself to be set forth in the N-14 Registration Statement as required by the 1933 Act, the 1934 Act the 1940 Act, and the rules and regulations thereunder and the state securities laws.

- (e) The Acquiring Fund has no plan or intention to sell or otherwise dispose of the Target Fund Investments, except for dispositions made in the ordinary course of business.
- (f) Each of the Funds agrees that by the Closing Date all of its federal and other tax returns and reports required to be filed on or before such date shall have been filed and all taxes shown as due on said returns either have been paid or adequate liability reserves have been provided for the payment of such taxes.

The intention of the parties is that the transaction contemplated by this Agreement will qualify as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code. Neither the Acquiring Fund nor the Target Fund shall take any action or cause any action to be taken (including, without limitation, the filing of any tax return) that is inconsistent with such treatment or results in the failure of the transaction to qualify as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code. At or prior to the Closing Date, the Acquiring Fund and the Target Fund will take such action, or cause such action to be taken, as is reasonably necessary to enable Skadden, Arps, Slate, Meagher & Flom LLP, special counsel to the Funds, to render the tax opinion required herein (including, without limitation, each party's execution of representations reasonably requested by and addressed to Skadden, Arps, Slate, Meagher & Flom LLP).

In connection with this covenant, the Funds agree to cooperate with each other in filing any tax return, amended return or claim for refund, determining a liability for taxes or a right to a refund of taxes or participating in or conducting any audit or other proceeding in respect of taxes. The Acquiring Fund agrees to retain for a period of ten (10) years following the Closing Date all returns, schedules and work papers and all material records or other documents relating to tax matters of the Target Fund for each of such Fund's taxable period first ending after the Closing Date and for all prior taxable periods.

After the Closing Date, the Target Fund shall prepare, or cause its agents to prepare, any federal, state or local tax returns required to be filed by such fund with respect to its final taxable year ending with its complete liquidation and for any prior periods or taxable years and further shall cause such tax returns to be duly filed with the appropriate taxing authorities. Notwithstanding the aforementioned provisions of this subsection, any expenses incurred by the Target Fund (other than for payment of taxes) in connection with the preparation and filing of said tax returns after the Closing Date shall be borne by such Fund to the extent such expenses have been accrued by such Fund in the ordinary course without regard to the Reorganization; any excess expenses shall be borne by Van Kampen or an affiliate thereof.

To the extent that any Target Fund Investments, for any reason, are not transferable on the Closing Date, the Target Fund shall cause such Target Fund Investments to be transferred to the Acquiring Fund's account with its custodian at the earliest practicable date thereafter.
- (b) The Target Fund will deliver to the Acquiring Fund on the Closing Date confirmation or other adequate evidence as to the tax basis of the Target Fund Investments delivered to the Acquiring Fund hereunder, certified by [certified independent registered accounting firm].
- (c) As soon as practicable after the close of business on the Closing Date, the Target Fund shall deliver to the Acquiring Fund a list of the names and addresses of all of the shareholders of record of the Target Fund on the Closing Date and the number of shares of Target Fund Common Shares and Target Fund AMPS owned by each such shareholder, certified to the best of its knowledge and belief by the transfer agent for the Target Fund or by its President.

8.10. Conditions of the Target Fund.

The obligations of the Target Fund hereunder shall be subject to the following conditions:

- (a) That this Agreement shall have been adopted, and the Reorganization shall have been approved, by the Board of Trustees of the Target Fund and by the affirmative vote of the holders of a majority of each of the outstanding Target Fund Common Shares and Target Fund AMPS, each voting separately as a class; and that the Acquiring Fund shall have delivered to the Target Fund a copy of the resolution approving this Agreement adopted by the Board of Trustees of the Acquiring Fund, and a certificate setting forth the vote of holders of Acquiring Fund Common Shares approving the issuance of additional Acquiring Fund Common Shares, each certified by its Secretary.
- (b) That the Target Fund shall have received from the Acquiring Fund a statement of assets, liabilities and capital, with values determined as provided in Section 4 of this Agreement, together with a schedule of such Fund's investments, all as of

the Valuation Time, certified on the Target Fund's behalf by its President (or any Vice President) and its Treasurer, and a certificate signed by the Fund's President (or any Vice President) and its Treasurer, dated as of the Closing Date, certifying that as of the Valuation Time and as of the Closing Date there has been no material adverse change in the financial position of the Target Fund since the date of such Fund's most recent Annual or Semi-Annual Report

as applicable, other than changes in its portfolio securities since that date or changes in the market value of its portfolio securities.

- (c) That the Acquiring Fund shall have furnished to the Target Fund a certificate signed by the Acquiring Fund's President (or any Vice President) and its Treasurer, dated as of the Closing Date, certifying that, as of the Valuation Time and as of the Closing Date all representations and warranties of the Acquiring Fund made in this Agreement are true and correct in all material respects with the same effect as if made at and as of such dates, and that the Acquiring Fund has complied with all of the agreements and satisfied all of the conditions on its part to be performed or satisfied at or prior to each of such dates.
- (d) That there shall not be any material litigation pending with respect to the matters contemplated by this Agreement.
- (e) The Target Fund shall have received the opinion(s) of Skadden Arps, counsel for the Acquiring Fund, dated as of the Closing Date, addressed to the Target Fund substantially in the form and to the effect that:
 - (i) the Acquiring Fund is duly formed and validly existing under the laws of its state of organization;
 - (ii) the Acquiring Fund is registered as a closed-end, management investment company under the 1940 Act;
 - (iii) this Agreement and the reorganization provided for herein and the execution of this Agreement have been duly authorized and approved by all requisite action of Acquiring Fund and this Agreement has been duly executed and delivered by the Acquiring Fund and (assuming the Agreement is a valid and binding obligation of the other parties thereto) is a valid and binding obligation of the Acquiring Fund;
 - (iv) neither the execution or delivery by the Acquiring Fund of this Agreement nor the consummation by the Acquiring Fund of the transactions contemplated thereby violate any provision of any statute or any published regulation or any judgment or order disclosed to counsel by the Acquiring Fund as being applicable to the Acquiring Fund;
 - (v) the Acquiring Fund Common Shares and Acquiring Fund APS have each been duly authorized and, upon issuance thereof in accordance with this Agreement, each will

be validly issued and fully paid; and

- (vi) to their knowledge and subject to the qualifications set forth below, the execution and delivery by the Acquiring Fund of the Agreement and the consummation of the transactions therein contemplated do not require, under the laws of its state of organization or any state in which the Acquiring Fund is qualified to do business or the federal laws of the United States, the consent, approval, authorization, registration, qualification or order of, or filing with, any court or governmental agency or body (except such as have been obtained). Counsel need express no opinion, however, as to any such consent, approval, authorization, registration, qualification, order or filing which may be required as a result of the involvement of other parties to the Agreement in the transactions contemplated by the Agreement because of their legal or regulatory status or because of any other facts specifically pertaining to them;

A-11

- (vii) the absence of which does not deprive the Target Fund of any material benefit under the Agreement; or
- (viii) which can be readily obtained without significant delay or expense to the Target Fund, without loss to the Target Fund of any material benefit under the Agreement and without any material adverse effect on the Target Fund during the period such consent, approval, authorization, registration, qualification or order was obtained. The foregoing opinion relates only to consents, approvals, authorizations, registrations, qualifications, orders or filings under (a) laws which are specifically referred to in this opinion, (b) laws of its state of organization or any state in which the Acquiring Fund is qualified to do business and the federal laws of the United States which, in counsel's experience, are normally applicable to transactions of the type provided for in the Agreement and (c) court orders and judgments disclosed to counsel by the Acquiring Fund in connection with the opinion. In addition, although counsel need not have specifically considered the possible applicability to the Acquiring Fund of any other laws, orders or judgments, nothing has come to their attention in connection with their representation of the Acquiring Fund in this transaction that has caused them to conclude that any other consent, approval, authorization, registration, qualification, order or filing is required.
- (ix) The Target Fund shall have obtained an opinion from Skadden, Arps, dated as of the Closing Date, addressed to the Target Fund, that the consummation of the transactions set forth in this Agreement

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

comply with the requirements of a reorganization as described in Section 368(a) of the Internal Revenue Code.

- (x) That all proceedings taken by each of the Funds and its counsel in connection with the Reorganization and all documents incidental thereto shall be satisfactory in form and substance to the others.
- (xi) That the N-14 Registration Statement shall have become effective under the 1933 Act, and no stop order suspending such effectiveness shall have been instituted or, to the knowledge of the Acquiring Fund, be contemplated by the SEC.

9. Acquiring Fund Conditions.

The obligations of the Acquiring Fund hereunder shall be subject to the following conditions:

- (a) That this Agreement shall have been adopted, and the Reorganization shall have been approved, by the Board of Trustees of the Acquiring Fund and that the issuance of additional Acquiring Fund Common Shares shall have been approved by the affirmative vote of a majority of votes cast, where total votes cast represented over 50% of all securities entitled to vote; and the Target Fund shall have delivered to the Acquiring Fund a copy of the resolution approving this Agreement adopted by the Target Fund's Board of Trustees, and a certificate setting forth the vote of the holders of Target Fund Common Shares and Target Fund AMPS obtained, each certified by its Secretary.
- (b) That the Target Fund shall have furnished to the Acquiring Fund a statement of its assets, liabilities and capital, with values determined as provided in Section 4 of this Agreement, together with a schedule of investments with their respective dates of acquisition and tax costs, all as of the Valuation Time, certified on such Fund's behalf by its President (or any Vice President) and its Treasurer, and a certificate signed by such Fund's President

(or any Vice President) and its Treasurer, dated as of the Closing Date, certifying that as of the Valuation Time and as of the Closing Date there has been no material adverse change in the financial position of the Target Fund since the date of such Fund's most recent Annual Report or Semi-Annual Report, as applicable, other than changes in the Target Fund Investments since that date or changes in the market value of the Target Fund Investments.

- (c) That the Target Fund shall have furnished to the Acquiring Fund a certificate signed by such Fund's President (or any Vice President) and its Treasurer, dated the Closing Date, certifying that as of the Valuation Time and as of the Closing Date all representations and warranties of the Target Fund made in this Agreement are true and correct in all material respects with the same effect as if made at and as of such

dates and the Target Fund has complied with all of the agreements and satisfied all of the conditions on its part to be performed or satisfied at or prior to such dates.

- (d) That there shall not be any material litigation pending with respect to the matters contemplated by this Agreement.
 - (e) That the Acquiring Fund shall have received the opinion of Skadden, Arps, counsel for the Target Fund, dated as of the Closing Date, addressed to the Acquiring Fund, substantially in the form and to the effect that:
 - (i) the Target Fund is duly formed and validly existing under the laws of its state of organization;
 - (ii) the Target Fund is registered as a closed-end, management investment company under the 1940 Act;
 - (iii) (iii) this Agreement and the reorganization provided for herein and the execution of this Agreement have been duly authorized by all requisite action of the Target Fund and this Agreement has been duly executed and delivered by the Target Fund and (assuming the Agreement is a valid and binding obligation of the other parties thereto) is a valid and binding obligation of the Target Fund;
 - (iv) (iv) neither the execution or delivery by the Target Fund of this Agreement nor the consummation by the Target Fund of the transactions contemplated thereby violate any provision of any statute, or any published regulation or any judgment or order disclosed to them by the Target Fund as being applicable to the Target Fund; and
 - (v) (v) to their knowledge and subject to the qualifications set forth below, the execution and delivery by the Trust on behalf of the Target Fund of the Agreement and the consummation of the transactions therein contemplated do not require, under the laws of its state of organization or any state in which the Target Fund is qualified to do business, or the federal laws of the United States, the consent, approval, authorization, registration, qualification or order of, or filing with, any court or governmental agency or body (except such as have been obtained under the 1933 Act, 1934 Act, the 1940 Act or the rules and regulations thereunder.) Counsel need express no opinion, however, as to any such consent, approval, authorization, registration, qualification, order or filing;
- A-13
- (iv) which may be required as a result of the involvement of other parties to the Agreement in the transactions contemplated by the Agreement because of their legal or regulatory status or because of any other facts specifically pertaining to them;

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

- (v) the absence of which does not deprive the Acquiring Fund of any material benefit under such agreements; or
- (vi) which can be readily obtained without significant delay or expense to the Acquiring Fund, without loss to the Acquiring Fund of any material benefit under the Agreement and without any material adverse effect on them during the period such consent, approval, authorization, registration, qualification or order was obtained. The foregoing opinion relates only to consents, approvals, authorizations, registrations, qualifications, orders or filings under (a) laws which are specifically referred to in the opinion, (b) laws of its state of organization or any state in which the Target Fund is qualified to do business and the federal laws of the United States which, in our experience, are normally applicable to transactions of the type provided for in the Agreement and (c) court orders and judgments disclosed to them by the Target Fund in connection with the opinion. In addition, although counsel need not have specifically considered the possible applicability to the Target Fund of any other laws, orders or judgments, nothing has come to their attention in connection with their representation of the Target Fund in this transaction that has caused them to conclude that any other consent, approval, authorization, registration, qualification, order or filing is required.
- (vii) That the Acquiring Fund shall have obtained an opinion from Skadden, Arps, counsel for the Target Fund, dated as of the Closing Date, addressed to the Acquiring Fund, that the consummation of the transactions set forth in this Agreement comply with the requirements of a reorganization as described in Section 368(a) of the Internal Revenue Code.
- (viii) That the N-14 Registration Statement shall have become effective under the 1933 Act and no stop order suspending such effectiveness shall have been instituted or, to the knowledge of any Acquired Fund, be contemplated by the SEC.
- (ix) That all proceedings taken by the Target Fund and its counsel in connection with the Reorganization and all documents incidental thereto shall be satisfactory in form and substance to the Acquiring Fund.
- (x) That prior to the Closing Date the Acquired Fund shall have declared a dividend or dividends which, together with all such previous dividends, shall have the effect of distributing to its shareholders all of its net investment company taxable income for the period to and including the Closing Date, if any (computed without regard to any deduction for dividends paid), and all of its net capital gain, if any, realized to and including the Closing Date. In this regard, the last dividend period for the Target Fund AMPS may be shorter than the dividend period for such APS determined as set forth in the applicable Certificate of Vote.

10. Termination, Postponement and Waivers.

- (a) Notwithstanding anything contained in this Agreement to the contrary, this Agreement may be terminated and the Reorganization abandoned at any time (whether before or after adoption thereof by the shareholders of the Funds) prior to the Closing Date, or the Closing Date may be postponed, (i) by mutual consent of the Boards of Trustees of the

A-14

Funds, (ii) by the Board of Trustees of the Target Fund if any condition of the Target Fund's obligations set forth in Section 10 of this Agreement has not been fulfilled or waived by such Board; or (iii) by the Board of Trustees of the Acquiring Fund if any condition of the Acquiring Fund's obligations set forth in Section 11 of this Agreement have not been fulfilled or waived by such Board.

- (b) If the transactions contemplated by this Agreement have not been consummated by [], this Agreement automatically shall terminate on that date, unless a later date is mutually agreed to by the Boards of Trustees of the Funds.
- (c) In the event of termination of this Agreement pursuant to the provisions hereof, the same shall become void and have no further effect, and there shall not be any liability on the part of any Fund or persons who are their directors, trustees, officers, agents or shareholders in respect of this Agreement.
- (d) At any time prior to the Closing Date, any of the terms or conditions of this Agreement may be waived by the Board of Trustees of any Fund (whichever is entitled to the benefit thereof), if, in the judgment of such Board after consultation with its counsel, such action or waiver will not have a material adverse effect on the benefits intended under this Agreement to the shareholders of their respective fund, on behalf of which such action is taken. In addition, the Boards of Trustees of the Funds have delegated to the Adviser the ability to make non-material changes to the transaction if it deems it to be in the best interests of the Funds to do so.
- (e) The respective representations and warranties contained in Sections 1 and 2 of this Agreement shall expire with, and be terminated by, the consummation of the Reorganization, and neither Fund nor any of its officers, trustees, agents or shareholders shall have any liability with respect to such representations or warranties after the Closing Date. This provision shall not protect any officer, trustee, agent or shareholder of either Fund against any liability to the entity for which that officer, trustee, agent or shareholder so acts or to its shareholders, to which that officer, trustee, agent or shareholder otherwise would be subject by reason of willful misfeasance, bad faith, gross negligence, or reckless disregard of the duties in the conduct of such office.
- (f) If any order or orders of the Commission with respect to this Agreement shall be issued prior to the Closing Date and shall impose any terms or conditions which are determined by action

of the Boards of Trustees of the Funds to be acceptable, such terms and conditions shall be binding as if a part of this Agreement without further vote or approval of the shareholders of the Funds unless such terms and conditions shall result in a change in the method of computing the number of Acquiring Fund Common Shares or Acquiring Fund APS to be issued to the Acquired Funds, as applicable, in which event, unless such terms and conditions shall have been included in the proxy solicitation materials furnished to the shareholders of the Funds prior to the meetings at which the Reorganization shall have been approved, this Agreement shall not be consummated and shall terminate unless the Funds promptly shall call a special meeting of shareholders at which such conditions so imposed shall be submitted for approval.

11. Indemnification.

- (a) Each party (an "Indemnitor") shall indemnify and hold the other and its officers, trustees, agents and persons controlled by or controlling any of them (each an "Indemnified

A-15

Party") harmless from and against any and all losses, damages, liabilities, claims, demands, judgments, settlements, deficiencies, taxes, assessments, charges, costs and expenses of any nature whatsoever (including reasonable attorneys' fees) including amounts paid in satisfaction of judgments, in compromise or as fines and penalties, and counsel fees reasonably incurred by such Indemnified Party in connection with the defense or disposition of any claim, action, suit or other proceeding, whether civil or criminal, before any court or administrative or investigative body in which such Indemnified Party may be or may have been involved as a party or otherwise or with which such Indemnified Party may be or may have been threatened (collectively, the "Losses") arising out of or related to any claim of a breach of any representation, warranty or covenant made herein by the Indemnitor, provided, however, that no Indemnified Party shall be indemnified hereunder against any Losses arising directly from such Indemnified Party's (i) willful misfeasance, (ii) bad faith, (iii) gross negligence or (iv) reckless disregard of the duties involved in the conduct of such Indemnified Party's position.

- (b) The Indemnified Party shall use its best efforts to minimize any liabilities, damages, deficiencies, claims, judgments, assessments, costs and expenses in respect of which indemnity may be sought hereunder. The Indemnified Party shall give written notice to Indemnitor within the earlier of ten (10) days of receipt of written notice to Indemnified Party or thirty (30) days from discovery by Indemnified Party of any matters which may give rise to a claim for indemnification or reimbursement under this Agreement. The failure to give such notice shall not affect the right of Indemnified Party to indemnity hereunder unless such failure has materially and adversely affected the rights of the Indemnitor; provided that in any event such notice shall have been given prior to the expiration of the Survival Period. At any time after ten (10) days from the giving of such notice, Indemnified Party may, at

its option, resist, settle or otherwise compromise, or pay such claim unless it shall have received notice from Indemnitor that Indemnitor intends, at Indemnitor's sole cost and expense, to assume the defense of any such matter, in which case Indemnified Party shall have the right, at no cost or expense to Indemnitor, to participate in such defense. If Indemnitor does not assume the defense of such matter, and in any event until Indemnitor states in writing that it will assume the defense, Indemnitor shall pay all costs of Indemnified Party arising out of the defense until the defense is assumed; provided, however, that Indemnified Party shall consult with Indemnitor and obtain indemnitor's prior written consent to any payment or settlement of any such claim. Indemnitor shall keep Indemnified Party fully apprised at all times as to the status of the defense. If Indemnitor does not assume the defense, Indemnified Party shall keep Indemnitor apprised at all times as to the status of the defense. Following indemnification as provided for hereunder, Indemnitor shall be subrogated to all rights of Indemnified Party with respect to all third parties, firms or corporations relating to the matter for which indemnification has been made.

12. Other Matters.

- (a) Pursuant to Rule 145 under the 1933 Act, and in connection with the issuance of any shares to any person who at the time of the Reorganization is, to its knowledge, an affiliate of a party to the Reorganization pursuant to Rule 145(c), the Acquiring Fund will cause to be affixed upon the certificate(s) issued to such person (if any) a legend as follows: THESE SHARES ARE SUBJECT TO RESTRICTIONS ON TRANSFER UNDER THE SECURITIES ACT OF 1933 AND MAY NOT BE SOLD OR OTHERWISE TRANSFERRED EXCEPT TO THE VAN KAMPEN XXXXXXXX

The Target Fund will provide the Acquiring Fund on the Closing Date with the name of any shareholder of the Target Fund who is to the knowledge of the Target Fund an affiliate of the Target Fund on such date.

- (b) All covenants, agreements, representations and warranties made under this Agreement and any certificates delivered pursuant to this Agreement shall be deemed to have been material and relied upon by each of the parties, notwithstanding any investigation made by them or on their behalf.
- (c) All notices hereunder shall be sufficiently given for all purposes hereunder if in writing and delivered personally or sent by registered mail or certified mail, postage prepaid. Any notice shall be deemed to have been served or given as of the date such notice is delivered personally or mailed.

- (d) This Agreement supersedes all previous correspondence and oral communications between the parties regarding the Reorganization, constitutes the only understanding with respect to the Reorganization, may not be changed except by a letter of agreement signed by each party and shall be governed by and construed in accordance with the laws of the State of Illinois applicable to agreements made and to be performed in said state.
- (e) It is expressly agreed that the obligations of the Funds hereunder shall not be binding upon any of their respective trustees, shareholders, nominees, officers, agents, or employees personally, but shall bind only the trust property of the respective Fund as provided in such Fund's Declaration of Trust. The execution and delivery of this Agreement has been authorized by the trustees of each Fund and signed by authorized officers of each Fund, acting as such, and neither such authorization by such trustees, nor such execution and delivery by such officers shall be deemed to have been made by any of them individually or to impose any liability on any of them personally, but shall bind only the trust property of each Fund as provided in such Funds' Declaration of Trust.

Auction Date for such Subsequent Dividend Period; provided, further, however, that if any Failure to Deposit shall have occurred with respect to the APS during any Rate Period thereof, and prior to 12:00 noon, New York City time, on the third Business Day next succeeding the date on which such Failure to Deposit occurred, such Failure to Deposit shall not have been cured in accordance with the next succeeding sentence or the Fund shall not have paid to the Auction Agent a late charge equal to the sum of (1) if such Failure to Deposit consisted of the failure timely to pay to the Auction Agent the full amount of dividends with respect to any Dividend Period on the APS, an amount computed by multiplying (x) 200% of the "AA" Composite Commercial Paper Rate (or Treasury Rate, if applicable) for the Rate Period during which such Failure to Deposit occurs on the Dividend Payment Date for such Dividend Period by (y) a fraction, the numerator of which shall be the number of days for which such Failure to Deposit has not been cured in accordance with the next succeeding sentence (including the day such Failure to Deposit occurs and excluding the day such Failure to Deposit is cured) and the denominator of which shall be 365, and applying the rate obtained against the aggregate liquidation preference of the Outstanding APS and (2) if such Failure to Deposit consisted of the failure timely to pay to the Auction Agent the Redemption Price of the APS, if any, for which Notice of Redemption has been given by the Fund pursuant to paragraph (b) of Section 3 of this Part I, an amount computed by multiplying (x) 200% of the "AA" Composite Commercial Paper Rate (or Treasury Rate, if applicable) for the Rate Period during which such Failure to Deposit occurs on the redemption date by (y) a fraction, the numerator of which shall be the number of days for which such Failure to Deposit is not cured in accordance with this paragraph (including the day such Failure to Deposit occurs and excluding the day such Failure to Deposit is cured) and the denominator of which shall be 365, and applying the rate obtained against the aggregate liquidation preference of the Outstanding APS to be redeemed, then Auctions will be suspended until the Failure to Deposit is so cured, and the dividend rate for the APS for each Subsequent Dividend Period thereof commencing after such failure to and including the Subsequent Dividend Period, if any, during which such Failure to Deposit is so cured shall be a rate per annum equal to the Maximum Rate on the Auction Date for such Subsequent Dividend Period (but with the prevailing rating for such shares, for purposes of determining such Maximum Rate, being deemed to be "Below "baa3"/BBB") (the rate per annum at which dividends are payable on the APS for any Rate Period for such shares being herein referred to as the "Applicable Rate" for such shares). A Failure to Deposit with respect to the APS shall have been cured (if such Failure to Deposit is not solely due to the willful failure of the Fund to make the required payment to the Auction Agent) with respect to any Rate Period if, not later than 12:00 noon, New York City time, on the fourth Business Day preceding the Auction Date for the Rate Period subsequent to such Rate Period, the Fund shall have paid to the Auction Agent (A) all

B-5

accumulated and unpaid dividends on the APS and (B) without duplication, the Redemption Price for the APS, if any, for which Notice of Redemption has been given by the Fund pursuant to paragraph (b) of Section 3 of this Part I.

(ii) The amount of dividends per share payable on the APS on any date on which dividends shall be payable on the APS shall be computed by multiplying the Applicable Rate in effect for such Dividend Period or Dividend Periods or part thereof for which

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

dividends have not been paid by a fraction, the numerator of which shall be the number of days in such Dividend Period or Dividend Periods or part thereof and the denominator of which shall be 365 if such Dividend Period is a Rate Period, or is contained in a Rate Period, of less than one year and 360 for all other Rate Periods, and applying the rate obtained against \$50,000.

(d) Any dividend payment made on the APS shall first be credited against the earliest accumulated but unpaid dividends due with respect to such APS.

(e) Except as set forth in the next sentence, no dividends shall be declared or paid or set apart for payment on the shares of any class or series of shares ranking, as to the payment of dividends, on a parity with the APS for any period unless full cumulative dividends have been or contemporaneously are declared and paid on the APS through the most recent Dividend Payment Date for such APS. When dividends are not paid in full upon the APS through their most recent respective Dividend Payment Dates or upon the shares of any other class or series of shares ranking on a parity as to the payment of dividends with the APS through their most recent respective dividend payment dates, all dividends declared upon the APS and any other such class or series of shares ranking on a parity as to the payment of dividends with the APS shall be declared pro rata so that the amount of dividends declared per share on the APS and such other class or series of shares shall in all cases bear to each other the same ratio that accumulated dividends per share on the APS and such other class or series of shares bear to each other (for purposes of this sentence, the amount of dividends declared per share shall be based on the Applicable Rate for such shares for the Dividend Periods during which dividends were not paid in full). Holders of the APS shall not be entitled to any dividend, whether payable in cash, property or shares, in excess of full cumulative dividends, as herein provided, on the APS. No interest, or sum of money in lieu of interest, shall be payable in respect of any dividend payment or payments on the APS which may be in arrears, and, except to the extent set forth in subsection (c) (i) of this

B-6

Section 2, no additional sum of money shall be payable in respect of any such arrearage.

(f) The Board of Trustees shall not declare any dividend (except a dividend payable in Common Shares), or declare any other distribution, upon the Common Shares, or purchase Common Shares, unless in every such case the APS have, at the time of any such declaration or purchase, an asset coverage (as defined in and determined pursuant to the 1940 Act) of at least 200% (or such other asset coverage as may in the future be specified in or under the 1940 Act as the minimum asset coverage for senior securities which are stock of a closed-end investment company as a condition of declaring dividends on its common stock) after deducting the amount of such dividend, distribution or purchase price, as the case may be.

3. Redemption. (a) (i) Upon giving a Notice of Redemption, as provided below, the Fund at its option may redeem any APS, in whole or in part, on the Second Business Day next preceding any Dividend Payment Date applicable to those shares of APS called for redemption, out of funds legally available therefor, at the Optional Redemption Price; provided that during a Special Dividend Period of 365 days or more no share of APS will be subject to optional redemption during any Non-Call Period; provided, that the APS may not be redeemed in part if after such partial redemption fewer than 250 shares of such APS remain outstanding.

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

(ii) If fewer than all of the outstanding APS are to be redeemed pursuant to subparagraph (a) (i) of this Section 3, the number of APS to be redeemed shall be determined by the Board of Trustees, and such shares shall be redeemed pro rata from the Holders of such APS in proportion to the number of such shares held by such Holders.

(iii) No APS shall be redeemed pursuant to subparagraphs (a) (i) or (a) (ii) of this Section 3 unless, on the date on which the Fund intends to give notice of such redemption pursuant to paragraph (b) of this Section 3, (a) the Fund has available Deposit Securities with maturity or tender dates not later than the day preceding the applicable redemption date and having a value not less than the amount (including the applicable premium, if any) due to Holders of the APS by reason of the redemption of such shares on such redemption date and (b) Moody's Eligible Assets (if Moody's is then rating the APS) and S&P Eligible Assets (if S&P is then rating the APS), the Discounted Value of each of which at least equal the APS Basic Maintenance Amount, and would at least equal or be greater

B-7

than the APS Basic Maintenance Amount immediately subsequent to such redemption, if such redemption were to occur on such date, and on the date of redemption.

(iv) Subject to Section 3(g), the Fund shall redeem at the Mandatory Redemption Price certain of the APS if the Fund fails to maintain the APS Basic Maintenance Amount or 1940 Act APS Asset Coverage in accordance with the requirements of the rating agency or agencies then rating the APS and such failure is not cured on or before the APS Basic Maintenance Cure Date or the 1940 Act Cure Date, as the case may be. The number of APS to be redeemed shall be equal to the lesser of (i) the minimum number of APS the redemption of which, if deemed to have occurred immediately prior to the opening of business on the Cure Date, together with all other Preferred Shares subject to redemption or retirement, would result in the satisfaction of the APS Basic Maintenance Amount or the 1940 Act APS Asset Coverage, as the case may be, on such Cure Date (provided that, if there is no such minimum number of APS and other Preferred Shares the redemption of which would have such result, all the APS and Preferred Shares then outstanding shall be redeemed), and (ii) the maximum number of APS, together with all other Preferred Shares subject to redemption or retirement, that can be redeemed out of funds expected to be legally available therefor. In determining the APS required to be redeemed in accordance with the foregoing, the Fund shall allocate the number required to be redeemed to satisfy the APS Basic Maintenance Amount or the 1940 Act APS Asset Coverage, as the case may be, pro rata among the APS and other Preferred Shares subject to redemption provisions similar to those contained in this subparagraph (a) (iv) of this Section 3. The Fund shall effect such redemption not earlier than 20 days and not later than 40 days after such Cure Date, except that if the Fund does not have funds legally available for the redemption of all of the required number of APS and other Preferred Shares which are subject to redemption provisions similar to those contained in this subparagraph (a) (iv) of this Section 3 or the Fund otherwise is unable to effect such redemption on or prior to 40 days after such Cure Date, the Fund shall redeem those APS and other Preferred Shares which it was unable

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

to redeem on the earliest practicable date on which it is able to effect such redemption. If fewer than all of the outstanding APS are to be redeemed pursuant to this Section 3(a)(iv), the number of shares of such APS to be redeemed shall be redeemed pro rata from

B-8

the Holders of such shares in proportion to the number of shares held by such Holders.

(c) The Fund is required to give 30 days' Notice of Redemption. In the event the Fund obtains appropriate exemptive or no-action relief from the Securities and Exchange Commission, the number of days' notice required for a mandatory redemption may be reduced by the Board of Trustees of the Fund to as few as two Business Days if Moody's and S&P each has agreed in writing that the revised notice provision would not adversely affect its then-current ratings of the APS. The Auction Agent will use its reasonable efforts to provide telephonic notice to each holder of APS called for redemption not later than the close of business on the Business Day on which the Auction Agent determines the shares to be redeemed (as described above) (or, during the occurrence of a Failure to Deposit with respect to such shares, not later than the close of business on the Business Day immediately following the day on which the Auction Agent receives Notice of Redemption from the Fund). Such telephonic notice will be confirmed promptly in writing not later than the close of business on the third Business Day preceding the redemption date by notice sent by the Auction Agent to each holder of record of APS called for redemption, the Broker-Dealers and the Securities Depository. Every Notice of Redemption and other redemption notice with respect to APS will state: (1) the redemption date, (2) the number of APS to be redeemed, (3) the redemption price, (4) that dividends on the APS to be redeemed will cease to accumulate as of such redemption date and (5) the provision of the APS Provisions pursuant to which such shares are being redeemed. No defect in the Notice of Redemption or other redemption notice or in the transmittal or the mailing thereof will affect the validity of the redemption proceedings, except as required by applicable law. If fewer than all the APS held by any Holder are to be redeemed, the Notice of Redemption mailed to such Holder shall also specify the number of APS to be redeemed from such Holder.

(d) Notwithstanding the provisions of paragraph (a) of this Section 3, if any dividends on the APS are in arrears, no APS shall be redeemed unless all outstanding APS are simultaneously redeemed, and the Fund shall not purchase or otherwise acquire any APS; provided, however, that the foregoing shall not prevent the purchase or acquisition of all outstanding shares of APS pursuant to the successful completion of an otherwise lawful purchase or exchange offer made on the same terms to, and accepted by, Holders of all outstanding APS.

(e) Upon the deposit of funds sufficient to redeem the APS with the Auction Agent and the giving of Notice of Redemption under Paragraph (b) of this Section 3, dividends on such shares shall cease to accumulate and such shares

B-9

shall no longer be deemed to be outstanding for any purpose, and all rights of the Holders of the shares so called for redemption shall cease and terminate,

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

except the right of such Holders to receive the Optional Redemption Price or Mandatory Redemption Price, as the case may be, but without any interest or other additional amount, except as provided in Section 2(c)(i) and in Section 12. Upon surrender in accordance with the Notice of Redemption of the certificates for any shares so redeemed (properly endorsed or assigned for transfer, if the Board of Trustees shall so require and the Notice of Redemption shall so state), the Optional Redemption Price or Mandatory Redemption Price, as the case may be, shall be paid by the Auction Agent to the Holders of the APS subject to redemption. In the case that fewer than all of the shares represented by any such certificate are redeemed, a new certificate shall be issued, representing the unredeemed shares, without cost to the Holder thereof. The Fund shall be entitled to receive from the Auction Agent, promptly after the date fixed for redemption, any cash deposited with the Auction Agent in excess of (i) the aggregate Optional Redemption Price of the APS called for redemption on such date and (ii) all other amounts to which Holders of the APS called for redemption may be entitled. Any funds so deposited that are unclaimed at the end of 90 days from such redemption date shall, to the extent permitted by law, be repaid to the Fund, after which time the Holders of the APS so called for redemption may look only to the Fund for payment of the Optional Redemption Price or Mandatory Redemption Price, as the case may be, and all other amounts to which they may be entitled. The Fund shall be entitled to receive, from time to time after the date fixed for redemption, any interest on the funds so deposited.

(f) To the extent that any redemption for which Notice of Redemption has been given is not made by reason of the absence of legally available funds therefor, such redemption shall be made as soon as practicable to the extent such funds become available. Failure to redeem the APS shall be deemed to exist at any time after the date specified for redemption in a Notice of Redemption when the Fund shall have failed, for any reason whatsoever, to deposit in trust with the Auction Agent the Redemption Price with respect to any shares for which such Notice of Redemption has been given. Notwithstanding the fact that the Fund may not have redeemed the APS for which a Notice of Redemption has been given, dividends may be declared and paid on the APS and shall include those APS for which a Notice of Redemption has been given.

(g) All moneys paid to the Auction Agent for payment of the Optional Redemption Price or Mandatory Redemption Price, as the case may be, of the APS called for redemption shall be held in trust by the Auction Agent for the benefit of Holders of shares so to be redeemed.

B-10

(h) In effecting any redemption pursuant to this Section 3, the Fund shall use its best efforts to comply with all applicable procedural conditions precedent to effecting such redemption under the 1940 Act and Massachusetts law, but shall effect no redemption except to the extent permitted by the 1940 Act and Massachusetts law.

(i) In the case of any redemption pursuant to this Section 3, only whole APS shall be redeemed, and in the event that any provision of the Declaration of Trust would require redemption of a fractional share, the Auction Agent shall be authorized to round up so that only whole shares are redeemed.

4. Designation of Special Dividend Periods. (a) The Fund, at its option, may designate any succeeding Subsequent Dividend Period of APS as a Special Dividend Period; provided, however, that such designation shall be effective only if (A) notice thereof shall have been given in accordance with

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

paragraph (b) and clause (i) of paragraph (c) of this Section 4, (B) any Failure to Deposit that shall have occurred with respect to such APS, any Dividend Period shall have been cured in accordance with the provisions of the third sentence of paragraph (c) (i) of Section 2 of this Part I, (C) Sufficient Clearing Bids (as defined in Section 1 of Part II hereof) for such APS shall have existed in an Auction held on the Auction Date immediately preceding the first day of such proposed Special Dividend Period, (D) if any Notice of Redemption shall have been mailed by the Fund pursuant to paragraph (b) of Section 3 of this Part I with respect to any APS, the Redemption Price with respect to any APS shall have been deposited with the Auction Agent and (E) in the event the Fund wishes to designate any succeeding Subsequent Dividend Period for such APS as a Special Dividend Period consisting of more than 28 Rate Period Days, the Fund has received written confirmation from S&P (if S&P is then rating the APS) and Moody's (if Moody's is then rating the APS) that such designation would not affect the rating then assigned by S&P and Moody's to such APS.

(b) If the Fund proposes to designate any succeeding Subsequent Dividend Period of the APS as a Special Dividend Period of more than 28 Rate Period Days pursuant to paragraph (a) of this Section 4, not less than 20 nor more than 30 days prior to the date the Fund proposes to designate as the first day of such Special Dividend Period (which shall be such day that would otherwise be the first day of a Minimum Dividend Period), notice shall be (i) published or caused to be published by the Fund in a newspaper of general circulation to the financial community in The City of New York, New York, which carries financial news, and (ii) communicated by the Fund by telephonic or other means to the Auction Agent and confirmed in writing promptly thereafter. Each such notice shall state (A) that the Fund may exercise its option to designate a succeeding Subsequent Dividend

B-11

Period of such APS as a Special Dividend Period, specifying the first day thereof and (B) that the Fund will by 11:00 a.m., New York City time, on the second Business Day next preceding such date notify the Auction Agent of either (x) its determination, subject to certain conditions, to exercise such option, in which case the Fund shall specify the Special Dividend Period designated and the terms of the Specific Redemption Provisions, if any, or (y) its determination not to exercise such option.

(c) No later than 11:00 a.m., New York City time, on the second Business Day next preceding the first day of any proposed Special Dividend Period the Fund shall deliver to the Auction Agent either:

(i) a notice stating (A) that the Fund has determined to designate the next succeeding Rate Period of such APS as a Special Dividend Period, specifying the same and the first day thereof, (B) the Auction Date immediately prior to the first day of such Special Dividend Period, (C) the terms of the Specific Redemption Provisions, if any, for such APS, (D) that such Special Dividend Period shall not commence if (1) on such Auction Date Sufficient Clearing Bids for such APS shall not exist (in which case the succeeding Rate Period shall be a Minimum Dividend Period) or (2) a Failure to Deposit shall have occurred prior to the first day of such Special Dividend Period with respect to such APS and (E) the scheduled Dividend Payment Dates for such APS during such Special Dividend Period; provided that, if such Special Dividend Period consists of more than 28 Rate Period Days, such notice will be accompanied by an APS Basic Maintenance Report showing that, as of the third Business Day next preceding such proposed Special Dividend Period, (1) Moody's Eligible Assets (if Moody's is

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

then rating such APS) and (2) S&P Eligible Assets (if S&P is then rating such APS), the Discounted Value of which at least equals or is greater than the APS Basic Maintenance Amount as of such Business Day (assuming for purposes of the foregoing calculation that the Maximum Rate is the Maximum Rate on such Business Day as if such Business Day were the Auction Date for the proposed Special Dividend Period); or

(ii) a notice stating that the Fund has determined not to exercise its option to designate a Special Dividend Period for such APS and that the next succeeding Rate Period of such APS shall be a Minimum Dividend Period.

B-12

If the Fund fails to deliver either such notice with respect to any designation of any proposed Special Dividend Period to the Auction Agent by 11:00 a.m., New York City time, on the second Business Day next preceding the first day of such proposed Special Dividend Period, the Fund shall be deemed to have delivered a notice to the Auction Agent with respect to such Special Dividend Period to the effect set forth in clause (ii) of the preceding sentence.

5. Voting Rights. (a) Except as otherwise provided in the Declaration of Trust or as otherwise required by law, (i) each Holder of APS shall be entitled to one vote for each of the APS held on each matter submitted to a vote of shareholders of the Fund, and (ii) the holders of outstanding Preferred Shares, including APS, and of Common Shares shall vote together as a single class; provided that, at a meeting of the shareholders of the Fund held for the election of the trustees, the holders of outstanding Preferred Shares, including APS, represented in person or by proxy at said meeting, shall elect two trustees of the Fund, each Preferred Share, including each of the APS, entitling the holder thereof to one vote. Subject to paragraph (b) of this Section 5, the holders of outstanding Common Shares shall elect the balance of the trustees.

(b) During any period in which any one or more of the conditions described below shall exist (such period being referred to herein as a "Voting Period"), the number of trustees constituting the Board of Trustees shall be automatically increased by the smallest number that, when added to the two trustees elected exclusively by the holders of Preferred Shares, including APS, would constitute a majority of the Board of Trustees as so increased by such smallest number, and the holders of Preferred Shares, including APS, shall be entitled, voting as a class on a one-vote-per-share basis (to the exclusion of the holders of all other securities and class of capital shares of the Fund), to elect such smallest number of additional trustees, together with the two trustees that such holders are in any event entitled to elect. A Voting Period shall commence:

(i) if at the close of business on any Dividend Payment Date accumulated dividends (whether or not earned or declared) on any outstanding APS equal to at least two full years' dividends shall be due and unpaid and sufficient cash or specified securities shall not have been deposited with the Auction Agent for the payment of such accumulated dividends; or

(ii) if at any time holders of any other Preferred Shares are entitled under the 1940 Act to elect a majority of the trustees of the Fund.

B-13

Upon the termination of a Voting Period, the voting rights described in this paragraph (b) of Section 5 shall cease, subject always, however, to the reversion of such voting rights in the Holders upon the further occurrence of any of the events described in this paragraph (b) of Section 5.

(c) (i) As soon as practicable after the accrual of any right of the holders of Preferred Shares to elect additional trustees as described in paragraph (b) of this Section 5, the Fund shall notify the Auction Agent and the Auction Agent shall call a special meeting of such holders, by mailing a notice of such special meeting to such holders, such meeting to be held not less than 10 nor more than 20 days after the date of mailing of such notice. If the Fund fails to send such notice to the Auction Agent or if the Auction Agent does not call such a special meeting, it may be called by any such holder on like notice. The record date for determining the holders entitled to notice of and to vote at such special meeting shall be the close of business on the fifth Business Day preceding the day on which such notice is mailed. At any such special meeting and at each meeting of holders of Preferred Shares held during a Voting Period at which trustees are to be elected, such holders, voting together as a class (to the exclusion of the holders of all other securities and classes of capital shares of the Fund), shall be entitled to elect the number of trustees prescribed in paragraph (b) of this Section 5 on a one-vote-per-share basis.

(ii) For purposes of determining any rights of the Holders to vote on any matter, whether such right is created by this Certificate of Vote, by the other provisions of the Declaration of Trust, by statute or otherwise, no Holder shall be entitled to vote and no APS shall be deemed to be "outstanding" for the purpose of voting or determining the number of shares required to constitute a quorum if, prior to or concurrently with the time of determination of shares entitled to vote or shares deemed outstanding for quorum purposes, as the case may be, the Redemption Price for the redemption of such shares has been deposited in trust with the Auction Agent for that purpose and the requisite Notice of Redemption with respect to such shares shall have been given as provided in Section 3 of this Part I. None of the APS held by the Fund or any affiliate of the Fund shall have any voting rights or be deemed to be outstanding for voting or other purposes.

(iii) The terms of office of all persons who are Trustees of the Fund at the time of a special meeting of Holders and holders of other Preferred Shares to elect trustees shall continue, notwithstanding the election at such meeting by the Holders and such

B-14

other holders of the number of trustees that they are entitled to elect, and the persons so elected by the Holders and such other holders, together with the two incumbent trustees elected by the Holders and such other holders of Preferred Shares and the remaining incumbent trustees elected by the holders of the Common Shares, shall constitute the duly elected trustees of the Fund.

(iv) Simultaneously with the termination

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

of a Voting Period, the terms of office of the additional trustees elected by the Holders and holders of other Preferred Shares pursuant to paragraph (b) of this Section 5 shall terminate, the remaining trustees shall constitute the trustees of the Fund and the voting rights of the Holders and such other holders to elect additional trustees pursuant to paragraph (b) of this Section 5 shall cease, subject to the provisions of the last sentence of paragraph (b) of this Section 5.

(d) (i) So long as any of the APS are Outstanding, the Fund shall not, without the affirmative vote of the Holders of the outstanding APS determined with reference to a "majority of outstanding voting securities" as that term is defined in Section 2(a)(42) of the 1940 Act (voting separately as one class): (a) authorize, create or issue any class or series of shares of beneficial interest ranking prior to or on a parity with the APS with respect to the payment of dividends or the distribution of assets upon dissolution, liquidation or winding up of the affairs of the Fund, or increase the authorized amount of any APS (except that, notwithstanding the foregoing, but subject to the provisions of Section 13, the Board of Trustees, without the vote or consent of the Holders of APS, may from time to time authorize and create, and the Fund may from time to time issue, classes or series of Preferred Shares, including APS, ranking on a parity with the APS with respect to the payment of dividends and the distribution of assets upon dissolution, liquidation or winding up of the affairs of the Fund, subject to continuing compliance by the Fund with 1940 Act APS Asset Coverage and APS Basic Maintenance Amount requirements, provided that the Fund obtains written confirmation from Moody's (if Moody's is then rating APS) and S&P (if S&P is then rating APS) that the issuance of such class or series would not impair the rating then assigned by such rating agency to the APS), (b) amend, alter or repeal the provisions of the Declaration of Trust, including this Certificate of Vote, whether by merger, consolidation or otherwise, so as to affect any preference, right or power of such APS or the Holders thereof; provided that (i) none of the actions permitted by the exception to (a) above will be deemed to affect such preferences, rights or powers and (ii) the authorization, creation and issuance of classes or series of shares ranking junior to the APS with respect to the payment of dividends and the distribution of assets upon dissolution,

B-15

liquidation or winding up of the affairs of the Fund, will be deemed to affect such preferences, rights or powers only if Moody's or S&P is then rating the APS and such issuance would, at the time thereof, cause the Fund not to satisfy the 1940 Act APS Asset Coverage or the APS Basic Maintenance Amount, or (c) file a voluntary application for relief under Federal bankruptcy law or any similar application under state law for so long as the Fund is solvent and does not foresee becoming insolvent.

(ii) The Board of Trustees, without the vote or consent of the Holders of APS, may from time to time amend, alter or repeal any or all of the definitions of the terms listed below, and any such amendment, alteration or repeal will not be deemed to affect the preferences, rights or powers of the APS or the Holders thereof, provided the Board of Trustees receives written confirmation from Moody's (such confirmation being required to be obtained only in the event Moody's is rating the APS and in no event being required to be obtained in the case of the definitions of Deposit Securities, Discounted Value and Receivables for portfolio Securities Sold as such terms apply to S&P Eligible Assets, Dividend Coverage Amount, Dividend

(e) Unless otherwise required by law, the Holders of the APS shall not have any relative rights or preferences or other special rights other than those specifically set forth herein. The Holders of the APS shall have no preemptive rights or rights to cumulative voting. In the event that the Fund fails to pay any dividends on the APS, the exclusive remedy of the Holders shall be the right to vote for trustees pursuant to the provisions of this Section 5.

(f) Unless a higher percentage is provided for in the Declaration of Trust, the affirmative vote of the Holders of a majority of the outstanding APS, voting as a separate class, shall be required to approve any plan of reorganization (as such term is used in the 1940 Act) adversely affecting such shares or any action requiring a vote of security holders of the Fund under Section 13(a) of the 1940 Act. In the event a vote of Holders of APS is required pursuant to the provisions of Section 13(a) of the 1940 Act, the

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

Fund shall, not later than ten Business Days prior to the date on which such vote is to be taken, notify Moody's (if Moody's is then rating the APS) and S&P (if S&P is then rating the APS) that such vote is to be taken and the nature of the action with respect to which such vote is to be taken. In addition, the Fund shall notify Moody's (if Moody's is then rating the APS) and S&P (if S&P is then rating the APS) of the results of any vote described in the proceeding sentence.

(g) Right to Vote with Respect to Certain Other Matters. The affirmative vote of the holders of a majority (unless a higher percentage vote is

B-17

required under the Declaration of Trust or under this Certificate of Vote) of the outstanding APS, each voting as a separate class, is required with respect to any matter that materially affects the APS in a manner different from that of other series of classes of the Fund's shares, including without limitation any proposal to do the following: (1) increase or decrease the aggregate number of authorized APS; (2) effect an exchange, reclassification, or cancellation of all or part of the APS; (3) effect an exchange, or create a right of exchange, of all or any part of the APS; (4) change the rights or preferences of the APS; (5) change the APS, whether with or without par value, into the same or a different number of shares, either with or without par value, of the same or another class or series; (6) create a new class or series of shares having rights and preferences prior and superior to the APS, or increase the rights and preferences or the number of authorized shares of a series having rights and preferences prior or superior to the shares of the series; or (7) cancel or otherwise affect distributions on the APS that have accrued but have not been declared. To the extent that the interests of a the APS affected by a matter are substantially identical to the interests of another series of Preferred Shares affected by such matter (e.g., a vote of shareholders required under Section 13(a) of the 1940 Act), each such series shall vote together collectively as one class. The vote of holders of APS described above will in each case be in addition to a separate vote of the requisite percentage of Common Shares and APS necessary to authorize the action in question.

6. Liquidation Rights. (a) Upon the dissolution, liquidation or winding up of the affairs of the Fund, whether voluntary or involuntary, the Holders of the APS then outstanding shall be entitled to receive and to be paid out of the assets of the Fund available for distribution to its shareholders, before any payment or distribution shall be made on the Common Shares or on any other class of shares of the Fund ranking junior to the APS upon dissolution, liquidation or winding up, an amount equal to the liquidation preference with respect to such shares. The liquidation preference for the APS shall be \$50,000 per share, plus an amount equal to all dividends thereon (whether or not earned or declared) accumulated but unpaid to the date of final distribution in same-day funds, together with any payments required to be made pursuant to Section 12 in connection with the liquidation of the Fund.

(b) Neither the sale of all or substantially all the property or business of the Fund, nor the merger or consolidation of the Fund into or with any other corporation nor the merger or consolidation of any other corporation into or with the Fund shall be a dissolution, liquidation or winding up, whether voluntary or involuntary, for the purposes of this Section 6.

(c) After the payment to the Holders of the APS of the full preferential amounts provided for in this Section 6, the Holders of the APS as such shall have no right or claim to any of the remaining assets of the Fund.

(d) In the event the assets of the Fund available for distribution to the Holders of the APS upon any dissolution, liquidation or winding up of the affairs of the Fund, whether voluntary or involuntary, shall be insufficient to pay in full all amounts to which such Holders are entitled pursuant to paragraph (a) of this Section 6, no such distribution shall be made on account of any shares of any other class or series of Preferred Shares ranking on a parity with the APS with respect to the distribution of assets upon such dissolution, liquidation or winding up unless proportionate distributive amounts shall be paid on account of the APS, ratably, in proportion to the full distributable amounts for which holders of all such parity shares are respectively entitled upon such dissolution, liquidation or winding up.

(e) Subject to the rights of the holders of shares of any series or class or classes of shares ranking on a parity with the APS with respect to the distribution of assets upon dissolution, liquidation or winding up of the affairs of the Fund, after payment shall have been made in full to the Holders of the APS as provided in paragraph (a) of this Section 6, but not prior thereto, any other series or class or classes of shares ranking junior to the APS with respect to the distribution of assets upon dissolution, liquidation or winding up of the affairs of the Fund shall, subject to the respective terms and provisions (if any) applying thereto, be entitled to receive any and all assets remaining to be paid or distributed, and the Holders of the APS shall not be entitled to share therein.

7. Auction Agent. For so long as any of the APS is outstanding, the Auction Agent, duly appointed by the Fund to so act, shall be in each case a commercial bank, trust company or other financial institution independent of the Fund and its affiliates (which, however, may engage or have engaged in business transactions with the Fund or its affiliates) and at no time shall the Fund or any of its affiliates act as the Auction Agent in connection with the Auction Procedures. If the Auction Agent resigns or for any reason its appointment is terminated during any period that any of the APS is outstanding, the Board of Trustees shall use its best efforts promptly thereafter to appoint another qualified commercial bank, trust company or financial institution to act as the Auction Agent.

8. 1940 Act APS Asset Coverage. The Fund shall maintain, as of the last Business Day of each month in which any of the APS is outstanding, the 1940 Act APS Asset Coverage.

B-19

9. APS Basic Maintenance Amount. (a) So long as APS are Outstanding, the Fund shall maintain, on each Valuation Date, and shall verify to its satisfaction that it is maintaining on such Valuation Date, (i) S&P Eligible Assets having an aggregate Discounted Value equal to or greater than the APS Basic Maintenance Amount (if S&P is then rating the APS) and (ii) Moody's Eligible Assets having an aggregate Discounted Value equal to or greater than the APS Basic Maintenance Amount (if Moody's is then rating the APS). In managing the Fund's portfolio, the Adviser will not alter the composition of the Fund's portfolio if, in the reasonable belief of the Adviser, the effect of any such alteration would be to cause the Fund to have Eligible Assets with an aggregate Discounted Value, as of the immediately preceding Valuation Date, less

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

than the APS Basic Maintenance Amount as of such Valuation Date; provided, however, that in the event that, as of the immediately preceding Valuation Date, the aggregate Discounted Value of the Fund's Eligible Assets exceeded the APS Basic Maintenance Amount by twenty-five percent (five percent if the Valuation Date is every Business Day) or less, the Adviser will not alter the composition of the Fund's portfolio in a manner reasonably expected to reduce the aggregate Discounted Value of the Fund's Eligible Assets unless the Corporation shall have confirmed that, after giving effect to such alteration, the aggregate Discounted Value of the Fund's Eligible Assets would exceed the APS Basic Maintenance Amount.

(b) On or before 5:00 p.m., New York City time, on the third Business Day after a Valuation Date on which the Fund fails to satisfy the APS Basic Maintenance Amount, and on the third Business Day after the APS Basic Maintenance Cure Date with respect to such Valuation Date, the Fund shall complete and deliver to S&P (if S&P is then rating the APS), Moody's (if Moody's is then rating the APS) and the Auction Agent (if either S&P or Moody's is then rating the APS) an APS Basic Maintenance Report as of the date of such failure or such APS Basic Maintenance Cure Date, as the case may be, which will be deemed to have been delivered to the Auction Agent if the Auction Agent receives a copy or telecopy, telex or other electronic transcription thereof and on the same day the Fund mails to the Auction Agent for delivery on the next Business Day the full APS Basic Maintenance Report. The Fund will also deliver an APS Basic Maintenance Report to Moody's and S&P on any Valuation Date that (i) the Discounted Value of Moody's Eligible Assets and S&P Eligible Assets is greater than the APS Basic Maintenance Amount by 25% (5% if the Valuation Date is every Business Day) or less or (ii) on any date which the Fund redeems Common Shares. A failure by the Fund to deliver an APS Basic Maintenance Report under subparagraph (b) of this Section 9 shall be deemed to be delivery of an APS Basic Maintenance Report indicating the Discounted Value for all assets of the Fund is less than the APS Basic Maintenance Amount, as of the relevant Valuation Date.

B-20

(c) Within ten Business Days after the date of delivery of an APS Basic Maintenance Report in accordance with paragraph (b) of this Section 9 relating to a Quarterly Valuation Date, the Fund shall cause the Independent Accountant to confirm in writing to S&P (if S&P is then rating the APS), Moody's (if Moody's is then rating the APS) and the Auction Agent (if either S&P or Moody's is then rating the APS) (i) the mathematical accuracy of the calculations reflected in such Report (and in any other APS Basic Maintenance Report, randomly selected by the Independent Accountant, that was delivered by the Fund during the quarter ending on such Quarterly Valuation Date) and (ii) that, in such Report (and in such randomly selected Report), the Fund determined in accordance with this Certificate of Vote whether the Fund had, at such Quarterly Valuation Date (and at the Valuation Date addressed in such randomly-selected Report), S&P Eligible Assets (if S&P is then rating the APS) of an aggregate Discounted Value at least equal to the APS Basic Maintenance Amount and Moody's Eligible Assets (if Moody's is then rating the APS) of an aggregate Discounted Value at least equal to the APS Basic Maintenance Amount (such confirmation being herein called the "Accountant's Confirmation").

(d) Within ten Business Days after the date of delivery of an APS Basic Maintenance Report in accordance with paragraph (b) of this Section 9 relating to any Valuation Date on which the Fund failed to satisfy the APS Basic Maintenance Amount, and relating to the APS Basic Maintenance Cure Date with respect to such failure to satisfy the APS Basic

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

Maintenance Amount, the Fund shall cause the Independent Accountant to provide to S&P (if S&P is then rating the APS), Moody's (if Moody's is then rating the APS) and the Auction Agent (if either S&P or Moody's is then rating the APS) an Accountant's Confirmation as to such APS Basic Maintenance Report.

(e) If any Accountant's Confirmation delivered pursuant to subparagraph (c) or (d) of this Section 9 shows that an error was made in the APS Basic Maintenance Report for a particular Valuation Date for which such Accountant's Confirmation was required to be delivered, or shows that a lower aggregate Discounted Value for the aggregate of all S&P Eligible Assets (if S&P is then rating the APS) or Moody's Eligible Assets (if Moody's is then rating the APS), as the case may be, of the Fund was determined by the Independent Accountant, the calculation or determination made by such Independent Accountant shall be final and conclusive and shall be binding on the Fund, and the Fund shall accordingly amend and deliver the APS Basic Maintenance Report to S&P (if S&P is then rating the APS), Moody's (if Moody's is then rating the APS) and the Auction Agent (if either S&P or Moody's is then rating the APS) promptly following receipt by the Fund of such Accountant's Confirmation.

B-21

(f) On or before 5:00 p.m., New York City time, on the first Business Day after the Date of Original Issue of the APS, the Fund shall complete and deliver to S&P (if S&P is then rating the APS) and to Moody's (if Moody's is then rating the APS), an APS Basic Maintenance Report as of the close of business on such Date of Original Issue. Within five Business Days of such Date of Original Issue, the Fund shall cause the Independent Accountant to confirm in writing to S&P (if S&P is then rating the APS) and to Moody's (if Moody's is then rating the APS) (i) the mathematical accuracy of the calculations reflected in such Report and (ii) that the amount of S&P Eligible Assets or Moody's Eligible Assets, as the case may be, reflected thereon equals or exceeds the APS Basic Maintenance Amount reflected thereon.

10. Minimum Liquidity Level. So long as S&P is rating the APS, the Fund shall have, as of each Valuation Date, Dividend Coverage Assets, with respect to each then Outstanding APS, having a value not less than the Dividend Coverage Amount with respect to such share (the "Minimum Liquidity Level"). If, as of each Valuation Date, the Fund does not have the required Dividend Coverage Assets, the Fund shall, as soon as practicable, adjust its portfolio in order to meet the Minimum Liquidity Level, but only so long as S&P is rating the APS. So long as S&P is rating the APS, the Fund shall notify S&P on any Valuation Date which the Fund does not have the required Dividend Coverage Assets and does not adjust its portfolio as described in the immediately preceding sentence.

11. Restrictions on Certain Distributions. For so long as any of the APS is Outstanding, and except as set forth in Sections 2(e) and 6(d) of this Part I, (A) the Fund shall not declare, pay or set apart for payment any dividend or other distribution (other than a dividend or distribution paid in shares of, or options, warrants or rights to subscribe for or purchase, Common Shares or other shares, if any, ranking junior to the APS as to the payment of dividends and the distribution of assets upon dissolution, liquidation or winding up) in respect of the Common Shares or any other shares of the Fund ranking junior to or on a parity with the APS as to the payment of dividends or the distribution of assets upon dissolution, liquidation or winding up, or call for redemption, redeem, purchase or otherwise acquire for consideration any Common Shares or any other such junior shares (except by conversion into or exchange for shares of the Fund ranking junior to the APS as to the payment of dividends and the distribution of assets upon dissolution, liquidation or

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

winding up), or any such parity shares (except by conversion into or exchange for shares of the Fund ranking junior to or on a parity with APS as to the payment of dividends and the distribution of assets upon dissolution, liquidation or winding up), unless (i) full cumulative dividends on the APS through its most recently ended Dividend Period shall have been paid or shall have been declared and sufficient

B-22

funds for the payment thereof deposited with the Auction Agent and (ii) the Fund has redeemed the full number of APS required to be redeemed by any provision for mandatory redemption pertaining thereto, and (B) if either Moody's or S&P is rating the APS, the Fund shall not declare, pay or set apart for payment any dividend or other distribution (other than a dividend or distribution paid in shares of, or options, warrants or rights to subscribe for or purchase, Common Shares or other shares, if any, ranking junior to the APS as to the payment of dividends and the distribution of assets upon dissolution, liquidation or winding up) in respect of Common Shares or any other shares of the Fund ranking junior to the APS as to the payment of dividends or the distribution of assets upon dissolution, liquidation or winding up, or call for redemption, redeem, purchase or otherwise acquire for consideration any shares of Common Shares or any other such junior shares (except by conversion into or exchange for shares of the Fund ranking junior to the APS as to the payment of dividends and the distribution of assets upon dissolution, liquidation or winding up), unless immediately after such transaction the Discounted Value of Moody's Eligible Assets and S&P Eligible Assets would each at least equal the APS Basic Maintenance Amount.

12. [RESERVED]

13. Certain Other Restrictions. (a) For so long as any of the APS is outstanding and Moody's is then rating such shares, the Fund will not, unless it has received written confirmation from Moody's that any such action would not impair the ratings then assigned by Moody's to the APS, engage in any one or more of the following transactions:

(i) transactions in options on securities, futures contracts or options on futures contracts except that in connection with Moody's Hedging Transactions: (A) the Fund may buy call or put option contracts on securities; (B) the Fund may write covered call options on securities and may write calls which cross-hedge only if (x) the Fund holds the security which the call cross-hedges, (y) both the deliverable security underlying the call and the Fund's asset being hedged are GNMA, FNMA, or FHLMC mortgage pass-through certificates, excluding any interest-only or principal-only strips, and (z) both the deliverable security and the hedged asset have similar duration and interest rates; (C) the Fund may write put options on securities; (D) the Fund may enter into futures contracts on Treasury Bonds provided that the Fund shall not engage in any such transaction which would cause the Fund at the time of such transaction to own or have sold (1) outstanding futures contracts based on

B-23

Treasury Bonds and options on such futures contracts having an

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

aggregate fair market value exceeding 70% of the aggregate fair market value of the preferred stock portion of Moody's Eligible Assets owned by the Fund and rated "aaa," "aa," and "a" by Moody's (or, if not rated by Moody's but rated by S&P, rated AAA by S&P) or (2) outstanding futures contracts based on Treasury Bonds and options on such futures contracts having an aggregate fair market value exceeding 65% of the aggregate fair market value of the preferred stock portion of Moody's Eligible Assets owned by the Fund and rated "baa" by Moody's (or, if not rated by Moody's but rated by S&P, rated A or AA by S&P); for purposes of the foregoing clause (D), the Fund shall be deemed to own the number of futures contracts that underlie any outstanding option written by the Fund; and (E) the Fund may buy call or put options on futures contracts or Treasury Bonds, may write put options on such futures contracts (provided, that if the contract would require delivery of a security, that security must be held by the Fund) and may write call options on such futures if it owns the futures contract subject to the option. For so long as the APS are rated by Moody's, the Fund will engage in a Closing Transaction to close out any outstanding futures contract by no later than the fifth Business Day of the month in which such contract expires and will engage in a Closing Transaction to close out any outstanding option on a futures contract by no later than the first Business Day of the month in which such option expires. The Fund may hedge only Moody's Eligible Assets. For so long as the APS are rated by Moody's, the Fund will engage in transactions with respect to futures contracts or options thereon having only the next settlement date or the settlement date immediately thereafter. For purposes of valuation of Moody's Eligible Assets: (A) if the Fund writes a call option, the underlying asset will be valued as follows: (1) if the option is exchange-traded and may be offset readily or if the option expires before the earliest possible redemption of the APS, at the lower of the Discounted Value of the underlying security of the option and the exercise price of the option or (2) otherwise, it has no value; (B) if the Fund writes a put option, the underlying asset will be valued as follows: the lesser of (1) exercise price and (2) the Discounted Value of the underlying security; (C) if the Fund is a seller under a futures contract, the underlying security will be valued at the lower of (1) settlement price and (2) the Discounted Value of the underlying security; if a contract matures within the Moody's Exposure Period, the security may be valued at the settlement price; (D) if the Fund is

B-24

the buyer under a futures contract, the underlying security will be valued at the lower of (1) the settlement price and (2) the Discounted Value of the underlying security; if the contract matures within the Moody's Exposure Period, the security may be valued at its Discounted Value and (E) call or put option contracts which the Fund buys have no value. For so long as APS are rated by Moody's: (A) the Fund will not engage in options and futures transactions for leveraging or speculative purposes; (B) the Fund will not write or sell any anticipatory contracts pursuant to which the Fund hedges the anticipated purchase of an asset prior to completion of such purchase; (C) the Fund will not enter into an option or futures transaction unless, after giving effect thereto, the Fund would continue to have Moody's Eligible Assets with an aggregate Discounted Value equal to or greater than the APS Basic Maintenance Amount; (D) the Fund will not enter into an option or futures transaction unless after giving effect to such transaction the Fund would continue to be in compliance with

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

the provisions relating to the APS Basic Maintenance Amount; (E) for purposes of the APS Basic Maintenance Amount (1) assets in margin accounts are not Moody's Eligible Assets, (2) 10% of the settlement price of assets sold under a futures contract, the settlement price of assets purchased under a futures contract, the settlement price of an underlying futures contract if the Fund writes put options on futures contracts will constitute liabilities of the Fund, (3) 25% of the exercise price of a written call option involving a cross hedge will constitute liabilities of the Fund and (4) if the Fund writes call options on futures contracts and does not own the underlying futures contract, 105% of the Market Value of the underlying futures contract will constitute a liability of the Fund; (F) the Fund shall enter into only exchange-traded futures where the exchange takes the opposite side of the contract and shall write only exchange-traded options on exchanges approved by Moody's; (G) where delivery may be made to the Fund with any of a class of securities, the Fund shall assume for purposes of the APS Basic Maintenance Amount that it takes delivery of that security which yields it the least value; (H) the Fund will not engage in forward contracts; (I) the Fund will enter into futures contracts as seller only if it owns the underlying security; and (J) there shall be a quarterly audit made of the Fund's futures and options transactions by the Fund's independent accountants to confirm that the Fund is in compliance with these standards; or

B-25

(ii) incur any indebtedness, without prior written approval of Moody's that such indebtedness would not adversely affect the then current rating by Moody's of the APS except that the Fund may, without obtaining the written confirmation described above, incur indebtedness for the purpose of clearing securities transactions if the Discounted Value of Moody's Eligible Assets equals or exceeds the APS Basic Maintenance Amount would continue to be satisfied after giving effect to such indebtedness; provided, however, that any such indebtedness shall be repaid within 60 days and will not be extended or renewed; or

(iii) issue any class or series of shares ranking prior to or on a parity with the APS with respect to the payment of dividends or the distribution of assets upon dissolution, liquidation or winding up of the Fund, or reissue any APS previously purchased or redeemed by the Fund; or

(iv) lend portfolio securities; or

(b) For so long as any of the APS is Outstanding and S&P is rating such shares, the Fund will not, unless the Fund has received written confirmation from S&P that any such action would not impair the rating then assigned by such rating agency to the APS, engage in any one or more of the following transactions:

(i) transactions in any reverse repurchase agreements; or

(ii) lend portfolio securities; or

(iii) borrow money, except that the Fund may, without obtaining the written confirmation described above, borrow money for the purposes of clearing securities transactions if the

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

Discounted Value of S&P Eligible Assets equals or exceeds the APS Basic Maintenance Amount after giving effect to such borrowing; or

(iv) issue any class or series of shares ranking prior to or on a parity with the APS with respect to the payment of dividends or the distribution of assets upon dissolution, liquidation or winding up of the Fund, or reissue any APS previously

B-26

purchased or redeemed by the Fund, or merge or consolidate with any corporation; or

(v) engage in repurchase agreement transactions in which the term of such repurchase obligation is longer than 90 days, in which the underlying security is a security other than United States Treasury securities (not inclusive of zero-coupon securities), demand deposits, certificates of deposits or bankers acceptance in which the counter-party or its affiliates have securities rated A1+ by S&P with respect to such underlying security; or

(vi) engage in short sale transactions;

or

(vii) purchase or sell futures contracts or options thereon or write unsecured put or uncovered call options on portfolio securities except that (i) the Fund may engage in S&P Hedging Transactions based on Treasury Bonds, provided that the Fund shall not engage in any S&P Hedging Transaction based on Treasury Bonds (other than Closing Transactions) which would cause the Fund at the time of such transaction to own or have sold the lesser of (1) outstanding futures contracts based on Treasury Bonds exceeding in number 25% of the quotient of the fair market value of the Fund's total assets divided by 100,000 or (2) outstanding futures contracts based on Treasury Bonds exceeding in number 10% of the average number of daily traded futures contracts based on Treasury Bonds in the month prior to the time of effecting such transaction as reported by The Wall Street Journal. For so long as the APS are rated by S&P, the Fund will engage in Closing Transactions to close out any outstanding futures contracts which the Fund owns or has sold or any outstanding option thereon owned by the Fund in the event (A) the Fund does not have S&P Eligible Assets with an aggregate Discounted Value equal to or greater than the APS Basic Maintenance Amount on two consecutive Valuation Dates and (B) the Fund is required to pay Variation Margin on the second such Valuation Date. For so long as the APS are rated by S&P, the Fund will engage in a Closing Transaction to close out any outstanding futures contract or option thereon in the month prior to the delivery month under the terms of such futures contract or option thereon unless the Fund holds securities deliverable under such terms. For purposes of determining S&P Eligible Assets to determine compliance with the APS Basic Maintenance Amount, no amounts on deposit with the Fund's

B-27

custodian or broker representing Initial Margin or Variation Margin shall constitute S&P Eligible Assets. For so long as the APS are rated by S&P, when the Fund writes a futures contract or option thereon, it will maintain an amount of cash, cash equivalents or short-term, money

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

market securities in a segregated account with the Fund's custodian, so that the amount so segregated plus the amount of Initial Margin and Variation Margin held in the account of the Fund's broker equals the fair market value of the futures contract, except that in the event the Fund writes a futures contract or option thereon which requires delivery of an underlying security, the Fund shall hold such underlying security. For so long as the APS are rated by S&P, if the Fund engages in S&P hedging transactions the Valuation Date shall mean every Business Day.

14. Notice. All notices or communications, unless otherwise specified in the By-Laws of the Fund or this Certificate of Vote, shall be sufficiently given if in writing and delivered in person or mailed by first-class mail, postage prepaid. Notice shall be deemed given on the earlier of the date received or the date seven days after which such notice is mailed.

15. Definitions. As used in Parts I and II hereof, the following terms shall have the following meanings (with terms defined in the singular having comparable meanings when used in the plural and vice versa), unless the context otherwise requires:

"AA' Composite Commercial Paper Rate," on any date for any Rate Period, shall mean (i) (A) in the case of any Minimum Dividend Period or any Rate Period between 7 and 28 Rate Period Days, the interest equivalent of the 30-day rate; provided, however, in the case of any Minimum Dividend Period of 7 days or any Rate Period with 7 Rate Period Days and if the "AA" Composite Commercial Paper Rate is being used to determine the Applicable Rate when all of the Outstanding APS are subject to Submitted Hold Orders, then the interest equivalent of the 7-day rate, and (B) in the case of any Rate Period with more than 28 Rate Period Days, the interest equivalent of the 180-day rate, on commercial paper placed on behalf of issuers whose corporate bonds are rated "AA" by S&P or the equivalent of such rating by S&P or another rating agency, as made available on a discount basis or otherwise by the Federal Reserve Bank of New York for the Business Day immediately preceding such date; or (ii) in the event that the Federal Reserve Bank of New York does not make available any such rate, then the arithmetic average of such rates, as quoted on a discount basis or otherwise, by the Commercial Paper Dealers to the Auction Agent for the close of business on the Business Day next preceding such date. If any Commercial Paper Dealer does not quote a rate required to determine the "AA" Composite Commercial Paper Rate, the "AA" Composite Commercial Paper Rate shall be determined on the basis of the quotation or quotations furnished by the remaining Commercial Paper Dealer or Commercial

B-28

Paper Dealers and any Substitute Commercial Paper Dealer or Substitute Commercial Paper Dealers selected by the Fund to provide such rate or rates not being supplied by any Commercial Paper Dealer or Commercial Paper Dealers, as the case may be, or, if the Fund does not select any such Substitute Commercial Paper Dealer or Substitute Commercial Paper Dealers, by the remaining Commercial Paper Dealer or Commercial Paper Dealers. For purposes of this definition, the "interest equivalent" of a rate stated on a discount basis (a "discount rate") for commercial paper of a given days' maturity shall be equal to the quotient (rounded upwards to the next higher one-thousandth (.001) of 1%) of (A) the discount rate divided by (B) the difference between (x) 1.00 and (y) a fraction the numerator of which shall be the product of the discount rate times the number of days in which such commercial paper matures and the denominator of which shall be 360.

For purposes of the APS Basic Maintenance Amount in connection with S&P's ratings of the APS, with respect to any transactions by the Fund in futures contracts, the Fund shall include as liabilities 25% of the aggregate settlement value, as marked to market, of any outstanding futures contracts based on Treasury Bonds which contracts are owned by the Fund. In the event that the Federal Reserve Board does not publish such a weekly per annum Ten Year Average Yield during such Calendar Period, then the Ten Year Constant Maturity Rate with respect to such date shall be the arithmetic average of the two most recent weekly per annum Ten Year Average Yields (or the one weekly per annum Ten Year Average Yield, if only one such Yield shall be published during such Calendar Period), as published weekly during such Calendar Period

by any Federal Reserve Bank or by any U.S. Government department or agency selected by the Fund. In the event that a per annum Ten Year Average Yield shall not be published by the Federal Reserve Board or by any Federal Reserve Bank or by any U.S. Government department or agency during such Calendar Period, then the Ten Year Constant Maturity Rate with respect to such date will be the arithmetic average of the two most recent weekly per annum average yields to maturity (or the one weekly per annum average yield to maturity, if only one such yield shall be published during such Calendar Period) for all of the actively traded marketable U.S. Treasury fixed interest rate securities (other

than Special Securities) then having maturities of not less than eight nor more than 12 years, as published during such Calendar Period by the Federal Reserve Board or, if the Federal Reserve Board shall not publish such yields, by any Federal Reserve Bank or by any U.S. Government department or agency selected by the Company. In the event that the Fund determines in good faith that for any reason the Auction Agent cannot determine the Ten Year Constant Maturity Rate with respect to such date as provided above in this paragraph, then the Ten Year Constant Maturity Rate with respect to such date will be the arithmetic average of the per annum average yields to maturity based upon the closing bids during such Calendar Period for each of the issues of actively traded marketable U.S. Treasury fixed interest rate securities (other than Special Securities) with a final maturity date not less than eight nor more than 12 years from the date of each such quotation, as quoted daily for each business day in New York City (or less frequently if daily quotations shall not be generally available) to the Auction Agent by the U.S. Government Securities Dealers.

"Thirty Year Average Yield" means the average yield to maturity for actively traded, marketable U.S. Treasury fixed-interest-rate securities (adjusted to constant maturities of ten years).

"Thirty Year Constant Maturity Rate", on any date, means the arithmetic average of the two most recent weekly per annum Thirty Year Average Yields (or the one weekly per annum Thirty Year Average Yield, if only one such Yield shall be published during the relevant Calendar Period), as published weekly by the Federal Reserve Board during the Calendar Period with respect to such date. In the event that the Federal Reserve Board does not publish such a weekly per annum Thirty Year Average Yield during such Calendar Period, then the Thirty Year Constant Maturity Rate with respect to such date shall be the arithmetic average of the two most recent weekly per annum Thirty Year Average Yields (or the one weekly per annum Thirty Year Average Yield, if only one such Yield shall be published during such Calendar Period), as published weekly during such Calendar Period by any Federal Reserve Board or by any U.S. Government department or agency selected by the Fund. In the event that a per annum Thirty Year Average Yield shall not be published by the Federal Reserve Board or by any Federal Reserve Bank or by any U.S. Government department or agency during such Calendar Period, then the Thirty Year Constant Maturity Rate with respect to such date will be the arithmetic average of the two most recent weekly per annum average yields to maturity (or the one weekly per annum average yield to maturity, if only one such yield shall be published during such Calendar Period) for all of the actively traded marketable U.S. Treasury fixed interest rate securities (other than Special Securities) then having maturities of not less than 28 nor more than 30 years, as published

during such Calendar Period by the Federal Reserve Board or, if the Federal Reserve Board shall not publish such yields, by any Federal Reserve Bank or by any U.S. Government department or agency selected by the Fund. In the event that the Fund determines in good faith that for any reason the Auction Agent cannot determine the Thirty Year Constant Maturity Rate with respect to such date as provided above in this paragraph, then the Thirty Year Constant Maturity Rate with respect to such date will be the arithmetic average of the per annum average yields to maturity based upon the closing bids during such Calendar Period for each of the issues of actively traded marketable U.S. Treasury fixed interest rate securities (other than Special Securities) with a final maturity date not less than 28 nor more than 30 years from the date of each such quotation, as quoted daily for each business day in New York City (or less frequently if daily quotations shall not be generally available) to the Auction Agent by U.S. Government Securities Dealers.

If such statistical release is not published or is otherwise not available, the Treasury Rate will be the arithmetic mean of the secondary market bid rates as of approximately 3:30 p.m., New York City time, on the Business Day next preceding such date, of U.S. Government Securities Dealers furnished to the Auction Agent for the issue of direct obligations of the United States, in an aggregate principal amount of at least \$1 million with a remaining maturity equal to, or next shorter than, 3 months, as the case may be. If any U.S. Government Securities Dealer does not quote a rate required to determine the Treasury Rate, the Ten Year Constant Maturity Rate or the Thirty Year Constant Maturity Rate, such rate will be determined on the basis of the quotation or quotations furnished by the remaining U.S. Government Securities Dealer or U.S. Government Securities Dealers (if any) or any Substitute U.S. Government Securities Dealer or U.S. Government Securities Dealers ("Substitute U.S. Government Securities Dealers") selected by the Fund to provide such rate or rates not being supplied by any U.S. Government Securities Dealer or U.S. Government Securities Dealers, by the remaining U.S. Government Securities Dealer or U.S. Government Securities Dealers; provided that, in the event the Company is unable to cause such quotations to be furnished to the Auction Agent by such sources, the Company may cause the Treasury Rate to be furnished to the Auction Agent by such alternative source or sources as the Company in good faith deems to be reliable. For purposes of this definition, "interest equivalent" means the equivalent yield on a 360-day basis of a discount basis security to an interest-bearing security.

B-52

APS held by such Existing Holder over the number of APS subject to any Hold Orders referred to in clause (i) above;

(B) subject to subclause (A), if more than one Bid for such APS with the same rate is submitted on behalf of such Existing Holder and the number of Outstanding APS subject to such Bids is greater than such excess, such Bids shall be considered valid up to and including the amount of such excess, and the number of APS subject

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

to each Bid with the same rate shall be reduced pro rata to cover the number of APS equal to such excess;

(C) subject to subclauses (A) and (B), if more than one Bid for APS with different rates is submitted on behalf of such Existing Holder, such Bids shall be considered valid in the ascending order of their respective rates up to and including the amount of such excess; and

(D) in any such event, the number, if any, of such Outstanding APS subject to any portion of Bids considered not valid in whole or in part under the clause (ii) shall be treated as the subject of a Bid for such APS by a Potential Holder at the rate therein specified; and

(iii) all Sell Orders for APS shall be considered valid up to and including the excess of the number of Outstanding APS held by such Existing Holder over the sum of the APS subject to valid Hold Orders referred to in clause (i) above and valid Bids by such Existing Holder referred to in clause (ii) above.

(e) If more than one Bid for one or more APS is submitted on behalf of any Potential Holder, each such Bid submitted shall be a separate Bid with the rate and number of shares therein specified.

(f) An Order submitted by a Broker-Dealer to the Auction Agent prior to the Submission Deadline on any Auction Date shall be irrevocable.

4. Determination of Sufficient Clearing Bids, Winning Bid Rate and Applicable Rate. Not earlier than the Submission Deadline on each Auction Date, the Auction Agent shall assemble all valid Orders submitted or deemed submitted to it by the Broker-Dealers (each such Order as submitted or deemed submitted by a Broker-Dealer being hereinafter referred to individually as a "Submitted Hold Order," a "Submitted Bid" or a "Submitted Sell Order," as the case may be, or as a "Submitted Order" and collectively as "Submitted Hold Orders," "Submitted Bids" or "Submitted Sell Orders," as the case may be, or as "Submitted Orders" and shall for the APS for which an Auction is being held determine:

B-53

(i) the excess of the number of Outstanding APS over the number of Outstanding APS subject to Submitted Hold Orders (such excess being hereinafter referred to as the "Available APS");

(ii) from the Submitted Orders for such APS whether:

(A) the number of Outstanding APS subject to Submitted Bids by Potential Holders specifying one or more rates equal to or lower than the Maximum Rate for such APS

exceeds or is equal to the sum of

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

(B) the number of Outstanding APS subject to Submitted Bids by Existing Holders specifying one or more rates higher than the Maximum Rate for such APS; and

(C) the number of Outstanding APS subject to Submitted Sell Orders

(in the event such excess or such equality exists (other than because the number of APS in subclauses (B) and (C) above is zero because all of the Outstanding APS are subject to Submitted Hold Orders), such Submitted Bids in subclause (A) above being hereinafter referred to collectively as "Sufficient Clearing Bids"); and

(iii) if Sufficient Clearing Bids for the APS exist, the lowest rate specified in such Submitted Bids (the "Winning Bid Rate") which if:

(A) (I) each such Submitted Bid from Existing Holders specifying such lowest rate and (II) all other such Submitted Bids from Existing Holders specifying lower rates were rejected, thus entitling such Existing Holders to continue to hold the APS that are subject to such Submitted Bids; and

(B) (I) each such Submitted Bid from Potential Holders specifying such lowest rate and (II) all other such Submitted Bids from Potential Holders specifying lower rates were accepted;

would result in such Existing Holders described in subclause (A) above continuing to hold an aggregate number of Outstanding APS which, when added to the number of

B-54

Outstanding APS to be purchased by such Potential Holders described in subclause (B) above, would equal not less than the Available APS.

(b) Promptly after the Auction Agent has made the determinations pursuant to paragraph (a) of this Section 4, the Auction Agent shall advise the Fund of the Maximum Rate for the APS for which an Auction is being held on the Auction Date and, based on such determination, the Applicable Rate for such APS for the next succeeding Rate Period thereof as follows:

(i) if Sufficient Clearing Bids for such APS exist, that the Applicable Rate for such APS for the next succeeding Rate Period thereof shall be equal to the Winning Bid Rate for such APS to determined;

(ii) if Sufficient Clearing Bids for such APS do not exist (other than because all of the Outstanding shares of such APS are subject to Submitted Hold Orders), that the Applicable Rate for such APS for the next succeeding Rate Period, which shall be a Minimum Dividend Period, thereof shall be equal to the Maximum Rate for such APS; or

(iii) if all of the Outstanding APS are subject to Submitted Hold Orders, that the Applicable Rate for such APS

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

for the next succeeding Rate Period thereof shall be equal to (A) the "AA" Composite Commercial Paper Rate on such Auction Date for such Rate Period, if such Rate Period is less than one year or (B) the Treasury Rate on such Auction Date for such Rate Period, if such Rate Period is one year or greater.

5. Acceptance and Rejection of Submitted Bids and Submitted Sell Orders and Allocation of Shares. Existing Holders shall continue to hold the APS that are subject to Submitted Hold Orders, and, based on the determinations made pursuant to paragraph (a) of Section 4 of this Part II, the Submitted Bids and Submitted Sell Orders shall be accepted or rejected and the Auction Agent shall take such other action as set forth below:

(a) If Sufficient Clearing Bids for any of the APS have been made, all Submitted Sell Orders shall be accepted and, subject to the provisions of paragraphs (d) and (e) of this Section 5, Submitted Bids shall be accepted or rejected as follows in the following order of priority and all other Submitted Bids for such APS shall be rejected:

B-55

(i) Existing Holders' Submitted Bids for the APS specifying any rate that is higher than the Winning Bid Rate for such APS shall be accepted, thus requiring each such Existing Holder to sell the APS subject to such Submitted Bids;

(ii) Existing Holders' Submitted Bids for the APS specifying any rate that is lower than the Winning Bid Rate for such APS shall be rejected, thus entitling each such Existing Holder to continue to hold the APS subject to such Submitted Bids;

(iii) Potential Holders' Submitted Bids for the APS specifying any rate that is lower than the Winning Bid Rate shall be accepted;

(iv) each Existing Holder's Submitted Bid for the APS specifying a rate that is equal to the Winning Bid Rate for the APS shall be rejected, thus entitling such Existing Holder to continue to hold the APS subject to such Submitted Bid, unless the number of Outstanding APS subject to all such Submitted Bids shall be greater than the number of APS ("remaining shares") in the excess of the Available APS over the number of the APS subject to Submitted Bids described in clauses (ii) and (iii) of this paragraph (a), in which event such Submitted Bid of such Existing Holder shall be rejected in part, and such Existing Holder shall be entitled to continue to hold the APS subject to such Submitted Bid, but only in an amount equal to the number of APS obtained by multiplying the number of remaining shares by a fraction, the numerator of which shall be the number of Outstanding APS held by such Existing Holder subject to such Submitted Bid and the denominator of which shall be the aggregate number of Outstanding APS subject to such Submitted Bids made by all such Existing Holders that specified a rate equal to the Winning Bid Rate for such APS; and

(v) each Potential Holder's Submitted Bid for the APS specifying a rate that is equal to the Winning Bid Rate for such APS shall be accepted but only in an amount equal to the

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

number of APS obtained by multiplying the number of shares in the excess of the Available APS over the number of the APS subject to Submitted Bids described in clauses (ii) through (iv) of this paragraph (a) by a fraction, the numerator of which shall be the number of Outstanding APS subject to such Submitted Bid and the denominator of which shall be the aggregate number of Outstanding APS subject to

B-56

such Submitted Bids made by all such Potential Holders that specified a rate equal to the Winning Bid Rate for such APS; and

(b) If Sufficient Clearing Bids for any of the APS have not been made (other than because all of the Outstanding APS are subject to Submitted Hold Orders), subject to the provisions of paragraph (d) of this Section 5, Submitted Orders for such APS shall be accepted or rejected as follows in the following order of priority and all other Submitted Bids for such APS shall be rejected:

(i) Existing Holders' Submitted Bids for the APS specifying any rate that is equal to or lower than the Maximum Rate for such APS shall be rejected, thus entitling such Existing Holders to continue to hold the APS subject to such Submitted Bids;

(ii) Potential Holders' Submitted Bids for the APS specifying any rate that is equal to or lower than the Maximum Rate for such APS shall be accepted; and

(iii) Each Existing Holder's Submitted Bid for the APS specifying any rate that is higher than the Maximum Rate of such APS and the Submitted Sell Orders for the APS of each Existing Holder shall be accepted, thus entitling each Existing Holder that submitted any such Submitted Bid or Submitted Sell Order to sell the APS subject to such Submitted Bid or Submitted Sell Order, but in both cases only in an amount equal to the number of APS obtained by multiplying the number of APS subject to Submitted Bids described in clause (ii) of this paragraph (b) by a fraction, the numerator of which shall be the number of Outstanding APS held by such Existing Holder subject to such Submitted Bid or Submitted Sell Order and the denominator of which shall be the aggregate number of Outstanding APS subject to all such Submitted Bids and Submitted Sell Orders.

(c) If all of the Outstanding APS are subject to Submitted Hold Orders, all Submitted Bids for such APS shall be rejected.

(d) If, as a result of the procedures described in clause (iv) or (v) of paragraph (a) or clause (iii) of paragraph (b) of this Section 5, any Existing Holder would be entitled or required to sell, or any Potential Holder would be entitled or required to purchase, a fraction of a share of APS on any Auction Date, the Auction Agent shall, in such manner as it shall determine in its sole discretion, round up or down the number of APS to be purchased or sold by any Existing Holder or Potential Holder on such Auction Date as a result of such procedures so that the number of APS so purchased or sold by each Existing Holder

B-57

or Potential Holder on such Auction Date shall be whole shares of APS.

(e) If, as a result of the procedures described in clause (v) of paragraph (a) of this Section 5, any Potential Holder would be entitled or required to purchase less than a whole share of APS on any Auction Date, the Auction Agent shall, in such manner as it shall determine in its sole discretion, allocate shares of such APS for purchase among Potential Holders so that only whole shares of such APS are purchased on such Auction Date as a result of such procedures by any Potential Holder, even if such allocation results in one or more Potential Holders not purchasing the APS on such Auction Date.

(f) Based on the results of each Auction for the APS, the Auction Agent shall determine the aggregate number of APS to be purchased and the aggregate number of APS to be sold by Potential Holders and Existing Holders on whose behalf each Broker-Dealer submitted Bids or Sell Orders and, with respect to each Broker-Dealer, to the extent that such aggregate number of shares to be purchased and such aggregate number of shares to be sold differ, determine to which other Broker-Dealer or Broker-Dealers acting for one or more purchasers of APS such Broker-Dealer shall deliver, or from which other Broker-Dealer or Broker-Dealers acting for one or more sellers of APS such Broker-Dealer shall receive, as the case may be, shares of APS.

6. [RESERVED]

7. Miscellaneous. (a) To the extent permitted by applicable law, the Board of Trustees may interpret or adjust the provisions of this Certificate of Vote to resolve any inconsistency or ambiguity or to remedy any formal defect, and may amend this Certificate of Vote with respect to the APS prior to the issuance of such APS.

(b) An Existing Holder may sell, transfer or otherwise dispose of the APS only in whole shares and only pursuant to a Bid or Sell Order in accordance with the procedures described in this Part II or to or through a Broker-Dealer or to a Person that has delivered a signed copy of a Master Purchaser's Letter to the Auction Agent; provided that, in the case of all transfers other than pursuant to Auctions, such Existing Holder, its Broker-Dealer or its Agent Member advises the Auction Agent of such transfer.

B-58

(c) All of the APS outstanding from time to time shall be represented by one global certificate registered in the name of the Securities Depository or its nominee.

(d) Neither the Fund nor any affiliate thereof may submit an Order in any Auction, except that any Broker-Dealer that is an affiliate of the Fund may submit Orders in an Auction, but only if such Orders are not for its own account.

MORGAN STANLEY INVESTMENT MANAGEMENT
PROXY VOTING POLICY AND PROCEDURES

APPENDIX A

MORGAN STANLEY INVESTMENT MANAGEMENT
PROXY VOTING POLICY AND PROCEDURES

I. POLICY STATEMENT

Introduction -- Morgan Stanley Investment Management's ("MSIM") policy and procedures for voting proxies ("Proxy Voting Policy and Procedures") with respect to securities held in the accounts of clients applies to those MSIM entities that provide discretionary investment management services and for which a MSIM entity has authority to vote proxies. The policy and procedures and general guidelines in this section will be reviewed and, updated, as necessary, to address new or revised proxy voting issues. The MSIM entities covered by these policies and procedures currently include the following: Morgan Stanley Investment Advisors Inc., Morgan Stanley AIP GP LP, Morgan Stanley Investment Management Inc., Morgan Stanley Investment Management Limited, Morgan Stanley Investment Management Company, Morgan Stanley Asset & Investment Trust Management Co., Limited, Morgan Stanley Investment Management Private Limited, Morgan Stanley Hedge Fund Partners GP LP, Morgan Stanley Hedge Fund Partners LP, Van Kampen Asset Management, and Van Kampen Advisors Inc. (each an "MSIM Affiliate" and collectively referred to as the "MSIM Affiliates").

Each MSIM Affiliate will use its best efforts to vote proxies as part of its authority to manage, acquire and dispose of account assets. With respect to the MSIM registered management investment companies (Van Kampen, Institutional and Advisor Funds) (collectively referred to as the "MSIM Funds"), each MSIM Affiliate will vote proxies pursuant to authority granted under its applicable investment advisory agreement or, in the absence of such authority, as authorized by the Board of Directors or Trustees of the MSIM Funds. A MSIM Affiliate will not vote proxies if the "named fiduciary" for an ERISA account has reserved the authority for itself, or in the case of an account not governed by ERISA, the Investment Management or Investment Advisory Agreement does not authorize the MSIM Affiliate to vote proxies. MSIM Affiliates will, in a prudent

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

and diligent manner, vote proxies in the best interests of clients, including beneficiaries of and participants in a client's benefit plan(s) for which the MSIM Affiliates manage assets, consistent with the objective of maximizing long-term investment returns ("Client Proxy Standard"). In certain situations, a client or its fiduciary may provide a MSIM Affiliate with a proxy voting policy. In these situations, the MSIM Affiliate will comply with the client's policy unless to do so would be inconsistent with applicable laws or regulations or the MSIM Affiliate's fiduciary responsibility.

Proxy Research Services -- To assist the MSIM Affiliates in their responsibility for voting proxies and the overall global proxy voting process, Institutional Shareholder Services ("ISS") and the Investor Responsibility Research Center ("IRRC") have been retained as experts in the proxy voting and corporate governance area. ISS and IRRC are independent advisers that specialize in providing a variety of fiduciary-level proxy-related services to institutional investment managers, plan sponsors, custodians, consultants, and other institutional investors. The services provided to MSIM Affiliates include in-depth research, global issuer analysis, and voting recommendations. While the MSIM Affiliates may review and utilize the ISS recommendations in making proxy voting decisions, they are in no way obligated to follow the ISS recommendations. In addition to research, ISS

E-2

provides vote execution, reporting, and recordkeeping. MSIM's Proxy Review Committee (see Section IV.A. below) will carefully monitor and supervise the services provided by the proxy research services.

Voting Proxies for Certain Non-US Companies -- While the proxy voting process is well established in the United States and other developed markets with a number of tools and services available to assist an investment manager, voting proxies of non-US companies located in certain jurisdictions, particularly emerging markets, may involve a number of problems that may restrict or prevent a MSIM Affiliate's ability to vote such proxies. These problems include, but are not limited to: (i) proxy statements and ballots being written in a language other than English; (ii) untimely and/or inadequate notice of shareholder meetings; (iii) restrictions on the ability of holders outside the issuer's jurisdiction of organization to exercise votes; (iv) requirements to vote proxies in person, (v) the imposition of restrictions on the sale of the securities for a period of time in proximity to the shareholder meeting; and (vi) requirements to provide local agents with power of attorney to facilitate the MSIM Affiliate's voting instructions. As a result, clients' non-U.S. proxies will be voted on a best efforts basis only, after weighing the costs and benefits to MSIM's clients of voting such proxies, consistent with the Client Proxy Standard. ISS has been retained to provide assistance to the MSIM Affiliates in connection with voting their clients' non-US proxies.

II. GENERAL PROXY VOTING GUIDELINES

To ensure consistency in voting proxies on behalf of its clients, MSIM Affiliates will follow (subject to any exception set forth herein) these Proxy Voting Policies and Procedures, including the guidelines set forth below. These guidelines address a broad range of issues, including board size and composition, executive compensation, anti-takeover proposals, capital structure proposals and social responsibility issues and are meant to be general voting parameters on issues that arise most frequently. The MSIM Affiliates, however, may, pursuant to the procedures set forth in Section IV. below, vote in a manner that is not in accordance with the following general guidelines, provided the vote is approved by the Proxy Review Committee and is consistent with the Client Proxy Standard.

III. GUIDELINES

A. MANAGEMENT PROPOSALS

1. When voting on routine ballot items, unless otherwise determined by the Proxy Review Committee, the following proposals will be voted in support of management.
 - Selection or ratification of auditors.
 - Approval of financial statements, director and auditor reports.
 - General updating/corrective amendments to the charter.
 - Proposals to limit Directors' liability and/or broaden indemnification of Directors.

E-3

- Proposals requiring that a certain percentage (up to 66 2/3%) of the company's Board members be independent Directors.
 - Proposals requiring that members of the company's compensation, nominating and audit committees be comprised of independent or unaffiliated Directors.
 - Proposals recommending set retirement ages or requiring specific levels of stock ownership by Directors.
 - Proposals to eliminate cumulative voting.
 - Proposals to eliminate preemptive rights.
 - Proposals for confidential voting and independent tabulation of voting results.
 - Proposals related to the conduct of the annual meeting except those proposals that relate to the "transaction of such other business which may come before the meeting."
2. Election of Directors. In situations where no conflict exists, and where no specific governance deficiency has been noted, unless otherwise determined by the Proxy Review Committee, proxies will be voted in support of nominees of management.

Unless otherwise determined by the Proxy Review Committee, a withhold vote will be made where:

- (i) A nominee has, or any time during the previous five years had, a relationship with the issuer (e.g., investment banker, counsel or other professional service provider, or familial relationship with a senior officer of the issuer) that may impair his or her independence.;
- (ii) A direct conflict exists between the interests of the nominee and the public shareholders; or
- (iii) Where the nominees standing for election have not taken action to implement generally accepted governance practices for which there is a "bright line" test. These would include

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

elimination of dead hand or slow hand poison pills, requiring Audit, Compensation or Nominating Committees to be composed of independent directors and requiring a majority independent board.

3. The following non-routine proposals, which potentially may have a substantive financial or best interest impact on a shareholder, unless otherwise determined by the Proxy Review Committee, will be voted in support of management.

CAPITALIZATION CHANGES

- Proposals relating to capitalization changes that eliminate other classes of stock and voting rights.
- Proposals to increase the authorization of existing classes of common stock (or securities convertible into common stock) if: (i) a clear and legitimate

E-4

business purpose is stated; (ii) the number of shares requested is reasonable in relation to the purpose for which authorization is requested; and (iii) the authorization does not exceed 100% of shares currently authorized and at least 30% of the new authorization will be outstanding.

- Proposals to create a new class of preferred stock or for issuances of preferred stock up to 50% of issued capital.
- Proposals for share repurchase plans.
- Proposals to reduce the number of authorized shares of common or preferred stock, or to eliminate classes of preferred stock.
- Proposals to effect stock splits.
- Proposals to effect reverse stock splits if management proportionately reduces the authorized share amount set forth in the corporate charter. Reverse stock splits that do not adjust proportionately to the authorized share amount will generally be approved if the resulting increase in authorized shares coincides with the proxy guidelines set forth above for common stock increases.

COMPENSATION

- Proposals relating to Director fees, provided the amounts are not excessive relative to other companies in the country or industry.
- Proposals for employee stock purchase plans that permit discounts up to 15%, but only for grants that are part of a broad based employee plan, including all non-executive employees.
- Proposals for the establishment of employee stock option Plans and other employee ownership plans.
- Proposals for the establishment of employee retirement and severance plans

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

ANTI-TAKEOVER MATTERS

- Proposals to modify or rescind existing supermajority vote requirements to amend the charters or bylaws.
 - Proposals relating to the adoption of anti-greenmail provisions provided that the proposal: (i) defines greenmail; (ii) prohibits buyback offers to large block holders not made to all shareholders or not approved by disinterested shareholders; and (iii) contains no anti-takeover measures or other provisions restricting the rights of shareholders.
4. The following non-routine proposals, which potentially may have a substantive financial or best interest impact on a shareholder, unless otherwise determined by

E-5

the Proxy Review Committee, will be voted against (notwithstanding management support).

- Proposals to establish cumulative voting rights in the election of directors.
 - Proposals relating to capitalization changes that add classes of stock which substantially dilute the voting interests of existing shareholders.
 - Proposals to increase the authorized number of shares of existing classes of stock that carry preemptive rights or supervoting rights.
 - Proposals to create "blank check" preferred stock.
 - Proposals relating to changes in capitalization by 100% or more.
 - Compensation proposals that allow for discounted stock options that have not been offered to employees in general.
 - Proposals to amend bylaws to require a supermajority shareholder vote to pass or repeal certain provisions.
 - Proposals to indemnify auditors.
5. The following types of non-routine proposals, which potentially may have a substantive financial or best interest impact on an issuer, will be voted as determined by the Proxy Review Committee.

CORPORATE TRANSACTIONS

- Proposals relating to mergers, acquisitions and other special corporate transactions (i.e., takeovers, spin-offs, sales of assets, reorganizations, restructurings and recapitalizations) will be examined on a case-by-case basis. In all cases, ISS and IRRC research and analysis will be used along with MSIM Affiliates' research and analysis, including, among other things, MSIM internal company-specific knowledge.
- Proposals relating to change-in-control provisions in non-salary compensation plans, employment contracts, and severance agreements that benefit management and would be costly to shareholders if

triggered.

- Proposals relating to shareholders rights plans that allow appropriate offers to shareholders to be blocked by the board or trigger provisions that prevent legitimate offers from proceeding.
- Proposals relating to Executive/Director stock option plans. Generally, stock option plans should meet the following criteria:
 - (i) The stock option plan should be incentive based;
 - (ii) For mature companies, should be no more than 5% of the issued capital at the time of approval;
 - (iii) For growth companies, should be no more than 10% of the issued capital at the time of approval.

E-6

ANTI-TAKEOVER PROVISIONS

- Proposals requiring shareholder ratification of poison pills.
- Proposals relating to anti-takeover and related provisions that serve to prevent the majority of shareholders from exercising their rights or effectively deter the appropriate tender offers and other offers.

 - Proposals requiring auditors to attend the annual meeting of shareholders.
 - Proposals requiring non-U.S. companies to have a separate Chairman and CEO.
 - Proposals requiring that members of the company's compensation, nominating and audit committees be comprised of independent or unaffiliated Directors.
 - Proposals requiring that a certain percentage of the company's members be comprised of independent and unaffiliated Directors.
 - Proposals requiring diversity of Board membership relating to broad based social, religious or ethnic groups.
 - Proposals requiring confidential voting.
 - Proposals to reduce or eliminate supermajority voting requirements.
 - Proposals requiring shareholder approval for a shareholder rights plan or poison pill.
 - Proposals to require the company to expense stock options.
2. The following shareholder proposals will be voted as determined by the Proxy Review Committee.

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

- Proposals that limit tenure of directors.

- Proposals requiring shareholder approval of executive compensation.

E-7

- Proposals requiring shareholder approval of golden parachutes.
 - Proposals to eliminate certain anti-takeover related provisions.
 - Proposals to prohibit payment of greenmail.
3. The following shareholder proposals generally will not be supported, unless otherwise determined by the Proxy Review Committee.
- Proposals to declassify the Board of Directors (if management supports a classified board).
 - Proposals requiring a U.S. company to have a separate Chairman and CEO.
 - Proposal requiring that the company prepare reports that are costly to provide or that would require duplicative efforts or expenditures that are of a non-business nature or would provide no pertinent information from the perspective of institutional shareholders.

 - Proposals that require inappropriate endorsements or corporate actions.
 - Proposals requiring adherence to workplace standards that are not required or customary in market(s) to which the proposals relate.

IV. ADMINISTRATION OF PROXY POLICY AND PROCEDURES

A. PROXY REVIEW COMMITTEE

1. The MSIM Proxy Review Committee ("Committee") is responsible for creating and implementing MSIM's Proxy Voting Policy and Procedures and, in this regard, has expressly adopted them.

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

- (a) The Committee, which is appointed by MSIM's Chief Investment Officer ("CIO"), consists of senior investment professionals who represent the different investment disciplines and geographic locations of the firm. The Committee is responsible for establishing MSIM's proxy voting policy and guidelines and determining how MSIM will vote proxies on an ongoing basis.
- (b) The Committee will periodically review and have the authority to amend, as necessary, these Proxy Voting Policy and Procedures and establish and direct voting positions consistent with the Client Proxy Standard.
- (c) The Committee will meet at least monthly to (among other matters):
 - (1) address any outstanding issues relating to MSIM's Proxy Voting Policy and Procedures; and
 - (2) review proposals at upcoming shareholder meetings of MSIM portfolio companies in accordance with this Policy including, as appropriate, the voting results of prior shareholder meetings of the same issuer where a similar proposal was presented to shareholders. The Committee, or its designee, will timely communicate to ISS MSIM's Proxy

E-8

Voting Policy and Procedures (and any amendments to them and/or any additional guidelines or procedures it may adopt).

- (d) The Committee will meet on an ad hoc basis to (among other matters):
 - (1) authorize "split voting" (i.e., allowing certain shares of the same issuer that are the subject of the same proxy solicitation and held by one or more MSIM portfolios to be voted differently than other shares) and/or "override voting" (i.e., voting all MSIM portfolio shares in a manner contrary to the Proxy Voting Policy and Procedures);
 - (2) review and approve upcoming votes, as appropriate, for matters for which specific direction has been provided in these Policy and Procedures; and
 - (3) determine how to vote matters for which specific direction has not been provided in these Policy and Procedures. Split votes will generally not be approved within a single Global Investor Group team. The Committee may take into account ISS and IRRC recommendations and research as well as any other relevant information they may request or receive.
- (e) In addition to the procedures discussed above, if the Committee determines that an issue raises a potential material conflict of interest, or gives rise to the appearance of a potential material conflict of interest, the Committee will request a special committee to review, and recommend a course of action with respect to, the conflict(s) in question ("Special Committee"). The Special Committee shall be comprised of the Chairman of the Proxy Review Committee, the Compliance Director for the area of the firm involved or his/her designee, a senior portfolio manager (if practicable, one who is a member of the Proxy Review Committee) designated by the Proxy Review Committee and MSIM's Chief Investment Officer or his/her designee. The Special Committee may request the assistance of MSIM's General Counsel or his/her designee and will have sole discretion to cast a vote. In addition to the research provided by ISS and IRRC, the Special Committee may request analysis from MSIM Affiliate investment professionals and outside sources to the extent it deems appropriate.
- (f) The Committee and the Special Committee, or their designee(s), will

Edgar Filing: VAN KAMPEN HIGH INCOME TRUST II - Form N-14 8C

document in writing all of their decisions and actions, which documentation will be maintained by the Committee and the Special Committee, or their designee(s), for a period of at least 6 years. To the extent these decisions relate to a security held by a MSIM U.S. registered investment company, the Committee and Special Committee, or their designee(s), will report their decisions to each applicable Board of Trustees/Directors of those investment companies at each Board's next regularly scheduled Board meeting. The report will contain information concerning decisions made by the Committee and Special Committee during the most recently ended calendar quarter immediately preceding the Board meeting.

- (g) The Committee and Special Committee, or their designee(s), will timely communicate to applicable portfolio managers, the Compliance Departments and, as necessary to ISS, decisions of the Committee and Special Committee so that, among other things, ISS will vote proxies consistent with their decisions.

E-9

B. IDENTIFICATION OF MATERIAL CONFLICTS OF INTEREST

1. If there is a possibility that a vote may involve a material conflict of interest, the vote must be decided by the Special Committee in consultation with MSIM's General Counsel or his/her designee.
2. A material conflict of interest could exist in the following situations, among others:
 - (a) The issuer soliciting the vote is a client of MSIM or an affiliate of MSIM and the vote is on a material matter affecting the issuer;
 - (b) The proxy relates to Morgan Stanley common stock or any other security issued by Morgan Stanley or its affiliates; or
 - (c) Morgan Stanley has a material pecuniary interest in the matter submitted for a vote (e.g., acting as a financial advisor to a party to a merger or acquisition for which Morgan Stanley will be paid a success fee if completed).

C. PROXY VOTING REPORTS

- (a) MSIM will promptly provide a copy of these Policy and Procedures to any client requesting them. MSIM will also, upon client request, promptly provide a report indicating how each proxy was voted with respect to securities held in that client's account.
- (b) MSIM's legal department is responsible for filing an annual Form N-PX on behalf of each registered management investment company for which such filing is required, indicating how all proxies were voted with respect to such investment company's holdings.
