ITEM 8.01. Other Events.

On March 31, 2009 and April 1, 2009, the Registrant issued press releases regarding its voluntary recall of bulk packaged and small packaged items of Fisher brand and Flavor Tree brand roasted salted inshell pistachios as a precautionary measure because the product may be contaminated with salmonella. Additionally, the Registrant issued pistachio recall notices covering other roasted salted inshell pistachio items to five major customers and many small customers. The Registrant's recall was a follow-up to the voluntary recall of roasted shelled and inshell pistachios announced by Setton Pistachio of Terra Bella, Inc., a supplier to the Registrant, on March 31, 2009. The Registrant believes that the retail value of the inshell pistachios, which have been shipped to customers during the recall period and are currently in the market place, is approximately \$2.5 million. The potential financial impact of other aspects and consequences of the recall, including the cost of retrieval, return and disposal of the Registrant's products impacted by the recall, is unknown.

This voluntary recall is in line with United States Food & Drug Administration recommendations, and the Registrant has removed and isolated all of the Registrant's products impacted by the recall within its existing inventory which has a cost of approximately \$0.5 million.

The press releases are attached hereto as Exhibit 99.1 and Exhibit 99.2 and are incorporated by reference herein.
