On December 12, 2007, Agilysys, Inc. is making a presentation at the Raymond James 2007 IT Supply Chain Conference held in New York, New York. The presentation will be webcast and available for 30 days at <http://www.wsw.com/webcast/rj31/agys/>. A copy of the presentation is attached as Exhibit 99.1 to this report and is incorporated herein by reference.

The presentation includes reference to EBITDA (net income minus interest, taxes, depreciation and amortization), a non-GAAP financial measure. A reconciliation of net income, a GAAP financial measure, to EBITDA, a non-GAAP financial measure, is included in the investor presentation. Management reviews EBITDA internally to evaluate the company's performance, and management believes that the presentation of EBITDA can enhance investors' understanding of the company's ongoing operations. Investors should recognize that the company's use of EBITDA may not be comparable to similarly titled measures of other companies, and that EBITDA is not a substitute or alternative for measures of financial performance determined in accordance with accounting principles generally accepted in the United States (GAAP), such as net income.

A copy of the presentation will also be made available on the Investor Relations page of the company's Web site the day of the conference.

The information contained in this Item 2.02 and Item 7.01 disclosure and Exhibit 99.1 included with this Current Report is being furnished pursuant to Item 2.02 and Item 7.01 and shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the Exchange Act), or otherwise subject to the liabilities of that Section, nor shall such information be deemed to be incorporated by reference into any filing under the Securities Act of 1933, as amended (the Securities Act), or the Exchange Act, except as otherwise stated in such filing.
