Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance-Sheet Arrangement of a Registrant.

On October 11, 2017, Tucson Electric Power Company (TEP) entered into a 20-year Tolling Power Purchase Agreement (Agreement) with Salt River Project Agricultural Improvement and Power District (SRP) to purchase and receive all 550 megawatts of capacity, energy, and ancillary services from Unit 2 of the natural gas-fired Gila River Power Station (Gila River).

Under the terms of the Agreement, TEP will pay a monthly demand charge consisting of (i) a fixed capacity charge of approximately \$1.0 million per month for the first three years and approximately \$1.5 million per month for the remaining contract term, and (ii) an operating fee to compensate SRP for the non-fuel costs of operating Gila River Unit 2. In addition, TEP will be required to pay for any capital improvements needed for the continued operation of the unit, and will be responsible for the purchase and supply of natural gas used to generate the energy received by TEP, as defined in the Agreement.

TEP's obligations under the Agreement are contingent upon SRP's acquisition of Gila River Units 1 and 2. On October 11, 2017, SRP entered into an agreement to acquire Gila River Units 1 and 2 from CXA Sundevil Power I, Inc., and CXA Sundevil Power II, Inc. (collectively, Third Parties), respectively. The acquisition is expected to be completed by early 2018. If the acquisition is terminated for any reason, either TEP or SRP may terminate the Agreement without cost or penalty by providing written notice to the other party.

The Agreement also provides TEP with an option to purchase Gila River Unit 2 which may be exercised during the three-year period beginning on the date SRP completes the acquisition with the Third Parties. TEP's purchase option price for Gila River Unit 2 is dependent upon SRP's final purchase price and is expected to be approximately \$165 million, subject to customary closing adjustments.

The Agreement qualifies as a capital lease which creates a direct financial obligation for purposes of Item 2.03 of Form 8-K. Upon SRP completing the acquisition with the Third Parties, TEP expects to record a capital lease obligation for the fair value of Gila River Unit 2, which is expected to be approximately \$165 million.

Item 7.01 Regulation FD Disclosure.

On October 13, 2017, TEP issued a press release announcing that it had entered into the Agreement. A copy of such press release is attached as Exhibit 99.1 hereto.

Item 9.01 Financial Statements and Exhibits.

(d) Exhibits.
