REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Retirement Plans Administrative Committee
Fulton Financial Corporation 401(k) Retirement Plan
Lancaster, Pennsylvania

We have audited the accompanying statements of net assets available for benefits of Fulton Financial Corporation 401(k) Retirement Plan (the Plan) as of December 31, 2011 and 2010, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2011 and 2010, and the changes in net assets available for benefits for the years then ended in conformity with U.S. generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) and Schedule G, Part III – Schedule of Nonexempt Transactions are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audit of the basic 2011 financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic 2011 financial statements taken as a whole.

FULTON FINANCIAL CORPORATION
401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2011 and 2010

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Fulton Financial Corporation 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan's eligibility requirements include substantially all employees of Fulton Financial Corporation (the "Company" or the "Employer") and its subsidiaries. Eligible employees who have completed 90 days of service and who have attained age 21 may make employee contributions to the Plan. To receive an employer matching contribution, an employee must complete a year of service and attain age 21. The Plan provides for retirement, death, and disability benefits. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

In connection with the mergers of certain qualified defined contribution plans into the Plan, the Plan shall receive and accept certain promissory notes from unpaid loans previously made by these qualified plans to participants.

Contributions: The employer profit sharing contribution is discretionary and is allocated uniformly on the basis of compensation. To be eligible for an employer profit sharing contribution, an employee had (1) to be hired prior to July 1, 2007 and be eligible to participate in this Plan under the eligibility requirements in effect on that date or (2) to be an active participant in the Fulton Financial Affiliates Defined Benefit Pension Plan as of December 31, 2007.

Eligible employees may elect to contribute 1% to 50% of eligible compensation not to exceed the maximum allowed by law. Any participant who has attained age 50 by the end of the Plan year may make catch-up contributions in accordance with Code Section 414(v).

The employer shall make a matching contribution equal to 100% of the first 5% of compensation deferred. Participants direct the investment of their participant and employer contributions into various investment options offered by the Plan.

Participant Accounts: Each participant's account is credited with the participant's contribution, an allocation of the Company contributions and Plan earnings/(losses) and charged with his or her withdrawals. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Vesting: Participants are immediately vested in their voluntary, employer matching, and rollover contributions plus actual earnings thereon. Vesting in the remainder of the accounts is based on years of service. Participants become 100% vested after completion of five years of credited service.

Participants of the Resource Bank subsidiary shall be vested based on a two year cliff vesting schedule for employer contributions made prior to January 1, 2009.

Payment of Benefits: Upon termination of service, death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account. Benefit payments are distributed as either a lump sum or in installment payments over a period. The period over which benefits are paid is not to exceed either the life expectancy of the participant or the joint life expectancies of the participant and the participant's beneficiary.

FULTON FINANCIAL CORPORATION
401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2011 and 2010

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Forfeitures: Forfeitures represent the nonvested portion of the participant's account plus earnings thereon that are not fully distributable to participants who terminate employment before they are 100% vested. Forfeitures are used to reduce the future contributions to the Plan. Forfeitures used to reduce the employer contributions for the plan years ended December 31, 2011 and 2010 were \$70,755 and \$148,753 respectively.

Expenses: Fees incurred in the administration of the Plan are paid by the Plan or the Company. Fees paid by the Plan for investment management services are included as reduction of the return earned by each fund. Any rebates on investment fees received by the trustee on behalf of the Plan are deposited into the Plan and are reflected in the applicable fund investment returns.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Accounting Method: The Plan's financial statements are prepared on the accrual basis of accounting in conformity with U.S. generally accepted accounting principles.

Use of Estimates: The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Risk and Uncertainties: The Plan provides for various investment options including any combination of certain mutual funds, common stock of the Company, or collective trust funds. The underlying investment securities are exposed to various risks, such as interest rate, market, liquidity, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participants' individual account balances.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The fair values of mutual fund investments and publicly traded common stocks are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs). The fair value of participation units held by the Plan in a collective trust is based on the net asset value, as reported by the managers of the collective trust and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date. The fair value of the collective trust is classified within level 2 of the fair value hierarchy. The investment objective of the collective trust is to provide equity appreciation consistent with preservation of principal with reasonable income. The collective trust holds a diversified portfolio of common stocks and a money market fund. The collective trust provides for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

Investments measured at fair value on a recurring basis are summarized below:

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Concentration of Credit Risk: At both December 31, 2011 and 2010, approximately 11% of the Plan's assets were invested in Fulton Financial Corporation common stock.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Payment of Benefits: Benefits are recorded when paid.

NOTE 3 - RIGHTS UPON PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

NOTE 4 - INVESTMENTS

	\$(6,569,259)	\$22,809,617

NOTE 5 - TERMINATED PARTICIPANTS

Included in net assets available for benefits are amounts allocated to individuals who have elected to withdraw from the Plan, but who have not yet been paid. Plan assets allocated to these participants were \$351,909 at December 31, 2011 and \$920,145 at December 31, 2010.

NOTE 6 - PARTIES-IN-INTEREST

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain professional fees for the administration of the Plan were paid by the Company. Fees paid by the Plan to Conrad Siegel for recordkeeping services totaled \$38,914 and \$142,056 for 2011 and 2010, respectively. Fees paid to Fulton Financial Advisors related to benefits paid to participants and recordkeeping services totaled, \$64,946 and \$5,750 for 2011 and 2010 respectively. Fees paid to Crowe Horwath LLP, the auditor for the Plan, totaled \$31,600 and \$46,700 for 2011 and 2010, respectively. Fees paid to Newkirk Products totaled \$1,158 and \$1,829 for 2011 and 2010, respectively.

At December 31, 2011 and 2010, the Plan had investments of \$23,897,239 and \$24,428,912, respectively, in Fulton Financial Corporation common stock. The Plan also had investments of \$14,508,080 in collective trust funds with Fulton Financial Advisors, the custodian of the Plan, at December 31, 2010. Fulton Financial Advisors is a wholly-owned subsidiary of the Company. Approximately \$407,555 and \$285,987 of cash dividends were paid to the Plan by Fulton Financial Corporation during 2011 and 2010, respectively. Notes receivable from participants also reflect party-in-interest transactions. Certain immaterial rebates on investment fees received by FFA were not deposited into the Plan on a timely basis which constituted non-exempt transactions under ERISA with a party-in-interest. Management is in the process of correcting these transactions in accordance with the applicable regulatory guidelines.

NOTE 7 - TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated April 23, 2004, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in material compliance with the applicable requirements of the IRC.
