NEWS RELEASE

CENTRAL PACIFIC FINANCIAL CORP. REPORTS THIRD QUARTER EARNINGS

HONOLULU, October 23, 2003 Central Pacific Financial Corp. (NYSE: CPF), parent company of Central Pacific Bank, today reported third quarter net income of \$8.3 million, up 4.9% compared to the third quarter of 2002. Third quarter 2003 diluted earnings per share increased 6.3% to \$0.51 from \$0.48 for the third quarter of 2002. Strong loan and deposit growth contributed to the quarter's results.

Third Quarter Highlights

Edgar Filing: CB BANCSHARES INC/HI - Form 425

Net income increased 4.9% to \$8.3 million from \$7.9 million in the third quarter of 2002.

Diluted earnings per share (EPS) grew 6.3% to \$0.51 compared to \$0.48 in the third quarter of 2002.

Return on average equity (ROE) was 17.89% and return on average assets (ROA) was 1.58%.

Loans increased by \$89.6 million during the quarter, or 6.7% from June 30, 2003.

Nonperforming assets decreased by 58.8% to \$1.8 million from \$4.5 million at September 30, 2002.

Cash dividends increased by 60% to \$0.16 per share from \$0.10 in the third quarter of 2002.

The Company continued to perform well in a challenging interest rate environment. The recent increase in market interest rates from their June lows and strengthening loan demand is expected to increase revenues going forward, said Clint Arnoldus, Chairman, President and Chief Executive Officer. Additionally, during the quarter, we continued to add resources in our sales management, retail investment sales and business banking areas. We believe these initiatives will also help accelerate top line revenue growth and build our earnings momentum, said Arnoldus.

Third Quarter Results of Operations

Third quarter revenues (net interest income before provision plus other operating income) grew 4% to \$27.2 million, compared to \$26.3 million in the third quarter of 2002. Net interest income before provision for loan losses was \$23.3 million, little changed from the third quarter of 2002. Net interest margin for the third quarter of 2003 was 4.89%, up from 4.79% in the prior quarter and down from 5.24% in the third quarter of 2002. Declining market interest rates and accelerated asset repricing have resulted in lower margins from a year ago, while a nonrecurring benefit of \$1.3 million from a loan prepayment penalty resulted in the sequential quarter increase.

Provision for loan losses in the third quarter of 2003 was \$500,000, a 67% increase from the \$300,000 reported in the same period last year. The higher provision for loan losses was result of strong loan growth and the higher level of net charge-offs experienced during the quarter.

Other operating income for the third quarter of 2003, excluding securities gains and losses, was \$3.8 million, a 15% increase over the \$3.3 million reported in the third quarter of last year. The increase was primarily driven by increases in trust income and gains on sale of residential mortgage loans.

Salaries and employee benefits totaled \$7.6 million, a 3% increase from the \$7.4 million reported in the third quarter of 2002. Other operating expenses, excluding salaries and benefits, totaled \$6.7 million, a decrease of 4% from the \$6.9 million reported in the third quarter of last year. The third quarter of 2003 included \$617,000 in expenses associated

with the Company's proposal to acquire CB Bancshares, Inc., while the year ago period included \$976,000 in interest expense on a state tax assessment under appeal.

The effective tax rate increased slightly to 33.55% in the third quarter of 2003 from 32.37% in the same period last year.

Asset Quality

Asset quality remains sound, as total nonperforming assets declined 59% to \$1.8 million or 0.09% of total assets, compared to \$4.5 million or 0.23% of total assets a year ago. Loans delinquent for 90 days or more was \$722,000 or 0.03% of total assets at September 30, 2003.

Net loan charge-offs totaled \$1.1 million in the third quarter of 2003, compared to \$37,000 in the year ago period. Year-to-date net loan charge-offs of \$92,000 improved from the \$333,000 recorded during the first nine months of 2002. The allowance for loan losses declined to 1.73% of total loans compared to 1.94% a year ago.

Balance Sheet Analysis

Total assets grew to \$2.13 billion at September 30, 2003, an 8% increase over the \$1.98 billion reported a year ago. Investment securities increased to \$537.1 million, up 2% from \$527.1 million reported last year. Total loans grew 11% to \$1.43 billion, compared to \$1.29 billion a year ago.

Total deposits grew to \$1.73 billion, an increase of 8% over the \$1.61 billion reported at September 30, 2002. Non-interest bearing deposits increased by 21% to \$331.5 million, compared to \$274.5 million a year ago.

Shareholders' equity increased 12% to \$187.5 million, or \$11.69 book value per share at September 30, 2003, compared to \$167.1 million or \$10.49 book value per share a year ago.

Earnings Outlook

In the fourth quarter, we expect continued loan growth and a slight improvement in the net interest margin from the third quarter's normalized level. As a result, management expects diluted earnings per share for the year of \$2.05 - \$2.07, said Neal Kanda, Vice President and Chief Financial Officer.

Merger Update

The Company remains committed to its proposal to acquire CB Bancshares, Inc. (Nasdaq: CBBI) for \$22.27 in cash and 1.6005 shares of CPF stock for each outstanding share of CBBI stock. CPF is proceeding with its efforts to secure all necessary regulatory approvals. Additionally, the Company raised \$40 million in capital on October 10, 2003 to support the proposed merger and for general corporate purposes. We
