PROXY STATEMENT

This Proxy Statement is being furnished beginning March 12, 2004, by the Board of Directors of MDU Resources Group, Inc. (Company) to solicit proxies for use at the Annual Meeting of Stockholders. The meeting will be held on April 27, 2004.

Your proxy is solicited by the Board of Directors. The Company pays the cost of soliciting your proxy and reimburses brokers and others for forwarding proxy material to you. Georgeson & Company, Inc. additionally will solicit proxies for approximately \$6,500 plus out-of-pocket expenses.

VOTING INFORMATION

Edgar Filing: MDU RESOURCES GROUP INC - Form DEF 14A

Who may vote? You may vote if you owned shares of Common Stock at the close of business on February 27, 2004. Each share owned on that date may be voted on each matter presented at the meeting. As of February 27, 2004, the Company had 116,766,021 shares outstanding entitled to one vote per share.

What am I voting on? You are voting on:

The election of 4 Directors for 3 year terms each;

the amendments to the Non-Employee Director Stock Compensation Plan; and

any other business properly brought before the meeting.

What vote is required to pass an item of business? A majority of the outstanding shares of Common Stock entitled to vote must be present in person or represented by proxy to hold the meeting.

A plurality of votes of the Common Stock entitled to vote and present in person or represented by proxy is required to elect a Director. "Withheld" votes are not counted in determining whether a plurality of votes was received by a Director nominee.

The proposed amendments to the Non-Employee Director Stock Compensation Plan for New York Stock Exchange purposes require the affirmative vote of the holders of a majority of the votes cast, provided that the total votes cast represent over 50 percent in interest of all securities entitled to vote on the amendments. In determining whether the number of votes cast represents more than 50 percent of the shares of Common Stock entitled to vote, abstentions will count as votes cast and broker non-votes will not count as votes cast. Broker non-votes occur if brokers are given no voting instructions from their customers with respect to the Plan, since the New York Stock Exchange rules prohibit discretionary voting on equity compensation plans. Under Delaware law, the Plan amendments require the affirmative vote of the holders of a majority of the Common Stock present or represented by proxy and entitled to vote. Abstentions will have the effect of a vote against the amendments and broker non-votes will have no effect.

How do I vote? There are three ways to vote by proxy:

by calling the toll free telephone number on the proxy;

by using the Internet; or

by returning the enclosed letter proxy in the envelope provided.

You *may* be able to vote by telephone or the Internet if your shares are held in the name of a bank or broker. Follow their instructions.

You may have electronic access charges you must pay for Internet voting.

1

Counsel has advised the Company that the Internet and telephone voting procedures meet legal requirements.

Can I revoke my proxy? Yes. You can revoke your proxy by:

filing written revocation with the Secretary before the meeting;

Edgar Filing: MDU RESOURCES GROUP INC - Form DEF 14A

filing a proxy bearing a later date with the Secretary; or

revoking a proxy at the meeting and voting in person.

6

PROPOSAL TO AMEND THE NON-EMPLOYEE DIRECTOR STOCK COMPENSATION PLAN

The Non-Employee Director Stock Compensation Plan (the "Plan") was approved by the common stockholders at the 1995 Annual Meeting. The Plan subsequently was amended by the Board of Directors in May 1998 to permit Directors to receive stock in lieu of meeting fees and in May 2001 and May 2003 to increase the number of shares granted annually under the Plan. There has been no increase in the overall Plan limit since the Plan was adopted, except for the automatic adjustments pursuant to the three-for-two stock splits in 1995, 1998 and 2003.

As of February 27, 2004, 36,329 shares of common stock remained available under the Plan. On February 12, 2004, the Board of Directors approved amendments to the Plan to increase the number of shares of common stock available for delivery under the Plan from 112,500 shares to 527,128 shares, subject to common stockholder approval.

The complete text of the Plan as amended is set forth as Exhibit "A" hereto. The following is a summary of the material features of the Plan and is qualified in its entirety by reference to Exhibit "A."

Purpose of the Plan

The purpose of the Plan is to provide ownership of Company Common Stock by non-employee members of the Board of Directors in order to improve the Company's ability to attract and retain highly qualified individuals to serve as Directors of the Company and to strengthen the commonality of interest between Directors and stockholders.

Administration

The Plan has a fixed maximum number of shares and is administered by a committee appointed by the Board of Directors which will consist of at least two persons not eligible to participate in the Plan who do not need to be members of the Board of Directors.

Awards Under the Plan

The Plan provides for each non-employee Director to receive a grant of 2,700 shares of Company Common Stock as a portion of the annual retainer payable to such Director. The stock grant is in addition to the cash retainer paid to each non-employee Director. The stock grant is made automatically on the fifteenth business day after each annual meeting of stockholders. The Plan also provides each non-employee Director with the right to elect to increase the number of shares of Common Stock that will be granted by reducing the balance of the annual cash retainer.

Shares Subject to the Plan

Shares to be issued under the Plan may be authorized but unissued shares of Common Stock, treasury stock or shares purchased on the open market. The maximum number of shares that may be issued under the Plan, as amended, is 527,128. If any corporate transaction occurs that causes a change in the Company's capitalization, the committee shall make appropriate adjustments to the number or kind of shares subject to the Plan and the annual stock payment.

Eligibility and Participation

Edgar Filing: MDU RESOURCES GROUP INC - Form DEF 14A

Non-employee Directors of the Company will participate in the Plan. There are currently ten non-employee Directors.

Amendment and Termination

Unless previously terminated by the Board, the Plan will terminate when all shares have been granted. The Board may amend, suspend or terminate the Plan at any time, provided, however, that no amendment required by law, rule or regulation to be approved by the Company's stockholders shall be effective unless the amendment is approved by the requisite vote of Company stockholders entitled to vote thereon.

The table reflects the aggregate number of shares of Common Stock granted to the non-employee Directors on the fifteenth business day after the annual meeting. The dollar value is based on the average stock price over the purchase periods ending May 13, 2003 and June 6, 2003 reflecting a per share price of \$29.728 and \$32.233, respectively.

The Board of Directors Recommends a Vote "FOR" this Proposal.

The proposed amendments to the Plan for New York Stock Exchange purposes require the affirmative vote of the holders of a majority of the votes cast, provided that the total votes cast represent over 50 percent in interest of all securities entitled to vote on the amendments. In determining whether the number of votes cast represents more than 50 percent of the shares of Common Stock entitled to vote, abstentions will count as votes cast and broker non-votes will not count as votes cast. Broker non-votes occur if brokers are given no voting instructions from their customers with respect to the Plan, since the New York Stock Exchange rules prohibit discretionary voting on equity compensation plans. Under Delaware law, the Plan amendments require the affirmative vote of the holders of a majority of the Common Stock present or represented by proxy and entitled to vote. Abstentions will have the effect of a vote against the amendments and broker non-votes will have no effect.

The 1998 Option Award Program

The 1998 Option Award Program is a broad-based plan adopted by the Board of Directors, effective February 12, 1998. The plan permits the grant of nonqualified stock options to employees of the Company and its subsidiaries. The maximum number of shares that may be issued under the plan is 2,809,342. Shares granted may be

authorized but unissued shares, treasury shares, or shares purchased on the open market. Option exercise prices are equal to the market value of the Company's shares on the date of the option grant. Optionees receive dividend equivalents on their options, with any credited dividends paid

Edgar Filing: MDU RESOURCES GROUP INC - Form DEF 14A

in cash to the optionee if the option vests, or forfeited if the option is forfeited. Vested options remain exercisable for one year following termination of employment due to death or disability and for three months following termination of employment for any other reason.

Unvested options are forfeited upon termination of employment. Subject to the terms and conditions of the plan, the plan's administrative committee determines the number of shares subject to options granted to each participant and the other terms and conditions pertaining to such options, including vesting provisions. All options become immediately exercisable in the event of a change in control of the Company.

In 1998, 225 options (adjusted for the three-for-two stock split in July 1998 and the three-for-two stock split in October 2003) were granted to each of approximately 2,200 employees. No officers received grants. These options vested on March 2, 2001. In 2001, 300 options (adjusted for the three-for-two stock split in October 2003) were granted to each of approximately 5,900 employees. No officers received grants. These options vested on February 13, 2004. As of December 31, 2003, options covering 1,418,925 shares of Common Stock were outstanding under the plan. 1,225,725 shares remained available for future grant and options covering 164,692 shares had been exercised.

The Group Genius Innovation Plan

The Group Genius Innovation Plan was adopted by the Board of Directors, effective May 17, 2001, to encourage employees to share ideas for new business directions for the Company and to reward them when the idea becomes profitable. Employees of the Company and its subsidiaries who are selected by the plan's administrative committee are eligible to participate in the plan. Officers and Directors are not eligible to participate. The plan permits the granting of nonqualified stock options, stock appreciation rights, restricted stock, restricted stock units, performance units, performance stock and other awards. The maximum number of shares that may be issued under the plan is 149,600. Shares granted under the plan may be authorized but unissued shares, treasury shares or shares purchased on the open market. Restricted stockholders have voting rights and, unless determined otherwise by the plan's administrative committee, receive dividends paid on the restricted stock. Dividend equivalents payable in cash may be granted with respect to options and performance shares. The plan's administrative committee determines the number of shares or units subject to awards, and the other terms and conditions of the awards, including vesting provisions and the effect of employment termination. Upon a change in control of the Company, all options and stock appreciation rights become immediately vested and exercisable, all restricted stock becomes immediately vested, all restricted stock units become immediately vested and are paid out in cash, and target payout opportunities under all performance units, performance stock, and other awards are deemed to be fully earned, with awards denominated in stock paid out in shares and awards denominated in units paid out in cash. As of December 31, 2003, 800 shares of stock had been granted to 13 employees.

The Table covers the amounts payable under the Salaried Pension Plan and non-qualified Supplemental Income Security Plan (SISP).

Pension benefits are determined by the step-rate formula that places emphasis on the highest consecutive 60 months of earnings within the final 10 years of service.

Benefits for single participants under the Salaried Pension Plan are paid as straight life amounts and benefits for married participants are paid as actuarially reduced pensions with a survivorship benefit for spouses, unless participants choose otherwise.

The Salaried Pension Plan also permits pre-retirement survivorship benefits upon satisfaction of certain conditions. Additionally, certain reductions are made for employees electing early retirement.

The Internal Revenue Code places maximum limitations on benefit amounts that may be paid under the Salaried Pension Plan.

The Company has adopted a non-qualified SISP for senior management personnel. As of December 31, 2003, 99 senior management personnel were participating in the SISP, including the Named Officers.

Both plans cover salary shown in column (c) of the Summary Compensation Table and exclude bonuses and other forms of compensation.

16

Upon retirement and reaching age 65, participants in the SISP may elect a retirement benefit or a survivors' benefit with the benefits payable monthly for 15 years or as an equivalent life annuity.

As of December 31, 2003, the Named Officers were credited with the following years of service under the plans:

| Name | Pension Service | SISP Service Years |
|------|-----------------|--------------------|
|------|-----------------|--------------------|

Years

| | | |
|---------------------|----|----|
| Martin A. White | 12 | 12 |

| Warren L. Robinson | 15 | 15 |
| Lester H. Loble, II | 16 | 16 |
| Vernon A. Raile | 23 | 22 |

The maximum years of service for benefits under the Pension Plan is 35. Vesting under the SISP begins at 3 years and is complete after 10 years. Benefit amounts under both plans are not subject to reduction for offset amounts.

CHANGE-OF-CONTROL AND SEVERANCE ARRANGEMENTS

The Company entered into Change of Control Employment Agreements with the Named Officers and other executives ("executives") in November 1998, which provide certain protections to the executives in the event there is a change of control of the Company.

If a change of control occurs, the agreements provide for a three-year employment period from the date of the change of control, during which the executive is entitled to receive a base salary not less than the highest amount paid within the preceding twelve months, and annual bonuses not less than the highest bonus paid within the three years before the change of control, and to participate in the Company's incentive, savings, retirement and welfare benefit plans.

The agreements also provide that specified severance payments and benefits would be provided if the executive's employment is terminated during the employment period (or if connected to the change of control, prior thereto) by the Company, other than for cause or disability, or by the executive for good reason, which includes for any reason during the 30-day period beginning on the first anniversary of the change of control.

In such event, the executive would receive an amount equal to three times his annual base pay plus three times his highest annual bonus (as defined). In addition, he would receive (i) an immediate pro-rated cash-out of his bonus for the year of termination based on the highest annual bonus and (ii) an amount equal to the excess of (a) the actuarial equivalent of the benefit under Company qualified and nonqualified retirement plans that he would receive if he continued employment with the Company for an additional three years over (b) the actual benefit paid or payable under these plans.

The executive and family would continue to be covered by the Company's welfare benefit plans for three years. The executive also would receive outplacement benefits. Finally, the executive would receive an additional payment if necessary to make him or her whole for any federal excise tax on excess parachute payments imposed upon the executive, unless the total parachute payments were not more than 110% of the safe harbor amount for that tax (in which event the executive's payments would be reduced to the safe harbor amount).

For these purposes, "cause" generally means the executive's willful and continued failure to substantially perform his duties or willfully engaging in illegal conduct or misconduct materially injurious to the Company. "Good reason" generally includes the diminution of the executive's position, authority, duties or responsibilities, the reduction of the executive's pay or benefits, and relocation or increased travel obligations.

Subject to certain exceptions described in the agreements, a "change of control" is defined in general as (i) the acquisition by an individual, entity, or group of 20% or more of the Company's voting securities; (ii) a turnover in a majority of the Board of Directors without the approval of a majority of the members of the Board who were members of the Board as of November 1998 or whose election was approved by such Board members; (iii) a merger or similar transaction; or (iv) the stockholders' approval of the Company's liquidation or dissolution.

The Company entered into an agreement with Lester H. Loble, II in connection with Mr. Loble's retirement on January 2, 2004. Mr. Loble agreed to provide consulting services to the Company for six months after his retirement for which he was paid \$142,500. Mr. Loble also was entitled to keep certain office equipment. Other benefits to which Mr. Loble is entitled are determined in accordance with the terms and provisions of the Company's plans and programs.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Purpose

The Compensation Committee of the Board of Directors has direct responsibility for determining compensation of the Company's executive officers and for producing an annual report on executive compensation for inclusion in the Company's proxy statement. Composed entirely of non-employee Directors, the Committee meets quarterly to review and determine compensation for the executive officers, including the Chief Executive Officer.

Executive Compensation

Based upon a study of the Company's executive compensation programs in 2002, the Committee made several changes to its approach to long-term incentive compensation, including the elimination of stock options and restricted stock grants effective in 2003.

The Committee believes that appropriate compensation levels succeed in both attracting and motivating high quality employees. To implement this philosophy, the Committee analyzes trends in compensation among comparable companies participating in the oil and gas industry, segments of the energy and mining industries, the peer group of companies used in the graph following this report, and similar companies from general industry. The Committee then sets compensation levels that it believes are competitive within the industry and structured in a manner that rewards successful job performance. There are three components of total executive compensation: base salary, annual incentive compensation, and long-term incentive compensation.

In setting base salaries, the Committee does not use a particular formula. In addition to the above data, other factors the Committee uses in its analysis include the executive's current salary in comparison to the competitive industry standard as well as individual performance. Mr. White, the Chairman, President and Chief Executive Officer, received a 15.4% increase in base salary for 2003. During 2003, only approximately 21.2% of Mr. White's compensation was base pay. The remainder was performance-based. This reflects the Committee's belief in the importance of having substantial at risk compensation to provide a direct and strong link between performance and executive pay. For the other Named Officers, the Committee targeted salaries at the midpoint of the competitive industry standard. The other Named Officers received base salary increases averaging 11.98% for 2003.

18

In keeping with the Committee's belief that compensation should be directly linked to successful performance, the Company employs both annual and long-term incentive compensation plans. The annual incentive compensation is determined under the Executive Incentive Compensation Plan. The Committee makes awards based upon the level of corporate earnings, cost efficiency, and individual performance. Mr. White received a total of \$1,200,000 (or 200% of the targeted amount) in annual incentive compensation for 2003; the other Named Officers received an average of \$245,366 or 180% of the targeted amount, based upon achievement of corporate earnings and individual performance above the target level.

Long-term incentive compensation serves to encourage successful strategic management and is awarded under the 1997 Executive Long-Term Incentive Plan.

Effective in 2003, several changes were made to the long-term incentive program as a result of the study discussed above. The Committee does not expect to make additional stock option or restricted stock grants under the 1997 Executive Long-Term Incentive Plan. Beginning with grants made in 2003, the Committee is using performance shares, with dividend equivalents, as the form of long-term incentive compensation. These awards are expected to be made annually. The performance periods will generally be three years, and performance goals will compare Company performance against a peer group in specified areas. Performance shares and dividend equivalents will be paid out, if earned, between 10% and 200% of the target award. Performance shares will be paid out in stock and dividend equivalents in cash. Awards for two performance periods were made to executive officers in 2003 2002-2004 and 2003-2005. The level of award for each executive officer was determined by using the Committee approved target incentive guidelines. This new long-term award is designed to ensure the retention value and the motivation effect of the Company's long-term compensation program on the Company's executive officers.

In recent years, the Committee has used stock options with dividend equivalents and performance-accelerated restricted stock as the components of long-term incentive compensation. Options were granted every three years with three-year performance cycles. The options became exercisable automatically in nine years, but vesting was accelerated if the performance goals were met after three years. The size of the

Edgar Filing: MDU RESOURCES GROUP INC - Form DEF 14A

awards was based upon the executive's established pay grade, which took into consideration the job's internal value, based on overall complexity and responsibility, and external value as reflected in a market competitiveness comparison.

Options with a three-year performance cycle (2001-2003) and related dividend equivalents were granted in 2001. Performance goals established by the Committee and described in the 2002 Proxy Statement for the 2001-2003 performance cycle were exceeded; therefore, exercisability of the options was accelerated and dividend equivalents were earned at 151.7%, except for Mr. Tipton for whom the exercisability of 45.5% of his options was accelerated and dividend equivalents were earned at the same percent. No additional options were granted in 2003.

In addition, the Committee accelerated vesting of 67 percent of the restricted stock granted under the 1997 Executive Long-Term Incentive Plan, based on achievement of performance goals for the three-year period 2001-2003 at the 67th percentile.

At December 31, 2003, there were approximately 4.2 million options outstanding under the Company's various plans, which is approximately 3.7% of shares outstanding.

In 1994, the Board of Directors adopted Stock Ownership Guidelines under which executives are required to own Company Common Stock valued from one to four times their annual salary.

The Committee monitors the impact of federal tax laws on executive compensation, including Section 162(m) of the Internal Revenue Code. The deductibility of some types of compensation depends upon the timing of an executive's vesting or exercise of awards or on whether such awards qualify as "performance-based" under the provisions of Section 162(m). The Committee will consider the possible tax effect when structuring performance-based compensation but may pay compensation to its executive officers that is not fully deductible.

ACCOUNTING AND AUDITING MATTERS

On February 14, 2002, upon the recommendation of the Audit Committee, the Board of Directors approved the dismissal of Arthur Andersen LLP as the Company's independent auditors following the 2001 audit. New auditor candidates thereafter were reviewed by the Audit Committee. On March 25, 2002, the Board of Directors accepted the Audit Committee's recommendation that the firm of Deloitte & Touche LLP be retained as independent auditors for the Company for fiscal year 2002.

In connection with the audits for the fiscal years ended 2000 and 2001 and through February 20, 2002, there were no disagreements with Arthur Andersen LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Arthur Andersen LLP, would have caused Arthur Andersen LLP to make reference thereto in connection with its reports on the financial statements of the Company for such time periods. Also, during those time periods, there were no "reportable events," as such term is used in Item 304(a)(1)(v) of Regulation S-K.

Arthur Andersen LLP's reports on the financial statements of the Company for each of the fiscal years ended 2000 and 2001 neither contained an adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope, or accounting principles.

The Company provided Arthur Andersen LLP with a copy of the foregoing disclosure, and a letter from Arthur Andersen LLP confirming its agreement with this disclosure was filed as an exhibit to the Company's Current Report on Form 8-K, dated February 20, 2002.

During the Company's two fiscal years ended December 31, 2001 and the subsequent interim period through March 25, 2002, the Company did not consult with Deloitte & Touche LLP with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's consolidated financial statements, or any other matters or reportable events listed in Items 304(a)(2)(i) and (ii) of Regulation S-K.

Edgar Filing: MDU RESOURCES GROUP INC - Form DEF 14A

A representative of Deloitte & Touche LLP will be present at the Annual Meeting of Stockholders. It is not anticipated that the representative will make a prepared statement at the meeting. However, he or she will be free to do so if he or she so chooses, as well as respond to appropriate questions.

26

*

The 2002 amounts were adjusted from amounts shown in the 2003 proxy statement to reflect actual costs.

The Audit Committee discussed these services with Deloitte & Touche LLP and Company management to determine that they are permitted under the rules and regulations concerning auditor independence promulgated by the Securities and Exchange Commission to implement the Sarbanes-Oxley Act of 2002.

Pre-Approval Policy

All services performed by Deloitte & Touche LLP in 2003 were pre-approved in accordance with the pre-approval policy and procedures adopted by the Audit Committee at its August 12, 2003 Audit Committee meeting. This policy is designed to achieve the continued independence of Deloitte & Touche LLP and to assist the Company's compliance with Sections 201 and 202 of the Sarbanes-Oxley Act of 2002 and related rules promulgated by the Securities and Exchange Commission.

The policy defines the permitted services in each of categories of Audit, Audit Related, Tax and All Other services as well as prohibited services. The pre-approval policy requires management to submit annually for approval to the Audit Committee a Service Plan describing the scope of work and anticipated cost associated with each category of service. At each regular Audit Committee meeting, management reports on services performed by Deloitte & Touche LLP and the fees paid or accrued through the end of the quarter

27

preceding the meeting. Additional services contemplated to be performed before the next scheduled Audit Committee meeting may be submitted to the Designated Member of the Audit Committee for approval. The Designated Member is required to update the Audit Committee at the next regularly scheduled meeting regarding any services approved during the interim period. At each regular Audit Committee meeting, management submits to the Audit Committee for approval a supplement to the Service Plan containing a request for any additional permitted services required of Deloitte & Touche LLP as determined necessary by management that were not already pre-approved by the Audit Committee, including services approved by the Designated Member.

In addition, prior to approving any request for Audit Related, Tax or Other services of more than \$50,000, Deloitte & Touche will provide a statement setting forth the reasons why the rendering of the proposed services does not compromise Deloitte & Touche LLP's independence. This description and statement by Deloitte & Touche LLP may be incorporated into the Service Plan or as an exhibit thereto or may be delivered in a separate written statement.

"Subsidiary" means any corporation that is a "subsidiary corporation" of the Company, as that term is defined in Section 424(f) of the Internal Revenue Code of 1986, as amended.

III. Shares of Common Stock Subject to the Plan

Subject to Section VII below, the maximum aggregate number of shares of Common Stock that may be delivered under the Plan is 527,128 shares. The Common Stock to be delivered under the Plan will be made available from authorized but unissued shares of Common Stock, treasury stock or shares of Common Stock purchased on the open market. Shares of Common Stock purchased on the open market shall be purchased by the Agent.

IV. Administration

A. The Plan will be administered by a committee appointed by the Board, consisting of two or more persons who are not eligible to participate in the Plan. Members of the Committee need not be members of the Board. The Company shall pay all costs of administration of the Plan.

B. Subject to and not inconsistent with the express provisions of the Plan, the Committee has and may exercise such powers and authority of the Board as may be necessary or appropriate for the Committee to carry out its functions under the Plan. Without limiting the generality of the foregoing, the Committee shall have full power and authority (i) to determine all questions of fact that may arise under the Plan, (ii) to interpret the Plan and to make all other determinations necessary or advisable for the administration of the Plan and (iii) to prescribe, amend and rescind rules and regulations relating to the Plan, including, without limitation, any rules which the Committee determines are necessary or appropriate to ensure that the Company and the Plan will be able to comply with all applicable provisions of any federal, state or local law. All interpretations, determinations and actions by the Committee will be final and binding upon all persons, including the Company and the Participants.

V. Determination of Annual Retainer and Stock Payments

A. The Board shall determine the Annual Retainer payable to all Non-Employee Directors of the Company.

B. Each director who is a Non-Employee Director immediately following the date of the Company's Annual Meeting of Stockholders shall receive on the fifteenth business day following the Annual Meeting a Stock Payment of 2,700 shares of Common Stock as a portion of the Annual Retainer payable to such director for the Plan Year in which such date occurs. Certificates evidencing the shares of Common Stock constituting Stock Payments shall be registered in the respective names of the Participants and shall be issued to each Participant. The cash portion of the Annual Retainer shall be paid to Non-Employee Directors at such times and in such manner as may be determined by the Board of Directors.

C. Any director may decline a Stock Payment for any Plan Year; provided, however, that no cash compensation shall be paid in lieu thereof. Any director who declines a Stock Payment must do so in writing prior to the performance of any services as a Non-Employee Director for the Plan Year to which such Stock Payment relates.

D. No Non-Employee Director shall be required to forfeit or otherwise return any shares of Common Stock issued as a Stock Payment pursuant to the Plan (including any shares of Common Stock received as a result of an election under Section VI) notwithstanding any change in status of such Non-Employee Director which renders him ineligible to continue as a Participant in the Plan. Any person

who is a Non-Employee Director immediately following the Company's Annual Meeting of Stockholders shall be entitled to receive a Stock Payment as a portion of the applicable Annual Retainer.

VI. Election to Increase Amount of Stock Payment

In lieu of receiving the cash portion of the Annual Retainer for any Plan Year, a Participant may make a written election to reduce the cash portion of such Annual Retainer by a specified dollar amount and have such amount applied to purchase additional shares of Common Stock of the Company. The election shall be made on a form provided by the Committee and must be returned to the Committee on or before the last business day of the year prior to the year in which the election is to be effective. The election form shall state the amount by which the Participant desires to reduce the cash portion of the Annual Retainer, which shall be applied toward the purchase of Common Stock; provided, however, that no fractional shares shall be purchased. Stock to be delivered to Participants pursuant to this election shall be delivered in December of each year. Cash in lieu of any fractional share shall be paid to the Participant. An election shall continue in effect until changed or revoked by the Participant. No Participant shall be allowed to change or revoke any election for the then current year, but may change an election for any subsequent Plan Year. All shares of Common Stock received pursuant to an election under this Article VI must be held by a Participant for six months after receipt thereof.

VII. Adjustment For Changes in Capitalization

If the outstanding shares of Common Stock of the Company are increased, decreased or exchanged for a different number or kind of shares or other securities, or if additional shares or new or different shares or other securities are distributed with respect to such shares of Common Stock or other securities, through merger, consolidation, sale of all or substantially all of the property of the Company, reorganization or recapitalization, reclassification, stock dividend, stock split, reverse stock split, combinations of shares, rights offering, distribution of assets or other distribution with respect to such shares of Common Stock or other securities or other change in the corporate structure or shares of Common Stock, the number of shares to be granted annually and the maximum number of shares and/or the kind of shares that may be issued under the Plan shall be appropriately adjusted by the Committee. Any determination by the Committee as to any such adjustment will be final, binding and conclusive. The maximum number of shares issuable under the Plan as a result of any such adjustment shall be rounded down to the nearest whole share.

VIII. Amendment and Termination of Plan

The Board will have the power, in its discretion, to amend, suspend or terminate the Plan at any time; provided, however, that no amendment that is required by law, rule or regulation to be approved by the Company's stockholders shall be effective unless such amendment shall be approved by the requisite vote of stockholders of the Company entitled to vote thereon.

IX. Effective Date and Duration of the Plan

The Plan became effective upon the Effective Date, and shall remain in effect, subject to the right of the Board of Directors to terminate the Plan at any time pursuant to Section VIII, until all shares subject to the Plan have been purchased or acquired according to the Plan's provisions.

X. Miscellaneous Provisions

A. Continuation of Directors in Same Status

Nothing in the Plan or any action taken pursuant to the Plan shall be construed as creating or constituting evidence of any agreement or understanding, express or implied, that the Company will retain a Non-Employee Director as a director or in any other capacity for any period of time or at a particular

retainer or other rate of compensation, as conferring upon any Participant any legal or other right to continue as a director or in any other capacity, or as limiting, interfering with or otherwise affecting the right of the Company to terminate a Participant in his capacity as a director or otherwise at any time for any reason, with or without cause, and without regard to the effect that such termination might have upon him as a

Participant under the Plan.

B. Compliance with Government Regulations

Neither the Plan nor the Company shall be obligated to issue any shares of Common Stock pursuant to the Plan at any time unless and until all applicable requirements imposed by any federal and state securities and other laws, rules and regulations, by any regulatory agencies or by any stock exchanges upon which the Common Stock may be listed have been fully met. As a condition precedent to any issuance of shares of Common Stock and delivery of certificates evidencing such shares pursuant to the Plan, the Board or the Committee may require a Participant to take any such action and to make any such covenants, agreements and representations as the Board or the Committee, as the case may be, in its discretion deems necessary or advisable to ensure compliance with such requirements. The Company shall in no event be obligated to register the shares of Common Stock deliverable under the Plan pursuant to the Securities Act of 1933, as amended, or to qualify or register such shares under any securities laws of any state upon their issuance under the Plan or at any time thereafter, or to take any other action in order to cause the issuance and delivery of such shares under the Plan or any subsequent offer, sale or other transfer of such shares to comply with any such law, regulation or requirement. Participants are responsible for complying with all applicable federal and state securities and other laws, rules and regulations in connection with any offer, sale or other transfer of the shares of Common Stock issued under the Plan or any interest therein including, without limitation, compliance with the registration requirements of the Securities Act of 1933, as amended (unless an exemption therefrom is available), or with the provisions of Rule 144 promulgated thereunder, if applicable, or any successor provisions. Certificates for shares of Common Stock may be legended as the Committee shall deem appropriate.

C. Nontransferability of Rights

No Participant shall have the right to assign the right to receive any Stock Payment or any other right or interest under the Plan, contingent or otherwise, or to cause or permit any encumbrance, pledge or charge of any nature to be imposed on any such Stock Payment (prior to the issuance of stock certificates evidencing such Stock Payment) or any such right or interest.

D. Severability

In the event that any provision of the Plan is held invalid, void or unenforceable, the same shall not affect, in any respect whatsoever, the validity of any other provision of the Plan.

E. Governing Law

To the extent not preempted by Federal law, the Plan shall be governed by the laws of the State of Delaware.

MDU Resources Group, Inc.

Statement of Policy

Director Independence Standards

**I.
Policy**

It is the sense of this Board that the expertise and perspective of independent directors is of great value and benefit to MDU Resources Group, Inc. ("MDU") and its stockholders. Accordingly, and in keeping with the other high standards of corporate governance which this Board has established for itself, the listing standards of the New York Stock Exchange, and laws and regulations applicable to MDU, this Board establishes the following guidelines on director independence and for determining whether its members are independent.

**II.
Director Independence General**

The Board believes that a substantial majority of its members should satisfy these standards for independence.

No director may be deemed independent unless the Board affirmatively determines, after due deliberation, that the director has no material relationship with MDU either directly or as a partner, shareholder or officer of an organization that has a relationship with MDU. In each case, the Board shall broadly consider all the relevant facts and circumstances and shall apply these standards. Trivial or *de minimis* affiliations or connections to MDU by a director or his or her immediate family will not generally be cause for the Board to determine that the director is not independent. In addition:

- (1) A director who is an employee, or whose immediate family member is an executive officer, of MDU is not independent.
- (2) A director who receives, or whose immediate family member receives, more than \$100,000 per year in direct compensation from MDU, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service), is not independent until three years after he or she ceases to receive more than \$100,000 per year in such compensation.
- (3) A director who is affiliated with or employed by, or whose immediate family member is affiliated with or employed in a professional capacity by, a present or former internal or external auditor of MDU is not independent until three years after the end of the affiliation or the employment or auditing relationship.
- (4) A director who is employed, or whose immediate family member is employed, as an executive officer of another company where any of MDU's present executives serves on that company's compensation committee is not independent until three years after the end of such service or the employment relationship.
- (5) A director who is an executive officer or an employee, or whose immediate family member is an executive officer, of a company that makes payments to, or receives payments from, MDU for

property or services in an amount which in any single fiscal year exceeds the greater of \$1 million or 2% of such other company's consolidated gross revenues, is not independent until three years after the amount falls below the relevant threshold. In applying the foregoing, both the payments and the consolidated gross revenues to be measured will be those reported in the last completed fiscal year. Charitable organizations are not considered "companies" for purposes of this paragraph 5.

Relationships involving a director's affiliation with another company that account for lesser amounts than those specified in this paragraph 5 will not be considered to be material relationships that would impair the director's independence, provided that the related payments for goods or services or in connection with other contractual arrangements (i) are made in the ordinary course of business and on substantially the same terms as those prevailing at the time for comparable transactions with non-affiliated parties, or (ii) involve the rendering of services as a public utility at rates or charges fixed in conformity with law or governmental authority.

(6)

The following not-for-profit relationships will be considered to be material relationships (that would impair a director's independence): if a director (or an immediate family member of the director) serves as an officer, director or trustee of a not-for-profit organization, and, within the organization's preceding three fiscal years, MDU's discretionary charitable contributions in any single year to the organization exceed 2% or \$1 million, whichever is greater, of that organization's consolidated gross revenues. MDU's automatic matching of employee charitable contributions will not be included in the amount of MDU's charitable contributions for this purpose.

(7)

A director who is (or who is affiliated with an organization that is) a significant advisor, counsel or consultant to MDU is not independent.

(8)

The ownership of stock of MDU by directors is encouraged and substantial stock ownership (not involving control) will not affect the independence status of a director.

The Board will annually review the commercial, industrial, banking, consulting, legal, accounting and charitable relationships between MDU's directors and the organizations with which they and the members of their immediate families have material interests. For relationships that are either not covered by or do not satisfy these guidelines, the determination of whether the relationship is material or not, and therefore whether the director would be independent or not, shall be made by the directors satisfying the independence guidelines.

III.

Director Independence Audit Committee Members

No director who is a member of the Audit Committee of the Board may accept any consulting, advisory or compensatory fee from MDU, or from any of its subsidiary companies, other than in that director's capacity as a member of the Board or any of the Board's several committees.

In addition, no director who is a member of the Audit Committee may be an affiliated person of MDU or any of its subsidiary companies apart from affiliation occasioned by the director's service as a member of the Board or any of the Board's several committees. A director would be deemed an affiliated person of MDU if that director directly or indirectly, through one or more intermediaries, controls, or is controlled by, or is under common control with MDU.

IV.

Approval, Adoption, Amendment and Restatement

This Statement of Policy of the Board of Directors of MDU Resources Group, Inc. was approved and adopted by resolution of the Board of Directors of MDU at a meeting thereof held the 13th day of August, 2003, and was amended and restated the 13th day of November, 2003.
