Dear Shareholders:

On behalf of the board of directors, we are pleased to deliver to you our proxy statement relating to Assured's acquisition of Financial Security Assurance Holdings Ltd., or FSAH, the parent company of, among others, Financial Security Assurance Inc., or FSA. The combination of Assured and FSA will create a global leader in financial guaranty insurance, improve our financial strength and enhance our competitive position versus existing and new competitors.

In this transaction, we will acquire from Dexia Holdings, Inc., or Dexia Holdings, a subsidiary of Dexia S.A., or Dexia, substantially all of the capital stock of FSAH in exchange for the issuance of up to 44,567,901 Assured common shares, or approximately 24.9% of our outstanding common shares after giving effect to the acquisition and related financing, and \$361 million in cash, subject to adjustment. We intend to finance the cash portion of the acquisition with the net proceeds of a public offering of equity securities. We have obtained a commitment from an investment fund managed by WL Ross & Co. LLC, an affiliate of Wilbur L. Ross, Jr., one of our directors, to purchase \$361 million of our common shares if we are not able to successfully complete a public offering of equity securities. WLR Recovery Fund IV, L.P. and other funds managed by WL Ross & Co. LLC, or the WLR Funds, currently hold approximately 13.4% of our outstanding common shares. If the WLR Funds purchase the maximum amount of our common shares covered by this backstop commitment, or the WLR Backstop Commitment, they would own approximately 34.8% of our outstanding common shares. Both Dexia Holdings and the WLR Funds have agreed that the voting power with respect to the Assured common shares owned by each of them will be reduced to less than 9.5% of the total voting power of all Assured common shares outstanding.

All of our directors (other than Mr. Ross, who did not vote on the matter) approved the acquisition of FSAH and the issuance of Assured common shares to Dexia Holdings or its designated affiliate and the WLR Funds. We will hold a special general meeting on Monday, March 16, 2009, at our offices, 30 Woodbourne Avenue, 5th Floor, Hamilton, Bermuda at 3:00 p.m. Atlantic Time to obtain the approval of Assured shareholders for the issuance of the Assured common shares to Dexia Holdings or its designated affiliate and to the WLR Funds pursuant to the WLR Backstop Commitment.

ACE Bermuda Insurance Ltd., which owns approximately 21.1% of our outstanding common shares, has agreed to vote, subject to customary conditions, in favor of the issuance of Assured common shares to Dexia Holdings in the acquisition.

All of our directors (other than Mr. Ross, who did not vote on the matter) recommend that you vote "FOR" each of the proposals described in this proxy statement. The approval of the issuance of the Assured common shares to Dexia Holdings or its designated affiliate is a condition to the closing of the acquisition. Accordingly, a vote against the proposal relating to this issuance effectively will be a vote against the acquisition. The approval of the issuance of the Assured common shares to the WLR Funds is not required to complete the acquisition, though a failure to approve such issuance would subject us to the risk of not being able to raise sufficient funds to complete the acquisition.

We encourage you to carefully review this proxy statement, which contains important information concerning Assured, FSA, FSAH, the proposed acquisition and the proposals to be voted upon by shareholders at the special general meeting. In addition, the section entitled "Risk Factors" beginning on page 21 contains a description of risks that you should consider in evaluating the proposals and the proposed acquisition.

Your vote is very important. Whether or not you plan to attend the meeting, your vote on these matters is important to us. Please complete, sign and return the enclosed proxy card in the envelope provided. Alternatively, you can vote your proxy by telephone or through the Internet by following the instructions on the enclosed proxy card.

Sincerely,

Walter A. Scott
Chairman of the Board

PROXY STATEMENT

Assured Guaranty Ltd. is sending you this proxy statement in connection with its Special General Meeting which will be held on Monday, March 16, 2009 at 3:00 p.m. Atlantic Time at Assured's offices, 30 Woodbourne Avenue, 5th Floor, Hamilton, Bermuda. At this meeting you will be asked to vote on two proposals in connection with Assured's proposed acquisition of Financial Security Assurance Holdings Ltd., which we refer to in this proxy statement as "FSAH," the parent company of, among others, Financial Security Assurance Inc., which we refer to in this proxy statement as "FSA." The first proposal relates to Assured's issuance of Assured common shares to FSAH's parent company, Dexia Holdings, Inc., which we refer to in this proxy statement as "Dexia Holdings," or its designated affiliate. The second proposal relates to the issuance of Assured common shares to WLR Recovery Fund IV, L.P. and/or its affiliated funds, which we refer to in this proxy statement as the "WLR Funds." This issuance of shares to the WLR Funds, which we refer to as the "WLR Backstop Commitment," would fund all or a portion of the cash portion of the purchase price for FSAH.

February 6, 2009 is the record date for the Special General Meeting. If you owned Assured common shares at the close of business on February 6, 2009, you are entitled to vote. On that date, 91,687,672 Assured common shares were outstanding and entitled to vote at the Special General Meeting, including 45,800 unvested restricted common shares (but excluding 5,354,116 common shares held by Assured's subsidiary, Assured Guaranty US Holdings Inc.). Assured's common shares are its only class of voting stock. Assured will begin mailing this proxy statement on or about February 13, 2009 to all shareholders entitled to vote.

References in this proxy statement to "Assured," "we," "us," "our" and the "Company" refer to Assured Guaranty Ltd. and, unless the context otherwise requires or unless otherwise stated, its subsidiaries.

FORWARD-LOOKING STATEMENTS

This proxy statement, including the documents we incorporate by reference, contains "forward-looking statements" as that term is defined under the Private Securities Litigation Reform Act of 1995. These forward-looking statements may include forward-looking statements which reflect Assured's current views with respect to future events and financial performance. These statements include forward-looking statements both with respect to us specifically and the insurance and reinsurance industries in general. Statements which include the words "expect," "intend," "plan," "believe," "project," "anticipate," "may," "will," "continue," "further," "seek" and similar words or statements of a future or forward-looking nature identify forward-looking statements for purposes of the federal securities laws or otherwise. All forward-looking statements address matters that involve risks and uncertainties. Accordingly, there are or will be important factors that could cause Assured's actual results to differ materially from those indicated in these statements. We believe that these factors include the following:

downgrades of the financial strength ratings assigned by the major rating agencies to any of Assured's insurance subsidiaries at any time, which has occurred in the past;

Assured's inability to execute its business strategy;

reduction in the amount of reinsurance ceded by one or more of Assured's principal ceding companies;

contract cancellations;

Table of Contents

developments in the world's financial and capital markets that adversely affect Assured's loss experience, the demand for Assured's products, Assured's unrealized (losses) gains on derivative financial instruments or Assured's investment returns;

more severe or frequent losses associated with Assured's insurance or reinsurance products;

FSAH and its subsidiaries performing differently than currently expected by Assured or the failure to realize anticipated benefits from Assured's acquisition of FSAH;

changes in regulation or tax laws applicable to Assured, Assured's subsidiaries or customers;

governmental actions;

natural catastrophes;

dependence on customers;

decreased demand for Assured's insurance or reinsurance products or increased competition in Assured's markets;

loss of key personnel;

technological developments;

the effects of mergers, acquisitions and divestitures;

changes in accounting policies or practices;

changes in general economic conditions, including interest rates and other factors;

other risks and uncertainties that have not been identified at this time; and

management's response to these factors.

The foregoing review of important factors should not be construed as exhaustive, and should be read in conjunction with the other cautionary statements that are included in Assured's periodic reports filed with the Securities and Exchange Commission, which we refer to in this proxy statement as the "SEC." We undertake no obligation to update publicly or review any forward-looking statement, whether as a result of new information, future developments or otherwise.

If one or more of these or other risks or uncertainties materialize, or if Assured's underlying assumptions prove to be incorrect, actual results may vary materially from what we projected. Any forward-looking statements you read in this proxy statement or in the documents incorporated by reference reflect Assured's current views with respect to future events and are subject to these and other risks, uncertainties and assumptions relating to Assured's operations, results of operations, growth strategy and liquidity.

Edgar Filing: ASSURED GUARANTY LTD - Form DEFM14A

For these statements, we claim the protection of the safe harbor for forward-looking statements contained in Section 27A of the Securities Act of 1933, as amended, which we refer to in this proxy statement as the "Securities Act," and Section 21E of the Securities Exchange Act of 1934, as amended, which we refer to in this proxy statement as the "Exchange Act."

QUESTIONS AND ANSWERS ABOUT THE SPECIAL GENERAL MEETING

Why did you send me this proxy statement?

Assured sent you this proxy statement and the enclosed proxy card because Assured's board of directors is soliciting your proxy to vote at the Special General Meeting, which will be held on Monday, March 16, 2009, at 3:00 p.m. Atlantic Time at Assured's offices, 30 Woodbourne Avenue, 5th Floor, Hamilton, Bermuda.

This proxy statement summarizes the information you need to vote at the Special General Meeting. You do not need to attend the Special General Meeting to vote your shares. You may simply complete, sign and return the enclosed proxy card or vote by telephone or over the Internet.

What proposals will be voted on at the special general meeting?

There are two proposals scheduled to be voted on at the Special General Meeting:

The approval of the issuance of Assured common shares to Dexia Holdings or its designated affiliate in connection with Assured's acquisition of FSAH.

The approval of the issuance of Assured common shares to the WLR Funds pursuant to the WLR Backstop Commitment.

Assured's Board recommends that you vote your shares "FOR" the approval of the issuance of Assured common shares to Dexia Holdings or its designated affiliate and "FOR" the approval of the issuance of Assured common shares to the WLR Funds.

Why is Assured seeking shareholder approval of the issuance of Assured common shares?

The Assured common shares to be issued to Dexia Holdings in connection with its acquisition of FSAH may constitute 20% or more of the total Assured common shares outstanding prior to such issuance. Under the rules of the New York Stock Exchange, which we refer to in this proxy statement as the "NYSE," shareholder approval is required as a general matter prior to the issuance of common shares that would constitute 20% or more of the total common shares outstanding before the issuance.

The common shares to be issued to the WLR Funds in connection with the acquisition may constitute 1% or more of the total Assured common shares outstanding or total voting power prior to such issuance. Such issuance requires shareholder approval under NYSE rules because the WLR Funds are affiliates of Mr. Wilbur L. Ross, Jr., a director of Assured (and because the WLR Funds are significant shareholders of Assured). Assured's shareholders approved the issuance of Assured common shares to the WLR Funds under a previously executed investment agreement at Assured's 2008 Annual General Meeting. However, shareholder approval is needed with respect to the common shares that would be issued pursuant to the WLR Backstop Commitment, because the price and other terms for common shares issued pursuant to the WLR Backstop Commitment are different from the terms originally approved by the shareholders.

What happens if the shareholders do not approve the issuance of common shares to Dexia Holdings or to the WLR Funds?

If Assured's shareholders do not approve the issuance of common shares to Dexia Holdings, one of the conditions to the closing of the acquisition will not have been satisfied and the closing may not occur. If Assured's shareholders do not approve the issuance of common shares to the WLR Funds, Assured will be required to complete a public offering of equity securities or find an alternative equity source to fund the cash portion of the purchase price for FSAH. Because Assured's obligation to complete the acquisition is not subject to a financing contingency, a failure to find an alternative source of financing would result in a breach of the stock purchase agreement, dated November 14, 2008, between Assured, Dexia Holdings and Dexia Credit Local, which we refer to as the "stock purchase

Table of Contents

agreement," which could expose Assured to a claim by Dexia Holdings for damages or specific performance.

Why does Assured's board of directors believe it would be in the best interests of Assured and its shareholders to vote to approve the issuance of Assured common shares to Dexia Holdings and the WLR Funds?

Assured's board of directors recommends that the shareholders vote to approve the issuance of the common shares because of the board's belief that the acquisition of FSAH represents a unique opportunity for Assured to create the premier financial guaranty company by combining the talent, capacity, financial resources and relationships of Assured and FSAH. The Assured common shares to be issued to the WLR Funds pursuant to the WLR Backstop Commitment will only be issued if Assured is unable to complete a public equity offering on more attractive terms than provided under the WLR Backstop Commitment.

How will Assured use the proceeds of the issuance of these common shares?

The common shares issued to Dexia Holdings or its designated affiliate will constitute part of the purchase price for the acquisition of FSAH. If any Assured common shares are issued to the WLR Funds, the proceeds from that will fund all or a portion of the cash portion of the purchase price in the FSAH acquisition.

Are there any material adverse tax consequences to Assured if the shareholders approve the issuance of common shares?

The issuance of common shares to Dexia Holdings or its designated affiliate and the WLR Funds is not expected to have a material adverse tax consequence to Assured or its shareholders. For a further description, see "The Stock Purchase Agreement and Ancillary Agreements Tax Discussion."

Will the issuance of common shares to Dexia Holdings and to the WLR Funds have a dilutive effect on Assured's outstanding common shares?

Because we do not know how many shares will ultimately be issued to Dexia Holdings or its designated affiliate or the WLR Funds or the amount the WLR Funds will pay for any such shares they purchase in relation to the then current book value per share, we cannot determine whether any share issuances will have a dilutive effect and we cannot assure you that there will not be any dilutive effect on Assured's outstanding common shares. However, the issuance of shares to Dexia Holdings or its designated affiliate is part of the purchase price for Assured's acquisition of FSAH, and proceeds of the issuance of common shares to the WLR Funds would be used to fund the acquisition, a transaction the Assured board of directors believes is in the best interests of Assured and its shareholders. Also, while the share issuance may decrease the proportional voting of Assured's existing shareholders, both Dexia Holdings and the WLR Funds will be subject to limitations on their voting power.

Will the share issuance affect the price of Assured's common shares?

It is difficult to predict how any issuance of common shares will affect the stock price. As a result of the issuance of common shares to Dexia Holdings or its designated affiliate and the WLR Funds, there will be a significant number of additional common shares that could be sold in the public markets. Any such sales, or the anticipation of the possibility of such sales, represent an overhang on the market and could depress the market price of Assured's common shares. Both Dexia Holdings and the WLR Funds have agreed to certain limitations with respect to the resale of their Assured common shares. See "The Stock Purchase Agreement and Ancillary Agreements Dexia Holdings Agreements with Respect to Assured Common Shares" and "The WLR Backstop Commitment Original Investment Agreement."

Are proxy materials available on the Internet?

Important Notice Regarding the Availability of Proxy Materials for the Shareholder Meeting To Be Held on March 16, 2009

Yes. The proxy statement for the Special General Meeting and form of proxy card are available at <http://www.assuredguaranty.com/annualmeeting.html>.

Who is entitled to vote?

February 6, 2009 is the record date for the Special General Meeting. If you owned Assured common shares at the close of business on February 6, 2009, you are entitled to vote. On that date, 91,687,672 Assured common shares were outstanding and entitled to vote at the Special General Meeting, including 45,800 unvested restricted common shares (but excluding 5,354,116 common shares held by Assured's subsidiary, Assured Guaranty US Holdings Inc.). Assured's common shares are its only class of voting stock. Assured will begin mailing this proxy statement on or about February 13, 2009 to all shareholders entitled to vote.

How many votes do I have?

In general, you have one vote for each Assured common share that you owned at the close of business on February 6, 2009, except that if, and so long as, the "controlled shares," which Assured's Bye-laws define generally to include all Assured common shares directly, indirectly or constructively owned or beneficially owned by any person or group of persons, owned by any "United States person," as defined in the U.S. Internal Revenue Code of 1986, as amended, which we refer to in this proxy statement as the "Internal Revenue Code," constitute 9.5% or more of Assured's issued common shares, the voting rights with respect to the controlled shares owned by such person will be limited, in the aggregate, to a voting power of approximately 9.5%, pursuant to a formula specified in Assured's Bye-Laws. The Assured common shares owned by the WLR Fund are subject to this voting restriction and, as a result, the voting rights of all other shareholders will be increased accordingly.

The proxy card indicates the number of Assured common shares you are entitled to vote, without giving effect to the controlled share rule described above.

How do I vote by proxy?

If you properly fill in your proxy card and send it to us in time to vote, your "proxy" (one of the individuals named on your proxy card) will vote your shares as you have directed. If you sign the proxy card but do not make specific choices, your proxy will vote your shares as recommended by the Board:

"FOR" the approval of the issuance of Assured common shares to Dexia Holdings or its designated affiliate under the stock purchase agreement.

"FOR" the approval of the issuance of Assured's common shares to the WLR Funds pursuant to the WLR Backstop Commitment.

If any other matter is presented, your proxy will vote in accordance with the best judgment of the individuals named on your proxy card. As of the date of this proxy statement, we knew of no matters that needed to be acted on at the Special General Meeting, other than those discussed in this proxy statement.

May I vote by telephone or via the Internet?

Edgar Filing: ASSURED GUARANTY LTD - Form DEFM14A

Yes. Instead of submitting your vote by mail on the enclosed proxy card, you may be able to vote via the Internet or by telephone. We encourage you to do so because your vote is then tabulated faster than if you mailed it. Please note that there are separate Internet and telephone arrangements depending on whether you are a shareholder of record (that is, if you hold your stock in your own

Table of Contents

name), or whether you are a beneficial owner and hold your shares in "street name" (that is, if your stock is held in the name of your broker or bank).

If you are a shareholder of record, you may vote by telephone, or electronically through the Internet, by following the instructions provided on your proxy card.

If you are a beneficial owner and held your shares in "street name," you may need to contact your bank or broker to determine whether you will be able to vote by telephone or electronically through the Internet.

The telephone and Internet voting procedures are designed to authenticate shareholders' identities, to allow shareholders to give their voting instructions and to confirm that shareholders' instructions have been recorded properly. If you vote via the Internet or telephone, you may incur costs, such as usage charges from Internet access providers and telephone companies. You will be responsible for those costs.

Whether or not you plan to attend the Special General Meeting, we urge you to vote. Returning the proxy card or voting by telephone or over the Internet will not affect your right to attend the Special General Meeting and vote.

May I revoke my proxy?

Yes. If you change your mind after you vote, you may revoke your proxy by following any of the procedures described below. To revoke your proxy:

Send in another signed proxy with a later date or resubmit your vote by telephone or the Internet,

Send a letter revoking your proxy to Assured's Secretary at 30 Woodbourne Avenue, Hamilton HM 08, Bermuda, or

Attend the Special General Meeting and vote in person.

If you wish to revoke your proxy, you must do so in sufficient time to permit the necessary examination and tabulation of the subsequent proxy or revocation before the vote is taken.

How do I vote in person at the special general meeting?

You may vote shares held directly in your name as the shareholder of record in person at the Special General Meeting. If you choose to vote your shares in person at the Special General Meeting, please bring the enclosed proxy card or proof of identification. Even if you plan to attend the Special General Meeting, Assured recommends that you vote your shares in advance as described above so that your vote will be counted if you later decide not to attend the Special General Meeting.

Shares beneficially owned and held in "street name" may be voted in person by you only if you obtain a signed proxy from the shareholder of record giving you the right to vote the shares. If your shares are held in the name of your broker, bank or other nominee, you must bring to the Special General Meeting an account statement or letter from the broker, bank or other nominee indicating that you are the owner of the shares and a signed proxy from the shareholder of record giving you the right to vote the shares. The account statement or letter must show that you were beneficial owner of the shares on February 6, 2009.

You can obtain directions to attend the Special General Meeting by contacting Natasha Medeiros at 441-299-9375 or at nmedeiros@assuredguaranty.com.

Table of Contents

What votes need to be present to hold the special general meeting?

To have a quorum for the Special General Meeting, two or more persons must be present, in person or by proxy, representing more than 50% of the Assured common shares that were outstanding on February 6, 2009. As of February 6, 2009, Assured's subsidiary, Assured Guaranty US Holdings Inc., owned 5,354,116 Assured common shares. While it does not intend to vote these shares at the upcoming Special General Meeting, it does intend for these shares to be present at the meeting so they will be counted towards the quorum.

What vote is required to approve each proposal?

Approval of Issuance of Common Shares to Dexia Holdings or its designated affiliate under the stock purchase agreement The approval of the issuance of common shares to Dexia Holdings or its designated affiliate under the stock purchase agreement requires the affirmative vote of a majority of the votes cast on such proposal at the Special General Meeting provided that the total votes cast on the proposal represents over 50% in interest of all securities entitled to vote on the proposal.

Approval of Issuance of Common Shares to the WLR Funds pursuant to the WLR Backstop Commitment The approval of the issuance of common shares to the WLR Funds pursuant to the WLR Backstop Commitment requires the affirmative vote of a majority of the votes cast on such proposal at the Special General Meeting provided that the total votes cast on the proposal represents over 50% in interest of all securities entitled to vote on the proposal.

How are votes counted?

Your vote may be cast "FOR" or "AGAINST" or you may "ABSTAIN" with respect to the approval of the share issuance to Dexia Holdings or its designated affiliate pursuant to the stock purchase agreement and/or with respect to approval of the shares issued to the WLR Funds under the WLR Backstop Commitment. If you sign your proxy card or broker voting instruction card with no further instructions, your shares will be voted in accordance with the recommendations of the Board. We will appoint one or more inspectors of election to count votes cast in person or by proxy.

What is the effect of broker non-votes and abstentions?

A broker "non-vote" occurs when a broker holding shares for a beneficial owner does not vote on a particular proposal because the broker does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner.

Common shares owned by shareholders electing to abstain from voting with respect to any proposal and broker "non-votes" will be counted toward the presence of a quorum but will not be considered present and voting with respect to matters to be voted upon at the Special General Meeting. Therefore, abstentions and "broker non-votes" could have the same effect as votes cast against approval if they cause the total votes cast on the matter to be 50% or less of the total voting power entitled to vote on the proposal.

Whom should I call if I have any questions?

If you have any questions about the special general meeting or voting, please contact James M. Michener, Assured's Secretary, at 441-278-6679 or at jmichener@assuredguaranty.com. If you have any questions about your ownership of Assured common shares, please contact Sabra Purtill, Assured's Managing Director, Investor Relations and Strategic Planning, at 441-278-6665 or 212-408-6044 or at spurtill@assuredguaranty.com.

SUMMARY

This summary highlights selected information appearing elsewhere in this proxy statement and does not contain all the information that you should consider in making your voting decision. You should read this summary together with the more detailed information, including the financial statements and the related notes and pro forma information elsewhere in this proxy statement and the documents incorporated by reference herein. You should read this proxy statement in its entirety.

Basic Terms and Structure of the Transaction (See page 45)

Under the stock purchase agreement, Assured will acquire from Dexia Holdings 33,296,773 shares of FSAH common stock (and any shares of FSAH common stock issued to Dexia Holdings after the date of the stock purchase agreement) representing approximately 99.8524% of the issued and outstanding shares of FSAH common stock. Dexia Cr dit Local S.A., which we refer to in this proxy statement as "Dexia Cr dit Local," a French bank and the parent of Dexia Holdings, has irrevocably guaranteed the payment and performance by Dexia Holdings of all of its liabilities and obligations under the stock purchase agreement. Dexia Cr dit Local had total assets as of September 30, 2008 of  220.1 billion. The remaining shares of FSAH are currently held by current or former directors of FSAH. Assured expects that it will acquire the remaining shares of FSAH common stock concurrent with the closing of the acquisition of shares of FSAH common stock from Dexia Holdings or shortly thereafter at the same price paid to Dexia Holdings. The full text of the stock purchase agreement is attached as Appendix A to this proxy statement and is incorporated by reference into this proxy statement in its entirety.

Assured has agreed to pay Dexia Holdings total consideration of approximately \$722 million (based upon the closing price of Assured's common shares on the NYSE on November 13, 2008 of \$8.10), consisting of \$361 million in cash and up to 44,567,901 Assured common shares, subject to adjustment in the event of issuances of Assured common shares prior to the closing at a price less than \$8.10 per share. Under the stock purchase agreement, Assured may elect to pay \$8.10 per share in lieu of up to 22,283,951 Assured common shares that it would otherwise deliver as part of the purchase price.

The stock purchase agreement provides that Dexia S.A., which we refer to in this proxy statement as "Dexia," the ultimate parent of Dexia Cr dit Local and Dexia Holdings, will issue guarantees in relation to FSAH's financial products business' assets and liabilities and anticipates that its guarantees will benefit from guarantees, which we refer to in this proxy statement as the "sovereign guarantees," issued by the Belgian and French states. If the sovereign guarantees are issued, Dexia Holdings will also cause FSAH to transfer the ownership interests of certain of the subsidiaries that conduct its financial products business, which we refer to in this proxy statement as the "financial products subsidiaries", or all of the assets and liabilities of these subsidiaries, to Dexia Holdings or one of its affiliates in form reasonably acceptable to Assured. See " Financial Products Agreements." FSAH's leveraged tax lease debt defeasance business, which is being acquired by Assured, will be effectively removed from the financial products subsidiary that operates that business prior to its transfer to Dexia Holdings or an affiliate. See "The Stock Purchase Agreement and Ancillary Agreements Financial Products Agreements FSA Global Agreement."

Dexia Holdings Agreements with Respect to Assured Common Shares (see page 46)

Dexia Holdings has agreed that the voting rights with respect to all Assured common shares issued to Dexia Holdings pursuant to the stock purchase agreement will constitute less than 9.5% of the voting power of all issued and outstanding Assured common shares. Dexia Holdings has also agreed to certain standstill agreements and limitations on transfer of its Assured common shares.

Table of Contents

Assured has agreed to file a registration statement within 60 days following the closing to register for resale the common shares it issues pursuant to the stock purchase agreement and has also agreed to provide Dexia Holdings and its transferees piggyback registration rights for such shares.

Board Representation (see page 47)

If the Assured common shares issued pursuant to the stock purchase agreement represent more than 15% of the total Assured common shares outstanding on the closing date (after giving effect to all common shares issued on such date), then upon the written request of Dexia Holdings, Assured's board of directors will appoint one nominee of Dexia Holdings to serve as a member of Assured's board of directors. At such time as Dexia Holdings no longer owns Assured common shares representing at least 10% of the total number of Assured common shares outstanding, Dexia Holdings will no longer be entitled to nominate a representative to Assured's board of directors.

Financial Products Agreements (see page 47)

Under the stock purchase agreement, Assured has agreed to acquire FSAH. Assured is not, however, acquiring FSAH's financial products business, which is described below under "The Companies FSAH." Assured expects FSAH to distribute to Dexia Holdings or one of its affiliates those financial products subsidiaries, which we refer to in this proxy statement as the "GIC subsidiaries," that issue guaranteed investment contracts, which we refer to in this proxy statement as "GICs" and FSA Asset Management LLC, which we refer to in this proxy statement as "FSAM," which is the financial products subsidiary that is responsible for the investment of the assets underlying the principal amount of the GICs issued by the GIC subsidiaries. Under the stock purchase agreement, Assured and Dexia Holdings have agreed to negotiate a number of agreements, which we refer to in this proxy statement as the "transaction agreements," pursuant to which Dexia would guarantee or otherwise take responsibility for the assets and liabilities of the financial products business. As of the date of this proxy statement, these negotiations are still ongoing. Dexia is a Belgian corporation whose shares are traded on the Euronext Brussels and Euronext Paris markets as well as on the Luxembourg Stock Exchange. Dexia is primarily engaged in the business of public finance, banking and investment management in France, Belgium, Luxembourg and other European countries, as well as in the United States. Dexia had total assets and total shareholders' equity as of September 30, 2008 of €636.9 billion and €8.5 billion, respectively. See "The Stock Purchase Agreement and Ancillary Agreements Financial Products Agreements."

Post-Closing Conduct of Business (see page 55)

Under the stock purchase agreement, Assured has agreed to conduct its business, including the business it acquires from FSAH, subject to certain restraints described under "The Stock Purchase Agreement and Ancillary Agreements Post-Closing Conduct of Business."

In January 2009, AGC assumed via reinsurance approximately \$13 billion of net par insured from CIFG Assurance North America, Inc.'s U.S. public finance business. As part of the transaction, AGC received unearned premium reserves of approximately \$88 million.

On August 6, 2008, FSA announced that it would cease providing financial guaranty insurance on asset backed obligations and instead participate exclusively in the global public finance financial guaranty business. In addition, FSAH, through its financial products business, offers FSA-insured GICs, and other investment agreements, including medium-term notes, which we refer to in this proxy statement as "MTNs," through other consolidated entities.

Financing Plan and the WLR Backstop Commitment (see page 64)

Assured intends to finance the cash portion of the purchase price with the net proceeds of a public offering of equity securities. In conjunction with the stock purchase agreement, Assured entered into the WLR Backstop Commitment, dated as of November 13, 2008, with WLR Recovery Fund IV, L.P., which we refer to in this proxy statement as "WLR Fund IV," which amended the investment agreement, which we refer to in this proxy statement as the "Investment Agreement," dated as of February 28, 2008, between Assured and WLR Fund IV. The full text of the WLR Backstop Commitment is attached as Appendix B to this proxy statement and is incorporated by reference into this proxy statement in its entirety. Pursuant to the WLR Backstop Commitment, WLR Fund IV granted Assured the option to cause the WLR Fund IV (or one of its affiliates) to purchase up to \$361 million of Assured common shares at a price per share equal to the volume weighted average price of an Assured common share on the NYSE for the 20 NYSE trading days ending with the last NYSE trading day immediately preceding the date of the closing under the stock purchase agreement, with a floor of \$6.00 and a cap of \$8.50.

If Assured is unable to raise sufficient funds through a public offering of its equity securities in order to pay the full cash purchase price under the stock purchase agreement, Assured can exercise its

Table of Contents

option under the WLR Backstop Commitment and use the proceeds to pay the remaining portion of the cash purchase price under the stock purchase agreement.

The WLR Funds' obligations under the WLR Backstop Commitment have been secured by letters of credit issued for the benefit of Assured by Bank of America, N.A. and RBS Citizens Bank, N.A., each in the amount of \$180.5 million.

Assured has paid the WLR Funds a non-refundable commitment fee of \$10,830,000 in connection with the WLR Backstop Commitment and has agreed to pay the WLR Funds' related expenses. Assured has agreed to reimburse the WLR Funds for the \$4.1 million cost of obtaining the letters of credit referred to above.

If Assured offers Assured common shares for sale other than pursuant to the WLR Backstop Commitment to fund a portion of the purchase price under the stock purchase agreement, the WLR Funds have pre-emptive rights to purchase a portion of the Assured common shares so offered. The portion of Assured common shares which the WLR Funds are entitled to purchase under such pre-emptive right is equal to the greater of (1) 25% of the Assured common shares offered in such sale and (2) the number of Assured common shares offered in such sale that is derived by dividing \$150,000,000 by the price paid in such sale. If the sale of Assured common shares is a public offering and the managing underwriter determines that such level of participation would be detrimental to the public offering, the WLR Funds' participation will be reduced to the level recommended by the managing underwriter but in no event to below 25% of the Assured common shares offered in the public offering.

Except as otherwise specifically provided in the WLR Backstop Commitment, all of the terms set forth in the Investment Agreement applicable to Assured common shares purchased pursuant to the Investment Agreement will apply to the Assured common shares purchased pursuant to the WLR Backstop Commitment.

The WLR Backstop Commitment may be terminated by either Assured or WLR Fund IV if the closing under the stock purchase agreement does not occur by August 14, 2009 and will be automatically terminated if the stock purchase agreement is terminated. The WLR Backstop Commitment may also be terminated by the mutual agreement of Assured and WLR Fund IV or under certain other circumstances.

Opinion of Assured's Financial Advisor (see page 34)

In connection with the acquisition of FSAH, Assured's financial advisor, Banc of America Securities LLC, which we refer to in this proxy statement as "Banc of America Securities," delivered to Assured's board of directors a written opinion, dated November 14, 2008, as to the fairness, from a financial point of view and as of the date of the opinion, to Assured of the aggregate consideration of \$361 million in cash and 44,567,901 Assured common shares (valued at \$8.10 per share) to be paid by Assured to Dexia Holdings in the acquisition. The full text of the written opinion, dated November 14, 2008, of Banc of America Securities, which describes, among other things, the assumptions made, procedures followed, factors considered and limitations on the review undertaken, is attached as Appendix C to this proxy statement and is incorporated by reference in this proxy statement in its entirety. **Banc of America Securities provided its opinion to Assured's board of directors for the benefit and use of Assured's board of directors in connection with and for purposes of its evaluation of the fairness of the aggregate consideration from a financial point of view to Assured. Banc of America Securities' opinion does not address any other aspect of the transaction and does not constitute a recommendation to any shareholder as to how to vote or act in connection with the proposed transaction.**

Interests of Certain Persons in the Transactions (see page 42)

Wilbur L. Ross, Jr., one of Assured's directors, is an affiliate of the WLR Funds. Assured has paid the WLR Funds a nonrefundable commitment fee of \$10,830,000 in connection with the option granted by the WLR Backstop Commitment and has agreed to pay the WLR Funds' expenses in connection with the transactions contemplated thereby. Assured has also agreed to reimburse the WLR Funds for the \$4.1 million cost of obtaining letters of credit to secure its obligations under the WLR Backstop Commitment. Assured has also granted the WLR Funds the pre-emptive right to purchase a portion of any Assured common shares sold to fund a portion of the purchase price under the stock purchase agreement other than pursuant to the WLR Backstop Commitment. See "The WLR Backstop Commitment."

Regulatory Approvals Required for the Transaction (see page 42)

Under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, which we refer to in this proxy statement as the "HSR Act," and the rules and regulations promulgated thereunder, certain transactions, including Assured's acquisition of FSAH, may not be consummated until required information and materials have been furnished to the Department of Justice, which we refer to in this proxy statement as the "DOJ," and the Federal Trade Commission, which we refer to in this proxy statement as the "FTC," and certain waiting period requirements have expired or been terminated. Assured and Dexia each filed the requisite notification and report forms with the DOJ and FTC. The HSR Act waiting period expired on January 20, 2009.

Insurance holding company laws and regulations applicable to the insurance subsidiaries of Assured and FSAH provide that no person may acquire control of an insurance company unless such person has provided certain required information to, and such acquisition has been approved by, the appropriate insurance regulatory authorities. In accordance with these laws, Assured has filed applications with the insurance departments of the States of New York and Oklahoma and the U.K. Financial Services Authority. Assured's application with the U.K. Financial Services Authority has been approved. In addition, Assured has made pre-acquisition filings regarding the potential competitive impact of the acquisition. As of the date of this proxy statement, substantially all of these filings have been approved or deemed to be approved under applicable regulations and no objections have been received with respect to the remaining filings. Dexia has filed an application with the U.K. Financial Services Authority in connection with its acquisition of Assured common shares pursuant to the stock purchase agreement. Dexia's application with the U.K. Financial Services Authority has been approved. Dexia and the WLR Funds have filed disclaimers of control with the insurance departments of the States of Maryland, New York and Oklahoma. The WLR Funds' filing in Maryland has been approved.

Anticipated Accounting Treatment (see page 44)

The acquisition of FSAH will be accounted for using the purchase method of accounting in accordance with accounting principles generally accepted in the United States of America under Statement of Financial Accounting Standards No. 141, *Business Combinations, as revised in 2007 (FASB 141R)*. Assured will be the acquiring entity for financial reporting purposes. Under the purchase method of accounting, the acquisition price will be allocated to the tangible and intangible assets and liabilities assumed of the acquired entity based on their estimated fair values, with any excess being recognized as goodwill. Costs of the acquisition are expensed in the period in which the expenses are incurred. Under Statement of Financial Accounting Standards No. 142, *Goodwill and Other Intangible Assets*, negative goodwill arising from the purchase price allocation will be immediately credited to earnings in the period in which the acquisition is closed.

No Appraisal Rights (see page 44)

Under applicable law, Assured stockholders do not have the right to an appraisal of the value of their shares in connection with the acquisition of FSAH.

Table of Contents**Comparative Historical and Pro Forma Per Share Data**

The following table presents historical per share data for Assured and FSAH; pro forma per share data for Assured after giving effect to the acquisition of FSAH; and pro forma equivalent per share data for FSAH with respect to the portion of the acquisition consideration that will be received in the form of Assured common shares. The Assured pro forma per share data was derived by combining information from the historical consolidated financial statements of Assured and FSAH using the purchase method of accounting for the acquisition of FSAH. You should read this table in conjunction with the historical audited and unaudited consolidated financial statements of Assured and FSAH that are filed with the SEC and incorporated by reference in this proxy statement. See "Where You Can Find More Information." You should not rely on the pro forma per share data as being necessarily indicative of actual results had the acquisition of FSAH occurred in the past, or of future results.

The accompanying unaudited per share data gives effect to the acquisition of FSAH assuming a purchase price of \$361 million in cash, the assumption of \$730 million of FSAH long-term notes and the issuance of up to 44,567,901 Assured common shares, using the purchase method of accounting. The pro forma adjustments related to the acquisition of FSAH are preliminary and do not reflect the final purchase price, final form of consideration paid, final debt components or final allocation of the excess of the purchase price over the net book value of the assets of FSAH, as the process to assign a fair value to the various tangible and intangible assets acquired has only just commenced. The pro forma adjustments were prepared based on current accounting principles generally accepted in the United States, which we refer to in this proxy statement as "US GAAP," for accounting for financial guaranty insurance contracts. US GAAP for financial guaranty insurance contracts will change effective January 1, 2009. Pro forma adjustments prepared for periods as of or for a period ended subsequent to January 1, 2009 will reflect the new accounting requirements and thus differ from the pro forma adjustments presented below. Final adjustments are likely to result in a materially different purchase price, debt components or allocation of the purchase price.

The pro forma per share data does not reflect revenue opportunities and cost savings that we expect to realize after the acquisition of FSAH. We cannot give you any assurance with respect to the estimated revenue opportunities and operating cost savings that are expected to be realized as a result of the acquisition of FSAH. The pro forma per share data does not reflect restructuring or exit costs that may be incurred by Assured or FSAH in connection with the acquisition of FSAH.

Holdings. The pro forma adjustments assume funds for the \$361 million cash payment were obtained from the issuance of an additional 44,567,901 Assured common shares to the public at a purchase price of \$8.10 per share. In the event Assured is able to sell additional Assured common shares in the offering in excess of \$8.10 per share and exercises its option to pay Dexia Holdings \$8.10 per Assured common share in lieu of issuing it those shares, the total number of Assured common shares outstanding on a pro forma basis would be proportionately reduced. Cash dividends per share are based on Assured's historical dividend rates.

- (2) FSAH is not a publicly traded company and, accordingly, no information is presented regarding its earnings per share or equivalent pro forma earnings per share.
- (3) Book value per share for FSAH is calculated by dividing the book value of FSAH as of September 30, 2008 by 33,345,993 shares outstanding at such date (excludes 172,002 shares of treasury stock).
- (4) Equivalent book value per share of FSAH is calculated by multiplying the historical book value per share of FSAH by the exchange ratio of the number of FSAH shares to the number of Assured shares issued to consummate this transaction.

Summary Historical Consolidated Financial Data of FSAH

The following table sets forth summary historical consolidated financial data for FSAH. The audited financial data have been derived from FSAH's audited financial statements. The interim financial data have been derived from FSAH's unaudited financial statements and include, in the opinion of FSAH's management, all adjustments (consisting only of normal recurring accruals) necessary for a fair presentation of the financial data. The results for the nine-month periods do not necessarily indicate the results to be expected for the full year. You should read the following information in conjunction with FSAH's financial statements and notes thereto and the other financial information included or incorporated by reference in this proxy statement.

Reclassification

Effective with the quarter ended March 31, 2008, FSAH reclassified the revenues, expenses and balance sheet items associated with financial guaranty contracts that its financial guaranty subsidiaries write in the form of credit default swaps, which we refer to in this proxy statement as "CDS," contracts. The reclassification does not change FSAH's net income (loss) or shareholder's equity. This reclassification is being adopted by FSAH after agreement with member companies of the Association of Financial Guaranty Insurers in consultation with the staffs of the Office of the Chief Accountant and the Division of Corporate Finance of the SEC. The reclassification is being implemented in order to increase comparability of FSAH's financial statements with other financial guaranty companies that have CDS contracts.

In general, FSAH structures credit derivative transactions such that the method for making loss payments is similar to that for financial guaranty policies and generally occurs as losses are realized on the underlying reference obligation. Nonetheless, credit derivative transactions are governed by International Swaps and Derivatives Association, Inc. documentation and operates differently from financial guaranty insurance policies. Under US GAAP, CDS contracts are subject to derivative accounting rules and financial guaranty policies are subject to insurance accounting rules.

Summary Historical Consolidated Financial Data of Assured

The following table sets forth summary historical consolidated financial data for Assured. The audited financial data have been derived from Assured's audited financial statements. The interim financial data have been derived from Assured's unaudited financial statements and include, in the opinion of Assured's management, all adjustments (consisting only of normal recurring accruals) necessary for a fair presentation of the financial data. The results for the nine-month periods do not necessarily indicate the results to be expected for the full year. You should read the following information in conjunction with Assured's financial statements and notes thereto and the other financial information included or incorporated by reference in this proxy statement.

Reclassification

Effective with the quarter ended March 31, 2008, Assured reclassified the revenues, expenses and balance sheet items associated with financial guaranty contracts that our financial guaranty subsidiaries write in the form of CDS contracts. The reclassification does not change our net income (loss) or shareholder's equity. This reclassification is being adopted by Assured after agreement with member companies of the Association of Financial Guaranty Insurers in consultation with the staffs of the Office of the Chief Accountant and the Division of Corporate Finance of the SEC. The reclassification is being implemented in order to increase comparability of our financial statements with other financial guaranty companies that have CDS contracts.

In general, Assured structures credit derivative transactions such that the method for making loss payments is similar to that for financial guaranty policies and generally occurs as losses are realized on the underlying reference obligation. Nonetheless, credit derivative transactions are governed by International Swaps and Derivatives Association, Inc. documentation and operates differently from financial guaranty insurance policies. Under US GAAP, CDS contracts are subject to derivative accounting rules and financial guaranty policies are subject to insurance accounting rules.

In the "Statement of Operations Data" below, Assured has reclassified CDS revenues from "net earned premiums" to "realized gains and other settlements on credit derivatives." Loss and loss adjustment expenses and recoveries that were previously included in "loss and loss adjustment expenses (recoveries)" have been reclassified to "realized gains and other settlements on credit derivatives," as well. Portfolio and case loss and loss adjustment expenses have been reclassified from "loss and loss adjustment expenses (recoveries)" and are included in "unrealized gains (losses) on credit derivatives," which previously included only unrealized mark to market gains or losses on Assured's contracts written in CDS form. In the consolidated balance sheet, Assured reclassified all CDS-related balances previously included in "unearned premium reserves," "reserves for losses and loss adjustment expenses," "prepaid reinsurance premiums," "premiums receivable" and "reinsurance balances payable" to either "credit derivative liabilities" or "credit derivative assets," depending on the net position of the CDS contract at each balance sheet date.

Summary Unaudited Pro Forma Combined Condensed Financial Data of Assured

The following describes the pro forma effect of the acquisition of FSAH (1) the balance sheet data of Assured as of September 30, 2008, (2) the statement of operations data of Assured for the year ended December 31, 2007 and (3) the statement of operations data for Assured for the nine months ended September 30, 2008.

This information is only a summary. You should read the unaudited pro forma combined condensed financial statements and other information and the accompanying notes that are included elsewhere in this proxy statement.

You should also read the historical information and related notes of Assured and FSAH that are incorporated by reference into this proxy statement.

The unaudited pro forma combined condensed balance sheet data shows the estimated effects of the acquisition of FSAH as if it had occurred on September 30, 2008. The unaudited pro forma combined condensed statements of operations data for the year ended December 31, 2007 and the nine months ended September 30, 2008 show the estimated effects of the acquisition of FSAH as if it had occurred on the first day of the period presented (*i.e.*, January 1, 2007 and January 1, 2008, respectively). We are providing the unaudited pro forma combined condensed financial data for informational purposes only. It does not necessarily represent or indicate what the financial position and results of operations of Assured would actually have been had the acquisition of FSAH and other pro forma adjustments in fact occurred at the dates indicated. It also does not necessarily represent or indicate the future financial position or results of operations Assured will achieve after the acquisition of FSAH.

The pro forma adjustments reflect the payment of \$361 million in cash and issuance of 44,567,901 Assured common shares to Dexia Holdings. The pro forma adjustments assume funds for the \$361 million cash payment were obtained from the issuance of an additional 44,567,901 Assured common shares to the public at a purchase price of \$8.10 per share. In the event Assured is able to sell additional Assured common shares in the offering in excess of \$8.10 per share and exercises its option to pay Dexia Holdings \$8.10 per Assured common share in lieu of issuing it those shares, the total number of Assured common shares outstanding on a pro forma basis would be proportionately reduced.

The pro forma financial information does not reflect revenue opportunities and cost savings that we expect to realize after the acquisition of FSAH. We cannot give you any assurance with respect to the estimated revenue opportunities and operating cost savings that are expected to be realized as a result of the acquisition of FSAH. The pro forma financial information also does not reflect

non-recurring charges relating to integration activities or exit costs that may be incurred by Assured or FSAH in connection with the acquisition of FSAH.

RISK FACTORS

In addition to the other information included or incorporated by reference in this proxy statement, you should carefully consider the material risks described below in deciding whether to vote for approval of the proposals presented in this proxy statement. Additional risks and uncertainties not presently known to us or that are not currently believed to be material, if they occur, also may adversely affect the proposed acquisition of FSAH and Assured following the acquisition.

Loss reserve estimates are subject to uncertainties and loss reserves may not be adequate to cover potential paid claims.

The financial guarantees issued by Assured and FSA insure the financial performance of the obligations guaranteed over an extended period of time, in some cases over 30 years, under policies that Assured and FSA have, in most circumstances, no right to cancel. The acquisition of FSAH will increase our net par outstanding from approximately \$227.3 billion to approximately \$651.3 billion. As a result of the lack of statistical paid loss data due to the low level of paid claims in our financial guaranty business and in the financial guaranty industry in general, particularly, until recently, in the structured asset-backed area, we do not use traditional actuarial approaches to determine loss reserves. The establishment of the appropriate level of loss reserves is an inherently subjective process involving numerous estimates, assumptions and judgments by management, using both internal and external data sources with regard to frequency and severity of loss. Actual losses will ultimately depend on events or transaction performance that will occur in the future. Therefore, we cannot assure you that current estimates of probable and estimable losses reflect the actual losses that we may ultimately incur. Actual paid claims could exceed our estimate and could significantly exceed our loss reserves, which may result in adverse effects on our financial condition, ratings and ability to raise needed capital.

We may have exposure through financial guaranty insurance policies to FSAH's financial products business which we are not acquiring.

FSAH, through its financial products subsidiaries, offers FSA-insured GICs and other investment agreements, including MTNs. In connection with the acquisition, FSAH is expected to transfer to Dexia Holdings the ownership interests in certain of its financial products subsidiaries. Even if FSAH no longer owns such financial products subsidiaries, FSA's guarantees of the GICs and MTNs will remain in place. While Dexia Holdings and FSAH have entered into and are entering into a number of agreements pursuant to which Dexia Holdings or other Dexia affiliates will guarantee the assets and liabilities of the GIC subsidiaries for the benefit of FSA (and, if FSAH continues to own FSAM and the GIC subsidiaries; indemnify Assured for losses arising after the closing of the acquisition from the assets, liabilities, operations and business of the financial products business); FSA may still be subject to certain risks, including credit and liquidity risks, associated with FSAH's financial products business. To the extent FSA is required to pay any amounts on financial products written by FSAH's financial products subsidiaries, FSA will be subject to the risk that it will not receive the guarantee payment from Dexia Holdings or its affiliates before it is required to make the payment under its financial guarantee policies or that it will not receive the guarantee payment at all. See "The Stock Purchase Agreement and Ancillary Agreements Financial Products Agreements."

We will have substantial credit and liquidity exposure to Dexia.

Dexia Holdings and its affiliates have entered into and are entering into a number of agreements pursuant to which Dexia Holdings or other Dexia affiliates will guarantee certain amounts, lend certain amounts or lend securities to or in respect of FSAH's financial products business. In addition, Dexia Holdings has agreed (directly or through an affiliate) to provide a liquidity facility to FSAH in respect of the leveraged tax lease debt defeasance business FSAH is retaining. As a result of these various agreements, Assured will be subject to the risk that Dexia Holdings or its various affiliates may not

Table of Contents

make such amounts or securities available on a timely basis, which is referred to as "liquidity risk," if the beneficiary of the agreement would be required to fund the necessary amounts, or at all, which is referred to as "credit risk," because of the risk of default. Even if Dexia Holdings and its affiliates have sufficient assets to pay all amounts when due, concerns regarding Dexia's financial condition could cause one or more rating agencies to view negatively the ability of Dexia Holdings and its affiliates to perform under their various agreements and could negatively affect FSA's ratings.

Dexia Holdings and FSAH have entered into and are entering into a number of agreements pursuant to which Dexia Holdings or other Dexia affiliates will guarantee the assets and liabilities of the GIC subsidiaries for the benefit of FSA (and, if FSAH continues to own FSAM and the GIC subsidiaries, indemnify Assured for losses arising after the closing of the acquisition from the assets, liabilities, operations and business of FSAH's financial products business). Dexia has also agreed to post from time to time eligible collateral (other than any assets of FSAM owned as of the closing date) having an aggregate value (subject to customary "haircuts") equal to the excess of (i) the aggregate principal amount of all outstanding GICs over (ii) the aggregate mark-to-market value of FSAM's assets. Under specified circumstances, including issuance of the sovereign guarantees, Dexia will be relieved, in whole or in part, of its obligation to post collateral. See "The Stock Purchase Agreement and Ancillary Agreements Financial Product Agreements." As of September 30, 2008, the liabilities of FSAH's financial products business exceeded their assets by approximately \$4.3 billion (before any tax effects). To the extent FSA is required to pay any amounts in respect of liabilities of FSAH's financial products subsidiaries, FSA will be subject to the risk that it will not receive the guarantee payment from Dexia Holdings or its affiliate before it is required to make the payment under its financial guarantee policy or that it will not receive the guarantee payment at all.

Dexia Holdings and/or its affiliates have also entered into agreements to:

provide a \$5 billion revolving line of credit to FSAM;

provide capital contributions to FSAH, not to exceed \$500 million in the aggregate, equal to the economic losses on assets owned by FSAM for which other than temporary impairments have been determined in accordance with FSAH's accounting principles for the quarter ending immediately prior to the contribution date, less certain realized tax benefits, if any, arising from those economic losses; and

lend FSAM up to \$3.5 billion of securities eligible to act as collateral for GICs.

All of these agreements are described under "The Stock Purchase Agreement and Ancillary Agreements Financial Product Agreements Pre-Existing Agreements."

Dexia Holdings has agreed to (or cause an affiliate to) provide a liquidity facility for the purpose of covering the liquidity risk arising out of claims payable in respect of "strip coverages" included in FSAH's leveraged tax lease debt defeasance business. The initial commitment under this facility will not exceed \$2 billion, subject to adjustment to \$1 billion under specified conditions. See "The Stock Purchase Agreement and Ancillary Agreements Financial Product Agreements Strip Coverage Liquidity Facility."

Restrictions on the conduct of FSA's business after the closing will limit Assured's operating and financial flexibility.

Under the stock purchase agreement, Assured has agreed to conduct its business, including the business it acquires from FSAH, subject to certain restraints described under "The Stock Purchase Agreement and Ancillary Agreements Post-Closing Conduct of Business." These restrictions will generally continue for three years after the closing of the acquisition. Among other things, Assured has agreed that unless FSA is rated below A+, FSA will not write any business except municipal bond and infrastructure bond insurance, whether written directly, assumed, reinsured or occurring through any

Table of Contents

merger transaction. Assured has also agreed that FSA will not repurchase, redeem or pay any dividends in relation to any class of equity interests unless (i) (A) at such time FSA is rated at least AA- by S&P, AA- by Fitch and Aa3 by Moody's (if such rating agencies still rate financial guaranty insurers generally) and (B) the aggregate amount of such dividends in any year does not exceed \$25 million or (ii) FSA receives prior rating agency confirmation that such action would not cause any rating currently assigned to FSA to be downgraded immediately following such action. These agreements will limit Assured's operating and financial flexibility.

Although we expect that the acquisition of FSAH will result in benefits to Assured, we may not realize those benefits because of integration difficulties.

Integrating the operations of Assured and FSAH successfully or otherwise realizing any of the anticipated benefits of the acquisition of FSAH, including anticipated cost savings and additional revenue opportunities, involve a number of potential challenges. The failure to meet these integration challenges could seriously harm our results of operations and the market price of the Assured common shares may decline as a result.

Realizing the benefits of the acquisition will depend in part on the integration of information technology, operations and personnel. These integration activities are complex and time-consuming and we may encounter unexpected difficulties or incur unexpected costs, including:

diversion of management attention from ongoing business concerns to integration matters;

difficulties in consolidating and rationalizing information technology platforms and administrative infrastructures; and

difficulties in combining corporate cultures, maintaining employee morale and retaining key employees.

We may not successfully integrate the operations of Assured and FSAH in a timely manner and we may not realize the anticipated net reductions in costs and expenses and other benefits and synergies of the acquisition of FSAH to the extent, or in the time frame, anticipated. In addition to the integration risks discussed above, our ability to realize these net reductions in costs and expenses and other benefits and synergies could be adversely impacted by practical or legal constraints on our ability to combine operations.

The acquisition of FSAH is subject to the receipt of consents and approvals from government entities that may not be received or that may impose conditions that could have an adverse effect on Assured following the completion of the acquisition.

We cannot complete the acquisition unless we receive various consents, orders, approvals and clearances from certain regulatory authorities in the United States and elsewhere. While we believe that we will receive the requisite regulatory approvals from these authorities, we cannot assure you of this. In addition, these authorities may impose conditions on the completion of the acquisition of FSAH or require changes to the terms of the acquisition. For example, the authorities may require divestiture of certain assets as a condition to the closing of the acquisition. We are not obligated to agree to divest assets in order to obtain regulatory approval of the proposed acquisition if such divestiture would have a material adverse effect on Assured and its subsidiaries (including FSAH and its subsidiaries (other than the financial products subsidiaries)) taken as a whole after the acquisition. While we do not currently expect that any such conditions or changes would be imposed, we cannot assure you that they will not be, and such conditions or changes could have the effect of delaying completion of the acquisition or imposing additional costs on or limiting the revenues of Assured following the acquisition, any of which may have an adverse effect on us following the acquisition. See

Table of Contents

"The Transaction Regulatory Approvals Required for the Transaction" and "The Stock Purchase Agreement Closing Conditions" for a more detailed discussion.

Subject to certain limitations, Dexia Holdings may sell Assured common shares at any time following the one year anniversary of the acquisition, which could cause our stock price to decrease.

Dexia Holdings has agreed not to transfer any of the Assured common shares received in connection with the acquisition at any time prior to the one year anniversary of the stock purchase agreement. Assured has agreed to register all of such Assured common shares under the Securities Act. The sale of a substantial number of Assured common shares by Dexia Holdings or our other stockholders within a short period of time could cause Assured's stock price to decrease, make it more difficult for us to raise funds through future offerings of Assured common shares or acquire other businesses using Assured common shares as consideration.

You will experience a reduction in percentage ownership and voting power with respect to Assured common shares as a result of the acquisition.

In connection with the transaction, we will issue to Dexia Holdings up to 44,567,901 Assured common shares. In order to finance the cash portion of the purchase price under the stock purchase agreement, we expect to issue additional Assured common shares having a value of approximately \$361 million, or approximately 48.5 million Assured common shares based upon the closing price of the Assured common shares on the NYSE on February 6, 2009. Therefore, following the completion of the acquisition, holders of Assured common shares will experience a substantial reduction in their respective percentage ownership interests and effective voting power relative to their respective percentage ownership interests in Assured common shares and effective voting power prior to the acquisition.

The account statement or letter must show that you were beneficial owner of the shares on February 6, 2009.

You may revoke your proxy by following any of the procedures described below:

sending in another signed proxy with a later date or resubmitting your vote by telephone or the Internet,

sending a letter revoking your proxy to Assured's Secretary at 30 Woodbourne Avenue, Hamilton HM 08, Bermuda, or

If you wish to revoke your proxy, you must do so in sufficient time to permit the necessary examination and tabulation of the subsequent proxy or revocation before the vote is taken.

Solicitation of Proxies

Assured will pay all the costs of soliciting proxies. Assured's directors and employees may also solicit proxies by telephone, by fax or other electronic means of communication, or in person. Assured will request that banks, brokers, and other record holders send proxies and proxy material to the beneficial owners of Assured common shares and secure their voting instructions. Assured will reimburse the record holders for their reasonable expenses in taking those actions. Assured has also made arrangements with Georgeson Inc. to assist it in soliciting proxies and has agreed to pay them \$7,500, plus reasonable expenses for these services.

Record Date

February 6, 2009 is the record date for the special general meeting. If you owned Assured common shares at the close of business on February 6, 2009, you are entitled to vote. On that date, 91,687,672 Assured common shares were outstanding and entitled to vote at the special general meeting, including 45,800 unvested restricted common shares (but excluding 5,354,116 common shares held by Assured's subsidiary, Assured Guaranty US Holdings Inc.). Assured's common shares are its only class of voting stock.

Voting Rights and Vote Required

In general, you have one vote for each Assured common share that you owned at the close of business on February 6, 2009, except that if, and so long as, the "controlled shares," which Assured's Bye-laws define generally to include all Assured common shares directly, indirectly or constructively owned or beneficially owned by any person or group of persons, owned by any "United States person," as defined in the U.S. Internal Revenue Code of 1986, as amended, which we refer to in this proxy statement as the "Internal Revenue Code," constitute 9.5% or more of Assured's issued common shares, the voting rights with respect to the controlled shares owned by such person will be limited, in the aggregate, to a voting power of approximately 9.5%, pursuant to a formula specified in Assured's Bye-Laws. The Assured common shares owned by the WLR Funds are subject to this voting restriction and, as a result, the voting rights of all other shareholders will be increased accordingly. The accompanying proxy card indicates the number of Assured common shares you are entitled to vote, without giving effect to the controlled share rule described above.

To have a quorum for the special general meeting, two or more persons must be present, in person or by proxy, representing more than 50% of the Assured common shares that were outstanding on February 6, 2009. As of February 6, 2009, Assured's subsidiary, Assured Guaranty US Holdings Inc., owned 5,354,116 Assured common shares. While it does not intend to vote these shares at the upcoming Special General Meeting, it does intend for these shares to be present at the meeting so they will be counted toward the quorum.

Table of Contents

The approval of the issuance of Assured common shares to Dexia Holdings or its designated affiliate pursuant to the stock purchase agreement and the issuance of Assured common shares to the WLR Funds pursuant to the WLR Backstop Commitment requires the affirmative vote of a majority of the votes cast on the proposal at the special general meeting provided that the total votes cast on the proposal represents over 50% in interest of all securities entitled to vote on the proposal.

A broker "non-vote" occurs when a broker holding shares for a beneficial owner does not vote on a particular proposal because the broker does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner. Assured common shares owned by shareholders electing to abstain from voting with respect to any proposal and broker "non-votes" will be counted toward the presence of a quorum but will not be considered present and voting with respect to matters to be voted upon at the special general meeting. Therefore, abstentions and "broker non-votes" could have the same effect as votes cast against approval if they cause the total votes cast on the matter to be 50% or less of the total voting power entitled to vote on the proposal.

ACE Bermuda Insurance Ltd., which owns approximately 21.1% of the outstanding Assured common shares, has agreed to vote, subject to customary conditions, in favor of the issuance of Assured common shares to Dexia Holdings or its designated affiliate pursuant to the stock purchase agreement.

We will publish the voting results in the first annual report on Form 10-K or quarterly report on Form 10-Q that we file with the SEC after the special general meeting. You can find such report on Assured's web site at www.assuredguaranty.com.

Your vote is very important. Whether or not you plan to attend the meeting, your vote on these matters is important to us. Please complete, sign and return the enclosed proxy card in the envelope provided. Alternatively, you can vote your proxy by telephone or through the Internet by following the instructions on the enclosed proxy card.

Recommendation of the Assured Board of Directors

All of Assured's directors (other than Wilbur L. Ross, Jr., who did not vote on the matter) voted in favor of approving the stock purchase agreement and the WLR Backstop Commitment. Assured's board of directors determined that the acquisition of FSAH is advisable and in the best interests of Assured and its shareholders and recommends that you vote "FOR" approval of the issuance of Assured common shares to Dexia Holdings or its designated affiliate pursuant to the stock purchase agreement and the issuance of Assured common shares to the WLR Funds pursuant to the WLR Backstop Commitment. See "The Acquisition Reasons for the Transaction; Recommendation of the Assured Board of Directors" for a more detailed discussion of the Assured board of directors' recommendation.

Attending the Meeting

You may vote shares held directly in your name as the shareholder of record in person at the special general meeting. If you choose to vote your shares in person at the special general meeting, please bring the enclosed proxy card or proof of identification. Shares held in "street name" may be voted in person by you only if you obtain a signed proxy from the shareholder of record giving you the right to vote the shares. If your shares are held in the name of your broker, bank or other nominee, you must bring to the special general meeting an account statement or letter from the broker, bank or other nominee indicating that you are the owner of the shares and a signed proxy from the shareholder of record giving you the right to vote the shares. The account statement or letter must show that you were beneficial owner of the shares on February 6, 2009.

THE ACQUISITION

Background of the Acquisition

At various times, Assured's board of directors has engaged with Assured's senior management in strategic reviews, including reviews of acquisitions of companies and portfolios of insured risks.

Following a number of years in which delinquency and default rates were comparatively low across the residential mortgage, consumer finance and corporate finance credit markets, in 2007 and 2008, mortgage performance deteriorated rapidly, exceeding the most conservative historical loss expectations. For the first time since the Great Depression, year-over-year home prices declined across the entire United States, not just regionally. As projected losses on subprime and other residential mortgage-backed securities increased, some mortgage lenders failed, and rating agencies downgraded many mortgage-related securities.

As a result of losses related to mortgage-related securities and collateralized debt obligations, which we refer to in this proxy statement as "CDOs," of asset-backed securities and CDOs of CDOs of asset-backed securities (commonly referred to as CDOs Squared), a number of Assured's and FSAH's competitors in the financial guaranty industry announced sharp increases in projected losses on insured transactions in the first quarter 2008 and subsequently were downgraded or placed on credit watch, negative outlook or review for further downgrade by the major securities rating agencies. Losses on mortgage-backed securities also adversely affected the value of companies' invested assets.

Beginning in the fourth quarter of 2007, FSAH increased holdings of short-term, lower-yielding investments in order to meet anticipated liquidity requirements in its financial products business resulting from losses on mortgage-backed securities. It also entered into agreements for new lines of liquidity. On June 30, 2008, FSAM entered into an agreement pursuant to which Dexia Crédit Local and Dexia Bank Belgium provide a \$5.0 billion line of credit, to address liquidity requirements of FSAH's financial products business. In addition, on November 13, 2008, FSAH entered into two new agreements with Dexia and its affiliates in support of its financial products business, which provide additional protection through a \$3.5 billion collateral swap facility and a \$500 million capital facility to cover economic losses beyond the \$316.5 million of pre-tax loss estimated at the end of June 2008.

On July 21, 2008, Moody's Investors Service Inc., which we refer to in this proxy statement as "Moody's," placed FSA's Triple-A rating on "review for possible downgrade." In announcing the review for possible downgrade, Moody's stated that it had re-estimated expected and stress loss projections on FSA's aggregate insured portfolio. On October 8, 2008, Standard & Poor's Ratings Services, which we refer to in this proxy statement as "S&P," placed FSA's Triple-A rating on "negative credit watch." On October 9, 2008, Fitch Inc., which we refer to in this proxy statement as "Fitch," also placed FSA's Triple-A rating on "negative credit watch." On November 21, 2008, Moody's downgraded the financial strength rating of FSA to Aa3 with developing outlook.

In September 2008, Dexia announced the provision of capital support to Dexia by the governments of Belgium, France and Luxembourg, which was followed by changes in Dexia senior management. Following such developments, Dexia announced its intention to refocus on its basic business lines and its decision to explore options to reduce its risk related to FSAH.

Dexia engaged Goldman Sachs International and Goldman, Sachs & Co., which together we refer to in this proxy statement as "Goldman Sachs," to advise it with respect to a possible sale of FSAH, and an initial meeting took place on September 8, 2008. As a part of the sale process, Goldman Sachs contacted potential bidders, including Assured, and informed them of the proposed transaction, and the potential bidders executed confidentiality and non-disclosure agreements. In early October 2008, a representative of Goldman Sachs contacted a representative of Assured and WL Ross & Co. LLC, which we refer to in this proxy statement as "WL Ross," to advise Assured and WL Ross that Dexia

Table of Contents

was considering a possible sale of FSAH, and on October 9, 2008 and October 16, 2008, WLR Ross and Assured, respectively, executed confidentiality and non-disclosure agreements with Dexia.

On October 16, 2008, certain members of senior management of Assured attended a management presentation given by members of FSAH's senior management. Between October 16, 2008 and October 30, 2008, Assured conducted a preliminary due diligence investigation of FSAH's financial guarantee business. During this time, FSAH gave management presentations to other potential bidders and responded to information requests and held follow-up discussions with the potential bidders.

On October 23, 2008, Goldman Sachs delivered a process letter and other materials to Assured and the other potential bidders that outlined the procedures and proposed structure of the transaction. In those letters, Goldman Sachs, on behalf of Dexia, requested bid proposals by October 30, 2008.

On October 29, 2008, Assured's board of directors met telephonically and were apprised by Assured's management of the potential of a transaction involving FSAH. At that meeting, Assured's management briefly reviewed the benefits of a transaction involving FSAH and the likely financial parameters. Without taking specific action, Assured's board of directors expressed its support for the submission of a non-binding offer to acquire FSAH, but excluding its financial products business.

On October 30, 2008, in response to Dexia's invitation, Assured submitted a non-binding offer to acquire all of the outstanding capital stock of FSAH, excluding FSAH's financial products business. In its offer letter, Assured offered total consideration of approximately 35% of FSAH's closing date U.S. GAAP shareholders' equity after giving effect to the removal of FSAH's financial products subsidiaries. Assured offered consideration consisting of an equal amount of cash and Assured common shares. The offer was subject to a number of conditions, including approval by Assured's board of directors.

During the next few days, Goldman Sachs and Dexia reviewed the terms of the various offers received. Goldman Sachs also contacted Assured's financial advisor, Banc of America Securities, to discuss several points in Assured's proposal.

On November 5, 2008, representatives of Dexia Holdings, Goldman Sachs, Cleary Gottlieb Steen & Hamilton LLP, which we refer to in this proxy statement as "Cleary Gottlieb," Dexia Holdings' counsel, Assured, Assured's legal advisors, Mayer Brown LLP, which we refer to in this proxy statement as "Mayer Brown," and Assured's financial advisor discussed various transaction structures.

During the week of November 3, 2008, Assured's management, with the assistance of Assured's financial advisor, formulated a plan to finance the cash portion of the purchase price. In light of the capital requirements imposed by rating agencies, it was determined that the cash portion of the purchase price would be raised through the issuance of additional Assured common shares. In order to mitigate the risk of having to execute a public offering of common shares, Assured began exploring obtaining a backstop commitment from one or more of Assured's large shareholders.

At its regularly scheduled November 4-6, 2008 meeting, Assured's board of directors discussed the potential transaction involving FSAH. At that meeting, members of Assured's management discussed FSAH's business, prospects and financial condition as well as the strategic rationale for the acquisition. Members of senior management of Assured also discussed the results of its initial due diligence investigation of FSAH and presented to the board of directors an overview of the expected terms of the transaction. Following review and discussion among the members of the Assured board of directors, including consideration of the factors described under "Reasons for the Transaction; Recommendation of the Assured Board of Directors," all of the members of Assured's board of directors (other than Mr. Ross who was not present at the meeting) voted to approve the acquisition of FSAH with the consideration to be payable in cash and in Assured common shares. Assured's board also approved the issuance of Assured common shares to pay the cash portion of the purchase price, including through the issuance of such shares to existing shareholders of Assured. Assured's board of

directors approved the calling of a special general meeting of shareholders to approve the various issuances of common shares in accordance with NYSE rules and voted to recommend that Assured's shareholders approve such issuances. Finally, Assured's board also established a special acquisition committee consisting of Francisco L. Borges, G. Lawrence Buhl, Robin Monro-Davies and Walter A. Scott to approve on behalf of the board of directors the final terms of the transaction and to take such further action on behalf of the board of directors as might be necessary in connection with the transaction.

In light of the fact that the Assured common shares might be issued to existing shareholders of Assured, including shareholders affiliated with a director of Assured, the issuance of common shares pursuant to backstop arrangements with existing shareholders was also approved by both Assured's audit committee and nominating and governance committees.

During the course of the succeeding few days, Assured continued performing its due diligence investigation of FSAH and working with Dexia Holdings and Cleary Gottlieb on the structure of the transaction. In addition, Assured's chief executive officer approached Wilbur L. Ross Jr., a director of Assured and the managing member of WLR Fund IV to determine the WLR Funds' interest in providing a backstop commitment in the event Assured was unable to successfully complete a public offering. Mr. Ross, on behalf of the WLR Funds, indicated that the WLR Funds would be willing, subject to agreement upon the specific terms and conditions, to provide such a backstop commitment.

From November 9, 2008 through November 13, 2008, representatives of Assured and its legal and financial advisors met with representatives of Dexia Holdings and its legal and financial advisors to negotiate the stock purchase agreement and ancillary documents.

On November 10, 2008, Dexia agreed in writing to negotiate exclusively with Assured until 11:59 p.m. (New York City time) on November 13, 2008. On November 10, 2008, Dexia and Assured also signed a confidentiality and non-disclosure agreement facilitating Dexia's due diligence review of Assured.

On November 11, 2008, representatives of Dexia Holdings and Goldman Sachs attended management presentations given by members of Assured's senior management. Between November 10, 2008 and November 13, 2008, representatives of Dexia Holdings, Goldman Sachs and Cleary Gottlieb conducted due diligence sessions telephonically and in person with members of Assured's senior management and Assured's outside legal advisors and auditors.

On November 11, 12 and 13, 2008, representatives of Assured and Mayer Brown had numerous conversations with representatives of the WLR Funds and Jones Day, the WLR Funds' counsel, regarding the terms of the WLR Backstop Commitment.

On November 12, 2008, representatives of Dexia Holdings and ACE Bermuda Insurance Ltd, which we refer to in this proxy statement as "ACE Bermuda," negotiated, with the assistance of representatives of Assured, a form of voting agreement pursuant to which ACE Bermuda would agree to vote its Assured common shares in favor of approval of the share issuances.

On November 12 and 13, 2008, representatives of Dexia Holdings, Cleary Gottlieb, the WLR Funds and Jones Day negotiated a form of voting agreement pursuant to which the WLR Funds would agree to vote their Assured common shares at the special general meeting.

On November 12, 2008, Assured's board of directors met telephonically to consider the transactions. Members of senior management of Assured and Assured's legal and financial advisors also participated in the meeting. Assured's board of directors was provided with an overview of the terms and structure of the proposed transaction. At the meeting, Assured's financial advisor reviewed with the board of directors of Assured certain financial aspects of the transaction. In addition, Mayer Brown reviewed with the Assured board of directors the legal terms of the proposed transaction.

On November 13, 2008, the special acquisition committee of Assured's board of directors met telephonically. Members of senior management of Assured and representatives of Assured's legal and financial advisors also participated in the meeting. The special acquisition committee was provided with an overview of the final terms and structure of the proposed transaction which were within the financial parameters previously approved by the board of directors. After the conclusion of the telephone call, the members of the special acquisition committee executed a unanimous written consent approving the final terms of the acquisition and the form of the stock purchase agreement.

In connection with the execution of the stock purchase agreement, Banc of America Securities delivered to Assured's board of directors a written opinion dated November 14, 2008, to the effect that, as of the date of the opinion and based on and subject to various assumptions and limitations described in its opinion, the aggregate consideration of \$361 million in cash and 44,567,901 Assured common shares (valued at \$8.10 per share) to be paid by Assured to Dexia Holdings for the acquisition of FSAH was fair, from a financial point of view, to Assured.

Following final approval of Assured's special acquisition committee on behalf of Assured's board of directors, the parties and their counsel continued to work to finalize the stock purchase agreement, and on November 14, 2008, the parties executed the stock purchase agreement, the WLR Funds delivered the WLR Backstop Commitment, the WLR Funds and ACE Bermuda delivered their voting agreements and the transaction was announced in press releases issued by Dexia and Assured.

Subsequently, the parties prepared and filed the necessary applications for regulatory approval of the acquisition.

Reasons for the Transaction; Recommendation of the Assured Board of Directors

At a number of meetings, both in person and telephonic, Assured's board of directors discussed with management and Assured's legal and financial advisors various aspects of the acquisition. Wilbur L. Ross, Jr., an affiliate of the WLR Funds, did not participate in any of the deliberations or voting with respect to the acquisition. After discussion and careful deliberation over the course of a number of weeks, Assured's board of directors concluded that the acquisition is in the best interests of Assured and its shareholders.

In reaching this conclusion, Assured's board of directors considered the future prospects of Assured on a standalone basis relative to its future prospects resulting from the transaction. Assured's board of directors also considered the strategic options available to Assured, including other potential transactional opportunities, and the risks and uncertainties associated with such alternatives. In evaluating the stock purchase agreement, the Assured board of directors consulted with Assured's management with respect to the transaction, with Assured's financial advisor with respect to certain financial aspects of the acquisition and with Assured's legal counsel as to the board's fiduciary duties and the terms of the stock purchase agreement and the other agreements entered into in connection with the stock purchase agreement. In reaching its determination to approve the stock purchase agreement, the Assured board of directors considered the following material factors:

The board of directors' knowledge of Assured's business, operations, financial condition and prospects and of FSAH's business, operations, financial condition and prospects, taking into account the results of Assured's due diligence review of FSAH and discussions with management of FSAH.

The board of directors' view of the current and prospective conditions in the financial guaranty industry, including economic conditions, the competitive environment, consolidation trends and the likely effect of these factors on Assured's and FSAH's potential growth, profitability and strategic options.

Table of Contents

The board of directors' assessment that the acquisition of FSAH is reasonably likely to enhance Assured's size and visibility within the financial guaranty industry and enable Assured to remain competitive with Assured's major competitors.

The board of directors' understanding of the other strategic alternatives likely to be available to Assured and the growth opportunities offered by such alternatives compared with the growth opportunities presented by the acquisition of FSAH.

The stable earnings stream resulting from the increased size of the combined investment portfolio of Assured and FSAH.

The significant synergy opportunities identified by Assured management in connection with the acquisition of FSAH, including expected cost savings and increased revenue opportunities, and the timeline for achievement of these synergies projected by Assured management following its due diligence investigation of FSAH.

The stockholder and regulatory approvals required in connection with the acquisition of FSAH and the other terms of the stock purchase agreement, and the likelihood that, once the stock purchase agreement had been entered into, the acquisition of FSAH would be completed if the issuance of Assured common shares in accordance with the terms of the stock purchase agreement were approved by Assured's shareholders and the acquisition of FSAH were approved by applicable regulatory agencies.

The opinion of Banc of America Securities, dated November 14, 2008, to Assured's board of directors as to the fairness, from a financial point of view and as of the date of the opinion, to Assured of the aggregate consideration of \$361 million in cash and 44,567,901 Assured common shares (valued at \$8.10 per share) to be paid by Assured to Dexia Holdings in the acquisition of FSAH, as more fully described below in the section entitled " Opinion of Assured's Financial Advisor."

In the course of its deliberations, the Assured board of directors also considered a variety of risks, uncertainties and other potentially negative factors concerning the acquisition of FSAH, including without limitation the risks described under "Risk Factors" and the following:

The fact that Dexia may own up to 24.9% of Assured's outstanding common shares upon consummation of the acquisition of FSAH.

The possibility that the synergies and other financial and strategic benefits expected to be achieved in the acquisition of FSAH would not be obtained on a timely basis or at all.

The diversion of management and employee attention during the period after the signing of the stock purchase agreement and the potential effect of this on Assured's business.

The risks and costs that could be borne by Assured if the acquisition of FSAH is not completed.

The risks that necessary regulatory and shareholder approval would not be obtained.

The foregoing discussion of the information considered by Assured's board of directors is not intended to be exhaustive, but includes the material factors that Assured's board of directors considered in approving and recommending the issuance of Assured common shares in accordance with the terms of the stock purchase agreement. The Assured board, together with Assured management and Assured's advisors, conducted numerous discussions of the factors described above. In view of the wide variety of factors considered by Assured's board of directors in connection with its evaluation of the acquisition of FSAH and the complexity of these factors, Assured's board of directors did not consider it practical to, nor did it attempt to, quantify, rank or otherwise assign any specific or relative weights to the specific factors that it considered in the course of reaching its decision. In addition, in considering the factors described above, individual directors may have assigned different

weights to

different factors. The board of directors discussed the factors described above and, by the unanimous vote of all of the directors present at the meeting, determined that the acquisition of FSAH was in the best interests of Assured and its shareholders.

The above explanation of the reasoning of Assured's board of directors and all other information presented in this section is forward-looking in nature and, therefore, should be read in light of the factors discussed under "Forward-Looking Statements."

For the reasons set forth above, Assured's board of directors has approved the stock purchase agreement, the other agreements entered into in connection with the stock purchase agreement and the transactions contemplated by those agreements, has concluded that the transactions are advisable and in the best interests of Assured and its shareholders and recommends that Assured shareholders vote "FOR" approval of the issuance of Assured common shares to Dexia Holdings in accordance with the stock purchase agreement and to the WLR Funds in accordance with the WLR Backstop Commitment.

In arriving at its opinion, Banc of America Securities assumed and relied upon, without independent verification, the accuracy and completeness of the financial and other information and data publicly available or provided to or otherwise reviewed by or discussed with Banc of America Securities and relied upon the assurances of the managements of Assured and FSAH that they were not aware of any facts or circumstances that would make such information or data inaccurate or misleading in any material respect. With respect to the FSAH forecasts, Banc of America Securities was advised by FSAH, and assumed, that such forecasts were reasonably prepared on bases reflecting the best currently available estimates and good faith judgments of FSAH's management as to FSAH's future financial performance. With respect to the adjusted FSAH forecasts, the Assured forecasts and potential cost savings, Banc of America Securities assumed, at Assured's direction, that they were reasonably prepared on bases reflecting the best currently available estimates and good faith judgments of Assured's management as to the future financial performance of FSAH and Assured and the other matters covered thereby and, based on the assessments of Assured's management as to the relative likelihood of achieving the future financial results reflected in the FSAH forecasts and the adjusted FSAH forecasts, Banc of America Securities relied, at Assured's direction, on the adjusted FSAH forecasts for purposes of its opinion. At Assured's direction, Banc of America Securities excluded certain of FSAH's businesses that may be separated from FSAH and FSAH's financial products business from its analysis of FSAH based on the assumption that such business will be managed by Dexia or affiliates thereof and all liabilities arising from or relating to such business will be fully guaranteed pursuant to the financial products arrangements.

Banc of America Securities assumed, with Assured's consent, that any adjustments to the aggregate consideration to be paid by Assured will not be material to its opinion. Banc of America Securities relied, at Assured's direction, on the assessments of Assured's senior management as to the ability of Assured to integrate the businesses and operations of Assured and FSAH. Banc of America Securities is not an actuary and its services did not include actuarial determinations or evaluations or any attempt to evaluate actuarial assumptions or allowances for losses with respect thereto and, accordingly, Banc of America Securities made no analysis of, and expressed no opinion as to, the adequacy of the loss and loss adjustment expense reserves of FSAH or Assured, and was advised and therefore assumed that such allowances for FSAH and Assured were, and on a pro forma basis would be, in the aggregate adequate to cover such losses. Banc of America Securities did not make, and was not provided with, any independent evaluation or appraisal of the assets or liabilities (contingent or otherwise), including the loss and loss adjustment expense reserves, of FSAH or Assured, nor did Banc of America Securities make any physical inspection of the properties or assets of FSAH or Assured. Banc of America Securities did not evaluate the solvency of FSAH or Assured under any state, federal or other laws relating to bankruptcy, insolvency or similar matters. Banc of America Securities assumed, at Assured's direction, that the transaction would be consummated in accordance with its terms, without waiver, modification or amendment of any material term, condition or agreement and that, in the course of obtaining the necessary governmental, regulatory and other approvals, consents, releases and waivers for the transaction, no delay, limitation, restriction or condition would be imposed that would have a material adverse effect on FSAH, Assured or the contemplated benefits of the transaction.

Banc of America Securities expressed no view or opinion as to any terms or other aspects of the transaction (other than the aggregate consideration to the extent expressly specified in its opinion), including, without limitation, the form or structure of the transaction or the aggregate consideration or any terms or other aspects of the financial products arrangements or any financing for the transaction to be provided by the WLR Funds or other third parties. Banc of America Securities' opinion was limited to the fairness, from a financial point of view, to Assured of the aggregate consideration to be paid by Assured to Dexia Holdings in the acquisition of FSAH and no opinion or view was expressed

Table of Contents

with respect to any consideration received in connection with the transaction by the holders of any class of securities, creditors or other constituencies of any party. In addition, no opinion or view was expressed with respect to the fairness of the amount, nature or any other aspect of any compensation to any of the officers, directors or employees of any party to the transaction, or class of such persons, relative to the aggregate consideration. Furthermore, no opinion or view was expressed as to the relative merits of the transaction in comparison to other strategies or transactions that might be available to Assured or in which Assured might engage or as to the underlying business decision of Assured to proceed with or effect the acquisition and related financing (including the manner in which the acquisition will be financed). Banc of America Securities expressed no opinion as to what the value of Assured common shares actually will be when issued or the prices at which Assured common shares will trade at any time. In addition, Banc of America Securities expressed no opinion or recommendation as to how any shareholder should vote or act in connection with the transaction.

Banc of America Securities' opinion was necessarily based on financial, economic, monetary, market and other conditions and circumstances as in effect on, and the information made available to Banc of America Securities as of, the date of its opinion. The credit, financial and stock markets are experiencing unusual volatility and Banc of America Securities expressed no opinion or view as to any potential effects of such volatility on FSAH, Assured or the transaction. It should be understood that subsequent developments may affect its opinion, and Banc of America Securities does not have any obligation to update, revise or reaffirm its opinion. The issuance of Banc of America Securities' opinion was approved by Banc of America Securities' fairness opinion review committee. Except as described above, Assured imposed no other limitations on the investigations made or procedures followed by Banc of America Securities in rendering its opinion.

The following represents a brief summary of the material financial analyses presented by Banc of America Securities to Assured's board of directors in connection with its opinion. **The financial analyses summarized below include information presented in tabular format. In order to fully understand the financial analyses performed by Banc of America Securities, the tables must be read together with the text of each summary. The tables alone do not constitute a complete description of the financial analyses performed by Banc of America Securities. Considering the data set forth in the tables below without considering the full narrative description of the financial analyses, including the methodologies and assumptions underlying the analyses, could create a misleading or incomplete view of the financial analyses performed by Banc of America Securities.** For purposes of the financial analyses summarized below, the "implied aggregate consideration value" refers to an implied aggregate consideration of \$722 million based on \$361 million in cash and 44,567,901 Assured common shares at a per share price of \$8.10. As described above, in evaluating FSAH, Banc of America Securities excluded FSAH's financial products business and certain of FSAH's businesses that may be separated from FSAH.

Discounted Cash Flow Analysis. Banc of America Securities performed a discounted cash flow analysis of FSAH to calculate the estimated present value of the maximum allowable dividends that FSAH was forecasted to generate from calendar years 2009 through 2013 based on the adjusted FSAH forecasts, both with and without potential cost savings anticipated by Assured's management to result from the acquisition. Banc of America Securities calculated the maximum allowable dividends based on the lesser of (a) the New York Insurance Law dividend test (calculated as the lesser of (i) FSAH's current year adjusted net investment income and (ii) 10% of FSAH's statutory capital and surplus requirements for the most recent year-end) and (b) the maximum dividends allowed to maintain a target operating ratio of net premiums written to statutory capital and surplus requirements of 0.45x. Banc of America Securities calculated terminal values for FSAH by applying terminal value multiples of 0.30x to 0.50x to FSAH's calendar year 2013 estimated book value. The dividends and terminal values were then discounted to present value as of December 31, 2008 using discount rates ranging from 15.0% to 18.0%. This analysis indicated the following implied equity value reference range for FSAH, both with and without potential cost savings, as compared to the implied aggregate consideration value:

Implied Equity Value Reference Ranges for FSAH				Implied Aggregate Consideration Value
Without Cost Savings		With Cost Savings		
\$835 million	\$1,205 million	\$875 million	\$1,260 million	\$722 million

Discounted Cash Flow Analysis. Banc of America Securities performed a discounted cash flow analysis of Assured to calculate the estimated present value of the total dividend capacity of Assured that Assured was forecasted to generate from calendar years 2009 through 2013 based on the Assured forecasts. Banc of America Securities calculated the total dividend capacity of Assured by adding the total dividend capacity of its dividend producing subsidiaries, AGC (calculated based on the New York Insurance Law dividend test referred to above) and AG Re (calculated based on the lesser of (a) the Bermuda Monetary Authority capital reduction test (15% of such subsidiary's statutory capital requirements) and (b) the maximum dividends allowed to maintain a target operating ratio of net premiums written to statutory capital and surplus requirements of 0.25x). Banc of America Securities calculated terminal values for Assured by applying terminal value multiples of 0.30x to 0.50x to Assured's calendar year 2013 estimated book value. Pro Forma Accretion/Dilution Analysis

Banc of America Securities reviewed the potential pro forma financial impact of the acquisition, after taking into account potential cost savings and the financing for the acquisition, on Assured's calendar years 2009 through 2012 estimated earnings per share, referred to as EPS, return on equity, referred to as ROE, and book value per share. Estimated financial data of Assured and potential cost savings were based on internal estimates of Assured's management and estimated financial data of FSAH were based on the adjusted FSAH forecasts. After taking into account potential cost savings and the financing for the acquisition, this analysis indicated that the acquisition could be accretive to Assured's estimated EPS and ROE for calendar years 2009 through 2012 and dilutive to Assured's estimated book value per share for calendar years 2009 through 2012. The actual results achieved by the combined company may vary from projected results and the variations may be material.

Miscellaneous

As noted above, the discussion set forth above is a summary of the material financial analyses presented by Banc of America Securities to Assured's board of directors in connection with its opinion and is not a comprehensive description of all analyses undertaken by Banc of America Securities in connection with its opinion. The preparation of a financial opinion is a complex analytical process involving various determinations as to the most appropriate and relevant methods of financial analysis and the application of those methods to the particular circumstances and, therefore, a financial opinion is not readily susceptible to partial analysis or summary description. Banc of America Securities believes that its analyses summarized above must be considered as a whole. Banc of America Securities further believes that selecting portions of its analyses and the factors considered or focusing on information presented in tabular format, without considering all analyses and factors or the narrative description of the analyses, could create a misleading or incomplete view of the processes underlying Banc of America Securities' analyses and opinion. The fact that any specific analysis has been referred

Table of Contents

to in the summary above is not meant to indicate that such analysis was given greater weight than any other analysis referred to in the summary.

In performing its analyses, Banc of America Securities considered industry performance, general business and economic conditions and other matters, many of which are beyond the control of Assured and FSAH. The estimates of the future performance of FSAH and Assured in or underlying Banc of America Securities' analyses are not necessarily indicative of actual values or actual future results, which may be significantly more or less favorable than those estimates or those suggested by Banc of America Securities' analyses. These analyses were prepared solely as part of Banc of America Securities' analysis of the fairness, from a financial point of view, to Assured of the aggregate consideration to be paid by Assured to Dexia Holdings in the acquisition and were provided to Assured's board of directors in connection with the delivery of Banc of America Securities' opinion. The analyses do not purport to be appraisals or to reflect the prices at which a company might actually be sold or the prices at which any securities have traded or may trade at any time in the future. Accordingly, the estimates used in, and the ranges of valuations resulting from, any particular analysis described above are inherently subject to substantial uncertainty and should not be taken to be Banc of America Securities' view of the actual value of FSAH or Assured.

The type and amount of consideration payable in the transaction was determined through negotiations between Assured and Dexia, rather than by any financial advisor, and was approved by Assured's board of directors. The decision to enter into the stock purchase agreement was solely that of Assured's board of directors. As described above, Banc of America Securities' opinion and analyses were only one of many factors considered by Assured's board of directors in its evaluation of the proposed acquisition and should not be viewed as determinative of the views of Assured's board of directors or management with respect to the acquisition or the aggregate consideration.

Assured has agreed to pay Banc of America Securities for its services in connection with the acquisition an aggregate fee of \$9 million, a portion of which was payable upon the rendering of Banc of America Securities' opinion and a significant portion of which is contingent upon the completion of the acquisition. In addition, Banc of America Securities or one of its affiliates will be acting as joint bookrunner in connection with the equity financing for the acquisition, for which services Banc of America Securities or such affiliate will receive significant compensation. Assured also has agreed to reimburse Banc of America Securities for reasonable expenses, including reasonable fees and disbursements of Banc of America Securities' counsel, incurred in connection with Banc of America Securities' engagement, and to indemnify Banc of America Securities, any controlling person of Banc of America Securities and each of their respective directors, officers, employees, agents, affiliates and representatives against specified liabilities, including liabilities under the federal securities laws.

Banc of America Securities and its affiliates comprise a full service securities firm and commercial bank engaged in securities trading and brokerage activities and principal investing as well as providing investment, corporate and private banking, asset and investment management, financing and financial advisory services and other commercial services and products to a wide range of corporations and individuals. In the ordinary course of its businesses, Banc of America Securities and its affiliates may actively trade the debt, equity or other securities or financial instruments (including bank loans or other obligations) of Assured, FSAH, Dexia and certain of their respective affiliates, for its own account or for the accounts of customers and, accordingly, Banc of America Securities or its affiliates may at any time hold long or short positions in such securities or financial instruments.

Banc of America Securities and its affiliates in the past have provided, currently are providing, and in the future may provide investment banking, commercial banking and other financial services to Assured and have received or in the future may receive compensation for the rendering of these services, including having acted or acting as (i) joint book-running manager in connection with certain equity or debt offerings of Assured, (ii) sole manager on a block trade for Assured, (iii) lender or

potential lender under certain credit facilities and other lines of credit for Assured and (iv) financial advisor to Assured in connection with certain acquisition transactions.

In addition, Banc of America Securities and its affiliates in the past have provided, currently are providing, and in the future may provide investment banking, commercial banking and other financial services to Dexia and certain of its affiliates (including FSAH) and have received or in the future may receive compensation for the rendering of these services, including (i) providing certain fixed income, derivatives and/or other trading services to Dexia and certain of its affiliates (including FSAH), (ii) acting as lender under certain credit facilities, term loans and other lines of credit for Dexia and (iii) providing certain treasury and cash management services to Dexia and certain of its affiliates (including FSAH).

Interests of Certain Persons in the Transactions

Wilbur L. Ross, Jr., one of Assured's directors, is an affiliate of the WLR Funds. Assured has paid the WLR Funds a nonrefundable commitment fee of \$10,830,000 in connection with the option granted by the WLR Backstop Commitment and has agreed to pay the WLR Funds' expenses in connection with the transactions contemplated thereby. Assured has also agreed to reimburse the WLR Funds for the \$4.1 million cost of obtaining the letters of credit to secure the WLR Funds' performance under the WLR Backstop Commitment. Assured has also granted the WLR Funds the pre-emptive right to purchase a portion of any Assured common shares sold to fund a portion of the purchase price under the stock purchase agreement other than pursuant to the WLR Backstop Commitment. See "The WLR Backstop Commitment."

Mr. Ross did not participate in or vote on the approval of the acquisition of FSAH or the WLR Backstop Commitment. In accordance with Assured's corporate governance practices, the WLR Backstop Commitment was approved by both Assured's audit committee and nomination and governance committee.

Existing Relationship with FSA

AG Re has provided, and continues to provide, reinsurance to FSA with respect to risks in its financial guarantee business. As of September 30, 2008, the net par outstanding of risks ceded by FSA to AG Re was \$33.7 billion. In connection with these reinsurance arrangements, FSA pays to AG Re both upfront premiums and any installment premiums with respect to risks reinsured. The gross amounts paid by FSA to AG Re in 2007 and the nine months ended September 30, 2008 were \$58,558,890 and \$95,552,597, respectively.

Regulatory Approvals Required for the Transaction

Antitrust Filing

Under the HSR Act and the rules promulgated thereunder by the FTC, the acquisition may not be consummated until notifications have been given and certain information has been furnished to the FTC and the DOJ and specified waiting period requirements have been satisfied. Assured and Dexia each filed the requisite notification and report forms with the DOJ and FTC. The HSR Act waiting period expired on January 20, 2009.

Insurance Regulatory Approval

Before a person can acquire control of a U.S. insurance company, prior written approval must be obtained from the insurance commissioner of the state where the domestic insurer is domiciled. Prior to granting approval of an application to acquire control of a domestic insurer, the state insurance commissioner will consider such factors as the financial strength of the applicant, the integrity and

Table of Contents

management of the applicant's board of directors and executive officers, the acquirer's plans for the future operations of the domestic insurer, and any anti-competitive results that may arise from the consummation of the acquisition of control. Similar requirements apply to the acquisition of control of a U.K. insurance company. Assured has filed applications with the insurance departments of the States of New York and Oklahoma with respect to the acquisition of control of FSAH's New York and Oklahoma domiciled insurance subsidiaries and with the U.K. Financial Services Authority with respect to the acquisition of control of FSAH's U.K. insurance subsidiary. Assured's application with the U.K. Financial Services Authority has been approved. In addition, Assured has made pre-acquisition filings regarding the potential competitive impact of the transaction. As of the date of this proxy statement, substantially all of these filings have been approved or deemed to be approved under applicable regulations and no objections have been received with respect to the remaining filings.

Generally, state statutes provide that control over a domestic insurer is presumed to exist if any person, directly or indirectly, owns, controls, holds with the power to vote, or holds proxies representing 10% or more of the voting securities of the domestic insurer. Because a person acquiring 10% or more of our common shares would indirectly control the same percentage of the stock of our insurance subsidiaries, the insurance change of control laws would likely apply to the acquisition of Assured common shares by Dexia Holdings pursuant to the stock purchase agreement and potentially to the acquisition of Assured common shares by the WLR Funds pursuant to the WLR Backstop Commitment. The presumption of control can be rebutted by showing to an insurance department's satisfaction that a shareholder does not in fact have the ability to direct or cause the direction of the management and policies of the insurer. Dexia and the WLR Funds have filed disclaimers of control with the insurance departments of the States of Maryland, New York and Oklahoma to show that they do not control Assured's domestic insurance subsidiaries, because, among other reasons, their voting power with respect to the Assured common shares owned by each of them will be reduced to less than 9.5% of the total voting power of all Assured common shares, they do not have control of the Assured board of directors, and they do not have any special voting rights with respect to their common shares. The WLR Funds' filing in Maryland has been approved. Dexia has also filed an application with the U.K. Financial Services Authority seeking that agency's approval of its ownership interests in Assured. Dexia's application with the U.K. Financial Services Authority has been approved. Dexia and the WLR Funds will also file a notice with the Bermuda Monetary Authority with respect to their proposed ownership interest in Assured.

Other

In addition to the foregoing, Assured may be required to obtain regulatory approvals, file notices or make certain other filings in other jurisdictions in which FSAH or one or more of its subsidiaries maintains an office, conducts business or has customers. As of the date of this proxy statement, Assured does not expect any such approvals, notices or filings to be material in connection with the acquisition.

Timing

We cannot assure you that all of the regulatory approvals described above will be obtained and, if obtained, we cannot assure you as to the timing of any approvals, our ability to obtain the approvals on satisfactory terms or the absence of any litigation challenging such approvals. We also cannot assure you that the federal antitrust authorities, a state attorney general or a private party will not attempt to challenge the acquisition of FSAH on antitrust grounds and, if such a challenge is made, we cannot assure you as to its result.

We believe that the acquisition does not raise substantial antitrust or other significant regulatory concerns and that we will be able to obtain all requisite regulatory approvals on a timely basis without the imposition of any condition that would have a material adverse effect on us. The obligations of

Table of Contents

Assured and Dexia Holdings to consummate the acquisition are subject to the condition that no judgment, decree, injunction or restraining order shall have been issued by any court of competent jurisdiction and be in effect, nor shall there be pending any suit or action instituted by any governmental entity which would prohibit or make illegal the acquisition of FSAH by Assured.

It is presently contemplated that if any governmental approvals or actions are required beyond those listed above, such approvals or actions will be sought. We cannot assure you, however, that any additional approvals or actions will be obtained. Assured and Dexia Holdings are required to use their reasonable best efforts to file all the necessary documentation and obtain all consents of third parties that are necessary to consummate the acquisition and to comply with the terms and conditions of all consents, approvals and authorizations of any third party or governmental entity.

Material U.S. Federal Income Tax Consequences of the Transaction to Holders of Assured Common Shares

Assured's purchase of substantially all of the capital stock of FSAH will not result in the recognition of gain or loss by holders of Assured common shares.

The acquisition by Dexia Holdings or its designated affiliate of more than 10% of the Assured common shares raises a question whether any of Assured and/or its non-U.S. subsidiaries could become a "controlled foreign corporation", which we refer to in this proxy statement as a "CFC" under the Internal Revenue Code. If Assured or its non-U.S. subsidiaries become a CFC, each 10% U.S. shareholder of Assured or any non-U.S. subsidiary that is a CFC on the last day of Assured's taxable year would be required to include in its gross income for U.S. federal income tax purposes its pro rata share of Assured's and non-U.S. subsidiaries' "subpart F income," even if the subpart F income is not distributed. We believe that Dexia Holdings' agreement to limit the voting power of its Assured common shares to less than 9.5%, will prevent Dexia Holdings from being considered a 10% U.S. shareholder of Assured or any of its non-U.S. subsidiaries and that the issuance of common shares to Dexia Holdings will not cause Assured to become a CFC. It is possible, however, that the IRS could challenge the effectiveness of these provisions and that a court could sustain such a challenge.

Anticipated Accounting Treatment

The acquisition of FSAH will be accounted for using the purchase method of accounting in accordance with accounting principles generally accepted in the United States of America under Statement of Financial Accounting Standards No. 141, *Business Combinations, as revised in 2007 (FASB 141R)*. Assured will be the acquiring entity for financial reporting purposes. Under the purchase method of accounting, the acquisition price will be allocated to the tangible and intangible assets and liabilities assumed of the acquired entity based on their estimated fair values, with any excess being recognized as goodwill. Costs of the acquisition are expensed in the period in which the expenses are incurred. Under Statement of Financial Accounting Standards No. 142, *Goodwill and Other Intangible Assets*, negative goodwill arising from the purchase price allocation will be immediately credited to earnings in the period in which the acquisition is closed.

No Appraisal Rights

Under applicable law, Assured shareholders do not have the right to an appraisal of the value of their shares in connection with the acquisition of FSAH.

Table of Contents

THE STOCK PURCHASE AGREEMENT AND ANCILLARY AGREEMENTS

The following describes certain aspects of the acquisition of FSAH, including material provisions of the stock purchase agreement. The following description of the stock purchase agreement is subject to, and qualified in its entirety by reference to, the stock purchase agreement, which is attached to this document as Appendix A and is incorporated by reference in this document. We urge you to read the stock purchase agreement carefully.

Basic Terms and Structure of the Transaction

Pursuant to the stock purchase agreement, Assured will acquire from Dexia Holdings 33,296,773 shares of FSAH common stock (and any shares of FSAH common stock issued to Dexia Holdings after the date of the stock purchase agreement) representing approximately 99.8524% of the issued and outstanding shares of FSAH common stock. Dexia Crédit Local has irrevocably guaranteed the payment and performance by Dexia Holdings of all of its liabilities and obligations under the stock purchase agreement. The remaining shares of FSAH are currently held by current or former directors of FSAH. Assured expects that it will acquire the remaining shares of FSAH common stock concurrent with the closing of the acquisition of shares of FSAH common stock from Dexia Holdings or shortly thereafter at the same price paid to Dexia Holdings. See " Survival of Representations and Warranties and Covenants; Indemnification."

Assured has agreed to pay Dexia Holdings total consideration of approximately \$722 million (based upon the closing price of Assured's common shares on the NYSE on November 13, 2008 of \$8.10), consisting of \$361 million in cash and up to 44,567,901 Assured common shares. If, prior to the closing date under the stock purchase agreement, Assured issues new Assured common shares (other than pursuant to an employee benefit plan) or other securities that are convertible into or exchangeable for or otherwise linked to Assured's common shares at a purchase price per share of less than \$8.10, Assured has agreed to issue to Dexia Holdings on the closing date an additional number of Assured common shares with an aggregate value as of the closing date (measured based on the average of the volume weighted average price per share for each day in the 20 NYSE trading day period ending three business days prior to the closing date) representing the amount of dilution as a result of such issuance. The amount of dilution is defined to mean (x) the number of Assured common shares issued (or that upon conversion or exchange would be issuable) as a result of the dilutive issuance, multiplied by (y) the positive difference if any between \$8.10 and the purchase (or reference, implied, conversion, exchange or comparable) price per share received by Assured in the dilutive issuance, multiplied by (z) the percentage of the issued and outstanding share capital of Assured represented by the Assured common shares to be received by Dexia Holdings pursuant to the stock purchase agreement (without taking into account any additional Assured common shares issued or issuable as a result of the anti-dilution provision).

Under the stock purchase agreement, Assured may elect to pay \$8.10 per share in cash in lieu of up to 22,283,951 Assured common shares that it would otherwise deliver as part of the purchase price.

Under the stock purchase agreement, Assured has agreed to acquire FSAH and, indirectly, all of its subsidiaries. FSAH's financial products subsidiaries conduct FSAH's financial products business which Assured is not acquiring. Under the stock purchase agreement, Assured and Dexia Holdings have agreed to negotiate the transaction agreements pursuant to which Dexia Holdings or its affiliates would guarantee the assets and liabilities of the GIC subsidiaries for the benefit of FSA (and, if FSAH continues to own FSAM and the GIC subsidiaries, indemnify Assured and FSA against losses arising after the closing of the acquisition from, the assets, liabilities, operations and business of the financial products business). See " Financial Products Agreements."

The stock purchase agreement provides that Dexia Holdings may (and, if the sovereign guarantees are issued, Dexia Holdings must) elect to cause FSAH to transfer the ownership interests of FSAM and

Table of Contents

the GIC subsidiaries, or all of the assets and liabilities of FSAM and the GIC subsidiaries, to Dexia Holdings or one of its affiliates in form reasonably acceptable to Assured. Dexia has informed Assured that it anticipates receiving the sovereign guarantees, in which case, FSAM and the GIC subsidiaries will be transferred to Dexia Holdings or an affiliate prior to the closing. In the event Dexia does not receive the sovereign guarantees and elects not to effect a transfer of FSAM and the GIC subsidiaries, Dexia Holdings will enter into an agreement to manage the assets, liabilities, operations and business of FSAM and the GIC subsidiaries and indemnify Assured for losses arising after the closing date from the assets, liabilities, operations and business of FSAM and the GIC subsidiaries. See " FSAM Asset Management Agreement." FSAH's leveraged tax lease debt defeasance business, which is being acquired by Assured, will be effectively removed from the financial products subsidiary that operates that business prior to its transfer to Dexia Holdings or an affiliate. See " Financial Products Agreements FSA Global Agreement."

Dexia Holdings Agreements with Respect to Assured Common Shares; Registration Rights

Dexia Holdings has agreed that the voting rights with respect to all Assured common shares issued to Dexia Holdings pursuant to the stock purchase agreement will constitute less than 9.5% of the voting power of all issued and outstanding Assured common shares.

Dexia Holdings has also agreed that until the date on which it and its affiliates beneficially own Assured common shares in an amount less than 10% of the outstanding Assured common shares, without the prior written approval of Assured, Dexia Holdings will not, directly or indirectly, through its affiliates or any other persons, or in concert with any person:

acquire, offer to acquire, or agree to acquire, directly or indirectly, by purchase or otherwise, any voting securities or direct or indirect rights to acquire any voting securities of Assured or any of its subsidiaries, or of any successor to or person in control of Assured;

make, or participate, directly or indirectly, in any "solicitation" of "proxies" to vote (as such terms are used in the rules and regulations promulgated by the SEC), or advise any person with respect to the voting of any voting securities of Assured;

form, join or participate in a "group" as defined in Section 13(d)(3) of the Exchange Act in connection with any of the foregoing; or

publicly request that any of these standstill provisions be waived or amended.

Dexia Holdings has agreed that, until the first anniversary of the date of the stock purchase agreement, it will not transfer any of the Assured common shares issued pursuant to the stock purchase agreement to any person without the consent of Assured other than to one or more of its affiliates that agrees to abide by these transfer restrictions. Except with the written consent of Assured or to one or more of its affiliates that agrees to abide by these transfer restrictions, Dexia Holdings will not transfer any of the Assured common shares issued pursuant to the stock purchase agreement other than (i) in transactions exempt from registration under the Securities Act or (ii) pursuant to a registration statement in the open market or otherwise where Dexia Holdings reasonably believes that any transferee would not own more than 4.9% of the Assured common shares then outstanding after the sale, transfer or disposition.

Assured has agreed to file a registration statement within 60 days following the closing to register for resale the common shares it issues pursuant to the stock purchase agreement and has also agreed to provide Dexia Holdings and its transferees piggyback registration rights for such shares.

Table of Contents

Board Representation

If the Assured common shares issued pursuant to the stock purchase agreement represent more than 15% of the total Assured common shares outstanding on the closing date (after giving effect to all common shares issued on such date), then upon the written request of Dexia Holdings, Assured's board of directors will appoint one nominee of Dexia Holdings to serve as a member of Assured's board of directors. At such time as Dexia Holdings no longer owns Assured common shares representing at least 10% of the total number of Assured common shares outstanding, Dexia Holdings will no longer be entitled to nominate a representative to Assured's board of directors.

Financial Products Agreements

Dexia Guarantees

FSAH's financial products business includes the issuance of GICs and MTNs. Through the GIC subsidiaries, FSAH provides GICs to municipalities and other market participants. In return for an initial payment, each GIC entitles its holder to receive the return of the holder's initial principal plus interest at a specified rate, and to withdraw principal from the GIC as permitted. FSA insures all GICs issued by the GIC subsidiaries, the payment of scheduled payments on certain assets purchased by FSAM with the proceeds of the initial payments and various hedging and other swap agreements entered into by FSAM in connection with managing these assets. Even though Assured expects that the GIC subsidiaries will be distributed by FSAH to Dexia Holdings or one of its affiliates, FSA's guarantees of the GICs issued by the GIC subsidiaries will remain in effect after the closing.

Under the stock purchase agreement, Assured and Dexia have agreed to cooperate in good faith to promptly negotiate and execute an agreement pursuant to which Dexia will guarantee the following:

the scheduled payments of interest and principal in relation to each asset owned by FSAM as of the closing date (we refer to this guarantee as the "Dexia asset guarantee");

all payment obligations of the GIC subsidiaries under the GICs, including any prepayment, termination or collateral posting obligations (we refer to this guarantee as the "Dexia GIC guarantee"); and

the payment of all liabilities of FSAM under interest rate or currency hedging derivative agreements to which FSAM is a party and certain other FSAM notes and repurchase agreements.

As of the date of this proxy statement, these negotiations were ongoing.

If so requested by Assured, unless the sovereign guarantees have been received Dexia will use commercially reasonable efforts to structure the Dexia asset guarantee as one or more credit swaps on the FSAM assets structured to qualify as a "swap agreement" under the U.S. Bankruptcy Code, such that the swap agreements and the collateral posted with respect to the swap agreements would be subject to enforcement and closeout safe harbors.

The Dexia asset guarantee is expected to be governed by the laws of Belgium. Any swap agreements and any collateral otherwise posted with respect to the Dexia asset guarantee as described below will be governed by New York law and any related collateral posted will be held by a custodian in a segregated custody account in the State of New York.

Under the stock purchase agreement, Assured and Dexia have also agreed that, following closing, without the consent of Dexia and FSA, no new GICs will be entered into and no other new business will be written by FSAM or the GIC subsidiaries, and FSAM and the GIC subsidiaries will not incur any indebtedness, other than under the revolving credit facility, and the securities lending agreement, each of which is described below, or pursuant to other swaps, repurchase agreements and securities

lending arrangements, in each case in the ordinary course of managing the existing business of FSAM and the GIC subsidiaries.

Sovereign Guarantees

Dexia has informed Assured that it anticipates receiving from the states of Belgium and France, which we refer to in this proxy statement as the "sovereign guarantors," the sovereign guarantees, which will guaranty, for the benefit of FSAM, the GIC subsidiaries and FSA, the obligation of Dexia under the Dexia asset guarantee in respect of scheduled payments on the FSAM assets.

Dexia is still negotiating the definitive terms of the sovereign guarantees and the terms of the sovereign guarantees may be subject to legal and regulatory actions not yet taken by the sovereign guarantors that will authorize their issuance. There can be no assurance that the sovereign guarantees will be issued by the sovereign guarantors.

Collateral

FSA (which will be owned by Assured) and Dexia will be granted a security interest in all of the assets of FSAM and the GIC subsidiaries, and FSA will be paid from the proceeds of such security interest, in priority to Dexia, with respect to FSA's claims for subrogation or reimbursement arising out of any payments it makes in relation to a GIC or other FSA guarantees issued in relation to the assets and liabilities of the GIC subsidiaries.

To secure the Dexia asset guarantee, and subject to certain conditions, Dexia will post to a custodian (or FSAM will post to a custodian on Dexia's behalf) from time to time eligible collateral (other than any assets of FSAM owned as of the closing date) having an aggregate value (subject to customary "haircuts") equal to the excess of (i) the aggregate principal amount of all outstanding GICs over (ii) the aggregate mark-to-market value of FSAM's assets. The initial posting of collateral will occur on the closing date and Dexia will be required to post additional eligible collateral on any date that the aggregate value of such excess exceeds the value of the posted collateral. The valuation of the aggregate mark-to-market value of FSAM's assets and the posted collateral will occur not less frequently than monthly. In the event that the value of the posted collateral exceeds the aggregate principal amount of GICs by at least \$5 million, Dexia is entitled to have the excess collateral returned to it.

On the date (i) Dexia's obligations under the Dexia asset guarantee benefit from a sovereign guarantee and (ii) Dexia has entered into liquidity arrangements with FSAM in relation to FSAM's obligations to the GIC subsidiaries so that the rating agencies confirm that (A) after giving effect to release of such collateral, each of FSAM and the GIC subsidiaries will be rated at least AA/AA/Aa2 or higher independently of the financial strength rating of FSA and (B) release of such collateral will not result in the downgrading of any rating assigned to the financial strength of FSA immediately prior to such release, the collateral posted by Dexia shall be released in an amount equal to the principal amount of the Dexia asset guarantee obligation in relation to which FSAM shall have recourse to the sovereign guarantors (or if the conditions in (A) and (B) may be met following only a release of the collateral in a partial amount, the relevant partial amount shall be released).

FSAM Asset Management Agreement and Control Rights

In the event FSAM and the GIC subsidiaries are not distributed to Dexia Holdings or one of its affiliates, it is expected that Dexia, its affiliates or a third-party investment manager appointed by Dexia or its affiliates will supervise, direct and manage the assets, liabilities, operations and business of FSAM and the GIC subsidiaries under an asset management agreement, which we refer to in this proxy statement as the "FSAM asset management agreement."

Table of Contents

Under the FSAM asset management agreement, and unless a Dexia event of default or any default by Dexia under the FSAM asset management agreement has occurred and is continuing, Dexia will agree to direct the day to day operations of FSAM and the GIC subsidiaries and will agree to direct the management of the assets and liabilities of FSAM and the GIC subsidiaries, including but not limited to cash management, asset liability management and other normal day to day operations of FSAM and the GIC subsidiaries. If a Dexia event of default or any default by Dexia under the FSAM asset management agreement has occurred and is continuing, FSA will exercise the directing rights described in this paragraph.

Unless a Dexia event of default has occurred and is continuing, all rights to vote or give directions or consents as a holder of the FSAM assets will be exercised by Dexia under the FSAM asset management agreement. If a Dexia event of default has occurred and is continuing, FSA will have the right to exercise the voting rights described in this paragraph.

In addition, FSAM has agreed not to sell or liquidate any FSAM asset other than with the prior consent of Dexia, unless a Dexia event of default has occurred and is continuing, and not to sell or liquidate any FSAM asset other than for consideration equal to the par amount thereof plus accrued interest, without the consent of FSA.

A "Dexia event of default" under the Dexia guarantees provided in connection with the financial product business are expected to include:

a failure of Dexia to make payment in accordance with the terms of any of the Dexia guarantees not cured by payment of such amount by Dexia or a sovereign guarantor within three days of receipt of notice of such failure;

a failure by Dexia to post required collateral not cured within three days of receipt of notice of such failure; and

certain events of bankruptcy in respect of Dexia occurring and continuing at any time prior to the date a sovereign guarantee is issued.

Upon the occurrence and continuance of a Dexia event of default, FSAH may take any or all of the following actions:

exercise the rights of a secured party in relation to the collateral;

direct the reinvestment of the FSAM assets at its sole discretion in eligible collateral;

maintain the Dexia asset guarantee and Dexia GIC guarantee in force and apply any posted collateral to unpaid liabilities of Dexia in relation to the Dexia asset guarantee; and

prior to the issuance of a sovereign guarantee, terminate the Dexia asset guarantee and apply collateral posted by Dexia to the purchase of a replacement guarantee having substantially the same terms as the Dexia asset guarantee.

FSA Global Agreement

FSA Global and Premier International Funding Co., which we refer to in this proxy statement as "Premier," are variable interest entities that have issued obligations insured under FSAH's leveraged tax lease defeasance business, which is operated as part of FSAH's financial guaranty business, and its MTN business, which is operated as part of FSAH's financial products business.

Under the stock purchase agreement, Assured and Dexia Holdings have agreed to cooperate in good faith to evaluate the feasibility of the actual or functional separation, which we refer to in this proxy statement as the "FSA Global business separation," of FSA Global's leveraged tax lease debt defeasance business and the MTN and leveraged tax lease equity defeasance businesses with a view to

Table of Contents

(1) maximizing the tax, accounting and financial efficiency of the separation of the businesses for both parties and (2) determining which party will own the capital stock of FSA Global and Premier, and on the basis of the results of this evaluation, negotiate an agreement regarding the FSA Global and Premier business separation. As of the date of this proxy statement, Assured and Dexia Holdings are continuing to work on the structure of this business separation.

Regardless of the structure of the FSA Global business separation, Assured and Dexia Holdings have agreed that:

Dexia Holdings will be responsible for all rights and obligations (including swaps and other derivatives) related to and incurred in connection with the operation of FSA Global's MTN business, will have all existing and future economic risks, benefits and profits associated with that business and will indemnify FSA against any obligations in relation to the medium-term note business;

Assured will be responsible for all rights and obligations related to and incurred in connection with the operation of the leveraged tax lease debt defeasance business (other than any GICs issued in connection with that business), will have all existing and future economic risks, benefits and profits associated with that business and will indemnify Dexia Holdings against any obligations in relation to the leveraged tax lease debt defeasance business;

any structure agreed to by the parties will not, following the closing result in (i) Assured consolidating the MTN business in its financial statements, (ii) Dexia Holdings consolidating the leveraged tax lease debt defeasance business in its financial statements, or (iii) a decrease in the value of the deferred tax benefits included in the unaudited deconsolidated balance sheet of FSAH's financial guaranty and financial products segment as of September 30, 2008;

no new business will be written by FSA Global or Premier; and

neither party will be responsible to the other for costs of capital of the other party or to post collateral in relation to its obligations under the FSA Global business separation agreement.

Dexia Holdings' guarantee or indemnity obligations in relation to FSA Global will not be covered by any sovereign guarantee or secured by any collateral.

Strip Coverage Liquidity Facility

Dexia Holdings or an affiliate of Dexia Holdings reasonably acceptable to FSA will provide a liquidity facility, which we refer to in this proxy statement as the "strip coverage liquidity facility," for the purpose of covering the liquidity risk arising out of claims payable in respect of "strip coverages" included in FSAH's leveraged tax lease debt defeasance business. FSA may make a draw under the strip coverage liquidity facility for the purpose of funding payments actually made by FSA in respect of the strip coverages from time to time pursuant to one or more claims under FSA financial guaranty insurance policies insuring the obligations of the lessee in relation to a lease termination. FSA may not make any draw unless FSA has used its commercially reasonable efforts to avoid any termination of the relevant leases.

The initial commitment amount under the strip coverage liquidity facility will not exceed \$2 billion, subject to reduction to \$1 billion under specified conditions. The initial commitment amount under the strip coverage liquidity facility will amortize pro rata in accordance with the amortization schedule of the total amount of the related strip coverages.

In consideration for its commitments under the strip coverage liquidity facility, the lender will be entitled to receive a periodic commitment fee on the undrawn commitment amount, to be negotiated in good faith based on market terms for similar facilities available to FSA as of the closing date. Amounts drawn and outstanding under the strip coverage liquidity facility will bear monthly interest at the same

rate that FSA charges to lessees for amounts sought to be reimbursed to it under the relevant lease. As of the date of this proxy statement, the parties are still negotiating the form of the agreement.

Pre-Existing Agreements

Dexia Holdings has agreed to cause the following agreements to remain in full force and effect in accordance with their respective terms after the closing date:

Revolving Credit Facility

FSAM entered into a revolving credit agreement with Dexia Crédit Local in June 2008 pursuant to which Dexia Crédit Local provides a \$5 billion revolving line of credit to FSAM. Dexia Crédit Local subsequently assigned an 88% fractional interest in its obligations under the facility to Dexia Bank Belgium. The line of credit is subject to termination by the lenders upon five years' notice.

Capital Commitment Agreement

FSAH, FSAM and Dexia Holdings have entered into a capital commitment agreement pursuant to which Dexia Holdings agreed to provide capital contributions to FSAH of up to \$500 million in the aggregate. The capital contributions will equal the economic losses on assets owned by FSAM for which other than temporary impairments have been determined in accordance with FSAH's accounting principles for the quarter ending immediately prior to the contribution date, less certain realized tax benefits, if any, arising from those economic losses. Upon receipt of a capital contribution from Dexia Holdings, FSAH will make a capital contribution to FSAM of an equivalent amount. Dexia Crédit Local has committed to loan, contribute or otherwise convey to Dexia Holdings all amounts needed by Dexia Holdings to make the capital contributions to FSAH.

Securities Lending Agreement

FSAM, FSA, FSA Insurance Company, which we refer to in this proxy statement as "FSAIC," and Dexia Crédit Local have entered into a securities lending agreement pursuant to which Dexia Crédit Local has agreed to lend FSAM up to \$3.5 billion (based upon market value, and subject to reduction as described below) of securities eligible to act as collateral for GICs. As collateral for this loan, FSAM will post securities of the same market value but that are generally ineligible to act as collateral for GICs. FSAM may only draw on the facility in the event of a downgrade of FSA to below Aa3 by Moody's or AA- by S&P. The securities lending agreement will terminate on the seventh anniversary of its execution and may also be terminated (i) on five years' prior written notice from Dexia Crédit Local and (ii) at any time, subject to FSAM's consent, not to be unreasonably withheld, if FSAM enters into an alternative liquidity or credit enhancement agreement that serves to make the securities lending agreement unnecessary or redundant. FSA, FSAM and FSAIC have agreed to use their best efforts to obtain insurance regulatory approval for alternative facilities that would allow FSA and FSAIC to (a) purchase up to \$1 billion in municipal securities from FSAM and (b) provide up to \$1.5 billion in financing to FSAM in exchange for other assets held by FSAM. If the required approvals are obtained, FSAM would be required to utilize such facilities prior to requesting loans from Dexia Crédit Local under the securities lending agreement and the amount of Dexia Crédit Local's commitment would be reduced by an amount equal to 90% of the financing that FSAM could thereby obtain from FSA and FSAIC. FSA is providing a guarantee of FSAM's payment obligations under the Securities Lending Agreement.

Closing

The closing of the acquisition is subject to the following conditions:

the issuance of up to 44,567,901 Assured common shares as part of the purchase price under the stock purchase agreement is approved by our shareholders;

all required governmental and regulatory consents and approvals are obtained; and

all other conditions discussed in this proxy statement and the stock purchase agreement are either satisfied or waived (see " Closing Conditions" below).

In the stock purchase agreement, we have agreed to cause the completion of the acquisition of FSAH to occur no later than the fifth business day following the satisfaction or waiver of the last of the conditions specified in the stock purchase agreement, or on another mutually agreed date. However, if we have not completed a public offering of Assured common shares to finance the cash portion of the purchase price by the closing date, Assured may elect to postpone the closing date until a date not more than 45 days after the date on which the closing conditions had been satisfied or waived. If Assured elects to so postpone the closing date, (i) certain conditions to closing and termination rights, including the Absence of Downgrade Closing Condition (as defined below under " Closing Conditions") and Assured's related right to terminate the stock purchase agreement will be waived by Assured and (ii) Assured must pay Dexia Holdings interest on the cash portion of the purchase price (calculated at 30-day LIBOR) for the period between the date the closing would have otherwise taken place and that date on which it actually takes place.

Representations and Warranties

In the stock purchase agreement, each of Assured and Dexia Holdings has made representations and warranties to the other regarding, among other things:

In addition, Assured has made other representations and warranties about itself to Dexia Holdings, including as to:

Certain of the representations and warranties will not be deemed untrue or incorrect as a consequence of the existence or absence of any fact, circumstance or event unless that fact, circumstance or event, individually or when taken together with all other facts, circumstances or events, has had or would reasonably be likely to have a material adverse effect on FSAH (disregarding its financial products business) or Assured, as the case may be. In determining whether a material adverse effect would reasonably be likely to occur, the parties will disregard the effects of events, changes and circumstances arising out of or otherwise attributable to, (a) the industries in which FSAH or Assured or any of their respective subsidiaries operate, (b) general economic conditions (including interest rates), general financial or market conditions (including changes in the market values of any securities or instruments held by FSAH or Assured or any of their respective subsidiaries), war, terrorism or hostilities, weather conditions and storms, (c) changes in law or generally accepted accounting principles, (d) compliance with the stock purchase agreement, the identity of the other party or, in the case of Dexia Holdings, actions taken with the written consent of Assured and (e) the transactions or the public announcement of the stock purchase agreement (but in the case of clauses (a), (b) and (d), only to the extent that they do not disproportionately affect Dexia Holdings (disregarding its financial products business) or Assured as the case may be.

The representations and warranties described above and included in the stock purchase agreement were made by each of Dexia Holdings and Assured to the other. These representations and warranties were made as of specific dates, may be subject to important qualifications and limitations agreed to by Dexia Holdings and Assured in connection with negotiating the terms of the stock purchase agreement, and may have been included in the stock purchase agreement for the purpose of allocating risk between Dexia Holdings and Assured rather than to establish matters as facts. The stock purchase agreement is described in, and included as an exhibit to, this document only to provide you with information regarding its terms and conditions, and not to provide any other factual information regarding FSAH, Assured or their respective businesses. Post-Closing Conduct of Business

Under the stock purchase agreement, from and after the closing date, Assured will, and will cause its subsidiaries, including FSAH and its subsidiaries to, operate their respective businesses in compliance with the terms and conditions set forth below.

Unless FSA is rated below A+, FSA will not write any business except municipal bond and infrastructure bond insurance whether written directly, assumed, reinsured or occurring through any merger transaction.

FSA is to continue to be domiciled in New York and treated as a monoline bond insurer for regulatory purposes, other than with the consent of Dexia.

Edgar Filing: ASSURED GUARANTY LTD - Form DEFM14A

FSA will not take any of the following actions unless FSA receives prior rating agency confirmation that such action would not cause any rating currently assigned to FSA to be downgraded immediately following such action:

merger,

issuance of debt or other borrowing exceeding \$250 million,

issuance of equity or other capital instruments exceeding \$250 million,

entry into new reinsurance arrangements involving more than 10% of the portfolio as measured by either unearned premium reserves or net par outstanding, or

any waiver, amendment or modification of any agreement relating to capital or liquidity support of FSA exceeding \$250 million.

Table of Contents

FSA shall not repurchase, redeem or pay any dividends in relation to any class of equity interests including without limitation interest payments in relation to its surplus notes unless (i) (A) at such time FSA is rated at least AA- by S&P, AA- by Fitch and Aa3 by Moody's (if such rating agencies still rate financial guaranty insurers generally) and (B) the aggregate amount of such dividends in any year does not exceed \$25 million or (ii) FSA receives prior rating agency confirmation that such action would not cause any rating currently assigned to FSA to be downgraded immediately following such action.

FSA shall restrict its liquidity exposure such that no GIC contracts or similar liabilities insured by FSA shall have terms that require acceleration, termination or prepayment based on a downgrade or withdrawal of any rating assigned to FSA's financial strength, a downgrade of the issuer or obligor under the agreement, a downgrade of any third party.

FSA shall continue to be rated by each of Moody's, S&P and Fitch, if such rating agencies still rate financial guaranty insurers generally; unless and until the date on which (i) a credit rating has been assigned by the rating agencies to the GIC issuers (and/or the liabilities of the GIC issuers under the relevant GICs have been separately rated by the rating agencies) which is independent of the financial strength rating of FSA and (ii) the principal amount of GICs in relation to which a downgrade of FSA may result in a requirement to post collateral or terminate such GIC notwithstanding the existence of a separate rating referred to in (i) of at least AA or higher is below \$1.0 billion (such date, the FSA de-linkage date).

FSA shall not (i) enter into commutation or novation agreements with respect to its insured portfolio involving a payment exceeding \$250 million or (ii) enter into any "cut-through" reinsurance, pledge of collateral security or similar arrangement whereby the benefits of reinsurance purchased by FSA or of other assets of FSA would be available on a preferred or priority basis to a particular class or subset of policyholders of FSA relative to the position of Dexia as policyholder upon the default or insolvency of FSA (whether or not with the consent of any relevant insurance regulatory authority), other than with Dexia's consent.

Any entity into which FSA shall be merged or with which FSA shall enter into any consolidation or to which FSA shall sell all or substantially all its assets shall comply with each of the foregoing restrictions subject to the time periods outlined in the next bullet point, provided that in the case of a merger between FSA and Assured Guaranty Corp. (A) the items described in the first and second bullet points above will cease to apply on the first anniversary of the closing date under the stock purchase agreement and (B) all other items will expire three years after the closing date (subject in each case to any exposure limitation date).

The foregoing restrictions will apply (i) in the case of items other than those described in the fifth and sixth bullet points above, until three years after the closing date and (ii) in the case of items described in the fifth and sixth bullets, until the FSA de-linkage date, and then terminate, provided that all such restrictions shall terminate on any date after the FSA de-linkage date that the aggregate principal amount or notional amount of exposure of Dexia and any of its affiliates (excluding the exposures relating to the financial products business) to any transactions insured by FSA or any of its affiliates prior to the signing date is less than \$1 billion (such date, the exposure limitation date).

A breach of any of the foregoing restrictions not remedied within 30 days of notice by Dexia shall entitle Dexia to payment of damages, injunctive relief, or other remedies available under applicable law. These parameters are not intended to and do not create any express or implied duties of Assured in relation to the management of the business or financial condition of FSA, other than to comply with the express terms hereof, and are without prejudice to any other rights, powers or obligations of the parties to the stock purchase agreement.

To the extent permissible under applicable law and consistent with the instructions of any governmental entity with jurisdiction to review and, as appropriate, authorize or approve the transactions contemplated by the stock purchase agreement and any rating agency, each of Assured and Dexia Holdings has agreed to (i) keep the other informed of the status of matters relating to completion of the transactions contemplated by the stock purchase agreement, including promptly furnishing the other with copies of notices or other communications received by Assured or Dexia Holdings, as the case may be, from any third party, governmental entity or rating agency and (ii) provide the other with the opportunity to participate in any discussions with any governmental entity or rating agency, in each case with respect to any matters relating to the transactions contemplated by the stock purchase agreement.

Dexia Holdings and Assured have also agreed to (i) provide promptly to any governmental entity or rating agency information and documents requested by any governmental entity or rating agency as may be necessary, proper or advisable to permit consummation of the transactions contemplated by the stock purchase agreement, (ii) cooperate with one another in connection with any such request and in connection with resolving any investigation or other inquiry of any governmental entity or rating agency and (iii) to obtain confirmation from each of the rating agencies that consummation of the transactions contemplated by the stock purchase agreement of itself will not result in a downgrade, in the case of Assured, of AGC, Assured Guaranty (UK) Ltd. and AG Re or, in the case of Dexia Holdings, FSA.

Assured has agreed to use its best efforts to resolve any objections asserted with respect to the transactions contemplated by the stock purchase agreement by any antitrust authority or any other governmental entity or any third party challenging the transactions contemplated by the stock purchase agreement or that would otherwise prohibit or materially impair or materially delay the consummation of such transactions so as to permit the consummation of the transactions contemplated by the stock purchase agreement, including (i) contesting and resisting any such actions and to have vacated, lifted, reversed or overturned any order by any governmental entity that is in effect that prohibits, prevents, restricts, impairs or delays the consummation of the transactions contemplated by the stock purchase agreement and (ii) selling or agreeing to sell, holding or agreeing to hold separate, or otherwise disposing or agreeing to dispose of assets (including assets of any affiliates) or conducting or agreeing to conduct its business (including the businesses of any affiliates) in such a manner as would resolve

such objections or actions; provided, however, that Assured shall not be obligated to take any such actions or use such efforts to the extent such actions or efforts would be reasonably likely to have a material adverse effect on the assets, liabilities, business, operations, condition (financial or otherwise) or results of operations of Assured and its subsidiaries and FSAH and its subsidiaries operating its financial guaranty business taken as a whole.

Assured Shareholders Meeting and Proxy Statement

The stock purchase agreement requires that Assured hold a special general meeting of its shareholders to consider approval and adoption of the issuance of Assured common shares pursuant to the stock purchase agreement as promptly as practicable after the SEC confirms that it has no further comments on the proxy statement to be filed in connection with that meeting.

Assured agreed to, as promptly as practicable, file with the SEC a proxy statement, containing the recommendation of Assured's board of directors that stockholders vote in favor of the issuance of Assured common shares pursuant to the stock purchase agreement, respond promptly to any SEC comments with respect to the proxy statement, mail a definitive proxy statement to Assured shareholders and solicit proxies from shareholders for approval of the issuance of Assured common shares pursuant to the stock purchase agreement. Assured also agreed to provide Dexia Holdings with copies of any SEC comments, filings and correspondences with respect to this proxy statement.

Dexia Holdings has agreed to cooperate with Assured, including providing Assured promptly upon request with the information concerning Dexia Holdings required to be included in this proxy statement.

Non-Competition

Dexia Holdings has agreed that it will not, and will cause its subsidiaries not to, for a period of twelve months after the closing date, engage in the business of monoline municipal bond financial guarantee insurance in the United States.

Non-Solicitation

Assured has agreed that for a period of twelve months following the closing date, neither it nor any of its affiliates will solicit for hire any person who as of the closing date is employed by, or who has within the last six months been employed by, Dexia Holdings or any of its affiliates (except for employees of FSAH). Dexia Holdings has agreed for a period of twelve months following the closing date, neither it nor any of its affiliates will solicit for hire any person who after the closing date is employed by any of FSAH or Assured or their respective subsidiaries, or who has within the last six months been employed by Assured or any of its subsidiaries. Each of Assured's and Dexia Holdings' agreements is subject to certain exceptions including exceptions for (i) general solicitations; (ii) general solicitations undertaken by a third party without a specific request to recruit a specific person; and (iii) any person whose employment is terminated following the closing (without prior solicitation in violation of the non-solicitation provision).

Exclusivity

Dexia Holdings has agreed that it will not, and will use reasonable best efforts to cause its affiliates and their respective representatives not to:

solicit, encourage, initiate, entertain, or facilitate any inquiries with respect to, or the making of any proposal which constitutes, any proposal or offer from any person or group of persons relating to any direct or indirect acquisition or purchase of all or substantially all of the assets or

participate in or entertain any negotiations or discussions (whether initiated by Dexia Holdings or not) regarding any such proposal;

provide any information to any person or group of persons (other than Assured and its affiliates) concerning such a proposal; or

make or authorize any public statement, recommendation or solicitation in support of any such proposal.

Assured has agreed that it will not, and will use reasonable best efforts to cause its affiliates and their respective representatives not to:

engage in any proposal or offer by any person (including Assured) or group of persons relating to any direct or indirect acquisition or purchase by Assured or any of its subsidiaries of any assets or equity securities of a person or persons which could reasonably be expected to materially impede, prevent or delay the transactions contemplated by the stock purchase agreement or the closing;

make or authorize any public statement, recommendation or solicitation in support of any possible conflicting transaction.

Employee Matters

Assured agreed that that each employee of FSAH who continues to be employed after the closing will receive:

for a period of one year, a salary that is no less than such employee's salary in effect immediately prior to the closing date;

employee benefit plans, programs, policies and arrangements (other than salary) which are comparable to other New York City-based employees of Assured's subsidiaries; and

recognition of the service provided to FSAH or its subsidiaries under all employee benefit plans, programs and policies of Assured and its subsidiaries in which they become participants for purposes of eligibility, vesting and benefit accrual (but not for purposes of benefit accrual under any defined benefit pension plan), to the same extent such service was credited under the comparable FSAH employee benefit plan.

Soft Capital Facility

Edgar Filing: ASSURED GUARANTY LTD - Form DEFM14A

Assured and Dexia Holdings have agreed to use their reasonable best efforts to cause the change of control event of default under a \$350 million credit agreement providing capital support to FSA, which we refer to in this proxy statement as the "soft capital facility," to be waived by the lenders thereunder with any consent fee and expenses being borne by Assured. If such a waiver cannot be obtained by payment of a reasonable consent fee and any of the rating agencies determines that a downgrade of FSA would occur as a result of the termination of the soft capital facility upon

consummation of the closing, Dexia has the option to provide a credit facility in replacement of such soft capital facility or notify Assured that one of the conditions to Dexia Holdings' obligation to close will be impossible to fulfill, and Assured shall be bound by such notice. If the waiver is obtained, the initial commitment under the strip coverage liquidity facility will not exceed \$1 billion.

NYSE Listing

Assured has agreed to cause the Assured common shares to be issued under the stock purchase agreement to be approved for listing on the NYSE, subject to official notice of issuance, prior to the closing date.

Tax Matters

Indemnification

Under the stock purchase agreement, Dexia Holdings has agreed to indemnify Assured for losses it incurs attributable to:

taxes that are imposed on FSAH or any of its subsidiaries, or for which FSAH or any of its subsidiaries may otherwise be liable, for all taxable periods ending on or before the closing date and the portion through the end of the closing date for any taxable period that includes (but does not end on) the closing date;

taxes of any member of an affiliated, consolidated, combined, or unitary group of which FSAH or any of its subsidiaries (or any predecessor of any of the foregoing) is or was a member on or prior to the closing date; and

taxes of any person (other than FSAH or any of its subsidiaries) imposed on FSAH or any of its subsidiaries as a transferee or successor, by contract or pursuant to any law, rule or regulation, which taxes relate to an event or transaction occurring before the closing date.

Transfer Taxes

Under the stock purchase agreement, transfer taxes that result from the transaction shall be borne equally.

Filing of Tax Returns

After the closing, Dexia Holdings will file all tax returns that are required to be filed by or with respect to FSAH or any of its subsidiaries for taxable years or periods ending on or before the closing date and will pay the taxes due as reflected in those tax returns. Assured will file all tax returns that are required to be filed by or with respect to FSAH or any of its subsidiaries for taxable years or periods ending after the closing date and will pay the taxes due as reflected in this tax returns. Assured will permit Dexia Holdings to review and comment on each tax return for FSAH or any of its subsidiaries for any taxable period that includes the closing date before it is filed and will make such reasonable revisions to such tax returns as are requested by Dexia Holdings.

Tax Refunds

Pursuant to the stock purchase agreement, any refunds received by FSAH after the closing date for any taxable year or period ending on or before or including the closing date will belong to Dexia Holdings.

Table of Contents

Closing Conditions

Our respective obligations to complete the transaction are subject to the satisfaction or waiver of certain conditions, including:

the expiration or earlier termination of the waiting period under the HSR Act;

the absence of any laws, rules or injunctions prohibiting or making illegal the completion of the acquisition; and

receipt of certain material insurance approvals (which approvals do not contain any condition or requirement which would be reasonably likely to have a material adverse effect on Assured and its subsidiaries, including FSAH and its subsidiaries (other than the financial products subsidiaries) taken as a whole).

Assured's obligation to complete the transaction is separately subject to the satisfaction or waiver of certain conditions, including:

execution and delivery of the transaction agreements;

approval by Assured's shareholders of the issuance of the Assured common shares to Dexia Holdings pursuant to the stock purchase agreement; and

receipt by Assured of confirmation from Fitch, Moody's and S&P that consummation of the transactions contemplated by the stock purchase agreement of itself will not result in a downgrade of AGC, Assured Guaranty (UK) Ltd. and AG Re.

Dexia Holdings' obligation to complete the transaction is separately subject to the satisfaction or waiver of certain conditions, including:

the Assured common shares to be issued pursuant to the stock purchase agreement shall have been authorized for trading on the NYSE, subject to official notice of issuance;

execution and delivery of the transaction agreements; and

receipt by Dexia Holdings of confirmation from Fitch, Moody's and S&P that consummation of the transactions contemplated by the stock purchase agreement of itself will not result in a downgrade of FSA.

We cannot provide assurance as to when or if all of the conditions to the transaction can or will be satisfied or waived by the appropriate party. As of the date of this proxy statement, we have no reason to believe that any of these conditions will not be satisfied.

Termination

The stock purchase agreement can be terminated at any time prior to the closing with the mutual consent of Assured and Dexia Holdings.

Either Assured or Dexia Holdings may terminate the stock purchase agreement at any time prior to closing if:

there is a material breach by the other party that would cause the failure of certain closing conditions, unless the breach is capable of being, and is, cured within 45 days following written notice of the breach to the party committing the breach;

the closing has not occurred on or before August 14, 2009; unless the closing has not occurred due to the failure of the party seeking to terminate to comply fully with its obligations under the stock purchase agreement; or

Table of Contents

any event occurs which would render impossible the satisfaction of one or more conditions to closing.

If the stock purchase agreement is terminated, it will become void and have no effect, and neither Assured nor Dexia Holdings will have any further liability to the other party; except that both parties will remain liable for any breaches of the stock purchase agreement that occurred prior to the termination.

Survival of Representations and Warranties and Covenants; Indemnification

Survival

Under the stock purchase agreement, the respective representations and warranties of Assured and Dexia Holdings survive until one year after the closing. All covenants contained in the stock purchase agreement survive until closing unless by their terms they are to be performed after the closing, in which case they survive until fully performed.

Indemnification

Under the stock purchase agreement, except indemnification with respect to tax matters which is described above, Dexia Holdings will indemnify Assured for losses it incurs arising out of:

any breaches of Dexia Holdings' representations, warranties and covenants set forth in the stock purchase agreement;

the operation, assets or liabilities of FSAH's financial products business prior to the closing (including any legal proceedings filed prior to or arising out of conduct prior to, the closing);

any amount paid by FSAH in purchasing shares of FSAH common stock owned by the directors or former directors of FSAH in excess of \$21.65 (which is the equivalent of the price per share of FSAH common stock paid by Assured to Dexia Holdings under the stock purchase agreement); and

certain claims under FSAH's severance plans.

Under the stock purchase agreement, Assured has agreed to indemnify Dexia Holdings for losses it incurs arising out of any breaches of Assured's representations, warranties and covenants set forth in the stock purchase agreement.

Each party's indemnification obligation for breaches of representations is subject to a \$10 million deductible and an aggregate cap of \$90.25 million. No claim for a breach of a representation and warranty may be brought by either party or included in the aggregate losses for purposes of satisfying the deductible unless it exceeds a de minimis threshold of \$250,000.

Any indemnification payments will be reduced (a) by any amounts received by the indemnified party from any third party or under applicable insurance policies owned by the indemnified party or its subsidiaries, (b) reduced by the amount of any tax benefits attributable to the loss giving rise to the payment with respect to which an indemnity obligation exists and (c) reduced by the amount of reserves or provisions specifically set forth in FSAH's financial statements for the nine months ended September 30, 2008.

Dexia Holdings' indemnification obligations with respect to taxes or losses related to taxes are described above.

ACE Voting Agreement

Dexia Holdings and ACE Bermuda have entered into a voting agreement, which we refer to in this proxy statement as the "ACE voting agreement," pursuant to which ACE Bermuda, the holder of 19,157,401 Assured common shares, or approximately 21.1% of the Assured common shares outstanding as of the date of this proxy statement, has agreed to vote, or cause to be voted, all of its Assured common shares, any other shares of capital stock of Assured with respect to which it had the right to vote and any additional shares of Assured capital stock or other securities entitling the holder thereof to vote or give consent with respect to the following matters to which ACE Bermuda becomes the beneficial owner after the date of the ACE voting agreement and, at any meeting of Assured's shareholders (including any adjournment or postponement thereof), or pursuant to any action by written consent (i) in favor of Proposal No. 1 described in this proxy statement and (ii) against any action or agreement that could reasonably be expected to impede, interfere with or prevent the issuance of Assured common shares to Dexia Holdings pursuant to the stock purchase agreement or any of the transactions contemplated by the stock purchase agreement.

ACE Bermuda has also agreed not to sell, pledge, assign, encumber or otherwise transfer or dispose of any of its Assured common shares, or any interest therein, or securities convertible into, or any voting rights with respect to, any of its Assured common shares, or enter into any contract with respect to any of the foregoing, other than a transfer to a third party that executes a counterpart of the ACE voting agreement, agreeing to be bound by the terms and provisions of the ACE voting agreement.

The ACE voting agreement will terminate upon the first to occur of (a) the closing of the transactions contemplated by the stock purchase agreement or (b) termination of the stock purchase agreement in accordance with its terms. The ACE voting agreement may also be terminated by the mutual agreement of Dexia Holdings and ACE Bermuda.

WLR Voting Agreement

Assured and the WLR Funds have entered into a voting agreement, which we refer to in this proxy statement as the "WLR voting agreement," pursuant to which the WLR Funds, which collectively own 12,166,396 Assured common shares, or approximately 13.4% of the Assured common shares outstanding as of the date of this proxy statement, have agreed to vote, or cause to be voted, all of its Assured common shares at any meeting of Assured shareholders (including any adjournment or postponement thereof), or pursuant to any action by written consent, to be held to consider the issuance of Assured common shares to Dexia Holdings pursuant to the stock purchase agreement or any of the transactions contemplated by the stock purchase agreement. Pursuant to the investment agreement, the total voting power with respect to these shares is limited to 9.5% of the total voting power of all Assured common shares and the WLR Funds have agreed that they will vote all Assured common shares owned by them solely in proportion with the votes cast by all holders of voting securities of Assured on any matter put before them. As a result of these agreements, the WLR Funds will not be able to influence the voting with respect to Proposal No. 1 described in this proxy statement, though their votes will count towards the presence of a quorum at the special general meeting and towards the minimum required vote described below under "Proposal No. 1. Approval of the issuance of common shares to Dexia Holdings or its designated affiliate in connection with Assured's acquisition of FSAH."

The WLR Funds have also agreed that, except for sales in open market transactions, they will not sell, pledge, assign, encumber or otherwise transfer or dispose of any of their Assured common shares, or any interest therein, or securities convertible into, or any voting rights with respect to, any of their Assured common shares, or enter into any contract with respect to any of the foregoing, other than a transfer to a third party that executes a counterpart of the WLR voting agreement or otherwise agrees to be bound by the terms and provisions thereof.

The WLR voting agreement will terminate upon the first to occur of (a) the closing of the transactions contemplated by the stock purchase agreement, (b) the giving of notice of termination of the stock purchase agreement, regardless of whether the stock purchase agreement was terminated thereby in accordance with its terms, (c) the termination of the investment agreement, and (d) August 14, 2009. The WLR voting agreement may also be terminated by the mutual agreement of Assured and the WLR Funds.

THE WLR BACKSTOP COMMITMENT

The following describes the material provisions of the WLR Backstop Commitment. The following description of the WLR Backstop Commitment is subject to, and qualified in its entirety by reference to, the WLR Backstop Commitment, which is attached to this document as Appendix B and is incorporated by reference in this document. We urge you to read the WLR Backstop Commitment, as well as the Investment Agreement, which was filed as Exhibit 10.68 to Assured's Annual Report on Form 10-K for the year ended December 31, 2007, carefully.

Assured expects to finance the cash portion of the acquisition with the proceeds of a public equity offering. Assured has received a backstop commitment from the WLR Funds to fund the cash portion of the purchase price with the purchase of newly issued common shares. This backstop commitment is described in Proposal No. 2.

Assured entered into the WLR Backstop Commitment on November 13, 2008 with the WLR Funds. The WLR Backstop Commitment amended the Investment Agreement between Assured and the WLR Funds and provided to Assured the option to cause the WLR Funds to purchase from Assured or Assured Guaranty US Holdings Inc. a number of Assured common shares equal to the quotient of (i) the aggregate dollar amount not to exceed \$361 million specified by Assured divided by (ii) the volume weighted average price of an Assured common share on the NYSE for the 20 NYSE trading days ending with the last NYSE trading day immediately preceding the date of the closing under the stock purchase agreement, with a floor of \$6.00 and a cap of \$8.50.

The WLR Funds have no obligation to purchase these common shares pursuant to the WLR Backstop Commitment until the closing under the stock purchase agreement occurs. Assured may use the proceeds from the sale of Assured common shares pursuant to the WLR Backstop Commitment solely to pay a portion of the purchase price under the stock purchase agreement.

The WLR Funds' obligations under the WLR Backstop Commitment have been secured by letters of credit issued for the benefit of Assured by Bank of America, N.A. and RBS Citizens Bank, N.A., each in the amount of \$180.5 million.

Assured has paid the WLR Funds a nonrefundable commitment fee of \$10,830,000 in connection with the option granted by the WLR Backstop Commitment and has agreed to pay the WLR Funds' expenses in connection with the transactions contemplated thereby. Assured has agreed to reimburse the WLR Funds for the \$4.1 million cost of obtaining the letters of credit referred to above.

If Assured offers common shares for sale other than pursuant to the WLR Backstop Commitment to fund a portion of the purchase price under the stock purchase agreement, the WLR Funds have pre-emptive rights to purchase a portion of the common shares so sold. The portion of common shares which the WLR Funds are entitled to purchase under such pre-emptive right is equal to the greater of (1) 25% of the shares offered in such sale and (2) the number of shares offered in such sale that is derived by dividing \$150,000,000 by the price paid in such sale. If such sale of common shares is a public offering and the managing underwriter determines that such level of participation would be detrimental to such public offering, the WLR Funds' participation will be reduced to the level recommended by such managing underwriter but in no event to below 25% of the common shares offered in such public offering.

Except as otherwise specifically provided in the WLR Backstop Commitment, all of the terms and conditions set forth in the Investment Agreement applicable to shares purchased after the initial investment pursuant to the Investment Agreement will apply to common shares purchased pursuant to the WLR Backstop Commitment. The purchase and sale of the common shares pursuant to the WLR Backstop Commitment will reduce the WLR Funds' remaining commitment under the Investment Agreement. The terms of the Investment Agreement are described below under " Original Investment Agreement."

Table of Contents

The WLR Backstop Commitment may be terminated by either Assured or the WLR Funds if the closing under the stock purchase agreement does not occur by August 14, 2009 and will be automatically terminated if the stock purchase agreement is terminated. The WLR Backstop Commitment may also be terminated by the mutual agreement of Assured and the WLR Funds; by either Assured or the WLR Funds if a non-appealable final judgment is issued prohibiting the closing under the WLR Backstop Commitment or prohibiting or restricting the WLR Funds from owning or voting any common shares purchased pursuant to the WLR Backstop Commitment; by the WLR Funds if Assured amends the stock purchase agreement in any material respect without the prior written consent of the WLR Funds; by the WLR Funds if Assured's board recommendation to shareholders is withdrawn or modified in a manner determined by the WLR Funds in good faith to be adverse to it; or by the WLR Funds if Assured or one of its subsidiaries becomes subject to an insolvency action.

Original Investment Agreement

Pursuant to the Investment Agreement, on April 8, 2008, the WLR Funds purchased 10,651,896 common shares, which we refer to in this proxy statement as the "Initial Shares," at \$23.47 per share.

In addition, pursuant to the Investment Agreement, the WLR Funds have granted Assured an option to cause the WLR Funds to purchase from Assured or Assured Guaranty US Holdings Inc. a number of common shares, which we refer to in this proxy statement as the "Subsequent Shares," having an aggregate purchase price of up to \$750,000,000. The purchase price per common share for the Subsequent Shares will be equal to 97% of the volume weighted average price of a common share on the NYSE for the 15 NYSE trading days prior to the applicable drawdown notice. Assured may exercise this option in one or more drawdowns, subject to a minimum drawdown of \$50 million, at any time through the one year anniversary of the initial closing, provided that the purchase price per common share for the Subsequent Shares is not greater than 17.5% above, or less than 17.5% below, the price per common share for the Initial Shares. This option will terminate if Assured would otherwise be required to offer to sell to the WLR Funds common shares pursuant to the pre-emptive rights described below but is prohibited from doing so because shareholder approval had not been obtained as required under NYSE rules. Because the purchase price per common share for the Subsequent Shares would currently be less than 17.5% below the price per common share for the Initial Shares, Assured cannot currently exercise the foregoing option.

The obligation of the WLR Funds to purchase any Subsequent Shares is subject to a number of conditions, including

all necessary approvals shall have been obtained, or any applicable waiting period shall have been terminated or expired, under the HSR Act or the competition or merger control laws of other applicable jurisdictions;

all necessary insurance regulatory approvals shall have been obtained;

the Subsequent Shares shall have been authorized for listing on the NYSE;

Assured's subsidiaries identified below shall have the following financial strength ratings, with a minimum of a stable outlook:

	Moody's	S&P	Fitch
Assured Guaranty Corp.	Aaa	AAA	AAA
Assured Guaranty Re Ltd.	Aa2	AA	AA

since the date of the Investment Agreement, a Change of Control (as defined in the Investment Agreement) shall not have occurred; and

Table of Contents

Assured's Chief Executive Officer and Chief Financial Officer shall have certified that since Assured's most recent Quarterly Report on Form 10-Q or Annual Report on Form 10-K there shall not have occurred a material adverse change in the credit quality of Assured's insurance and reinsurance financial guarantee portfolio or investment portfolio.

As a result of the downgrade of AGC and AG Re by Moody's on November 21, 2008, the condition described in the fourth bullet above cannot be satisfied and thus Assured cannot currently exercise the option described above.

The WLR Funds have acknowledged and agreed that the common shares it purchases pursuant to the Investment Agreement are "Controlled Shares" within the meaning of Assured's Bye-laws and as such the voting rights of these common shares and other Controlled Shares owned by the WLR Funds will be reduced so that they constitute less than 9.5% of the voting power of Assured. In addition, the WLR Funds have agreed to vote all Assured common shares over which they have voting control solely in proportion with the votes cast by all holders of voting securities of Assured on any matter put before them.

The WLR Funds have agreed, subject to certain exceptions, to customary standstill provisions that last until the later of:

such time as the WLR Funds own less than 10% of the Initial Shares and

the date that is six months after any designee of the WLR Funds ceases to be a director of Assured pursuant to the Board representation rights described below.

The WLR Funds have agreed, subject to certain exceptions, not to transfer any of the common shares they acquire under the Investment Agreement other than in transactions exempt from registration under the Securities Act or in open market transactions or otherwise where the WLR Funds reasonably believe that any transferee would not own more than 4.9% of the common shares then outstanding. When they signed the Investment Agreement, the WLR Funds represented that they did not intend to sell any common shares purchased under the Investment Agreement within one year after they purchased the Initial Shares.

If Assured completes a sale of common shares or securities convertible into, or exercisable or exchangeable for common shares, which we refer to as "Additional Shares," on or before the date which is six months after the closing date for the Initial Shares or any Subsequent Shares, resulting in gross proceeds to Assured of \$100,000,000 or more at a purchase price, which we refer to as the "Reset Price," that is less than the purchase price used for the Initial Shares or such Subsequent Shares, then Assured will agree to sell to the WLR Funds additional common shares, which we refer to as "Reset Shares," in an amount equal to the difference between:

the number of Initial Shares or Subsequent Shares that would have been issued to the WLR Funds at the initial closing or such subsequent closing had such Reset Price been used to determine the number of Initial Shares or Subsequent Shares to be issued at such initial closing or subsequent closing, as the case may be; and

the number of Initial Shares or Subsequent Shares, as the case may be, actually issued.

The purchase price per Reset Share shall be equal to the par value of such Reset Share. If Assured is precluded from issuing any Reset Shares because shareholder approval has not yet been obtained, then it will pay the WLR Funds a cash amount per Reset Share not so issuable equal to the closing price of a common share on the NYSE on the date of the closing of the additional common shares that triggered these reset rights.

Assured has granted the WLR Funds pre-emptive rights in the event Assured completes the sale on or before the date which is one year after the closing date for the Initial Shares or any Subsequent

Table of Contents

Shares of Additional Shares resulting in gross proceeds to Assured of \$100,000,000 or more so that the WLR Funds may maintain their relative common share ownership position in Assured, on a fully diluted basis. In such circumstances, Assured will offer to sell to the WLR Funds a number of common shares such that the WLR Funds may maintain their relative common share ownership position in Assured, on a fully diluted basis at price equal to the weighted average price in the transaction giving rise to such pre-emptive rights. If Assured is precluded from issuing shares to the WLR Funds to satisfy their pre-emptive rights because shareholder approval has not been obtained, Assured's option to cause the WLR Funds to purchase Subsequent Shares shall terminate. The WLR Funds have waived these pre-emptive rights in connection with any issuance of Assured common shares to fund the cash purchase price under the stock purchase agreement.

In connection with the closing of the issuance of the Initial Shares, Mr. Wilbur Ross was appointed, effective immediately after Assured's 2008 Annual General Meeting, as a director of Assured for a term expiring at Assured's 2009 Annual General Meeting. As long as the WLR Funds beneficially own common shares acquired under the Investment Agreement with an aggregate purchase price of \$250,000,000 or more, Assured's Nominating and Governance Committee will nominate, and Assured's board of directors will recommend to Assured's shareholders, the election as director of Mr. Ross or, if Mr. Ross is no longer actively involved in the day-to-day operations of the WLR Funds, a designee of the WLR Funds reasonably acceptable to Assured's Nominating and Governance Committee.

Assured has filed a shelf registration statement covering the resale of the common shares sold to the WLR Funds pursuant to the Investment Agreement.

The Investment Agreement may be terminated:

if the initial closing has not occurred within six months of the date of the Investment Agreement,

by mutual agreement of Assured and the WLR Funds,

if there is a non-appealable final judgment prohibiting the initial closing or prohibiting or restricting the WLR Funds from owning or voting any common shares,

by Assured or the WLR Funds upon a breach of or failure to perform in any material respect (which breach or failure cannot be or has not been cured within 30 days after giving of notice) by the other party, or

prior to the initial closing, by the WLR Funds if Assured executes or agrees to execute documentation that will result in a change in control.

Tax Discussion

The issuance of common shares to the WLR Funds is not expected to have a material tax consequence to Assured or its shareholders. However, the acquisition by the WLR Funds of more than 10% of Assured's shares raises a question whether any of Assured and/or its non-U.S. subsidiaries could become a "controlled foreign corporation," which we refer to as a "CFC" under the Internal Revenue Code. If Assured or its non-U.S. subsidiaries become a CFC, each 10% U.S. shareholder of Assured or any non-U.S. subsidiary that is a CFC on the last day of Assured's taxable year would be required to include in its gross income for U.S. federal income tax purposes its pro rata share of Assured's and non-U.S. subsidiaries' "subpart F income," even if the subpart F income is not distributed. We believe that provisions in our organizational documents that will limit the WLR Funds' voting power to less than 9.5%, which the WLR Funds have acknowledged and agreed to in the Investment Agreement, will prevent the WLR Funds from being considered a 10% U.S. shareholder of Assured or any of its non-U.S. subsidiaries and that the sale of common shares to the WLR Funds will not cause Assured to become a CFC. It is possible, however, that the IRS could challenge the effectiveness of these provisions and that a court could sustain such a challenge.

The unaudited pro forma condensed combined financial statements were prepared using the historical consolidated financial statements of Assured and FSAH. This information should be read in conjunction with, and is qualified in its entirety by, the consolidated financial statements and accompanying notes of Assured and FSAH included in or incorporated by reference into this proxy statement.

The accompanying unaudited pro forma condensed combined financial statements give effect to the transfer by FSAH to Dexia Holdings of the stock of the companies comprising FSAH's financial products business, which we refer to in the following tables as the "FP Business Distribution," and the acquisition of FSAH, assuming a purchase price of \$361 million in cash and the issuance of up to 44,567,901 Assured common shares, using the purchase method of accounting. The pro forma adjustments related to the acquisition of FSAH are preliminary and do not reflect the final allocation of the excess of the purchase price over the net book value of the assets of FSAH, as the process to assign a fair value to the various tangible and intangible assets acquired has only just commenced. Final adjustments are likely to result in a materially different purchase price, debt components and allocation of the purchase price, which will affect the value assigned to the tangible or intangible assets and amount of interest expense and depreciation and amortization expense recorded in the statement of operations. The effect of the changes to the statements of operations will depend on the final purchase price, the nature and amount of debt issued and assumed and the nature and amount of the final purchase price allocation and could be material.

The pro forma financials do not reflect revenue opportunities and cost savings that we expect to realize after the acquisition of FSAH. We cannot assure you with respect to the estimated revenue opportunities and operating cost savings that are expected to be realized as a result of the acquisition of FSAH. The pro forma financial information also does not reflect non-recurring charges related to integration activity or exit costs that may be incurred by Assured or FSAH in connection with the acquisition of FSAH.

The unaudited pro forma condensed combined balance sheet assumes that the transactions of FSAH took place on September 30, 2008. The unaudited pro forma condensed combined statements of operations for the year ended December 31, 2007 and the nine months ended September 30, 2008 assume that the transactions took place the first day of the period presented (*i.e.*, January 1, 2007 and January 1, 2008, respectively). Reclassifications have been made to the statements of operations of FSAH to conform it to Assured's financial statement classifications.

The pro forma financial information is based on the estimates and assumptions set forth in the notes to such information. The pro forma financial information is preliminary and is being furnished solely for information purposes and, therefore, is not necessarily indicative of the combined results of operations or financial position that might have been achieved for the dates or periods indicated, nor is it necessarily indicative of the results of operations or financial position that may occur in the future.

Assured Guaranty Ltd.
Notes to Unaudited Pro Forma Condensed Combined Financial Statements

Note 1 Basis of Pro Forma Presentation

The unaudited pro forma condensed combined balance sheet data shows the estimated effects of the acquisition of FSAH as if it had occurred on September 30, 2008. The unaudited pro forma condensed combined statements of operations data for the year ended December 31, 2007 and the nine months ended September 30, 2008 show the estimated effects of the acquisition of FSAH as if it had occurred on the first day of the period presented (*i.e.*, January 1, 2007 and January 1, 2008, respectively).

The Carve Out of Financial Products Segment and Adjustments For Acquisition columns represent adjustments to present the historic consolidated financial statements of Assured and FSAH to conform to the preliminary presentation of such information for the combined entity as discussed in Note 2. For purposes of identifying the transactions that give rise to the changes on the financial statements, numerical references are provided to reflect where balances have been adjusted.

Assured and FSAH are in the process of reviewing their accounting and reporting policies and, as a result of this review, it may be necessary to adjust FSAH's financial statements to conform to the accounting policies of Assured. While some adjustments have been included in the unaudited pro forma condensed combined financial information included in this proxy statement, further adjustments may be necessary upon completion of this review. Final determination of financial statement presentation will be completed upon consummation of the acquisition. Additionally, the historical financial statements and the pro forma adjustments were prepared under US GAAP. Effective January 1, 2009, Assured and FSAH will adopt Statement of Financial Accounting Standards No. 163, *Accounting for Financial Guaranty Insurance Contracts* (SFAS 163), which will significantly change the accounting for financial guaranty insurance.

Historically, Assured and FSAH engaged in reinsurance transactions together. The effects of material intercompany transactions have been eliminated from the accompanying unaudited pro forma combined financial information.

The pro forma adjustments reflect the payment of \$361 million in cash and issuance of 44,567,901 Assured common shares to Dexia Holdings. The pro forma adjustments assume funds for the \$361 million cash payment were obtained from the issuance of an additional 44,567,901 Assured common shares to the public at a purchase price of \$8.10 per share. In the event Assured is able to sell additional Assured common shares in the offering in excess of \$8.10 per share and exercises its option to pay Dexia Holdings \$8.10 per Assured common share in lieu of issuing it those shares, the total number of Assured common shares outstanding on a pro forma basis would be proportionately reduced.

The acquisition will be accounted for using the purchase method of accounting effective on January 1, 2009 in accordance with SFAS No. 141, *Business Combinations*, as revised in 2007 (SFAS 141R). Assured will be the acquiring entity for financial reporting purposes. Under the purchase method of accounting, the acquisition price will be allocated to the tangible and intangible assets and liabilities assumed of the acquired entity based on their estimated fair values, with any excess being recognized as goodwill and any deficit being recognized as an extraordinary gain to net income in the first reporting period after the deal closes. Costs of the acquisition are expensed in the period in which the expenses are incurred.

In addition, as explained in more detail in the accompanying notes to the unaudited pro forma condensed combined financial statements, the resulting extraordinary gain reflected in the unaudited pro forma condensed combined financial statements is subject to adjustment. The adjustments included in these unaudited pro forma condensed combined financial statements are preliminary and may be

Table of Contents

revised. Based on the preliminary adjustments and allocation of purchase price, the fair value of FSAH's pro forma net assets at September 30, 2008 exceeds the purchase price by \$704.7 million. This results in negative goodwill. Any negative goodwill will be recognized as an extraordinary gain in the combined results of operations in the first reporting period subsequent to consummation of the acquisition. After completing a fair value analysis of FSAH's assets and liabilities as of the closing date, the final allocation of negative goodwill to nonfinancial assets and the amount of the extraordinary gain will be determined. The final purchase price allocation and purchase accounting adjustments may be materially different from the unaudited pro forma adjustments presented in the document.

Note 2 Unaudited Pro Forma Adjustments*Unaudited Pro Forma Condensed Consolidated Balance Sheet***Carve Out of Financial Products Segment**

- (1) Adjustment to carve out amounts attributable to FSAH's financial products subsidiaries from consolidated FSAH balances. Under the stock purchase agreement, Assured has agreed to acquire FSAH. Assured is not acquiring FSAH's "financial products subsidiaries". Assured expects FSAH to distribute certain of the financial products subsidiaries to Dexia Holdings or one of its affiliates. Under the stock purchase agreement, Assured and Dexia Holdings have agreed to negotiate a number of agreements pursuant to which Dexia Holdings would guarantee or otherwise take responsibility for the assets and liabilities of the financial products business. This pro forma adjustment shows the estimated effects of these agreements.

Adjustments for Acquisition

- (2) Adjustment to eliminate amounts attributable to reinsurance activity between Assured and FSAH entities.
- (3) Adjustment to write off FSAH deferred acquisition costs as part of purchase GAAP accounting.
- (4) Adjustment to record the debt Assured acquired from FSAH at fair value. Refer to Note 9 of the notes to FSAH'S consolidated financial statements for the year ended December 31, 2007 for a description of the material terms related to this debt. The debt matures beginning in 2036 with the final obligation maturing in 2103. The coupon rates are considerably lower than the rates that would apply to comparable debt issued today. Accordingly, the adjustment reflects the changes in credit spreads from when the debt was originally entered into and current credit spreads in the market.
- (5) Adjustment to reflect assets and liabilities of variable interest entities that will need to be consolidated pursuant to the guidance of FASB Interpretation No. 46 (revised December 2003) Consolidation of Variable Interest Entities (FIN 46R). This adjustment is based on Assured's preliminary evaluation of variable interest entities whereby the combined variable interest of FSAH and Assured would lead us to conclude that the combined entity is the primary beneficiary as defined by FIN 46R and, therefore, that we would need to consolidate these entities.
- (6) Adjustment to conform FSAH's accounting policy for recognizing Day 1 gains on ceded reinsurance of credit derivatives with Assured's accounting policy.
- (7) Adjustment to record at fair value FSAH's unearned premium reserves. Adjustment reflects the amount that a financial guaranty insurance company with a similar credit rating would require to assume the policies for which FSAH has already been paid premiums in full (typically referred to as up-front policies). The adjustment reflects our best estimate of current upfront premiums that a financial guarantor would require based on the nature of the policies in force. The adjustment

Table of Contents

reflects estimated costs of capital based on rating agency capital charges, expenses based on our historical experience and a risk premium that reflects the risk of loss associated with the policies.

Additionally, FSAH's subsidiaries have policies for which they are contractually entitled to receive premiums and, in the event of default of an insured obligation, obligated to pay claims in the future. These policies are typically referred to as installment policies. The contractual rights and obligations related to installment policies are not reflected on FSAH's historical balance sheet, except in cases of recorded claim reserves. Similar to the adjustment for upfront policies discussed above, this adjustment also reflects the net fair value of expected future premiums, net of estimated costs of capital, related expenses and a risk premium based on the risk of insurance losses. The net cash flows are discounted at a rate of 6%. We have estimated future premiums based on expected maturities, which are typically shorter than contractual maturities. Costs of capital are based on rating agency capital charges for the nature of the business insured. Expenses are based on our historical experience. Risk premiums are based on loss scenarios determined based on Company estimates.

Based on our assumptions, FSAH's existing installment contracts result in an additional liability measured at fair value on September 30, 2008 indicating the FSAH's contractual premiums are less than the premiums a market participant of similar credit quality would demand at September 30, 2008. We have included this additional liability in our adjustment to unearned premium reserves.

- (8) Adjustment to eliminate historic balances attributable to FSAH common stock, additional paid-in capital, retained earnings, accumulated other comprehensive income, deferred equity compensation and treasury stock.
- (9) Adjustment to record negative goodwill based on the excess of the fair value of FSAH's net assets compared to the purchase price paid based on our preliminary assessment. The fair value of FSAH's pro forma net assets at September 30, 2008 exceeds the purchase price by \$704.7 million. After completing a fair value analysis of FSAH's assets and liabilities as of the closing date, the final allocation of negative goodwill to non-financial assets and the amount of the extraordinary gain will be determined. The final purchase accounting adjustments may be materially different from the unaudited pro forma adjustments presented in this document.
- (10) Adjustment to recognize an extraordinary gain for the negative goodwill in pro forma adjustment Note #9, above. This extraordinary gain would be recognized in the combined results of operations in the first reporting period subsequent to consummation of the acquisition.
- (11) Adjustment to reflect the effects of the offering of Assured's common shares to finance its acquisition of FSAH. The pro forma adjustments reflect a payment of \$361 million in cash and the issuance of 44,567,901 Assured common shares directly to Dexia Holdings. The funds for the \$361 million payment were assumed to be obtained from the issuance of an additional 44,567,901 Assured common shares to the public at \$8.10 per share. Estimated transaction costs of \$31.6 million are assumed to be paid from current cash on hand.
- (12) Adjustment to tax effect of purchase GAAP accounting entries. Adjustment assumes a 35% tax rate.

Pro Forma Adjustments

- (2) Adjustment to eliminate amounts attributable to reinsurance activity between Assured and FSAH entities.
- (3) Adjustment to record incremental net earned premium attributable to the effects of balance sheet pro forma adjustment Note #7, above. Adjustment assumes that the pro forma adjustment amounts will be earned in proportion to FSAH's projected earned premium amounts under its current earnings methodology. Projected earned premium calculated under SFAS 163 is not currently available.
- (4) Adjustment to record incremental interest expense attributable to the effects of balance sheet pro forma adjustment Note #4, above. Adjustment assumes incremental expense will be recognized straight line over the contractual life of the debt.
- (5) Adjustment to tax effect of pro forma adjustments. Adjustment assumes a 35% tax rate for all adjustments.

PROPOSAL NO. 1: APPROVAL OF THE ISSUANCE OF COMMON SHARES TO DEXIA HOLDINGS OR ITS DESIGNATED AFFILIATE IN CONNECTION WITH THE ACQUISITION OF FSAH

Under the terms of the stock purchase agreement, Assured will acquire substantially all of the capital stock of FSAH. As consideration for the acquisition of FSAH, Assured will issue up to 44,567,901 Assured common shares to Dexia Holdings or its designated affiliate, which we refer to in this proxy statement as the "Dexia share issuance," and pay Dexia Holdings \$361 million in cash. The Assured common shares to be issued to Dexia Holdings under the stock purchase agreement will represent up to 24.9% of the outstanding Assured common shares after giving effect to that issuance and the issuance of common shares to finance the cash portion of the purchase price.

Under Rule 312.03 of the New York Stock Exchange, a company listed on the New York Stock Exchange is required to obtain stockholder approval before the issuance of common stock if:

the common stock to be issued will have voting power equal to or greater than 20 percent of the voting power of the corporation outstanding before the issuance; or

the number of shares of common stock to be issued will be equal to or greater than 20 percent of the number of shares of common stock outstanding before the issuance.

Because the maximum number of Assured common shares to be issued to Dexia Holdings exceeds the thresholds under the NYSE rule, the Dexia share issuance requires the approval of our shareholders, and you are being asked to approve the Dexia share issuance.

Vote Required and Board of Directors Recommendation

Approval of the Dexia share issuance requires the affirmative vote of a majority of the votes cast on the proposal, provided that the total votes cast on the proposal represent over 50% of the total combined voting power of the Assured common shares entitled to vote on the proposal.

ACE Bermuda, which owns approximately 21.1% of our outstanding common shares, has agreed to vote, subject to customary conditions, in favor of the transaction.

Abstentions with respect to this proposal will have the same effect as a vote against the proposal. Failures to vote on this proposal and broker "non-votes" could have the same effect as a vote cast against approval if they cause the total votes cast on the matter to be 50% or less of the total voting power entitled to vote on the proposal. Accordingly, beneficial owners of Assured shares should instruct their brokers or nominees how to vote. **The approval of Proposal No. 1 is a condition to the closing of the acquisition of FSAH, and thus a vote against this proposal effectively will be a vote against the acquisition of FSAH.**

All of Assured's directors (other than Mr. Ross, who did not vote on the matter) approved the Dexia share issuance and recommend that you vote "FOR" approval of the Dexia share issuance.

**PROPOSAL NO. 2: APPROVAL OF THE ISSUANCE OF COMMON SHARES TO THE WLR FUNDS
PURSUANT TO THE WLR BACKSTOP COMMITMENT**

Under the terms of the stock purchase agreement, Assured will acquire substantially all of the capital stock of FSAH. As consideration for the acquisition of FSAH, Assured will issue up to 44,567,901 Assured common shares to Dexia Holdings and pay Dexia Holdings \$361 million in cash. Assured expects to finance the cash portion of the purchase price with the proceeds of a public offering of its equity securities. If Assured used available cash resources or borrowings under its existing credit facilities or otherwise used debt to finance the cash portion of the acquisition of FSAH, Assured's ratings could be negatively affected.

In formulating its offer to purchase FSAH in the auction process initiated by Dexia, Assured's management concluded that requiring a condition to closing for the receipt of funds from an offering of equity securities would put Assured's offer at a competitive disadvantage compared with offers without such a financing condition and the stock purchase agreement does not contain a financing condition. As a result, if Assured is unable to raise sufficient funds through the issuance of additional equity securities, it would not be able to finance the cash portion of the purchase price for the acquisition of FSAH. In light of the turbulent conditions in the U.S. and international equity markets, Assured's board of directors was unwilling to approve the acquisition of FSAH without a committed backstop.

Pursuant to the Investment Agreement, on April 8, 2008, the WLR Funds purchased 10,651,896 Assured common shares and committed to purchase, at Assured's option and subject to certain conditions, an additional \$750 million of Assured common shares. Because certain of the conditions to the WLR Funds' obligation to purchase such additional Assured common shares were not then capable of being satisfied and were not expected to be capable of being satisfied, Assured's management approached the WLR Funds to see if they would agree to provide an alternate commitment to fund the cash portion of the purchase price of the acquisition of FSAH. After negotiations, Assured and the WLR Funds executed the WLR Backstop Commitment. See "The WLR Backstop Commitment."

Under Rule 312.03 of the New York Stock Exchange, a company listed on the New York Stock Exchange is required to obtain stockholder approval before the issuance of common stock exceeding either one percent of the number of shares of common stock or one percent of the voting power outstanding before the issuance to:

a director, officer or substantial security holder of the company, which we refer to in this proxy statement as a "related party";

a subsidiary, affiliate or other closely-related person of a related party; or

any company or entity in which a related party has a substantial direct or indirect interest.

Because Wilbur L. Ross, Jr., one of our directors, is an affiliate of the WLR Funds and because the WLR Funds are substantial securityholders of Assured, the issuance, which we refer to in this proxy statement as the "WLR share issuance," of Assured common shares pursuant to the WLR Backstop Commitment requires the approval of our shareholders, and you are being asked to approve the WLR share issuance.

Vote Required and Board of Directors Recommendation

Approval of the WLR share issuance requires the affirmative vote of a majority of the votes cast on the proposal, provided that the total votes cast on the proposal represent over 50% of the total combined voting power of the Assured common shares entitled to vote on the proposal.

Abstentions with respect to this proposal will have the same effect as a vote against the proposal. Failures to vote on this proposal and broker "non-votes" could have the same effect as a vote cast against approval if they cause the total votes cast on the matter to be 50% or less of the total voting power entitled to vote on the proposal. Accordingly, beneficial owners of Assured shares should instruct their brokers or nominees how to vote.

All of Assured's directors (other than Wilbur L. Ross, Jr., who did not vote on the matter) voted to approve the WLR share issuance and recommend that you vote "FOR" approval of the WLR share issuance.

For the purposes of calculating the percentages of our outstanding common shares held by our directors and executive officers, we did not include as outstanding the common shares held by our subsidiary, Assured Guaranty US Holdings Inc.

All premium rates of the Buyer Insurance Subsidiaries (including rates with respect to Buyer Insurance Contracts) that are required to be filed with or approved by any insurance regulatory authorities have been so filed or approved and the premiums charged conform thereto, and such premiums comply with all applicable anti-discrimination Laws, federal or state, and all applicable Insurance Laws, except for any failure to be so filed or approved or to so comply as would not, individually or in the aggregate, be reasonably likely to have a Buyer Material Adverse Effect.

(b) Except where the failure to do so would not, individually or in the aggregate, be reasonably likely to have a Buyer Material Adverse Effect, the Buyer Insurance Subsidiaries have marketed, sold and issued the Buyer Insurance Contracts in compliance with all Law relating to (i) the disclosure of the nature of insurance products as policies of insurance, (ii) the use of unfair methods of competition and deceptive acts or practices relating to the advertising, sales and marketing of insurance contracts, and (iii) all applicable requirements regulating the underwriting, rating, non-renewal, cancellation or replacement of insurance policies.

Each Buyer Insurance Subsidiary was entitled to take credit in its most recent Buyer SAP Statement in accordance in all material respects with SAP for that portion of any such Buyer Reinsurance Agreement as to which credit was taken in such statements.

Section 4.15 *Commission Reports*. Since December 31, 2007, Buyer timely has filed all reports, proxy statements and other information required to be filed by it pursuant to Section 13(a) of the Exchange Act (the "*Buyer Commission Reports*"). The Buyer Commission Reports, when filed, declared effective, or mailed, as applicable, did not contain an untrue statement of a material fact or omit to state a material fact necessary in order to make the statements made in it, in light of the circumstances under which they were made, not misleading and complied as to form in all material respects with the applicable requirements of the Exchange Act. As of the date of this Agreement, there are no outstanding comments from the SEC with respect to any Buyer Commission Report.

Section 4.18 *Financial Examinations*. Buyer has made available to Seller true, correct and complete copies of the reports (or the most recent drafts thereof, to the extent any final reports are not available) reflecting the results of any financial examinations of any of the Buyer Insurance Subsidiaries conducted by any Governmental Entity since January 1, 2006.

Section 4.19 *Portfolio Investments*. Except for permitted practices approved by a state department of insurance, all admitted assets included in the investment portfolios of each of the Buyer Insurance Subsidiaries as of the date of this Agreement comply in all material respects with the applicable Insurance Laws of the state of domicile to which such Buyer Insurance Subsidiary is subject relating thereto.

Section 4.20 *FCPA*. (a) None of Buyer or any of its Subsidiaries, nor to the Knowledge of Buyer, any director, officer, agent or employee of Buyer or any of its Subsidiaries, acting in such capacities, has taken any action, directly or indirectly, that would result in a material violation by such Persons of the FCPA, and (b) Buyer and its Subsidiaries have conducted their businesses in compliance with the

FCPA in all material respects and have instituted and maintain policies and procedures designed to ensure, and which are reasonably expected to continue to ensure, continued compliance therewith.

Section 4.21 *OFAC*. To the Knowledge of Buyer, none of the Buyer, any of its Subsidiaries or any director, officer, agent or employee of Buyer or any of its Subsidiaries is currently subject to any U.S. sanctions administered by the OFAC.

(b) Buyer acknowledges that Seller and its Affiliates have relied upon assurances of Buyer that Buyer shall have adequate capitalization at Closing to permit it to effect the transactions contemplated hereby.

(c) Buyer has provided Seller with complete and correct copies of the binding commitment letters provided by Buyer's financing providers. These commitment letters are legal, valid, binding and enforceable obligations of the parties thereto, and no amendment to such letters shall be made without the prior written consent of Seller. There are no conditions precedent or other contingencies related to the funding of Buyer's obligations hereunder other than as specifically set forth in the commitment letters. Buyer has no reason to believe that any of the conditions under such letters will not be satisfied on a timely basis. Buyer has fully paid any and all commitment fees or other fees required by the commitment letters to be paid prior to the date hereof.

Section 4.23 *Securities Act*. Buyer is acquiring the Shares solely for the purpose of investment and not with a view to, or for sale in connection with, any distribution thereof in violation of the Securities Act. Buyer acknowledges that the Shares are not registered under the Securities Act or any applicable state securities law, and that the Shares may not be transferred, sold or otherwise disposed of except pursuant to the registration provisions of the Securities Act or pursuant to an applicable exemption therefrom and pursuant to state securities laws and regulations as applicable.

Section 4.24 *Proxy Statement*. The letter to the shareholders of Buyer, notice of meeting, proxy statement and forms of proxy (collectively, the "*Buyer Proxy Statement*"), to be filed with the SEC in connection with the transactions contemplated by this Agreement, and any amendments thereto, will comply as to form in all material respects with the provisions of the Exchange Act and the rules and regulations promulgated by the SEC thereunder. The Buyer Proxy Statement, as supplemented or amended, if applicable, at the time of filing, at the time such Buyer Proxy Statement or any amendment or supplement thereto is first mailed to the shareholders of Buyer and at the time of approval of the Issuance by the Buyer's shareholders, will not contain any untrue statement of a material fact or omit to state any material fact necessary in order to make the statements made therein, in the light of the circumstances under which they were made, not misleading. Notwithstanding the foregoing, no representation or warranty is made by Buyer with respect to statements made or incorporated by reference therein based on information supplied by Seller expressly for inclusion or incorporation by reference in the Buyer Proxy Statement.

Section 4.25 *Registration of the Buyer Common Shares*. Neither the Buyer nor any Person acting on its behalf has taken any action, including any offering of any Securities of the Buyer under circumstances which would require the integration of such offering with the offering of any of the Buyer Common Shares to be issued pursuant to this Agreement under the Securities Act and the rules and regulations of the SEC thereunder, which might subject the offering, issuance or sale of any of such Securities to the registration requirements of the Securities Act.

Section 4.26 *No Other Representations or Warranties.* Except for the representations and warranties contained in this Article IV, neither Buyer nor any other Person makes any other express or implied representation or warranty on behalf of Buyer or any of its Affiliates. Seller has not relied on any representation or warranty other than those set forth in this Article IV. Seller acknowledges that it (a) has made its own inquiry and investigation into, and based thereon has formed an independent judgment concerning, Buyer and its Subsidiaries, (b) has been furnished with or given adequate access to such information about Buyer and its Subsidiaries as it has requested and (c) to the extent it has deemed appropriate, has addressed in this Agreement any matters arising out of its investigation and the information provided to it.

ARTICLE V

Liability for Taxes and Related Matters.

Section 5.1 *Seller's Indemnification of Buyer.* Seller shall be liable for and indemnify and hold harmless Buyer for all Losses attributable to (a) Taxes that are imposed on the Company or any of the Company Subsidiaries, or for which the Company or any of the Company Subsidiaries may otherwise be liable, for all taxable periods ending on or before the Closing Date and the portion through the end of the Closing Date for any taxable period that includes (but does not end on) the Closing Date ("*Pre-Closing Tax Period*"), (b) any and all Taxes of any member of an affiliated, consolidated, combined, or unitary group of which the Company or any of the Company Subsidiaries (or any predecessor of any of the foregoing) is or was a member on or prior to the Closing Date, including pursuant to Treasury Regulation §1.1502-6 or any analogous or similar state, local, or foreign law or regulation and (c) any and all Taxes of any Person (other than the Company or any of the Company Subsidiaries) imposed on the Company or any of the Company Subsidiaries as a transferee or successor, by Contract or pursuant to any Law, rule or regulation, which Taxes relate to an event or transaction occurring before the Closing.

Section 5.2 *Buyer's Indemnification of Seller.* From and after the Closing, Buyer shall be liable for and indemnify and hold harmless Seller for all Losses attributable to Taxes imposed on the Company or any of the Company Subsidiaries, or for which the Company or any of the Company Subsidiaries may otherwise be liable, (a) for events occurring or taxable periods beginning after the Closing Date, and (b) with respect to any taxable year or period that includes but does not end on the Closing Date, the portion of such taxable year or period that begins on the day after the Closing Date.

Section 5.3 *Straddle Periods.* Whenever it is necessary to determine the liability for Taxes of the Company or any of the Company Subsidiaries for a portion of a taxable year or period that begins before and ends after the Closing Date (a "*Straddle Period*"), the determination of the Taxes of the Company or any of the Company Subsidiaries for the portion of the year or period ending on, and the portion of the year or period beginning after, the Closing Date generally shall be determined by assuming that the Company or any of the Company Subsidiaries had a taxable year or period which ended at the close of the Closing Date, except that exemptions, allowances or deductions that are calculated on an annual basis (such as the deduction for depreciation), and Taxes imposed on a periodic basis (such as real property taxes), shall be apportioned on a time basis (*i.e.*, the amount of such Tax for the entire taxable period (or in the case of such Taxes determined on an arrears basis), the amount of such taxes for the immediately preceding period, shall be multiplied by a fraction the numerator of which is the number of days in the taxable period ending on the Closing Date and the denominator of which is the number of days in the entire taxable period).

Section 5.4 *Tax Returns.* From and after the Closing, Seller shall file or cause to be filed when due (taking into account any extensions received from the relevant Tax authorities) all Tax Returns that are required to be filed by or with respect to the Company or any of the Company Subsidiaries for taxable years or periods ending on or before the Closing Date prepared in a manner consistent with

past practice (unless as may otherwise be required by Law) and shall pay when due any Taxes due in respect of such Tax Returns. Buyer shall also file or cause to be filed when due (taking into account any extensions received from the relevant Tax authorities) all Tax Returns that are required to be filed by or with respect to the Company or any of the Company Subsidiaries for taxable years or periods ending after the Closing Date and shall remit any Taxes due in respect of such Tax Returns. Buyer shall permit Seller to review and comment on each Tax Return for the Company or any of the Company Subsidiaries for any taxable period that includes the Closing Date before it is filed and shall make such reasonable revisions to such Tax Returns as are requested by Seller. Buyer shall submit a draft of any such Tax Return to Seller at least thirty (30) days before the date such Tax Return is required to be filed with the relevant Tax authority and shall not file such Tax Return until due. Seller shall pay to Buyer an amount equal to the Taxes for which Seller is liable pursuant to Section 5.1 but which are payable with Tax Returns to be filed by Buyer at least ten (10) days prior to the due date (including any extensions, if applicable) for the filing of such Tax Returns.

Section 5.5 Tax Refund. In accordance with Section 5.11 hereof, Buyer acknowledges that it irrevocably waives, or will cause the Company and any Company Subsidiary to irrevocably waive, any claim to a Tax Refund after the Closing Date for any taxable year or period ending on or before or including the Closing Date. If the Company or any of the Company Subsidiaries receives any Tax Refund for any taxable year or period ending on or before or including the Closing Date, Buyer shall pay the value of any such Tax Refund received by Buyer to Seller promptly following its receipt thereof.

Section 5.6 Consistency with Prior Periods. From and after the Closing, the Company and the Company Subsidiaries shall conduct their Tax affairs in a manner consistent with prior taxable periods (including with respect to the preparation of Tax Returns and the maintenance of applicable Tax clearance procedures), unless the Company or the applicable Company Subsidiary receives an opinion from its tax counsel or accounting firm that taking an inconsistent position is required under applicable Law. Nothing herein shall preclude the Seller from claiming any Tax Refund to which it or its Affiliates may be entitled under Section 5.5.

Section 5.7 Contest Provisions. (a) Seller shall have primary responsibility for contesting (at Seller's expense) any audit, litigation, contest, dispute, negotiation or other proceeding with any Tax Authority (a "Tax Proceeding") and shall have discretion and authority to pay, settle or compromise any such Tax Proceeding (including but not limited to selection of counsel, the pursuit or waiver of any administrative proceeding or the right to pay the Tax and sue for a refund or contest the Tax Proceeding in any permissible manner) with respect to the Company or a Company Subsidiary and that is for a taxable period with respect thereto that ends on or before the Closing Date; *provided, however*, (1) that Buyer (or its advisors) may fully participate at Buyer's sole expense in the Tax Proceeding, and (2) Seller shall not settle any Tax Proceeding in a manner that could reasonably be expected to adversely affect Buyer or the Company Subsidiaries after the Closing Date without the prior written consent of Buyer (which consent shall not be unreasonably withheld, conditioned or delayed). Seller shall keep Buyer fully and timely informed with respect to the commencement, status and nature of any Tax Proceeding. Upon the conclusion of any Tax Proceeding in accordance with the foregoing, whether by way of settlement or otherwise, Buyer shall cause each of the Company Subsidiaries and its respective officers to execute any and all agreements, instruments or other documents that are necessary or appropriate to conclude such Tax Proceeding. If Seller does not assume the defense of any such Tax Proceeding, Buyer may defend the same in such manner as it may deem appropriate, including settling such audit or proceeding after giving at least ten business days' prior written notice to Seller setting forth the terms and conditions of settlement.

(b) In the case of any Tax Proceeding related to a Straddle Period Tax that both Seller and Buyer are responsible for under this Agreement, each Party shall be entitled to fully participate in (each at its own expense) and shall control that portion of the proceedings relating to the Tax for which it is

responsible, but, if the control cannot be so divided, the Party responsible for the greater share of the Tax shall be entitled to control the matter.

(c) With respect to issues relating to a potential adjustment for which both Seller and Buyer or the Company or the Company Subsidiaries could be liable pursuant to this Section 5.7, (1) each party may participate (at its own expense) in the Tax Proceeding, and (2) the Tax Proceeding shall be controlled by that party which would bear the burden of the greater portion of the sum of the adjustment and any corresponding adjustments that may reasonably be anticipated for future taxable periods. The principle set forth in the immediately preceding sentence shall govern also for purposes of deciding any issue that must be decided jointly (including choice of judicial forum) in situations in which separate issues are otherwise controlled under this Section 5 by Buyer and Seller.

Section 5.8 *Notice Provisions.* All claims for indemnification by Buyer under Section 5.1, or by Seller under Section 5.2, shall be asserted as set forth in this Section. In the event that any written claim or demand for which Seller or Buyer, as the case may be, may be liable is asserted against or sought to be collected from the other party, the Company or any of the Company Subsidiaries by a third party, such other party shall promptly, but in no event later than thirty (30) days following receipt of such claim or demand, notify in writing Seller or Buyer, as applicable, of such claim or demand and the amount or the estimated amount thereof to the extent then feasible (which estimate shall not be conclusive of the final amount of such claim or demand) (the "*Tax Claim Notice*"). Seller or Buyer, as the case may be, shall be relieved of its obligations to indemnify the other party with respect to such claim or demand if such other party fails to timely deliver the Tax Claim Notice but only to the extent such party is prejudiced or suffers any Loss as a result of the Indemnified Party failing to timely deliver such Tax Claim Notice.

Section 5.9 *Transfer Taxes.* Buyer and Seller shall be responsible for and pay in equal portions any and all transfer, documentary, sales, use, stamp, registration and other such Taxes, and all conveyance fees, recording charges and other fees and charges (including any penalties and interest) incurred in connection with consummation of the transactions contemplated by this Agreement ("*Transfer Taxes*") and shall file all necessary Tax Returns and other documentation with respect to all such Taxes, fees and charges, and, if required by applicable Law, the parties will, and will cause their Affiliates to, join in the execution of any such Tax Returns and other documentation. In the event that any such Transfer Taxes are required under applicable Law to be collected, remitted or paid by one party or any of its Affiliates, the other party shall pay its portion (as set forth above) of the amount of such Transfer Taxes to the first party, any of its Affiliates or any such agent, as applicable, at the Closing or thereafter, as applicable, as requested of or by the first party.

Section 5.10 *Assistance and Cooperation.* From and after the Closing Date, each of Seller and Buyer shall:

(a) assist (and cause its respective Affiliates to assist) the other party in preparing any Tax Returns which such other party is responsible for preparing and filing in accordance with this Article V;

(b) cooperate fully in preparing for any audit, litigation, contest, dispute, negotiation, or other proceeding with any Tax Authority regarding Taxes of the Company or any of the Company Subsidiaries;

(c) make available to the other party and to any Tax Authority, as reasonably requested, all information, records, and documents relating to Taxes or Tax Returns of the Company or any of the Company Subsidiaries (including information necessary to file extensions and make estimated Tax payments);

(d) furnish the other party with copies of all correspondence received from any Tax Authority in connection with any audit, litigation, contest, dispute, negotiation, or other proceeding with any Tax Authority with respect to any Taxes of the Company or any of the Company Subsidiaries;

Edgar Filing: ASSURED GUARANTY LTD - Form DEFM14A

(e) make available to the other party, as reasonably requested, all information, records, employees, outside experts and documents with respect to any Indemnified Party, Seller Proceeding or Applicable Buyer Proceeding; and

(f) coordinate to obtain any certificate or other document from any Governmental Entity or any other Person as may be necessary to mitigate, reduce or eliminate any Tax that could be imposed (including with respect to the transactions contemplated hereby).

Section 5.11 *Tax Sharing Agreements.*

(a) Any Tax allocation or sharing agreement or arrangement entered into by the Company or any of the Company Subsidiaries, including the Tax Allocation Agreement, shall be terminated prior to or on the Closing Date. Notwithstanding the provisions of any such Tax sharing agreements, Buyer agrees that it will cause the Company or any of the Company Subsidiaries that may be entitled to a payment thereunder after the Closing Date not to assert any claim thereunder or under any other applicable legal theory. To the extent any payments are currently due under any of the Tax sharing agreements described above, such payments shall be settled prior to the Closing Date.

(b) In the event the Financial Products Business is transferred to Buyer pursuant to this Agreement and the parties agree that Buyer or one of its Affiliates will be treated as the beneficial owner of the Financial Products Business under applicable Law, the Parties agree to enter into an agreement (the "FP Tax Benefit Agreement") whereby Buyer will pay to Seller an amount equal to any Tax benefits of the FP Subsidiaries that are actually utilized by the U.S. consolidated group of which Buyer is a member (the "Buyer Group") in an amount equal to the actual deduction in Taxes paid by the Buyer Group in excess of the Taxes that would have been paid if the FP Subsidiaries were not included in the Buyer Group. Seller will agree to indemnify Buyer for any Taxes imposed on Buyer or any affiliate of Buyer as a result of including the FP Subsidiaries as a member of the Buyer Group or the FP Subsidiaries being treated as owned by Buyer or any affiliate of Buyer.

Section 5.12 *Miscellaneous.*

(a) Seller, on the one hand, and Buyer, on the other, agree to treat all payments made by either of them to or for the benefit of the other under this Agreement as adjustments to the purchase price for Tax purposes and agree that such treatment shall govern for purposes hereof except to the extent that the Applicable Law of a particular jurisdiction provides otherwise.

(b) Notwithstanding any other provision of the Agreement to the contrary, all rights and obligations with respect to Taxes shall be governed solely by this Section 5.

Section 5.13 *Consolidation.* Buyer shall not be required to consolidate the Financial Products Business in its future Tax Returns unless Buyer receives an opinion from nationally recognized counsel as would be acceptable to Buyer that such consolidation is allowable under applicable Law.

Section 5.14 *Structure.* Seller will make an election under Treasury Regulation Section 1.1502-36(d)(6)(i)(A) to reduce the basis of its shares of the Company immediately before the transfer to Buyer so that following the election a deferred tax asset in the amount of \$430 million (as such value was determined in preparing Seller's September 30, 2008 balance sheet) would be preserved; *provided, however,* that Seller shall not be required to reduce the basis of its shares of the Company to increase the deferred tax asset in excess of \$430 million.

ARTICLE VI

(b) Buyer shall, or shall cause its Subsidiaries to, recognize the service of each Employee provided to the Company, the Company Subsidiaries, Seller and their respective past and present Affiliates under all employee benefit plans, programs and policies of Buyer and its Subsidiaries in which they become participants for purposes of eligibility, vesting and benefit accrual (but not for purposes of benefit accrual under any defined benefit pension plan), to the same extent such service was credited under the comparable Benefit Plan applicable to such Employees.

(c) Buyer agrees that, effective as of the Closing Date and at all times thereafter, (i) Seller, Seller's Parent and their Affiliates shall have no further obligations under the Share Purchase Program Agreement other than Seller's obligation to indemnify any Director Share Price Differential paid by the Company in accordance with Section 9.3(c) (Indemnification by Seller), and (ii) Buyer shall waive or cause the Company to waive all obligations of Seller, Seller's Parent and their Affiliates to the Company under the Share Purchase Program Agreement other than Seller's obligation to indemnify any Director Share Price Differential paid by the Company in accordance with Section 9.3(c) (Indemnification by Seller).

After the expiration of such period, no such books and records shall be destroyed by Buyer without first advising Seller in writing detailing the contents thereof and providing Seller with at least one-hundred twenty (120) days of reasonable opportunity to obtain possession thereof.

Section 6.8 *Non-Solicitation; Non-Competition.* (a) For a period of twelve (12) months following the Closing Date, neither Buyer nor any of its Affiliates shall solicit for hire any Person who as of the

(c) Seller agrees that it shall not, and shall cause its Subsidiaries not to, from the Closing until the date that is twelve (12) months after the Closing Date (the "*Noncompete Period*"), engage in Competitive Activities. For purposes of this Agreement, Seller shall be deemed to be engaged in "*Competitive Activities*" only if it owns more than 51% of the Equity Interests of, or otherwise Controls, any Person that is engaged in the business of monoline municipal bond financial guarantee insurance in the United States.

(d) For the avoidance of doubt, nothing in this Section 6.8 shall prohibit Seller or any of its Affiliates from acquiring any Person (or any interest in or assets of any Person) or business or entering into any business combination with any Person if: (A) Seller or such Affiliate uses commercially reasonable efforts to divest as soon as reasonably practicable, and actually enters into an agreement to divest within one year from the date of such acquisition or business combination, the portion of such Person or business engaged in Competitive Activities or (B) the Competitive Revenues of such Person for the last fiscal year ending prior to the time of such acquisition or business combination account for less than 30% of the revenues for such period of such Person and its Subsidiaries or such business. "*Competitive Revenues*" shall mean net premiums earned of a Person and its Subsidiaries on a consolidated basis or of a business that are attributable to Competitive Activities of such Person and its Subsidiaries or such business.

Section 6.9 *Board Designee*. (a) If the Share Consideration is more than 15% of the total Buyer Common Shares outstanding on the Closing Date after giving effect to all Common Shares issued on such date, then upon the written request of Seller, the Buyer Board shall appoint to the Buyer Board one nominee of Seller to serve as a member of the Buyer Board (the "*Seller Director*"), as soon as reasonably practicable, provided such nominee shall be reasonably acceptable to the nominating committee of the Buyer Board (which approval shall not be unreasonably withheld or delayed). Any meeting of the shareholders of Buyer at which members of the Buyer Board are to be elected, or whenever such members of the Buyer Board are to be elected by written consent, Buyer will include in the slate of directors recommended for election by the Buyer Board to the shareholders of Buyer one member of the Buyer Board nominated by Seller, which nominee shall be reasonably acceptable to the nominating committee of the Buyer Board (which approval shall not be unreasonably withheld or delayed), and will use its reasonable best efforts to take all action necessary (including the solicitation of proxies on such Person's behalf) to have such Person elected by the shareholders of Buyer as a member of the Buyer Board.

(b) Any Seller Director shall be entitled to the same rights, privileges and compensation, including reimbursement for documented, reasonable out-of-pocket expenses incurred in attending meetings of the Buyer Board or any committees thereof, as the other members of the Buyer Board, and shall be

indemnified by Buyer to the fullest extent of the Law in connection with his or her role as a director of Buyer. Buyer shall notify the Seller Director of all regular and special meetings of the Buyer Board and any committee of the Buyer Board and shall provide the Seller Director with copies of all materials provided to all other members of the Buyer Board (including in their capacities as members of committees of the Buyer Board) concurrently as such materials are provided to the other members.

(c) In the event of resignation, death, removal or disqualification of any Seller Director, Seller may nominate a replacement director, which nominee shall be reasonably acceptable to the nominating committee of the Buyer Board (which approval shall not be unreasonably withheld or delayed), and Buyer will use its reasonable best efforts to take all action necessary (including the solicitation of proxies on such Person's behalf) to ensure such Person is elected by the shareholders of Buyer to the Buyer Board at the next meeting of the shareholders of Buyer at which directors are elected. Any Seller Director may be removed at any time and from time to time, with or without cause, in Seller's sole discretion.

(d) At such time as Seller shall no longer own Buyer Common Shares representing at least 10% of the total Buyer Common Shares, this Section 6.9 shall terminate and be of no further force or effect.

Section 6.10 *Renaming of Company Subsidiaries.* Buyer shall, as promptly as practicable, but in any event no later than three (3) months following the Closing Date, take all necessary steps so that the Company and each of its Affiliates does not use any legal name or "operating as" name that includes any trademarks, trade names, service marks or anything similar thereto or derived therefrom of Seller or any of its Affiliates that may imply ownership by Seller or any of its Affiliates.

Section 6.11 *Further Assurances.* At any time following the Closing Date, Seller and Buyer shall, and Buyer shall cause the Company or any of the Company Subsidiaries to, promptly execute, acknowledge and deliver any other assurances or documents reasonably requested by Buyer or Seller, as the case may be, and necessary for Buyer or Seller, as the case may be, to satisfy its obligations hereunder or to consummate the transactions contemplated by this Agreement. Buyer undertakes to enforce the Voting Agreement against the WL Ross Funds which are parties thereto and shall not amend the Voting Agreement without the consent of Seller.

Section 6.12 *Director Resignations.* Except as otherwise instructed by Buyer, at the Closing, Seller shall use its commercially reasonable efforts to cause each director of the board of directors (or similar body) of the Company and each of the Company Subsidiaries nominated by Seller to resign his or her position as such (or any similar position).

Section 6.13 *Transition Services Agreement; Transaction Agreements; FP Subsidiaries Transaction.*

(a) After the date hereof, the parties shall cooperate in good faith to promptly determine whether a transition services agreement is necessary for the operation of the business of the Company or any of the Company Subsidiaries following the Closing and, if the parties determine that such an agreement is necessary, the parties shall use commercially reasonable efforts to enter into such an agreement (on terms reasonably acceptable to both parties) within forty-five (45) Business Days after the date hereof, which such agreement shall become effective on the Closing Date.

(b) Notwithstanding anything to the contrary herein, Seller may (and if a Sovereign Guarantee is granted, Seller shall) elect at any time after the date hereof to cause the Company to effect a FP Subsidiaries Transaction. For the avoidance of doubt, no party hereto will be required to make any payment or transfer any consideration to any other party hereto in connection with the FP Subsidiaries Transaction.

(c) After the date hereof, the parties shall cooperate in good faith to promptly negotiate and execute the Transaction Agreements.

(d) *Separation of FSA Global.* The parties have agreed that:

(i) After the date hereof, the parties shall cooperate and in good faith evaluate the feasibility of the actual or functional separation of the Leveraged Tax Lease Business from the FSA Global business (the "*FSA Global Business*") (which includes Premier International Funding) with a view to (1) maximizing the tax, accounting and financial efficiency of the separation of the business for both parties and (2) determining which party will own the capital stock of the entities related to the FSA Global Business. On the basis of the results of this study, the parties shall cooperate and in good faith negotiate an Agreement regarding the separation of the business (the "*FSA Global Business Separation Agreement*"). Regardless of the structure that the parties agree to under the FSA Global Business Separation Agreement or which party is to own the capital stock of entities related to the FSA Global Business, as of and following the Closing Date:

(A) The Seller will retain all rights and obligations (including swaps and other derivatives) related to and incurred in connection with the operation of the Medium-Term Note Business, including the guarantees of FSA Global obligations in relation thereto, and have all existing and future economic risks, benefits and profits associated with that business. Seller shall hold FSA Inc. harmless and indemnify it from any obligations in relation to the Medium-Term Note Business that are not fully assumed directly by Seller or other liabilities of FSA Inc. in relation to the Medium-Term Note Business (including by Dexia Crédit Local guaranteeing FSA Global's obligations under the Medium-Term Note Business to the extent FSA cannot be released as guarantor thereof, and by releasing the benefit of any claim or security interest that may grant security for obligations of FSA Global included in the Medium Term Note Business over assets of FSA Global not included in the Medium Term Note Business). The "Medium-Term Note Business" shall mean the payment rights and obligations under the financial instruments evidencing the transactions set forth in Annex F.

(B) The Buyer will be responsible for all rights and obligations related to and incurred in connection with the operation of the Leveraged Tax Lease Business, including the guarantees of FSA Global obligations in relation thereto, and have all existing and future economic risks, benefits and profits associated with that business. Buyer shall hold Seller harmless and indemnify it from any obligations in relation to the Leveraged Tax Lease Business that cannot be fully assumed directly by Buyer or other liabilities in relation to the Leveraged Tax Lease Business (including by releasing the benefit of any claim or security interest that may grant security for obligations of FSA Global included in the Leveraged Tax Lease Business over assets of FSA Global not included in the Leveraged Tax Lease Business). The "Leveraged Tax Lease Business" shall mean the payment rights and obligations under the financial instruments evidencing the transactions included in the statement set forth in Annex F, whether owned by FSA Global or by Premier International Funding.

(C) Annex F represents all of the assets and liabilities of FSA Global to the best of the Seller's knowledge. The rights and obligations of the FSA Global Business that are not allocated in the statements set forth in Annex F, if any, shall be allocated by agreement between the parties following good faith negotiations by them.

(D) Any structure agreed to by the parties will not, following the Closing (i) result in the Buyer consolidating the Medium-Term Note Business in its financial statements, (ii) the Seller consolidating the Leveraged Tax Lease Business in its financial statements, or (iii) result in a decrease in the value of the deferred tax benefits included in the Unaudited Deconsolidated Balance Sheet of the Financial Guaranty and Financial Products Segment of FSA Inc. as of September 30, 2008.

Edgar Filing: ASSURED GUARANTY LTD - Form DEFM14A

(E) No new business will be written by Global Funding Limited or Premier International Funding.

(F) Neither party (the "holding harmless party") shall be responsible to the other for costs of capital of the other party (the "held harmless party") in relation to obligations for which such held harmless party is held harmless under the FSA Global Business Separation Agreement, or to post collateral in relation to its obligations as holding harmless party under the FSA Global Business Separation Agreement.

(G) Enterprise Company R, Inc. (Cayman Islands) and Commercial Mortgage Company III-R2 Inc. shall be dissolved.

(ii) In addition, prior to the Closing Date, the parties agree that they shall have confirmed with the relevant rating agencies that the transactions consummated by FSA Global in relation to the Leveraged Tax Lease Business were evaluated and taken into account in considering the rating of FSA Inc. and relevant capital charges. If the transactions have not been taken into account, the parties agree that they shall disclose such transactions to the ratings agencies prior to the Closing Date for the purposes of considering the ratings of FSA Inc.

(e) *FSA Global Strip Coverage Liquidity Facility.*

(i) In consideration for the assumption by the Buyer of the Leveraged Tax Lease Business (which includes the strip coverage policies), at Closing the Seller or an Affiliate of the Seller reasonably acceptable to the Borrower (the "Lender") will, at the request of FSA Inc., enter into with FSA Inc. a liquidity facility (the "*Strip Coverage Liquidity Facility*") for the purpose of covering the liquidity risk arising out of the "strip coverages" identified in the Company's Form 10-Q for the fiscal quarter ended September 30, 2008 (the "*Strip Coverages*"). FSA Inc. may make a draw under the Strip Coverage Liquidity Facility for the purpose of funding payments actually made by FSA Inc. in respect of the Strip Coverages from time to time pursuant to one or more claims under FSA Inc.'s financial guaranty insurance policy insuring the obligations of the lessee in relation to the lease termination (a "*Strip Policy Claim*"). FSA Inc. may not make any draw unless FSA Inc. has used its commercially reasonable efforts to avoid any termination of the relevant leases. The amounts available under the Strip Coverage Liquidity Facility may not be drawn for any purpose other than for the payment of Strip Policy Claims in relation to the strip coverage policies identified in the Strip Coverage Liquidity Facility, all of which must be outstanding as of November 13, 2008 (the "*Identified Strip Coverages*"), and any amounts drawn may not be redrawn once repaid. If, as of the Closing Date, the Seller has agreed to provide a lending facility to the Company as a substitute for the Soft Capital Facility on mutually satisfactory terms or the Soft Capital Facility Waiver has been obtained, then the initial maximum amount available to be drawn under the Strip Coverage Liquidity Facility will not exceed \$1 billion (the "*Initial Commitment Amount*"). Otherwise, the Initial Commitment Amount will not exceed \$2 billion. The Initial Commitment Amount under the Strip Coverage Liquidity Facility will amortize pro rata in accordance with the amortization schedule of the total amount of the related Identified Strip Coverages, in a schedule to be annexed to the Strip Coverage Liquidity Facility. The Strip Coverage Liquidity Facility will be cancelable at any time, in whole or in part, by FSA Inc.

(ii) In consideration for its commitments under the Strip Coverage Liquidity Facility, the Lender shall receive a periodic commitment fee on the undrawn commitment amount, to be negotiated in good faith based on market terms for similar facilities available to FSA Inc. as of the Closing Date. Amounts drawn and outstanding under the Strip Coverage Liquidity Facility shall bear monthly interest at the same rate that FSA Inc. charges to lessees for

amounts sought to be reimbursed to it under the relevant lease. As a result of any draw, the Lender will acquire a participation and beneficial interest in all rights of subrogation and reimbursement, and any collateral security in relation thereto, and any other claims, rights or interests assigned to FSA Inc. in connection with the related Strip Policy Claim, as well as the benefits of any reinsurance available to FSA Inc. in relation thereto. The other terms of the Strip Coverage Liquidity Facility shall be substantially equivalent to the terms of the Amended And Restated Credit Agreement among FSA Inc., the Additional Borrowers from time to time Party Thereto, Various Banks and The Bank of New York, as Agent, dated as of April 21, 2006, with such appropriate modifications and adjustments for the foregoing terms and conditions of the Lender's obligations as the parties shall agree in good faith.

(b) Seller and the Company shall cause the Capital Commitment Agreement, dated as of November 13, 2008, among Seller, the Company and FSAM, to remain in full force and effect in accordance with its terms. Seller shall comply with its obligations thereunder and Buyer shall (after the Closing Date) cause the Company to comply with its obligations thereunder, in particular the obligation to contribute any funds received thereunder to FSAM.

(c) Seller and the Company shall cause the Revolving Credit Agreement, dated as of June 30, 2008, between Seller's Parent and FSAM (as supplemented by that certain letter agreement, dated as of August 5, 2008, among Seller's Parent, FSA and FSAM), to remain in full force and effect in accordance with its terms.

(d) Subject to Section 6.25, but notwithstanding any other provision in this Agreement, on or prior to the Closing Date, the Credit Agreements will be terminated.

Section 6.15 *Exclusivity.* (a) Unless otherwise required by applicable Law, from the date of this Agreement through the Closing, Seller will not, and will use reasonable best efforts to cause its Affiliates and its and their respective officers, directors, employees, investment bankers, financial advisors, attorneys or other representatives or agents ("*Representatives*") not to (i) solicit, encourage, initiate, entertain, or facilitate any inquiries with respect to, or the making of any proposal which constitutes, any Company Takeover Proposal, (ii) participate in or entertain any negotiations or discussions (whether initiated by Seller or not) regarding any Company Takeover Proposal, (iii) provide any information to any Person or group of Persons (other than Buyer and its Affiliates) concerning a possible Company Takeover Proposal or (iv) make or authorize any public statement, recommendation or solicitation in support of any possible Company Takeover Proposal. "*Company Takeover Proposal*" means any proposal or offer from any Person or group of Persons relating to any direct or indirect acquisition or purchase of all or substantially all of the assets or equity securities of the Company and the Company Subsidiaries (other than the FP Subsidiaries) whether by tender offer or exchange offer, merger, consolidation, business combination, recapitalization, asset purchase, or similar transaction involving the Company and the Company Subsidiaries, other than the transactions contemplated by this Agreement.

(b) Unless otherwise required by applicable Law, and subject to any applicable confidentiality obligations of Seller, Seller will (i) promptly, and in any event within five (5) Business Days, advise Buyer orally or in writing of any request for information with respect to any Company Takeover Proposal or of any Company Takeover Proposal, the financial and other material terms and conditions of such request or Company Takeover Proposal and the identity of the Person making such request or Company Takeover Proposal, (ii) keep Buyer reasonably informed of the status and details (including amendments or proposed amendments) of any and all such requests or Company Takeover Proposals, and (iii) provide to Buyer as soon as practicable after receipt or delivery thereof (and in any event

within five (5) Business Days) copies of all material correspondence and other written material sent or provided to the Company from any third party in connection with any Company Takeover Proposal or inquiry or sent or provided by the Company to any third party in connection with any Company Takeover Proposal or inquiry.

(c) Unless otherwise required by applicable Law, from the date of this Agreement through the Closing, Buyer will not, and will use reasonable best efforts to cause its Affiliates and its and their respective Representatives not to (i) engage in any Conflicting Transaction, (ii) solicit, encourage, initiate, entertain, or facilitate any inquiries with respect to, or the making of any proposal which constitutes, any Conflicting Transaction Proposal, (iii) participate in or entertain any negotiations or discussions (whether initiated by Buyer or not) regarding any Conflicting Transaction, (iv) provide or request any information from or to, as the case may be, any Person or group of Persons concerning a possible Conflicting Transaction or (v) make or authorize any public statement, recommendation or solicitation in support of any possible Conflicting Transaction. "*Conflicting Transaction Proposal*" means any proposal or offer by any Person (including Buyer) or group of Persons relating to any Conflicting Transaction. "*Conflicting Transaction*" shall mean any direct or indirect acquisition or purchase by Buyer or any of its Subsidiaries of any assets or equity securities of a Person or Persons, whether by tender offer or exchange offer, merger, consolidation, amalgamation, business combination, recapitalization, asset purchase, or similar transaction, which could reasonably be expected to materially impede, prevent or delay the transactions contemplated hereby or the Closing.

Section 6.16 *Financial Statements*. (a) If Seller elects to undertake a FP Subsidiaries Transaction, Seller shall give written notice of such election to Buyer and, as promptly as practicable following the date of such election, Seller shall deliver to Buyer the following audited financial statements of the Company and the Company Subsidiaries (excluding the FP Subsidiaries) and the related unqualified report of independent accountants: (i) the consolidated balance sheet as of December 31, 2008 and 2007 if applicable, and the related combined statements of income and of comprehensive income and shareholders' equity and of cash flows for the years ended December 31, 2008, 2007 and 2006 if applicable in each case, together with appropriate footnotes, all in accordance with Regulation S-X as promulgated by the SEC.

(b) If Seller elects to undertake a FP Subsidiaries Transaction, as promptly as practicable following the end of each calendar quarter after the date of this Agreement and until the Closing Date, Seller shall deliver to Buyer unaudited financial statements of the Company and the Company Subsidiaries (excluding the FP Subsidiaries) including a consolidated balance sheet as of December 31, 2008 and the last day of such calendar quarter, and the related combined statements of income and comprehensive income and shareholder's equity and of cash flows, together with appropriate footnotes, all in accordance with Regulation S-X as promulgated by the SEC.

Section 6.17 *Seller Agreements with Respect to Buyer Common Shares*. (a) Whether or not the Buyer Common Shares issued to Seller at the Closing pursuant to this Agreement are deemed to be "Controlled Shares" under Buyer's bye-laws, Seller agrees that the voting rights with respect to such Buyer Common Shares shall be reduced so that the voting rights with respect to all such Buyer Common Shares will constitute less than 9.5% of the voting power of all issued and outstanding Buyer Common Shares. Buyer Board shall apply the principles set forth in bye-laws 49-53 of Buyer's bye-laws in making the adjustment described in this Section 6.17(a).

(b) Seller agrees that until the date on which Seller and its Affiliates beneficially own (as defined in Rule 13d-3 under the Exchange Act) Buyer Common Shares in an amount less than 10% of the

outstanding Buyer Common Shares, without the prior written approval of Buyer, Seller will not, directly or indirectly, through its Affiliates or associates or any other Persons, or in concert with any Person:

Section 6.18 *Registration Rights.* (a) *Registration on Form S-3.* Buyer will agree to file a Registration Statement on Form S-3 (the "Registration Statement") within sixty (60) days after the Closing Date covering the resale of the Buyer Common Shares issued to Seller on the Closing Date pursuant to Rule 415 under the Securities Act. Upon filing the Registration Statement, Buyer will keep such Registration Statement effective with the SEC at all times and any Registration Statement shall be re-filed upon its expiration, and shall cooperate in any shelf take-down by amending or supplementing the prospectus related to such Registration Statement as may be requested by Seller (or its transferees) or as otherwise required, until Seller (or its transferees) no longer holds Registrable Securities; provided that Seller (or its transferees) shall not be permitted to sell under such "shelf" registration statement during such times as the trading window is not open for Buyer senior management in accordance with the Buyer's policies. (e) *Provision of Information.* As a condition to registering Registrable Securities, Buyer may require each seller holding Registrable Securities as to which any registration is being effected to furnish Buyer with such information regarding such Person and pertinent to the disclosure requirements relating to the registration and the distribution of such securities as Buyer may from time to time reasonably request in writing.

(f) *Registration Expenses.* Except as otherwise provided in this Agreement, all expenses incidental to Buyer's performance of or compliance with this Agreement, including all registration and filing fees, fees and expenses of compliance with securities or blue sky laws, word processing, duplicating and printing expenses, messenger and delivery expenses, and fees and disbursements of counsel for Buyer and counsel (limited to one law firm) for the holders of the securities registered and all independent certified public accountants and other Persons retained by Buyer (all such expenses, "*Registration Expenses*"), will be borne by Buyer. Buyer will, in any event, pay its internal expenses (including all salaries and expenses of its officers and employees performing legal or accounting duties), the expenses of any annual audit or quarterly review, the expenses of any liability insurance and the expenses and fees for listing the securities to be registered on each securities exchange on which similar securities issued by Buyer are then listed. The holders of the securities so registered shall pay all underwriting discounts, selling commissions and transfer taxes applicable to the sale of Registrable Securities hereunder, the fees and expenses of counsel beyond the one law firm paid for by Buyer and any other Registration Expenses required by Law to be paid by a selling holder pro rata on the basis of the amount of proceeds from the sale of their shares so registered.

(g) *Participation Conditions.*

(i) No Person may participate in any registration hereunder that is underwritten unless such Person (A) agrees to sell its Registrable Securities on the basis provided in any underwriting arrangements approved by Seller (including pursuant to the terms of any over-allotment or "green shoe" option requested by the managing underwriter(s), provided that no such Person will be required to sell more than the number of Registrable Securities that such Person has requested Buyer to include in any registration), (B) completes and executes all questionnaires, powers of attorney, indemnities, underwriting agreements and other documents reasonably required under the terms of such underwriting arrangements and (C) cooperates with Buyer's reasonable requests in connection with such registration or qualification (it being understood that the Buyer's failure to perform its obligations hereunder, which failure is caused by such Person's failure to cooperate with such reasonable requests, will not constitute a breach by Buyer of this Agreement). Notwithstanding the foregoing, the liability of Seller or any transferee participating in such an underwritten registration shall be limited to an amount equal to the amount of gross proceeds attributable to the sale of such Person's Registrable Securities.

(ii) Each Person that is participating in any registration hereunder agrees that, upon receipt of any notice from Buyer of the happening of any event of the kind described in Section 6.18(d)(v), such Person will forthwith discontinue the disposition of its Registrable Securities pursuant to the Registration Statement until such Person receives copies of a supplemented or amended prospectus as contemplated by such Section 6.18(d)(v). In the event Buyer gives any such notice, the applicable time period mentioned in Section 6.18(d)(ii) during which a Registration Statement is to remain effective will be extended by the number of days during the period from and including the date of the giving of such notice pursuant to this Section 6.18(g)(ii) to and including the date when each seller of a Registrable Security

covered by such Registration Statement will have received the copies of the supplemented or amended prospectus contemplated by Section 6.18(d)(v).

(h) *Rule 144.*

(i) Buyer will use its reasonable best efforts to timely file all reports and other documents required to be filed by it under the Securities Act and the Exchange Act and the rules and regulations adopted by the SEC thereunder (or, if Buyer is not required to file such reports, it will, upon the request of Seller or any transferee, make publicly available such information as necessary to permit sales pursuant to Rule 144), and will use reasonable best efforts to take such further action as Seller or any transferee may reasonably request, all to the extent required from time to time to enable such Person to sell shares of Registrable Securities without registration under the Securities Act within the limitation of the exemptions provided by Rule 144. Upon the request of Seller or any transferee, Buyer will deliver to such Person a written statement as to whether it has complied with such information requirements.

(ii) Buyer will not issue new certificates for shares of Registrable Securities without a legend restricting further transfer unless (A) such shares have been sold to the public pursuant to an effective Registration Statement under the Securities Act or Rule 144, or (B)(1) otherwise permitted under the Securities Act, (2) the holder of such shares shall have delivered to Buyer an opinion of counsel, which opinion of counsel shall be reasonably satisfactory to Buyer, to such effect, and (3) the holder of such shares expressly requests the issuance of such certificates in writing.

(i) *Holdback.* In consideration for Seller agreeing to its obligations under this Agreement, Seller (and any transferee) agrees in connection with any registration of Buyer's securities (whether or not such Person is participating in such registration) upon the request of Seller and the underwriters managing any underwritten offering of Buyer's securities, not to effect (other than pursuant to such registration) any public sale or distribution of Registrable Securities, including, any sale pursuant to Rule 144 or Rule 144A, or make any short sale of, loan, grant any option for the purchase of, or otherwise dispose of any Registrable Securities, any other equity securities of Buyer or any securities convertible into or exchangeable or exercisable for any equity securities of Buyer without the prior written consent of Seller or such underwriters, as the case may be, during the Holdback Period. With respect to any underwritten offering of Registrable Securities covered by a registration pursuant to Section 6.18(a), Buyer further agrees not to effect any public sale or distribution, or to file any Registration Statement covering any, of its equity securities, or any securities convertible into or exchangeable or exercisable for such securities, (other than with respect to awards pursuant to employee benefit plans and issuances of Buyer Common Shares upon exercise of any such awards) during the Holdback Period with respect to such underwritten offering, if required by the managing underwriter; provided that notwithstanding anything to the contrary herein, the obligations under this Section 6.18(i) shall not apply during any twelve-month period for more than an aggregate of ninety (90) days.

Section 6.19 *Piggyback Registrations.* (a) If, other than pursuant to Sections 6.18, Buyer proposes or is required to file a registration statement under the Securities Act with respect to an offering of securities of the same class as any Registrable Securities, whether or not for sale for its own account (other than a registration statement (i) on Form S-4, Form S-8 or any successor forms thereto or (ii) filed solely in connection with any employee benefit or dividend reinvestment plan) then the Buyer shall give prompt written notice of such proposed filing at least 15 days before the anticipated filing date (the "*Piggyback Notice*") to the Seller (and each of its transferees, the Seller and each transferee being hereinafter referred to as a "*Holder*"). The Piggyback Notice shall offer the Holders the opportunity to include in such registration statement the number of Registrable Securities (for purposes of this Section 6.19, "Registrable Securities" shall be deemed to mean solely securities of the same type

as those proposed to be offered by the Company for its own account) as they may request (a "*Piggyback Registration*"). Subject to Section 6.19(b) hereof, the Buyer shall include in each such Piggyback Registration all Registrable Securities with respect to which the Buyer has received written requests for inclusion therein within 15 days after notice has been given to the Holders. The Holders shall be permitted to withdraw all or part of the Registrable Securities from a Piggyback Registration at any time at least 2 Business Days prior to the effective date of the Registration Statement relating to such Piggyback Registration. The Buyer shall be required to maintain the effectiveness of the Registration Statement for a Piggyback Registration for a period of 180 days after the effective date thereof or such shorter period in which all Registrable Securities included in such Registration Statement have actually been sold.

(b) If any of the securities to be registered pursuant to the registration giving rise to the Holders' rights under this Section 6.19 are to be sold in an underwritten offering, the Holders shall be permitted to include all Registrable Securities requested to be included in such registration in such offering on the same terms and conditions as any Other Securities included therein; provided however, that if such offering involves a firm commitment underwritten offering and the managing underwriter(s) of such underwritten offering advise the Holders in writing that it is their good faith opinion that the total number or dollar amount of Registrable Securities proposed to be sold in such offering, together with all other securities that the Buyer and any other Persons having rights to participate in such registration intend to include in such offering, exceeds the total number or dollar amount of such securities that can be sold without having an adverse effect on the price, timing or distribution of the Registrable Securities to be so included together with all such Other Securities, then there shall be included in such firm commitment underwritten offering the number or dollar amount of Registrable Securities and such Other Securities that in the opinion of such managing underwriter(s) can be sold without so adversely affecting such offering, and such number of Registrable Securities and Other Securities shall be allocated for inclusion as follows:

(i) first, all Other Securities being sold by the Buyer or by any Person (other than a Holder) exercising a contractual right to demand registration (or priority piggyback registration pursuant to an agreement existing as of the date hereof) pursuant to which such registration statement was filed;

(ii) second, all Registrable Securities requested to be included by the Holders, pro rata (if applicable), based on the number of Registrable Securities Beneficially Owned by each such Holder; and

(iii) third, among any other holders of Other Securities requesting such registration, pro rata, based on the number of Other Securities Beneficially Owned by each such holder of Other Securities.

(c) No registration of Registrable Securities effected pursuant to a request under this Section 6.19 shall be deemed to have been effected pursuant to Section 6.18 or shall relieve the Company of its obligations under Section 6.18.

(d) Seller may transfer or retain its rights and obligations under Sections 6.18 and 6.19 (in whole or in part) with respect to any Registrable Securities to any transferee (and any transferee may transfer or retain such rights and obligations with respect to any Registrable Securities to any subsequent transferee) without the prior written consent of the Buyer; provided, however, that the transferee must agree to be bound by the applicable terms of this Section 6.18 and 6.19 with respect to such Registrable Securities. Any such assignment shall be effective upon receipt by the Buyer of written notice from the transferring holder stating the name and address of any transferee and identifying the number of shares of Registrable Securities with respect to which the rights under this Agreement are being transferred together with such Registrable Securities and the nature of the rights so transferred.

Section 6.20 *Indemnification by the Buyer.* (a) The Buyer shall indemnify and hold harmless, to the fullest extent permitted by Law, each selling Holder whose Registrable Securities are covered by a Registration Statement or Prospectus, the officers, directors, partners (limited and general), members, managers, shareholders, accountants, attorneys, agents and employees of each of them, each Person who controls (within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act) each such selling Holder and the officers, directors, partners (limited and general), members, managers, shareholders, accountants, attorneys, agents and employees of each such controlling Person (collectively, "*Holder Indemnitees*"), from and against any and all Losses, as incurred, arising out of or based upon any untrue statement (or alleged untrue statement) of a material fact contained in any applicable Registration Statement (or in any preliminary or final prospectus contained therein, any document incorporated by reference therein or issuer free writing prospectus related thereto) or any other offering circular, amendment of or supplement to any of the foregoing or other document incident to any such registration, qualification, or compliance, or based on any omission (or alleged omission) to state therein (in the case of a final or preliminary Prospectus or issuer free writing prospectus, in light of the circumstances under which they were made) a material fact required to be stated therein or necessary to make the statements therein not misleading; provided, that Buyer will not be liable to a Seller Indemnitee or underwriter in any such case to the extent that any such Loss arises out of or is based on any untrue statement or omission by such selling Holder or underwriter (other than the Buyer or its applicable Affiliate acting in such role), but only to the extent that such untrue statement (or alleged untrue statement) or omission (or alleged omission) is made in such Registration Statement (or in any preliminary or final Prospectus contained therein, any document incorporated by reference therein or issuer free writing prospectus related thereto), offering circular, amendment or supplement to any of the foregoing or other document in reliance upon and in conformity with written information furnished to the Buyer by such Seller Indemnitee specifically for inclusion in such document. Such indemnity shall remain in full force and effect regardless of any investigation made by or on behalf of any Holder Indemnitee or any other Holder and shall survive the transfer of such securities. The foregoing indemnity agreement is in addition to any liability that the Buyer may otherwise have to each Holder Indemnitee.

(b) *Indemnification by Selling Holders.* In connection with any Registration Statement in which a Seller Indemnitee is participating by registering Registrable Securities, such Seller Indemnitee shall furnish to the Buyer in writing such information as the Buyer reasonably requests specifically for use in connection with any Registration Statement or Prospectus and agrees to indemnify and hold harmless, to the fullest extent permitted by Law, severally and not jointly, the Buyer, the officers and directors of the Buyer, and each Person who controls (within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act) the Buyer (collectively, "*Buyer Indemnitees*"), from and against all Losses, as incurred, arising out of or based on any untrue statement (or alleged untrue statement) of a material fact contained in any such Registration Statement (or in any preliminary or final Prospectus contained therein, any document incorporated by reference therein or issuer free writing prospectus related thereto) or any other offering circular or any amendment of or supplement to any of the foregoing or any other document incident to such registration, or any omission (or alleged omission) to state therein a material fact required to be stated therein or necessary to make the statements therein (in the case of a final or preliminary Prospectus or issuer free writing prospectus, in light of the circumstances under which they were made) not misleading, in each case solely to the extent that such untrue statement (or alleged untrue statement) or omission (or alleged omission) is made in such Registration Statement (or in any preliminary or final Prospectus contained therein, any document incorporated by reference therein or issuer free writing prospectus related thereto), offering circular, or any amendment of or supplement to any of the foregoing or other document in reliance upon and in conformity with written information furnished to the Buyer by such Seller Indemnitee expressly for inclusion in such document.

(c) *Conduct of Indemnification Proceedings.* Any Person entitled to indemnity hereunder shall seek such indemnity as an Indemnified Party in accordance with Section 9.6 of this agreement; provided however that such claims may be made and shall be indemnified without regard to the General Deductible and no costs or expenses incurred by the Indemnifying Party shall be counted towards the Limit.

(d) *Contribution.* If the indemnification provided for in this Section 6.20 is unavailable to an indemnified party in respect of any Losses (other than in accordance with its terms), then each applicable indemnifying party, in lieu of indemnifying such indemnified party, shall contribute to the amount paid or payable by such indemnified party as a result of such Losses, in such proportion as is appropriate to reflect the relative fault of the indemnifying party, on the one hand, and such indemnified party, on the other hand, in connection with the actions, statements or omissions that resulted in such Losses as well as any other relevant equitable considerations. The relative fault of such indemnifying party, on the one hand, and indemnified party, on the other hand, shall be determined by reference to, among other things, whether any action in question, including any untrue or alleged untrue statement of a material fact or omission or alleged omission to state a material fact, has been taken by, or relates to information supplied by, such indemnifying party or indemnified party, and the parties' relative intent, knowledge, access to information and opportunity to correct or prevent any such action, statement or omission.

(e) No Person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution from any Person who was not guilty of such fraudulent misrepresentation.

Section 6.21 *Lockup.* Until the first anniversary of the date hereof, Seller agrees that it shall not transfer any of the Buyer Common Shares to any Person without the consent of Buyer; provided that Seller may without the consent of Buyer transfer any or all of the Buyer Common Shares to one or more of its Affiliates, if such Affiliate agrees to abide by the terms of this Section 6.21. Except as otherwise permitted by this Agreement or with the written consent of Buyer, Seller will not transfer any of the Share Consideration other than (i) in transactions exempt from registration under the Securities Act or (ii) pursuant to the Registration Statement in open market or otherwise where Seller reasonably believes that any transferee would not own more than 4.9% of the Buyer Common Shares then outstanding after the sale, transfer or disposition.

Section 6.22 *Directors' and Officers' Indemnification and Insurance.*

(a) Buyer agrees that all rights to exculpation and indemnification for acts or omissions occurring at or prior to the Closing Date, whether asserted or claimed prior to, at or after the Closing Date (including any matters arising in connection with the transactions contemplated by this Agreement), now existing in favor of the current or former directors, officers or employees, as the case may be, of the Company or its subsidiaries as provided in their respective articles of association, certificates of incorporation or bylaws (or comparable organization documents) or in any agreement shall survive the Closing Date and shall continue in full force and effect. Buyer shall (and Buyer shall cause the Company to) indemnify, defend and hold harmless, and advance expenses to Indemnitees with respect to all acts or omissions by them in their capacities as such at any time prior to the Closing Date to the fullest extent required by the certificate of incorporation or bye-laws (or equivalent organizational documents) of the Company or any of its subsidiaries or affiliates as in effect on the date of this Agreement.

(b) Without limiting the provisions of Section 6.22(a), during the period ending on the sixth anniversary of the Closing Date, the Buyer will: (i) indemnify and hold harmless each Indemnitee against and from any costs or expenses (including reasonable attorneys' fees), judgments, fines, losses, claims, damages, liabilities and amounts paid in settlement in connection with any claim, action, suit, proceeding or investigation, whether civil, criminal, administrative or investigative, to the extent such

claim, action, suit, proceeding or investigation arises out of or pertains to: (A) any action or omission or alleged action or omission taken or not taken in such Indemnitee's capacity as director, officer or employee of the Company or any of its subsidiaries or affiliates prior to the Closing Date; or (B) and any transactions contemplated hereby (any such claim, action, suit, proceeding or investigation, a "*Released Claim*"); and (ii) pay in advance of the final disposition of any such claim, action, suit, proceeding or investigation the expenses (including attorneys' fees) of any Indemnitee upon receipt of an undertaking by or on behalf of such Indemnitee to repay such amount if it shall ultimately be determined that such Indemnitee is not entitled to be indemnified;

(c) Buyer will provide or cause the Company to provide, for a period of not less than six years after the Closing Date, the Indemnitees who are insured under the Company's directors' and officers' insurance and indemnification policy with an insurance and indemnification policy, or a "tail policy", in each case, that provides coverage for events occurring at or prior to the Closing Date (the "*D&O Insurance*") that is no less favorable than the existing policy of the Company or, if substantially equivalent insurance coverage is unavailable, the best available coverage; *provided, however*, that the Company shall not be required to pay an annual premium for the D&O Insurance in excess of 200% of the last annual premium paid by the Company for such insurance prior to the date hereof; *provided, further*, that if the annual premiums of such insurance coverage exceed such amount, the Buyer or the Company shall be obligated to obtain a policy with the greatest coverage available for a cost not exceeding such amount.

(d) Buyer irrevocably waives and releases, and shall cause the Company to irrevocably waive and release to the extent permitted by applicable law, all Released Claims against the Indemnitees;

(e) The Indemnitees to whom this Section 6.22 applies shall be third party beneficiaries of the Section 6.22. The provisions of this Section 6.22 are intended to be for the benefit of each Indemnitee, his or her successors, heirs or representatives.

Section 6.23 *NYSE Listing*. Buyer shall cause the Buyer Common Shares to be issued under this Agreement to be approved for listing on the NYSE, subject to official notice of issuance, prior to the Closing Date.

Section 6.24 *Seller's Parent Guaranty*. Seller's Parent hereby irrevocably guarantees to Buyer and its respective successors, and assigns the payment and performance by Seller of all of the liabilities and obligations of Seller under this Agreement, including Seller's indemnification obligations under Articles V and IX (collectively, the "*Guaranteed Obligations*"). Seller's Parent hereby irrevocably and unconditionally covenants and agrees that it is liable for the Guaranteed Obligations as primary obligor, and that this is a guaranty of performance and payment and not of collectibility.

Section 6.25 *Soft Capital Facility*. (a) The parties agree to use their reasonable best efforts to cause the change of control event of default under the Soft Capital Facility to be waived by Bayerische Landesbank, with any consent fee and expenses being borne by Buyer (the "*Soft Capital Waiver*").

(b) If the parties are unable to obtain the Soft Capital Waiver by payment of a reasonable consent fee, the parties shall jointly approach the Ratings Agencies to determine whether a downgrade of FSA would occur as a result of the termination of the Soft Capital Facility upon consummation of the Closing. If any of the Ratings Agencies determine that such a downgrade would occur, Seller may, not less than sixty (60) days following such determination, notify Buyer that the condition set forth in Section 7.3(e) hereto will be impossible to fulfil, and Buyer shall be bound by such notice.

(a) Buyer and Seller may terminate this Agreement by mutual written consent at any time prior to the Closing.

(b) Subject to Section 2.2, Buyer may terminate this Agreement by delivering written notice (a "*Buyer Notice of Termination*") to Seller at any time prior to the Closing in the event Seller is in material breach of any representation or warranty or fails to perform in any material respect any covenant or agreement contained in this Agreement, if Buyer has notified Seller of the breach or failure to perform in writing, such breach or failure to perform (unless cured, if curable) will result in an inability of Seller to satisfy the conditions set forth in Section 7.2 and such breach, if curable, has continued without cure for a period of forty five (45) days after delivery of a Buyer Notice of Termination.

ARTICLE IX

Survival and Indemnification

Section 9.1 *Survival of Representations and Warranties and Covenants.*

(a) Except as otherwise set forth in this Section, (i) the representations and warranties contained in Articles III and IV of this Agreement shall survive the Closing and shall expire at the first anniversary of the Closing Date; and (ii) each covenant contained herein shall survive until the Closing Date or, if required to be performed in whole or in part after the Closing Date, until the date on which such covenant is required to be fully performed. No claims by Buyer under Section 9.3(a) or Seller under Section 9.2, as the case may be, for any Loss equal to or less than \$250,000 shall be deemed to be a Loss (each, a "*De Minimis Claim*"). In no event shall either party be liable for any Losses recoverable by Buyer under Section 9.3(a) or Seller under Section 9.2, as the case may be, unless and until the aggregate of such Losses exceed \$10,000,000 (the "*General Deductible*"), and Seller or Buyer, as the case may be, shall be liable only for the amount by which all such recoverable Losses exceed the General Deductible. In addition, payments under Section 9.3(a) by Seller to Buyer or under Section 9.2 by Buyer to Seller, as the case may be, shall not in the aggregate exceed 25% of the Cash Consideration (the "*Limit*").

(b) For the purpose of (i) determining whether the De Minimis Claim, General Deductible or Limit has been exceeded or (ii) measuring and indemnifying for Losses with respect to any breach of a representation or warranty contained in Article III or Article IV (but not for purposes of determining whether a breach of a representation or warranty has occurred), such representations and warranties shall be deemed to have been made without any materiality or similar qualifications contained therein (other than any dollar thresholds contained therein, if any).

Section 9.2 *Indemnification by Buyer.* From and after the Closing Date until, if applicable, the expiration of the periods specified in Section 9.1(a), subject to submission of a notice to the Indemnifying Party in sufficient detail for the Indemnifying Party to evaluate the claim (and prior to the expiration of the applicable periods specified in Section 9.1(a)), Buyer shall indemnify and hold harmless Seller (the "*Seller Indemnified Parties*") against and in respect of all actions, suits, hearings, proceedings, injunctions, judgments, orders, decrees, rulings, losses, direct damages, liabilities, and reasonable costs and expenses (including reasonable attorneys' fees and expenses incurred in defending any losses covered hereby, but excluding in each case any other indirect, consequential, special or punitive damages) (collectively, "*Losses*") incurred by any Seller Indemnified Party, arising out of subject to the limitations set forth in Section 9.1(a) any breaches of Buyer's representations, warranties and covenants set forth in this Agreement.

Section 9.3 *Indemnification by Seller.* From and after the Closing Date until, if applicable, the expiration of the periods specified in Section 9.1(a), subject to submission of a notice to the Indemnifying Party in sufficient detail for the Indemnifying Party to evaluate the claim (and prior to the expiration of the applicable periods specified in Section 9.1(a)), Seller shall, without duplication of any payments under Section 5.1, indemnify and hold harmless Buyer (together with the Seller

Indemnified Parties, the "*Indemnified Parties*") against and in respect of all Losses incurred by Buyer, arising out of, (a) subject to the limitations set forth in Section 9.1(a), any breaches of Seller's representations, warranties and covenants set forth in this Agreement, (b) the operation, assets or liabilities of the Financial Products Business prior to the Closing Date (including any legal proceedings filed prior to or arising out of conduct prior to, the Closing Date), (c) any Director Share Price Differential paid by the Company and (d) claims under any of the Financial Security Assurance Holdings Ltd. Severance Policy, the Financial Security Assurance Holdings Ltd. Severance Policy for Senior Management or the Financial Security Assurance Holdings Ltd. 2004 Equity Participation Plan that a participant in any such plan experienced a "constructive termination" or had "Good Reason" to terminate employment, in either case before or after the Closing, in accordance with the terms of the applicable plan as a result of a reduction of such employee's annual bonus in respect of fiscal 2008 or 2009, provided that, with respect to any termination after the Closing only, Buyer has provided, or caused the Company or a Company Subsidiary to provide, each Affected Employee with a bonus opportunity in respect of fiscal 2009 that is equal or greater to the bonus opportunity provided to similarly situated employees of Buyer and its Affiliates.

Section 9.4 *Indemnification as Sole Remedy*. Following the Closing, the indemnities provided in Article V, Section 6.20, Section 6.22 and this Article IX shall be the sole and exclusive remedy of the parties with respect to any and all claims for Losses sustained or incurred arising out of, in connection with or relating to this Agreement and the transactions contemplated by this Agreement whether arising from breach of contract, tort or any other theory of law whatsoever.

Section 9.5 *Mitigation of Losses*. Buyer and Seller shall be required to take all actions reasonably necessary to mitigate any Losses in respect of which they or, if applicable, their related Indemnified Parties may seek indemnification hereunder during such period as the Indemnified Party was aware of the claim giving rise to the Loss.

Section 9.6 *Method of Asserting Claims, Etc.* (a) All claims for indemnification by any Indemnified Party under this Agreement (other than claims for indemnification under Article V) shall be asserted and resolved as set forth in this Section. In the event that any written claim or demand for which Seller or Buyer, as the case may be (an "*Indemnifying Party*"), may be liable to any Indemnified Party hereunder (without regard to any limitations contained herein) is asserted against or sought to be collected from any Indemnified Party by a third party, such Indemnified Party shall promptly, but in no event later than fifteen (15) days following such Indemnified Party's receipt of such claim or demand, notify in writing the Indemnifying Party of such claim or demand and the amount or the estimated amount thereof to the extent then feasible (which estimate shall not be conclusive of the final amount of such claim or demand) (the "*Claim Notice*"). Buyer shall not deliver a Claim Notice to Seller with respect to any claim or demand in respect of Losses recoverable by Buyer under Section 9.3 unless the total amount of all such claims and demands that have been sought or asserted (together with any claims or demands in respect of Losses recoverable by Buyer under Section 5.1) exceeds the General Deductible. The Indemnifying Party shall be relieved of its obligations to indemnify the Indemnified Party with respect to such claim or demand to the extent it is prejudiced or suffers any Loss as a result of the Indemnified Party failing to timely deliver the Claim Notice.

(b) With respect to claims or demands for which a Claim Notice has been delivered under Section 9.6(a), the Indemnifying Party shall have thirty (30) days after the delivery of the Claim Notice (the "*Notice Period*") to notify the Indemnified Party whether or not it desires to defend the Indemnified Party against such claim or demand and shall during the Notice Period and thereafter be provided by the Indemnified Party with such information relating to the claim or demand as the Indemnifying Party shall reasonably request. Assumption of the defense against any such claim or demand shall not in any way be deemed an acknowledgment of any kind that such claim or demand is subject to indemnification. All costs and expenses incurred by the Indemnifying Party in defending any such claim or demand shall be borne by the Indemnifying Party, and shall be counted towards the

Limit. Except as hereinafter provided, in the event that the Indemnifying Party notifies the Indemnified Party within the Notice Period that it desires to defend the Indemnified Party against such claim or demand, the Indemnifying Party shall have the sole power to direct and control such defense. If the Indemnifying Party so elects to assume the defense of such claim, the Indemnifying Party shall not be liable to the Indemnified Party for any legal expenses subsequently incurred by the Indemnified Party. If any Indemnified Party desires to participate in, but not control, any such defense it may do so at its sole cost and expense. The Indemnified Party shall not settle, compromise or discharge a claim or demand for which it is indemnified by the Indemnifying Party or admit to any liability with respect to such claim or demand without the prior written consent of the Indemnifying Party (which consent shall not be unreasonably withheld or delayed). The Indemnifying Party shall not, without the written consent of the Indemnified Party (which consent shall not be unreasonably withheld or delayed), settle, compromise or offer to settle or compromise any such claim or demand unless the terms of such settlement provide for no relief other than payments of monetary damages that are not to be paid by the Indemnified Party or any of its Affiliates. To the extent the Indemnifying Party shall direct, control or participate in the defense or settlement of any third party claim or demand, the Indemnified Party shall provide the Indemnifying Party and its counsel reasonable access to all relevant business records and other documents, employees and properties and shall use its reasonable best efforts to assist, and to cause the employees and counsel of the Indemnified Party to assist, in defense of such claim. Notwithstanding the foregoing, if the Indemnifying Party elects not to defend the Indemnified Party or if the Indemnifying Party is advised by outside counsel that a conflict of interest exists that requires the Indemnified Party to be represented by separate counsel under the applicable rules of professional responsibility or if the court to which the third party claim is pending determines that a conflict of interest exists such that the Indemnifying Party's counsel is prohibited by such court or otherwise unable to represent the Indemnified Party with respect to such third party claim, the Indemnified Party shall (at the sole cost and expense of the Indemnifying Party in accordance with and subject to this Article IX) have the right and the obligation to vigorously defend the claim or demand by appropriate proceedings and shall have the sole power to direct and control such defense with respect to itself, subject to the restriction on settlement pursuant to this Article IX. In any event, the Indemnifying Party shall have the right to participate in the defense or settlement of any third party claim or demand for which the Indemnifying Party may be liable hereunder at its own expense.

(c) In the event any Indemnified Party should have a claim against any Indemnifying Party hereunder that does not involve a third party, the Indemnified Party shall deliver express written notice of such claim (specifying in reasonable detail the basis for, and estimated amount of, such claim) with reasonable promptness to the Indemnifying Party (and in any event, within 15 days of the date on which the Indemnified Party becomes aware or, with the exercise of reasonable diligence would have become aware, of such claim). The failure by any Indemnified Party to so notify the Indemnifying Party shall not relieve the Indemnifying Party from any liability that it may have to such Indemnified Party hereunder, except to the extent that the Indemnifying Party has been prejudiced or suffers any Loss by such failure.

Section 9.7 *Calculation of Losses.* The payment of any amount by the Indemnifying Party to the Indemnified Party under Article V or this Article IX shall be (a) reduced by any amounts received by the Indemnified Party from any third party or under applicable insurance policies owned by the Indemnified Party or its Subsidiaries, (b) reduced by the amount of any Tax Benefits attributable to the Loss giving rise to the payment with respect to which an indemnity obligation exists under Article V or this Article IX, and (c) reduced by the amount of reserves or provisions specifically set forth in the Company November 10-Q.

Section 9.8 *Assignment of Claims.* If an Indemnified Party receives any payment from an Indemnifying Party in respect of any Losses and the Indemnified Party could have recovered all or a part of such Losses from a third party (a "*Potential Contributor*") based on the underlying claim or

demand asserted against such Indemnifying Party, such Indemnified Party shall, to the extent permitted by Law, assign such of its rights to proceed against the Potential Contributor as are necessary to permit such Indemnifying Party to recover from the Potential Contributor the amount of such payment.

Section 9.9 *No Consequential Damages*. Notwithstanding anything to the contrary contained herein, no Indemnifying Party shall be liable to or otherwise responsible to any Indemnified Party for indirect, consequential, incidental, special or punitive damages that arise out of or relate to this Agreement or the performance or breach of this Agreement or any liability retained or assumed hereunder.

ARTICLE X
Miscellaneous

Section 10.1 *Amendment and Waiver*. Any provision of this Agreement may be amended or waived if, and only if, such amendment or waiver is in writing and signed, in the case of an amendment, by the parties hereto, or in the case of a waiver, by the party against whom the waiver is to be effective. No failure or delay by any party in exercising any right, power or privilege hereunder shall operate as a waiver thereof nor shall any single or partial exercise thereof preclude any other or further exercise thereof.

Section 10.2 *Expenses*. Except as otherwise expressly provided in this Agreement, whether or not the transactions contemplated by this Agreement are consummated, the parties shall bear their own respective expenses (including all compensation and expenses of counsel, financial advisors, consultants, actuaries and independent accountants and expenses in connection with all regulatory filings) incurred in connection with this Agreement and the transactions contemplated hereby.

Section 10.3 *Public Disclosure*. Each party to this Agreement hereby agrees with the other parties hereto that, except as may be required to comply with the requirements of applicable Law or the rules and regulations of any national securities exchange upon which the securities of one of the parties or its Affiliates is listed (following consultation with the other parties if reasonably practicable), no press release or similar public announcement or communication will be made or caused to be made concerning the execution or performance of this Agreement unless specifically approved in advance by all parties hereto.

Section 10.4 *Assignment*. No party to this Agreement may assign or transfer any of its rights or obligations under this Agreement (by operation of Law or otherwise) without the prior written consent of the other party hereto provided that the rights of Seller pursuant to Sections 6.18, 6.19 and 6.20 may be transferred in connection with a permitted transfer of Registrable Securities. Any assignment or transfer in violation of this Section shall be null and void *ab initio*.

Section 10.5 *Entire Agreement*. This Agreement (including all Annexes and Schedules hereto) contains the entire agreement between the parties hereto with respect to the subject matter hereof and supersedes all prior agreements and understandings, oral or written, with respect to such matters; *provided* that the Confidentiality Agreements shall survive the execution and delivery of this Agreement until the occurrence of the Closing.

Section 10.6 *Parties in Interest; No Third Party Beneficiaries*. This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors and permitted assigns. Except as otherwise provided in Section 6.22(d) (Directors' and Officers' Indemnification and Insurance), nothing in this Agreement, express or implied, is intended to confer upon any Person other than Buyer and Seller or their successors and permitted assigns, any rights or remedies under or by reason of this Agreement. Nothing in this Agreement shall constitute or be construed as an amendment or modification of any Benefit Plan or of any employee benefit plan or arrangement of Buyer or any of its Affiliates.

Section 10.7 *Schedules*. The headings, if any, of any individual sections of the Seller Disclosure Schedule, are inserted for convenience only and the inclusion of any matter in any section of any Schedule to this Agreement shall qualify or respond to all representations and warranties in this Agreement (and not just the numerically corresponding representation) to the extent that the relevance of such disclosure to any such other representation or warranty is reasonably apparent on its face. Inclusion therein shall expressly not be deemed to constitute an admission by either Seller, or otherwise imply, that any such matter is material or creates a measure for materiality for the purposes of this Agreement.

Section 10.8 *Counterparts*. This Agreement and any amendments hereto may be executed in one or more counterparts, each of which shall be deemed to be an original by the parties executing such counterpart, but all of which shall be considered one and the same instrument.

Section 10.9 *Section Headings*. The Section and paragraph headings and table of contents contained in this Agreement are for reference purposes only and shall not in any way affect the meaning or interpretation of this Agreement.

Section 10.10 *Notices*. All notices or other communications hereunder shall be deemed to have been duly given and made upon receipt thereof if given and made in writing and if (a) served by personal delivery upon the party for whom it is intended, (b) delivered by international courier service, or (c) sent by facsimile; *provided* that the facsimile is promptly confirmed by telephone or by email and followed by written confirmation by registered mail thereof, to the Person at the address set forth below:

Section 10.11 *Governing Law.* This Agreement shall be construed and interpreted in accordance with the laws of the State of New York, which shall govern this Agreement and any controversy or claim arising out of or relating to this Agreement.

Section 10.12 *Jurisdiction.* Each of Buyer, Seller and Seller's Parent agrees and consents to personal jurisdiction and venue in any federal or state court within the Borough of Manhattan, in the City of New York, having subject matter jurisdiction, for the purposes of any action, suit or proceeding arising out of or relating to this Agreement. Section 10.13 *Severability.* The provisions of this Agreement shall be deemed severable and the invalidity or unenforceability of any provision shall not affect the validity or enforceability of the other provisions hereof unless such invalidity or unenforceability, after taking into account the mitigation contemplated by the next sentence, deprives a party of a material benefit contemplated by this Agreement. If any provision of this Agreement, or the application thereof to any Person or any circumstance, is invalid or unenforceable: (a) a suitable and equitable provision shall be substituted therefor in order to carry out, as far as may be valid and enforceable, the intent and purpose of such invalid or unenforceable provision; and (b) the remainder of this Agreement and the application of such provision to other Persons or circumstances shall not be affected by such invalidity or unenforceability, nor shall such invalidity or unenforceability affect the validity or enforceability of such provision, or the application thereof, in any other jurisdiction.

Section 10.14 *Construction.* This Agreement has been negotiated by the parties and their respective counsel in good faith and will be fairly interpreted in accordance with its terms and without any strict construction in favor of or against any party.

Section 10.15 *Specific Performance.* Each of Buyer and Seller acknowledges that money damages would be both incalculable and an insufficient remedy for any breach of this Agreement by any party and that any such breach would cause irreparable harm. Accordingly, each of Buyer and Seller agrees that in the event of any breach or threatened breach of this Agreement, Buyer or Seller, as applicable, in addition to any other remedies at law or in equity it may have, shall be entitled to equitable relief, including injunctive relief and specific performance, without the requirement of posting a bond or other security.

AMENDMENT TO INVESTMENT AGREEMENT

This **AMENDMENT TO INVESTMENT AGREEMENT**, dated as of November 13, 2008 (this "Amendment"), is between Assured Guaranty Ltd., a Bermuda company (the "Company"), and WLR Recovery Fund IV, L.P., a Delaware limited partnership (the "Investor").

WHEREAS, the Company previously entered into an Investment Agreement with the Investor dated as of February 28, 2008 (the "Investment Agreement") and sold common shares, par value \$0.01 per share (the "Common Shares"), to the Investor and certain of its Affiliates pursuant to the Investment Agreement;

WHEREAS, the Company is concurrently with the execution of this Amendment entering into a Purchase Agreement (the "FSA Purchase Agreement") with Dexia Holdings, Inc. ("Dexia") of even date herewith under which the Company would acquire all of Dexia's ownership interest in Financial Security Assurance Holdings Ltd, a New York corporation;

WHEREAS, the Company desires to fund a portion of the purchase price payable under the FSA Purchase Agreement with the proceeds of an issuance of Subsequent Shares (as defined in the Investment Agreement) under the Investment Agreement; and

WHEREAS, Investor has agreed to purchase such Subsequent Shares on the terms and subject to the conditions set forth in the Investment Agreement, as modified by this Amendment.

NOW, THEREFORE, in consideration of the premises, and of the representations, warranties, covenants and agreements set forth herein, the parties agree as follows:

1. *FSA Drawdown Notice.* (a) Subject to the terms and conditions set forth in the Investment Agreement as amended hereby, the Investor hereby grants the Company the option to cause the Investor to purchase from the Company or Assured Guaranty US Holdings Inc. a number of Subsequent Shares (the "FSA Subsequent Shares") equal to the quotient of (i) the aggregate dollar amount specified in an FSA Drawdown Notice (as hereinafter defined) deliver prior to the Termination Date (as hereinafter defined) divided by (ii) the Drawdown Price (as hereinafter defined). For purposes of the purchase of the FSA Subsequent Shares, (i) the "Drawdown Price" will be the volume weighted average price of a Common Share on the NYSE for the 20 NYSE trading days ending with the last NYSE trading day immediately preceding the date of the FSA Subsequent Closing (as hereinafter defined) ("20 Day VWAP") (such 20-day period to be referred to for purposes of the purchase of the FSA Subsequent Shares as the "Pricing Period"), provided that (i) if the 20 Day VWAP is less than \$6.00 (the "Floor"), the Drawdown Price will be \$6.00, and if the 20 Day VWAP is greater than \$8.50 (the "Cap"), the Drawdown Price will be \$8.50, and (ii) notwithstanding any other provision hereof, the aggregate dollar amount that may be specified in an FSA Drawdown Notice may not exceed \$361.0 million.

(b) Section 2.5(a) of the Investment Agreement is hereby amended to add the following additional condition to the obligation of the parties in respect of any purchase and sale of FSA Subsequent Shares:

"(v) all conditions set forth in Sections 7.1, 7.2 and 7.3 of the FSA Purchase Agreement shall have been satisfied and all actions necessary or anticipated to be taken at the Closing (as defined in the FSA Purchase Agreement) shall have been taken or occurred, other than the payment of the Purchase Price (as defined in the FSA Purchase Agreement), upon the occurrence of which the Closing (as so defined), will be deemed to have occurred. (For the avoidance of doubt, Investor will have no obligation hereunder or

Table of Contents

otherwise to purchase any FSA Subsequent Shares unless and until the Closing (as defined in the FSA Purchase Agreement) shall have occurred.)."

(c) The closing condition set forth in Section 2.5(b)(iv) and (vi) of the Investment Agreement will be deemed satisfied with respect to the closing of the purchase of FSA Subsequent Shares (the "FSA Subsequent Closing").

(d) Section 2.5(b) of the Investment Agreement is hereby amended to add the following condition to the obligations of the Investor in respect of any purchase and sale of FSA Subsequent Shares:

"(vii) the Investor shall have received a certificate by the Company's Chief Executive Officer and Chief Financial Officer that (A) during the Pricing Period and for the two NYSE trading days prior thereto there was no material non-public information regarding the Company and (B) during the Pricing Period the Company had not repurchased any Common Shares (except pursuant to employee benefit plans of the Company)."

(e) For the avoidance of doubt, except to the extent otherwise provided herein, the closing conditions set forth in Section 2.5 of the Investment Agreement are conditions to the consummation of the FSA Subsequent Closing.

2. *Covenants.*

(a) *Shareholder Approval.* In connection with the Company's solicitation of the approval by its shareholders of the transactions contemplated by the FSA Purchase Agreement, the Company will include a proposal (the "Proposal") to obtain the approvals necessary under the rules of the NYSE to permit the issuance of the FSA Subsequent Shares and any Reset Shares or Pre-Emptive Shares related thereto or issuable hereunder (the "FSA Shareholder Approval"). The Company represents and warrants to the Investor that the Board of Directors has, at a duly convened meeting, unanimously determined (with one director abstaining) that the transactions contemplated hereby are fair to and in the best interests of the shareholders of the Company (other than the Investor), approved this Amendment and determined to recommend to the Company's shareholders that such shareholders approve the actions referenced above (such actions, collectively, the "Board Recommendation"). The Company will include the Proposal in the proxy statement related to the shareholders' meeting at which the approval of the transactions contemplated by the FSA Purchase Agreement will be considered (and the Investor will reasonably cooperate with the Company in connection therewith) and will use reasonable best efforts to solicit proxies for such shareholder approval. The Company will provide the Investor with drafts of the proxy statement and any amendments or supplements thereto prior to their filing with the Commission and a reasonable opportunity to comment thereon. The Company will notify the Investor promptly of the receipt of any comments from the Commission or its staff and of any request by the Commission or its staff for amendments or supplements to such proxy statement or for additional information, in each case to the extent related to the Investment Agreement or this Amendment or the transactions contemplated thereby, and will supply the Investor with copies of all correspondence between the Company or any of its representatives, on the one hand, and the Commission or its staff, on the other hand, with respect to such proxy statement, to the extent related to the Investment Agreement or this Amendment or the transactions contemplated thereby. If at any time prior to such shareholders' meeting there shall occur any event that is required to be set forth in an amendment or supplement to the proxy statement, the Company will as promptly as practicable prepare and mail to its shareholders such an amendment or supplement. The Company agrees promptly to correct any information in the proxy statement if and to the extent that such information shall have become false or misleading in any material respect, and the Company will as promptly as practicable prepare

Table of Contents

and mail to its shareholders an amendment or supplement to correct such information to the extent required by applicable laws and regulations. The Company will provide the Investor with drafts of the proxy statement and any amendments or supplements thereto prior to mailing and will provide Investor a reasonable opportunity to comment thereon. The Board Recommendation will be included in the proxy statement filed in connection with obtaining such shareholder approval.

(b) *Use of Proceeds.* The Company will use all of the proceeds of the sale of the FSA Subsequent Shares solely to pay a portion of the purchase price payable under the FSA Purchase Agreement equal to such proceeds.

(c) *Commitment Fee; WLR Expenses.* Within one business day of the date of this Agreement, the Company will pay the Investor a nonrefundable commitment fee (the "Commitment Fee") of \$10,830,000 by wire transfer of immediately available funds to an account designated by the Investor for such purpose. The Company agrees promptly to pay or reimburse the Investor upon request all fees and expenses, as incurred, including reasonable and documented attorneys' fees and expenses, incurred by WLR and the WLR Funds in connection with the negotiation, execution and performance of this Amendment and the transactions contemplated hereby, including any filing fees and other costs relating to regulatory approvals required in connection herewith.

(d) *Participation Rights.* (i) If the Company offers to sell Additional Shares other than pursuant to the Investment Agreement, as modified hereby, to raise some or all of the funds required to pay the purchase price payable under the FSA Purchase Agreement (a "Pre-Emptive Sale"), the Company will deliver to the Investor a written offer (the "Offer") to issue and sell to the Investor up to a number of Additional Shares (the "Pre-Emptive Shares") equal to the Participation Amount (as hereinafter defined). The Offer will be delivered no later than 30 days prior to the anticipated consummation of the Pre-Emptive Sale(s) and state that the Company offers to issue and sell to the Investor the Pre-Emptive Shares and will specify their number and terms (including purchase price, to the extent known, which must be equal to the weighted average price in the Pre-Emptive Sale(s) (the "Pre-Emptive Price")). The Offer will remain open and irrevocable for a period of 30 days (the "Pre-Emptive Period") from the date of its delivery. For purposes of this Section 2(d): (A) the "Participation Amount" will equal the greater of (1) 25% of the Additional Shares offered pursuant to the Pre-Emptive Sale(s) and (2) the number of Additional Shares derived by dividing \$150,000,000 by the Pre-Emptive Price, provided that if the applicable Pre-Emptive Sale is a public offering and the managing underwriter determines that such level of participation would be detrimental to such public offering, such participation will be reduced to the level recommended by such managing underwriter but in no event to below 25% of the Additional Shares offered in such public offering; and (B) "relative Common Share ownership position" will be calculated as to all WLR Funds holding Securities in the aggregate and WLR will be entitled to allocate by written notice to the Company the aggregate preemptive rights of the Investor among the WLR Funds.

(ii) The Investor may accept the Offer by delivering to the Company a notice (the "Purchase Notice") within the Pre-Emptive Period. The Purchase Notice must state the number (the "Pre-Emptive Number") of Pre-Emptive Shares the Investor desires to purchase. Delivery of the Purchase Notice shall obligate the Investor to purchase the Pre-Emptive Shares. In the event of a public offering of Additional Shares, the Company may satisfy its obligations under this paragraph (e) by arranging for the Investor to be allocated a number of shares in the public offering equal to the number of Pre-Emptive Shares.

Table of Contents

(iii) The issuance of any Pre-Emptive Shares will be consummated contemporaneously with the consummation of the Pre-Emptive Sale(s).

(iv) In the case of a sale of securities for a consideration in whole or in part other than cash, including securities acquired in exchange therefor (other than securities by their terms so exchangeable), the consideration other than cash will be deemed to be the fair value thereof as determined by the Board of Directors in good faith; provided, however, that such fair value as determined by the Board of Directors will not exceed the aggregate market price of the securities being offered as of the date the Board of Directors authorizes the offering of such securities;

(v) Except as specifically provided herein, the rights set forth in this Section 2(d) may not be assigned or transferred by the Investor.

(vi) Notwithstanding anything herein or in the Investment Agreement to the contrary, Sections 5.5 of the Investment Agreement shall not apply to a Pre-Emptive Sale.

(e) The Company hereby agrees to indemnify and hold harmless, to the fullest extent permitted by law, the Investor and its Affiliates and each of their respective directors, officers, managers, employees and agents from and against any and all losses, damages, liabilities, actions, suits, proceedings, judgments, orders, decrees, rulings, costs and expenses (collectively, "Losses") arising out of or related to the FSA Purchase Agreement or the transactions contemplated thereby, except to the extent such Losses are caused by the Investor's breach of the Investment Agreement, as amended hereby, or the Voting Agreement of even date herewith between the Company, the Investors and certain of the Investors' Affiliates.

(f) Notwithstanding anything herein or in the Investment Agreement to the contrary, Sections 5.4 and 5.5 of the Investment Agreement shall not apply to the issuance of common shares pursuant to the FSA Purchase Agreement.

3. *Representations and Warranties of the Company.* The Company represents and warrants to the Investor as follows:

(a) The Company has been duly incorporated and is validly existing as an exempted company in good standing under the laws of the Islands of Bermuda, with corporate power and authority to own its properties and conduct its business as currently conducted and is in good standing under the laws of each other jurisdiction in which it owns or leases properties or conducts any business so as to require such qualification, or is subject to no material liability or disability by reason of the failure to be so qualified in any such jurisdiction.

(b) The Company has the corporate power and authority to enter into this Amendment and to carry out its obligations hereunder. The execution, delivery and performance of this Amendment by the Company and the consummation of the transactions contemplated hereby and thereby have been duly authorized by the Board of Directors. Subject to receipt of the approvals contemplated hereby and by the Investment Agreement, this Amendment is a valid and binding obligation of the Company enforceable against the Company in accordance with its terms, except as such enforceability may be limited by bankruptcy, insolvency, moratorium, reorganizations or similar laws affecting creditors generally or by general equitable principles (whether applied in equity or at law). Except with respect to the shareholder approval referred to in Section 2(a), no shareholder vote of the Company is required to consummate the transactions contemplated hereby.

(c) Neither the execution, delivery and performance by the Company of this Amendment, nor the consummation of the transactions contemplated hereby, nor compliance by the Company with any of the provisions hereof, will (i) violate, conflict with, or result in a

breach of any provision of, or constitute a default (or an event which, with notice or lapse of time or both, would constitute a default) under, or result in the termination of, or accelerate the performance required by, or result in a right of termination or acceleration of, or result in the creation of, any lien, security interest, charge or encumbrance upon any of the properties or assets of the Company or any subsidiary under any of the material terms, conditions or provisions of (A) its certificate of incorporation, memorandum of association or bye-laws or similar organizational documents or (B) any note, bond, mortgage, indenture, deed of trust, license, lease, agreement or other instrument or obligation to which the Company or any subsidiary is a party or by which it may be bound, or to which the Company or any subsidiary or any of the properties or assets of the Company or any subsidiary may be subject, or (ii) subject to compliance with the statutes and regulations referred to in paragraph (d) below, violate any statute, rule or regulation or any judgment, ruling, order, writ, injunction or decree applicable to the Company or any subsidiary or any of their respective properties or assets except in the case of clauses (i)(B) and (ii) for such violations, conflicts and breaches as would not reasonably be expected to have a Material Adverse Effect on the Company.

(d) Other than the approvals contemplated hereby and by the Investment Agreement, and the securities or blue sky laws of the various states, no material notice to, filing with, exemption or review by, or authorization, consent or approval of, any Governmental Entity, nor expiration nor termination of any statutory waiting periods, is necessary for the consummation by the Company of the transactions contemplated by this Amendment.

4. *Representations and Warranties of the Investor.* The Investor represents and warrants to the Company as follows:

(a) The Investor is a limited partnership duly organized, validly existing and in good standing under the laws of the jurisdiction of its organization, is duly qualified to do business and is in good standing in all jurisdictions where its ownership or leasing of property or the conduct of its business requires it to be so qualified and failure to be so qualified would have a Material Adverse Effect on the Investor and has power and authority to own its properties and assets and to carry on its business as it is now being conducted.

(b) The Investor has the partnership power and authority to enter into this Amendment and to carry out its obligations hereunder. The execution, delivery and performance of this Amendment by the Investor and the consummation of the transactions contemplated hereby have been duly authorized by all necessary action on the part of the Investor and no further approval or authorization by any of the managers, members or partners of the Investor is required. Subject to such approvals of Governmental Entities as may be required by statute or regulation, this Amendment is a valid and binding obligation of the Investor enforceable against the Investor in accordance with its terms, except as such enforceability may be limited by bankruptcy, insolvency, moratorium, reorganizations or similar laws affecting creditors generally or by general equitable principles (whether applied in equity or at law).

(c) Neither the execution, delivery and performance by the Investor of this Amendment, nor the consummation of the transactions contemplated hereby, nor compliance by it with any of the provisions thereof, will (i) violate, conflict with, or result in a breach of any provision of, or constitute a default (or an event which, with notice or lapse of time or both, would constitute a default) under, or result in the termination of, or accelerate the performance required by, or result in a right of termination or acceleration of, or result in the creation of, any lien, security interest, charge or encumbrance upon any of the properties or assets of the Investor under any of the material terms, conditions or provisions of (A) its organizational document or (B) any note, bond, mortgage, indenture, deed of trust, license, lease, agreement or other instrument or obligation to which the Investor is a party or by which it may be

bound, or to which any of the Investor or any of their properties or assets may be subject, or (ii) subject to compliance with the statutes and regulations referred to in the next paragraph, violate any statute, rule or regulation or, to the knowledge of the Investor, any judgment, ruling, order, writ, injunction or decree applicable to the Investor or any of their respective properties or assets except in the case of clauses (i)(B) and (ii) for such violations, conflicts and breaches as would not reasonably be expected to have a Material Adverse Effect on the Investor.

(d) Other than the approvals contemplated hereby and by the Investment Agreement, and the securities or blue sky laws of the various states, no material notice to, filing with, exemption or review by, or authorization, consent or approval of, any Governmental Entity, nor expiration nor termination of any statutory waiting period is necessary for the consummation by the Investor of the transactions contemplated by this Amendment.

(e) The Investor acknowledges that the FSA Subsequent Shares have not been registered under the Securities Act or under any state securities laws. The Investor (i) is acquiring the FSA Subsequent Shares pursuant to an exemption from registration under the Securities Act solely for investment with no present intention to distribute any of the FSA Subsequent Shares to any person, (ii) will not sell or otherwise dispose of any of the FSA Subsequent Shares, except in compliance with the registration requirements or exemption provisions of the Securities Act and any other applicable securities laws, (iii) has such knowledge and experience in financial and business matters and in investments of this type that it is capable of evaluating the merits and risks of its investment in the FSA Subsequent Shares and of making an informed investment decision and (iv) is an "accredited investor" (as that term is defined by Rule 501 of the Securities Act).

(f) The Investor will have available funds necessary to consummate the FSA Subsequent Closing on the terms and conditions contemplated by this Amendment.

(g) Neither the Investor nor its affiliates or any of their respective officers, directors or employees has employed any broker or finder or incurred any liability for any financial advisory fees, brokerage fees, commissions or finder's fees, and no broker or finder has acted directly or indirectly for WLR or the WLR Funds, in connection with this Amendment or the transactions contemplated hereby.

5. *Relationship to Investment Agreement.* This Amendment is intended to amend the Investment Agreement solely with respect to the purchase and ownership of the FSA Subsequent Shares. Except as otherwise specifically provided herein, all of the terms and conditions set forth in the Investment Agreement applicable to Subsequent Shares will apply to the FSA Subsequent Shares, and the purchase and sale of the FSA Subsequent Shares will reduce the Investor's remaining commitment thereunder. The terms and conditions set forth in this Amendment will not apply to any purchase of Subsequent Shares other than the FSA Subsequent Shares.

6. Termination.

(a) This Amendment may be terminated: (i) by either the Company or the Investor if the FSA Subsequent Closing shall not have occurred prior to the End Date (as defined in the FSA Purchase Agreement); (ii) by the mutual agreement of the Company and the Investor; (iii) by either the Company or the Investor if any Governmental Entity shall have issued a nonappealable final judgment, injunction, order or decree that prohibits the FSA Subsequent Closing or prohibits or restricts the Investor or its Affiliates from owning or voting any FSA Subsequent Shares; (iv) by the Investor if the Company amends the FSA Purchase Agreement in any material respect without the prior written consent of the Investor; (v) by the Investor if the Board Recommendation is withdrawn or modified in a manner determined by the Investor

in good faith to be adverse to it; or (vi) by Investor if the Company or one of its subsidiaries becomes subject to an insolvency, liquidation, rehabilitation, reorganization, receivership, supervision, conservatorship or comparable proceeding or governmental or regulatory action. This Amendment will terminate automatically if the Investment Agreement is terminated or if notice of termination of the FSA Purchase Agreement is given without the closing thereunder having occurred, regardless of whether the FSA Purchase Agreement was terminated thereby in accordance with its terms.

(b) In the event of any termination of this Amendment as provided in Section 5(a), this Amendment (other than Section 2(c), this Section 6(b), Section 7 and Section 8, each of which will remain in full force and effect) will forthwith become wholly void and of no further force and effect; provided that nothing herein will relieve any party from liability for willful breach of this Amendment.

7. *Definitions.* As used herein:

(a) "*FSA Drawdown Notice*" means a Drawdown Notice that (i) is designated as the "FSA Drawdown Notice" and (ii) does not request an investment in Common Shares in excess of \$361,000,000. For purposes of the delivery of an FSA Drawdown Notice only, the proviso in the first sentence of Section 2.2 and the second sentence of Section 2.2 of the Investment Agreement will not apply.

(b) "*Termination Date*" means the date on which this Amendment is terminated pursuant to Section 6(a).

(c) Capitalized terms not otherwise defined herein will have the meanings ascribed thereto in the Investment Agreement.

8. *Miscellaneous.*

(a) *September 16 Approval.* The parties acknowledge and agree that the approval, dated September 16, 2008, with respect to the Investor's right to purchase up to 5,000,000 additional Common Shares in open market transactions from time to time remains in full force and effect.

(b) *Counterparts and Facsimile.* For the convenience of the parties hereto, this Amendment may be executed in any number of separate counterparts, each such counterpart being deemed to be an original instrument, and all such counterparts will together constitute the same agreement. Executed signature pages to this Amendment may be delivered by facsimile and such facsimiles will be deemed as sufficient as if actual signature pages had been delivered.

(c) *Governing Law.* This Amendment will be governed by and construed in accordance with the laws of the State of New York applicable to contracts made and to be performed entirely within such State. The parties hereby irrevocably and unconditionally consent to submit to the exclusive jurisdiction of the state and federal courts located in the State of New York for any actions, suits or proceedings arising out of or relating to this Amendment and the transactions contemplated hereby.

(d) *Entire Agreement, Etc.* This Amendment and the Investment Agreement constitute the entire agreement, and supersede all other prior agreements, understandings, representations and warranties, both written and oral, between the parties, with respect to the subject matter hereof.

(e) *Public Announcements.* Subject to each party's disclosure obligations imposed by law or regulation, each of the parties hereto will cooperate with each other in the development

and distribution of all news releases and other public information disclosures with respect to this Amendment and any of the transactions contemplated by this Amendment, and no party hereto will make any such news release or public disclosure without first consulting with the other party hereto and receiving its consent (which will not be unreasonably withheld or delayed) and each party will coordinate with the other with respect to any such news release or public disclosure.

(f) *No Third Party Beneficiaries.* Nothing contained in this Agreement, expressed or implied, is intended to confer upon any person or entity other than the parties hereto any benefit, right or remedy.

(g) *Changes in Capitalization.* If between the date of this Amendment and the FSA Subsequent Closing the outstanding Common Shares are changed into a different number of shares or a different class, by reason of any stock dividend, subdivision, reclassification, recapitalization, split, combination or exchange of shares, or any similar event, the Floor and the Cap will be appropriately adjusted to provide to the parties hereto the same economic effect as contemplated by this Amendment prior to such event.

IN WITNESS WHEREOF, this Amendment has been duly executed and delivered by the duly authorized officers of the parties hereto as of the date first herein above written.

[LETTERHEAD OF BANC OF AMERICA SECURITIES LLC]

November 14, 2008

The Board of Directors
Assured Guaranty Ltd.
30 Woodbourne Avenue
Hamilton HM 08
Bermuda

Members of the Board of Directors:

We understand that Assured Guaranty Ltd. ("Assured") proposes to enter into a Purchase Agreement, dated as of November 14, 2008 (the "Agreement"), among Dexia Holdings, Inc. ("Dexia Holdings"), Dexia Credit Local S.A. ("Dexia Local"), the parent company of Dexia Holdings and a wholly owned subsidiary of Dexia SA ("Dexia"), and Assured, pursuant to which, among other things, Assured will purchase 99.8524% of the outstanding shares of the common stock, par value \$0.01 per share, of Financial Security Assurance Holdings Ltd. ("FSA") from Dexia Holdings (such purchase, the "Transaction") for aggregate consideration consisting of \$361 million in cash (the "Cash Consideration") and 44,567,901 common shares, par value \$0.01 per share, of Assured ("Assured Common Shares") valued at \$8.10 per share (the "Share Consideration" and, together with the Cash Consideration, the "Aggregate Consideration"), subject to adjustment as more fully described in the Agreement. The terms and conditions of the Transaction are more fully set forth in the Agreement.

You have requested our opinion as to the fairness, from a financial point of view, to Assured of the Aggregate Consideration to be paid by Assured to Dexia Holdings in the Transaction.

In connection with this opinion, we have, among other things:

- (i) reviewed certain publicly available business and financial information relating to FSA and Assured;
- (ii) reviewed certain internal financial and operating information with respect to the business, operations and prospects of FSA furnished to or discussed with us by the management of FSA, including certain financial forecasts relating to FSA prepared by the management of FSA (such forecasts, "FSA Forecasts");
- (iii) reviewed an alternative version of the FSA Forecasts incorporating certain adjustments thereto made by the management of Assured (such adjusted forecasts, "Adjusted FSA Forecasts") and discussed with the management of Assured its assessments as to the relative likelihood of achieving the future financial results reflected in the FSA Forecasts and the Adjusted FSA Forecasts;
- (iv) reviewed certain internal financial and operating information with respect to the business, operations and prospects of Assured furnished to or discussed with us by the management of Assured, including certain financial forecasts relating to Assured prepared by the management of Assured (such forecasts, "Assured Forecasts");
- (v) reviewed certain estimates as to the amount and timing of cost savings (the "Cost Savings") anticipated by the management of Assured to result from the Transaction;
- (vi) discussed with members of senior managements of Assured and FSA (a) the past and current business, operations, financial condition and prospects of FSA and (b) certain trends and recent developments in, and prospects for, the credit and financial markets, including the potential impact of such trends and developments on FSA;

Edgar Filing: ASSURED GUARANTY LTD - Form DEFM14A

- (vii) discussed with members of senior management of Assured (a) the past and current business, operations, financial condition and prospects of Assured, (b) certain trends and recent developments in, and prospects for, the credit and financial markets, including the potential impact of such trends and developments on Assured and (c) such management's assessments as to the ability of Assured to integrate the businesses and operations of Assured and FSA;
- (viii) reviewed the potential pro forma financial impact of the Transaction on the future financial performance of Assured, including the potential effect on Assured's estimated earnings per share, book value per share and return on equity, in each case, after taking into account the Cost Savings and financing for the Transaction;
- (ix) reviewed the trading history for Assured Common Shares and a comparison of such trading history with the trading histories of other companies we deemed relevant;
- (x) compared certain financial information of FSA and certain financial and stock market information of Assured with similar information of other companies we deemed relevant;
- (xi) compared certain financial terms of the Transaction to financial terms, to the extent publicly available, of other transactions we deemed relevant;
- (xii) reviewed the Agreement;
- (xiii) discussed with members of senior managements of Assured, FSA and Dexia FSA's financial products business and related assets and liabilities and certain other businesses that may be separated from FSA, including, among other things, the fact that current credit facilities, letters of credit and capital commitments from affiliates of Dexia for such business will remain in full force and effect, a guarantee of all payment obligations relating to assets and liabilities of such business will be provided by Dexia and/or the governments of Belgium, France and/or the United States of America pursuant to certain guaranty, security and other agreements to be entered into as a condition to the closing of the Transaction as more fully described in the Agreement and the assets, liabilities and operations of such business will be managed by Dexia or affiliates thereof unless such business is transferred to Dexia Holdings or an affiliate thereof (collectively, the "FP Arrangements"); and
- (xiv) performed such other analyses and studies and considered such other information and factors as we deemed appropriate.

In arriving at our opinion, we have assumed and relied upon, without independent verification, the accuracy and completeness of the financial and other information and data publicly available or provided to or otherwise reviewed by or discussed with us and have relied upon the assurances of the managements of Assured and FSA that they are not aware of any facts or circumstances that would make such information or data inaccurate or misleading in any material respect. With respect to the FSA Forecasts, we have been advised by FSA, and have assumed, that such forecasts have been reasonably prepared on bases reflecting the best currently available estimates and good faith judgments of the management of FSA as to the future financial performance of FSA. With respect to the Adjusted FSA Forecasts, the Assured Forecasts and the Cost Savings, we have assumed, at the direction of Assured, that they have been reasonably prepared on bases reflecting the best currently available estimates and good faith judgments of the management of Assured as to the future financial performance of FSA and Assured and the other matters covered thereby and, based on the assessments of the management of Assured as to the relative likelihood of achieving the future financial results reflected in the FSA Forecasts and the Adjusted FSA Forecasts, we have relied, at the direction of

Assured, on the Adjusted FSA Forecasts for purposes of our opinion. At your direction, we have excluded certain of FSA's businesses that may be separated from FSA and FSA's financial products business from our analysis of FSA based on the assumption that such business will be managed by Dexia or affiliates thereof and all liabilities arising from or relating to such business will be fully guaranteed pursuant to the FP Arrangements. We also have assumed, with your consent, that any adjustments to the Aggregate Consideration will not be material to our opinion. We have relied, at the direction of Assured, upon the assessments of senior management of Assured as to the ability of Assured to integrate the businesses and operations of Assured and FSA. We are not actuaries and our services did not include actuarial determinations or evaluations by us or any attempt to evaluate actuarial assumptions or allowances for losses with respect thereto and, accordingly, we have made no analysis of, and express no opinion as to, the adequacy of the loss and loss adjustment expense reserves of FSA or Assured, and have been advised and therefore have assumed that such allowances for FSA and Assured are, and on a pro forma basis will be, in the aggregate adequate to cover such losses. We have not made or been provided with any independent evaluation or appraisal of the assets or liabilities (contingent or otherwise), including the loss and loss adjustment expense reserves, of FSA or Assured, nor have we made any physical inspection of the properties or assets of FSA or Assured. We have not evaluated the solvency of FSA or Assured under any state, federal or other laws relating to bankruptcy, insolvency or similar matters. We have assumed, at Assured's direction, that the Transaction will be consummated in accordance with its terms, without waiver, modification or amendment of any material term, condition or agreement and that, in the course of obtaining the necessary governmental, regulatory and other approvals, consents, releases and waivers for the Transaction, no delay, limitation, restriction or condition will be imposed that would have an adverse effect on FSA, Assured or the contemplated benefits of the Transaction.

We express no view or opinion as to any terms or other aspects of the Transaction (other than the Aggregate Consideration to the extent expressly specified herein), including, without limitation, the form or structure of the Transaction or the Aggregate Consideration or any terms or other aspects of the FP Arrangements or any financing for the Transaction to be provided by funds affiliated with WL Ross & Co. LLC (a significant shareholder of Assured and an affiliate of which is a member of the Board of Directors of Assured) or other third parties. Our opinion is limited to the fairness, from a financial point of view, to Assured of the Aggregate Consideration to be paid by Assured to Dexia Holdings in the Transaction and no opinion or view is expressed with respect to any consideration received in connection with the Transaction by the holders of any class of securities, creditors or other constituencies of any party. In addition, no opinion or view is expressed with respect to the fairness of the amount, nature or any other aspect of any compensation to any of the officers, directors or employees of any party to the Transaction, or class of such persons, relative to the Aggregate Consideration. Furthermore, no opinion or view is expressed as to the relative merits of the Transaction in comparison to other strategies or transactions that might be available to Assured or in which Assured might engage or as to the underlying business decision of Assured to proceed with or effect the Transaction and related financing (including the manner in which the Transaction will be financed). We are not expressing any opinion as to what the value of Assured Common Shares actually will be when issued or the prices at which Assured Common Shares will trade at any time. In addition, we express no opinion or recommendation as to how any shareholder should vote or act in connection with the Transaction.

We have acted as financial advisor to Assured in connection with the Transaction and will receive a fee for our services, a portion of which is payable upon the rendering of this opinion and a significant portion of which is contingent upon consummation of the Transaction. In addition, as you are aware,

we and certain of our affiliates expect to participate in the financing for the Transaction, for which services we and our affiliates will receive significant compensation, including acting as joint book-running underwriter on a potential equity offering of Assured. Assured also has agreed to reimburse our expenses and indemnify us against certain liabilities arising out of our engagement.

We and our affiliates comprise a full service securities firm and commercial bank engaged in securities trading and brokerage activities and principal investing as well as providing investment, corporate and private banking, asset and investment management, financing and financial advisory services and other commercial services and products to a wide range of corporations and individuals. In the ordinary course of our businesses, we and our affiliates may actively trade the debt, equity or other securities or financial instruments (including bank loans or other obligations) of Assured, FSA, Dexia and certain of their respective affiliates for our own account or for the accounts of customers, and accordingly, we or our affiliates may at any time hold long or short positions in such securities or financial instruments.

We and our affiliates in the past have provided, currently are providing and in the future may provide investment banking, commercial banking and other financial services to Assured and have received or in the future may receive compensation for the rendering of these services, including having acted or acting as (i) joint book-running manager in connection with certain equity or debt offerings of Assured, (ii) sole manager on a block trade for Assured, (iii) lender or potential lender under certain credit facilities and other lines of credit for Assured and (iv) financial advisor to Assured in connection with certain acquisition transactions.

In addition, we and our affiliates in the past have provided, currently are providing and in the future may provide investment banking, commercial banking and other financial services to Dexia and certain of its affiliates (including FSA) and have received or in the future may receive compensation for the rendering of these services, including (i) providing certain fixed income, derivatives and/or other trading services to Dexia and certain of its affiliates (including FSA), (ii) acting as lender under certain credit facilities, term loans and other lines of credit for Dexia and (iii) providing certain treasury and cash management services to Dexia and certain of its affiliates (including FSA).

It is understood that this letter is for the benefit and use of the Board of Directors of Assured in connection with and for purposes of its evaluation of the Transaction.

Our opinion is necessarily based on financial, economic, monetary, market and other conditions and circumstances as in effect on, and the information made available to us as of, the date hereof. As you are aware, the credit, financial and stock markets are experiencing unusual volatility and we express no opinion or view as to any potential effects of such volatility on FSA, Assured or the Transaction. It should be understood that subsequent developments may affect this opinion, and we do not have any obligation to update, revise or reaffirm this opinion. The issuance of this opinion was approved by our Fairness Opinion Review Committee.

Based upon and subject to the foregoing, including the various assumptions and limitations set forth herein, we are of the opinion on the date hereof that the Aggregate Consideration to be paid in the Transaction by Assured to Dexia Holdings is fair, from a financial point of view, to Assured.

Very truly yours,
