**PROXY STATEMENT
FOR THE 2014 ANNUAL GENERAL MEETING OF SHAREHOLDERS
TO BE HELD ON MAY 28, 2014**

GENERAL INFORMATION ABOUT THE MEETING AND VOTING

Use of the terms such as "us," "we," "our," "Alkermes" or the "Company" in this proxy statement is meant to refer to Alkermes plc and its subsidiaries, except when the context makes clear that the time period being referenced is prior to September 16, 2011, the effective date of the combination of the business of Alkermes, Inc. and Elan Drug Technologies ("EDT") under Alkermes plc (the "Business Combination"), in which case such terms shall refer to Alkermes, Inc., which, prior to September 16, 2011, was an independent biotechnology company incorporated in the Commonwealth of Pennsylvania and traded on the NASDAQ Global Select Market ("Nasdaq") under the symbol "ALKS."

Why am I receiving these materials?

We are making this proxy statement available to you on or about April 16, 2014 on the Internet, or by delivering printed versions to you by mail, because our Board of Directors (the "Board") is soliciting your proxy to vote at the Company's 2014 Annual General Meeting of Shareholders (the "Annual Meeting") on May 28, 2014. This proxy statement contains information about the items being voted on at the Annual Meeting and important information about Alkermes.

This proxy statement and the following documents relating to the Annual Meeting are available at <http://www.viewproxy.com/alkermes/2014> and on our website at www.alkermes.com:

Our Internet notice of availability of proxy materials (the "Notice");

Our Transition Report on Form 10-K for the nine-month transition period that commenced on April 1, 2013 and ended December 31, 2013 (the "Transition Period"); and

Our Irish Statutory Accounts for the Transition Period and the reports of the Directors and auditors thereon.

Who can vote at the Annual Meeting?

Only shareholders who are registered as shareholders as of the close of trading on Nasdaq on March 17, 2014 (the "Record Date") will be entitled to notice of, and to vote at, the Annual Meeting. On the Record Date, there were 144,421,221 ordinary shares issued and outstanding and entitled to be voted.

Each ordinary share that you own as of the Record Date entitles you to one vote on each matter to be voted upon at the Annual Meeting. We are making this proxy statement and other Annual Meeting materials available on the Internet or, upon request, sending printed versions of these materials on or about April 16, 2014 to all shareholders of record as of the Record Date.

How do proxies work?

Our Board is asking for your proxy authorizing us to vote your shares at the Annual Meeting in the manner you direct. You may abstain from voting on any matter. If you submit your proxy without specifying your voting instructions, we will vote your shares as follows:

Election of Directors. FOR the election of each of our two Class III director nominees;

Advisory Vote on Executive Compensation. FOR the non-binding, advisory vote on executive compensation;

2015 Annual General Meeting of Shareholders. FOR the authorization to hold the 2015 Annual General Meeting of Shareholders outside of Ireland;

PricewaterhouseCoopers. FOR the appointment of PricewaterhouseCoopers LLP as the independent auditors of the Company and the authorization of the Audit and Risk Committee of the Board to set the auditor's remuneration;

Alkermes 2011 Stock Option and Incentive Plan, as amended. FOR the Alkermes plc 2011 Stock Option and Incentive Plan, as amended. Your approval will serve to ratify the performance measures set forth in the 2011 Plan (as defined herein) and to increase the shares authorized for issuance thereunder; and

As to any other matter that may properly come before the meeting or any adjournment or postponement, in accordance with our best judgment.

Ordinary shares represented by valid proxies received in time for the Annual Meeting and not revoked before the Annual Meeting will be voted at the Annual Meeting. You can revoke your proxy and change your vote in the manner described below (under "**Can I change my vote after submitting my proxy?**"). If your shares are held through a bank, broker or other nominee, please follow the instructions that you were provided.

How do I vote?

It is important that your shares are represented at the Annual Meeting, whether or not you attend the Annual Meeting in person.

Shareholders of record. If, as of the Record Date, your ordinary shares were registered directly in your name with the Company's transfer agent, Computershare Trust Company, N.A., then you are a shareholder of record. As a shareholder of record, there are four ways to vote:

Telephone: By calling the toll-free telephone number indicated on your proxy card. Easy-to-follow voice prompts allow you to vote your shares and confirm that your instructions have been properly recorded.

Internet: By going to the Internet website indicated on the Notice or proxy card. As with telephone voting, you can confirm that your instructions have been properly recorded.

Mail: By signing, dating and returning a printed proxy card, which must be received by the Company by 5:00 p.m., Irish Standard Time (12:00 p.m., United States Eastern Daylight Time), on May 27, 2014.

In Person: By submitting a written ballot in person at the Annual Meeting. To obtain directions to attend the Annual Meeting, please contact our Investor Relations department at financial@alkermes.com. We will pass out ballots at the Annual Meeting to anyone who wishes to vote in person.

Shares held in a brokerage account. If your shares are held in a brokerage account in your broker's name (this is called "street name"), please follow the voting instructions provided by your bank, broker or other nominee. In most cases, you may submit voting instructions by telephone or by Internet to your bank, broker or other nominee, or you can sign, date and return a voting instruction form to your bank, broker or other nominee. If you provide specific voting instructions by telephone, by Internet or by mail, your bank, broker or other nominee must vote your shares as you have directed. If you wish to vote in person at the Annual Meeting, you must request a legal proxy from your bank, broker or other nominee.

What is the deadline for voting my shares if I do not vote in person at the Annual Meeting?

If you are a shareholder of record, you may vote by Internet or by telephone until 5:00 p.m., Irish Standard Time (12:00 p.m., United States Eastern Daylight Time), on May 27, 2014. If you are a shareholder of record and you elect to vote by mail, your signed and dated printed proxy card must be received by the Company by 5:00 p.m., Irish Standard Time (12:00 p.m., United States Eastern Daylight Time), on May 27, 2014.

If you are a beneficial owner of shares held through a bank or brokerage firm, please follow the voting instructions provided by your bank or brokerage firm.

Why did I receive a one-page notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

We have elected to provide access to our proxy materials on the Internet, consistent with the rules of the Securities and Exchange Commission ("SEC"). Accordingly, unless you have instructed otherwise, we are mailing the Notice to our shareholders. You can access our proxy materials on the website referred to in the Notice or you may request printed versions of our proxy materials for the Annual Meeting. Instructions on how to access our proxy materials on the Internet or to request printed versions are provided in the Notice. In addition, you may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis.

What does it mean if I receive more than one notice regarding the Internet availability of proxy materials or more than one set of printed proxy materials?

If you hold your shares in more than one account, you may receive a separate Notice or a separate set of printed proxy materials, including a separate proxy card or voting instruction form, for each account. To ensure that all of your shares are voted, please vote by telephone or by Internet or sign, date and return a proxy card or voting instruction form *for each account*.

How many votes do I have?

On each matter to be voted upon, you have one vote for each ordinary share you owned as of the Record Date.

What happens if I do not give specific voting instructions when I deliver my proxy?

Shareholders of Record. If you are a shareholder of record and you:

Indicate when voting by Internet or by telephone that you wish to vote as recommended by our Board; or

If you sign and return a proxy card without giving specific voting instructions,

Edgar Filing: Alkermes plc. - Form DEF 14A

then the Company-designated proxy holders will vote your shares in the manner recommended by our Board on all matters presented in this proxy statement and the proxy holders may determine in their discretion regarding any other matters properly presented for a vote at the Annual Meeting.

Beneficial Owners of Shares Held in Street Name. If you are a beneficial owner of shares and your bank or brokerage firm does not receive instructions from you about how your shares are to be voted, one of two things can happen, depending on the type of proposal. Pursuant to Nasdaq rules, your broker can vote your shares with respect to "discretionary" items, but not with respect to "non-discretionary" items. Discretionary items are proposals considered routine under the rules of Nasdaq on which your broker may vote shares held in street name in the absence of your voting instructions. We believe that proposal 4 (appointment of PricewaterhouseCoopers LLP as our independent auditor and authorization for the Audit and Risk Committee of the Board to set auditor remuneration) will be considered routine, or discretionary. However, we note that proposals 1 (election of directors), 2 (the non-binding, advisory vote on executive compensation), 3 (authorization to hold the 2015 Annual General Annual Meeting of Shareholders of the Company at a location outside of Ireland) and 5 (approval of the 2011 Stock Option and Incentive Plan, as amended) are considered non-routine, non-discretionary items for such purposes. **A bank or brokerage firm may not vote your shares with respect to non-discretionary matters if you have not provided instructions. This is called a "broker non-vote." We strongly encourage you to submit your proxy and exercise your right to vote as a shareholder.**

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to these mailed proxy materials, our directors, employees and third-party proxy solicitors may also solicit proxies in person, by telephone, or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

What is the quorum requirement?

A quorum of shareholders is necessary to hold a valid Annual Meeting. A quorum will be present if at least one or more shareholders holding not less than a majority of the issued and outstanding shares entitled to vote are present at the Annual Meeting or represented by proxy. On the Record Date, there were 144,421,221 ordinary shares issued and outstanding and entitled to vote. Thus, the holders of 72,210,611 ordinary shares must be present in person or represented by proxy at the Annual Meeting to have a quorum.

Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other nominee) or if you vote in person at the Annual Meeting. Abstentions and broker non-votes will be counted toward the quorum requirement. If there is no quorum, within one hour of the time appointed for the Annual Meeting, the Annual Meeting shall stand adjourned to June 4, 2014 at 12:00 p.m., Irish Standard Time (7 a.m., United States Eastern Daylight Time) at the offices of the Company located at Connaught House, 1 Burlington Road, Dublin 4, Ireland, or such other time or place as the Board may decide.

What vote is required to approve each proposal and how are votes counted?

Election of Directors: The affirmative vote of a majority of shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the proposal is required for the election of each of Paul J. Mitchell and Richard F. Pops. Our memorandum and articles of association (our "Articles of Association") provide that if, at any annual general meeting of shareholders, the number of directors is reduced below the minimum prescribed by our Articles of Association due to the failure of

Edgar Filing: Alkermes plc. - Form DEF 14A

any director nominee to receive a majority of the votes cast, then in those circumstances, the nominee or nominees who receive the highest number of votes in favor of election will be elected (until the next annual general meeting of shareholders) in order to maintain such prescribed minimum number of directors.

Advisory Vote on Executive Compensation: Because this proposal asks for a non-binding, advisory vote, there is no "required vote" that would constitute approval. We value the opinions expressed by our shareholders in this advisory vote, and our Compensation Committee, which is responsible for overseeing and administering our executive compensation programs, will consider the outcome of the vote when designing our compensation programs and making future compensation decisions for our named executive officers.

Authorization to hold the 2015 Annual General Meeting of Shareholders at a location outside of Ireland: The affirmative vote of a majority of shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the proposal is required to authorize holding the 2015 Annual General Meeting of Shareholders of the Company at a location outside of Ireland.

Appointment of PricewaterhouseCoopers LLP as independent auditor and authorization to set auditor remuneration: The affirmative vote of a majority of shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the proposal is required to appoint PricewaterhouseCoopers LLP as our independent auditor for the fiscal year ending December 31, 2014 and to authorize the Audit and Risk Committee to set the auditor's remuneration.

2011 Stock Option and Incentive Plan, as amended: The affirmative vote of a majority of shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the proposal is required to approve the Alkermes plc 2011 Stock Option and Incentive Plan, as amended.

How will voting on any other business be conducted?

The Board knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the Annual Meeting, the persons named as your proxy in the accompanying proxy are entitled to vote on those matters in accordance with their best judgment.

How are votes counted? How are abstentions and broker non-votes treated?

Votes will be counted by the inspector of election appointed for the Annual Meeting. Abstentions will be counted as present for purposes of determining the presence of a quorum for purposes of the proposals, but will not be counted as votes cast. Broker non-votes will be counted as present for purposes of determining the presence of a quorum for purposes of the proposals, but will not be voted. Since the approval of all of the proposals is based on the votes properly cast at the Annual Meeting, abstentions and broker non-votes will not have any effect on the outcome of voting on these proposals.

Can I change my vote after submitting my proxy?

Yes. You may revoke your proxy at any time before it is exercised at the Annual Meeting by taking any of the following actions:

providing written notice to the Secretary of the Company (at Connaught House, 1 Burlington Road, Dublin 4, Ireland, Attn.: Secretary, Annual Meeting) by any means, including facsimile (+353 1 772 8001), that is received by the Secretary no later than 5:00 p.m., Irish Standard Time (12:00 p.m., United States Eastern Daylight Time), on May 27, 2014 stating that the proxy is revoked;

Edgar Filing: Alkermes plc. - Form DEF 14A

signing and delivering a proxy relating to the same shares and bearing a later date, that is received no later than 5:00 p.m., Irish Standard Time (12:00 p.m., United States Eastern Daylight Time), on May 27, 2014;

transmitting a subsequent vote over the Internet or by telephone, but no later than 5:00 p.m., Irish Standard Time (12:00 p.m., United States Eastern Daylight Time), on May 27, 2014; or

attending the Annual Meeting and voting in person, although attendance at the Annual Meeting will not, by itself, revoke a proxy.

Please note that if your ordinary shares are held of record by a broker or other nominee, you must contact the broker or other nominee to revoke your proxy. If you wish to vote at the Annual Meeting, you must bring to the Annual Meeting a copy of your brokerage account statement or a letter from such broker or other nominee confirming your beneficial ownership of the shares as of the Record Date.

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. Final voting results will be published in a current report on Form 8-K that we expect to file within four business days of the Annual Meeting. If final voting results are not available to us in time to file a current report on Form 8-K within four business days after the Annual Meeting, we intend to file a current report on Form 8-K to publish preliminary results and, within four business days after the final results are known to us, to file an additional current report on Form 8-K to publish the final results. You will be able to find a copy of this Form 8-K on the Internet through the electronic data system of the SEC called EDGAR at www.sec.gov or through the "Investors" section of our website, www.alkermes.com.

Why is this Annual Meeting being held in May rather than August as it had been in previous years?

On May 21, 2013, our Audit and Risk Committee, with such authority delegated to it by our Board, approved a change to our fiscal year-end from March 31 to December 31. Our change in fiscal year-end impacted the timing of this proxy statement and the date of the Annual Meeting, which, in previous years, was typically held in August.

Important Notice Regarding the Internet and Electronic Availability of Proxy Materials for the Annual Meeting:

As permitted by the SEC, the Company is sending the Notice to all shareholders of record. All shareholders will have the ability to access the proxy statement, Irish Statutory Accounts, including related reports, and the Company's Transition Report on Form 10-K for the Transition Period as filed with the SEC on February 27, 2014 at <http://www.viewproxy.com/alkermes/2014> or to request a printed set of these materials at no charge. These materials are also available in the Investors section of our website at www.alkermes.com. Instructions on how to access these materials over the Internet or to request a printed copy may be found in the Notice.

In addition, any shareholder may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis. Choosing to receive future proxy materials by email will save the Company the cost of printing and mailing documents to shareholders and will reduce the impact of annual general meetings of shareholders on the environment. A shareholder's election to receive proxy materials by email will remain in effect until the shareholder terminates it.

PROPOSAL 1

ELECTION OF DIRECTORS

(Ordinary resolution)

Our Board, upon the recommendation of the Nominating and Corporate Governance Committee, has nominated Paul J. Mitchell and Richard F. Pops for election as Class III directors to serve a three-year term expiring at the Company's Annual General Meeting of Shareholders in 2017 and until their respective successors are elected and shall qualify, unless they resign or are removed. As described in detail below, our nominees have considerable professional and business expertise. The recommendation of our Board is based on its carefully considered judgment that the experience, qualifications, attributes and skills of our nominees qualify them to serve on our Board.

The persons named in the accompanying proxy intend to vote for the election of Paul J. Mitchell and Richard F. Pops for election as Class III directors to serve a three-year term expiring at the Company's Annual General Meeting of Shareholders in 2017 and until their respective successors are elected and shall qualify, unless they resign or are removed. The Board is informed that the nominees are willing to serve as directors, but if they should decline to serve or become unavailable for election at the Annual Meeting, an event which the Board does not anticipate, the persons named in the proxy will vote for such nominee or nominees as may be designated by the Board, unless the Board reduces the number of directors accordingly.

The nominees for Class III directors receiving a majority of the votes cast by shareholders entitled to vote thereon will be elected to serve on the Board. Abstentions will be counted as present for purposes of determining the presence of a quorum for purposes of this proposal, but will not be counted as votes cast. Broker non-votes (shares held by a broker or nominee as to which the broker or nominee does not have the authority to vote on a particular matter) will be counted as present for purposes of determining the presence of a quorum for purposes of this proposal but will not be voted. Accordingly, while abstentions and broker non-votes will count toward establishing a quorum, neither abstentions nor broker non-votes will affect the outcome of the vote on this proposal.

If, at any annual general meeting of shareholders, the number of directors is reduced below the minimum prescribed by our Articles of Association due to the failure of any director nominee to receive a majority of the votes cast, then, in those circumstances, the nominee or nominees who receive the highest number of votes in favor of election will be elected in order to maintain such prescribed minimum number of directors. Each such director will remain a director (subject to the provisions of the Companies Acts and our Articles of Association) only until the conclusion of the next annual general meeting of shareholders unless he or she is reelected.

The Board unanimously recommends that you vote *FOR* the election of Paul J. Mitchell and Richard F. Pops to our Board.

CORPORATE GOVERNANCE AND BOARD MATTERS

Board Composition

Our Board is comprised of eight members. Our Board has determined that each director serving on our Board, with the exception of Richard F. Pops, is an independent director as defined by the Nasdaq rules. The composition and functioning of our Board and each of our committees complies with all applicable requirements of Nasdaq and the rules and regulations of the Securities and Exchange Commission. There are no family relationships among any of our directors or executive officers.

In accordance with our Articles of Association, our Board is divided into three classes with staggered three-year terms. At each annual general meeting of shareholders, the successors to directors whose terms then expire will be elected to serve three-year terms. Our directors are divided among the three classes as follows:

The Class I directors are Geraldine A. Henwood, Floyd E. Bloom and Nancy J. Wysenski, and their terms will expire at the Company's Annual General Meeting of Shareholders to be held in 2015;

The Class II directors are David W. Anstice, Robert A. Breyer and Wendy L. Dixon, and their terms will expire at the Company's Annual General Meeting of Shareholders to be held in 2016; and

The Class III directors are Paul J. Mitchell and Richard F. Pops, and their terms will expire at this Annual Meeting.

If the number of directors is changed, any increase or decrease shall be apportioned among the classes so as to maintain the number of directors in each class as nearly equal as possible.

Independence of Members of the Board of Directors

The Company defines an "independent" director in accordance with the applicable provisions of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), the rules promulgated

thereunder and the applicable rules of Nasdaq. Because it is not possible to anticipate or explicitly provide for all potential situations that may affect independence, the Board periodically reviews each director's status as an independent director and whether any independent director has any other relationship with the Company that, in the judgment of the Board, would interfere with the director's exercise of independent judgment in carrying out such director's responsibilities as a director. The Board makes a determination as to whether each director is "independent" under the applicable provisions of the Exchange Act, the rules promulgated thereunder and the applicable rules of Nasdaq at two points in time during the year after the annual general meeting of shareholders and in conjunction with the preparation and filing of the Company's proxy statement. To assist in making its determination, the Board solicits information from each of the Company's directors regarding whether such director, or any family member of his or her immediate family, had a direct or indirect material interest in any transactions involving the Company, was involved in a debt relationship with the Company or received personal benefits outside the scope of such person's normal compensation.

The Board has determined that each of David W. Anstice, Floyd E. Bloom, Robert A. Breyer, Wendy L. Dixon, Geraldine A. Henwood, Paul J. Mitchell and Nancy J. Wysenski are independent within the meaning of the Company's director independence standards and the director independence standards of the Exchange Act and Nasdaq. Furthermore, the Board has determined that each member of each committee of the Board is independent within the meaning of the director independence standards of the Company, the Exchange Act and Nasdaq.

Executive Sessions of Independent Directors

The Board's policy is to hold meetings of the independent directors following each regularly scheduled in-person Board meeting. Independent director sessions do not include any employee directors of the Company and were held following each regularly scheduled in-person Board meeting during the Transition Period. The Board has adopted a Charter of the Lead Independent Director which requires that members of the Board elect a non-management director to serve in a lead capacity, known as the Lead Independent Director, if the Chairman of the Board and Chief Executive Officer of the Company are the same person. Mr. Mitchell has served as our Lead Independent Director since August 2012. The Board annually elects an independent director to serve as the Lead Independent Director.

Board Leadership Structure

The Board appointed Mr. Pops as Chairman of our Board and as our Chief Executive Officer. In determining that Mr. Pops serve in this combined role, the Board considered Mr. Pops' ability to provide effective, consistent and continuous leadership to both our Board and our Company, his ability to align the strategic objectives of both management and the Board, his extensive knowledge of our operations and the industry and markets in which we compete and his ability to promote communication and synchronize activities between our Board and our senior management.

To facilitate effective independent oversight, the Board adopted a Lead Independent Director role. The Board believes that this structure provides an efficient and effective leadership model for the Company, and we believe that this Board leadership structure is the most appropriate structure for the Company as of the date of this proxy statement. The duties of the Lead Independent Director include:

presiding at all meetings of the Board at which the Chairman of the Board is not present, including all executive sessions of the independent directors;

reviewing and approving matters, such as agenda items, schedule sufficiency, and, where appropriate, information provided to other Board members;

Edgar Filing: Alkermes plc. - Form DEF 14A

serving as the principal liaison between the Chairman of the Board and the independent directors;

facilitating the retention of outside advisors and consultants who report directly to the Board on Board-wide issues;

calling meetings of the independent directors of the Board; and

ensuring availability, when appropriate and if requested by shareholders, for consultation and direct communication.

A current copy of our Charter of the Lead Independent Director is available on the Corporate Governance page of the Investors section of the Company's website, available at <http://investor.alkermes.com>.

In addition, the Board has three standing committees, each of which is comprised solely of independent directors and led by an independent chair. These committees are discussed in detail below and under the heading "Board Committees."

Policies Governing Director Nominations

Director Qualifications and Consideration of Diversity

The Nominating and Corporate Governance Committee is responsible for reviewing with the Board, from time to time, the appropriate qualities, skills and characteristics desired of Board members in the context of the current make-up of the Board. This assessment includes consideration of the following minimum qualifications that the Nominating and Corporate Governance Committee believes must be met by all directors:

Directors must be of high ethical character and share the values of the Company as reflected in the Company's Code of Business Conduct and Ethics applicable to all directors, officers and employees;

Directors must have reputations, both personal and professional, consistent with the image and reputation of the Company;

Directors must have the ability to exercise sound business judgment; and

Directors must have substantial business or professional experience and be able to offer advice and guidance to the Company's management based on that experience.

Although the Company does not have a formal diversity policy, the Company and the Nominating and Corporate Governance Committee endeavor to have a Board representing diverse viewpoints with broad experience in areas important to the operation of our Company such as business, science, medicine, finance/accounting and education. In this context, the Nominating and Corporate Governance Committee, in addition to the minimum qualifications set forth above, also considers a variety of attributes in selecting nominees to the Board, such as:

an understanding of, and experience in, the biotechnology and pharmaceutical industries;

an understanding, of and experience in, accounting oversight and governance, finance and marketing;

leadership experience with public companies or other significant organizations;

international experience; and

diversity of age, gender, culture and professional background.

These factors and others are considered useful by the Board and are reviewed in the context of an assessment of the perceived needs of the Board at a particular point in time.

Edgar Filing: Alkermes plc. - Form DEF 14A

Board members are expected to prepare for, attend and participate in all Board meetings, meetings of Board committees on which they serve and the Company's annual general meeting of shareholders. In addition, directors should stay abreast of the Company's business and markets. The Chief Legal Officer and the Chief Financial Officer will be responsible for assuring the orientation of new directors, and for periodically providing materials or briefing sessions for all directors on subjects that would assist them in discharging their duties. The Nominating and Corporate Governance Committee regularly reviews other potential educational topics for the Board and provides its recommendation to the Board as to whether other educational measures are appropriate. The Company provides opportunities for directors to visit Company facilities in order to provide greater understanding of the Company's business and operations. The Nominating and Corporate Governance Committee facilitates the annual Board and Board committee evaluations. The Board performs an annual self-evaluation, and each Board committee performs an annual self-evaluation, which it shares with the Board.

Each Board member is expected to ensure that other existing and planned future commitments do not materially interfere with the member's service as a director. Board members should not hold more than six directorships (including such member's seat on the Company's Board), excluding for this purpose, not-for-profit organizations, trade organizations and related organizations, unless otherwise agreed to by the Nominating and Corporate Governance Committee. These other commitments will be considered by the Nominating and Corporate Governance Committee and the Board when reviewing Board candidates. Directors are expected to report changes in their primary business or professional association, including retirement, to the Chairman of the Board and the chair of the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee, in consultation with the Chairman of the Board, will consider any effects these changes may have on the effectiveness of the director's contribution to the work of the Board.

Process for Identifying and Evaluating Director Nominees

The Board is responsible for selecting its own members to stand for election. The Board delegates the selection and nomination process to the Nominating and Corporate Governance Committee, with the expectation that other members of the Board and management will be requested to take part in the process as appropriate.

Once candidates have been identified, the Nominating and Corporate Governance Committee confirms that the candidates meet all of the minimum qualifications for director nominees established by the Nominating and Corporate Governance Committee. Based on the results of the evaluation process, the Nominating and Corporate Governance Committee recommends candidates for the Board's approval as director nominees for election to the Board. The Nominating and Corporate Governance Committee also recommends candidates for the Board's appointment to the committees of the Board.

Procedure for Recommendation of Director Nominees by Shareholders

The Nominating and Corporate Governance Committee will consider director candidates who are recommended by shareholders of the Company. Shareholders, in submitting recommendations to the Nominating and Corporate Governance Committee for director candidates, shall follow the following procedures:

The Nominating and Corporate Governance Committee must receive any such recommendation for nomination not later than the close of business on the 90th day, nor earlier than the close of business on the 150th day, prior to the first anniversary of the date of the proxy statement delivered to shareholders in connection with the Company's preceding year's annual general meeting of shareholders.

Edgar Filing: Alkermes plc. - Form DEF 14A

Such recommendation for nomination must be in writing and include the following:

all information relating to the individual recommended for consideration as a director nominee that would be required to be disclosed in solicitations of proxies for the election of directors, or is otherwise required, in each case pursuant to Regulation 14A under the Exchange Act, or any successor provisions thereto (including the director nominee's written consent to being named in the proxy statement as a nominee and to serving as a director if approved by the Board and elected);

name and address of the shareholder making the recommendation, as such may appear on the Company's Register of Members;

the class and number of shares that are owned beneficially and/or of record by such shareholder;

a representation that the shareholder making the recommendation is a registered holder of shares entitled to vote at the meeting and intends to appear in person or by proxy at the meeting to propose such nomination; and

a statement as to whether the shareholder intends or is part of a group that intends (i) to deliver a proxy statement and/or form of proxy to holders of at least the percentage of the Company's outstanding share capital required to approve or elect the nominee and/or (ii) otherwise to solicit proxies from shareholders in support of such nomination.

The Nominating and Corporate Governance Committee may require any proposed nominee to furnish such other information as it may reasonably require to determine the eligibility of such proposed nominee to serve as a director of the Company. If the shareholder making such director nomination does not appear, either directly or through a qualified representative, at the annual general meeting of shareholders, then such nomination shall be disregarded. Nominations must be sent to the attention of the Secretary of the Company by one of the two methods listed below:

By mail (including courier or expedited delivery service to):

Alkermes plc
Connaught House
1 Burlington Road
Dublin 4, Ireland
Attn: Secretary of Alkermes plc

By facsimile to:

+ 353 1 772 8001
Attn: Secretary of Alkermes plc

The Secretary of the Company will promptly forward any such nominations to the Nominating and Corporate Governance Committee. Once the Nominating and Corporate Governance Committee receives the nomination of a candidate, the candidate will be evaluated and a recommendation with respect to such candidate will be delivered to the Board. Nominations not made in accordance with the foregoing policy shall be disregarded by the Nominating and Corporate Governance Committee and votes cast for such nominee shall not be counted.

Composition and Responsibilities of the Board

The Company's business, property and affairs are managed under the direction of the Board. Members of the Board are kept informed of the Company's business through discussions with the Chief Executive Officer and other officers of the Company, by reviewing materials provided to them, by visiting the Company's offices and by participating in meetings of the Board and its committees and the annual general meeting of shareholders.

Size of the Board

The Board currently consists of eight members. The Board periodically reviews the appropriate size of the Board and, in accordance with our Articles of Association, this number may be adjusted from time to time by the Board.

Board Compensation

It is the general policy of the Board that Board compensation should be a mix of cash and equity-based compensation. Full-time employee directors will not be paid for Board membership in addition to their regular employee compensation. Independent directors may not receive consulting, advisory or other compensatory fees from the Company if the receipt of such fees would result in disqualifying the director as an "independent" director in accordance with the applicable provisions of the Exchange Act, the rules promulgated thereunder and the applicable rules of Nasdaq. To the extent practicable or required by applicable rule or regulation, independent directors who are affiliated with the Company's service providers or partners or collaborators will undertake to ensure that their compensation from such providers or partners or collaborators does not include amounts connected to payments by the Company. The Compensation Committee periodically reviews director compensation.

Board's Role in Risk Oversight

Assessing and managing risk is the responsibility of our management and our Board oversees and reviews various aspects of the Company's risk management efforts. The Board executes its oversight responsibility for Company risk management directly and through its Board committees, as set forth below.

Each year, the Board holds a meeting with the Chairman of the Board and Chief Executive Officer to discuss and review our mid- to long-term operating plans and overall corporate strategy, including a discussion of key risks to the plans and strategy and ways to mitigate such risks. The involvement of the Board in reviewing, and providing feedback on, our business strategy is critical to the determination of the types and appropriate levels of risk undertaken by the Company. In addition, on an informal basis and as part of the regularly scheduled Board meetings, the Board discusses and provides feedback regarding the strategic direction and the issues and opportunities facing our Company in light of trends and developments in the industry and the general business environment.

The Audit and Risk Committee is responsible for overseeing our financial, accounting and enterprise risk management programs and policies, as set forth in its charter. As part of fulfilling these responsibilities, the Audit and Risk Committee meets regularly with PricewaterhouseCoopers LLP, our independent auditor, and members of management and others, including our Chief Financial Officer and members of our legal and compliance department, to assess the integrity of our financial reporting processes, internal controls and actions taken to monitor and control risks related to such matters. The Audit and Risk Committee also regularly meets with PricewaterhouseCoopers LLP in executive session, without management present. The Board and Audit and Risk Committee receive regular assessments from management as to our policies and internal procedures designed to promote compliance with laws and regulations affecting our business and the results of our internal auditing and monitoring practices in this regard. In addition, the Audit and Risk Committee engages in a regular review of our enterprise risk management process and discusses, on an as-needed basis, any risks identified by such process or otherwise identified, including an evaluation of any such risks and mitigation activities put in place in reference thereto. On an ongoing basis, members of our Audit and Risk Committee have direct access to our Chief Operating Officer, who serves as

Edgar Filing: Alkermes plc. - Form DEF 14A

chief risk officer of the Company and who is responsible for our enterprise risk management process.

The Compensation Committee is responsible for reviewing and evaluating risks related to our compensation programs, policies and practices. For additional discussion of the Company's efforts to manage compensation-related risks, see the discussion under the heading "Risk Assessment of Compensation Policies and Practices."

The Nominating and Corporate Governance Committee is responsible for reviewing our governance practices, policies and programs, including director and management succession planning, recruiting and other areas that may impact our risk profile from a governance perspective.

In performing their risk oversight functions, each Board committee has full access to management, as well as the ability to engage outside advisors.

Succession Plan

The Chairman of the Board reviews and discusses Chief Executive Officer and key employee succession planning, as well as management development, with the Board on an annual basis.

Scheduling and Selection of Agenda Items for Board Meetings

In-person Board meetings are scheduled in advance at least four times a year. Furthermore, additional Board meetings may be called upon appropriate notice at any time to address specific needs of the Company. Each director may propose the inclusion of items on the agenda, request the presence of, or a report by, any member of the Company's management, or at any Board meeting raise subjects that are not on the agenda for that meeting. The Lead Independent Director approves the Board agenda in advance of the meeting. The Board may also take action from time to time by unanimous written consent.

The meetings of the Board are typically held at the Company's headquarters in Dublin, Ireland, but occasionally meetings may be held at other locations at the discretion of the Board.

Board Committees

The Company currently has three standing committees: Audit and Risk, Compensation, and Nominating and Corporate Governance. There will, from time to time, be occasions on which the Board may form a new committee or disband a current committee depending upon the circumstances. The Audit and Risk, Compensation and Nominating and Corporate Governance Committees are each composed entirely of independent directors.

Each standing committee of the Board has a written charter, approved by the Board, which describes the committee's general authority and responsibilities. A current copy of each charter is available on the Corporate Governance page of the Investors section of the Company's website, available at <http://investor.alkermes.com>. Each standing committee of the Board undertakes an annual review of its charter and works with the Board to make such revisions as are considered appropriate.

Each committee of the Board has the authority to engage outside experts, advisors and counsel to the extent it considers appropriate to assist the Board committee in its work.

Assignment of Committee Members

The Board is responsible for the appointment of committee members. The Nominating and Corporate Governance Committee recommends candidates to the Board for appointment to the Board standing committees, as well as for such committee chairs.

Frequency and Length of Committee Meetings and Committee Agenda

The chair of each Board committee, in consultation with the Chairman of the Board and appropriate members of management, will determine the frequency and length of the committee meetings and develop the committee's agenda. The agendas and meeting minutes of the Board committees are available to the full Board, and other Board members are welcome to attend Board committee meetings, except that non-independent directors are not permitted to attend the executive sessions of any Board committee.

Each Board committee regularly reports to the Board concerning such committee's activities.

Policy Governing Director Attendance at Annual General Meetings of Shareholders

The Board adopted a policy that all directors and all nominees for election as directors attend the Company's annual general meetings of shareholders in person. All directors attended the Company's 2013 Annual General Meeting of Shareholders.

Code of Ethics

The Company has adopted a "code of ethics" (as defined by the regulations promulgated under the Securities Act of 1933, as amended (the "Securities Act"), and the Exchange Act) that applies to all of the Company's directors and employees, including principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions. The Company's Code of Business Conduct and Ethics also meets the requirements of a "code of conduct" (as defined by the rules of Nasdaq) and is applicable to all of the Company's officers, directors and employees. A current copy of the Code of Business Conduct and Ethics is available on the Corporate Governance page of the Investors section of the Company's website, available at <http://investor.alkermes.com>. This obligation shall at all times include, without limitation, adherence to the Company's policies with respect to conflicts of interest, confidentiality, protection of the Company's assets, ethical conduct in business dealings and respect for and compliance with applicable law. Any waiver of the requirements of the Code of Business Conduct and Ethics with respect to any individual director or any executive officer shall be reported to, and be subject to the approval of, the Board.

THE BOARD OF DIRECTORS AND ITS COMMITTEES

Our Board held four meetings during the Transition Period and otherwise acted by unanimous consent. Each of the Company's incumbent directors attended at least 75% of the aggregate of all meetings of the Board and the committee(s) on which such director served during the Transition Period. The standing committees of the Board are the Audit and Risk Committee, the Nominating and Corporate Governance Committee and the Compensation Committee.

Audit and Risk Committee

The Audit and Risk Committee consists of Paul J. Mitchell, Floyd E. Bloom and Robert A. Breyer, each of whom is independent as defined by Rule 5605(a)(2) and as required under Rule 5605(c)(2) of the Nasdaq's listing standards, as well as under the applicable requirements of the Exchange Act. Mr. Mitchell is the chair of the Audit and Risk Committee. In compliance with the Sarbanes-Oxley Act of 2002, the entire Board determined, based on all available facts and circumstances, that Mr. Mitchell and Mr. Breyer are "audit committee financial experts" as defined by the SEC. The Audit and Risk Committee held four meetings during the Transition Period.

The Audit and Risk Committee operates under a written charter adopted by the Board, a current copy of which can be found on the Corporate Governance page of the Investors section of our website, available at: <http://investor.alkermes.com>. Under the terms of its current charter, the Audit and Risk

Committee's responsibilities include: (1) appointing, compensating and retaining our independent auditors, (2) overseeing the work performed by any independent auditors, (3) assisting the Board in fulfilling its responsibilities by: (i) reviewing the financial reports we provide to the SEC, our shareholders or to the general public, (ii) reviewing our internal financial and accounting controls and (iii) reviewing all related-party transactions, (4) recommending, establishing and monitoring procedures designed to improve the quality and reliability of the disclosure of our financial condition and results of operations, (5) assessing and providing oversight to management relating to the identification and evaluation of major strategic, operational, regulatory, compliance and external risks inherent to our business and (6) establishing procedures designed to facilitate: (i) the receipt, retention and treatment of complaints relating to accounting, internal accounting controls or auditing matters and (ii) the receipt of confidential, anonymous submissions by employees of concerns regarding questionable accounting or auditing matters. The committee will engage advisers as necessary, distribute relevant funding provided by the Company, and serve as the Qualified Legal Compliance Committee in accordance with Section 307 of the Sarbanes-Oxley Act of 2002 and the rules and regulations promulgated by the SEC thereunder. Additionally, the Audit and Risk Committee is responsible for approving, in advance, any and all audit and non-audit services to be performed by PricewaterhouseCoopers LLP. All services provided by PricewaterhouseCoopers LLP during the Transition Period were pre-approved by the Audit and Risk Committee.

Nominating and Corporate Governance Committee

The members of the Nominating and Corporate Governance Committee are Wendy L. Dixon, Robert A. Breyer and Nancy J. Wysenski, each of whom is independent as defined in Rule 5605(a)(2) of the Nasdaq listing standards. Dr. Dixon is the chair of the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee held three meetings during the Transition Period.

The Nominating and Corporate Governance Committee operates under a written charter adopted by the Board, a current copy of which can be found on the Corporate Governance page of the Investors section of our website, available at: <http://investor.alkermes.com>. Under the terms of its current charter, the Nominating and Corporate Governance Committee's responsibilities include: (1) identifying individuals qualified to become members of the Board and recommending that the Board select the director nominees for election, (2) periodically reviewing our Code of Business Conduct and Ethics applicable to all directors, officers and employees, (3) monitoring compliance with the Code of Business Conduct and Ethics, and (4) reviewing all shareholder proposals submitted to the Company and recommending the appropriate action to the Board.

Compensation Committee

The members of the Compensation Committee are David W. Anstice, Geraldine A. Henwood and Paul J. Mitchell, each of whom is independent as defined in Rule 5605(a)(2) of the Nasdaq listing standards. Mr. Anstice is the chair of the Compensation Committee. The Compensation Committee held 10 meetings during the Transition Period. In determining the members of the Compensation Committee, the Board will consider whether the members qualify as "non-employee directors" as defined in Rule 16b-3 under the Exchange Act and as "outside directors" as defined in Section 162(m) of the Code.

The Compensation Committee operates under a written charter adopted by the Board, a current copy of which can be found on the Corporate Governance page of the Investors section of our website, available at: <http://investor.alkermes.com>. Under the terms of its current charter, the Compensation Committee's responsibilities include: (1) discharging the Board's responsibilities relating to the compensation of our executives, (2) administering our incentive compensation and equity plans, (3) producing an annual report on executive compensation for inclusion in our proxy statement in

Edgar Filing: Alkermes plc. - Form DEF 14A

accordance with applicable rules and regulations, (4) reviewing and discussing with our management our executive compensation disclosure (including our disclosure under "*Executive Compensation Compensation Discussion and Analysis*") included in reports and registration statements filed with the SEC, (5) directing the appointment and compensation, and overseeing the work, of any compensation consultant, legal counsel or other adviser retained by the Compensation Committee, with the Company required to provide for appropriate funding, as determined by the Compensation Committee, for payment of reasonable compensation to any such compensation consultant, legal counsel or other adviser, and (6) evaluating and recommending to the Board appropriate compensation for our directors and ensuring proper disclosure of payments to our directors other than in their capacity as directors.

The Compensation Committee has established procedures for the grant of options to eligible new employees. The Limited Compensation Sub-Committee, consisting of David W. Anstice, acted by unanimous written consent during the Transition Period. The Limited Compensation Sub-Committee has the authority to make individual grants of stock options, up to the limit of its authority, to employees of the Company who are not subject to the reporting requirements of the Exchange Act and who are below the level of Vice President of the Company. The Limited Compensation Sub-Committee has generally approved new hire employee stock option grants of up to 25,000 shares per individual grant to such eligible employees.

The Limited Compensation Sub-Committee will grant options to eligible new hires, within the limits of its authority, on the first Wednesday following the first Monday of each month (or the first business day thereafter if such day is a holiday), also known as the New Hire Grant Date, for all eligible new hires beginning their employment the prior month. New hire grants that exceed the authority of the Limited Compensation Sub-Committee will be granted on the New Hire Grant Date or, if not possible, as soon as practicable thereafter, by the Compensation Committee as a whole.

Compensation Committee Interlocks and Insider Participation

During the Transition Period, the following directors served on the Compensation Committee: David W. Anstice (Chair), Geraldine A. Henwood (replacing Mark B. Skaletsky, a former director and chair of the Compensation Committee) and Paul J. Mitchell.

During the Transition Period, none of our executive officers served as: (i) a member of the compensation committee (or other board committee performing equivalent functions or, in the absence of any such committee, the entire board of directors) of another entity, one of whose executive officers served on our Board's compensation committee; (ii) a director of another entity, one of whose executive officers served on our Board's Compensation Committee; or (iii) a member of the compensation committee (or other committee of the board performing equivalent functions or, in the absence of any such committee, the entire board) of another entity, one of whose executive officers served as our director.

PROPOSAL 2

ADVISORY VOTE ON EXECUTIVE COMPENSATION

(Ordinary resolution)

Our Compensation Discussion and Analysis, which appears later in this proxy statement, describes our executive compensation program and the compensation decisions that the Compensation Committee made with respect to the compensation of our named executive officers (listed in the Summary Compensation Table below) for the Transition Period. The vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this proxy statement. As required pursuant to Section 14A of the Exchange Act, our Board is asking that shareholders cast a non-binding, advisory vote FOR the following resolution:

"RESOLVED, that the Company's shareholders approve, on an advisory basis, the compensation paid to the Company's named executive officers, as disclosed in this proxy statement pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, and related compensation tables and narrative discussion."

Our Board is asking that shareholders support this proposal. Although the vote you are being asked to cast is advisory, and therefore non-binding, we value the views of our shareholders, and the Compensation Committee will consider the outcome of the vote when making future compensation decisions for our named executive officers.

In 2013, we submitted our executive compensation program to an advisory vote of our shareholders, and it received the support of over 90% of the total votes cast at our 2013 Annual General Meeting of Shareholders.

Our Board will hold a non-binding, advisory vote of our shareholders on our executive compensation program and the compensation decisions that the Compensation Committee made with respect to the compensation of our named executive officers every year until the next required shareholder vote on the frequency of such advisory vote. The next shareholder vote on the frequency of such advisory vote currently is expected to be held at our 2018 Annual General Meeting of Shareholders.

The Board unanimously recommends that you vote *FOR* the advisory vote on executive compensation.

PROPOSAL 3

**AUTHORIZATION TO HOLD THE 2015 ANNUAL GENERAL MEETING OF
SHAREHOLDERS OF THE COMPANY AT A LOCATION OUTSIDE OF IRELAND**

(Ordinary resolution)

Under Section 140 of the Companies Act, 1963 and in accordance with article 75 of our Articles of Association, the shareholders of the Company may authorize the holding of any annual general meeting of shareholders at a location outside of Ireland. The Board may determine to hold the 2015 Annual General Meeting of Shareholders of the Company outside of Ireland, and is therefore asking our shareholders to authorize holding the 2015 Annual General Meeting of Shareholders of the Company at a location outside of Ireland.

The text of the resolution in respect of Proposal 3 is as follows:

"RESOLVED, that the Annual General Meeting of Shareholders of Alkermes plc for the fiscal year ending December 31, 2014 may be held at such place outside Ireland as may be determined by the Directors."

The Board unanimously recommends that you vote *FOR* the authorization to hold the 2015 Annual General Meeting of Shareholders of the Company at a location outside of Ireland.

PROPOSAL 4

**APPOINTMENT OF INDEPENDENT AUDITORS AND AUTHORIZATION
OF AUDIT AND RISK COMMITTEE TO SET AUDITOR'S REMUNERATION**

(Ordinary resolution)

PricewaterhouseCoopers LLP ("PwC") served as our independent auditors for the Transition Period. The Audit and Risk Committee reviewed and discussed the performance of PwC as the Company's independent auditor for the Transition Period. Following such review and discussion, the Audit and Risk Committee of the Board has retained PwC to serve as independent auditor for the fiscal year ending December 31, 2014. Although we are not required to submit the appointment of PwC for shareholder approval, as a matter of good corporate governance, the Board, upon the recommendation of the Audit and Risk Committee, has determined to submit its selection for approval by shareholders and to ask that shareholders authorize the Audit and Risk Committee to set the auditor's remuneration. If the selection of PwC is approved, the Audit and Risk Committee, in its discretion, may still select a different independent auditor at any time during the year if it determines that such a change would be in the best interests of the Company and its shareholders.

A representative of PwC is expected to be present at the Annual Meeting and will be given the opportunity to make a statement, if he or she so desires, and to respond to appropriate questions.

The Board unanimously recommends that you vote *FOR* the appointment of PricewaterhouseCoopers LLP as the Company's independent auditor for the fiscal year ending December 31, 2014 and the authorization of the Audit and Risk Committee of the Board to set the auditor's remuneration.

PROPOSAL 5

**APPROVAL OF
ALKERMES PLC 2011 STOCK OPTION AND INCENTIVE PLAN, AS AMENDED**

(Ordinary resolution)

Overview

Our Board is requesting shareholder approval of the 2011 Plan, as amended by this proposal 5 to increase the number of ordinary shares authorized for issuance thereunder by 3,600,000 (subject to adjustment for stock splits, stock dividends and similar events). If approved by shareholders, the maximum number of ordinary shares authorized for issuance pursuant to future awards under the 2011 Plan will be the remaining shares available for issuance under the 2011 Plan at the time of shareholder approval, plus 3,600,000.

Shareholder approval of the 2011 Plan, as amended by this proposal 5 will also serve as a re-approval of the performance measures set forth in the 2011 Plan, as further described below under the section entitled " **Qualified Performance-Based Compensation under Code Section 162(m).**"

As of the Record Date, 6,744,308 ordinary shares remained available for future issuance under the Alkermes plc Stock Option and Incentive Plan, as amended (the "2011 Plan") and the Alkermes plc 2008 Amended and Restated 2008 Stock Option and Incentive Plan (the "2008 Plan" and, together with the 2011 Plan, the "Equity Plans"). While some additional shares may become available under our Equity Plans such as through employee terminations, this number is not expected to be material.

As of the Record Date, an aggregate of 15,198,127 ordinary shares are issuable upon exercise of outstanding options with a weighted average exercise price of \$19.82 and a weighted average remaining term of 6.39 years; and 3,355,362 ordinary shares are subject to unvested restricted stock unit awards, of which 2,655,737 are time-based restricted stock unit awards and 699,625 are performance-based restricted stock unit awards. As of the Record Date, we have a total of 144,421,221 ordinary shares outstanding.

The 2011 Plan was adopted by our Board on September 16, 2011, with subsequent amendments adopted by our Board on October 5, 2011 and October 31, 2011. The 2011 Plan was approved by our shareholders on December 8, 2011. Our shareholders approved an amendment to the 2011 Plan on August 1, 2012 and approved the 2011 Plan, as amended, on August 1, 2013.

The 2011 Plan, as amended in accordance with this proposal 5, is attached as *Appendix A* to this proxy statement and is incorporated herein by reference.

Why do we believe our shareholders should approve our 2011 Plan, as amended to increase the number of shares authorized for issuance thereunder?

1. *We believe the size of our share reserve increase request is reasonable.*
 - a. Our request will provide us with sufficient ordinary shares to support approximately two years of equity awards, which are key to attracting and retaining employees integral to the successful development of our clinical pipeline, the commercialization of our products and the accomplishment of transformative transactions, such as our acquisition of the Elan Drug Technologies business in fiscal year 2012. If our request is not approved, we expect to have sufficient ordinary shares to support only one round of annual equity awards.
2. *Equity awards are integral to our compensation program and to our success.*
 - a. Our clinical pipeline is increasing and advancing. For example, in fiscal year 2014 alone, as it relates to just our phase 2 and phase 3 product candidates, we expect to conduct at

Edgar Filing: Alkermes plc. - Form DEF 14A

least 7 large-scale clinical trials involving thousands of patients. As we complete such clinical activities, establish new clinical programs, and advance our clinical products to the next phase of development, we face the need to expand our product development functions with qualified and highly skilled personnel. Competition for such personnel in our industry and the geographic regions in which we operate is intense.

- b. We are preparing for the launch of aripiprazole lauroxil, our phase 3, extended-release, atypical antipsychotic product candidate that is being studied for the treatment of schizophrenia. In this context, we are actively expanding our commercial functions with qualified and highly skilled personnel. Competition for such personnel in our industry and the geographic regions in which we operate is intense.
- c. In March 2014, considering the potential beneficial impact on shareholder return of a specific performance-based incentive award, we granted *all of our employees* a performance-vesting restricted stock unit award tied to key milestones in the Company's clinical-stage pipeline as described below in "*Executive Compensation Compensation Discussion and Analysis Highlights*."
- d. Equity awards have been and, we believe, will continue to be, an integral component of our overall compensation program, enabling us to attract qualified and skilled employees and directors, retain our existing employees and provide incentives for our employees to exert maximum efforts for our success, ultimately contributing to an increase in shareholder value.

- 3. *We believe we have responsibly utilized our equity compensation to align employee interests with those of our shareholders to achieve and sustain share price growth.*

- a. Our nine-month and one-year shareholder returns were 72% and 120%, respectively, for the periods ended December 31, 2013.

- 4. *We manage our equity incentive award use carefully.*

- a. As of the Record Date and including the ordinary shares requested in this proposal 5, our full dilution (as defined below) is less than 17%.
 - i. This is despite the fact that a large number of ordinary shares, over 8.4 million or approximately 56% of the total ordinary shares underlying our outstanding stock option awards, are subject to vested, yet unexercised, options, all of which have a weighted average exercise price less than the price of our ordinary shares as of the Record Date. See the table below titled *Outstanding Stock Option Awards*.

- b. Our historical adjusted average burn rate for the prior three fiscal periods (including the Transition Period and fiscal years 2013 and 2012), as calculated by ISS is 3.66%, which is below the 5.91% cap that ISS applies to companies listed on the Russell index in our Global Industry Classification Standard industry group. Our average unadjusted burn rate for the same period is 2.96%.
- c. Our burn rate for the Transition Period, on an adjusted and unadjusted basis, has decreased by 0.81% (from 3.34% to 2.53%) and 0.64% (from 2.71% to 2.07%), respectively, from the twelve months ended 2013.
- d. In March 2014, we made our annual employee grant for performance during the Transition Period. We are therefore able to predict, based on this annual grant and assuming director and new hire equity awards consistent with past practice, that our adjusted and unadjusted burn rates for fiscal year 2014 should decrease to approximately 2.22% and 1.85%, respectively. These calculations conservatively assume a weighted

Edgar Filing: Alkermes plc. - Form DEF 14A

average ordinary share amount equal to the number of our ordinary shares outstanding as of the Record Date.

e.

We believe that the substantial number of shares underlying vested, yet unexercised options all of which have a weighted average exercise price less than the price of our ordinary shares as of the Record Date is a bullish indicator as to executive and employee confidence in the future of the Company and provides them with added incentive to increase the ordinary share price and create shareholder value.

The following table shows our historical dilution and burn rate percentages.

	Transition Period	Twelve Months Ended March 31,	
		2013	2012
Full Dilution(1)	16.45%	17.56%	18.14%
Adjusted Burn Rate(2)	2.53%	3.34%	4.85%
Unadjusted Burn Rate(3)	2.07%	2.71%	4.08%

(1) Full dilution is calculated as (shares available for grant + shares subject to outstanding equity incentive awards)/(shares outstanding + shares available for grant + shares subject to outstanding equity incentive awards).

(2) Adjusted Burn Rate is calculated as (shares subject to options granted + shares subject to other equity incentive awards granted, adjusted to reflect our fungible share ratio)/weighted average shares outstanding.

(3) Unadjusted Burn Rate is calculated as (shares subject to options granted + shares subject to other equity incentive awards granted, not adjusted to reflect our fungible share ratio)/weighted average shares outstanding.

Outstanding Stock Option Awards

The following table provides supplementary information with respect to stock options outstanding as of the Record Date. The exercisable options listed below have a weighted average exercise price less than the closing price of our ordinary shares on Nasdaq on December 31, 2013.

Reflects option awards granted through the Record Date. This includes annual equity awards made to employees on March 3, 2014.

Important Aspects of our 2011 Plan Designed to Protect our Shareholders' Interests

The 2011 Plan contains certain provisions that are designed to protect our shareholders' interests and reflect corporate governance best practices including those set forth below.

Shareholder approval is required for additional shares. The 2011 Plan does not contain an annual "evergreen" provision. Thus, shareholder approval is required each time we need to increase the share reserve, allowing our shareholders the ability to have a say on our equity compensation programs.

Share counting provisions. The share reserve under the 2011 Plan is reduced one share for each ordinary share issued pursuant to an option and 1.8 ordinary shares for each ordinary share issued pursuant to a full value award. This helps to ensure that management and our Compensation Committee are using the share reserve effectively and with regard to the value of each type of equity award.

Submission of 2011 Plan amendments to shareholders. The 2011 Plan requires shareholder approval for material amendments to the 2011 Plan, including, as noted above, any increase in the number of shares reserved for issuance under the 2011 Plan.

Flexibility in designing equity compensation scheme. The 2011 Plan allows us to provide a broad array of equity incentives, including traditional option grants, restricted stock awards, restricted stock unit awards, performance stock awards and cash awards. By providing this flexibility, we can quickly and effectively react to trends in compensation practices and continue to offer competitive compensation arrangements to attract and retain the talent necessary for the success of our business.

No option repricing. The 2011 Plan explicitly prohibits option repricing in any manner without shareholder approval.

Recommendation

The text of the resolution in respect of proposal 5 is as follows:

"RESOLVED, that the Alkermes plc 2011 Stock Option and Incentive Plan, as amended, be APPROVED."

The Board unanimously recommends that you vote *FOR* approval of the 2011 Plan, as amended.

Principal Features of the 2011 Plan

The material features of the 2011 Plan are as set forth below.

The 2011 Plan will be administered by either the Compensation Committee of the Board or by a similar committee performing the functions of the Compensation Committee and which is comprised of not less than two independent, non-employee directors (in either case, the "Administrator"). The Administrator, in its discretion, may grant a variety of incentive awards based on our ordinary shares. The Administrator may delegate its authority and duties with respect to the granting of options to a subcommittee of one or more members of the Board.

The award of stock options (both incentive and non-qualified options), restricted stock unit awards, restricted stock awards, cash-based awards and performance share awards is permitted.

For purposes of determining the number of our ordinary shares available for issuance under the 2011 Plan, (a) the grant of any full value award (i.e., an award other than a stock option) is deemed as an award of 1.8 ordinary shares for each such ordinary share actually subject to the award and shall be treated similarly if returned to reserve status when forfeited or canceled

Edgar Filing: Alkermes plc. - Form DEF 14A

under the 2011 Plan, and (b) the grant of a stock option is deemed as an award of one ordinary share for each such ordinary share actually subject to the award.

Our Board may at any time amend or discontinue the 2011 Plan, and the Administrator may at any time amend or cancel any outstanding award for the purpose of satisfying changes in the law or for any other lawful purpose. However, no such action may adversely affect any rights under any outstanding award without the holder's consent. Additionally, no option may be repriced in any manner without shareholder approval. Any amendments that materially change the terms of the 2011 Plan, including any amendments that increase the number of shares reserved for issuance under the 2011 Plan, expand the types of awards available, materially expand the eligibility to participate in, or materially extend the term of, the 2011 Plan, or materially change the method of determining the fair market value of our ordinary shares, will be subject to approval by our shareholders. Amendments shall also be subject to approval by our shareholders if and to the extent determined by the Administrator to be required by the Internal Revenue Code of 1986, as amended (the "Code") to preserve the qualified status of incentive options or to ensure that compensation earned under the 2011 Plan qualifies as performance-based compensation under Section 162(m) of the Code.

Based solely on the closing price of our ordinary shares as reported on Nasdaq on the Record Date, the aggregate market value of the 19,750,000 shares, representing the maximum number of ordinary shares to be issued under the 2011 Plan, as amended in accordance this proposal 5, is \$905.3 million. Shares tendered or held back upon exercise of an option or settlement of an award to cover the exercise price or tax withholding are not available for future issuance under the 2011 Plan. The shares available for issuance by us under the 2011 Plan will be authorized, but unissued, shares.

Qualified Performance-Based Compensation Under Code Section 162(m)

To ensure that certain awards granted under the 2011 Plan to a "Covered Employee" (as defined in the Code) qualify as "performance-based compensation" under Section 162(m) of the Code, the 2011 Plan provides that the Administrator may require that the vesting or grant of such awards be conditioned on the satisfaction of performance criteria that may include any or all of the following: (1) earnings before interest, taxes, depreciation and amortization, (2) net income (loss) (either before or after interest, taxes, depreciation and/or amortization), (3) changes in the market price of our ordinary shares, (4) economic value-added, (5) initiation or completion of clinical trials, (6) results of clinical trials, (7) drug development or commercialization milestones, (8) collaboration milestones, (9) operational measures including production capacity and capability, (10) hiring and retention of key managers, (11) expense management, (12) capital-raising transactions, (13) sales or revenue, (14) acquisitions or strategic transactions, (15) operating income (loss), (16) cash flow (including, but not limited to, operating cash flow and free cash flow), (17) return on capital, assets, equity, or investment, (18) shareholder returns, (19) gross or net profit levels, (20) operating margins, (21) earnings (loss) per ordinary share and (22) sales or market shares, any of which may be measured either in absolute terms or as compared to any incremental increase or as compared to results of a peer group. The Administrator will select, within 90 days following the commencement of a performance cycle, the particular performance criteria for such award and the performance goals with respect to each performance criterion. Each such award will specify the amount payable, or the formula for determining the amount payable, upon achievement of the various applicable performance targets. Subject to adjustments for stock splits and similar events, the maximum award granted to any one individual that is intended to qualify as "performance-based compensation" under Section 162(m) of the Code will not exceed 4,000,000 ordinary shares for any performance cycle. If a performance-based award is payable in cash to any executive, it cannot exceed \$25 million for any performance cycle.

Summary of the 2011 Plan

The following description of certain features of the 2011 Plan, as amended in accordance with this proposal 5, is intended to be a summary only. The summary is qualified in its entirety by the full text of the 2011 Plan, as amended in accordance with this proposal 5, attached hereto as *Appendix A*.

Plan Administration. The Administrator has full power to select, from among the individuals eligible for awards, the individuals to whom awards will be granted, to make any combination of awards to participants, and to determine the specific terms and conditions of each award, subject to the provisions of the 2011 Plan. The Administrator may delegate to a subcommittee comprised of one or more members of the Board all or part of the Administrator's authority and duties with respect to the granting of options to employees who are not subject to the reporting and other provisions of Section 16 of the Exchange Act. Any such delegation by the Administrator shall include a limitation as to the amount of options that may be granted during the period of the delegation and shall contain guidelines as to the determination of the exercise price and the vesting criteria.

Eligibility and Limitations on Grants. Persons eligible to participate in the 2011 Plan will be those officers, employees, non-employee directors and other key persons (including consultants and prospective employees) of the Company and its subsidiaries as selected from time to time by the Administrator. The intention in making awards to eligible persons under the 2011 Plan will be to align the compensation of these individuals over a multi-year period directly with the interests of our shareholders and serve as a tool in the recruiting and retention of these individuals.

The maximum award of stock options granted to any one individual will not exceed 4,000,000 ordinary shares (subject to adjustment for stock splits and similar events) for any calendar-year period. The maximum number of ordinary shares that can be awarded in the form of incentive stock options under the 2011 Plan, as amended, will not exceed 19,750,000 (subject to adjustment for stock splits and similar events).

Stock Options Granted to Employees and Key Persons. The 2011 Plan permits the granting of (1) stock options intended to qualify as incentive stock options under Section 422 of the Code and (2) stock options that do not so qualify. Options granted under the 2011 Plan will be non-qualified options if they fail to qualify as incentive options or exceed the annual limit on incentive stock options. Non-qualified options may be granted to any persons eligible to receive incentive options and to non-employee directors and key persons. The option exercise price of each option will be determined by the Administrator but may not be less than 100% of the fair market value of our ordinary shares on the date of grant.

The term of each option will be fixed by the Administrator and may not exceed ten years from the date of grant. The Administrator will determine at what time or times each option may be exercised. Options may be made exercisable in installments, and the exercisability of options may be accelerated by the Administrator. Options may be exercised in whole or in part with written or electronic notice to the Company's delegate. Upon exercise of non-qualified stock options, unless otherwise determined by the Administrator, the purchase price must be paid through a net reduction in the number of ordinary shares issuable upon such exercise, based on the fair market value of our ordinary shares on the date of exercise. Upon exercise of incentive stock options and those non-qualified options for which the Administrator elects not to utilize the above payment method, the option exercise price may be paid in full either in cash, by certified or bank check or other instrument acceptable to the Administrator or by delivery (or attestation to the ownership) of ordinary shares that are beneficially owned by the optionee based on the fair market value of our ordinary shares on the date of exercise or, subject to applicable law, by delivery to the Company of an exercise notice together with irrevocable instructions to a broker to promptly deliver cash or a check payable to the Company for the purchase price.

Edgar Filing: Alkermes plc. - Form DEF 14A

To qualify as incentive options, options must meet additional federal tax requirements, including a \$100,000 limit on the value of our ordinary shares subject to incentive options that first become exercisable by a participant in any one calendar year.

Stock Options Granted to Non-Employee Directors. The 2011 Plan provides that (a) upon becoming a member of the Board, each non-employee director who is not then a consultant to us shall be granted on such day a non-qualified stock option to acquire 35,000 ordinary shares, which shall vest ratably over the three calendar years following the date of grant, plus an additional stock option to acquire a number of our ordinary shares equal to the product of 25,000 multiplied by a fraction, the numerator of which equals the number of months remaining until the next annual meeting of shareholders of the Company and the denominator of which equals 12, which shall vest on the first anniversary of the date of grant, and (b) each non-employee director who is serving as a director of the Company on each annual meeting of shareholders shall automatically be granted on such day a non-qualified stock option to acquire 25,000 of our ordinary shares. This non-qualified stock option shall vest on the first anniversary of the date of grant; provided, however, that no grant shall be made to an individual who ceases to be a member of the Board on such day. The Administrator may grant additional non-qualified stock options to our non-employee directors and such grants may vary among individual non-employee directors. The option exercise price of each option will be determined by the Administrator but may not be less than 100% of the fair market value of our ordinary shares on the date of grant.

The term of each option may not exceed ten years from the date of grant. Options may be exercised only by notice to the Company or the Company's delegate specifying the number of ordinary shares to be purchased. Upon exercise of options, the option exercise price will be paid in the same manner as described above under "*Stock Options granted to employees and key persons.*"

Grants of stock options to our non-employee directors will initially consist of options in respect of ordinary shares reserved and available for issuance under our 2008 Plan. If and when no ordinary shares remain available for issuance under our 2008 Plan, then such non-employee director grants will consist of options in respect of ordinary shares reserved and available for issuance under our 2011 Plan.

Restricted Stock Unit Awards. The Administrator may award stock units as restricted stock unit awards to participants. Restricted stock unit awards are ultimately payable in the form of ordinary shares and may be subject to such conditions and restrictions as the Administrator may determine. These conditions and restrictions may include the achievement of certain performance goals and/or continued employment with the Company through a specified vesting period. However, in the event these awards granted to employees have a performance-based goal, the restriction period will be at least one year, and in the event these awards granted to employees have a time-based restriction, the restriction period will be at least three years, but vesting can occur incrementally over the three-year period. The Administrator may waive the foregoing restriction in the case of a grantee's death, disability or retirement or upon a Sale Event (as defined in the 2011 Plan). To the extent a restricted stock unit award is subject to Section 409A of the Code, it may contain such additional terms and conditions as the Administrator shall determine in order for such award to comply with the requirements of Section 409A.

The Administrator, in its sole discretion, may permit a grantee to elect to receive a portion of future cash compensation otherwise due to such grantee in the form of a Restricted Stock Unit Award. Any such election shall be made in writing and shall be delivered to the Company no later than the date specified by the Administrator and in accordance with Section 409A and such other rules and procedures established by the Administrator. Any such future cash compensation that the grantee elects to defer shall be converted to a fixed number of phantom stock units (which may be fully vested) based on the fair market value of our ordinary shares on the date the compensation would otherwise have been paid to the grantee if such payment had not been deferred.

Edgar Filing: Alkermes plc. - Form DEF 14A

Restricted Stock. The Administrator may award ordinary shares to participants subject to such conditions and restrictions as the Administrator may determine. These conditions and restrictions may include the achievement of certain performance goals and/or continued employment with us through a specified restricted period. However, in the event these awards granted to employees have a performance-based restriction, the restriction period will be at least one year, and in the event these awards granted to employees have a time-based restriction, the restriction will be at least three years, but vesting can occur incrementally over the three-year period. The Administrator may waive the foregoing restriction in the case of a grantee's death, disability or retirement or upon a Sale Event (as defined in the 2011 Plan).

Cash-Based Awards. Each cash-based award shall specify a cash-denominated payment amount, formula or payment ranges as determined by the Administrator. Payment, if any, with respect to a cash-based award may be made in cash or in ordinary shares, as the Administrator determines. Except as may otherwise be provided by the Administrator, a grantee's right in all cash-based awards that have not vested shall automatically terminate upon the grantee's termination of employment (or cessation of service relationship) with the Company and its subsidiaries for any reason (including if a subsidiary ceases to be a subsidiary of the Company).

Performance Share Awards. The Administrator may grant performance share awards independent of, or in connection with, the granting of other awards under the 2011 Plan. The Administrator, in its sole discretion, determines whether and to whom performance share awards will be granted, the performance goals subject to the award, the period during which performance is to be measured, which may not be less than one year, and such other conditions as the Administrator shall determine. Upon the attainment of the performance goal, the grantee is entitled to receive ordinary shares.

Tax Withholding. Participants in the 2011 Plan are responsible for the payment of any federal, national, state or local taxes that we are required by law to withhold upon any option exercise or vesting of other awards. The Company has the right to deduct any such taxes from any payment otherwise due to grantee, including the right to reduce the number of ordinary shares otherwise required to be issued to a grantee in an amount that, on the date of issuance, would have a fair market value equal to all such taxes required to be withheld by the Company.

Change in Control Provisions. Under the 2011 Plan, in the case of and subject to the consummation of a Sale Event (as defined in the 2011 Plan), except as the Administrator may otherwise specify with respect to a particular award in the relevant award documentation, all stock options that are not exercisable immediately prior to the effective time of the Sale Event shall become fully exercisable as of the effective time of the Sale Event; all other awards with time-based vesting, conditions or restrictions shall become fully vested and nonforfeitable as of the effective time of the Sale Event; and all awards with conditions and restrictions relating to the attainment of performance goals may become vested and nonforfeitable in connection with a Sale Event in the Administrator's discretion. In addition, in the event of a Sale Event in which the Company's shareholders will receive cash consideration, the Company may make or provide for a cash payment to participants holding stock options equal to the difference between the per share cash consideration and the exercise price of such options.

Amendments and Termination. Our Board may at any time amend or discontinue the 2011 Plan, and the Administrator may at any time amend or cancel any outstanding award for the purpose of satisfying changes in the law or for any other lawful purpose. However, no such action may adversely affect any rights under any outstanding award without the holder's consent. Any amendments that materially change the terms of the 2011 Plan, including any amendments that increase the number of ordinary shares reserved for issuance under the 2011 Plan, expand the types of awards available, materially expand the eligibility to participate in, or materially extend the term of, the 2011 Plan, or materially change the method of determining the fair market value of our ordinary shares, will be

subject to approval by our shareholders. Amendments shall also be subject to approval by our shareholders if and to the extent determined by the Administrator to be required by the Code to preserve the qualified status of incentive options or to ensure that compensation earned under the 2011 Plan qualifies as performance-based compensation under Section 162(m) of the Code. In addition, except in connection with a reorganization or other similar change in the capital stock of the Company or a merger or other transaction, without prior shareholder approval the Administrator may not reduce the exercise price of an outstanding stock option or effect re-pricing of an outstanding stock option through cancellation or re-grants.

Effective Date of 2011 Plan

The Alkermes plc 2011 Stock Option and Incentive Plan was initially approved by our shareholders on December 8, 2011. Our shareholders approved an amendment to this plan on August 1, 2012 and approved the 2011 Plan, as amended, on August 1, 2013. Awards of incentive options may be granted under the 2011 Plan until ten years after Board approval. No awards may be granted under the 2011 Plan after the date that is ten years from the date of shareholder approval.

New Plan Benefits

Except as set forth below for our non-employee directors, the benefits or amounts that may be received by, or allocated to, the Company's Chief Executive Officer, Chief Financial Officer, and the three other named executive officers, all executives as a group, non-executive directors as a group and non-executive officer employees as a group, are granted on a discretionary basis and, as such, are not determinable as awards under the 2011 Plan.

Grants of stock options to our non-employee directors will initially consist of options in respect of ordinary shares reserved and available for issuance pursuant to our 2008 Plan. If and when no ordinary shares remain available for issuance under our 2008 Plan, then such non-employee director grants will consist of options in respect of ordinary shares reserved and available for issuance under our 2011 Plan.

U.S. Federal Income Tax Consequences

The following is a summary of the principal U.S. federal income tax consequences of certain transactions under the 2011 Plan. It does not describe all U.S. federal tax consequences under the 2011 Plan, nor does it describe state or local tax consequences.

Incentive Options. No taxable income is generally realized by the optionee upon the grant or exercise of an incentive option. If ordinary shares issued to an optionee pursuant to the exercise of an incentive option are sold or transferred after two years from the date of grant and after one year from the date of exercise, then (1) upon sale of such shares, any amount realized in excess of the option price (the amount paid for the shares) will be taxed to the optionee as a long-term capital gain, and any loss sustained will be a long-term capital loss, and (2) we will not be entitled to any deduction for federal income tax purposes. The exercise of an incentive option will give rise to an item of tax preference that may result in alternative minimum tax liability for the optionee.

An incentive option will not be eligible for the tax treatment described above if it is exercised more than three months following termination of employment (or one year in the case of termination of employment by reason of disability). In the case of termination of employment by reason of death, the three-month rule does not apply. If ordinary shares acquired upon the exercise of an incentive option are disposed of prior to the expiration of the two-year and one-year holding periods described above, generally (1) the optionee will realize ordinary income in the year of disposition in an amount equal to the excess (if any) of the fair market value of the ordinary shares at exercise (or, if less, the amount realized on a sale of such shares) over the option price thereof, and (2) we will be entitled to

Edgar Filing: Alkermes plc. - Form DEF 14A

deduct such amount. Special rules will apply where all or a portion of the exercise price of the incentive option is paid by tendering shares.

Non-Qualified Options. No taxable income is generally realized by the optionee upon the grant of a non-qualified option. Generally (1) at exercise, ordinary income is realized by the optionee in an amount equal to the difference between the option price and the fair market value of the shares on the date of exercise, and we receive a tax deduction for the same amount, and (2) at disposition, appreciation or depreciation after the date of exercise is treated as either short-term or long-term capital gain or loss depending on how long the shares have been held. Special rules will apply where all or a portion of the exercise price of the non-qualified option is paid by tendering shares. Upon exercise, the optionee will also be subject to Social Security taxes on the excess of the fair market value over the exercise price of the option.

Parachute Payments

The vesting of any portion of an option or other award that is accelerated due to the occurrence of a change in control may cause a portion of the payments with respect to such accelerated awards to be treated as "parachute payments" as defined in the Code. Any such parachute payments may be non-deductible to us, in whole or in part, and may subject the recipient to a non-deductible 20% federal excise tax on all or a portion of such payment (in addition to other taxes ordinarily payable).

Limitation on the Company's Deductions

As a result of Section 162(m) of the Code, our deduction for certain awards under the 2011 Plan may be limited to the extent that the Chief Executive Officer or other executive officer (other than our Chief Financial Officer) whose compensation is required to be reported in the summary compensation table receives compensation in excess of \$1 million a year (other than performance-based compensation that otherwise meets the requirements of Section 162(m) of the Code). The 2011 Plan is structured to allow certain grants to qualify as performance-based compensation.

A copy of the 2011 Plan, as amended in accordance with this proposal 5, is attached as *Appendix A*.

REPORT OF THE AUDIT AND RISK COMMITTEE

No portion of this audit and risk committee report shall be deemed to be incorporated by reference into any filing under the Securities Act or the Exchange Act through any general statement incorporating by reference in its entirety the proxy statement in which this report appears, except to the extent that the Company specifically incorporates this report or a portion of it by reference. In addition, this report shall not be deemed filed under either the Securities Act or the Exchange Act.

As more fully described in its charter, the Audit and Risk Committee oversees the Company's financial reporting process on behalf of the Board. Management has day-to-day responsibility for the Company's financial reporting process, including assuring that the Company develops and maintains adequate financial controls and procedures and monitoring and assessing compliance with those controls and procedures, including internal control over financial reporting. The Company's independent auditors are responsible for auditing the annual financial statements prepared by management, expressing an opinion as to whether those financial statements fairly present the financial position, results of operations and cash flows of the Company in conformity with generally accepted accounting principles and discussing with the Audit and Risk Committee any issues they believe should be raised. The independent auditors are also responsible to the Audit and Risk Committee and the Board for testing the integrity of the financial accounting and reporting control systems, for issuing a report on the Company's internal control over financial reporting and for such other matters as the Audit and Risk Committee and Board determine. In addition, the independent auditors perform audit-related and permissible non-audit services for the Company.

In the performance of its oversight function, the Audit and Risk Committee reviewed and discussed with management and the independent auditors the audited consolidated financial statements of the Company for the Transition Period, contained in the Company's Transition Report on Form 10-K. The Audit and Risk Committee discussed with PwC, the Company's independent auditors, the overall scope and plans for their audit. The Audit and Risk Committee met with PwC, with and without management present, to discuss the results of its examination, judgments as to the quality, not just the acceptability, of the Company's accounting principles, the reasonableness of significant estimates and judgments, critical accounting policies and accounting estimates resulting from the application of these policies, the substance and clarity of disclosures in the financial statements, and the Company's disclosure control process and internal control over financial reporting.

The Audit and Risk Committee also discussed with PwC the matters required to be discussed by Auditing Standard No. 16, Communications with Audit Committees, as adopted by the Public Company Accounting Oversight Board ("PCAOB"). In addition, the Audit and Risk Committee discussed with PwC the independence of PwC from management and Alkermes, and received the written disclosures and the letter from PwC to confirm its independence as required by applicable requirements of the PCAOB.

The Audit and Risk Committee also reviewed and discussed with management its assessment and report on the effectiveness of the Company's internal control over financial reporting as of December 31, 2013, which it made in response to the requirements set forth in Section 404 of the Sarbanes-Oxley Act and related regulations. The Audit and Risk Committee also reviewed and discussed with PwC the Report of Independent Registered Public Accounting Firm included in the Company's Transition Report on Form 10-K related to its audit of the consolidated financial statements and the effectiveness of internal control over financial reporting.

The Audit and Risk Committee monitors the activity and performance of PwC. All services to be provided by PwC are pre-approved by the Audit and Risk Committee. The Audit and Risk Committee's evaluation of PwC included, among other things, consideration as to whether PwC's provision of permissible non-audit services to the Company is compatible with maintaining its independence.

Edgar Filing: Alkermes plc. - Form DEF 14A

In reliance on these reviews and discussions, the Audit and Risk Committee recommended to the Board that the audited consolidated financial statements be included in the Company's Transition Report on Form 10-K for the Transition Period for filing with the SEC, and the Board approved such inclusion.

Respectfully submitted by the Audit and Risk Committee,

Paul J. Mitchell, Chair
Floyd E. Bloom
Robert A. Breyer

**EXECUTIVE COMPENSATION
COMPENSATION DISCUSSION AND ANALYSIS**

This section discusses our executive compensation policies and arrangements as they relate to the following individuals to whom we refer as our named executive officers for the Transition Period:

our Chairman and Chief Executive Officer, Richard F. Pops;

our Senior Vice President and Chief Financial Officer, James M. Frates;

our President, Shane Cooke;

our Senior Vice President, Chief Legal Officer and Chief Compliance Officer, Kathryn L. Biberstein; and

our Senior Vice President, Research and Development and Chief Medical Officer, Elliot W. Ehrlich.

Introduction

Our Compensation Committee, or the Committee, reviews, oversees and administers our executive compensation programs. The Committee's complete roles and responsibilities are set forth in the written charter adopted by the Board, which is available on the Corporate Governance page of the Investors section of our website, available at: <http://investor.alkermes.com>. The Board selected the following directors to serve on the Committee prior to the beginning of the Transition Period: Mark B. Skaletsky (Chair), David W. Anstice and Paul J. Mitchell. In August 2013, the Board determined to rotate the membership of the committees of the Board and selected the following directors to serve on the Committee: David W. Anstice (Chair), Mark B. Skaletsky and Geraldine A. Henwood. In November 2013, Mr. Skaletsky retired from the Board and therefore resigned from the Committee, and the Board reappointed Mr. Mitchell to the Committee.

Executive Compensation Philosophy and Objectives

Our executive compensation program is designed to attract, retain and motivate experienced and well-qualified executive officers who will promote our research and product development, manufacturing, commercialization and operational efforts. We structure our executive officer compensation packages based on level of job responsibility, internal and external peer comparisons (targeting the 50th percentile of our external peer group for all elements of pay), individual performance, principles of internal fairness and our overall Company performance. The Committee bases its executive compensation programs on the same objectives that guide us in establishing all our compensation programs, which are:

to provide an overall compensation package that rewards individual performance and corporate performance in achieving our objectives, as a means to promote the creation and retention of value for us and our shareholders;

to attract and retain a highly skilled work force by providing a compensation package that is competitive with other employers who compete with us for talent;

to structure an increasing proportion of an individual's compensation as performance-based as he or she progresses to higher levels within our Company;

to foster the long-term focus required for success in the biopharmaceutical industry;

to mitigate the likelihood of inducing excessive risk-taking behavior; and

to structure our compensation and benefits programs similarly across our Company.

Highlights

We believe our executive compensation programs are effectively designed and have worked well to achieve our compensation objectives, which are aligned with the interests of our shareholders.

At our 2012 Annual General Meeting of Shareholders, a majority of our shareholders supported an annual advisory vote on our executive compensation and, in response, our Board determined to hold an annual vote on the matter. In 2013, we submitted our executive compensation program to an advisory vote of our shareholders, and it received the support of over 90% of the total votes cast at our 2013 Annual General Meeting of Shareholders. Our Committee believes that the shareholders, through this advisory vote, endorsed our compensation philosophies.

The Committee maintained the basic structure and design of our executive compensation programs for the Transition Period. We provide a brief summary of our financial performance and other key events that occurred since our last proxy statement in this "Highlights" section. A more detailed discussion of these and other events is found elsewhere in this proxy statement.

Financial Performance. Total revenue guidance for the Transition Period was \$395 million to \$425 million. We exceeded this guidance range and achieved total revenues of \$432.9 million for the Transition Period.

Shareholder Return. Our nine-month and one-year shareholder returns were 72% and 120%, respectively, for the periods ended December 31, 2013.

Product Pipeline. We progressed aripiprazole lauroxil in the global pivotal phase 3 study of patients with schizophrenia, announced positive top-line results from a phase 2 study of ALKS 5461 for the treatment of major depressive disorder in patients who have an inadequate response to standard therapies for clinical depression, initiated a double-blind, active-controlled, dose-ranging phase 2 study of ALKS 3831 and announced three new product candidates.

Our Executive Team. In recognition of the importance of the operation of global clinical trials to the progress of our pipeline and to the evolving role of government in the provision of, and payment for, healthcare services, especially in the Company's key commercial areas, we expanded our senior management team by making key hires for two important new roles: Senior Vice President of Clinical Development and Medical Affairs, and Vice President of Government Affairs and Policy.

Company-Wide Performance Grant. In March 2014, the Committee, considering the potential beneficial impact on shareholder return of a specific performance-based incentive award, granted to all employees of the Company, including the executive officers, a performance-vesting restricted stock unit award tied to key milestones in the Company's clinical-stage pipeline. Fifty percent of the award will vest upon the occurrence of the earlier of: (i) FDA approval for aripiprazole lauroxil or (ii) the achievement of the prespecified primary endpoint in two phase 3 clinical studies of ALKS 5461, as such achievement is acknowledged by the Committee; provided that, if such vesting event occurs during the first year after grant, the vesting of the initial 50% of the performance-based restricted stock unit award will not occur until the one-year anniversary of the grant date. In order to build an added retentive component to the grant, the remaining 50% of the award will vest on the one-year anniversary of the vesting date of the initial portion. The award will expire if neither of the performance conditions has been met on or before December 31, 2016.

Compensation Program Elements

The compensation program for executive officers consists of the following elements:

base salary;

annual cash performance pay (bonus); and

long-term equity incentive awards, including:

stock options;

time-vesting restricted stock unit awards; and

performance-vesting restricted stock unit awards.

The Committee utilizes these elements of compensation to structure compensation packages for executive officers that can reward both short- and long-term performance of the individual and our Company and foster executive retention.

Base Salary

Base salaries are used to provide a fixed amount of compensation for the executive's regular work. The Committee establishes base salaries that are competitive with comparable companies for each position and level of responsibility to the extent such comparable companies and positions exist. The salaries of the executive officers historically had been reviewed on an annual basis, at the time of the mid-fiscal year performance review established by us. However, in March 2013, the Committee agreed to move the annual base salary reviews for all employees, including the executive officers, to after the end of our fiscal year, which will coincide with the Committee's determination of our employees' cash performance pay and equity incentive compensation for the previously completed fiscal year. In addition, in May 2013, we changed our fiscal year-end from March 31 to December 31. As a result of the change of timing for the annual base salary review and the change in our fiscal year, the Committee determined that the annual base salary adjustment for the Transition Period would be prorated for all our employees, including our executive officers, to reflect the fifteen-month period since the prior base salary review. In determining increases, if any, to the base salary of our executive officers, the Committee may consider factors such as the individual's performance, level of pay compared to comparable companies for each position and level of responsibility, experience in the position of the individual, cost-of-living indices, the magnitude of other annual salary increases at our Company and the achievement of the corporate objectives for the fiscal year. Any base salary increase for an executive officer must be approved by the Committee.

Cash Performance Pay

Cash performance pay motivates executive officers to achieve both short-term operational and longer-term strategic goals that are aligned with, and supportive of, our long-term Company value. Cash performance pay is awarded by the Committee after the fiscal year-end based on an evaluation of our Company performance and each individual's contribution to this performance during such fiscal year. Performance objectives are established prior to the start of the performance period and evaluated by the Committee as outlined below.

In March 2013, the Committee approved the Fiscal 2014 Alkermes plc Affiliated Company Reporting Officer Performance Pay Plan ("2014 Performance Plan") and established target performance pay ranges and target performance pay that may be earned by our reporting officers, including all of our named executive officers, for the performance period coinciding with our then-current fiscal-year (from April 1, 2013 to March 31, 2014). The 2014 Performance Plan contained the following corporate objectives for our executives: (i) execute on the development of our clinical-stage pipeline; (ii) achieve financial guidance; (iii) prepare commercial capabilities for growth of marketed, and soon-to-be marketed, products; (iv) manufacture commercial products and clinical trial material to meet our goals of quality, reliability and efficiency; (v) identify and advance top candidates from our earlier-stage pipeline; (vi) manage relationships with key business partners and evaluate new

partnering opportunities to drive long-term growth and enhance shareholder value; and (vii) respond to changing business conditions.

In March 2013, the Committee set the range of the fiscal year 2014 cash performance pay award under the 2014 Performance Plan for: (i) Mr. Pops at between 0% and 200% of his base salary, with a target performance pay award of 100% of his base salary; (ii) Mr. Cooke at between 0% and 150% of his base salary, with a target performance pay award of 75% of his base salary, and (iii) for participants other than Mr. Pops and Mr. Cooke, at between 0% and 100% of their base salaries, with a target cash performance pay award of 50% of their base salaries. The Committee, after consulting its independent compensation consultant, established such performance pay targets and performance pay ranges based generally on comparable market data.

In May 2013, we changed our fiscal year-end from March 31 to December 31. In conjunction with such change, the Committee approved the Amended and Restated Fiscal Year December 2013 Alkermes plc Affiliated Company Reporting Officer Performance Pay Plan (the "Transition Period Performance Plan"). The Transition Period Performance Plan amends and restates the 2014 Performance Plan to reflect our change in fiscal year. The Transition Period Performance Plan provides that performance pay awards that would have been payable under the 2014 Performance Plan would be prorated to account for the new nine-month performance period (from April 1, 2013 to December 31, 2013). The corporate objectives and performance pay ranges and targets described above under the 2014 Performance Plan continued to apply to the Transition Period Performance Plan.

Cash performance pay under the Transition Period Performance Plan is awarded after the close of the Transition Period based upon the Committee's review of the performance of our Company against our corporate objectives, and the individual performance of each executive officer against such corporate objectives. The Committee also considers data provided by its independent compensation consultant regarding total direct compensation of each executive officer in light of comparable market data.

Equity Incentives Stock Options, Restricted Stock Awards and Restricted Stock Unit Awards

We currently grant equity awards under the 2008 Plan and the 2011 Plan. Each full value award issued under our 2008 Plan and our 2011 Plan, such as the grant of a unit of restricted stock or performance share, counts as two share units for each ordinary share subject to the award and 1.8 share units for each ordinary share subject to the award, respectively, and each grant of a stock option issued under our Equity Plans counts as an award of one share unit for each ordinary share actually subject to the stock option.

The award of stock options (both incentive and non-qualified options), restricted stock awards, restricted stock unit awards, cash-based awards and performance share awards is permitted under the Equity Plans. All of our equity grants are made pursuant to the Equity Plans. As used herein, the term "stock award," unless otherwise specified, will include restricted stock unit awards, restricted stock awards and performance share awards.

Grants of stock options and stock awards under our Equity Plans are designed to promote long-term retention and stock ownership, and align the interests of executives with those of shareholders, providing our executives with the opportunity to share in the future value they are responsible for creating. Generally, stock options and non-performance-based stock awards vest in equal annual installments over a four-year period. The Committee may, in its discretion, award equity with a different vesting schedule; however, under the Equity Plans, restricted stock awards and restricted stock unit awards granted to employees that have a performance-based goal are required to have a restriction period of at least one year, and those with a time-based restriction are required to have at least a three-year restriction period, although vesting can occur incrementally over such three-year period.

Edgar Filing: Alkermes plc. - Form DEF 14A

The number of shares underlying options and stock awards granted to each executive officer is generally determined by the Committee based on: the performance of the executives and their contributions to overall performance of our Company; stock option grants and stock awards at comparable companies, and generally within the biopharmaceutical industry, based upon data provided by the independent compensation consultant (as discussed below); the dollar value of stock option awards, as determined using the Black-Scholes option pricing model, and stock awards; consideration of previous equity awards made to each such executive officer; the total direct compensation of each such executive officer; the retention value of aggregate equity held by each such executive officer; equity overhang and utilization calculations; and personal knowledge of the Committee members regarding executive stock options and stock awards at comparable companies. Consideration is also given to the impact of stock option and stock awards on our results of operations.

The Committee selectively utilizes a combination of stock options, time-vesting restricted stock unit awards and performance-vesting restricted stock unit awards in designing its equity compensation for Company employees. The Committee believes that utilizing performance-vesting restricted stock unit awards, the vesting of which is tied to key milestones in the Company's clinical stage pipeline, in addition to time-vesting restricted stock unit awards and stock options, serves to align executive compensation with events that drive value for our shareholders. The Committee also believes that using a combination of restricted stock unit awards and stock option awards, is more effective than either type of award alone in rewarding and retaining key employees and motivating executives to increase shareholder value. In this context, the Committee balances the mix of stock options and restricted stock unit awards such that senior executives receive a greater proportion of stock options than restricted stock awards, vice presidents receive a more balanced mixture of stock options compared to restricted stock awards, and other of our key employees receive a greater proportion of restricted stock awards.

As of March 2013, the Company no longer provides any employee with additional time to exercise or early vesting of stock options on retirement as part of its grant of stock option awards. Such retirement benefits were phased out by the Compensation Committee for stock option grants beginning in May 2010 in order to maximize the retentive value of our stock option grants. There are no special retirement provisions associated with stock awards, nor have there been in the past.

In the event of termination due to death or disability, stock options granted after November 2000 become fully vested and exercisable for a three-year period, not to exceed the full term of the grant. Once the initial 50% of the performance-vesting restricted stock unit award granted in March 2014 has vested, the remainder will vest in the event of death or disability.

Compensation Determinations

Factors Considered in Determining Compensation

The Committee may consider a number of factors to assist it in determining compensation for our executive officers.

Company Performance

As discussed previously, the Committee adopted seven corporate objectives to measure the performance of our Company and its senior executives for the Transition Period: (i) execute on the development of our clinical-stage pipeline; (ii) achieve financial guidance; (iii) prepare commercial capabilities for growth of marketed, and soon-to-be marketed, products; (iv) manufacture commercial products and clinical trial material to meet our goals of quality, reliability and efficiency; (v) identify and advance top candidates from our earlier-stage pipeline; (vi) manage relationships with key business partners and evaluate new partnering opportunities to drive long-term growth and enhance shareholder value; and (vii) respond to changing business conditions.

We expanded our senior management team by making key hires for two important new roles: Senior Vice President of Clinical Development and Medical Affairs, and Vice President of Government Affairs and Policy.

The Committee does *not* apply a formula or assign these performance objectives relative weights. Rather, it makes a subjective determination after considering such measures individually and in the aggregate.

Individual Performance

In establishing compensation levels, the Committee also evaluates each executive officer's individual performance using certain subjective criteria, including an evaluation of each executive officer's contribution to achievement of the corporate objectives and to overall corporate performance. In establishing compensation for executive officers other than Mr. Pops, the Committee reviewed in detail the recommendations of Mr. Pops. With respect to Mr. Pops, the Committee meets to evaluate his performance against the corporate objectives of our Company.

Use of Compensation Consultant for Benchmarking

Another factor considered by the Committee in determining executive compensation is the high demand for well-qualified personnel. Given such demand, the Committee strives to maintain

compensation levels that are competitive with the compensation of other executives in the industry. To that end, the Committee, through our Human Resource Department's Director of Compensation and Performance Systems, retained the services of Radford, an AON Hewitt Company ("Radford"), as its independent compensation consultant. The Committee engaged Radford to review market data and various incentive programs and to provide assistance in establishing our cash and equity-based compensation targets and awards based, in large part, upon a peer group identification and assessment that it was retained to conduct and an analysis of the retention value of equity awards. Radford took direction from, and provided reports to, our Vice President of Human Resources and our Director of Compensation and Performance Systems, who acted on behalf, of and at the direction of, the Committee. Radford did not provide us with any services other than the services requested by the Committee. The Committee considered whether the work of Radford as compensation consultant has caused any conflict of interest and concluded that there was no conflict.

In setting the performance pay targets and performance pay ranges for the executives, Radford proposed, and the Committee approved, the companies that comprised our pharmaceutical peer group prior to the beginning of the Transition Period and, in May 2013 and September 2013, the Committee, on the review and recommendation of Radford, revised our pharmaceutical peer group to more closely align it with the Company's market capitalization, projected revenue and employee headcount. As a result of such recommendations, the seventeen companies that comprised our pharmaceutical peer group as of September 2013 were: Acorda Therapeutics, Inc.; Alexion Pharmaceuticals, Inc.; Auxilium Pharmaceuticals, Inc.; BioMarin Pharmaceutical Inc.; Cubist Pharmaceuticals, Inc.; Incyte Corporation; Jazz Pharmaceuticals plc; Medivation, Inc.; Onyx Pharmaceuticals Inc. (which has since been acquired by Amgen Inc.); Questcor Pharmaceuticals, Inc.; Salix Pharmaceuticals Ltd.; Seattle Genetics, Inc.; The Medicines Company; Theravance, Inc.; United Therapeutics Corporation; Vertex Pharmaceuticals Incorporated; and ViroPharma Incorporated (which has since been acquired by Shire plc). Radford used this peer group to prepare the executive compensation review used by the Committee in conducting the salary review for our executives at the end of the Transition Period and in determining performance pay and equity grants for our executive officers for performance during the Transition Period. The Committee also used this executive compensation review to assist it in setting performance-pay targets and performance-pay ranges for our executives for fiscal year 2014.

In each of its analyses, Radford also reviewed, and provided to the Committee, data from a survey group of companies, which reflected a broader group of public biopharmaceutical companies within a relevant revenue range. Data are collected from public SEC filings of the peer group companies and the Radford Global Life Sciences Survey. Radford applies a proprietary methodology to the data to construct a benchmark for compensation comparison purposes.

The peer group analyses enable the Committee to compare our executive compensation program as a whole and also the pay of individual executives if the jobs are sufficiently similar to make the comparison meaningful. The Committee seeks to ensure that our executive compensation program is competitive. The Committee targets the 50th percentile for all elements of pay, with the opportunity to increase or decrease the variable elements of pay from the 50th percentile based upon performance. However, as mentioned elsewhere in our compensation discussion and analysis, the comparative data provided by the Committee's compensation consultant is only one of many factors that the Committee takes into consideration in determining executive and individual compensation programs. The Committee, in its sole authority, has the right to hire or terminate outside compensation consultants.

Base Salary

In February 2014, the Committee reviewed base salaries for all of our executive officers. In determining base salary adjustments for such executive officers, the Committee considered a number of

factors, such as cost-of-living indices, market data for comparable companies, general progress toward achieving the Transition Period corporate objectives, the Committee's competitive positioning philosophy and, for those executive officers other than Mr. Pops, the recommendations of Mr. Pops. The Committee also considered the financial impact of the delay in determining base salary increases resulting from the shift of the base salary review from mid-fiscal year to the end of the fiscal year for all employees of the Company, as well as the change in the Company's fiscal year-end, the combined effect of which was to delay the annual review of base salaries for all employees of the Company by approximately three months. Based on this review, the Committee increased the base salary of each of Messrs. Pops, Frates and Cooke and Ms. Biberstein by approximately 3.2% and Dr. Ehrich by approximately 4.9%; however, this amount was adjusted to approximately 4.0% for Messrs. Pops, Frates and Cooke and Ms. Biberstein, and approximately 6.1% for Dr. Ehrich, to reflect the fifteen-month period since the prior base salary review. The new base salaries determined by the Committee in February 2014 for Messrs. Pops, Frates and Cooke, Ms. Biberstein and Dr. Ehrich were therefore \$857,000, \$470,000, €476,148, \$460,620 and \$470,000, respectively.

Cash Performance Pay

In February 2014, the Committee reviewed our Company's performance against the Transition Period corporate objectives, the performance of each executive officer against such corporate objectives, and the target cash performance pay and cash performance pay range set by the Committee for each executive officer. The Committee determined that the cash performance pay for Mr. Pops for the Transition Period should be equal to \$1,236,000, which is equal to three quarters (to account for the shortened nine-month Transition Period) of 200% of his base salary. The cash performance pay for Mr. Pops was determined based on the Committee's assessment of the Company's and Mr. Pops' performance against the corporate objectives, the successful advancement of our proprietary product pipeline, the achievement of our financial objectives and the significant positive one year, three year and five year Company share price appreciation. In setting Mr. Pops' cash performance pay, the Committee also discussed data from Radford regarding cash performance pay for chief executive officers of our peer group companies.

Also, in February 2014, Mr. Pops presented to the Committee a performance evaluation of each of the other named executive officers, including an assessment of the contribution of each such named executive officer to the achievement of our corporate objectives, and his recommendations for cash performance pay amounts based on such evaluation. Based upon the achievement of our corporate objectives, the role played by each such named executive officer in achieving those objectives, the individual performance recommendations of Mr. Pops, and the target cash performance pay and cash performance pay ranges set by the Committee, the Committee determined and awarded cash performance pay for the Transition Period in an amount equal to, for Messrs. Frates and Cooke, Ms. Biberstein and Dr. Ehrich, approximately three-fourths (to account for the shortened nine-month Transition Period) of 74%, 135%, 95% and 95%, respectively, of their current base salaries.

All such amounts for our named executive officers are set forth in the Summary Compensation Table below.

Equity Incentives Stock Options and Restricted Stock Awards

In February 2014, after the close of the Transition Period, the Committee awarded equity grants for Transition Period performance. In determining the grant of equity to Mr. Pops, the Committee took into consideration comparable peer group data provided by Radford, the dollar value of equity awards, as determined using the Black-Scholes option pricing model and market prices for restricted stock unit awards, the similarly determined dollar value of previous equity awards, the overall equity position of Mr. Pops, the retention value of his overall equity position, the performance of the Company against corporate objectives, and the performance of Mr. Pops against the corporate objectives.

Based upon these factors, the Committee awarded Mr. Pops a stock option grant of 230,000 ordinary shares and a time-vesting restricted stock unit award of 52,000 ordinary shares. The stock options and time-vesting restricted stock unit awards vest in four equal annual installments commencing on the one-year anniversary of the grant date, subject to early vesting in certain instances described below in "*Potential Payments upon Termination or Change in Control.*"

The following table sets forth equity incentive awards earned by Mr. Pops based on his performance and the performance of our Company during the Transition Period and the period from April 1, 2012 to March 31, 2013.

	For Transition Period Performance (April 1, 2013 - December 31, 2013)	For Performance from April 1, 2012 to March 31, 2013
Richard F. Pops	Stock option grant of 230,000 ordinary shares, granted on March 3, 2014	Stock option grant of 300,000 ordinary shares, granted on May 28, 2013
	Time-vesting restricted stock unit award of 52,000 ordinary shares, granted on March 3, 2014	Time-vesting restricted stock unit award of 55,000 ordinary shares, granted on May 28, 2013

In 2014, after the close of the Transition Period, the Committee awarded equity grants to all other executive officers for performance during such period. The Committee considered the comparable peer group data provided by Radford, the dollar value of equity awards as determined using the Black-Scholes option pricing model and market prices for restricted stock awards, the similarly determined dollar value of previous equity awards, the performance of our Company against corporate objectives, the overall equity position of each of the executives, the retention value of that equity position, the recommendations of Mr. Pops based on his assessment of each individual's performance against corporate objectives and the criticality of that employee to the success of the Company and the continuity of key Company programs or functions. Based upon these factors, the Committee awarded the following equity grants to each of Messrs. Frates and Cooke, Ms. Biberstein and Dr. Ehrich: a stock option grant of 50,000, 90,000, 61,500 and 65,000 ordinary shares, respectively, and a time-vesting restricted stock unit award of 11,250, 21,000, 15,000 and 14,000 ordinary shares, respectively. Each of the stock option grants and time-vesting restricted stock unit awards vests in four equal annual installments commencing on the one-year anniversary of the grant date, subject to early vesting in certain instances such as death or permanent disability and other instances as described in "*Equity Incentives Stock Options, Restricted Stock Awards and Restricted Stock Unit Awards.*"

The Committee also considered the potential beneficial impact on shareholder return of combining the long-term incentive associated with time-vesting equity grants historically employed by the Company with the specific performance incentive associated with tying vesting of equity to key milestones in the Company's clinical-stage pipeline. After considering the risks and benefits of such performance-based equity awards, the Committee determined to grant all employees of the Company, including the executive officers, a performance-vesting restricted stock unit award. The Committee awarded performance-vesting restricted stock unit awards to Messrs. Pops, Frates and Cooke, Ms. Biberstein and Dr. Ehrich of 40,000, 10,000, 15,000, 10,000 and 10,000 ordinary shares, respectively. Under the terms of the performance-vesting restricted stock unit award designed by the Committee, 50% of the award will vest upon the occurrence of the earlier of: (i) FDA approval for aripiprazole lauroxil or (ii) the achievement of the prespecified primary endpoint in two phase 3 clinical studies of ALKS 5461, as such achievement is acknowledged by the Committee; provided that, if such vesting event occurs during the first year after grant, the vesting of the initial 50% of the performance-based restricted stock unit award will not occur until the one-year anniversary of the grant date. In order to build an added retentive component to the grant, the remaining 50% of the award will vest on the one-year anniversary of the vesting date of the initial portion. The a
