Dear Shareholder:

You are cordially invited to attend the 2015 Annual Meeting of Shareholders of The Dun & Bradstreet Corporation ("Dun & Bradstreet") on Wednesday, May 6, 2015, at 8:00 a.m. at The Hilton Short Hills, 41 JFK Parkway, Short Hills, New Jersey.

The Notice of Annual Meeting and Proxy Statement accompanying this letter more fully describes the business to be acted upon at the meeting. Our Annual Report on Form 10-K for the year ended December 31, 2014 is also attached.

Pursuant to rules adopted by the U.S. Securities and Exchange Commission, we are once again providing to our shareholders access to our proxy materials over the Internet. We continue to believe that this e-proxy process allows us to provide our shareholders with the information they need while lowering printing and mailing costs, reducing the environmental impact of our Annual Meeting and more efficiently complying with our obligations under the securities laws. On or about March 25, 2015, we mailed to our beneficial shareholders a Notice of Internet Availability of Proxy Materials containing instructions on how to access our 2015 Proxy Statement and Annual Report and vote online. Registered shareholders will be furnished a printed copy of the 2015 Proxy Statement and Annual Report by mail, unless they have opted for e-proxy access over the Internet.

Whether or not you plan to attend the meeting, your vote is important. In addition to voting in person, shareholders of record may vote via a toll-free telephone number or over the Internet. Shareholders who received a paper copy of the 2015 Proxy Statement and Annual Report by mail may also vote by completing, signing and mailing the enclosed proxy card promptly in the return envelope provided. If your shares are held in the name of a bank, broker or other holder of record, check your proxy card to see which of these options is available to you.

On behalf of our Board of Directors, thank you for your continued support of Dun & Bradstreet.

Sincerely,

Christopher J. Coughlin  
*Chairman of the Board*

On or about March 25, 2015, we mailed to our beneficial holders a Notice of Internet Availability of Proxy Materials containing instructions on how to access the proxy materials on the Internet, and we mailed to our registered shareholders a printed copy of the proxy materials. Our principal executive offices are located at 103 JFK Parkway, Short Hills, New Jersey 07078-2708, and our main telephone number is 973-921-5500. Dun & Bradstreet is listed on the New York Stock Exchange (NYSE) with the ticker symbol DNB.

**Notice of Internet Availability of Proxy Materials**

In accordance with the notice and access rule adopted by the U.S. Securities and Exchange Commission (SEC), we are making the proxy materials available to all of our shareholders on the Internet and our beneficial holders will receive a Notice of Internet Availability of Proxy Materials (Notice), containing instructions on how to access our proxy materials and how to vote on the Internet and by telephone. We are mailing to our registered shareholders a printed copy of our proxy materials, unless they have opted to receive a Notice containing instructions on how to access our proxy materials and how to vote on the Internet and by telephone. If you received a Notice and would like to receive a printed copy of our proxy materials, free of charge, you should follow the instructions for requesting such materials included in the Notice.

**Annual Meeting Admission**

To attend the Annual Meeting, you will need an admission ticket or other evidence of stock ownership as of the record date, which is March 11, 2015. Only shareholders as of the record date will be entitled to attend the meeting.

**Registered shareholders.** If you are a registered shareholder and you plan to attend the Annual Meeting in person, please bring your admission ticket attached to the proxy card or other evidence of stock ownership as of the record date.

**Beneficial holders.** If your shares are held in the name of a bank, broker or other holder of record (in "street name") and you plan to attend the Annual Meeting in person, please bring your Notice or other evidence of stock ownership as of the record date. You may also obtain an admission ticket in advance of the meeting by sending a written request, along with evidence of stock ownership as of the record date, such as a bank or brokerage account statement, to our Corporate Secretary at the address of our principal executive offices noted above. Please make such requests at least two weeks in advance of the Annual Meeting so that we may be able to accommodate your request.

**Who Can Vote**

Only shareholders of record at the close of business on March 11, 2015 are eligible to vote at the meeting. As of the close of business on that date, there were 36,031,249 shares of our common stock outstanding.

Table of Contents

**How to Vote**

In addition to voting in person at the meeting, shareholders of record can vote by proxy by calling a toll-free telephone number, by using the Internet or, for shareholders who received a printed copy of the proxy materials, by mailing a completed and signed proxy card. The telephone and Internet voting procedures are designed to authenticate shareholders' identities, to allow shareholders to give their voting instructions and to confirm that shareholders' instructions have been recorded properly. Shareholders voting by telephone or the Internet should understand that there may be costs associated with voting in these manners, such as usage charges from telephone companies and Internet service providers, which must be borne by the shareholder.

A proxy card that is signed and returned by a shareholder of record without specifications marked in the instruction boxes will be voted in accordance with the recommendations of the Board, as outlined in this proxy statement. If any other proposals are properly brought before the meeting and submitted to a vote, all proxies will be voted on those other proposals in accordance with the judgment of the persons voting the proxies.

Specific voting instructions are set forth below and can also be found on the Notice and on the proxy card. If you received more than one Notice or proxy card, your shares are registered in more than one name or are registered in different accounts. Please follow the voting instructions included in each Notice and proxy card to ensure that all of your shares are voted.

***Registered Shareholders***

*Vote by Telephone.* Registered shareholders can vote by calling toll-free at 800-690-6903. Voice prompts allow you to vote your shares and confirm that your instructions have been properly recorded.

*Vote on the Internet.* Registered shareholders can vote on the Internet at the website [www.proxyvote.com](http://www.proxyvote.com). As with telephone voting, you can confirm that your instructions have been properly recorded.

*Vote by Mail.* Registered shareholders can vote by mail by simply indicating your response on your proxy card, dating and signing it, and returning your proxy card in the postage-paid envelope provided. If the envelope is missing, please mail your completed proxy card to The Dun & Bradstreet Corporation, c/o Broadridge Financial Solutions, Inc., 51 Mercedes Way, Edgewood, New York 11717.

***Beneficial Holders***

If your shares are held in street name, the Notice mailed to you from the organization that is the record owner of your shares contains instructions on how to vote your shares. Beneficial holders that received a printed copy of the proxy materials may complete and mail the proxy card or may vote by telephone or over the Internet as instructed in the proxy card by the organization that is the record owner of your shares. For a beneficial holder to vote in person at the Annual Meeting, you must obtain a legal proxy from the record owner.

**Revocation of Proxies**

A shareholder of record may revoke a proxy at any time before the vote is taken at the Annual Meeting by sending written notice of the revocation to our Corporate Secretary at The Dun & Bradstreet Corporation, 103 JFK Parkway, Short Hills, New Jersey 07078-2708, by submitting another proxy that is properly signed and bears a later date, or by voting in person at the meeting. All properly executed proxies not revoked will be voted at the meeting in accordance with their instructions.

**Voting Shares in the Dun & Bradstreet Plans**

If you are a current or former Dun & Bradstreet employee who currently holds Dun & Bradstreet shares in your name in the Dun & Bradstreet Common Stock Fund of The Dun & Bradstreet Corporation 401(k) Plan, referred to as the 401(k) Plan, or a current or former Moody's Corporation employee who holds Dun & Bradstreet shares in your name in the Moody's Corporation Profit Participation Plan (currently sponsored by Moody's Corporation), referred to as the PPP, you are entitled to give voting instructions for the shares held in your account. If you receive a printed copy of the proxy materials by mail, you will receive only one proxy card for all of the Dun & Bradstreet shares you hold in the 401(k) Plan and PPP. Your proxy card will serve as a voting instruction card for the plans' trustees. However, most active Dun & Bradstreet employees who have shares in the 401(k) Plan will receive an e-mail containing instructions on how to access our proxy materials and how to vote such shares on the Internet.

If you do not vote your shares or specify your voting instructions on your proxy card, the applicable plan's trustee will vote your shares in the same proportion as the shares for which voting instructions have been received from other participants of the 401(k) Plan and PPP, except as otherwise required by law. To allow sufficient time for voting by the trustee of each plan, your voting instructions must be received by the applicable trustee by May 3, 2015.

If you are a current or former Dun & Bradstreet employee who currently holds Dun & Bradstreet shares in the Dun & Bradstreet Employee Stock Purchase Plan, or ESPP, you are considered a beneficial holder as described above and should follow the voting instructions provided in the Notice sent to you by the ESPP plan administrator.

**List of Shareholders**

The names of registered shareholders of record entitled to vote at the Annual Meeting will be available for inspection at the Annual Meeting and, for ten days prior to the meeting, at the office of our Corporate Secretary at The Dun & Bradstreet Corporation, 103 JFK Parkway, Short Hills, New Jersey 07078-2708.

**Householding Information**

We have adopted a procedure approved by the SEC called householding. Under this procedure, shareholders of record who have the same address and last name and do not participate in electronic delivery of proxy materials will receive only one copy of our Proxy Statement and Annual Report, unless one or more of the shareholders at that address notifies us that they wish to continue receiving individual copies. We believe this procedure provides greater convenience to our shareholders, saves money by reducing our printing and mailing costs, and reduces the environmental impact of our Annual Meeting.

If you and other shareholders of record with whom you share an address and last name currently receive multiple copies of our Proxy Statement and Annual Report and would like to participate in our householding program, please contact Broadridge Financial Solutions by calling toll-free at 800-542-1061, or by writing to Broadridge Financial Solutions, Inc., Householding Department, 51 Mercedes Way, Edgewood, New York 11717. Alternatively, if you participate in householding and wish to revoke your consent and receive separate copies of our Proxy Statement and Annual Report, please contact Broadridge, as described above.

A number of brokerage firms have instituted householding. If you hold your shares in street name, please contact your bank, broker or other holder of record to request information about householding.

**Proxy Solicitation**

Our directors, officers and employees may solicit proxies on our behalf by communicating with shareholders personally or by telephone, facsimile, e-mail, mail or other forms of social media. We have also retained the firm of Morrow & Co., LLC, 470 West Ave., Stamford, Connecticut 06902, to assist in the solicitation of proxies for a fee estimated at \$10,500 plus expenses. We will pay all expenses related to such solicitations of proxies. Dun & Bradstreet and Morrow & Co. will request banks and brokers to solicit proxies from their customers, where appropriate, and we will reimburse them for reasonable out-of-pocket expenses.

**Quorum and Voting Requirements**

Our by-laws provide that a majority of the shares issued, outstanding and entitled to vote, whether present in person or represented by proxy, constitutes a quorum at meetings of shareholders. Abstentions and broker non-votes are counted for purposes of establishing a quorum. A broker non-vote occurs when a broker holding shares for a beneficial owner does not vote on a particular proposal because the broker has not received instructions from the beneficial owner and does not have discretionary voting power for that particular matter. Brokers are permitted by the NYSE to vote shares without instructions from beneficial owners on routine matters, which includes only Proposal No. 2 (ratification of the appointment of our independent registered public accounting firm for 2015), as discussed below.

**This means that for all proposals except Proposal No. 2, brokers may not vote your shares in the absence of your specific instructions as to how to vote. Please return your proxy card so your vote can be counted.**

Election of directors (Proposal No. 1) shall be determined by a majority of the voting power present in person or represented by proxy and entitled to vote on the matter. *For purposes of this proposal, a majority of the voting power present means that the number of shares voted "for" a director must exceed the number of shares voted "against" that director.* As a result, shares present in person or by proxy at the meeting for which the shareholder has abstained from voting for a nominee, and shares not voted for a nominee as a result of broker non-votes, will not be counted as voting for or against that nominee's achievement of a majority. If a current director is not re-elected, the director shall offer to tender his or her resignation to the Board. The Board Affairs Committee will make a recommendation to the Board on whether to accept or reject the resignation, or whether other action should be taken. The Board will act on the Committee's recommendation and publicly disclose its decision and the rationale behind it within 90 days from the date of the certification of the election results. The director who tenders his or her resignation will not participate in the Board's decision.

The remaining items submitted to shareholders for vote (Proposal Nos. 2 - 6) shall each be determined by the affirmative vote of the holders of a majority of the voting power present in person or represented by proxy at the meeting and entitled to vote on the applicable matter. As a result, shares present in person or by proxy at the meeting for which the shareholder has abstained from voting with respect to any such matter will effectively count as votes against such matter. Broker non-votes with respect to any matter will not count as present and entitled to vote on such matter.

**CORPORATE GOVERNANCE**

**Board of Directors**

Dun & Bradstreet's Board currently consists of ten members, all of whom are independent except for Robert P. Carrigan, our President and Chief Executive Officer (President and CEO). The objective of our Board is to conduct our business activities so as to enhance shareholder value. Our Board believes that good corporate governance practices support successful business performance and thus the creation of shareholder value. To institutionalize the Board's view of governance, our Board has adopted Corporate Governance Principles. These principles, which were last reviewed in December 2014, cover Board composition and performance (*e.g.*, director independence, qualifications of directors, outside directorships and committee service, selection of director nominees, director orientation and continuing education), the relationship of the Board with senior management (*e.g.*, attendance of non-directors at Board meetings and Board access to senior leadership), Board meetings, Board committee review and management review.

The Board has four standing committees: the Audit Committee, the Board Affairs Committee, the Compensation & Benefits Committee (C&BC) and the Innovation & Technology Committee (I&TC). Each Board committee has its own charter setting forth its purpose and responsibilities, including, where applicable, those required by the NYSE listing standards. Each of the committees and their charters are described in more detail below.

Our Corporate Governance Principles and the charters of each of our committees of the Board are available in the Investor Relations section of our website (<http://investor.dnb.com>).

**Leadership Structure of the Board.** Our Board is currently led by our independent Chairman of the Board (Chairman), Christopher J. Coughlin.

Our Board considers independent leadership as critical for board effectiveness. Accordingly, the Company's Corporate Governance Principles provide that in the event the Chairman is not an independent director, the Board will appoint an independent Lead Director. If appointed, the Lead Director (i) presides over the non-management executive sessions of the Board, (ii) collects feedback from Board meetings and provides it to the CEO, (iii) may call a meeting of the non-management directors at any time, (iv) leads the annual CEO evaluation process, and (v) performs such other responsibilities as the Board may from time to time delegate to assist the Board in performing its responsibilities. If an independent director serves as Chairman, as is the case now, there is no requirement for a separate Lead Director.

**The Board's Role in Risk Oversight.** The Board oversees the Company's risk profile and management's processes for assessing and managing risks, both as a full Board and through its committees. The Board reviews strategic risks. Risk oversight of non-strategic risks are delegated based upon the expertise of certain committees that periodically report risk oversight activities to the Board. Specifically, the Board has delegated to the Audit Committee, the Board Affairs Committee, the C&BC and the I&TC, responsibilities related to risk oversight as described herein.

The Audit Committee oversees the Company's major financial, legal, regulatory and compliance risk exposures. In addition, the Audit Committee oversees, and reviews with the internal auditors and management, the Company's enterprise risk management process, including the prioritization of the identified risks and management's mitigation plans. As part of the enterprise risk management process to identify and prioritize risks to the Company, management uses the applicable framework set forth by the Committee of Sponsoring Organizations of the Treadway Commission (COSO), which analyzes

Table of Contents

enterprise risks from the standpoint of a company's strategic, operational, compliance and financial reporting objectives.

Particular members of management provide updates to or report to the Audit Committee as follows:

The Leader of Internal Audit and Enterprise Risk reports both to the Chief Financial Officer and the Chairman of the Audit Committee. On a quarterly basis, the Audit Committee reviews and discusses with the Leader of Internal Audit and Enterprise Risk the Company's internal system of audit and financial controls, internal audit plans and the periodic report of audit activities.

The Principal Accounting Officer and Corporate Controller reports to the Chief Financial Officer and discusses financial controls with the Audit Committee in his capacity as leader of the Company's Sarbanes-Oxley controls. On a quarterly basis, the Principal Accounting Officer and Corporate Controller reviews progress on control testing and mitigation of any identified risks with the Audit Committee.

The Chief Compliance Officer reports to the Chief Legal Officer and provides updates (at least quarterly) to the Audit Committee on compliance risks and controls.

In addition, at least quarterly, the Audit Committee meets in private sessions separately with each of the Leader of Internal Audit and Enterprise Risk, the Chief Financial Officer and the Company's independent registered public accounting firm. Periodically, the Audit Committee also meets privately with the Principal Accounting Officer and Corporate Controller and the Chief Compliance Officer.

Periodically, the Board Affairs Committee may review the Company's policies and programs related to (i) political actions and legislative affairs, (ii) employee health and safety, (iii) equal employment opportunity, and (iv) charitable contributions.

Each year, the C&BC reviews with management the compensation policies and practices of the Company, including those applicable to non-executive officers, to determine the extent to which risks arising from the Company's compensation policies and practices are reasonably likely to have a material adverse effect on the Company. The compensation-related risk analysis considers the major components of compensation and compensation-related policies at the Company and how each may impact risk-taking activities by employees. The analysis is prepared by management and reviewed and agreed upon by an interdisciplinary management team comprised of senior leaders from finance, internal audit and enterprise risk, sales operations, legal, human resources and compensation. In addition, the C&BC's independent executive compensation consultant, Meridian Compensation Partners (Meridian), as well as the Company's external legal counsel, reviewed and provided feedback on the analysis. Based on this analysis, the C&BC agreed with management that the risks arising from our compensation policies and practices are not reasonably likely to have a material adverse effect on the Company.

The I&TC reviews with management the commercial risks of the Company's technology infrastructure and platforms, including marketplace and financial risks and information technology security risks. For example, management reviews with the I&TC the progress of the implementation of our technology investments.

Each of the Audit Committee, Board Affairs Committee, C&BC and I&TC periodically reports to the Board on any such matters under review, as appropriate.

Table of Contents

**Independence of the Board and Committees**

Our Corporate Governance Principles require that at least two-thirds of the Board meet the criteria for independence established by the NYSE and applicable laws. After considering all relevant facts and circumstances, our Board has determined that each of its members except Robert P. Carrigan, our President and CEO, is independent under the NYSE listing standards and applicable laws. Our Board has also determined that each member of the Audit Committee, the Board Affairs Committee, the C&BC and the I&TC is independent under the NYSE listing standards and applicable laws (although I&TC member independence is not required because it is not a NYSE-required committee).

Pursuant to NYSE rules, a director is not independent if the director is, or has been within the last three years, an employee of the Company. In addition, for a director to be considered independent, the Board must affirmatively determine that the director has no material relationship with the Company (either directly or indirectly, such as a partner, shareholder or officer of an organization that has a relationship with the Company). Our Corporate Governance Principles set forth categorical standards to assist the Board in determining what constitutes a material relationship with the Company. Generally, under these categorical standards, a director shall not be deemed to have a material relationship with the Company that impairs the director's independence solely as a result of any of the following relationships:

the director is the beneficial owner of less than 5% of our outstanding equity interests;

the director is an officer or other employee of an entity, or his or her immediate family member is an executive officer (as defined in Section 303A.02 of the NYSE listing standards) of an entity that, in either case, has received payments from us for property or services or has made payments to us for property or services and the amount of such payments in each of the last three fiscal years is less than the greater of (i) \$1 million, or (ii) 2% of the entity's consolidated gross revenues (as such term is construed by the NYSE for purposes of Section 303A.02(b)(v));

**Board Meetings**

Our Board held 8 meetings in 2014, with no director attending fewer than 75% of the aggregate number of meetings of the Board and of the committees of the Board on which he or she served.

Table of Contents

The Corporate Secretary, together with the Chairman, drafts the agenda for each Board meeting and distributes it to the Board in advance of each meeting. Each Board member is encouraged to suggest items for inclusion on the agenda.

Information and data that are important to the Board's understanding of the business and of scheduled agenda items are distributed sufficiently in advance of each Board meeting to give the directors a reasonable opportunity for review.

Our non-management directors meet in regularly scheduled executive sessions without members of management. Our Chairman, Christopher J. Coughlin, presides over executive sessions of the Board. Mr. Coughlin has served as the Chairman since October 2013. Prior to that, Mr. Coughlin served as our Lead Director since August 2010. The non-management directors held six executive sessions of the Board in 2014. More information relating to Mr. Coughlin's responsibilities as Chairman can be found under the "Leadership Structure of the Board" section of this proxy statement.

**The Audit Committee.** Under the terms of its charter, the Audit Committee's primary function is to appoint annually the independent registered public accounting firm and to assist the Board in the oversight of:

the integrity of our financial statements and internal controls over financial reporting;

the independent registered public accounting firm's qualifications and independence;

the performance of our internal audit function and independent registered public accounting firm; and

our compliance with legal and regulatory requirements.

A copy of the Audit Committee's charter can be found in the Investor Relations section of our website (<http://investor.dnb.com>). The Report of the Audit Committee can be found under the "Audit Committee Information" section of this proxy statement.

Table of Contents

Our Board has reviewed the qualifications and experience of each of the Audit Committee members and determined that all members of the Audit Committee are "financially literate" as required by the NYSE listing standards.

Our Board has also determined that James N. Fernandez qualifies as an "audit committee financial expert" as that term has been defined by the rules of the SEC and has "accounting or related financial management expertise" within the meaning of the NYSE listing standards.

**The Board Affairs Committee.** Under the terms of its charter, the Board Affairs Committee's primary responsibilities include:

identifying individuals qualified to become Board members;

recommending candidates to fill Board vacancies and newly created director positions;

recommending whether incumbent directors should be nominated for re-election to the Board upon expiration of their terms;

developing and recommending to the Board a set of corporate governance principles applicable to the Board; and

overseeing the evaluation of the Board.

A copy of the Board Affairs Committee charter can be found in the Investor Relations section of our website (<http://investor.dnb.com>).

In accordance with our Corporate Governance Principles and the Board Affairs Committee charter, the Board Affairs Committee oversees the entire process of selection and nomination of Board nominees, including screening candidates for directorships in accordance with the Board-approved criteria described below. The Board Affairs Committee, with input from the Chairman, will identify individuals believed to be qualified to become Board members. The Board Affairs Committee solicits candidates from its current directors and, if deemed appropriate, retains for a fee, one or more third party search firms to identify and help evaluate candidates. The Board Affairs Committee will recommend candidates to the Board to fill new or vacant positions based on such factors as it deems appropriate, including independence, potential conflicts of interest (including any affiliation with an entity that competes or appears to compete with the Company), professional experience, personal character, integrity, diversity, outside commitments (*e.g.*, service on other boards) and particular areas of expertise all within the context of the needs of the Board. The Board Affairs Committee does not use a formula for these factors, including diversity, but instead applies its judgment based on the needs of the Company.

The Board Affairs Committee will also consider director nominees recommended by our shareholders. Any shareholder wishing to propose a future nominee for consideration by the Board Affairs Committee may nominate persons for election to the Board if such shareholder complies with the notice procedures set forth in our by-laws and summarized under the "Shareholder Proposals for the 2016 Annual Meeting" section of this proxy statement. The Board Affairs Committee uses the same criteria described above to evaluate nominees recommended by our shareholders.

No individuals were proposed for nomination by any shareholders in connection with this proxy statement or the 2015 Annual Meeting of Shareholders.

***The Compensation & Benefits Committee.*** Under the terms of its charter, the primary function of the C&BC is to discharge the Board's responsibilities relating to compensation of our President and CEO and our other executive officers. Among other things, the C&BC:

Evaluates the CEO's performance and reviews with the CEO the performance of other executive officers;

Establishes, reviews, approves and revises our plans, policies, programs, arrangements and procedures for compensating our executive officers;

Has oversight responsibility for the administration of our employee benefit plans, policies, programs, arrangements and procedures for compensating our executive officers, excluding those that are tax-qualified retirement plans subject to the Employee Retirement Income Security Act of 1974, as amended;

Recommends to the Board for approval the adoption, rescission and amendment of all cash incentive compensation and equity-based incentive plans in which executive officers participate, as well as all other equity-based plans that require the approval of shareholders or as otherwise required by law;

Oversees the evaluation of management, including CEO succession planning and management development;

Administers our equity-based plans and cash incentive plans that specifically provide for administration by the C&BC; and

Reviews the non-employee director compensation program, recommending any changes to the Board for approval.

The C&BC may, in its discretion, delegate all or a portion of its duties and responsibilities to a subcommittee and, to the extent permitted by applicable plans, laws or regulations (including NYSE listing standards), to any other body, individual or management. A copy of the C&BC charter can be found in the Investor Relations section of our website (<http://investor.dnb.com>).

The C&BC has appointed the following committees comprised of employees of the Company to perform certain settlor, fiduciary and administrative responsibilities for our employee benefit plans, provided such actions do not impact the compensation of the executive officers of the Company for whom the C&BC has direct responsibility:

The Plan Benefits Committee, which has settlor powers with respect to employee benefit plan design changes, except that the Plan Benefits Committee cannot take any action with respect to an employee benefit plan or create or terminate an employee benefit plan if it would result in an annual financial impact to the Company of greater than \$1 million. In addition, the Plan Benefits Committee does not have authority to take any actions that are solely within the province of the Plan Administration Committee or the Qualified Plan Investment Committee (which is a management committee responsible for the finance and investments of the Company's tax-qualified retirement plans).

The Plan Administration Committee, which has fiduciary and administrative powers under the employee benefit plans, with the exception that the Plan Administration Committee has no responsibility with respect to any aspect of the Company's tax-qualified retirement plans.

Table of Contents

The C&BC has also delegated to our CEO the authority to make limited grants under our equity-based compensation plans to non-executive officers. A detailed description of our processes and procedures for the determination of compensation for our executive officers and directors, including the role of the C&BC, our independent compensation consultant and our CEO in determining or recommending the amount or form of compensation, is included in the "Compensation Discussion & Analysis" section of this proxy statement.

In addition to the independence standards described above, in determining the composition of the C&BC, our Board considered all factors specifically relevant to determining whether each member of the C&BC has a relationship to Dun & Bradstreet that is material to the director's ability to be independent from management, including (i) the source of the director's compensation, including any consulting, advisory or other compensatory fees paid by us, and (ii) whether the director has an affiliate relationship with Dun & Bradstreet, one of our subsidiaries or an affiliate of a subsidiary. The Board concluded that no member of the C&BC has a relationship that would impair a director's ability to make independent judgments about the Company's executive compensation.

The C&BC has retained the services of an independent compensation consultant. The mandate to the consultant is to work for the C&BC in connection with its review of executive and non-employee director compensation practices, including the competitiveness of executive pay levels, executive incentive design issues, market trends in executive compensation and technical considerations. The nature and scope of services rendered by the consultant on the C&BC's behalf are described below:

Competitive market pay analyses for executive positions, non-employee director pay studies, proxy data studies, dilution analyses, and market trends in executive and non-employee director compensation;

Pay for performance analyses and commentary on risk in the Company's executive pay programs;

Ongoing support with regard to the latest relevant regulatory, governance, technical, and/or financial considerations impacting executive compensation and benefit programs;

Assistance with the design of executive compensation or benefit programs, as needed; and

Preparation for and attendance at C&BC and selected management or Board meetings.

The C&BC's independent executive compensation consultant is Meridian. Meridian's services to the Company are limited to advising the C&BC with respect to executive officer and director compensation. The C&BC reviews and evaluates the independence of its consultant each year and has the final authority to hire and terminate the consultant. In considering Meridian's independence, the C&BC reviewed numerous factors relating to Meridian and the individuals actually providing services to Dun & Bradstreet, including those required by the SEC and the NYSE. Based on a review of these factors, the C&BC has determined that (i) Meridian is independent and (ii) Meridian's engagement presents no conflicts of interest.

***The Innovation & Technology Committee.*** Under the terms of its charter, the primary function of the I&TC is to review our approach to information technology and innovation, including:

the information technology platforms required to enable customer centric innovation, cost effective organic growth and competitive advantage with respect to M&A opportunities;

Table of Contents

the process and approach required to drive product innovation such as customer research, design and product development to enable customer success;

advising the innovation and technology senior management team as may be needed in connection with the I&TC's duties and responsibilities outlined above; and

assisting the Board in fulfilling its oversight responsibilities regarding the Company's information technology and innovation.

In addition, the I&TC reviews with management the commercial risks of the Company's technology infrastructure and platforms, including marketplace and financial risks and information technology security risks. The I&TC may also delegate all or a portion of its duties and responsibilities to a subcommittee or, to the extent otherwise permitted by applicable laws or regulations, to any other body, individual or management. A copy of the I&TC charter can be found in the Investor Relations section of our website (<http://investor.dnb.com>).

**Communications with the Board and Audit Committee**

We have a process in place that permits shareholders and other interested persons to communicate with our Board through its independent Chairman, Christopher J. Coughlin, and with the Audit Committee through its Chairman, James N. Fernandez. To report complaints about our accounting, internal accounting controls or auditing matters, shareholders and other interested persons should write to the Dun & Bradstreet Audit Committee Chairman, care of our third party compliance vendor, at: AlertLine, NAVEX Global, Inc., 13950 Ballantyne Corporate Place, Suite 300, Charlotte, North Carolina 28277. To report all other concerns to the non-management directors, shareholders and other interested persons should write to the Chairman of the Board, care of AlertLine, NAVEX Global, Inc., at the address noted above. Communications that are not specifically addressed as indicated above will be provided to the Chairman of the Board. Concerns can be reported anonymously by not including a name and/or contact information, or confidentially by marking the envelope containing the communication as "Confidential." All communications received by AlertLine will be sent first to our internal compliance officer, who will forward them on to the applicable director after review. The compliance officer will not forward non-substantive communications that are unrelated to the duties and responsibilities of the Board, such as: spam, business solicitations or advertisements, resumes, product related inquiries, junk mail or mass mailings, service complaints or inquiries, personal grievances, any threatening or hostile communications or similarly unsuitable communications. As appropriate, such items may be redirected to internal management for investigation, resolution and/or response. These instructions can also be found in the Corporate Governance information maintained in the Investor Relations section of our website (<http://investor.dnb.com>).

**Attendance at Annual Meetings**

We expect directors to be available to attend our Annual Meeting. All of our directors attended our 2014 Annual Meeting of Shareholders, except for one director who was absent due to a scheduling conflict.

**Service on Multiple Audit Committees**

Our Corporate Governance Principles prohibit our Audit Committee members from serving as members of more than two other public company audit committees without the Board's approval. Any determination by the Board approving of service on more than two other public company audit

committees will be disclosed in our annual proxy statement. No Audit Committee member currently serves on the audit committee of more than two other public companies.

**Related Persons Transactions and Approval Policy**

Our Board recognizes that related persons transactions present a heightened risk of conflicts of interest and therefore has adopted a written policy to be followed in connection with all related persons transactions involving Dun & Bradstreet.

Under this policy, the Board has delegated to the Board Affairs Committee the responsibility for reviewing certain related persons transactions in excess of \$120,000, in which the related person may have a direct or indirect interest. The Board has empowered the Corporate Secretary to review all related persons transactions in excess of \$120,000 and to present to the Board Affairs Committee for approval those transactions in which the related person is reasonably likely to have a direct or indirect material interest. For purposes of this policy, a transaction includes, but is not limited to, any financial transaction, arrangement or relationship (including any guarantee of indebtedness) or any series of similar transactions, arrangements or relationships.

In approving related persons transactions, the Board Affairs Committee shall determine whether each related persons transaction referred to the Board Affairs Committee was the product of fair dealing and whether it was fair to Dun & Bradstreet.

Under this policy, we review our records and inquire of our directors and executive officers to identify any person who may be considered a related person. Using this information, we search our books and records for any related persons transactions that involve amounts, individually or in the aggregate, that exceed \$120,000.

**Promoters and Control Persons**

There are no reportable transactions pursuant to this requirement.

**Compensation Committee Interlocks and Insider Participation**

None of the members of our C&BC are, or have been, an employee or officer of Dun & Bradstreet. During fiscal year 2014, no member of our C&BC had any relationship with Dun & Bradstreet requiring disclosure under Item 404 of Regulation S-K, the SEC rule regarding disclosure of related persons transactions. During fiscal year 2014, none of our executive officers served on the compensation committee or equivalent or board of directors of another entity whose executive officer(s) served as a director of Dun & Bradstreet or as a member of our C&BC.

**Code of Conduct**

We have adopted a Code of Conduct that applies to all of our directors, officers and employees (including our CEO, Chief Financial Officer, and Principal Accounting Officer and Corporate Controller) and have posted the Code of Conduct in the Investor Relations section of our website (<http://investor.dnb.com>). We intend to satisfy the disclosure requirement under Item 5.05 of Form 8-K, if any, relating to amendments to or waivers from any provision of our Code of Conduct applicable to our CEO, Chief Financial Officer, and Principal Accounting Officer and Corporate Controller by posting this information on our website.

**COMPENSATION OF DIRECTORS**

**Overview of Non-employee Director Compensation**

For 2014, our non-employee directors' total compensation program consisted of both cash and equity-based compensation awards as follows:

Annual cash retainer of \$70,000;

Additional annual cash retainer for each Committee Chairman of \$20,000;

Additional cash retainer of \$100,000 per year for the Non-executive Chairman; and

Annual grant of restricted stock units, or RSUs, with a value of approximately \$120,000.

Cash compensation was paid in semi-annual installments in 2014. No separate fees are paid for attendance at Board or Committee meetings. The RSU grant is made on the date of the Annual Meeting of Shareholders.

In addition, non-employee directors may elect to defer all or a portion of their annual cash retainer(s) into our Non-employee Directors' Deferred Compensation Plan. Directors who defer their cash retainers into the Dun & Bradstreet Common Stock Fund under the plan receive a 10% premium payment credited to their account. This premium as well as the base deferral amount must remain invested in the Dun & Bradstreet Common Stock Fund for a period of at least three years from the date these amounts are initially credited to the non-employee director's account. RSU awards may also be voluntarily deferred into our Non-employee Directors' Deferred Compensation Plan. RSUs are credited with dividend equivalents while deferred.

Upon joining the Board, each new non-employee director receives a one-time stock option grant with a grant date fair market value of approximately \$35,000. The number of options is based on a modified Black-Scholes methodology. These stock options vest in full one year from the date of grant. In addition, each new non-employee director receives a pro rata allocation of the other components of the total compensation program as described above.

Non-employee directors are also provided with the following benefits:

Reimbursement for reasonable Company-related travel;

Director continuing education and other expenses;

Travel accident insurance when traveling on Company business;

Personal liability insurance; and

Participation in our charitable matching gift program of up to \$4,000 per calendar year.

Only non-employee directors receive compensation for serving on the Board. A director who is also an employee of the Company receives no additional compensation for serving as a director.

**Stock Ownership Guidelines**

Non-employee directors are required to hold at least 50% of all equity obtained through the non-employee director compensation program throughout their tenure as directors of Dun & Bradstreet, including net shares acquired upon the exercise of stock options.

Table of Contents

The following table summarizes the compensation paid to our non-employee directors in 2014:

**Non-employee Director Compensation Table**

James N. Fernandez	90,000	119,953		32,872	242,825
Paul R. Garcia	83,013	119,953		10,364	213,330

Thomas J. Manning	70,000	119,953		2,720	192,673
Sandra E. Peterson	90,000	119,953		21,092	231,045
Judith A. Reinsdorf	70,000	119,953		6,720	196,673

- (1) In addition to the \$70,000 annual cash retainer for each non-employee director, the following non-employee directors earned additional fees for serving as Chairman of the Board or as a Committee Chairman: Mr. Coughlin \$120,000 (includes \$20,000 for serving as Chairman of the Board Affairs Committee and \$100,000 for serving as non-executive Chairman of the Board); Mr. Alden \$10,000 (for partial year service as Chairman of the C&BC); Mr. Fernandez \$20,000 (for serving as Chairman of the Audit Committee); Mr. Garcia \$13,013 (for pro rata service as Chairman of the C&BC); and Ms. Peterson \$20,000 (for serving as Chairman of the I&TC). Mr. Alden received the full first installment (out of two installments) of the annual cash retainer since he completed his service with our Board on May 7, 2014. Mr. Crovitz received a pro rata annual cash retainer as he joined our Board on July 14, 2014.
- (2) Amounts shown represent the aggregate grant date fair value as calculated under generally accepted accounting principles in the United States of America (GAAP), without regard to forfeiture assumptions. For more information on how we value stock-based awards (including all assumptions made in such valuation), refer to "Note 11. Employee Stock Plans" in the "Notes to Consolidated Financial Statements" in our Annual Report on Form 10-K for the fiscal year ended December 31, 2014. The amounts shown cannot be considered predictions of future value. These assumptions may or may not be fulfilled.
- (3) The annual equity grants were reviewed by the C&BC and were made on the date of the Annual Meeting of Shareholders. With the exception of Mr. Crovitz, each non-employee director was granted 1,141 RSUs on May 7, 2014. The number of RSUs is based on the mean of the high and low trading prices of our common stock on the date of grant. Mr. Crovitz was granted a pro rata number of RSUs (878) in conjunction with his appointment to our Board on July 14, 2014.
- On May 7, 2014, the per share grant date fair value was \$105.13. Therefore, excluding dividend equivalent units, the total full fair value for RSUs granted to each non-employee director in 2014, with the exception of Mr. Crovitz, was approximately \$119,953. Mr. Crovitz received a pro rata grant on July 14, 2014, valued at approximately \$97,243 with a per share grant date fair value of \$110.755. These RSUs vest in full on the earlier of (i) immediately prior to the next year's Annual Meeting of Shareholders or (ii) the director's separation from service with the Board due to death or disability, and are payable in shares of our common stock as of the separation from service date. If the director separates from service with the Board due to retirement, the award is prorated and payable in shares of our common stock as of the retirement date. Directors are credited with dividend equivalents with respect to the RSUs prior to settlement.
- In addition, the following non-employee director was granted shares in 2014, reflecting payment of dividend equivalent units with respect to RSUs whose restrictions had lapsed in 2014, as follows:

Director	Date	Number of Shares
John W. Alden	2/9/2014	80
	5/7/2014	91

## Edgar Filing: DUN & BRADSTREET CORP/NW - Form PRE 14A

Dividend equivalent units vest in full when the restrictions on the corresponding RSUs lapse. The value of the dividend equivalent units paid with respect to RSUs is reported in the All Other Compensation column. The amount shown represents the value of all dividend equivalent units credited in 2014.

(4)

On July 14, 2014, we granted Mr. Crovitz 1,340 stock options with an exercise price of \$110.755. The exercise price for this grant was equal to the fair market value of our common stock on the applicable grant date (*i.e.*, the mean of the high and low trading prices). This grant of stock options to Mr. Crovitz was in recognition of his appointment to our Board as a non-employee director. The stock options vest in full on the first anniversary of the date of grant. Stock options not yet

Table of Contents

vested terminate upon the director's termination of service, except that if the director's service terminates by reason of death, disability or retirement before the first anniversary, a pro rata portion of such stock options vest as of the termination date. Generally, all stock option grants expire ten years from the date of grant.

- (5) Two non-employee directors, Messrs. Coughlin and Fernandez, elected to defer all of their 2014 cash retainers into the Dun & Bradstreet Common Stock Fund under our Non-employee Directors' Deferred Compensation Plan. The directors received a 10% premium on such deferred amounts. The 10% premiums are credited as additional deferrals under the Dun & Bradstreet Common Stock Fund. The premiums as well as the base deferral amounts must remain invested in the Dun & Bradstreet Common Stock Fund for a period three years from the date these amounts are initially credited to the non-employee director's account. The amounts shown include this 10% premium as follows: Mr. Coughlin \$19,000 and Mr. Fernandez \$9,000.
- (6) The amounts shown for Messrs. Alden, Coughlin and Garcia, and Meses. Peterson and Reinsdorf include a matching gift of \$4,000, made pursuant to the Dun & Bradstreet Corporate Giving Program available to all of our employees and directors.
- (7) The amounts shown also include the value of all dividend equivalent units credited in 2014. In 2014, the Company paid a quarterly dividend of \$0.44 per share. The value of all dividend equivalent units equals the number of RSUs as of the record date multiplied by the quarterly dividend. The resulting value is then divided by the fair market value of our common stock on the dividend payment date to arrive at the number of dividend equivalent units to be credited. In 2014, the total value of all dividend equivalent units credited to our non-employee directors was as follows:

Name	Value of RSU Dividend Equivalent Credit (\$)
Christopher J. Coughlin <i>Chairman of the Board</i>	23,016
Austin A. Adams	17,990
John W. Alden	1,341
L. Gordon Crovitz	774
James N. Fernandez	23,872
Paul R. Garcia	6,364
Anastassia Lauterbach	2,328
Thomas J. Manning	2,720
Sandra E. Peterson	17,092
Judith A. Reinsdorf	2,720

As of December 31, 2014, the aggregate number of stock awards (including units held in the Dun & Bradstreet Common Stock Fund under our Non-employee Directors' Deferred Compensation Plan) and stock options outstanding for each non-employee director was as follows:

**Equity Awards Outstanding as of December 31, 2014**

	Stock Awards (#)	Option Awards (#)
Christopher J. Coughlin <i>Chairman of the Board</i>	12,406	7,006
Austin A. Adams	9,881	4,015

The Audit Committee has reviewed and discussed with management and our independent registered public accountant, PricewaterhouseCoopers LLP, the Company's Annual Report on Form 10-K, which includes the Company's audited consolidated financial statements for the year ended December 31, 2014.

The Audit Committee has discussed with PricewaterhouseCoopers LLP the matters required to be discussed by Auditing Standard No. 16, "*Communications with Audit Committees*," as adopted by the Public Company Accounting Oversight Board.

In addition, the Audit Committee has received and reviewed the written disclosures and the letter from PricewaterhouseCoopers LLP required by the applicable requirements of the Public Company Accounting Oversight Board regarding PricewaterhouseCoopers LLP's communications with the Audit Committee concerning independence, and has discussed with PricewaterhouseCoopers LLP their independence from the Company and management.

The Audit Committee met periodically with the Leader of Internal Audit and Enterprise Risk, Principal Accounting Officer and Corporate Controller, Chief Financial Officer, Chief Compliance Officer and the independent registered public accounting firm to discuss the results of their examinations, their evaluations of our internal controls, and the overall quality of our financial reporting.

In accordance with this policy, the independent registered public accounting firm may not provide certain prohibited services. In addition, the Audit Committee must pre-approve the engagement terms and fees, and any changes to those terms and fees, of all audit and non-audit services performed by PricewaterhouseCoopers LLP. **PROPOSAL NO. 2  
RATIFICATION OF APPOINTMENT OF  
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2015**

The Audit Committee has appointed PricewaterhouseCoopers LLP as our independent registered public accounting firm to audit the consolidated financial statements for the year ending December 31, 2015. Although shareholder approval of this appointment is not required, the Audit Committee and the Board believe that submitting the appointment to the shareholders for ratification is a matter of good corporate governance. If the shareholders do not ratify the appointment, the Audit Committee will review its future selection of PricewaterhouseCoopers LLP as the independent registered public accounting firm in light of the shareholder vote, but still may retain them. Even if the appointment is ratified, the Audit Committee, at its discretion, may change the appointment at any time during the year if it determines that such a change would be in the best interests of Dun & Bradstreet and our shareholders.

PricewaterhouseCoopers LLP acted as our independent registered public accounting firm for the 2014 fiscal year. In addition to its audit of our consolidated financial statements, PricewaterhouseCoopers LLP also performed statutory audits required by certain international jurisdictions, audited the financial statements of our various benefit plans, and performed certain non-audit services. Fees for these services are described under the "Fees Paid to Independent Registered Public Accounting Firm" section of this proxy statement.

A representative of PricewaterhouseCoopers LLP is expected to be present at the 2015 Annual Meeting of Shareholders. Such representative will have the opportunity to make a statement, if he or she so desires, and is expected to be available to respond to questions.

**PROPOSAL NO. 3**  
**ADVISORY APPROVAL OF THE COMPANY'S EXECUTIVE COMPENSATION (SAY ON PAY)**

We believe that our executive compensation program, policies and procedures are founded on pay for performance and are strongly aligned with the long-term interests of our shareholders. This proposal, commonly known as "Say on Pay," gives shareholders the opportunity to express their favor or disfavor with the Company's executive compensation program, policies and procedures.

Our executive compensation program is described more fully in the "Compensation Discussion & Analysis" section of this proxy statement and the related tables and narrative that follow it. Shareholders are, therefore, encouraged to read that information in its entirety to obtain a complete understanding of our executive compensation program.

We believe that the design, development and execution of our pay program, policies and procedures has resulted in executive compensation decisions that are appropriate and that have benefitted the Company and shareholders over time.

At our 2014 Annual Meeting, our advisory vote on executive pay passed with a vote of 96% in favor. We believe that the vote outcome affirmed the executive pay program changes we implemented in 2013 and 2014. These changes were received positively by our shareholders and helped to strengthen pay for performance, better align executive compensation with shareholder interests and enhance good governance practices.

As a matter of normal practice, in 2014 we again reached out to shareholders to gain an understanding of how our executive pay programs and policies might continue to be improved. Feedback from these discussions as well as emerging governance trends are important inputs into our thinking about executive compensation and any future changes we may make to our current program.

In the "Executive Summary" of the "Compensation Discussion & Analysis" section of this proxy statement, we highlight the key changes to our executive compensation program for 2014 as well as the on-going policies that contribute to pay for performance and good governance practices. For the reasons provided in our "Compensation Discussion & Analysis," the Board asks you to approve the following resolution:

**Resolved, that the shareholders approve the Company's overall executive compensation program, policies and procedures as described in the Compensation Discussion & Analysis, the tabular disclosure regarding named executive officer compensation, and the accompanying narrative disclosure in this proxy statement.**

As this is a proposal for advisory approval, the result is not binding upon the Company. However, the C&BC, which is responsible for designing and administering the Company's executive compensation program, values the opinions expressed by shareholders in their vote on this proposal. The C&BC will consider the outcome of this advisory vote when making future compensation decisions for our executive officers.

**PROPOSAL NO. 4  
APPROVAL OF THE DUN & BRADSTREET CORPORATION  
2015 EMPLOYEE STOCK PURCHASE PLAN**

The Board of Directors is seeking shareholder approval for The Dun & Bradstreet Corporation 2015 Employee Stock Purchase Plan (the "ESPP"). If approved by the Company's shareholders, the ESPP will serve as the successor to the Company's 2000 Employee Stock Purchase Plan (the "Prior ESPP") and will become effective immediately following the last purchase date made under the offering period in effect under the Prior ESPP, as determined by the committee administering the ESPP, and no additional shares of common stock may be purchased under the Prior ESPP after the date the ESPP becomes effective. The Board believes that the ESPP is in the best interest of the shareholders and the Company because it provides a broad-based plan to global employees to become long-term shareholders through the purchase of shares of the Company's common stock on favorable terms through payroll deductions.

The Prior ESPP was adopted by the Board of Directors on September 8, 2000. The Prior ESPP currently authorizes the purchase of up to 1,500,000 shares of common stock, of which 304,775 shares of common stock remain available for purchase as of February 28, 2015. The Board believes that the continued ability to offer this type of program is an important recruiting and retention tool for the Company to attract, motivate and retain the talented employees and officers needed for our success. In addition, the ESPP encourages stock ownership by employees and aligns the interests of employees and stockholders. If approved by the stockholders, a total of 1,000,000 shares of common stock, plus the number of shares of common stock that were not issued under the Prior ESPP as of the date the ESPP becomes effective, will be made available for purchase under the ESPP. The total number of shares of common stock available for purchase under the ESPP should provide sufficient shares to meet expected purchases under the ESPP over the next 10 years, depending on the Company's share price and enrollment in the ESPP.

The principal features of the ESPP are summarized below, but the summary is qualified in its entirety by reference to the full text of the ESPP. A copy of the ESPP is attached to this Proxy Statement as Exhibit A and is incorporated herein by reference.

1.

*Purpose.* The purpose of the ESPP is to provide an opportunity for eligible employees of the Company and of any subsidiary or affiliate of the Company that has been designated by the Board to participate in the ESPP (a "Designated Company") to purchase the Company's common stock at a discount through voluntary contributions, thereby attracting, retaining and rewarding such persons and strengthening the mutuality of interest between such persons and the Company's shareholders.

The rights to purchase common stock granted under the ESPP are intended to be treated as either (i) purchase rights granted under an "employee stock purchase plan," as that term is defined in Section 423(b) of the Internal Revenue Code (*i.e.*, a 423 Offering), or (ii) purchase rights granted under an employee stock purchase plan that is not subject to the terms and conditions of Section 423(b) of the Internal Revenue Code (*i.e.*, a Non-423 Offering). The Company will retain the discretion to grant purchase rights under either a 423 Offering or a Non-423 Offering.

2.

*Eligibility.* Generally, any individual in an employee-employer relationship with the Company or a Designated Company for income tax and employment tax withholding and reporting purposes, is eligible to participate in the ESPP. As of February 28, 2015, 5,231 employees were eligible to participate in the ESPP.

Table of Contents

Eligible employees who are citizens or residents of a jurisdiction outside the U.S. may be excluded from participation in the ESPP if their participation is prohibited under local laws or if complying with local laws would cause a 423 Offering to fail to qualify under Section 423 of the Internal Revenue Code. In the case of a Non-423 Offering, an eligible employee may be excluded from participation in the ESPP or an offering if the Committee or the Administrator has determined that participation of such eligible employees is not advisable or practicable for any reason. For purposes of this proxy statement, "Committee" means the Compensation & Benefits Committee of the Board or such other committees of the Board appointed by the Board, "Administrator" means the committee of officers and/or management appointed by the Committee to administer the day-to-day operations of the ESPP.

No employee is eligible for the grant of any rights under the ESPP if, immediately after such grant, the employee would own stock possessing 5% or more of the total combined voting power or value of all classes of stock of the Company or of any subsidiary (including any stock which such employee may purchase under all outstanding rights and options), nor will any employee be granted purchase rights to buy more than \$25,000 worth of common stock (such limit to be determined based on the fair market value of the common stock on the date the purchase rights are granted) under all of our employee stock purchase plans in any calendar year such rights are outstanding.

3. *Stock Subject to Plan and Adjustments upon Changes in Stock.* An aggregate number of shares of common stock equal to the sum of (i) 1,000,000 shares of common stock, plus (ii) the number of shares of common stock that were reserved for issuance but not issued under the Prior ESPP as of the date the ESPP becomes effective will be authorized and reserved for issuance under the ESPP. Such shares may be authorized but unissued common stock, treasury shares or common stock purchased on the open market.

In the event of any change affecting the number, class, or terms of the shares of common stock by reason of stock dividend, stock split, recapitalization, reorganization, merger, consolidation, spin-off, disaffiliation of a subsidiary or affiliate, combination of shares, exchange of shares, stock rights offering, or other similar event, or any distribution to the holders of shares of common stock other than a regular cash dividend, then the Committee, in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the ESPP, will, in such manner as it may deem equitable, adjust the number and class of common stock that may be delivered under the ESPP, the purchase price per share and the number of shares of common stock covered by each right under the ESPP that has not yet been exercised.

4. *Administration.* The ESPP will be administered by the Committee. The Committee may assign any of its administrative tasks to the Administrator. The Committee will have, among other authority, the authority to interpret the ESPP and, for purchase rights granted under the 423 Offering, to adopt such rules and regulations for administering the ESPP as it may deem necessary to comply with the requirements of Section 423 of the Internal Revenue Code.

5. *Offering Periods.* The Plan will be implemented by consecutive offering periods with a new offering period commencing on the first trading date of the relevant offering period and terminating on the last trading date of the relevant offering period. Unless and until the Committee determines otherwise in its discretion, each offering period will consist of one six (6)-month purchase period, which will run simultaneously with the offering period. The Committee will have the authority to establish additional or alternative sequential or overlapping offering periods, multiple purchase periods within an offering period, or a different duration of

Table of Contents

offering periods with respect to future offerings, provided that no offering period may have a duration that exceeds 27 months.

6.

*Payroll Deductions.* Except as otherwise provided by the Committee, up to a maximum of 10% of a participant's "eligible pay" (which includes salary or wages (including 13<sup>th</sup>/14<sup>th</sup> month payments or similar concepts under local law), overtime pay, cash bonuses and commissions, stipends, lump sum payments in lieu of foregone merit increases, "bonus buyouts" as the result of job changes, and any portion of such amounts voluntarily deferred or reduced by an eligible employee under any employee benefit plan and under any executive deferral plan of the Company, provided such amounts would not otherwise have been excluded had they not been deferred) may be contributed by payroll deductions toward the purchase price of the shares during each purchase interval within an offering period or if payroll deductions are not permitted under applicable local law, such other method of contribution as specified by the Committee under a Non-423 Offering. A participant may elect to increase or decrease the rate of such contributions during any subsequent enrollment period by submitting the appropriate form online through the Company's designated plan broker or to the Administrator. Except for a withdrawal from an offering period, an eligible employee may not initiate, increase or decrease contributions as of any date other than during an enrollment period. All payroll deductions collected from a participant are credited to his or her account under the ESPP and deposited with our general funds, unless otherwise required under applicable local law.

7.

*Purchase Price.* The purchase price per share at which shares of common stock are sold in an offering period under the ESPP will be equal to the lesser of 85% of the Fair Market Value (as defined in the ESPP) of the shares of common stock (i) on the first trading date of the offering period, or (ii) on the purchase date (*i.e.*, the last trading date of the offering). The Committee has the authority to establish a different purchase price for any 423 Offering or Non-423 Offering, provided that the purchase price applicable to a 423 Offering complies with the provisions of Section 423 of the Internal Revenue Code. As of February 28, 2015, the Fair Market Value of a share was \$133.76.

8.

*Purchase of Stock.* Each purchase right will be automatically exercised on the applicable purchase date within the offering period, and shares of common stock will be purchased on behalf of each participant by applying the participant's contributions for the offering ending on the purchase date to the purchase of whole shares at the purchase price in effect for that purchase date.

The maximum number of shares purchasable per participant during any single offering period may not exceed 2,000 shares, subject to adjustments in the event of certain changes in our capitalization.

Any payroll deductions not applied to the purchase of shares of common stock on any purchase date because they are not sufficient to purchase a whole share or because of the limitations imposed under the ESPP on the number of shares that may be purchased under the ESPP will be carried over to the next offering period.

9.

*Withdrawals.* A participant may withdraw from an offering by submitting the appropriate form online through the Company's designated plan broker or to the Administrator. A notice of withdrawal must be received by the last day of the month immediately preceding the month of the purchase date in order for such withdrawal to be effective during the current offering period. Upon receipt of such notice, automatic deductions of contributions on behalf of the participant will be discontinued commencing with the payroll period immediately following the effective date of the notice of withdrawal, and such participant may not again be eligible to participate in the Plan

Table of Contents

until the next enrollment period. Amounts credited to the contribution account of any participant who withdraws by the last day of the month immediately preceding the month of the purchase date will be refunded, without interest, as soon as practicable.

10.

*Termination of Employment.* Upon a participant ceasing to be an eligible employee for any reason prior to a purchase date, contributions for such participant will be discontinued and any amounts then credited to the participant's contribution account shall be refunded, without interest, as soon as practicable, except as otherwise provided by the Committee.

Subject to the discretion of the Committee, if a participant is granted a paid leave of absence, payroll deductions on behalf of the participant will continue and any amounts credited to the participant's contribution account may be used to purchase shares as provided under the ESPP. If a participant is granted an unpaid leave of absence, payroll deductions on behalf of the participant will be discontinued and no other contributions will be permitted (unless otherwise determined by the Administrator or required by applicable law), but any amounts then credited to the participant's contribution account may be used to purchase shares on the next applicable purchase date.

A participant whose employment transfers or whose employment terminates with an immediate rehire (with no break in service) by or between the Company or a Designated Company will not be treated as having terminated employment for purposes of participating in the ESPP or an offering; however, if a participant transfers from a 423 Offering to a Non-423 Offering, the exercise of the right will be qualified under the 423 Offering only to the extent that such exercise complies with Section 423 of the Internal Revenue Code. If a participant transfers from a Non-423 Offering to a 423 Offering, the exercise of the right will remain non-qualified under the Non-Section 423 Offering.

11.

*Transferability.* Rights granted under the ESPP are not transferable by a participant other than by will or by the laws of descent and distribution, and are exercisable during the participant's lifetime only by the participant.

12.

*Change of Control.* In the event of a "Change in Control" (as defined in the ESPP), each outstanding right to purchase shares will be equitably adjusted and assumed for an equivalent right to purchase shares substituted by the successor corporation. In the event that the successor corporation refuses to assume or substitute for the purchase right, or the successor corporation is not a publicly traded corporation, the offering period then in progress will be shortened by setting a new purchase date and will end on the new purchase date. The new purchase date will be before the date of the Company's proposed Change in Control. The Committee will notify each participant in writing, at least ten (10) trading days prior to the new purchase date, that the purchase date for the participant's purchase right has been changed to the new purchase date and that shares will be purchased automatically for the participant on the new purchase date, unless prior to such date the participant has withdrawn from the offering period.

13.

*Non-US Jurisdictions.* The plan administrator may adopt rules, procedures or sub-plans relating to the operation and administration of the Non-423 Offering to accommodate the specific requirements of local laws and procedures.

14.

*Amendment and Termination of Plan.* The Board or the Committee may amend the ESPP at any time, provided that, if stockholder approval is required pursuant to the Internal Revenue Code, securities laws or regulations, or the rules or regulations of the securities exchange on which the common stock is listed or traded, then no such amendment will be effective unless approved by the

Table of Contents

Company's stockholders within such time period as may be required. The Board may suspend the ESPP or discontinue the ESPP at any time. Upon termination of the ESPP, all contributions will cease and all amounts then credited to a participant's account will be equitably applied to the purchase of whole shares then available for sale, and any remaining amounts will be refunded, without interest, as soon as practicable, to the participants.

***Federal Income Tax Information.*** The following summary briefly describes U.S. federal income tax consequences of rights under the ESPP, but is not a detailed or complete description of all U.S. federal tax laws or regulations that may apply, and does not address any local, state or other country laws. **Therefore, no one should rely on this summary for individual tax compliance, planning or decisions. Participants in the ESPP should consult their own professional tax advisors concerning tax aspects of rights under the ESPP. Nothing in this Proxy Statement is written or intended to be used, and cannot be used, for the purposes of avoiding taxpayer penalties. The discussion below concerning tax deductions that may become available to us under U.S. federal tax law is not intended to imply that we will necessarily obtain a tax benefit or asset from those deductions. Taxation of equity-based payments in other countries is complex, does not generally correspond to federal tax laws, and is not covered by the summary below.**

***423 Offering.*** Rights to purchase shares granted under the 423 Offering are intended to qualify for favorable federal income tax treatment associated with rights granted under an employee stock purchase plan which qualifies under the provisions of Section 423(b) of the Internal Revenue Code. Under these provisions, no income will be taxable to a participant until the shares purchased under the ESPP are sold or otherwise disposed of. If the shares are disposed of within two years from the stock purchase right grant date (*i.e.*, the beginning of the offering period or, if later, the date the participant entered the offering period) or within one year from the purchase date of the shares, a transaction referred to as a "disqualifying disposition," the participant will realize ordinary income in the year of such disposition equal to the difference between the fair market value of the stock on the purchase date and the purchase price. The amount of such ordinary income will be added to the participant's basis in the shares, and any additional gain or resulting loss recognized on the disposition of the shares after such basis adjustment will be a capital gain or loss. A capital gain or loss will be long-term if the participant holds the shares for more than one year after the purchase date.

If the stock purchased under the ESPP is sold (or otherwise disposed of) more than two years after the stock purchase right grant date and more than one year after the stock is transferred to the participant, then the lesser of (i) the excess of the sale price of the stock at the time of disposition over the purchase price, and (ii) the excess of the fair market value of the stock as of the date the participant entered the offering period over the purchase price (determined as of the date the participant entered the offering period) will be treated as ordinary income. If the sale price is less than the purchase price, no ordinary income will be reported. The amount of such ordinary income will be added to the participant's basis in the shares, and any additional gain or resulting loss recognized on the disposition of the shares after such basis adjustment will be long-term capital gain or loss.

The Company generally will be entitled to a deduction in the year of a disqualifying disposition equal to the amount of ordinary income realized by the participant as a result of such disposition, subject to the satisfaction of any tax-reporting obligations. In all other cases, no deduction is allowed.

***Non-423 Offering.*** If the purchase right is granted under the Non-423 Offering, then the amount equal to the difference between the fair market value of the stock on the purchase date

Table of Contents

and the purchase price will be treated as ordinary income at the time of such purchase. In such instances, the amount of such ordinary income will be added to the participant's basis in the shares, and any additional gain or resulting loss recognized on the disposition of the shares after such basis adjustment will be a capital gain or loss. A capital gain or loss will be long-term if the participant holds the shares for more than one year after the purchase date.

The Company generally will be entitled to a deduction in the year of purchase equal to the amount of ordinary income realized by the participant as a result of such disposition, subject to the satisfaction of any tax-reporting obligations. For U.S. participants, FICA/FUTA taxes will be due in relation to ordinary income earned as a result of participation in the Non-423 Offering.

16.

*New Plan Benefits.* As of the date of this Proxy Statement, no officer has been granted any rights under the proposed ESPP. Accordingly, the benefits to be received pursuant to the ESPP by the Company's officers and employees are not determinable at this time.

EMPLOYEE STOCK PURCHASE PLAN**

**PROPOSAL NO. 5**  
**APPROVAL OF AMENDMENTS TO THE COMPANY'S CERTIFICATE OF**  
**INCORPORATION AND BY-LAWS TO REDUCE THE AGGREGATE OWNERSHIP**  
**PERCENTAGE REQUIRED FOR HOLDERS OF THE COMPANY'S COMMON STOCK**  
**TO CALL A SPECIAL MEETING OF SHAREHOLDERS FROM 40% TO 25%**

The Company's Restated Certificate of Incorporation, or Charter, and Fourth Amended and Restated By-Laws, as amended, or By-Laws, currently provide that special meetings of stockholders may be called upon the written request made in accordance with and subject to the By-Laws by holders of record of not less than an aggregate of forty percent (40%) of the voting power of all outstanding shares of common stock of the Company. After consideration of practices of other large companies, and a careful review of our own shareholder base and a shareholder proposal submitted to the Company proposing a 10% threshold (included as Proposal No. 6), the Board of Directors has determined that the Charter and By-Laws should be amended to reduce this aggregate ownership threshold for the request to call a special meeting from 40% to 25%. Accordingly, the Board, upon the recommendation of the Board Affairs Committee, has unanimously adopted resolutions approving such amendments to the Charter and By-Laws and recommending approval of the amendments by our shareholders.

The Board believes that an aggregate ownership threshold of 25% in order to request a special meeting is appropriate in light of the Company's shareholder structure and strikes a reasonable balance between enhancing shareholder rights and preventing a small minority of shareholders from calling a special meeting solely to pursue agendas that may not be in the best interests of the Company and its shareholders in general. In reaching this conclusion, the Board considered that, given the Company's current shareholder base, it would take only three to four of our large shareholders to achieve a 25% ownership profile. The Board also considered that 35% of the S&P 500 companies that do permit shareholders to call special meetings also prescribe an ownership threshold of 25%, which is the most common threshold, and 29% of the S&P 500 companies permitting shareholders to call special meetings impose an ownership threshold even greater than 25%. Notably, 38% of the S&P 500 companies do not permit shareholders to call a special meeting at all.

Attached to this proxy statement as Exhibits B and C, respectively, are marked versions of the relevant sections of the Charter and By-Laws which reflect the amendments. There is a single change proposed to each document replacing "forty percent (40%)" with "twenty-five percent (25%)" with respect to the required ownership threshold. If approved, the amendment to the Charter will become effective upon the filing of a Certificate of Amendment to the Charter with the Secretary of State of Delaware. The Company would make such a filing promptly after approval of the amendment by the shareholders at the Annual Meeting. The amendment to the By-Laws would become effective when the amendment to the Charter becomes effective. Both the Charter and By-Laws will be restated to reflect the amendment in one document for ease of future reference.

In the event both this Proposal No. 5, which proposes a 25% ownership threshold, in the aggregate, for shareholders to call a special meeting, and Proposal No. 6, which is a shareholder proposal that would ask the Board of Directors to take the steps necessary to establish a 10% aggregate ownership threshold for shareholders to call a special meeting as set forth therein, are approved by shareholders, the Company will immediately implement the 25% threshold as set forth in the prior paragraph. We will then consider the shareholder response to Proposal No. 6 and discuss the results with our shareholders to determine a course of action.

**PROPOSAL NO. 6  
SHAREHOLDER PROPOSAL REQUESTING THE BOARD TO TAKE THE STEPS NECESSARY  
TO AMEND THE COMPANY'S GOVERNING DOCUMENTS TO GIVE HOLDERS IN THE  
AGGREGATE OF 10% OF THE OUTSTANDING COMMON STOCK THE POWER TO CALL A  
SPECIAL MEETING**

John Chevedden, 2215 Nelson Avenue, No. 205, Redondo Beach, CA 90278, the beneficial owner of no fewer than 50 shares of the Company's common stock, has informed us that he intends to submit the following proposal at this year's Annual Meeting.

Resolved, Shareowners ask our board to take the steps necessary (unilaterally if possible) to amend our bylaws and each appropriate governing document to give holders in the aggregate of 10% of our outstanding common stock the power to call a special shareowner meeting. This proposal does not impact our board's current power to call a special meeting.

Delaware law allows 10% of shareholders to call a special meeting and dozens of companies have adopted the 10% threshold. Special meetings allow shareowners to vote on important matters, such as electing new directors that can arise between annual meetings. Shareowner input on the timing of shareowner meetings is especially important when events unfold quickly and issues may become moot by the next annual meeting.

This is also important because there could be a 15-month span between our annual meetings. This proposal topic won more than 70% support at Edwards Lifesciences and SunEdison in 2013. Vanguard sent letters to 350 of its portfolio companies asking them to consider providing the right for shareholders to call a special meeting.

This proposal is more important to Dun & Bradstreet because it currently takes a whopping 40% of the voting power of all shares outstanding to call a special meeting. This high 40% threshold equals the vast majority of shares that would be needed to approve a topic at a special meeting.

Our clearly improvable corporate governance (as reported in 2014) in an added incentive to vote for this proposal:

Dun & Bradstreet had not disclosed specific, quantifiable performance target objectives for our CEO. Unvested equity awards partially or fully accelerate upon CEO termination.

Not one independent director had general expertise in risk management, based on GMI's standards. GMI is an independent investment research firm. Austin Adams and Christopher Coughlin were potentially overburdened with director responsibilities at 4 public companies. This is compounded by the assignment of Mr. Adams to our audit committee and Mr. Coughlin to our executive pay and nomination committees.

Returning to the core topic of this proposal from the context of our clearly improvable corporate governance, please vote to protect shareholder value.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE AGAINST PROPOSAL NO. 6.**

Our Board has carefully considered the shareholder proposal requesting the Board to reduce the ownership threshold required for shareholders to call a special meeting from 40% to 10%, and for the following reasons our Board of Directors recommends that shareholders vote AGAINST this proposal:

Table of Contents

**10% is a low threshold given our shareholder base.** Our Company's shareholder base includes institutional investors holding significant blocks of our common stock. For example, based on information available to us, our largest shareholder (owning approximately 13% of the Company's outstanding common stock) would be able to call a special meeting on its own if the ownership threshold was 10%. Other combinations of two of our top shareholders could easily achieve 10% ownership. This would mean a single shareholder, or two shareholders together, rather than a broader group, could require the Company to incur the time and expense of holding a special meeting. The Board believes it needs to act more broadly with all shareholders in mind, rather than permitting an extreme few to impose such intrusive and diversionary activities.

Although perhaps appropriate for some companies with a different shareholder structure, 10% is not the predominant practice. Currently, only 24% of the S&P 500 companies that do permit shareholders to call special meetings prescribe an ownership threshold of 10%. Ownership thresholds vary widely, with over 60% of the S&P 500 companies that provide this right imposing thresholds at 25% or higher.

**The right to call a special meeting is a powerful right and should be used only in appropriate circumstances.** Our Board is committed to good governance practices and supports the concept of permitting shareholders to call special meetings. However, the Board also believes special meetings should only be called to consider extraordinary events that are of interest to a wide shareholder base and that need immediate attention prior to the next annual meeting. Special meetings are expensive and require significant legal, administrative, printing and distribution costs. In addition, special meetings can potentially divert directors' and management's attention away from their oversight and operational responsibilities, respectively. Reducing the ownership threshold to 10% would heighten the risk of such diversionary and distracting activities, which could potentially operate against the best interests of our shareholders overall, in order to serve the narrow interests of the shareholders requesting the special meeting.

**Our Company has strong corporate governance standards.** Dun & Bradstreet has strong corporate governance standards and practices that demonstrate our alignment with shareholder interests on key governance matters. For example:

All directors are elected annually;

We have an independent non-executive Chairman of the Board;

Dun & Bradstreet's charter and by-laws do not contain supermajority voting provisions;

We do not have a shareholder rights plan, or poison pill;

We provide shareholders with the right to act by written consent; and

We also currently provide shareholders with the right to call special meetings.

**Our Company values shareholder discussion and input on corporate governance matters.** Calling a special meeting is an extreme action for shareholders to take to engage management and our Board. Management welcomes direct communication with shareholders to discuss shareholder views. Our investor relations, compensation, and corporate secretary teams maintain open lines of communication with our shareholders, and we have been responsive to shareholder feedback received in the past. In addition, as described in the "Communications with the Board and Audit Committee" section of this

Table of Contents

proxy statement, shareholders may communicate directly with our Chairman of the Board and the Chair of our Audit Committee.

*The Company is offering a more appropriate reduction in the ownership threshold requirement, as set forth in Proposal No. 5.* The Board believes that our current governance practices hold us appropriately accountable to our shareholders given our Company shareholder structure. However, our Board did give Mr. Chevedden's proposal due consideration and, for the reasons set forth in Proposal No. 5, the Board has determined to submit its own company proposal to reduce the ownership threshold required to call special meetings.

**ACCORDINGLY, THE BOARD OF DIRECTORS RECOMMENDS A VOTE AGAINST PROPOSAL NO. 6.**

**COMPENSATION DISCUSSION & ANALYSIS**

**Executive Summary**

The C&BC regularly reviews the executive compensation program of the Company to ensure that it is meeting its objectives, including paying for performance, aligning with shareholder interests, offering competitive pay to attract and retain executive talent, reinforcing the right behaviors consistent with our strategy and providing transparency to our shareholders.

**Key Changes to Our Executive Compensation Program in 2014.** In 2014 we continued to make important changes to our executive compensation program. The changes were designed to align better our executive pay program with shareholder interests and enhance good governance practices. Key changes included:

**Executive Program Component  
New Change in Control Plan**

**Description of Change**

We terminated all outstanding change in control agreements effective December 31, 2013.

We transitioned all impacted executive officers into our new Change in Control Plan effective January 1, 2014.

Our new plan:

Reduces cash and non-cash benefits;

Requires "double trigger" vesting of equity awards granted after January 1, 2013;

Eliminates any executive retirement plan enhancements; and

Eliminates excise tax gross-up payments.

**Revised Peer Group**

We deleted four companies from our peer group due to their industry or large revenue size.

In turn, we added four companies whose revenue size better reflects ours and which also reflect more directly Dun & Bradstreet's technology, information and analytics businesses.

The result is a peer group more characteristic of Dun & Bradstreet's size and market for executive talent.

**2014 Pay for Performance Outcomes.** 2014 was a pivotal year as we announced our new Company strategy and focused on its execution. Even with significant investments in content, delivery, globalization and brand as well as key acquisitions, we were able to meet the majority of our financial and strategic goals.

Table of Contents

**Annual Cash Incentive.** Our achievements and the resulting incentive payments were as follows:

Core revenue growth of 2% (before the effect of foreign exchange), representing our strongest year of organic revenue growth since 2008;

Operating income decline of 9% (before non-core gains and charges), which, while within guidance, is a direct result of our total strategic investments for the year, which were at the high end of our announced investment range of \$70 million-\$80 million;

Diluted earnings per share decline of 2% (attributable to Dun & Bradstreet common shareholders before non-core gains and charges), which was near the high end of guidance; and

On or near target performance in the execution of our strategy goals, especially in providing content indispensable to our customers' growth, revolutionizing our content delivery to our customers' environment where and when they want it, and globalizing and growing through new alliances and within our strategic customer base.

Other achievements in 2014 considered by the C&BC included:

Five consecutive quarters of core revenue growth;

29% share price appreciation through December 31, 2014 since announcement of our strategy on February 4, 2014 versus the S&P 500 companies' average of 20% during that same timeframe;

Finalizing the modernization of our brand, purpose and values on an accelerated timetable in preparation for a first quarter 2015 launch;

Development of a 2015 financial plan that continues to invest in our strategy;

Three strategic acquisitions: Fliptop's social data matching business unit, which enables us to combine social data with Dun & Bradstreet's proprietary data and analytics to deliver results for a growing and global customer base; Indicee, whose cloud-based analytics and business intelligence supports our strategy to modernize delivery; and NetProspex, which closed on January 5, 2015, whose proprietary database and product offerings will enable us to leverage content to solve new customer needs; and

Major progress towards creating a global organization and culture focused on performance, building and developing leadership talent and investing in our people.

Based on an assessment of the above achievements, the C&BC awarded cash incentives to our named executive officers equaling 90% of target (a more detailed discussion of our attainment of 2014 goals and how that relates to performance awards is included in the "2014 Annual Cash Incentive Plan" section of this proxy statement).

Table of Contents

**Leveraged Restricted Stock Units (LRSUs).** In addition to the annual cash incentive, the LRSU portion of our long-term incentive program (which represents one-half of the program's economic value at grant) provided the following awards for performance relative to 2014:

<b>LRSU Grant</b>	<b>Performance Period</b>	<b>Metric</b>	<b>Result</b>	<b>Award as Percent of Target Grant</b>
Second one-third tranche of March 1, 2013 grant	2 years or 2013-2014	Dun & Bradstreet common stock price appreciation / depreciation	+47.8%	147.8%
First one-third tranche of March 3, 2014 grant	1 year or 2014	Dun & Bradstreet common stock price appreciation / depreciation	+6.3%	106.3%

A more detailed discussion of our long-term incentive program, including vehicles, metrics and performance periods, is included in the "Annual Long-term Equity Incentives" section of this proxy statement.

**Our Named Executive Officers**

This Compensation Discussion & Analysis and the tables following cover the compensation paid to our named executive officers, who are the following five executives serving in the roles cited for the entire fiscal year (except as noted):

Robert P. Carrigan, who served as President and CEO and Director (our principal executive officer); and

Richard H. Veldran, who served as Chief Financial Officer (our principal financial officer).

Our three highest compensated executive officers, other than our principal executive officer and our principal financial officer, are:

Joshua L. Peirez, who served as Chief Operating Officer since February 3, 2014 and President, Global Product, Marketing and Innovation prior to his appointment as our Chief Operating Officer;

John Reid-Dodick, who served as Chief People Officer since joining the Company on February 4, 2014; and

Rishi Dave, who served as Chief Marketing Officer since joining the Company on February 24, 2014.

**Objectives of our Executive Compensation Program**

The objectives of our executive compensation program are as follows:

Ensure a strong relationship between pay and performance, including both rewards for results that meet or exceed performance targets and consequences for results that are below performance targets;

Align executive and shareholder interests through short-and long-term incentives that link the executive to shareholder value creation;

Table of Contents

Offer a total compensation opportunity that is competitive with the market for senior executives, enabling us to attract, retain and motivate the talent necessary to execute our strategy and achieve our growth targets;

Reinforce behaviors that are consistent with our strategy to "be one global company, delivering indispensable content through modern channels to serve new customer needs"; and

Provide transparency to our shareholders.

**Summary of Policies Contributing to Pay for Performance:** Since one of our primary objectives is linking pay with performance, we have a number of policies supporting that objective, including:

***Our long-term incentive plan is 100% performance-based:*** 50% of our annual equity program is a grant of leveraged restricted stock units where the ultimate value and number of units will be based on Dun & Bradstreet stock price appreciation or depreciation over 1-, 2- and 3-year performance periods. The other 50% is a performance unit grant where the ultimate value will be based on Dun & Bradstreet's total shareholder return and our revenue compound annual growth rate over a 3-year period.

***Our pay mix is strongly weighted toward variable compensation:*** 75% of our named executive officers' total compensation is variable or performance-based with 24% in the form of cash incentives and 51% in the form of equity or long-term incentives; only 25% is base salary.

***We require our executives to maintain ownership in the Company:*** Our named executive officers, as well as all other executive officers of the Company, must achieve targeted levels of ownership in our common stock to encourage a focus on long-term value creation.

***We do not offer our executive officers any perquisites:*** Our named executive officers do not receive any perquisites and participate in the same broad-based benefits programs offered by the Company on the same basis as other full-time employees.

***We do not provide employment agreements:*** None of our named executive officers has an employment agreement, and severance benefits (excluding change in control benefits) are provided through the same severance plan available to other employees of the Company.

***We do not provide any income tax or excise tax gross ups:*** Under our new Change in Control Plan, excise tax gross ups have been eliminated for all previously grandfathered participants. In addition, we do not gross up any payments for income taxes, outside of relocation assistance.

**Summary of Policies Contributing to Good Governance Practice:** We strive to adhere to the highest standards of good governance, as reflected through the following practices:

***We implemented a formal compensation recoupment or "clawback" policy:*** This policy, effective January 1, 2013, gives the C&BC authority to recover or reduce cash and equity incentive awards based on certain financial results that are subsequently restated.

***We revised equity change in control provisions:*** All equity awards granted after January 1, 2013 have a "double trigger", requiring both a change in control and a qualified termination in order for accelerated vesting to apply.

Table of Contents

***We eliminated the executive retirement plan benefit for new executives:*** Effective April 4, 2011, the C&BC eliminated this benefit for all future executive new hires. Only two of our five named executive officers continue to have this benefit due to prior commitments.

***We have an insider trading policy that prohibits hedging and pledging:*** Directors, officers and other employees of the Company are expressly prohibited from purchasing or selling Dun & Bradstreet securities on a short-term basis, (less than three months), subject to customary employee plan exceptions, purchasing any listed or over-the-counter options on our common stock or engaging in equivalent derivative transactions, engaging in the short sale of Dun & Bradstreet securities, or borrowing against Dun & Bradstreet securities.

***Our C&BC charter requires a periodic review of risks in our compensation programs:*** The C&BC conducted such a review in 2014 and concluded that the Company's compensation plans, programs and arrangements do not create risks that are reasonably likely to have a material adverse impact on the Company.

***The executive compensation consultant to the C&BC is independent:*** The current advisor to the C&BC was hired by and reports directly to the C&BC and does not provide any other consulting services to the Company.

***We manage our equity-based compensation program effectively:*** Our current and 3-year annualized run rate on equity grants is below the median of our compensation comparison group. We have a stock incentive plan that expressly prohibits stock option re-pricing and cash buyouts without shareholder approval and we have never re-priced or exchanged options for shares, new options or cash.

#### **Our 2014 "Say on Pay" Vote and Shareholder Outreach**

At our 2014 Annual Meeting, our advisory vote on executive pay received 96% support. We believe the vote outcome supports the program changes we implemented in 2013 and 2014. During 2014, we again conducted shareholder outreach, inviting more than 30 of our institutional investors, representing nearly two-thirds of our outstanding shares, to one-on-one discussions about our executive compensation program and policies. Shareholders who accepted our invitation provided positive feedback on the changes we implemented in the last two years. Feedback from these discussions, as well as emerging governance trends, are important inputs into our thinking about executive compensation and any future changes we may make to our program.

#### **Pay Positioning and Pay Mix**

Annual base salaries for our named executive officers as a group are targeted around the median of the compensation comparison group (described below). We position variable pay, including target annual cash incentive and long-term incentives, higher than market median to provide our named executive officers with a target total compensation opportunity that is between median and the 65th percentile of our compensation comparison group. This level of target total compensation, however, is realized only when our performance goals are achieved or exceeded. Individual executives may be positioned above or below these levels based on the factors described below.

Our pay for performance objective requires that a significant portion of the target total compensation mix be variable. We reinforce the importance of long-term results by emphasizing equity in the target total compensation mix. Individual variable and equity-based compensation varies based on our named executive officer's role, experience, level of responsibility within the organization and

Table of Contents

market data for comparable jobs in the compensation comparison group. For our current named executive officers as a group, on a weighted average basis the target total compensation mix is 25% fixed and 75% variable, and 49% cash and 51% equity. The following table illustrates the emphasis placed on variable and equity-based compensation:

Name	Fixed/Variable Pay Mix		Cash/Equity Pay Mix	
	Fixed	Variable	Cash	Equity
Robert P. Carrigan	17%	83%	39%	61%
Richard H. Veldran	30%	70%	57%	43%
Joshua L. Peirez	27%	73%	55%	45%
John Reid-Dodick*	30%	70%	57%	43%
Rishi Dave*	36%	64%	62%	38%

\*

Pay mix is based on target total compensation for 2014 due to February 2014 hire dates; pay mix of all other named executive officers is based on annual 2014 target total compensation.

### Elements of our Executive Compensation Program

To meet the objectives of our executive compensation program, the 2014 compensation of our named executive officers consisted of the following components and policies:

Total cash compensation, which includes a base salary and a target annual cash incentive opportunity;

Long-term equity incentives including a grant of leveraged restricted stock units and 3-year performance units;

Required stock ownership guidelines;

Voluntary deferral of compensation under our nonqualified deferred compensation plan;

Executive retirement plan benefits (eliminated for prospective executives in 2011, only two of our named executive officers retain these legacy benefits);

Eligibility to receive severance benefits (which are also available to all employees); and

Eligibility to receive benefits payable upon a qualified employment termination in connection with a change in control of Dun & Bradstreet.

Our named executive officers do not receive any perquisites and participate in the same broad-based benefits programs offered by the Company on the same basis as other full-time employees. Perquisites are entitlement-driven rather than performance-based and, therefore, do not fit within the objectives of our executive compensation program.

In addition to the components listed above, our named executive officers are eligible to participate in certain benefit programs that are available to all of our U.S. employees including: our cash balance retirement account (which was frozen as of July 1, 2007 for all participants and closed to new entrants on that date), our qualified defined contribution plan, our medical and dental benefits, our life, voluntary group accident, long-term disability, legal, and business travel accident insurance benefits, and our health care and dependent care spending accounts.

**Base Salary**

Salary provides a base level of compensation commensurate with our named executive officers' roles in the organization, experience, skill and job performance. Base salary provides each named executive officer with a fixed level of compensation related to the daily performance of his or her leadership role and responsibilities.

The C&BC reviews the base salaries of our named executive officers annually. Any adjustment to salary is based on a number of factors and considerations, including:

The market data for comparable executive positions in the compensation comparison group (described below);

The scope of responsibility and accountability within the organization;

Demonstrated leadership competencies and skills; and

Individual performance.

**2014 Base Salaries.** Using these factors in its review, the C&BC increased the base salaries of two of our named executive officers in 2014 as noted below:

Name	Rationale	Base Salary Market Position	Total Compensation Market Position	Base Salary		Increase %	Effective
				From	To		
Richard H. Veldran	<p>Considers progression and strong performance in his role of Chief Financial Officer;</p> <p>Recognizes financial leadership and the importance of retaining his skills and insight through our strategic transformation; and</p> <p>Positions his total pay closer to the market median.</p>	Above median	At median	\$ 415,000	\$ 520,000	25.3%	1/1/2014

Recognizes increase in responsibilities covering leadership of the Company's global operations, which encompasses accountability for a significant and wide-ranging portion of Dun & Bradstreet's business world-wide: Technology; Alliances; global product development; global data strategy, insight and analytics; our Worldwide Network of partnerships; corporate strategy; and mergers and acquisitions; and

Positions his total pay at market median.

Messrs. Carrigan, Reid-Dodick and Dave did not receive a base salary increase in 2014; Mr. Carrigan joined the Company in October of 2013 and Messrs. Reid-Dodick and Dave were hired in February of 2014.

**Target Annual Cash Incentive Opportunity**

In addition to base salary, our named executive officers have the opportunity to earn an annual cash incentive that is tied to Company and individual performance as discussed below. We offer this cash opportunity to reinforce the outcomes and behaviors necessary to meet or exceed our annual commitment to our shareholders and to achieve our strategic objectives. Through the annual cash incentive plan, about half of 2014 target total cash compensation was "at risk" since payment was based on performance against predetermined annual measures.

We believe that consistent, year-over-year growth in revenue and earnings are key drivers of increased shareholder value over the long term. Therefore, our annual cash incentive rewards Company performance as measured by the following:

**Financial results** growth in revenue, operating income, and earnings per share are the most important measures in our executive compensation program and carry the greatest weight (70%) because we believe that profitable revenue growth over time will create value for our shareholders; and

**Strategic goals** achievement of specific objectives related to our strategy, including: 1) providing content indispensable to our customers' growth; 2) revolutionizing our content delivery in our customers' environment where and when they want it; and 3) globalizing and growing through alliances and our strategic customer base worldwide.

In addition to Company performance, individual goals and leadership performance play a role in our annual cash incentive. The success of our Company is directly tied to strong leadership that drives results and creates shareholder value. We expect all employees, especially our named executive officers, to demonstrate behaviors that are consistent with our values and guiding principles.

At the end of the year, our CEO evaluates the performance of all other named executive officers. In 2014, each named executive officer was assessed on:

Performance and leadership in implementing important Company programs, such as compliance, culture, engagement and customer retention, acquisition and satisfaction; and

Individual performance on business unit goals and demonstration of our leadership values.

Through this process, judgment is applied in assessing the named executive officer's success relative to individual goals. Based on the results of this assessment, the annual cash incentive award for each named executive officer can be adjusted up to 50%, positively or negatively. Historically, such adjustments have ranged plus or minus 20%. All adjustment recommendations by our CEO are subject to review and approval by the C&BC.

The Board also performs a similar assessment of our CEO after the conclusion of the fiscal year.

**2014 Annual Cash Incentive Plan.** In determining annual cash incentives, the C&BC considered performance against three measures weighted as follows:

45% Company-wide core revenue growth;

25% Growth in diluted earnings per share before non-core gains and charges and operating income before non-core gains and charges; and

Table of Contents

30% Strategy goal as measured by targeted improvements in the completeness and accuracy of our content versus our competitors in twenty-one key markets globally; sales growth in important strategic areas of our business including DaaS or data as a service, Alliances and strategic global customers.

The 70% weight allocated to financial goals (growth in revenue, earnings per share, and operating income) links to our objective to provide profitable revenue growth year-over-year. Our strategy goal, weighted 30%, is tied to our long-term objective of increasing the level of sustained revenue growth. This allocation balances our commitment to achieve strong financial results in 2014 with our commitment to deliver on our longer-term growth objectives.

The range of incentive payout for each performance goal was 0% to 200% resulting in a potential annual cash incentive payment between 0% and 200% of the target incentive for each of our named executive officers. The performance measures for 2014, as well as the principles for assessing results, were approved by the C&BC on February 25, 2014.

Actual cash incentive payments made to each of our participating named executive officers were subject to a discretionary adjustment based on an assessment of individual performance and leadership as described above.

In 2014, the C&BC used the following results to determine the level of annual incentive payout for Company performance:

Company Goal	Weight	Incentive Target	Result	Assessment
Company Core Revenue Growth (1)	45%	0% to 3%	2%	Overall, core revenue growth was 2%, in line with guidance of 0% to 3% and within our incentive target range. North America core revenue growth was 1% versus 2013, Asia Pacific was up 6% and Europe and other international markets were up 1%. In addition, we achieved five consecutive quarters of revenue growth, with fourth quarter results, our seasonally largest quarter, up 4% over prior year.  Based on these considerations, the C&BC assessed this result as <b>90%</b> , consistent with our overall revenue growth and the corresponding result in the upper half of the incentive target range.
Diluted EPS Growth (Before Non-core Gains or Charges) / Total Operating Income (Before Non-core Gains or Charges) (2)	25%	<u>EPS</u> (5%) to (1%) <u>Op Inc.</u> (9%) to (5%)	<u>EPS</u> (2%) <u>Op Inc.</u> (9%)	EPS results for the year of (2%) were near the upper end of guidance and our incentive target range. Operating income of (9%) was within guidance and our incentive target range, albeit at the lower end, directly due to planned strategic investments to drive long-term growth. We returned nearly \$229 million of cash to shareholders in 2014, through dividends and share buybacks.  Based on these considerations, the C&BC assessed these results as <b>100%</b> , consistent with an assessment of both the quantitative results relative to the incentive target ranges as well as qualitative factors related to our investment strategy.

Company Strategy Goal	30%	Specific improvement targets ranging from 10% growth to 70% growth over the baseline for the goal	Three out of five goals were met or exceeded, two were not fully met	After consideration of both quantitative and qualitative factors, the C&BC assessed achievements versus the Company Strategy Goal as <b>90%</b> , noting, in particular, good progress toward execution of the overall strategy.

- (1) For 2014, our core revenue and total reserve (in accordance with GAAP) increased 2% both before and after the effect of foreign exchange. See Schedule I to this proxy statement for a quantitative reconciliation of total revenue to core revenue and the effect of foreign exchange on core revenue growth. See "Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations: How We Manage Our Business" in our Annual Report on Form 10-K for the year ended December 31, 2014 for a discussion of why we use core revenue growth before the effects of foreign exchange and why management believes this measure provides useful information to investors.
- (2) For 2014, our diluted EPS attributable to Dun & Bradstreet common shareholders before non-core gains and charges decreased 2% and our operating income before non-core gains and charges decreased 9%. On a GAAP basis for 2014, we reported an increase in diluted EPS attributable to Dun & Bradstreet common shareholders of 22% and a decrease in operating income of 4%. See Schedules II and III to this proxy statement for a quantitative reconciliation of: (i) reported diluted EPS attributable to Dun & Bradstreet common shareholders to diluted EPS attributable to Dun & Bradstreet common shareholders before non-core gains and charges; and (ii) reported operating income to operating income before non-core gains and charges. See "Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations: How We Manage Our Business" in our Annual Report on Form 10-K for the year ended December 31, 2014 for a discussion of why we use Diluted EPS before non-core gains and charges and operating income before non-core gains and charges and why management believes these measures provide useful information to investors.
- (3) Management recommended and the C&BC approved adjusting assessment from 93% to 90% to be consistent with the payout for Company financial performance for all other participants in the Company's annual cash incentive plan.

During the year, management updated the C&BC at four separate meetings on its quantitative and qualitative assessment of Company performance, based on the outlook at the time, and the projected level of aggregate reward for that performance. The final assessment was reviewed and approved by the C&BC at its meeting in February 2015.

The C&BC determined the final payout for 2014 Company performance to be 90% of the target annual cash incentive opportunity. That determination was based on:

The overall quantitative and qualitative assessment of Company performance as noted in the table; and

Other achievements in 2014 considered by the C&BC as noted above in the "Executive Summary" of this "Compensation Discussion & Analysis."

Table of Contents

As also noted earlier, the payout for Company performance is combined with any positive or negative discretionary adjustments, up to 50%, for individual performance and leadership to determine the final 2014 annual cash incentive payments to our named executive officers. In consideration of his leadership resulting in significant progress in the execution of the Company's strategy and for operational excellence across the global operating team, the C&BC increased Mr. Peirez's annual cash incentive award by a positive discretionary adjustment of 20%. In consideration of his leadership and progress in transforming our culture and building a cohesive and effective leadership team and for acting as a positive force for change in our organization, the C&BC increased Mr. Reid-Dodick's annual cash incentive award by a positive discretionary adjustment of 20%. The table below summarizes the final payouts to our named executive officers.

**2014 Annual Cash Incentive**

Executive Officer	Award for Company Performance		Final Award (as reported in "Summary Compensation Table" in "Non-equity Incentive Plan Compensation" column)	
	Target	% of Target	Amount	
Robert P. Carrigan	\$ 1,105,000	90%	\$ 994,500	\$ 994,500

Rishi Dave	\$ 266,000	90%	\$ 239,400	\$ 239,400

**Annual Long-term Equity Incentives**

While cash is tied to the achievement of short-term results, equity is directly linked to the creation of increased shareholder value over the long term. Over 50% of the target total compensation opportunity provided to our named executive officers as a group in 2014 was equity-based. This emphasis reflects our view that there should be a close alignment between executive officer rewards and shareholder value creation.

Under our 2014 long-term incentive program, 100% of the total economic value of our named executive officer's annual equity-based compensation is performance-based: 50% is in the form of a target grant of leveraged restricted stock units (LRSUs) and the remaining 50% is a target grant of

3-year performance units. For 2014, our long-term equity incentives were tied to these measures and performance periods:

Grant	Measure(s)	Performance Period	Rationale for Vehicle
LRSUs	Dun & Bradstreet stock price appreciation or depreciation	One-third tied to 2014	Links executives' interests directly with the interests of our shareholders
		One-third tied to 2014-2015	Is less volatile and more retentive than stock options
		One-third tied to 2014-2016	Has a considerably stronger tie to performance than time-based restricted shares or units

Performance Units

50% tied to relative total shareholder return (TSR)	2014-2016 (3 years)	Links executives' interests directly with the interests of our shareholders
50% tied to Dun & Bradstreet's revenue compound annual growth rate (CAGR)		Drives and rewards revenue growth, which we believe is key to growing shareholder value
		Rewards executives for outperforming the market

**2014 Long-term Equity Incentives.** In determining the amounts of equity-based compensation for each named executive officer, the C&BC considered a variety of factors including individual performance, leadership competencies, prior executive experience, the scope of responsibility and accountability within the organization as well as variable pay levels for comparable executive positions in the compensation comparison group. Major changes in the Company's leadership team and executive

**2014 Target LRSU Grant.** As part of our annual long-term incentive program, we granted target LRSUs to our named executive officers on March 3, 2014 (shown below in the "Grants of Plan-Based Awards Table"). To determine the number of target LRSUs, the economic value of LRSU grant was divided by the Dun & Bradstreet stock price of \$112.46 (*i.e.*, the average fair market value of Dun & Bradstreet's stock price over the first 30 trading days of 2014). The target LRSU grants under our annual program were approved by the C&BC at its meeting on February 25, 2014.

Each tranche of LRSUs vests 100% after the conclusion of the performance period and upon review and approval by the C&BC. The vesting schedule for the 2014 LRSU grant is as follows:

Grant Date	Tranche	Performance Period	Vesting Date	% of Tranche Vested
March 3, 2014	First one-third	1 year	March 3, 2015	100%
March 3, 2014	Second one-third	2 years	March 3, 2016	100%
March 3, 2014	Third one-third	3 years	March 3, 2017	100%

Actual awards at the end of each vesting period are determined based on the following parameters:

Appreciation or Depreciation in D&B Stock Price	Award as a % of Target LRSU Grant
100%	200%
50%	150%
0%	100%
25%	75%

The table below summarizes the actual award for the first tranche of the 2014 LRSU grant:

**2014 LRSU Award for First Tranche**

John Reid-Dodick	\$ 375,000	3,334	1,111	\$ 112.46	\$ 119.50	6.3%	1,180	106.3%
Rishi Dave	\$ 200,000	1,778	592	\$ 112.46	\$ 119.50	6.3%	629	106.3%

\* These shares vested as of March 3, 2015 and will be reported in the Option Exercises and Stock Vested Table in our 2016 proxy statement. This year they continue to be reported in our Outstanding Equity Awards at Fiscal Year-end Table for 2014.

**2014 Target 3-Year Performance Unit Grant.** In addition to the LRSU grant, the other component of our annual long-term incentive program was a 3-year performance unit grant (also shown below in the "Grants of Plan-Based Awards Table").

The initial target grant of performance units will be adjusted up or down relative to results over the 3-year performance period. To determine the number of target performance units, the economic value of the target 3-year performance unit grant was divided by the Dun & Bradstreet stock price of \$112.46 (*i.e.*, the average fair market value of Dun & Bradstreet's stock price over the first 30 trading days of 2014). The grant date of the target 3-year performance units was March 3, 2014 (the same as the target LRSU grant).

The target grant of performance units was split into two equal components. The first component is tied to Dun & Bradstreet's 3-year TSR performance relative to the S&P 500 companies. The second component is tied to Dun & Bradstreet's 3-year CAGR. At the end of the three year performance period (January 1, 2014 to December 31, 2016), the actual award in Dun & Bradstreet shares for the performance unit component can range from 0% to 200% of the target grant.

The following performance parameters will be used to determine the award for the first component tied to TSR:

**2014-2016 Performance Units  
Total Shareholder Return (TSR) Parameters**

D&B 3-year Relative TSR Percentile Ranking vs. S&P 500	Award as % of Target Grant
80th	200%
50th	100%
30th	50%
< 30th	0%
<i>Interpolation in between</i>	

Table of Contents

The actual award for the second component, tied to Dun & Bradstreet's core revenue CAGR, will be determined based on the following performance parameters:

**2014-2016 Performance Units  
Core Revenue Compound Annual Growth Rate (CAGR) Parameters**

D&B 3-year CAGR	Award as % of Target Grant
6.0%	200%
3.0%	100%
1.0%	25%
< 1.0%	0%

*Interpolation in between*

The above performance parameters for the 3-year performance units were approved by the C&BC at its meeting on February 25, 2014.

Each component of the performance unit grant will vest in two annual installments: 50% after the conclusion of the 3-year performance period and on the third anniversary of the grant date and the remaining 50% on the fourth anniversary of the grant date. Therefore, 50% of the 2014 performance unit award will vest on March 3, 2017 and the remaining 50% will vest on March 3, 2018.

**Award from Second Tranche of 2013 Target LRSU Grant.** As part of our annual long-term incentive program in 2013, we granted target LRSUs to two of our named executive officers on March 1, 2013. As disclosed in our 2014 Proxy Statement in the "Compensation Discussion & Analysis" under "2013 Target LRSU Grant," the 2013 grant of target LRSUs operated similarly to the 2014 target LRSU grant as described above. The table below summarizes the actual award for the second tranche of the 2013 target LRSU grant:

	Total Target LRSUs	Second Tranche Target LRSUs (1/3rd)	D&B Starting Stock Price	D&B Ending Stock Price	D&B Stock Price Appreciation or Depreciation	Number of Shares *	Second Tranche Award (1/3rd) Award as % of Second Tranche Target LRSUs
Richard H. Veldran	3,247	1,082	\$ 80.85	\$ 119.50	47.8%	1,599	147.8%
Joshua L. Peirez	4,947	1,649	\$ 80.85	\$ 119.50	47.8%	2,437	147.8%

\* These shares vested as of March 1, 2015 and will be reported in the Option Exercises and Stock Vested Table in our 2016 proxy statement. This year they continue to be reported in our Outstanding Equity Awards at Fiscal Year-end Table for 2014.

These awards were based on 2013-2014 performance and vested 100% after the conclusion of the performance period on March 1, 2015. The grant date of the performance-based target LRSU grant was March 1, 2013. Messrs. Carrigan, Reid-Dodick and Dave were hired later in 2013 or in 2014 and, therefore, did not receive a March 1, 2013 LRSU grant. The awards from the first tranche of the 2013 target LRSU grant are reflected in the Option Exercises and Stock Vested Table.

### Special Long-term Equity Grants

Attracting and retaining key executives is critical to the achievement of our business objectives. In recognition of that principle, the C&BC may periodically make special equity grants to executives it

Table of Contents

deems critical to the Company's current and future success. The specific features of such grants are tailored to each situation.

**Award from First Tranche of Special 2013 Target LRSU Grant.** In consideration of his appointment as President and CEO of the Company in October 2013, Mr. Carrigan was awarded a grant of 9,678 LRSUs with an estimated economic value of \$1,000,000. This special grant was tied to 1-, 2- and 3-year Dun & Bradstreet stock price appreciation or depreciation. The grant date was October 7, 2013, Mr. Carrigan's date of hire.

Like the grant of LRSUs under our annual equity program described above, Mr. Carrigan's target grant of 9,678 LRSUs was split into three equivalent tranches of 3,226 target LRSUs each. These LRSUs operate in the same way as our annual LRSUs as described above. The table below summarizes the actual award for the first tranche of Mr. Carrigan's special 2013 target LRSU grant:

		First Tranche Award (1/3rd)					
							Award as % of First Tranche Target LRSUs
	Total Target LRSUs	First Tranche Target LRSUs (1/3rd)	D&B Starting Stock Price	D&B Ending Stock Price	D&B Stock Price Appreciation or Depreciation	Number of Shares	
Robert P. Carrigan	9,678	3,226	\$ 107.40	\$ 119.62	11.4%	3,593	111.4%

The award from this tranche of the 2013 target LRSU grant is reflected in the Option Exercises and Stock Vested Table.

**Special 2014 Equity Grants.** In consideration of his promotion to Chief Operating Officer on February 3, 2014, the C&BC approved a special equity grant for Mr. Peirez of 8,891 restricted stock units, or RSUs, with an estimated economic value of \$1,000,000. This special grant was effective March 3, 2014 and vests 50% on the third anniversary of the grant, 25% on the fourth anniversary of the grant and 25% on the fifth anniversary of the grant.

As part of his hire-on package to join the Company, the C&BC approved a special equity grant for Mr. Reid-Dodick of 2,377 RSUs with an estimated economic value of \$250,000. The number of RSUs was based on the fair market value of Dun & Bradstreet common stock of \$105.15 on February 4, 2014, Mr. Reid-Dodick's date of hire. This special grant was effective March 3, 2014 and vests 20% on the first anniversary of the grant, 30% on the second anniversary of the grant and 50% on the third anniversary of the grant.

As part of his hire-on package to join the Company, the C&BC approved a special equity grant for Mr. Dave of 2,545 RSUs with an estimated economic value of \$250,000. The number of RSUs was based on the fair market value of Dun & Bradstreet common stock of \$98.21 on February 24, 2014, Mr. Dave's date of hire. This special grant was effective March 3, 2014 and vests 20% on the first anniversary of the grant, 30% on the second anniversary of the grant and 50% on the third anniversary of the grant.

### Stock Ownership Guidelines

Under the Company's stock ownership guidelines, our named executive officers and all other executive officers of the Company are expected over time to achieve a minimum specified level of

Table of Contents

ownership in our common stock. These guidelines reinforce the objectives of our executive compensation program to:

Align senior executives' individual financial interests with those of shareholders; and

Encourage senior executives to focus on long-term value creation.

The levels of stock ownership are a multiple of the executive officer's salary. For our President and CEO, the minimum level of stock ownership is six times salary. For our other named executive officers, the minimum level of stock ownership is four times salary. These multiples, which are above the general market median, demonstrate our senior executives' commitment to Dun & Bradstreet and their personal financial stake in the Company.

Shares counted toward satisfaction of the ownership guidelines include all stock owned outright, restricted stock units, one-half of target performance-based restricted stock units (both LRSUs and performance units), units in the Dun & Bradstreet Common Stock Fund of our 401(k) Plan, and one-half of the shares underlying vested stock options. There is no timeframe for achieving the ownership guidelines. However, all executives covered by these guidelines are expected to retain 100% of the net shares resulting from equity-based compensation awards and shares otherwise acquired by them outright until the guidelines are achieved. Once the guidelines are met, covered executives must retain a sufficient number of shares to comply with the guidelines until termination of their service with the Company. Only shares in excess of the guidelines may be traded within designated open window periods in accordance with the Company's Inside Information and Securities Trading Policy.

Each year, the C&BC reviews each of our named executive officer's status and progress towards achieving the guidelines. All of our named executive officers have either met their ownership target, or are in compliance with our 100% retention policy. The stock ownership of each of our named executive officers as of December 31, 2014 is noted below.

Name	Guideline as Multiple of Salary	Actual Ownership as Multiple of Salary
Robert P. Carrigan*	6	2.7
Richard H. Veldran	4	5.6
Joshua L. Peirez	4	6.4
John Reid-Dodick*	4	1.3
Rishi Dave*	4	1.4

\* The actual ownership levels for Messrs. Carrigan, Reid-Dodick and Dave reflect the fact that they were hired on October 7, 2013, February 4, 2014 and February 24, 2014, respectively.

#### **Nonqualified Deferred Compensation**

Our Key Employees' Nonqualified Deferred Compensation Plan provides our named executive officers and eligible key employees with an opportunity to defer receipt of current income into the future and/or to accumulate capital on a tax-deferred basis for a planned future event. This voluntary plan also provides our named executive officers with an effective tax planning vehicle. We offer this plan to provide a competitive and comprehensive total compensation package that is designed to attract and retain key executives. Under this plan, participants may voluntarily defer the payment of both salary and annual cash incentives. In 2014, no named executive officers made deferred payments into the plan. A further description of the plan is set forth below under the Nonqualified Deferred Compensation Table.

Table of Contents

**Nonqualified Retirement Benefits**

Messrs. Peirez and Veldran participate in our nonqualified Executive Retirement Plan, or ERP. The plan was originally designed to provide retirement income and disability benefits necessary to attract and retain the executives of the Company, including, in particular, those executives who join the Company in the middle of their career. Effective April 4, 2011, the ERP was closed to new participants.

Additional details on the nonqualified retirement plans can be found in the applicable section following the Pension Benefits Table.

**Change in Control Benefits**

We believe that change in control benefits help protect shareholder interests in the event of a change in control. These benefits enable our named executive officers to make decisions in the interest of our shareholders without concern over the impact on them personally. In addition, our change in control benefits provide an incentive for our named executive officers to continue their employment with Dun & Bradstreet during the change in control event.

Equity granted on or after after January 1, 2013 and all cash benefits are only "triggered" (*i.e.*, vested or payable on an accelerated basis) if the named executive officer is terminated without cause or resigns for good reason in connection with a change in control and within the specified period. Equity granted on or after January 1, 2013 is subject to this "double trigger" and will not become vested or payable unless the executive's employment is terminated without cause or the executive resigns for good reason, within the twenty-four month period following a change in control event (including certain pre-change in control terminations that are directly related to a change in control). All cash benefits (including severance) under the revised Change in Control Plan are also subject to a "double trigger." Effective January 1, 2014, all of our named executive officers participate in the Company's revised Change in Control Plan.

For equity granted prior to January 1, 2013, upon a change in control, unvested options become immediately vested and exercisable and restrictions on RSUs immediately lapse.

A detailed description of our change in control benefits is set forth in the "Overview of Change in Control, Severance and Other Arrangements" section of this proxy statement.

**Severance Benefits**

We also provide our named executive officers with severance benefits if their employment is terminated as a result of a reduction in force, job elimination, unsatisfactory job performance (not constituting cause) or a mutually agreed-upon resignation, in each case not related to a change in control of Dun & Bradstreet. Severance benefits are provided through our Career Transition Plan, in which all of our named executive officers participate. Severance benefits under this plan are available to all employees of the Company. We believe that severance benefits enable our compensation program to remain competitive with the market for executive talent and allow for orderly transitions without individual negotiations.

A detailed description of our severance plan is set forth in the "Overview of Change in Control, Severance and Other Arrangements" section of this proxy statement.

Table of Contents

**External Benchmarking**

Market data provide a reference and framework for decisions about the base salary, target annual cash incentives, and the appropriate level of long-term incentives to be provided to each of our named executive officers. However, due to year-over-year variability and the inexact science of matching and pricing executive jobs, we believe market data should not be used as the sole criterion in determining a specific pay level. Therefore, in setting the target pay for our named executive officers, the C&BC reviews market data along with other factors, including: the scope of responsibility and accountability within the organization, prior experience, marketability, leadership competencies and individual performance.

Market data also help ensure our other executive compensation program components are competitive with market practice and trends. Therefore, we review the design of our annual cash incentive opportunity and long-term incentive program, the prevalence of executive benefits and perquisites, our stock ownership guidelines and severance and change in control benefits against both our compensation comparison group as well as general industry.

**Compensation Comparison Group.** Our compensation comparison group includes 24 companies in financial services, business information and technology services. In consultation with Meridian, our independent compensation consultant, the C&BC selected these companies for the compensation comparison group because they:

are within our general "industry";

are broadly within our size range, using revenue (up to approximately three times Dun & Bradstreet) and market capitalization (up to approximately four times Dun & Bradstreet) as parameters;

have executive positions comparable to ours, requiring a similar set of leadership skills and experience; and

are representative of those with whom we compete for business and/or executive talent.

In addition to the above, companies were included in the compensation comparison group only if executive pay data were available either through Equilar's Executive Compensation Survey proprietary database or through publicly available proxy information.

## Edgar Filing: DUN & BRADSTREET CORP/NW - Form PRE 14A

### Table of Contents

During 2014, we deleted four companies from and added four companies to our compensation comparison group, resulting in a peer group more characteristic of Dun & Bradstreet's size and market for executive talent:

Action	Company	Ticker	Sector / Industry	Revenue Size	Reason
Deleted	CA Technologies, Inc.	CA	Technology / Business Software & Services	\$ 4.5B	Size and industry (software and security solutions)
Deleted	Northern Trust Corporation	NTRS	Financial / Asset Management	\$ 4.2B	Size and industry (largely asset management, fiduciary and banking services)
Deleted	Unisys Corporation	UIS	Technology / Information Technology Services	\$ 3.5B	Size and industry (mainly known for server/hardware technology)
Deleted	TD Ameritrade Holding Corporation	AMTD	Financial / Investment Brokerage National	\$ 3.1B	Industry (securities brokerage services)
Added	Factset Research Systems, Inc.	FDS	Technology / Information & Delivery Services	\$ 920M	Size and industry: Provides integrated financial information and analytical applications to global customers in the United States, Europe and the Asia Pacific. Also, Forbes Top 100 Companies to Work For.
Added	Morningstar, Inc.	MORN	Technology / Information & Delivery Services	\$ 774M	Size and industry: Provides independent investment research and ratings to customers in North America, Europe, Australia and Asia.

Added	Corelogic, Inc.	CLGX	Technology / Processing Systems & Products	\$ 1.3B	Size and industry: Provides financial and consumer information, analytics and services in the United States, Australia and New Zealand.

These changes placed Dun & Bradstreet near the median of the peer group in terms of revenue size (45<sup>th</sup> percentile) and market capitalization (49<sup>th</sup> percentile). Therefore, our compensation comparison group was comprised of the following companies:

Axiom Corporation	ICF International, Inc.
Alliance Data Systems Corporation	IHS, Inc.
Broadridge Financial Solutions, Inc.	IMS Health, Inc.
Convergys Corporation	The McGraw-Hill Financial, Inc.
<b>Corelogic, Inc.</b>	Moneygram International, Inc.

Companies in bold are new to our peer group in 2014.

Table of Contents

Our current and prior named executive officers were recruited from companies like those in our peer group. We continue to attract executive officer talent from comparable roles at companies whose businesses are represented by our compensation comparison group. Based on these size parameters as well as the qualitative criteria cited above, the C&BC views the compensation comparison group as an appropriate group for benchmarking purposes.

Each year, our pay positioning and performance versus our compensation comparison group is reviewed by the C&BC. As noted in the "Corporate Governance" section of this proxy statement, the C&BC retained the services of Meridian to perform this review.

In 2014, the C&BC analyzed:

Base salaries;

Target and actual annual cash incentives;

Target and actual annual total cash (*i.e.*, base salaries plus target and actual annual cash incentives);

Long-term incentives (grant date and actual values); and

Target and actual total direct compensation (*i.e.*, target and actual annual total cash plus grant date values of long-term incentives).

We strongly believe that there should be a link between a company's performance and its pay levels. Therefore, the analyses included the relationship between executive officer compensation and Company performance over several years.

**Executive Compensation Recoupment Policy**

In October 2012, the C&BC approved the Dun & Bradstreet Incentive Compensation Recoupment Policy, or ICRP. The ICRP became effective January 1, 2013. Our ICRP covers former, current and future members of the Company's executive team and any other Section 16 officers. All of our named executive officers are covered by the ICRP. The ICRP applies to all cash and equity incentive compensation awarded or still outstanding on or after January 1, 2013.

Under the ICRP, the C&BC may, in its sole discretion and to the extent permitted by applicable law, direct the Company to recover the excess amount of any cash or equity incentive compensation granted, awarded, vested or paid to a covered executive where:

The grant, award, vesting or payment of the incentive compensation was based, in whole or part, on the achievement of certain financial results that were subsequently the subject of a restatement of the Company's financial statements due to material noncompliance with any financial reporting requirements under the securities laws; and

The incentive compensation that would have been granted, awarded, vested or paid based upon the financial results as restated is lower than that actually granted, awarded, vested or paid.

The C&BC, in its discretion, determines the value of the excess amount to be recovered or reduced. The C&BC may forego requiring recoupment of incentive compensation that was

Table of Contents

unconditionally received by a covered executive more than three years before the date on which the Company is required to prepare an accounting restatement.

Recoupment of excess payments can be made either or in combination by:

Seeking repayment directly from the covered executive, including the assets of the covered executive;

Reducing the amount that is otherwise payable to the covered executive under any compensatory plan, program, or arrangement maintained by Dun & Bradstreet, including the canceling of outstanding equity awards; and/or

Withholding future compensation that otherwise would be provided, in accordance with Dun & Bradstreet's usually applicable compensation programs and practices.

**Employment Agreements**

None of our named executive officers has an employment agreement with the Company.

**Tax Impact and Deductibility**

Section 162(m) of the Internal Revenue Code limits the deductibility of compensation in excess of \$1 million paid to certain officers unless certain specific and detailed criteria are satisfied. The C&BC considers the anticipated tax treatment to Dun & Bradstreet and our named executive officers in its review and establishment of compensation programs and payments. The annual cash incentive program and the long-term equity incentives (RSUs, LRSUs and 3-year performance unit grants) as described above are intended to comply with the performance-based compensation exemption available under Section 162(m) in order to enhance the likelihood that these amounts will be fully deductible. Compensation resulting from the exercise of outstanding stock options is also intended to be deductible, without regard to Section 162(m). However, notwithstanding the C&BC's efforts, no assurance can be given that compensation will be fully deductible under Section 162(m). The C&BC has determined, and in the future may determine, to award compensation that is not deductible under Section 162(m).

With respect to our annual cash incentive program, our named executive officers were designated by the C&BC as participants in our Covered Employee Incentive Plan, or CEIP, which is a shareholder approved plan. On February 25, 2014, the C&BC established a maximum annual cash incentive opportunity of eight-tenths of one percent of our 2014 earnings before taxes for our President and CEO and five-tenths of one percent of our 2014 earnings before taxes for our other named executive officers. Consistent with prior years, the C&BC selected earnings before taxes as the appropriate measure in setting the maximum incentive opportunity since it considers profitable revenue growth over time as a key driver in creating value for our shareholders. The percentages selected for our President and CEO and for our other named executive officers were deemed, based on historical results, to generate reasonable levels of maximum incentive opportunity given the nature and scope of our executive positions. Actual annual cash incentive payouts to our President and CEO and our other named executive officers were less than these maximums as described below. In 2014, our earnings before taxes were \$348.6 million. Therefore, the maximum annual cash incentive opportunity for our President and CEO was \$2,788,800 and for our other named executive officers the maximum was \$1,743,000 per participant. The amounts determined by this formula represent the maximum value of the cash incentive that could have been paid to our named executive officers in 2014.

Table of Contents

The established maximum incentive opportunity payments under the CEIP are intended to comply with the performance-based compensation exemption under Section 162(m) of the Internal Revenue Code and to enhance the likelihood that any cash amount paid to our participating named executive officers under the CEIP will be fully deductible. Accordingly, the maximum incentive opportunity is conditioned upon performance requirements intended to comply with Section 162(m). However, no assurance can be given that payments under the CEIP will be fully deductible under Section 162(m).

- (1) The amounts shown have not been reduced by any deferrals that our named executive officers may have made under qualified or nonqualified deferred compensation plans offered by Dun & Bradstreet.
- (2) Mr. Dave received a sign-on bonus when hired on February 24, 2014.
- (3) The equity awards are described in the CD&A and are included in the table below named "Grants of Plan-Based Awards Table" in fiscal year 2014. The value shown represents the aggregate grant date fair value of each year's awards, as calculated in accordance with GAAP based on the probable outcomes of the performance conditions judged at the time of grant, without regard to our forfeiture assumptions. If the maximum performance were attained, the grant date fair value of the awards would be as follows: Mr. Carrigan = \$3,001,692, Mr. Veldran = \$750,334, Mr. Peirez = \$1,875,912, Mr. Reid-Dodick = \$984,373, and Mr. Dave = \$650,730. In determining these amounts for maximum performance, only the grant date fair value for the Revenue CAGR component of the 3-year performance units is subject to increase (in this case doubling). The grant date fair values of the other equity grants are fixed regardless of future performance. For more information on how we value stock-based awards (including assumptions made in such valuation), refer to "Note 11. Employee Stock Plans" in the "Notes to Consolidated Financial Statements" in our Annual Report on Form 10-K for the fiscal year ending December 31, 2014. These assumptions may or may not be fulfilled. The amounts shown cannot be considered predictions of future value.
