I sincerely hope that you will attend and participate in the meeting. However, whether you plan to attend or not, it is important that your shares be represented and voted. Accordingly, please vote your shares. We have elected to provide access to our proxy materials on the Internet under the U.S. Securities and Exchange Commission's "notice and access" rules instead of mailing printed copies of those materials to each shareholder. We have sent to our shareholders a Notice of Internet Availability of Proxy Materials that provides instructions on how to access our proxy materials, which are available on the Internet at www.proxyvote.com.

I encourage you to review these materials carefully and to follow the voting instructions in the proxy statement to ensure that your votes are counted.

I look forward to seeing you at the annual meeting.

PROXY STATEMENT

ABOUT THE MEETING: QUESTIONS & ANSWERS

Why am I receiving this proxy statement?

This proxy statement contains information related to the solicitation of proxies for use at our 2016 annual meeting of shareholders, to be held at 9:00 a.m. EDT on Wednesday, May 11, 2016 at 30 S. Meridian Street, Eighth Floor, Indianapolis, Indiana 46204, for the purposes stated in the accompanying Notice of Annual Meeting of Shareholders. This solicitation is made by Kite Realty Group Trust on behalf of our Board of Trustees (the "Board"). "We," "our," "us," and the "Company" refer to Kite Realty Group Trust. This proxy statement, the proxy card and our 2015 annual report to shareholders are first being mailed and made available online to shareholders beginning on or about April 1, 2016.

What am I being asked to vote on, and what are the Board's voting recommendations?

<i>Proposal</i>	<i>Proposal Description</i>	<i>Board's Voting Recommendation</i>
<u><i>Proposal 1: Election of Trustees</i></u>	The election of nine trustees to our Board	"FOR"
<u><i>Proposal 2: Advisory Vote on Executive Compensation</i></u>	The approval, on an advisory basis, of the compensation of our named executive officers	"FOR"
<u><i>Proposal 3: Ratification of the Appointment of Ernst & Young LLP</i></u>	The ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2016	"FOR"

Who is entitled to vote at the annual meeting?

The close of business on March 17, 2016 is the record date for the Annual Meeting. Only holders of record of our common shares at the close of business on the record date are entitled to receive notice of, to attend and to vote at the annual meeting. Our common shares constitute the only class of securities entitled to vote at the meeting.

Table of Contents

What are the voting rights of shareholders?

Each common share outstanding on the record date entitles its holder to cast one vote on each matter to be voted on at the annual meeting.

Who can attend the annual meeting?

All holders of our common shares at the close of business on March 17, 2016, the record date for the annual meeting, or their duly appointed proxies, are authorized to attend the annual meeting. Admission to the meeting will be on a first-come, first-served basis. If you attend the meeting, you may be asked to present valid photo identification, such as a driver's license or passport, before being admitted. Cameras, recording devices and other electronic devices will not be permitted at the meeting.

Please also note that if you hold your shares in "street name" (that is, through a bank, broker or other nominee), you will need to bring a copy of the brokerage statement reflecting your stock ownership as of March 17, 2016.

What will constitute a quorum at the annual meeting?

The presence at the meeting, in person or by proxy, of the holders of a majority of the common shares outstanding on March 17, 2016 will constitute a quorum, permitting the shareholders to conduct business at the meeting. We will include abstentions and broker non-votes in the calculation of the number of shares considered to be present at the meeting for purposes of determining the presence of a quorum at the meeting. A broker non-vote occurs when a nominee holding shares for a beneficial owner has not received voting instructions from the beneficial owner and does not have discretionary authority to vote the shares.

As of the March 17, 2016 record date, there were 83,370,999 common shares outstanding.

How do I vote?

If your shares are registered directly in your name with our transfer agent, Broadridge Corporate Issuer Solutions, Inc., you are considered the shareholder of record with respect to those shares and the Proxy Notice was sent directly to you by us. In that case, you may instruct the proxy holders named in the proxy card (the "Proxy Agents") how to vote your common shares in one of the following ways:

Vote online. You can access proxy materials and vote at www.proxyvote.com. To vote online, you must have the shareholder identification number provided in the Proxy Notice.

Vote by telephone. You also have the option to vote by telephone by calling 1-800-690-6903.

Vote by regular mail. If you received printed materials and would like to vote by mail, please mark, sign and date your proxy card and return it promptly in the postage-paid envelope provided.

Proxies submitted over the internet, by telephone or by mail must be received by 11:59 p.m. EDT on Tuesday May 10, 2016.

Table of Contents

If your shares are held in an account at a brokerage firm, bank, broker-dealer, or other similar organization, then you are the beneficial owner of shares held in "street name," and the Proxy Notice was forwarded to you by that organization. As a beneficial owner, you have the right to instruct that organization on how to vote the shares held in your account. You should instruct your broker or nominee how to vote your shares by following the voting instructions provided by your broker or nominee. You may also attend the meeting and vote in person if you bring the required proxy, as discussed below.

How are proxy card votes counted?

If your proxy card is properly completed and submitted, and not subsequently revoked, it will be voted as directed by you. If the proxy is submitted but voting instructions are not made, the persons designated as proxy holders on the proxy card will vote **"FOR"** the election of all nominees for our Board of Trustees named in this proxy statement; **"FOR"** the advisory vote on executive compensation; **"FOR"** the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2016; and as recommended by our Board of Trustees with regard to any other matters that may properly come before the meeting, or, if no such recommendation is given, in the Board's own discretion. If the proxy is submitted and voting instructions are made for some, but not all, of the proposals, as to matters in which instructions are given, the proxy will be voted in accordance with those instructions, and for all other proposals, the proxy will be voted as described in the prior sentence.

If your common shares are held in an account at a brokerage firm, bank, broker-dealer, or other similar organization, under applicable rules of the New York Stock Exchange (the "NYSE") (the exchange on which our common shares are traded), the brokers will vote your shares according to the specific instructions they receive from you. If a broker that holds common shares for a beneficial owner does not receive voting instructions from that owner at least 10 days prior to the annual meeting, the broker may vote on the proposal only if it is considered a "routine" matter under the NYSE's rules. On non-routine matters, nominees do not have discretionary voting power and cannot vote without instructions from the beneficial owners, resulting in a so-called "broker non-vote." Pursuant to the rules of the NYSE, the election of trustees and the approval of the compensation of our named executive officers are "non-routine" matters, and a brokerage firm may not vote without instructions from its client on these matters, resulting in a broker non-vote. In contrast, ratification of the appointment of an independent registered public accounting firm is considered a "routine" matter under NYSE's rules, which means that a broker has discretionary voting authority to the extent it has not received voting instructions from its client on the matter.

If I plan to attend the Annual Meeting, should I still vote by proxy?

Yes. Voting in advance does not affect your right to attend the annual meeting. If you submit your proxy card and also attend the annual meeting, you do not need to vote again at the annual meeting unless you want to change your vote. Written ballots will be available at the meeting for shareholders of record. If you are not a shareholder of record but hold shares through a broker or nominee (i.e., in street name), you may vote your shares in person only if you obtain a legal proxy from the broker, trustee or nominee that holds your shares giving you the right to vote the shares. Even if you plan to attend the annual meeting, we recommend that you also submit your proxy or voting instructions prior to the meeting as described above so that your vote will be counted if you later decide not to attend the annual meeting.

Table of Contents

Will any other matters be voted on?

The proposals set forth in this proxy statement constitute the only business that the Board intends to present at the annual meeting. The proxy does, however, confer discretionary authority upon the persons designated as proxy holders on the proxy card, or their substitutes, to vote on any other business that may properly come before the meeting. If the annual meeting is postponed or adjourned, the proxy holders can vote your shares on the new meeting date as well, unless you have revoked your proxy.

May I change or revoke my vote after I submit my proxy card?

Yes. You may revoke a previously granted proxy at any time before it is exercised by (i) delivering a written notice of revocation to our Secretary at 30 S. Meridian Street, Suite 1100, Indianapolis, Indiana 46204, (ii) delivering a duly executed proxy bearing a later date to us or (iii) attending the meeting and voting in person. If your common shares are held by a broker, bank or any other persons holding common shares on your behalf, you must contact that institution to revoke a previously authorized proxy.

Who is soliciting the proxies and who pays the costs?

The enclosed proxy for the annual meeting is being solicited by the Board. Proxies also may be solicited, without additional compensation, by our trustees and officers by mail, telephone or other electronic means or in person. We are paying the costs of this solicitation, including the preparation, printing, mailing and website hosting of proxy materials. It is anticipated that banks, brokers and other custodians, nominees and fiduciaries will forward proxy materials to the beneficial owners of our common shares to obtain their voting instructions, and that we will reimburse such persons for their out-of-pocket expenses.

You should rely only on the information provided in this proxy statement. We have not authorized anyone to provide you with different or additional information. You should not assume that the information in this proxy statement is accurate as of any date other than the date of this proxy statement or, where information relates to another date set forth in this proxy statement, then as of that date.

PROPOSAL 1: ELECTION OF TRUSTEES

Our Board of Trustees is currently comprised of nine trustees, each with terms expiring at the 2016 annual meeting. The nominees, all of whom are currently serving as trustees of the Company, have been recommended by our Board of Trustees for re-election to serve as trustees for one-year terms until the 2017 annual meeting of shareholders and until their successors are duly elected and qualified.

NOMINEES FOR ELECTION AT THE 2016 ANNUAL MEETING

The nominees for election at the 2016 annual meeting are:

1. John A. Kite

4. Lee A. Daniels
5. Gerald W. Grupe
6. Christie B. Kelly
7. David R. O'Reilly
8. Barton R. Peterson

Based on its review of the relationships between the trustee nominees and the Company, the Board of Trustees has affirmatively determined that all of our trustee nominees except for Mr. John A. Kite are "independent" trustees under the rules of the NYSE.

The Board of Trustees knows of no reason why any nominee would be unable to serve as a trustee. If any nominee is unavailable for election or service, the Board of Trustees may designate a substitute nominee and the persons designated as proxy holders on the proxy card will vote for the substitute nominee recommended by the Board of Trustees. Alternatively, the Board of Trustees may, as permitted by our bylaws, decrease the size of our Board of Trustees.

VOTE REQUIRED AND RECOMMENDATION

The affirmative vote of a majority of the votes cast at the annual meeting is necessary for the election of a trustee. For purposes of the election of trustees, a majority of the votes cast means that the number of votes cast "for" a trustee's election exceeds the number of votes cast "against" that trustee's election. Abstentions and other shares not voted (whether by broker non-vote or otherwise) will not be counted as votes cast and thus will have no effect on the result of the vote. There is no cumulative voting with respect to the election of trustees.

Pursuant to our Corporate Governance Guidelines, if an incumbent trustee is not re-elected due to his or her failure to receive a majority of the votes cast in an uncontested election, the trustee will promptly offer to tender his or her resignation as a trustee, subject to acceptance by the Board. The Corporate Governance and Nominating Committee must make a recommendation to the Board as to whether to accept or reject such offer to resign or whether other action should be taken with respect to such offer to resign. The Board must publicly disclose within 90 days of certification of the shareholder vote its decision and rationale regarding whether to accept, reject or take other action with respect to such resignation offer. If any trustee's offer to resign is not accepted by the Board, such trustee will continue to serve until his or her successor is elected and qualifies or his or her earlier resignation or removal. If any trustee's offer to resign is accepted by the Board, then such trustee will thereupon cease to be a trustee of the Company, and the Board, in its sole discretion, may fill the resulting vacancy or may decrease the size of the Board pursuant to the Company's bylaws.

OUR BOARD OF TRUSTEES RECOMMENDS A VOTE "FOR" EACH OF THE NOMINEES SET FORTH ABOVE.

Table of Contents

TRUSTEE SELECTION PROCESS
QUALIFICATIONS

The Board has adopted a policy to be used for considering potential trustee candidates to further the Corporate Governance and Nominating Committee's goal of ensuring that our Board of Trustees consists of a diversified group of qualified individuals who function effectively as a group. The policy provides that qualifications and credentials for consideration as a trustee nominee may vary according to the particular areas of expertise being sought as a complement to the existing composition of the Board of Trustees. However, at a minimum, candidates for trustee must possess:

a high degree of integrity;

an ability to exercise sound judgment;

an ability to make independent analytical inquiries;

a willingness and ability to devote adequate time and resources to diligently perform Board duties; and

a reputation, both personal and professional, consistent with the image and reputation of the Company.

In addition to the aforementioned minimum qualifications, the Corporate Governance and Nominating Committee also believes that there are other qualities and skills that, while not a prerequisite for nomination, should be taken into account when considering whether to recommend a particular person. These factors include:

whether the person possesses specific expertise in the real estate industry and familiarity with general issues affecting the Company's business;

whether the person's nomination and election would enable the Board of Trustees to have a member that qualifies as an "audit committee financial expert" as defined by the Securities and Exchange Commission ("SEC");

whether the person would qualify as an "independent" trustee under the NYSE's listing standards and our corporate governance guidelines;

the importance of continuity of the existing composition of the Board of Trustees; and

the importance of a diversified Board membership, in terms of both the individuals involved and their various experiences and areas of expertise.

IDENTIFICATION AND EVALUATION PROCESS

The Corporate Governance and Nominating Committee will seek to identify trustee candidates based on input provided by a number of sources, including (a) Corporate Governance and Nominating Committee members, (b) other members of the Board of Trustees and (c) shareholders of the Company. The Corporate Governance and Nominating Committee also has the authority to consult with or retain advisors or search firms to assist in the identification of qualified trustee candidates;

Table of Contents

however, we do not currently employ a search firm or pay a fee to any third party to locate qualified trustee candidates.

As part of the identification process, the Corporate Governance and Nominating Committee will evaluate the skills, expertise and diversity possessed by the current Board of Trustees and whether there are additional skills, expertise or diversity that should be added to complement the composition of the existing Board. The Corporate Governance and Nominating Committee may consult with other members of the Board in connection with the identification process. The Corporate Governance and Nominating Committee also will take into account the number of trustees expected to be elected at the next annual meeting and whether existing trustees have indicated a willingness to continue to serve as trustees if re-nominated. Once trustee candidates have been identified, the Corporate Governance and Nominating Committee will then evaluate each candidate in light of his or her qualifications and credentials and any additional factors that the Corporate Governance and Nominating Committee deems necessary or appropriate. Existing trustees who are being considered for re-nomination will be re-evaluated as part of the Corporate Governance and Nominating Committee's process of recommending trustee candidates. All candidates submitted by shareholders will be evaluated in the same manner as all other trustee candidates, provided that the procedures set forth in our bylaws have been followed.

After completing the identification and evaluation process described above, the Corporate Governance and Nominating Committee will recommend to the Board of Trustees the nomination of a number of candidates equal to the number of trustee vacancies that will exist at the annual meeting of shareholders. The Board will then select the trustee nominees for shareholders to consider and vote upon at the shareholders' meeting.

SHAREHOLDER NOMINATIONS

For nominations for election to the Board of Trustees by a shareholder, the shareholder must comply with the advance notice provisions and other requirements of Article II, Section 13 of our bylaws. These notice provisions require that the shareholder must have given timely notice thereof in writing to our Secretary. To be timely, a shareholder's notice must be delivered to our Secretary at our principal executive office not less than 90 days nor more than 120 days prior to the first anniversary of the date of mailing of the notice for the preceding year's annual meeting. In the event that the date of the mailing of the notice for the annual meeting is advanced or delayed by more than 30 days from the first anniversary of the date of the mailing of the notice for the preceding year's annual meeting, notice by the shareholder to be timely must be delivered not less than 90 days nor more than 120 days prior to the date of mailing of the notice for such annual meeting or the 10th day following the day on which public announcement of the date of mailing of the notice for such meeting is first made by us. The shareholder's notice must set forth:

as to each person that the shareholder proposes to nominate for election or reelection as a trustee: (a) the name, age, business address and residence address of such person, (b) the class and number of shares of beneficial interest of Kite Realty Group Trust that are beneficially owned or owned of record by such person and (c) all other information relating to such person that is required to be disclosed in solicitations of proxies for election of trustees in an election contest (even if an election contest is not involved) or is otherwise required pursuant to Regulation 14A (or any successor provision) under the Exchange Act; and

as to the shareholder giving the notice and each beneficial owner, if any, on whose behalf the nomination is made: (a) the name and address of such shareholder as they appear on our share ledger and current name and address, if different, of such beneficial owner, and (b) the

class and number of shares of each class of beneficial interest of Kite Realty Group Trust that are owned beneficially and of record by such shareholder and owned beneficially by such beneficial owner.

INDEPENDENCE OF TRUSTEES

NYSE listing standards require NYSE-listed companies to have a majority of independent board members and a nominating/corporate governance committee, compensation committee and audit committee, each comprised solely of independent trustees. Under the NYSE listing standards, no trustee of a company qualifies as "independent" unless the board of trustees of the company affirmatively determines that the trustee has no material relationship with the company (either directly or as a partner, shareholder or officer of an organization that has a relationship with such company). In addition, the NYSE listing standards contain the following restrictions upon a listed company's trustee independence:

a trustee who is an employee or whose immediate family member is an executive officer of the listed company is not independent until three years after the end of such employment relationship;

a trustee who has received or has an immediate family member who has received during any twelve-month period within the last three years more than \$120,000 in direct compensation from the listed company, other than trustee and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service), is not independent;

a trustee who is or whose immediate family member is a current partner of a firm that is the company's internal or external auditor is not independent; a trustee who is a current employee of such a firm is not independent; a trustee who has an immediate family member who is a current employee of such a firm and who personally works on the listed company's audit is not independent; and a trustee who was or whose immediate family member was, within the last three years (but is no longer), a partner or employee of such a firm and personally worked on the listed company's audit within that time is not independent;

a trustee who is employed or whose immediate family member is employed as an executive officer of another company where any of the listed company's present executive officers at the same time serve or served on the other company's compensation committee is not independent until three years after the end of such service or the employment relationship; and

a trustee who is an executive officer or an employee or whose immediate family member is an executive officer of another company that has made payments to, or received payments from, the listed company for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million, or 2% of such other company's consolidated gross revenues, is not independent.

Our Board of Trustees has evaluated the status of each trustee and has affirmatively determined after considering all facts and circumstances that each of our trustee nominees other than John A. Kite is "independent" as defined in the NYSE's listing standards. John A. Kite is not independent because he is an employee of the Company.

Table of Contents

In making its independence determinations with respect to each trustee, the Board of Trustees considered, among other things, relationships between the Company and its trustees and their immediate family members, as well as relationships among trustees and their immediate family members. The Board also considered an arrangement by which KMI Management, LLC ("KMI"), a company in which John A. Kite and Thomas K. McGowan own direct or indirect interests, makes available to each trustee the use of an airplane owned by KMI on the same terms and conditions by which KMI makes the airplane available to our company for business-related travel and to third parties. During 2015, no trustee leased the use of the airplane. See "Certain Relationship and Related Party Transactions Contracts with KMI Management" for a description of the arrangement between our company and KMI.

TRUSTEE COMPENSATION

Under our trustee compensation program, for the 2015-2016 year of service, each non-employee trustee received the following annual compensation for his or her service as a trustee of our Company:

Retainer (Cash)	\$55,000
Equity (Common Shares)	\$75,000
Committee Member (Cash)	Additional \$5,000 to \$10,000
Committee Chair (Cash)	Additional \$10,000 to \$20,000
Lead Independent Trustee (Cash)	\$20,000

On February 17, 2016, our Board of Trustees amended our trustee compensation program. As a result of this amendment, effective April 1, 2016, each non-employee trust will receive the following annual compensation for his or her service as a trustee of our Company:

Retainer (Cash)	\$60,000
Equity (Common Shares)	\$85,000
Committee Member (Cash)	Additional \$5,000 to \$10,000
Committee Chair (Cash)	Additional \$10,000 to \$20,000
Lead Independent Trustee (Cash)	\$20,000

At the trustee's election, the cash retainer may be paid in deferred share units (described below) that are fully vested on the date of grant. The common share grants are subject to a one-year vesting period. In addition, each of our trustees received, and new trustees will receive, upon initial election to our Board, 750 restricted common shares that vest one year from the date of grant.

In 2006, the Board of Trustees adopted the Trustee Deferred Compensation Plan (the "Trustee Plan"), which provides a deferred compensation arrangement for non-employee trustees of the Company. Under the Trustee Plan, each non-employee trustee may elect to defer eligible fee and retainer compensation until such time as the trustee's service on the Board of Trustees is completed. Compensation that is deferred vests immediately and is credited as a number of deferred share units ("share units") to an individual account for each trustee. A share unit represents an unfunded right to receive one of the Company's common shares at a future date. Share units are credited with dividend equivalents to the extent dividends are paid on the Company's common shares.

In order to ensure that all non-management trustees hold meaningful equity ownership positions in the Company, our Board of Trustees has established guidelines for non-management trustees regarding ownership of our common shares or units of limited partnership interest of Kite Realty Group, L.P. According to these guidelines, each non-management trustee should own common shares and/or units in an amount equal to the lesser of 3,750 shares or units (adjusted to reflect our one-for-four reverse share split in August 2014) or a value of approximately four times the annual retainer paid to trustees and should achieve this share ownership level within five years after being elected to the Board.

The following table provides information on the compensation of our non-management trustees for the fiscal year ended December 31, 2015. Mr. Kite received no separate compensation for his service as a trustee of the Company. For information related to his compensation, please refer to the "Summary Compensation Table" included later in this document.

CORPORATE GOVERNANCE AND BOARD MATTERS

The business and affairs of the Company are managed under the direction of our Board, as provided by Maryland law, and the Company conducts its business through meetings of the Board and its three standing committees: the Audit Committee, the Compensation Committee and the Corporate Governance and Nominating Committee.

Entirely Independent Committees. *All of the members of our Audit, Compensation and Corporate Governance and Nominating Committees are independent.*

No Poison Pill. *The Company does not have a "poison pill" or shareholder rights plan.*

Opted Out of Maryland Anti-Takeover Statutes. *We have elected not to be subject to the Maryland Business Combination Statute and the Maryland Control Share Acquisition Statute.*

BOARD LEADERSHIP STRUCTURE

CHAIRMAN

Mr. John A. Kite has served as Chairman of the Board since December 2008 and as our Chief Executive Officer and member of the Board since our initial public offering in 2004. Mr. Kite also served as our President from our initial public offering to December 2008.

Periodically, the Corporate Governance and Nominating Committee gives consideration to whether the combined role of the chairman and chief executive officer continues to be appropriate for our Company. The Corporate Governance and Nominating Committee, with the consensus of the other independent trustees, has concluded that Mr. Kite's extended tenure with our Company provides stable leadership that is beneficial to us and our shareholders. In particular, the Board recognizes that, given Mr. Kite's familiarity with our real estate properties and day-to-day operations and his long-standing experience with our Company, it is valuable to have him lead our board discussions.

LEAD TRUSTEE

To strengthen the role of our independent trustees and encourage independent Board leadership, our Board of Trustees established the position of lead independent trustee in connection with our initial public offering in August 2004. Our lead independent trustee is selected on an annual basis by the Board from among the independent trustees. Mr. William E. Bindley currently serves as our lead independent trustee and has served in that capacity since our initial public offering in 2004. The role of the lead trustee, among other things, is to serve as liaison (i) between the Board and management, including the Chief Executive Officer, (ii) among independent trustees and (iii) between interested third parties and the Board of Trustees. In addition, Mr. Bindley meets several times a year with Mr. Kite, our Chairman and Chief Executive Officer.

The Board believes that our lead independent trustee is effective in mitigating any potential conflict of interest that might arise from the combined chairman/chief executive officer position. In particular, the Board recognizes that the lead independent trustee is actively engaged in setting board agendas, meets regularly with our chief executive officer to stay apprised of the important aspects of our business and presides over executive sessions of the non-management trustees at least once each quarter.

EXECUTIVE SESSIONS OF NON-MANAGEMENT TRUSTEES

Pursuant to our corporate governance guidelines and the NYSE listing standards, in order to promote open discussion among non-management trustees, our Board of Trustees devotes a portion of each regularly scheduled board meeting to executive sessions without management participation. The lead trustee presides at these sessions. In addition, our corporate governance guidelines provide that if the group of non-management trustees includes trustees who are not independent, as defined in the NYSE's listing standards, at least one such executive session convened per year shall include only independent trustees.

BOARD MEETINGS

During 2015, the Board of Trustees met four times, including telephonic meetings. Each trustee attended at least 75% of meetings of the Board and applicable committees on which he or she served during his or her period of service. Trustees are expected to attend, in person or by telephone, all Board meetings and meetings of committees on which they serve. In addition,

Table of Contents

pursuant to our corporate governance guidelines, trustees are expected to attend the Company's annual meeting of shareholders. Last year, eight of our nine trustees attended the annual meeting of shareholders.

BOARD COMMITTEES

The Board of Trustees has a standing Audit Committee, Compensation Committee and Corporate Governance and Nominating Committee. All members of the committees described below are "independent" of the Company as that term is defined in the NYSE's listing standards.

AUDIT COMMITTEE

Members:

Dr. Wurtzebach (Chair)
Mr. Grupe
Ms. Kelly
Mr. O'Reilly

Responsibilities: The principal purpose of the Audit Committee is to assist the Board of Trustees in the oversight of:

the integrity of our financial statements;

our compliance with legal and regulatory requirements;

the qualification, performance, compensation and independence of our independent auditors;

audits and other services performed by our independent auditors;

our financial statements, any significant financial reporting issues and any major issues as to the adequacy of internal controls;

the performance of our internal audit function; and

the preparation and submission of an Audit Committee Report for inclusion in the Company's proxy statement and/or annual report on Form 10-K.

Independence: Our Audit Committee's written charter requires that all members of the committee meet the independence, experience, financial literacy and expertise requirements of the NYSE, the Sarbanes-Oxley Act of 2002, the Exchange Act, and applicable rules and regulations of the SEC, all as in effect from time to time. All of the members of the Audit Committee meet the foregoing requirements. The Board of Trustees has determined that each of Christie B. Kelly, David R. O'Reilly and Dr. Charles H. Wurtzebach is an "audit committee financial expert" as defined by the rules and regulations of the SEC.

Mr. Bindley (Chair)
Mr. Coleman
Mr. O'Reilly

establish and approve the compensation of our Chief Executive Officer and evaluate his performance in light of those goals and objectives;

Meetings: The Compensation Committee met five times in 2015, including telephonic meetings.

At its first regularly scheduled meeting each year, the Compensation Committee evaluates the components of each executive officer's total compensation. Typically, the Chief Executive Officer makes compensation recommendations to the Compensation Committee with respect to the executive officers who report to him. The Compensation Committee may accept or reject such recommendations and also makes the sole determination of the compensation for the Chief Executive Officer.

The Compensation Committee may utilize, from time to time, the services of a compensation consultant or other advisor after taking into consideration all factors relevant to the independence from management of such compensation consultant or other advisor. The Compensation Committee will be directly responsible for the appointment, compensation, and oversight of the work of any compensation consultant or other advisor retained by the Compensation Committee.

In 2015, the Compensation Committee engaged FTI Consulting, Inc. ("FTI Consulting"), a nationally recognized consulting firm, to undertake a comprehensive review of the Company's compensation policies for its executive officers, to advise the Committee and to provide recommendations regarding various compensation decisions to be made by the Committee. The Committee took these recommendations into account in making base salary determinations and incentive compensation awards to its executive officers and establishing an incentive plan for the Company's executive officers and other employees.

Meetings: The Corporate Governance and Nominating Committee met five times in 2015, including telephonic meetings.

BOARD'S ROLE IN RISK OVERSIGHT

One of our Board's important roles is to oversee various risks that we may face from time to time. While the full Board has primary responsibility for risk oversight, it relies on its committees, as appropriate, to monitor and address the risks that may be within the scope of a particular committee's expertise or charter. For example, the Audit Committee oversees the preparation and filing of our financial statements, compliance with legal and regulatory requirements and the performance of our internal audit function. The Board believes that the composition of its committees and the distribution of the particular expertise of each committee's members make this an appropriate structure to more effectively monitor these risks.

Edgar Filing: KITE REALTY GROUP TRUST - Form DEF 14A

An important feature of the Board's risk oversight function is to receive periodic updates from its committees and members of management, as appropriate. Each of the three standing committees addresses risks specific to its respective area of oversight as follows:

Audit Committee: The Audit Committee, which meets at least quarterly and reports its findings to the Board, performs a lead role in helping our Board fulfill its responsibilities for oversight of our financial reporting, internal audit function, risk management and compliance with legal and regulatory requirements. Our Audit Committee reviews periodic reports from our independent

Table of Contents

registered public accounting firm regarding potential risks, including risks related to our internal controls. Our Audit Committee also annually reviews, approves and oversees an internal audit plan developed by our internal auditing personnel with the goal of helping us systematically evaluate the effectiveness of our risk management, control and governance processes; periodically meets with our internal auditing personnel to review the results of our internal audits; and directs or recommends to the Board actions or changes it determines appropriate to enhance or improve the effectiveness of our risk management.

Compensation Committee: The Compensation Committee, in consultation with the Company's executive officers, reviews the Company's policies and procedures with respect to risk assessment and risk management for compensating all employees of the Company, including non-executive employees, on an annual basis and periodically reports its findings to the Board. The Compensation Committee does not believe there are any risks from the Company's compensation policies and practices for its employees that are reasonably likely to have a material adverse effect on the Company.

Nominating and Corporate Governance Committee: The Nominating and Corporate Governance Committee monitors the general operations of the Board and the effectiveness of our corporate governance guidelines, including whether they are successful in preventing illegal or improper liability-creating conduct.

In addition to getting direct information on risk management from its committees, the Board receives regular updates directly from members of executive management. In particular, due to his executive management position, Mr. Kite frequently communicates with other members of our management and periodically updates the Board on the important aspects of the Company's day-to-day operations. The Board also receives regular updates from the Company's General Counsel and outside counsel regarding legal and regulatory developments and policies and mitigation plans intended to address the related risks. Mr. Kite meets or speaks by telephone individually with each of the trustees on at least an annual basis and several times each year with the lead independent trustee. PROPOSAL 2: ADVISORY VOTE ON EXECUTIVE COMPENSATION

We are presenting this proposal, commonly known as a "say-on-pay" proposal, to provide shareholders the opportunity to vote to approve on a non-binding advisory basis the compensation of our named executive officers ("NEOs") as described in this proxy statement.

We believe our executive compensation policies and procedures are centered on pay-for-performance principles and are closely aligned with the long-term interests of our shareholders. As described under the heading "Compensation Discussion and Analysis," our executive compensation program is designed to attract and retain outstanding executives, to reward them for superior performance and to ensure that compensation provided to them remains competitive. We seek to align the interests of our executives and shareholders by tying compensation to the achievement of key operating objectives that we believe enhance shareholder value over the long term and by encouraging executive share ownership so that a portion of each executive's compensation is tied directly to shareholder value.

For these reasons, we are recommending that our shareholders vote "FOR" the following resolution:

"RESOLVED, that the shareholders hereby approve the compensation of the Company's named executive officers as disclosed in the Compensation Discussion and Analysis, the compensation tables and the related narrative executive compensation disclosure contained in this proxy statement."

While the vote on this resolution is advisory in nature and therefore will not bind us to take any particular action, our Board of Trustees intends to carefully consider the shareholder vote resulting from the proposal in making future decisions regarding the compensation of our named executive officers.

VOTE REQUIRED AND RECOMMENDATION

The affirmative vote of a majority of the votes cast at the annual meeting with respect to the matter is required to endorse (on a non-binding advisory basis) the compensation of our named executive officers. For purposes of the vote on this proposal, abstentions and other shares not voted (whether by broker non-vote or otherwise) will not be counted as votes cast and will have no effect on the result of the vote.

OUR BOARD OF TRUSTEES RECOMMENDS A VOTE "FOR" APPROVAL OF THE ADVISORY RESOLUTION DESCRIBED ABOVE.

HIGHLIGHTS

During 2015, we continued to build on our successes in 2014, including those resulting from our \$2.1 billion merger with Inland Diversified Real Estate Trust, Inc., or Inland Diversified, which significantly enhanced our property portfolio's quality and enabled us to improve key financial metrics. Our 2015 Operational Achievements and Compensation Highlights are summarized below:

2015 Operational Achievements

- ii Increased same-property net operating income ("NOI") by 3.5%
- ii Generated funds from operations ("FFO") of \$2.11 per diluted share
- ii Generated FFO, as adjusted, of \$1.99 per diluted share
- ii Achieved an overall leasing percentage of 95.3%
- ii Increased the small-shop leased percentage from 85.7% to 87.6%
- ii Sold approximately \$212 million of non-core assets
- ii Redeployed approximately \$186 million in proceeds from the sale of non-core assets to acquire high-quality, high-growth assets in our core markets
- ii Positioned the Company to enable the recently announced 5.5% increase in our quarterly dividend payments to an annual dividend of \$1.15 per share while maintaining a conservative payout ratio, which represents an approximate 19.8% dividend increase since 2013

Table of Contents

- ii Redeemed \$102.5 million of 8.25% preferred shares, thereby improving overall capital costs
- ii Executed leases on 188 new and 181 renewal individual spaces for approximately 2.1 million square feet of retail space in 2015
- ii Substantially completed two redevelopment projects and moved these assets to the operating portfolio
- ii Improved our liquidity by increasing our total borrowing capacity under our existing unsecured term loan from \$230 million to \$400 million, issuing \$250 million of senior unsecured notes and entering into a new seven-year unsecured term loan for up to \$200 million.

See "Special Note Regarding Non-GAAP Financial Measures" below for information regarding the performance metrics described above.

2015 Compensation Highlights

- ii Awarded short-term incentive compensation pursuant to an objective, formula-based plan with approved targets and performance metrics
- ii Communicated during 2015 with shareholders holding over 60% of our common shares to gather feedback on our executive compensation practices
- ii Approved grants of performance share units that may be earned over a three-year period based on our performance compared to the SNL US REIT Retail Shopping Center Index
- ii Approved grants of restricted stock that vest over five years and are subject to additional three-year no-sell provisions

In 2014, we made significant changes to our compensation program to make it more objective, formulaic and transparent. Our 2015 compensation actions are consistent with those changes. The Compensation Committee is confident that our compensation program continues to create strong alignment between our NEOs and our shareholders and is appropriately designed to incentivize strong performance over the long term. The Compensation Committee will continue to consider shareholder feedback in its ongoing review of our executive compensation program.

Table of Contents

COMPENSATION PHILOSOPHY AND OBJECTIVES

Our compensation program is designed to attract and retain outstanding senior executives, ensure that compensation provided to them remains competitive relative to the compensation paid to similarly-situated senior executives at comparable publicly traded REITs, and reward them for superior performance. The program is designed to reward both short- and long-term performance and to align our senior executives' and shareholders' interests. To that end, we believe the compensation packages we provide to our NEOs should include both cash and share-based incentive compensation that reward performance as measured, in large part, against corporate and individual goals that will enhance shareholder value over the long term.

We believe the overall compensation of our senior executives primarily should reflect their accomplishments as a management team in achieving established key operating objectives. We also believe the achievement of these key objectives will ultimately enhance shareholder value as reflected in an increased market price of our shares. We believe the compensation of our senior executives should not be based on the short-term performance of our shares, whether favorable or unfavorable. In this regard, the restricted common shares historically granted to our senior executives vest over a service period ranging from three to five years, and certain grants in 2014 and 2015 included a three-year "no-sell" restriction prohibiting the executive officers from transferring the shares for a three-year period after the award vests, except to the extent necessary to satisfy tax obligations. We believe the long-term price of our shares will reflect our operating performance, which is indicative of the management of our company by our senior executives. Our senior executives also are subject to the downside risk of a decrease in the value of their compensation in the event the price of our common shares declines.

The Compensation Committee is responsible for establishing, implementing and continually monitoring adherence with our compensation philosophy as applied to our NEOs. For more information related to the processes and procedures of the Compensation Committee in determining the compensation for our NEOs, including the role of any named executive officer in this process, see "Information Regarding Corporate Governance and Board and Committee Meetings Board Committees Compensation Committee," above.

Table of Contents

Consistent with our overall philosophy and objectives, certain compensation practices we follow and those that we avoid are as follows:

What we do

Pay for performance. *With our outperformance plan, our performance share awards and our discretionary incentive share awards, we place a heavy emphasis on performance-based compensation to align our executives' and shareholders' interests.*

Equity in Lieu of Cash. *We provide our executives the option to receive 50% of their short-term incentive compensation in restricted shares, and we provide an equity match award of up to 20% to encourage our executives to do so.*

Stock Ownership Guidelines. *In order to further align our executives' and shareholders' interests, our share ownership guidelines require our CEO and other NEOs to own shares or limited partnership units with an aggregate value of 10x and 3x or 2x base salary, respectively.*

Double Trigger Severance. *Under our executives' employment agreements, a "change in control," by itself, is not sufficient to trigger severance and equity acceleration it must also be accompanied by a qualifying termination.*

Independent Compensation Consultant. *The Compensation Committee has retained FTI Consulting, a nationally recognized compensation consulting firm, to review and provide recommendations regarding our executive compensation program.*

Compensation Risk Assessment. *The Compensation Committee conducts a compensation risk assessment to ensure that our executive compensation program does not encourage excessively risky behaviors.*

Annual Say on Pay Vote. *We ask our shareholders to vote on our executive compensation practices on a yearly basis.*

What we don't do

No Excess Perquisites. *We do not provide any supplemental executive retirement plans, company cars, club memberships or other significant perquisites.*

No Tax Gross Ups. *Our executives are not entitled to gross-up payments in the event they are required to pay excise taxes upon a change in control.*

No Hedging. *Our anti-hedging policy prohibits our executives from engaging in transactions designed to hedge against losses from their share ownership.*

No Single Trigger Severance. *Our executives are not entitled to severance or equity acceleration upon the occurrence of a change in control, by itself, in the absence of a qualifying termination.*

No Executive Retirement or Health Benefits. *Our executive officers participate in the same retirement and health plans as our other employees.*

RESULTS OF 2015 ADVISORY VOTE ON EXECUTIVE COMPENSATION

In establishing and recommending compensation for 2015 performance for our NEOs, the Compensation Committee reviewed the results of the vote on the non-binding resolution to approve the 2014 compensation of our NEOs at our 2015 Annual Meeting of Shareholders. At our 2015 Annual Meeting of Shareholders, approximately 52% of the shares voted were voted in support of the compensation paid to our NEOs for 2014, which was significantly lower than the approval percentages of 91.9%, 96.7% and 96.5% we received in 2014, 2013 and 2012, respectively.

Leading up to our 2015 Annual Meeting, we contacted shareholders owning more than 60% of our common shares to elicit feedback on our compensation and governance practices and to discuss our 2014 compensation. We invited these shareholders to participate in telephone conferences with management and we had a member of our Compensation Committee available to talk to any shareholder who requested to do so. Most of these shareholders accepted our invitation to talk to management, but none of them asked to talk to a Compensation Committee member.

We focused our discussions with our shareholders on the Company's performance in 2014 and the preceding years, the transformative nature of the Inland Diversified merger, and the recent changes the Company made to its compensation and governance programs to adopt best practices recommended generally by our largest shareholders. We summarize these changes in the table below:

Recent Changes to Compensation and Governance Practices to Align with Shareholder Best Practices

- ii **Majority Voting for Trustees.** *Adopted majority voting for uncontested trustee elections*
- ii **Share Ownership Guidelines.** *Modified share ownership guidelines to require that our CEO own shares with an aggregate value of 10x base salary*
- ii **Anti-Hedging Policy.** *Adopted an anti-hedging policy prohibiting our trustees, executives and employees from engaging in transactions designed to hedge against losses from their share ownership*
- ii **New, More Company-Friendly Employment Agreements.** *Negotiated new employment agreements with Messrs. Kite, McGowan and Sink to implement today's best practices by:*
 - *Eliminating the right to treat a change in control, by itself, as an event permitting resignation and the collection of severance payments*
 - *Eliminating excise tax gross-up payments*
 - *Requiring waiver and release agreements as prerequisites to the executives' receiving severance payments*
 - *Increasing the non-compete periods for Messrs. Kite and McGowan from 12 to 18 months*
- ii **Formulaic Short-Term Incentive Plan.** *Replaced our previous discretionary cash bonus system with a more objective, formula-based plan*

Table of Contents

ii

Linked Long-Term Incentive Compensation to TSR. *Approved grants of performance share units that will be earned over a three-year period based on our performance compared to the SNL US REIT Retail Shopping Center Index*

ii

Adopted Outperformance Plan. *Provides bonus opportunities only if certain absolute and relative total-shareholder-returns are achieved, further aligning executive compensation opportunities with shareholders' interests*

ii

Long Vesting and No-Sell Periods. *We generally make our executive equity awards subject to five-year vesting and three-year no-sell periods.*

During the above conversations, our shareholders stated that they recognized and appreciated the Company's adoption and implementation of these best practices. The only specific critique raised by our shareholders during these conversations was with respect to the special bonus awards issued to our NEOs in July 2014 in connection with the Inland Diversified merger. For example, some of our shareholders criticized the special awards as being discretionary and not tied to meeting specific performance thresholds. We are also aware that the special awards may have created the perception that the total reported compensation for our named executive officers was outsized with respect to our peers and our historical practice.

The Compensation Committee understands and appreciates these concerns. We took them into account when making compensation decisions in 2015, and we will continue to do so when making future compensation decisions. With respect to 2015, the Compensation Committee awarded compensation to our named executive officers solely within the confines of our annual compensation system, which is largely tied to Company performance, and at a level more consistent with our peers and our historical compensation practices, all as further described below. Accordingly, the Compensation Committee determined that the 2015 compensation of our NEOs was appropriate.

Additionally, based on the results of the non-binding shareholder advisory vote on the frequency of shareholder votes on executive compensation at our 2011 Annual Meeting of Shareholders, the Compensation Committee and the Board determined that shareholder advisory votes on the compensation of NEOs will take place every year, until and unless our shareholders vote to hold such advisory votes with a different frequency.

COMPENSATION CONSULTANT

The Compensation Committee has engaged FTI Consulting, a nationally recognized compensation consulting firm, to serve as the Compensation Committee's compensation consultant and to provide recommendations regarding various compensation decisions to be made by the Compensation Committee. The Compensation Committee took FTI Consulting's recommendations into account in making base salary determinations and incentive compensation awards to our NEOs.

Table of Contents**PEER GROUP AND BENCHMARKING**

In making compensation decisions, the Compensation Committee compares the Company's compensation programs and performance to certain peer group companies. For compensation decisions made in 2015, the Compensation Committee, with the assistance of FTI Consulting, used a peer group consisting of the following companies:

Peer Median (Excluding KRG)	2,464.8	4,455.4	2,919.4					

As of 12/31/2015

Our peer group is designed to include REITs that invest in shopping center assets and select regional malls. Our peer group remained unchanged from 2014, except for the removal of Federal Realty Investment Trust due to its increase in size from the previous year and the subsequent addition of Urban Edge Properties, which reflects a recent spin-off of a company that is comparable in terms of assets and size.

Although the Compensation Committee uses peer group data to guide its review of our NEOs' total compensation and generally reviews the compensation data of the peer group and industry to understand market competitive compensation, the Compensation Committee does not benchmark compensation to a specific percentage of the compensation of this comparative group or otherwise apply a formula or assign this comparative group a relative weight.

COMPONENTS OF EXECUTIVE COMPENSATION

This section describes the three components of compensation that form the basis for the Compensation Committee's compensation decisions related to the 2015 performance of our NEOs: base salaries, short-term incentive compensation and share-based incentive compensation awards.

Table of Contents

This section also discusses why we pay each component and the methodology the Compensation Committee used to determine the amounts to pay to each.

BASE SALARIES

Base salaries are intended to provide our NEOs with a fixed and certain amount of compensation for services provided. The Compensation Committee determines the base salary level of our NEOs by evaluating, among other things, the responsibilities of the position held, the experience of the individual and the average base salaries of similarly situated employees in the Company's peer group. Base salaries for our NEOs typically are established in the first quarter of the year. The Compensation Committee reviewed base salaries in the first quarter of 2015 and concluded that no adjustments to the previous year's base salaries were appropriate.

Each of our NEOs has an employment agreement with us. Each employment agreement prohibits the named executive officer's base salary from being reduced by us during the term of the agreement without the applicable executive's consent. Thus, each named executive officer's prior year's salary effectively serves as a minimum requirement for the named executive officer's salary for the ensuing year. The Compensation Committee has complete discretion to determine whether an increase in a named executive officer's base salary is merited. Future adjustments, if any, to the NEOs' base salaries will be in the sole discretion of the Compensation Committee.

The table below sets forth the base salaries for our NEOs for the 2016 and 2015 fiscal years as well as the 2014 salaries that became effective July 1, 2014:

Named Executive Officer	Base Salary		
	2016	2015	2014 (effective July 1, 2014)
John A. Kite	\$ 700,000	\$ 700,000	\$ 700,000
Thomas K. McGowan	\$ 450,000	\$ 450,000	\$ 450,000
Daniel R. Sink	\$ 400,000	\$ 400,000	\$ 400,000
Scott E. Murray	\$ 335,000	\$ 320,000	\$ 320,000

SHORT-TERM INCENTIVE COMPENSATION

The Compensation Committee awards executives with annual short-term incentive compensation as a means to motivate and reward our NEOs. For 2015, for the first time the Compensation Committee adopted a formulaic approach to determining short-term incentive compensation, which replaced the fully discretionary approach used historically. In March 2015, the Compensation Committee approved targets and performance metrics under this formulaic approach to determine the amount of short-term incentive compensation eligible to be earned by each of the NEOs with respect to 2015 performance. In February 2016, the Compensation Committee approved short-term incentive compensation for our NEOs based on these targets and metrics. Award determinations with respect to 2015 were based on the achievement of the following objective corporate

Table of Contents

performance metrics and a subjective assessment of each individual executive's performance, weighted as indicated:

Performance Criteria	Weighting	Rationale for Including in Plan
FFO per share, as adjusted	35%	Encourages focus on profitability as measured by the most frequently referenced REIT earnings measure
Leverage (Adjusted Net Debt-to-EBITDA Ratio)	15%	Encourages a focus on growth of the existing portfolio while maintaining leverage within acceptable levels
Portfolio Lease Percentage	15%	Seeks to reward executives for the execution of leases while balancing with increasing rental rates by also utilizing same-property NOI (as described below)
Same-property NOI growth	15%	Encourages focus on internal growth at existing portfolio
Individual Performance Objectives	20%	Represents the executive's success in fulfilling his or her responsibilities to the Company and in executing the Company's strategic business plan

The Compensation Committee believes that placing more importance on per share FFO, a widely-accepted supplemental measure of REIT performance established by NAREIT, as adjusted for certain non-recurring items, is appropriate because the measure is easily calculated and consistent with the Compensation Committee's view that our NEOs are principally accountable for our company's financial performance as a whole. The Compensation Committee viewed the other factors to be useful because they are important indicators of our executive management's ability to (i) control leverage levels, (ii) enhance the Company's balance sheet, (iii) achieve operational excellence and (iv) increase revenue growth at our operating properties.

In March 2015, the Compensation Committee established threshold, target, superior and outperformance values for each of the foregoing corporate performance metrics. The target levels are consistent with published guidance or, for metrics for which public guidance has not been provided, the Company's strategic plan. For 2015, each of our NEOs was eligible to receive a short-term incentive compensation award at the threshold, target, superior or outperformance level equal to the following percentage of his annual base salary:

Named Executive Officer	Threshold	% of Base Salary		
		Target	Superior	Outperformance
John A. Kite	62.5%	125%	187.5%	250%
Thomas K. McGowan	37.5%	75%	112.5%	150%
Daniel R. Sink	37.5%	75%	112.5%	150%
Scott E. Murray	32.5%	65%	97.5%	130%

Table of Contents

In reviewing Company performance, the Compensation Committee compared our 2015 results under each of the above performance criteria to the following ranges:

Factor	Comparison Range				Actual Results
	Threshold	Target	Superior	Outperformance	
2015 FFO, as adjusted (per diluted common share)	\$1.90	\$1.95	\$2.00	\$2.05	\$1.99 per diluted common share
Leverage (net debt to adjusted EBITDA)	6.75x	6.5x	6.0x	5.75x	6.98x
Portfolio lease percentage	94.0%	95.0%	96.0%	97.0%	95.3%
Same property NOI growth	2.0%	3.0%	4.0%	5.0%	3.5%

The Compensation Committee set the above ranges based on recommendations by our executive officers and subsequent review with the Company's independent compensation consultant. Moreover, the target ranges for both per share FFO, as adjusted, and same property NOI growth were consistent with the Company's disclosed guidance at the time they were set. The Compensation Committee ultimately applied these ranges when making short-term incentive compensation determinations in February 2016 with respect to its evaluation of our NEOs' 2015 performance.

With respect to the individual performance component of the short-term incentive compensation determination, the Compensation Committee concluded that each named executive officer merited a superior performance rating. The Compensation Committee considered that our executive officers accomplished the following achievements in making this determination:

Integrated the portfolio following the merger with Inland Diversified and maintained top tier efficiency ratios as measured by G&A expense to revenue and NOI to revenue

Executed on our disposition strategy by selling non-core assets

Acquired high quality assets with average base rent of \$19.71, which was accretive to portfolio average base rent

Improved the balance sheet by staggering debt maturities, improving weighted average maturities to 5.2 years and reducing floating rate debt to 12%

Maintained free cash flow of \$50 million while positioning the Company to increase the common dividend by 5.5%

Implemented a detailed plan to enhance the value of the asset base with the "3R" initiative (Redevelopment, Reposition and Repurpose)

Continued to foster a strong internal control environment with executive management providing the "tone at the top" with

high integrity and core values

Maintained solid aggregate cash leasing spreads for new and renewal comparable leases of 11.4%

Table of Contents

The Compensation Committee also considered the input of Mr. Kite when assessing the individual performance component with respect to Messrs. McGowan, Sink and Murray, principally because the Compensation Committee believes that Mr. Kite's input is valuable given his knowledge of our operations, the day-to-day responsibilities and performance of our other NEOs, the real estate industry generally and the markets in which we operate.

Based on the above formulas, the Company's actual results and the Compensation Committee's assessment of each NEO's performance, the following short-term incentive compensation was awarded. The awards were denominated in dollars and paid in cash with an option for each executive officer to receive a portion of the short-term incentive compensation in restricted common shares:

Named Executive Officer	2015 Year End Short-Term Incentive Compensation	% of 2015 Base Salary	2014 Total Cash Bonus (1)	% of 2014 Base Salary
John A. Kite	\$ 1,006,250	144%	\$ 1,245,245	191%
Thomas K. McGowan	\$ 388,125	86%	\$ 456,574	107%
Daniel R. Sink	\$ 345,000	86%	\$ 350,278	93%
Scott E. Murray	\$ 239,200	75%		

- (1) Includes annual cash bonus for 2014 performance and, with respect to Messrs. Kite, McGowan and Sink, the special one-time cash bonuses awarded in July 2014 in connection with the merger with Inland Diversified. Mr. Murray joined the Company in August 2014 and was therefore not eligible for 2014 short-term incentive compensation. However, he was paid a \$20,000 cash discretionary bonus.

The Compensation Committee believes this year-end short-term incentive compensation was appropriate because of the extent to which Messrs. Kite, McGowan, Sink and Murray were instrumental to the Company's successes in 2015.

The Compensation Committee determined that each officer would be given the option to receive up to 50% of his short-term incentive compensation in restricted common shares, which would vest ratably over three years. To further align the interests of the NEOs with the interests of shareholders and to encourage them to take a long-term view of performance, the Compensation Committee determined that the Company would match an officer's election with additional restricted common shares by up to 20%, depending on the extent to which he elected to receive restricted common shares (i.e., up to an additional 20% in restricted common shares could be awarded). These additional restricted common shares, if any (the "Company match award"), would vest ratably over three years. Mr. Sink elected to receive \$50,000 worth of his short-term incentive compensation in restricted common shares. As a result, the short-term incentive compensation and match award for Mr. Sink consisted of \$295,000 in cash, 1,888 restricted shares and 377 match award restricted shares, resulting in total short-term incentive compensation of \$354,977 to Mr. Sink. The total number of restricted common shares granted (2,265 shares) was based on the closing price of our common shares on February 17, 2016 of \$26.48.

SHARE-BASED INCENTIVE COMPENSATION AWARDS

All share-based compensation awards to NEOs are granted by the Compensation Committee. The Compensation Committee awarded share-based incentive compensation because it believes such compensation aligns the interests of our senior executives with those of our shareholders, consistent with our pay-for-performance philosophy. Our equity compensation program is bifurcated into two components (the majority of which is performance-based) as follows:

PSUs (50% of target): Provides incentive to achieve long-term, relative stock performance as compared to our shopping center peers

OPP: Provides incentive to achieve long-term, high-reaching relative stock performance (above the returns of the overall REIT industry) and absolute stock performance (TSR in excess of 27%)

Time-Based Restricted Stock (50% of target): Promotes the retention of our executives over a 5 year vesting period, plus a 3 year holding period following the vesting date

Payable only when performance exceeds stretch hurdles as measured by 3-year TSR and requires both outperforming peers and providing a positive return to shareholders

Annual plan, except for 2015, which the Committee viewed as being encompassed within the 2014 OPP awards that were granted mid-year

Core LTI Compensation

Outperformance LTI Compensation at High Reach Performance Hurdles

During the first few months of each year, the Compensation Committee typically reviews the prior year's performance of our NEOs and the Company, both on an absolute basis and relative to our peers, and determines whether to make share based incentive compensation awards to our NEOs. The grant date of such awards is established when the Compensation Committee approves the grant and all key terms have been determined. In some cases, the Compensation Committee may select a future date as the grant date, so that the effective date of the grant is after the release of an earnings announcement or other material news.

Annual Equity Incentive Awards for 2014 Performance. As previously disclosed in our 2015 proxy statement, in early 2014, the Compensation Committee set target values for the annual equity incentive awards to be awarded to our then-NEOs with respect to 2014 performance, which target values were subsequently adjusted to reflect the adoption of the Company's outperformance plan during 2014. Based on its review of 2014 performance, in March 2015, the Compensation Committee awarded an aggregate of \$914,519 in time-based restricted shares to Messrs. Kite, McGowan and Sink. The Compensation Committee elected to pay this award in accordance with the 2014 performance measurement framework for annual bonuses previously adopted by the

Compensation Committee. Using this framework, each executive officer received a time-based equity award equal to approximately 113% of his 2014 target allocation to time-based awards as follows:

Named Executive Officer	Target Award (\$ value)	Restricted Shares (\$ value)	Restricted Shares (# of shares)
John A. Kite	\$ 475,000	\$ 534,642	18,765
Thomas K. McGowan	\$ 175,000	\$ 196,973	6,913
Daniel R. Sink	\$ 162,500	\$ 182,904	6,419

These shares vest ratably over five years from the date of award, which was March 4, 2015. These shares are also subject to a three-year "no-sell" restriction prohibiting the executive officers from transferring the shares for a three-year period after the award vests, except to the extent necessary to satisfy tax obligations.

Annual Equity Incentive Awards for 2015 Performance. After consultation with its compensation consultant, in March 2015, the Compensation Committee implemented a revised structure for its 2015 annual equity incentive awards. Under this structure, the Compensation Committee establishes an overall target value of incentive compensation for each executive officer, with 50% of the target value being granted in the form of a time-based restricted shares award to be made on a discretionary basis in the spring of the following year, based on a review of the prior year's performance, and the remaining 50% being granted in the form of a three-year performance share award. The actual value of a restricted share award could vary (upward or downward) from the target value based on performance metrics.

The overall target values for these awards for 2015 were set as a percentage of each named executive officer's salary, as follows:

Named Executive Officer	Value	Target % of Salary
John A. Kite	\$ 1,050,000	150%
Thomas K. McGowan	\$ 405,000	90%
Daniel R. Sink	\$ 360,000	90%
Scott E. Murray	\$ 240,000	75%

In connection with the setting of these overall target values, in March 2015 the Compensation Committee awarded each named executive officer a three-year performance award of restricted share units ("PSUs") based on 50% of his overall target value, as follows: Mr. Kite \$525,000, Mr. McGowan \$202,500, Mr. Sink \$180,000, and Mr. Murray \$120,000. These PSUs may be earned over a three-year performance period from January 1, 2015 to December 31, 2017. The performance criteria will be based on the relative TSR achieved by the Company measured against the SNL US REIT Retail Shopping Center index. The number of performance shares that may be earned will range from 0% to 200% of target depending on our TSR over the three-year measurement period in relation to specific percentiles of the peer group. Any PSUs earned at the end of the three-year period will be fully vested.

The remaining 50% of the annual equity incentive award for 2015 consisted of a time-based restricted stock award made on a discretionary basis in the spring of 2016 following a review of 2015 performance. The target values for the time-based awards were as follows: Mr. Kite \$525,000, Mr. McGowan \$202,500, Mr. Sink \$180,000, and Mr. Murray \$120,000. The

Table of Contents

Compensation Committee had discretion to award restricted shares worth between 50% and 150% of the target value for each NEO. Based on its review of 2015 performance, in February 2016, the Compensation Committee determined that each executive officer would be awarded 120% of the target value for his time-based awards, resulting in a total award of \$1,233,000 in time-based restricted shares to our NEOs. In making this determination, the Compensation Committee took into account the achievements that were considered in making short-term incentive compensation determinations as described above.

For the time-based restricted stock award portion of the annual equity incentive award grant, each executive officer is entitled to elect to receive, rather than restricted common shares, Long-Term Incentive Plan ("LTIP") units in our operating partnership that, subject to vesting and the satisfaction of other conditions, are convertible into units of our operating partnership on a one-for-one basis. Whether the executive officer chooses to receive LTIP units or restricted common shares, the number of units or shares awarded is based on the closing price of our common shares on the grant date. Each of our executive officers elected to receive LTIP units instead of restricted common shares which, based on the closing price of our common shares on February 17, 2016 of \$26.48, resulted in LTIP unit awards in the following amounts:

Named Executive Officer	LTIP Units (\$ value)	LTIP Units (# of units)
John A. Kite	\$ 629,986	23,791
Thomas K. McGowan	\$ 242,980	9,176
Daniel R. Sink	\$ 215,997	8,157
Scott E. Murray	\$ 143,998	5,438

The LTIP units vest ratably over five years from the date of award, which was February 17, 2016. The LTIP units are also subject to a three-year "no-sell" restriction prohibiting the executive officers from transferring the LTIP units (or units into which they are converted or shares for which these units are exchanged) for a three-year period after the award vests, except to the extent necessary to satisfy tax obligations. While the Compensation Committee determined to make the foregoing grants to the NEOs for 2015 performance, the awards were not made until February 2016, and, therefore, the value of such awards are not part of 2015 compensation in the Summary Compensation Table included in this proxy statement.

Conversion of Restricted Shares to LTIP Units. In July 2014, the Compensation Committee granted common shares to Messrs. Kite, McGowan and Sink, as described in footnote 3 of the Summary Compensation Table and in footnote 3 of the Outstanding Equity Awards Table. In June 2015, Messrs. Kite, McGowan and Sink elected to convert these awards of restricted shares into an equal number of LTIP units, with such LTIP units being subject to the same vesting schedule and other terms as the restricted shares. The Compensation Committee approved the conversion and issued LTIP units to the named executive officers reflecting the terms of such conversion.

Outperformance Plan. The Compensation Committee currently expects to adopt annual outperformance plans ("OPP") to further align the interests of our shareholders and management by encouraging our senior officers and other key employees to "outperform" and to create shareholder value.

In July 2014, the Compensation Committee adopted the 2014 Outperformance Plan (the "2014 OPP") under the 2013 Equity Incentive Plan (the "2013 Plan") and the partnership agreement of our operating partnership and made awards to our NEOs under that plan, as further discussed in our

Table of Contents

2015 proxy statement. The 2014 OPP was adopted mid-year and the OPP awards granted at that time were intended to encompass OPP awards for both the 2014 and 2015 fiscal years. As a result, the Compensation Committee did not adopt a 2015 OPP and therefore no OPP awards are reflected in the Summary Compensation Table for 2015 compensation.

On January 28, 2016, the Compensation Committee adopted the 2016 Outperformance Plan (the "2016 OPP") under the 2013 Plan and the partnership agreement of our operating partnership. The terms of the 2016 OPP, which were publicly disclosed following adoption of the 2016 OPP, are similar to the terms of the 2014 OPP.

Upon adoption of the 2016 OPP, the Compensation Committee granted individual awards under the 2016 OPP in the form of LTIP units that, subject to vesting and the satisfaction of other conditions, are exchangeable for a per unit value equal to the then trading price of one of our common shares. The awards under the 2016 OPP were granted to Messrs. Kite, McGowan, Sink and Murray in the following amounts of LTIP units and bonus pool percentage interests:

Holder	LTIP Units (#)	Bonus Pool Interest (%)
John A. Kite	86,768	34.0%
Thomas K. McGowan	39,556	15.5%
Daniel R. Sink	26,796	10.5%
Scott E. Murray	14,036	5.5%

OTHER COMPENSATION PLANS AND PERSONAL BENEFITS

We maintain a defined contribution plan (the "401(k) Plan"). All of our full-time employees are eligible to participate in the 401(k) Plan and are permitted to contribute up to the maximum percentage allowable without exceeding the limits of Internal Revenue Code. All amounts deferred by a participant, as well as the contributions we make under the 401(k) Plan, vest immediately in the participant's account. We may make "matching contributions" equal to 100% of the participant's contribution up to 3% of the employee's salary and 50% of the participant's contribution over 3% and up to 5% of the participant's salary, not to exceed an annual maximum of \$18,000. During 2015, we made matching contributions totaling \$31,200 to the NEOs.

We periodically provide certain benefits to our employees that we believe are important to attract and retain talented individuals. These benefits in 2015 included payments related to health care and life insurance. These benefits provided to our NEOs in 2015 are described in the Summary Compensation Table below. We do not offer defined benefit pension or supplemental executive retirement plans to any of our employees.

SHARE OWNERSHIP REQUIREMENTS

Pursuant to the Company's existing policy that was adopted in 2015, our NEOs will be required to own a number of our common shares or units of limited partnership interest of Kite Realty Group, L.P. with an aggregate value calculated as a multiple of his respective base salary, as follows: Mr. Kite common shares and units having a value equal to ten times his salary; Messrs. McGowan and Sink common shares and units having a value equal to three times their respective salaries; and Mr. Murray common shares and units having a value equal to two times his salary. Each of these NEOs will have the later of five years from the adoption of the policy in

Table of Contents

2015 or his becoming a named executive officer to comply with the minimum share ownership requirement.

TAX LIMITS ON EXECUTIVE COMPENSATION

Section 162(m) of the Internal Revenue Code of 1986, as amended, prohibits publicly traded companies from taking a tax deduction for compensation in excess of \$1 million, paid to the chief executive officer or any of its three other most highly compensated executive officers (excluding the chief financial officer) for any fiscal year, who are referred to as "covered employees" under Section 162(m). Certain "performance-based compensation" is excluded from this \$1 million cap. Although we will be mindful of the limits imposed by Section 162(m), even if it is determined that Section 162(m) applies or may apply to certain compensation packages, we nevertheless reserve the right to structure the compensation packages and awards in a manner that may exceed the limitation on deduction imposed by Section 162(m).

SPECIAL NOTE REGARDING NON-GAAP FINANCIAL MEASURES

This Compensation Discussion and Analysis contains certain non-GAAP financial measures, which are described in more detail as follows:

FFO: We calculate FFO in accordance with the best practices described in the April 2002 National Policy Bulletin of the National Association of Real Estate Investment Trusts (NAREIT) and related revisions, which we refer to as the White Paper. The White Paper defines FFO as consolidated net income (loss) (computed in accordance with GAAP), excluding gains (or losses) from sales and impairments of depreciated property, less preferred dividends, plus depreciation and amortization, and after adjustments for third-party shares of appropriate items. A reconciliation of FFO to consolidated net income is included on pages 61-62 of our Annual Report on Form 10-K for the year ended December 31, 2015.

FFO, as adjusted: FFO, as adjusted, is FFO excluding a gain on settlement, merger and acquisition costs, non-cash adjustment for redemption of preferred shares, non-cash gain from release of assumed earnout liability, and non-cash gains on debt extinguishment. A reconciliation of FFO, as adjusted, to consolidated net income is included on pages 61-62 of our Annual Report on Form 10-K for the year ended December 31, 2015.

Same-Property NOI: NOI begins with net income attributable to common shareholders and excludes net gains from outlot sales, straight-line rent revenue, bad debt expense and recoveries, lease termination fees, amortization of lease intangibles and significant prior year expense recoveries and adjustments, if any. Same-Property NOI excludes properties that have not been owned for the full period presented, which eliminates disparities in net income due to the redevelopment, acquisition or disposition of properties during the particular period presented. A reconciliation of Same-Property NOI to net income attributable to common shareholders is included on pages 59-61 of our Annual Report on Form 10-K for the year ended December 31, 2015.

- (1) Represents the possible payouts under the Company's annual short-term incentive compensation plan set by the Compensation Committee in March 2015. The amount of annual short-term incentive compensation eligible to be earned by each of the Named Executive Officers was based upon objective corporate performance metrics and a subjective assessment of each individual executive's performance. The actual amount earned by each Named Executive Officer in 2015 is reported under the Non-Equity Incentive Plan Compensation column in the Summary Compensation Table.
- (2) Represents the portion of each executive officer's 2014 annual cash bonus (awarded in March 2015) that such executive officer elected to receive in restricted common shares, plus the 20% match award incentive grants relating thereto. These restricted common shares will vest ratably over a three-year period, contingent on continued service by the officer through the applicable vesting date. The total number of shares awarded was equal to the amount earned divided by the closing price of our common shares on March 4, 2015.
- (3) Represents restricted common shares awarded in March 2015 as share-based incentive compensation for the 2014 fiscal year. These restricted common shares, which were later converted into LTIP units on a one-for-one basis, will vest ratably over a period of five years, contingent on continued service by the officer through the applicable vesting date. The awards are also subject to a three-year "no-sell" restriction prohibiting the executive officers from transferring the units for a three-year period after the award vests, except to the extent necessary to satisfy tax obligations.
- (4) Represents performance share units awarded in March 2015 which will be earned, if at all, over a three-year performance period based on relative TSR. The units that are earned vest at the end of the performance period.

Employment Agreements. On July 28, 2014, we entered into new employment agreements with each of Messrs. Kite, McGowan and Sink. These new employment agreements were effective as of July 1, 2014 and superseded their previous agreements with us, which were initially entered into in 2004 in connection with our initial public offering and renewed annually each year thereafter. In addition, on August 6, 2014, we entered into an employment agreement with Mr. Murray in connection with his joining our Company.

The term of each employment agreement is three years from July 1, 2014 for Messrs. Kite, McGowan and Sink and from August 18, 2014 until June 30, 2017 for Mr. Murray, with

Table of Contents

automatic one-year renewals on each anniversary, unless the Board or the executive elects not to extend the term by providing the other party with 90 days' written notice.

The employment agreements set the following base salaries and annual cash incentive targets for the executives:

Executive	Base Salary	Annual Cash Incentive Target
John A. Kite	\$ 700,000	125% of Base Salary
Thomas K. McGowan	\$ 450,000	75% of Base Salary
Daniel R. Sink	\$ 400,000	75% of Base Salary
Scott E. Murray	\$ 320,000	60% of Base Salary

The provisions of each employment agreement do not permit the executive's base salary to be reduced by us during the term of the agreement. Thus, each executive's prior year salary effectively serves as a minimum requirement for the named executive officer's salary for the ensuing year. For a discussion of the NEOs' 2015 base salaries, please see "Compensation Discussion and Analysis Components of Executive Compensation Base Salaries."

The employment agreements also provide that the executives are entitled to participate in our 2013 Equity Incentive Plan and any group life, hospitalization or disability insurance plans, health programs, pension and profit sharing plans, and similar benefits commensurate with the benefits we provide to our senior executives generally. For information related to the additional benefits provided to our NEOs, please see the "All Other Compensation" column of the "Summary Compensation Table" above.

Under each employment agreement, if the executive is terminated by us without "cause" (including our election not to extend the term of his agreement but not on account of "disability") or resigns for "good reason" (each as defined in his employment agreement), he will be entitled to certain severance payments, as described in detail below under " Potential Payments Upon Termination or Change-in-Control."

Each employment agreement contains confidentiality, non-competition, non-solicitation and non-disparagement restrictions during the term of the employment agreement and for certain specified periods thereafter. The non-competition restricted period is 18 months for Mr. Kite and Mr. McGowan and 12 months for Mr. Sink and Mr. Murray.

Bonuses and Equity Awards. Each of our NEOs received in 2016 short-term incentive compensation related to 2015 performance that was paid in the form of cash and in some cases common shares. For a discussion of these awards, including their material terms and features, please see "Compensation Discussion and Analysis Components of Executive Compensation Short-Term Incentive Compensation" and the "Summary Compensation Table," including footnote 4 to such table. In 2015 and 2014, each of our NEOs (except Mr. Murray with respect to 2014 as he was not yet a NEO) received discretionary bonuses paid in the form of cash and common shares related to 2014 and 2013 performance, respectively. See footnotes 2 and 3 to the "Summary Compensation Table" above. In recent years, we have also made additional grants of restricted common shares to each of our NEOs. See "Compensation Discussion and Analysis Components of Executive Compensation Grants of Share-Based Incentive Compensation Awards," the "Summary Compensation Table" and the "Grants of Plan Based Awards in 2015" Table, including the footnotes to such tables.

LTIP Units. In connection with the implementation of our 2014 Outperformance Plan, we amended the operating partnership's partnership agreement to create the LTIP units as a new class of limited partnership units. LTIP units are structured to qualify as "profits interests" for tax purposes, with the result that at issuance they have no capital account in the operating partnership. Any LTIP units issued by the operating partnership may be subjected to vesting requirements as determined by the Compensation Committee.

LTIP Units do not participate in quarterly per unit cash distributions until the date specified in the applicable grant agreement (the "distribution participation date"). The distribution participation dates for the LTIP units granted in July 2014 and January 2016, respectively, are after the three-year performance period ends with respect to each grant. Commencing on the distribution participation date, LTIP units receive the same quarterly per unit cash distributions as the other outstanding Class A units in the operating partnership. In addition, subject to certain limitations, as of the distribution participation date for each vested LTIP unit, the holder of such LTIP unit receives a special cash distribution equal to the amount of cash distributions per unit that were paid on the Class A units during the period from issuance of such LTIP unit until the distribution participation date for such LTIP unit, multiplied by 10%.

Net income and net loss are allocated to LTIP units from the date of issuance of the LTIP units until the distribution participation date for such LTIP Units in amounts per LTIP unit equal to the amounts allocated per Class A unit for the same period, multiplied by 10%. Commencing on the distribution participation date for the LTIP units, net income and net loss are allocated to such LTIP units in amounts per LTIP unit equal to the amounts allocated per Class A unit.

Initially, each LTIP unit will have a capital account of zero, and, therefore, the holder would receive nothing if the operating partnership were liquidated immediately after the LTIP unit is awarded. However, "book gain" or economic appreciation in our assets realized by the operating partnership, whether as a result of an actual asset sale or upon the revaluation of our assets, as permitted by applicable treasury regulations, first will be allocated to the LTIP units until the capital account per LTIP unit is equal to the capital account per Class A unit in the operating partnership. The applicable treasury regulations and the partnership agreement provide that assets of the operating partnership may be revalued upon specified events, including upon additional capital contributions by us or other partners of the operating partnership, upon a distribution by the operating partnership to a partner in redemption of partnership interests, upon the liquidation of the operating partnership or upon a later issuance of additional LTIP units. Upon equalization of the capital account of an LTIP unit with the per unit capital account of the Class A units (and full vesting of the LTIP unit, if such unit is subject to vesting), the LTIP unit will be convertible by the holder or by the operating partnership into one Class A unit, subject to certain exceptions and adjustments. However, in no event may a holder of vested LTIP units convert a number of vested LTIP Units that exceeds (i) the capital account balance attributable to the LTIP units, divided by (ii) the capital account balance attributable to Class A units. There is a risk that an LTIP unit will never become convertible into one Class A unit because of insufficient gain realization to equalize capital accounts, and, therefore, the value that a holder will realize for a given number of vested LTIP units may be less than the value of an equal number of the Company's common shares. Any Class A units issued upon conversion of vested LTIP units are subject to mandatory redemption by the operating partnership, for cash or our common shares at the operating partnership's sole discretion, at any time after the service of the grantee of such LTIP units to us or operating partnership is terminated.
