SUMMARY

The following is a summary of the more detailed information appearing elsewhere or incorporated by reference in this prospectus supplement. It does not contain all of the information that may be important to you. You should read this prospectus supplement in its entirety and the documents incorporated herein by reference, especially the information discussed under the heading "Risk Factors" herein and in the documents incorporated by reference, before investing in the senior notes.

Royal Caribbean Cruises Ltd.

We are the world's second largest cruise company. We own and operate three global cruise brands: Royal Caribbean International, Celebrity Cruises and Azamara Club Cruises (our "Global Brands"). We also own a 50% joint venture interest in the German brand TUI Cruises, a 49% interest in the Spanish brand Pullmantur and a minority interest in the Chinese brand SkySea Cruises (our "Partner Brands"). Together, our Global Brands and our Partner Brands operate a combined total of 49 ships in the cruise vacation industry with an aggregate capacity of approximately 124,070 berths as of September 30, 2017.

Our ships operate on a selection of worldwide itineraries that call on approximately 535 destinations on all seven continents. In addition to our headquarters in Miami, Florida, we have offices and a network of international representatives around the world which primarily focus on sales and market development.

We compete principally by establishing valued brands that offer exceptional service provided by our crew and on the basis of innovation and quality of ships, variety of itineraries, choice of destinations and price. We believe that our commitment to build state-of-the-art ships and to invest in the maintenance and upgrade of our fleet to, among other things, incorporate our latest signature innovations, allows us to continue to attract new and loyal repeat guests.

We believe cruising continues to be a popular vacation choice due to its inherent value, extensive itineraries and variety of shipboard and shoreside activities. In addition, we believe our brands are well-positioned globally and possess the ability to attract a wide range of guests by appealing to multiple customer bases allowing our global sourcing to be well diversified.

We earned net income and adjusted net income of \$1.3 billion and EBITDA and adjusted EBITDA of \$2.4 billion in 2016 on \$8.5 billion in revenues, compared to net income of \$665.8 million, adjusted net income of \$1.1 billion, EBITDA of \$1.7 billion and adjusted EBITDA of \$2.1 billion in 2015 on \$8.3 billion in revenues. Net income and EBITDA for 2015 include the impact of a \$399.3 million impairment charge related to the Pullmantur brand that we recognized in the third quarter of that year. Passenger ticket revenues accounted for approximately 72.4% and 73.0% of total revenues in 2016 and 2015, respectively. Passenger ticket revenues generated by sales originating in countries outside of the United States were approximately 45% of total passenger ticket revenues in both 2016 and 2015. International guests have grown from approximately 2.2 million in 2012 to approximately 2.7 million in 2016. We generated net cash flow from operating activities of \$2.5 billion in 2016 and \$1.9 billion in 2015.

We generated net income and adjusted net income of \$1.3 billion and EBITDA and adjusted EBITDA of \$2.1 billion in the first nine months of 2017 on \$6.8 billion in revenues, compared to net income of \$1.0 billion, adjusted net income of \$1.1 billion and EBITDA and adjusted EBITDA of \$1.8 billion on \$6.6 billion in revenues in the first nine months of 2016. Passenger ticket revenues accounted for approximately 72.2% and 72.8% of total revenues in the first nine months of 2017 and 2016, respectively.

See " Summary Financial and Other Data" for the definitions of adjusted net income, EBITDA and adjusted EBITDA and a reconciliation of each measure to net income.

Table of Contents

Industry Overview

Cruising is considered a well-established vacation sector in the North American and European markets and a developing and promising sector in several other emerging markets. Industry data indicates that market penetration rates are still low and that a significant portion of cruise guests carried are first-time cruisers. We believe this presents an opportunity for long-term growth and a potential for increased profitability.

We estimate that the global cruise fleet was served by approximately 503,000 berths on approximately 298 ships at the end of 2016. As of December 31, 2016, there were approximately 60 ships with an estimated 173,000 berths that are expected to be placed in service in the global cruise market between 2017 and 2021, although it is also possible that ships could be ordered or taken out of service during these periods. We estimate that the global cruise industry carried approximately 24 million cruise guests in 2016 compared to approximately 23 million cruise guests carried in 2015 and approximately 22 million cruise guests carried in 2014.

North America

The majority of cruise guests are sourced from North America, which represented approximately 52% of global cruise guests in 2016. The compound annual growth rate in cruise guests sourced from this market was approximately 2% from 2012 to 2016.

Europe

Cruise guests sourced from Europe represented approximately 27% of global cruise guests in 2016. The compound annual growth rate in cruise guests sourced from this market was approximately 1% from 2012 to 2016.

Asia/Pacific

Cruise guests sourced from the Asia/Pacific region represented approximately 15% of global cruise guests in 2016. The compound annual growth rate in cruise guests sourced from this market was approximately 25% from 2012 to 2016. The Asia/Pacific region is experiencing the highest growth rate of the major regions, although it will continue to represent a relatively small sector compared to North America.

Competition

We compete with a number of cruise lines. Our principal competitors are Carnival Corporation & plc, which owns, among others, Aida Cruises, Carnival Cruise Line, Costa Cruises, Cunard Line, Holland America Line, P&O Cruises, Princess Cruises and Seabourn, Disney Cruise Line, MSC Cruises and Norwegian Cruise Line Holdings Ltd, which owns Norwegian Cruise Line, Oceania Cruises and Regent Seven Seas Cruises. Cruise lines also compete with other vacation alternatives such as land-based resort hotels, internet-based alternative lodging sites and sightseeing destinations for consumers' leisure time. Demand for such activities is influenced by political and general economic conditions. Companies within the vacation market are dependent on consumer discretionary spending.

Our Global Brands

Royal Caribbean International

Royal Caribbean International is positioned at the upper end of the contemporary segment of the cruise vacation industry, generally characterized by cruises that are seven nights or shorter and feature a casual ambiance as well as a variety of activities and entertainment venues. The brand appeals to families with children of all ages, as well as both older and younger couples. We believe that the

quality of the Royal Caribbean International brand also enables it to attract guests from the premium segment allowing Royal Caribbean International to achieve market coverage that is among the broadest of any of the major cruise brands in the cruise vacation industry. Royal Caribbean International's strategy is to attract an array of vacationing guests by providing a wide variety of itineraries to destinations worldwide including Alaska, Asia, Australia, Bahamas, Bermuda, Canada, the Caribbean, Europe, the Panama Canal and New Zealand with cruise lengths that range from two to 24 nights. Royal Caribbean International offers multiple innovative options for onboard dining, entertainment and other onboard activities. Because of the brand's ability to deliver extensive and innovative product offerings at an excellent value to consumers, we believe Royal Caribbean International is well positioned to attract new consumers to cruising and to continue to bring loyal repeat guests back for their next vacation.

We currently operate 24 ships with an aggregate capacity of approximately 76,450 berths under our Royal Caribbean International brand. This count includes our two newest ships, the 5,450 berth Harmony of the Seas and the 4,100 berth Ovation of the Seas, which entered our fleet in May and April of 2016, respectively.

As of September 30, 2017, we had six ships on order with an aggregate capacity of approximately 30,500 berths. These ships include our fourth and fifth Quantum-class ships, which are scheduled to enter service in the second quarter of 2019 and fourth quarter of 2020, respectively, the fourth and fifth Oasis-class ships, which are scheduled to enter service in the first quarter of 2018 and second quarter of 2021, respectively, and the first and second ships of a new generation known as "Project Icon", which are scheduled to enter service in the second quarters of 2022 and 2024, respectively.

Celebrity Cruises' strategy is to target affluent consumers by delivering a "Modern Luxury" experience that includes a destination-rich experience and upscale ships that offer, among other things, luxurious accommodations, a high staff-to-guest ratio, fine dining, personalized service and extensive spa facilities. Celebrity Cruises offers a variety of itineraries to popular destinations, including Alaska, Asia, Australia, Bermuda, Canada, the Caribbean, Europe, the Galapagos, Hawaii, New Zealand, the Panama Canal and South America with cruise lengths that range from two to 18 nights.

Azamara Club Cruises

Azamara Club Cruises is designed to serve the up-market segment of the North American, United Kingdom and Australian markets. The up-market segment incorporates elements of the premium segment and the luxury segment which is generally characterized by smaller ships, high standards of accommodation and service, higher prices and exotic itineraries. Azamara Club Cruises' strategy is to deliver distinctive destination experiences through unique itineraries with more overnights and longer stays as well as comprehensive tours allowing guests to experience the destination in more depth. Azamara Club Cruises offers a variety of itineraries to popular destinations, including Asia, Australia/New Zealand, Northern and Western Europe, the Mediterranean, Central and North America and the less-traveled islands of the Caribbean. We currently operate two ships with an aggregate capacity of approximately 1,400 berths under our Azamara Club Cruises brand, offering cruise

itineraries that range from three to 21 nights. In the third quarter of 2017, we entered into an agreement to purchase a 700 berth ship for our Azamara Club Cruises brand that is scheduled to be delivered in the first quarter of 2018.

In addition, TUI Cruises currently has two ships on order which are scheduled for delivery in the second quarter of 2018 and the first quarter of 2019, respectively. TUI Cruises plans to offset this additional capacity through the transfer of their oldest two ships, Mein Schiff 1 and Mein Schiff 2, to an affiliate of TUI AG, in 2018 and 2019, respectively.

Pullmantur

Prior to August 2016, Pullmantur Holdings S.L. ("Pullmantur Holdings"), the parent company of the Pullmantur brand (formerly known as Royal Caribbean Holdings de España S.L. or "RCHE"), was wholly owned by us. Effective July 31, 2016, we sold 51% of our interest in Pullmantur Holdings. We retain a 49% interest in Pullmantur Holdings as well as full ownership of the four vessels currently operated by the Pullmantur brand under bareboat charter arrangements. Refer to Note 1. *General* in our consolidated financial statements under Item 8. Financial Statements and Supplementary Data included in our Annual Report on Form 10-K for the year ended December 31, 2016 and Note 1. *General* in our unaudited interim financial statements included in our Quarterly Report on Form 10-Q for the nine months ended September 30, 2017, each of which has been incorporated by reference in this prospectus supplement, for further information on the sale transaction.

Pullmantur operates in the contemporary segment of the Spanish cruise market and is designed to attract Spanish-speaking families and couples and includes a Spanish-speaking crew as well as tailored food and entertainment options. Pullmantur currently operates four ships with an aggregate capacity of approximately 7,450 berths. Pullmantur Holdings also previously operated the small French regional brand CDF Croisières de France.

SkySea Cruises

We have a strategic partnership with Ctrip.com International Ltd. ("Ctrip"), a Chinese travel service provider, to operate the cruise brand known as SkySea Cruises. We and Ctrip each own 36% of the venture, with the remaining equity held by the venture's management and a private equity fund. SkySea Cruises commenced operations during the second quarter of 2015 and operates one ship, SkySea Golden Era, which it purchased from us in 2014 and has a capacity of approximately 1,800. SkySea Cruises offers a custom-tailored product for Chinese cruise guests. - (1) Includes: (a) for 2016, a \$21.7 million loss related to the 2016 elimination of the Pullmantur reporting lag, (b) for 2015, a net deferred tax benefit of \$12.0 million related to the 2015 Pullmantur impairments, (c) for 2014, a deferred tax benefit of \$33.5 million related to the 2014 reversal of a valuation allowance and (d) for 2012, a \$28.5 million net deferred tax expense related to impairments in 2012.
- (2) Amounts in 2016 do not include November and December 2015 amounts for Pullmantur as the net Pullmantur result for those months was included within *Other (expense) income* in our consolidated statements of comprehensive income (loss) for the nine months ended September 30, 2016 and for the year ended December 31, 2016 as a result of the elimination of the Pullmantur reporting lag, and did not affect Gross Yields, Net Yields, Gross Cruise Costs, Net Cruise Costs and Net Cruise Costs excluding Fuel. Additionally, effective August 2016, we no longer include Pullmantur Holdings in these amounts.
- (3) Occupancy, in accordance with cruise vacation industry practice, is calculated by dividing passenger cruise days by APCD. A percentage in excess of 100% indicates that three or more passengers occupied some cabins.
- (4) Represents the number of passengers carried for the period multiplied by the number of days of their respective cruises.
- (5) Represents double occupancy per cabin multiplied by the number of cruise days for the period, which excludes canceled cruise days and drydock days.
- (6) Adjusted net income represents net income excluding certain items, which we believe adjusting is meaningful when assessing our performance on a comparative basis. Adjusted net income is a non-GAAP measure and should not be considered an alternative to any other measure of performance under generally accepted accounting principles. For the first nine months of 2017 and 2016, these items included the net loss related to the elimination of the Pullmantur reporting lag (described below), the net gain related to the 51% sale of the Pullmantur and CDF Croisières de France brands, restructuring charges and other initiative costs related to our Pullmantur right-sizing strategy and other restructuring initiatives. For the full years 2016, 2015, 2014, 2013 and 2012, these items included the impairment of the Pullmantur related assets, the net loss related to the elimination of the Pullmantur reporting lag, the net gain related to the 51% sale of the Pullmantur and CDF Croisières de France brands and related costs, restructuring charges and other initiative costs related to our Pullmantur right-sizing strategy and other restructuring initiatives, the estimated impact of the divested Pullmantur non-core businesses for periods prior to the sales transaction, the loss recognized on the sale of *Celebrity Century*, the impact of the change in our voyage proration methodology (described below) and the

- (7) Amount for 2015 includes a net deferred income tax benefit of \$12.0 million related to the Pullmantur impairment. Amount for 2012 includes a net deferred tax expense of \$28.5 million related to the Pullmantur impairment. The net deferred tax expense includes a \$33.7 million charge to record a 100% valuation allowance related to our deferred tax assets for Pullmantur and a \$5.2 million tax benefit to reduce the deferred tax liability related to Pullmantur's trademarks and trade names.
- (8) Effective January 1, 2016, we eliminated Pullmantur Holdings', the parent company of the Pullmantur and CDF Croisières de France brands, two-month reporting lag to be consistent with the fiscal calendar of the Company. The elimination of the Pullmantur reporting lag represented a change in accounting principle which we believed to be preferable because it provided more current information to the users of our financial statements. Accordingly, the results of Pullmantur Holdings for November and December 2015 are included in our statement of comprehensive income (loss) for the year ended December 31, 2016.
- (9) Represents the net income amount that would have been recognized in 2013 had we recognized revenues and cruise operating expenses on a pro-rata basis for all voyages.
- (10) The estimated impact of the divested Pullmantur non-core businesses was arrived at by adjusting the net income (loss) of these businesses for the ownership percentage we retained, as well as, for intercompany transactions that are no longer eliminated in our consolidated statements of comprehensive income (loss) subsequent to the sales transaction.
- (11) EBITDA represents net income before interest income, interest expense (net of interest capitalized), equity investment income, other expense or income (net of the impact of the extinguishment of unsecured senior notes) depreciation and amortization. Adjusted EBITDA excludes the impact of certain impairment charges incurred during the applicable periods presented. The ratio of adjusted EBITDA to interest expense is calculated by dividing interest expense into adjusted EBITDA. EBITDA and adjusted EBITDA are non-GAAP measures and should not be considered alternatives to any other measure of performance under generally accepted accounting principles. We present EBITDA and adjusted EBITDA because management believes that EBITDA and adjusted EBITDA would be useful for debt

Net Cruise Costs and Net Cruise Costs Excluding Fuel represent Gross Cruise Costs excluding commissions, transportation and other expenses and onboard and other expenses and, in the case of Net Cruise Costs Excluding Fuel, fuel expenses. Gross Cruise Costs represent the sum of total cruise operating expenses plus marketing, selling and administrative expenses. In measuring our ability to control costs in a manner that positively impacts net income, we believe changes in Net Cruise Costs and Net Cruise Costs Excluding Fuel to be the most relevant indicators of our

Net Yields represent Net Revenues per APCD. Net Revenues represent total revenues less commissions, transportation and other expenses and onboard and other expenses. We use this measure to perform capacity and rate analysis to identify our main non-capacity drivers which cause our cruise revenue and expenses to vary. We utilize Net Revenue and Net Yields to manage our business on a day-to-day basis as we believe that it is the most relevant measure of our pricing performance because it reflects the cruise revenues earned by us net of our most significant variable costs, which are commissions, transportation and other expenses and onboard and other expenses. For the periods prior to the sale of the Pullmantur non-core businesses, Net Revenues and Net Yields exclude the estimated impact of the

RISK FACTORS

You should carefully consider the specific risk factors set forth below and in "Item 1A Risk Factors" of our Annual Report on Form 10-K for the year ended December 31, 2016 and our Quarterly Report on Form 10-Q for the quarter ending September 30, 2017, as well as the other information contained and incorporated by reference in this prospectus supplement and the accompanying prospectus before deciding to invest in the senior notes. This prospectus supplement and the accompanying prospectus contain and incorporate statements that constitute forward-looking statements regarding, among other matters, our intent, belief or current expectations about our business. These forward-looking statements are subject to risks, uncertainties and assumptions. See "Forward-Looking Statements" in this prospectus supplement.

Risks Related to the Senior Notes

Despite our current indebtedness levels, we and our subsidiaries may be able to incur substantially more debt and take other actions that could diminish our ability to make payments on the senior notes when due, which could further exacerbate the risks associated with our substantial indebtedness.

Despite our current indebtedness levels, we and our subsidiaries may be able to incur substantially more additional indebtedness in the future. We will not be restricted under the terms of the indenture governing the senior notes from incurring additional debt, or recapitalizing our debt, and we have substantial capacity to incur additional debt and to take a number of other actions, not prohibited by the terms of the indenture governing the senior notes, that could have the effect of diminishing our ability to make payments on the senior notes when due and further exacerbate the risks associated with our substantial indebtedness. In particular, as of September 30, 2017 we had committed financing in an aggregate principal amount of approximately \$10.8 billion available for future ships under construction (not including committed financing related to TUI Cruises' newbuilds).

The senior notes will not be guaranteed by any of our subsidiaries or secured by any of our assets and will be effectively junior to any secured indebtedness we may incur and structurally junior to indebtedness of our subsidiaries.

The senior notes will be our general unsecured obligations ranking effectively junior in right of payment to all of our existing and future secured debt to the extent of the value of the assets securing such indebtedness. As of September 30, 2017, we did not have any secured debt (excluding capital leases). However, we may incur secured debt in the future. To the extent we do, in the event that we are declared bankrupt, become insolvent or are liquidated or reorganized, creditors whose debt is secured by our assets will be entitled to the remedies available to secured holders under applicable laws with respect to such assets, including the foreclosure of the collateral securing such debt, before any payment may be made with respect to senior notes.

In addition, the senior notes are not guaranteed by any of our subsidiaries, and therefore, the senior notes will be structurally subordinated to all existing and future secured and unsecured indebtedness and other liabilities of our subsidiaries. As of September 30, 2017, our ship-owning and non ship-owning subsidiaries had outstanding indebtedness of approximately \$0 and \$9.3 million, respectively (excluding operating leases, trade payables and intercompany indebtedness). The terms of the senior notes do not preclude our subsidiaries from incurring indebtedness.

Our debt exposes us to various risks.

At September 30, 2017, our total indebtedness was approximately \$7.6 billion. Our indebtedness has the potential to affect us adversely in a number of ways, including increasing our vulnerability to adverse economic, industry or competitive developments, requiring us to devote a substantial portion of our cash flow to debt service, which could reduce the funds available for other purposes or otherwise constrain our financial flexibility, affecting our ability to obtain additional

Table of Contents

financing, subjecting us to various financial and operating covenants and decreasing our profitability and/or cash flow.

Increased regulatory oversight, changes in the method pursuant to which the LIBOR rates are determined and potential phasing out of LIBOR after 2021 may adversely affect the value of a portion of our indebtedness.

A portion of our indebtedness bears interest at variable rates that are linked to changing market interest rates. As a result, an increase in market interest rates would increase our interest expense and our debt service obligations. At September 30, 2017, we had approximately \$4.0 billion of indebtedness that bears interest at variable rates. This amount represented approximately 51% of our total indebtedness. As of September 30, 2017, a 1% increase in prevailing interest rates would increase our interest expense by approximately \$6.0 million for 2017.

In addition, on July 27, 2017, the Financial Conduct Authority (the "FCA") announced that it will no longer persuade or compel banks to submit LIBOR rates after 2021 (the "FCA Announcement"). It is not possible to predict the effect of the FCA Announcement, any changes in the methods pursuant to which the LIBOR rates are determined and any other reforms to LIBOR that will be enacted in the United Kingdom and elsewhere, which may adversely affect the trading market for LIBOR-based securities or result in the phasing out of LIBOR as a reference rate for securities. In addition, any changes announced by the FCA, including the FCA Announcement, the ICE Benchmark Administration Limited or any other successor governance or oversight body, or future changes adopted by such body, in the method pursuant to which the LIBOR rates are determined may result in a sudden or prolonged increase or decrease in the reported LIBOR rates. If that were to occur, the level of interest payments on the portion of our indebtedness that bears interest at variable rates would be affected which may materially impact the amount of our interest payments under such debt. Further, if a LIBOR rate is not available on an interest determination date for such indebtedness, the terms of such indebtedness will require that we use the LIBOR rate available on the immediately preceding interest determination date for such indebtedness, which may result in different than expected interest payments.

If we experience a Change of Control Triggering Event, we will be required to make offers to repurchase the senior notes. However, we may be unable to do so due to lack of funds or covenant restrictions.

If we experience a Change of Control Triggering Event, which requires both a Change of Control and a Rating Decline associated therewith (all capitalized terms as defined in the indenture governing the senior notes), we will be required to make offers to repurchase all outstanding senior notes (including the notes offered hereby) at 101% of their principal amount, plus accrued but unpaid interest, if any, to the date of repurchase. However, we may be unable to do so because:

we might not have enough available funds, particularly since a change of control could cause part or all of our other indebtedness to become due; and

some agreements governing our credit facilities and other indebtedness could prohibit us from repurchasing the senior notes, unless we were able to obtain a waiver or refinance such indebtedness.

A failure to make an offer to repurchase the senior notes upon the occurrence of a Change of Control Triggering Event would give rise to an event of default under the indenture governing the senior notes and could result in an acceleration of amounts due thereunder. In addition, if we experience a Change of Control Triggering Event, we will also be required to make offers to purchase certain of our other outstanding notes, and our failure to make such offers would give rise to a default and possible acceleration of amounts due under those notes. Any such default could trigger a cross default under the indenture governing the senior notes. See "Description of Senior Notes Change of Control."

Table of Contents

Certain changes of control would require us to prepay much of our outstanding indebtedness but may not require us to engage in a Change of Control Offer with respect to the senior notes.

We may be required to prepay a majority of our debt facilities if, subject to certain exceptions, during any 24-month period, a majority of our Board of Directors is no longer comprised of individuals who were members of the Board of Directors on the first day of such period.

If this were to occur, it could have an adverse impact on our liquidity and operations. These prepayment provisions may be triggered by management changes that do not otherwise require us to engage in a Change of Control Offer with respect to the senior notes. See "Description of Senior Notes Change of Control." In that case, although we would be required to prepay other outstanding indebtedness, we would not be obligated to offer to repurchase the senior notes.

Our credit ratings may not reflect all of the risks of an investment in the senior notes.

Our credit ratings are an independent assessment of our ability to pay debt obligations as they become due. Consequently, real or anticipated changes in our credit ratings will generally affect the market value of the senior notes. Our credit ratings, however, may not reflect the potential impact that risks related to structural, market or other factors discussed in this prospectus supplement, the accompanying prospectus and the documents incorporated by reference herein may have on the value of your senior notes.

The trading price for each series of the senior notes will be directly affected by many factors, including our credit rating.

Credit rating agencies continually revise their ratings for companies they follow, including us. Any ratings downgrade could adversely affect the trading price of each series of the senior notes, or the trading market for each series of the senior notes, to the extent a trading market for either series of the senior notes develops. The condition of the financial and credit markets and prevailing interest rates have fluctuated in the past and are likely to fluctuate in the future, and any such fluctuation may impact the trading price of each series of the senior notes.

Our business operations may not generate the cash needed to service and repay senior notes or our other indebtedness.

Our ability to make payments on senior notes and service our other indebtedness will depend on our ability to generate cash in the future, which, in turn, is subject to a variety of risks and uncertainties, many of which are beyond our control. At each respective maturity, the entire outstanding principal amount of the maturing series of senior notes will become due and payable by us. We may not have sufficient funds to pay the principal of, or the premium (if any) or interest on, the notes or amounts due on our other indebtedness. If we do not have sufficient funds on hand or available through existing borrowing facilities or through cash generated from our operations, we will need to seek additional financing. Additional financing may not be available to us in the amounts necessary on terms that are satisfactory to us or at all. If we default in the payment of amounts due on the senior notes (or our other outstanding indebtedness), it would give rise to an event of default under such indenture governing the senior notes (or the agreements governing our other debt) and possible acceleration of amounts due under the indenture (or those other agreements), and any such default under one indenture or agreement could trigger a cross default under each other indenture or agreement. In the event of any acceleration, there can be no assurance that we will have enough cash to repay our outstanding indebtedness, including the senior notes.

Table of Contents

An active trading market may not develop for either series of the senior notes, which could limit their market price or your ability to sell the senior notes of either series.

Each series of the senior notes constitute a new issue of debt securities for which there currently is no trading market. As a result, we cannot provide any assurances that any market will develop for the senior notes of either series or that you will be able to sell your senior notes. We have no plans to list the senior notes of either series on any national securities exchange or any automated quotation system. If any of the senior notes are traded after their initial issuance, they may trade at a discount to their initial offering price depending on prevailing interest rates, the markets for similar securities, general economic conditions, our financial condition, performance and prospects and other factors. The underwriters have advised us that they intend to make a market in each series of the senior notes, but they are not obligated to do so, and may discontinue any market-making in either series of the senior notes at any time at their sole discretion. Accordingly, we cannot assure you that a liquid trading market will develop for either series of the senior notes, that you will be able to sell your senior notes at a particular time or that the price you receive when you sell will be favorable. To the extent an active trading market does not develop, the liquidity and trading price of the senior notes may be harmed. Accordingly, you may be required to bear the financial risk of an investment in the senior notes for an indefinite period of time.

A change in our tax status under the United States Internal Revenue Code, or other jurisdictions, may have adverse effects on our income.

We and a number of our subsidiaries are foreign corporations that derive income from a U.S. trade or business and/or from sources within the United States. Drinker Biddle & Reath LLP, our U.S. tax counsel, has delivered to us an opinion, based on certain representations and assumptions set forth in it, to the effect that under current law this income, to the extent derived from or incidental to the international operation of a ship or ships, is excluded from gross income for U.S. federal income tax purposes pursuant to Section 883 of the Internal Revenue Code. We believe that most of our income (including that of our subsidiaries) is derived from or incidental to the international operation of a ship or ships.

Our ability to rely on Section 883 could be challenged or could change in the future. Provisions of the Internal Revenue Code, including Section 883, are subject to legislative change at any time. In particular, the Joint Committee on Taxation's Description of the Chairman's Mark of the "Tax Cuts and Jobs Act," publically released on November 9, 2017, regarding a tax bill that has been reported out by the Senate Finance Committee, describes a provision that would eliminate the Section 883 exemption for certain income from the operation of passenger cruises for taxable years beginning on or after January 1, 2018. This provision, if enacted, would cause us to be subject to U.S. federal income tax on certain income from operating passenger cruises. The provision is subject to change and it is unclear at this time if and when such proposed provision may be enacted and, if enacted, the precise formulation of such provision as well as the effect such provision would have on us.

Moreover, changes could occur in the future with respect to the identity, residence or holdings of our direct or indirect shareholders, trading volume or trading frequency of our shares, or relevant foreign tax laws of Liberia such that it no longer qualifies as an equivalent exemption jurisdiction, that could affect our eligibility for the Section 883 exemption. Accordingly, there can be no assurance that we will continue to be exempt from U.S. income tax on U.S. source shipping income in the future. If we were not entitled to the benefit of Section 883, we and our subsidiaries would be subject to U.S. taxation on a portion of the income derived from or incidental to the international operation of our ships, which would reduce our net income.

Additionally, portions of our business are operated by companies that are within the United Kingdom tonnage tax regime. Further, some of our operations are conducted in jurisdictions where we

Table of Contents

rely on tax treaties to provide exemption from taxation. To the extent the United Kingdom tonnage tax laws change or we do not continue to meet the applicable qualification requirements or if tax treaties are changed or revoked, we may be required to pay higher income tax in these jurisdictions, adversely impacting our results of operations.

As budgetary constraints continue to adversely impact the jurisdictions in which we operate, increases in income tax regulations, tax audits or tax reform affecting our operations may be imposed.

USE OF PROCEEDS

We estimate that the net proceeds from the sale of the senior notes offered hereby will be approximately \$ billion, after deducting the underwriters' discounts and the estimated offering expenses payable by us. Table of Contents**DESCRIPTION OF SENIOR NOTES**

The following description of the particular terms of the senior notes (as defined below) offered hereby (referred to in the accompanying prospectus as the "Debt Securities") supplements, and to the extent inconsistent therewith replaces, the description of the general terms and provisions of the Debt Securities set forth in the accompanying prospectus, to which description reference is hereby made. The senior notes will each be issued as a separate series of debt securities under the indenture, dated as of July 31, 2006, between us and The Bank of New York Mellon Trust Company, N.A. (f/k/a The Bank of New York Trust Company, N.A.), as trustee (the "base indenture"). Certain defined terms in the base indenture, as supplemented by the third supplemental indenture, are capitalized herein. Whenever a defined term is referred to and not herein defined, the definition thereof is contained in the base indenture, as supplemented by the third supplemental indenture between us and the trustee. As used in this Section, all references to the "indenture" mean the base indenture as supplemented by the third supplemental indenture. As used under this caption "Description of Senior Notes," all references to the "Company," "we," "us" and "our" refer to Royal Caribbean Cruises Ltd. on a stand-alone basis and not to Royal Caribbean Cruises Ltd. and its subsidiaries.

General

\$ aggregate principal amount of % Senior Notes due 20 (the "20 notes") and \$ aggregate principal amount of % Senior Notes due 20 (the "20 notes" and, together with the 20 notes, the "senior notes") will be issued on the closing date of this offering. Additional senior notes of either class may be issued under the indenture in one or more tranches from time to time (the "additional senior notes"). All references herein to the "senior notes" include any additional senior notes issued from time to time. The 20 notes will bear interest at the rate of % per annum and will mature on , 20 . The 20 notes will bear interest at the rate of % per annum and will mature on , 20 . Interest on the principal amount of the senior notes will be payable semi-annually on and of each year, commencing , 2018 to the persons in whose names such senior notes are registered at the close of business on the or , as the case may be, preceding such or .

Except as described below under " Optional Redemption," and except in the event of a change in tax law as described in "Description of Debt Securities Tax Related Considerations Redemption or Assumption of Debt Securities under Certain Circumstances" in the accompanying prospectus, the senior notes are not redeemable prior to maturity and do not have the benefit of a sinking fund.

The senior notes are subject to defeasance and covenant defeasance as described under "Description of Debt Securities Defeasance and Satisfaction and Discharge" in the accompanying prospectus.

Priority

The senior notes of each series will be unsecured and unsubordinated indebtedness and will rank on a parity with our other unsubordinated indebtedness from time to time outstanding and will be effectively junior to our future secured indebtedness to the extent of the assets securing such indebtedness. The senior notes will not be guaranteed by any of our subsidiaries and, accordingly, the senior notes will be structurally subordinated to the claims of our subsidiaries' creditors, including trade creditors. The senior notes do not limit the ability of our subsidiaries to incur or guarantee indebtedness other than as described under " Certain Covenants."

As of September 30, 2017, our ship-owning and non ship-owning subsidiaries had indebtedness of \$0 and \$9.3 million outstanding, respectively (excluding operating leases, trade payables and

Table of Contents

intercompany indebtedness). As of September 30, 2017, we had no outstanding indebtedness for money borrowed secured by a Lien on a Principal Property. See "Risk Factors The senior notes will not be guaranteed by any of our subsidiaries or secured by any of our assets and will be effectively junior to any secured indebtedness we may incur and structurally junior to indebtedness of our subsidiaries."

The senior notes will be issued only in fully registered book-entry form, without coupons, in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. No service charge will be made for any transfer or exchange of the senior notes, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith. The senior notes of each series will be represented by one or more Global Securities registered in the name of a nominee of The Depository Trust Company ("DTC"). Except as set forth under " Book-Entry System for the Senior Notes" below, the senior notes will not be issued in certificated form.

Optional Redemption

We will have the right at our option to redeem the 20 notes in whole or in part, at any time or from time to time prior to their maturity, on at least 15 days, but not more than 60 days, prior notice delivered to the registered address of each holder of the 20 notes, at a redemption price equal to the greater of (i) 100% of the principal amount of such 20 notes and (ii) the sum of the present values of the remaining scheduled payments of principal and interest thereon (exclusive of interest accrued to the redemption date), discounted to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate, plus basis points for the 20 notes (the "20 Notes Make-Whole Amount"), plus, in each case, accrued and unpaid interest thereon to the redemption date.

Prior to the Par Call Date (as defined below) with respect to the 20 notes, we will have the right at our option to redeem the 20 notes in whole or in part, at any time or from time to time prior to their maturity, on at least 15 days, but not more than 60 days, prior notice delivered to the registered address of each holder of the 20 notes, at a redemption price equal to the greater of (i) 100% of the principal amount of such 20 notes and (ii) the sum of the present values of the remaining scheduled payments of principal and interest thereon to the Par Call Date (exclusive of interest accrued to the redemption date), discounted to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate, plus basis points for the 20 notes (the "20 Notes Make-Whole Amount"), plus, in each case, accrued and unpaid interest thereon to the redemption date.

At any time and from time to time on or after (the date that is three months prior to the maturity date of the 20 notes) (the "Par Call Date"), we may redeem the 20 notes, in whole or in part, at a redemption price equal to 100% of the principal amount of the 20 notes being redeemed plus accrued and unpaid interest to the redemption date.

"Treasury Rate" means, with respect to any redemption date,

the yield, under the heading which represents the average for the immediately preceding week, appearing in the most recently published statistical release published by the Board of Governors of the Federal Reserve System designated as "Statistical Release H.15(519)" or any successor publication which is published weekly by the Board of Governors of the Federal Reserve System and which establishes yields on actively traded United States Treasury securities adjusted to constant maturity under the caption "Treasury Constant Maturities," for the maturity corresponding to the Comparable Treasury Issue (if no maturity is within three months before or after the maturity date, yields for the two published maturities most closely corresponding to the Comparable Treasury Issue shall be determined and the Treasury Rate shall be interpolated or extrapolated from such yields on a straight line basis, rounding to the nearest month), or

Table of Contents

if such release (or any successor release) is not published during the week preceding the calculation date or does not contain such yields, the rate per annum equal to the semi-annual equivalent yield to maturity of the Comparable Treasury Issue, calculated using a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such redemption date. The Treasury Rate will be calculated on the third business day preceding the redemption date.

"Comparable Treasury Issue" means the United States Treasury security or securities selected by an Independent Investment Banker as having an actual or interpolated maturity comparable to the remaining term of the senior notes to be redeemed (assuming, in the case of the 20 notes, that such notes matured on the Par Call Date) that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing a new issue of corporate debt securities of a comparable maturity to the remaining term of such senior notes.

"Comparable Treasury Price" means, with respect to any redemption date, (i) the average of the Reference Treasury Dealer Quotations for such redemption date, after excluding the highest and lowest such Reference Treasury Dealer Quotation or (ii) if we obtain fewer than four such Reference Treasury Dealer Quotations, the average of all such quotations.

"Independent Investment Banker" means one of the Reference Treasury Dealers appointed by us.

"Reference Treasury Dealer" means (i) each of Merrill Lynch, Pierce, Fenner & Smith Incorporated and Morgan Stanley & Co. LLC, or their affiliates which are primary United States government securities dealers, and their respective successors; *provided, however*, that if any of the foregoing shall cease to be a primary United States government securities dealer in the United States (a "Primary Treasury Dealer"), we will substitute therefor another Primary Treasury Dealer and (ii) any other Primary Treasury Dealer selected by us.

"Reference Treasury Dealer Quotation" means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by us, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to us by such Reference Treasury Dealer at 3:30 p.m. New York time on the third business day preceding such redemption date.

On and after the redemption date, interest will cease to accrue on the senior notes or any portion of the senior notes called for redemption (unless we default in the payment of the redemption price and accrued interest). On or before the redemption date, we will deposit with the trustee money sufficient to pay the redemption price and (unless the redemption date shall be an interest payment date) accrued and unpaid interest to the redemption date on the senior notes to be redeemed on such date. If less than all of the senior notes are to be redeemed, the senior notes to be redeemed shall be selected in accordance with applicable procedures of DTC. Additionally, we may at any time repurchase notes in the open market and may hold or surrender such notes to the trustee for cancellation.

Change of Control

If a Change of Control Triggering Event (as defined below) occurs with respect to either series of the senior notes, unless the Company has exercised its right to redeem such series of senior notes as described under "Optional Redemption," each holder of such series of the senior notes will have the right to require us to, pursuant to a Change of Control Offer, repurchase all or any part (equal to \$2,000 and integral multiples of \$1,000 in excess thereof) of such holder's senior notes pursuant to the offer described below (the "Change of Control Offer"), at a purchase price in cash equal to 101% of the principal amount of the senior notes plus accrued and unpaid interest, if any, to the date of

Table of Contents

purchase (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date). No purchase in part shall reduce the principal amount at maturity of the senior notes held by any holder to below \$2,000.

"Change of Control Triggering Event" means the occurrence of *both* (i) a Change of Control and (ii) a Rating Decline associated with such Change of Control.

A "Change of Control" shall be deemed to occur upon the consummation of any transaction pursuant to which:

any "person" or "group" of related persons is or becomes the beneficial owner, directly or indirectly, of more than 50% of the total voting stock of the Company; or

the Company conveys, transfers or leases its properties and assets substantially as an entirety to any other person, other than to a Subsidiary of the Company.

For purposes of this definition, (a) "person" and "group" have the meanings they have in Sections 13(d) and 14(d) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"); and (b) "beneficial owner" is used as defined in Rules 13d-3 and 13d-5 under the Exchange Act, except that a person shall be deemed to have "beneficial ownership" of all voting stock that such person has the right to acquire, whether such right is exercisable immediately or only after the passage of time.

A "Rating Decline" shall be deemed to occur if during the period (the "Change of Control Period") commencing on the date of the first public notice of the occurrence of a Change of Control or the intention by the Company to effect a Change of Control (the "Public Notice Date") and terminating on the date that is 60 days after consummation of the Change of Control (*provided* that if a Rating Agency announces, after the Public Notice Date and before expiration of the Change of Control Period, that the rating of the senior notes is under review for possible downgrade by such Rating Agency, the Change of Control Period shall be extended until the first to occur of (x) the date that such Rating Agency announces the results of its review and (y) the date that is 180 days after consummation of the Change of Control), both Rating Agencies downgrade their respective rating of the senior notes, such that after such downgrades, the senior notes are not rated Investment Grade by both Rating Agencies, and both Rating Agencies do not thereafter during the Change of Control Period restore their respective Investment Grade rating of the senior notes.

"Rating Agencies" means each of (x) Moody's Investors Service, Inc., a subsidiary of Moody's Corporation, and its successors ("Moody's") and (y) S&P Global Ratings, a division of S&P Global Inc., and its successors ("S&P") and "Rating Agency" means either of Moody's or S&P; *provided* that if either Moody's or S&P does not make a rating of the relevant series of the senior notes publicly available, the Company shall use commercially reasonable efforts to select a nationally recognized statistical rating organization or organizations, as the case may be, which shall then be substituted for Moody's or S&P or both of them, as the case may be; *provided further*, that in no event shall the Company have any obligation to maintain a rating of the senior notes.

An "Investment Grade" rating means a rating of Baa3 or better by Moody's (or its equivalent under any successor rating categories of Moody's) or BBB- or better by S&P (or its equivalent under any successor rating categories of S&P), or if such Rating Agency ceases to rate the relevant series of the senior notes, as the case may be, for reasons outside of our control, the equivalent investment grade credit rating from any Rating Agency selected by us as a replacement Rating Agency.

"Subsidiary" means a corporation, company (including any limited liability company), association, partnership or other business entity more than 50% of the outstanding voting stock or equivalent equity interest of which is owned, directly or indirectly, by us or by one or more of our other Subsidiaries, or by us and one or more of our other Subsidiaries. For purposes of this definition, "voting stock" means stock or equivalent equity interest which ordinarily has voting power for the

Table of Contents

election of directors, managers or partners, as applicable, whether at all times or only so long as no senior class of stock has such voting power by reason of any contingency.

The definition of "Change of Control" and the covenant described in the accompanying prospectus under "Description of Debt Securities Restrictions on Consolidation, Merger and Certain Sales of Assets" both include the phrase "conveys, transfers or leases its properties and assets substantially as an entirety." There is no precise, established and binding interpretation of the phrase "substantially as an entirety." Accordingly, in certain circumstances, there may be a degree of uncertainty as to whether a particular transaction would involve a conveyance, transfer or lease of our properties and assets "substantially as an entirety." As a result, it may be unclear whether a Change of Control Triggering Event has occurred and therefore whether a holder of senior notes has the right to require us to repurchase those senior notes.

Within 30 days following any Change of Control Triggering Event, we will deliver a notice to each holder of the applicable senior notes, with a copy to the trustee, stating:

that a Change of Control Triggering Event has occurred and that such holder has the right to require us to purchase such holder's senior notes at a purchase price in cash equal to 101% of the principal amount of such senior notes plus accrued and unpaid interest, if any, to the date of purchase (subject to the right of holders of record on a record date to receive interest on the relevant interest payment date) (the "Change of Control Payment");

the repurchase date (which shall be no earlier than 30 days nor later than 60 days from the date such notice is delivered) (the "Change of Control Payment Date"); and

the procedures determined by us, consistent with the indenture, that a holder must follow in order to have its senior notes repurchased.

On the Change of Control Payment Date, we will, to the extent lawful:

accept for payment all of the senior notes or portions of the senior notes (in integral multiples of \$2,000 and integral multiples of \$1,000 in excess thereof) properly tendered pursuant to the Change of Control Offer;

deposit with the paying agent an amount equal to the Change of Control Payment in respect of all of the senior notes or portions of the senior notes (in integral multiples of \$2,000 and integral multiples of \$1,000 in excess thereof) so tendered; and

deliver or cause to be delivered to the trustee the senior notes so accepted together with an Officers' Certificate stating the aggregate principal amount of the senior notes or portions of the senior notes being purchased by us.

The paying agent will promptly deliver to each holder of the senior notes so tendered the Change of Control Payment for such senior notes, and the trustee will promptly authenticate and deliver (or cause to be transferred by book entry) to each holder a new senior note equal in principal amount to any unpurchased portion of the senior notes surrendered, if any; *provided* that each such new senior note will be in a principal amount of \$2,000 and integral multiples of \$1,000 in excess thereof.

If the Change of Control Payment Date is on or after an interest record date and on or before the related interest payment date, any accrued and unpaid interest, if any, will be paid to the person in whose name a senior note is registered at the close of business on such interest record date, and no additional interest will be payable to holders who tender pursuant to the Change of Control Offer.

Except as described above with respect to a Change of Control Triggering Event, and as described in the accompanying prospectus under "Description of Debt Securities Restrictions on Consolidation, Merger and Certain Sales of Assets," the indenture does not contain provisions that permit the holders to require that we repurchase or redeem the senior notes or otherwise impose obligations upon us in the event of a takeover, recapitalization or similar transaction.

Table of Contents

We will not be required to make a Change of Control Offer upon a Change of Control Triggering Event if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the indenture applicable to a Change of Control Offer made by us and purchases all of the senior notes validly tendered and not withdrawn under such Change of Control Offer.

We will comply, to the extent applicable, with the requirements of Section 14(e) of the Exchange Act and any other securities laws or regulations in connection with the repurchase of the applicable senior notes pursuant to this covenant. To the extent that the provisions of any securities laws or regulations conflict with provisions of the indenture, we will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations described in the indenture by virtue of the conflict.

Our ability to repurchase the senior notes pursuant to a Change of Control Offer may be limited by a number of factors. Our current indebtedness contains, and future indebtedness may contain, prohibitions of certain events that would constitute a Change of Control Triggering Event or require such indebtedness to be repurchased upon a Change of Control Triggering Event. Moreover, the exercise by the holders of the senior notes of their right to require us to repurchase the senior notes could cause a default under such indebtedness, even if the Change of Control Triggering Event itself does not, due to the financial effect of such repurchase on us. Finally, our ability to pay cash to the holders of the senior notes upon a repurchase may be limited by our then-existing financial resources. There can be no assurance that sufficient funds will be available when necessary to make any required repurchases.

Certain Covenants

The following covenants apply to the Company and certain Restricted Subsidiaries.

Limitations on Liens

The Company will not, and will not permit any Restricted Subsidiary to, incur, assume or suffer to exist any indebtedness for money borrowed secured by any mortgage, security interest, pledge or lien ("Lien") upon any Principal Property, whether owned at the date the senior notes are issued or thereafter acquired, without providing that the senior notes shall be secured by such Lien equally and ratably with any and all other indebtedness thereby secured, so long as such indebtedness shall be so secured.

This restriction does not apply to indebtedness secured by (a) Liens existing on the date the senior notes are issued; (b) Liens on any real or personal property of any Person existing at the time such Person became a Restricted Subsidiary and not incurred in contemplation of such Person becoming a Restricted Subsidiary; (c) Liens in favor of the Company or any Restricted Subsidiary; (d) Liens existing on any real or personal property at the time it is acquired by the Company or a Restricted Subsidiary or created within 18 months of the date of such acquisition, conditional sale and similar agreements; (e) purchase money Liens to secure the purchase price or construction cost of property incurred prior to, at the time of or within 18 months after the acquisition, the completion of the construction or the commencement of full operations of the property; and (f) any extension, renewal or refunding (or successive extensions, renewals or refundings) of any Lien referred to in the foregoing clauses; *provided* the principal amount of such extension, renewal or refunding may not exceed the principal amount of the Lien being extended, renewed or refunded plus the amount of any premium or other costs paid in connection with such extension, renewal or refunding. In addition, the indenture permits additional indebtedness for money borrowed secured by Liens on Principal Properties not otherwise specifically permitted, the aggregate principal amount of which, together with all Attributable Debt in respect of sale and leaseback transactions (as defined below) involving

Table of Contents

Principal Properties entered into (excluding sale and leaseback transactions permitted by clause (a) below under the section entitled " Limitation on Sales and Leasebacks" as a result of the exceptions set forth above and clause (b) of such section) would not exceed 10% of the Consolidated Net Tangible Assets of the Company and its consolidated Restricted Subsidiaries.

Limitation on Sales and Leasebacks

Neither the Company nor any Restricted Subsidiary may enter into any sale and leaseback transaction involving any Principal Property (a "sale and leaseback transaction") unless (a) the Company or such Restricted Subsidiary would be entitled under " Limitations on Liens" to incur a Lien on the Principal Property securing indebtedness for money borrowed in a principal amount equal to the Attributable Debt with respect to the sale and leaseback transaction without equally and ratably securing the senior notes under the indenture or (b) (i) the gross proceeds of the sale or transfer of the Principal Property leased equals or exceeds the fair market value of such Principal Property and (ii) within one year after such sale or transfer of such Principal Property shall have been made by the Company or by a Restricted Subsidiary, the Company applies all of the net proceeds to (A) the voluntary retirement of Funded Debt of the Company or any Restricted Subsidiary or (B) the acquisition by the Company or a Restricted Subsidiary of one or more properties which on an aggregate basis have a purchase price in excess of 5% of Consolidated Net Tangible Assets (other than the Principal Property involved in such sale). A sale and leaseback transaction shall not include any sale and leaseback transactions (x) between the Company and a Restricted Subsidiary or between Restricted Subsidiaries or (y) involving the temporary taking back of a lease for a period, including renewals, of less than three years in the case where it is intended that at the end of the lease, the use of such property by the Company or such Restricted Subsidiary will be discontinued.

Definitions

"Attributable Debt" means as to any particular lease under which any Person is liable, at the time of determination, the present value (discounted at the interest rate implicit in the lease or, if not known, at the Company's incremental borrowing rate) of the obligations of the lessee of the property subject to such lease for rental payments during the remaining term of the lease included in such transaction including any period for which such lease has been extended or may, at the sole option of the lessor, be extended or until the earliest date on which the lessee may terminate such lease without penalty or upon payment of penalty (in which case the rental payments shall include such penalty), after excluding all amounts required to be paid on account of maintenance and repairs, insurance, taxes, assessments, water, utilities and similar charges.

"Consolidated Net Tangible Assets" means the total amount of assets (less applicable reserves and other properly deductible items) which under accounting principles generally accepted in the United States would be included on a consolidated balance sheet of the Company and its Restricted Subsidiaries after deducting therefrom, without duplication, the sum of (i) all current liabilities except for (A) notes and loans payable, (B) current maturities of long term debt, (C) current maturities of obligations under capital leases and (D) customer deposits and (ii) all goodwill, trade names, trademarks, patents, unamortized debt discount and expense and other like intangibles, which in each case under generally accepted accounting principles would be included on such consolidated balance sheet.

"Funded Debt" means any indebtedness for money borrowed, created, issued, incurred, assumed or guaranteed, whether secured or unsecured, maturing more than one year after the date of determination thereof and any indebtedness, regardless of its terms, renewable pursuant to the terms thereof or of a revolving credit or similar agreement effective for more than 360 days after the date of the creation of indebtedness.

Table of Contents

"Principal Property" means any real or personal property owned or leased by the Company or any Subsidiary the net book value of which on the date as of which the determination is being made exceeds 5% of the Company's Consolidated Net Tangible Assets, other than any such real or personal property which, in the opinion of the Company's board of directors, is not of material importance to the total business conducted by the Company and its Subsidiaries, taken as a whole.

"Restricted Subsidiary" means any Subsidiary which owns or leases a Principal Property.

Book-Entry System for the Senior Notes

Upon issuance, each series of the senior notes will each be represented by a global security or securities (each a "Global Security"). Each Global Security will be deposited with, or on behalf of, DTC (the "Depository").

Upon the issuance of any such Global Security, the Depository or its nominee will credit the accounts of persons held with it with the respective principal or face amounts of the senior notes represented by any such Global Security. Ownership of beneficial interests in any such Global Security will be limited to persons that have accounts with the Depository ("participants") or persons that may hold interests through participants. Ownership of beneficial interests by participants in any such Global Security will be shown on, and the transfer of that ownership will be effected only through, records maintained by the Depository. Ownership of beneficial interests in any such Global Security by persons that hold through participants will be shown on, and the transfer of that ownership interest within such participant will be effected only through, records maintained by such participant. The laws of some jurisdictions require that certain purchasers of securities take physical delivery of such securities in definitive form. Such limits and such laws may impair the ability to acquire or transfer beneficial interests in any such Global Security.

Payment of principal of and interest on the senior notes will be made to the Depository or its nominee, as the case may be, as the sole registered owner and holder of any Global Security for all purposes under the indenture. Neither the Company, the trustee nor any agent of the Company or the trustee will have any responsibility or liability for any aspect of the Depository's records relating to or payments made on account of beneficial ownership interests in any such Global Security or for maintaining, supervising or reviewing any of the Depository's records relating to such beneficial ownership interests.

The Company has been advised by the Depository that upon receipt of any payment of principal of or interest on any Global Security, the Depository will immediately credit, on its book-entry registration and transfer system, the accounts of participants with payments in amounts proportionate to their respective beneficial interests in the principal or face amount of such Global Security as shown on the records of the Depository. Payments by participants to owners of beneficial interests in such Global Security held through such participants will be governed by standing instructions and customary practices as is now the case with securities held for customer accounts registered in "street name" and will be the sole responsibility of such participants.

No Global Security may be transferred except as a whole by the Depository to a nominee of the Depository. Each Global Security is exchangeable for certificated senior notes only if (x) the Depository notifies the Company that it is unwilling or unable to continue as Depository for such Global Security or if at any time the Depository ceases to be a clearing agency registered under the Exchange Act and the Company fails within 90 days thereafter to appoint a successor, (y) the Company in its sole discretion determines that such Global Security shall be exchangeable or (z) there shall have occurred and be continuing an Event of Default (as defined in the indenture) or an event which with the giving of notice or lapse of time or both, would constitute an Event of Default with respect to the senior notes represented by such Global Security. In such event, upon request of the holder, the Company will issue the senior notes in certificated form in exchange for such Global Security. In any

Table of Contents

such instance, an owner of a beneficial interest in either Global Security will be entitled to physical delivery in certificated form of the senior notes equal in principal amount to such beneficial interest and to have such senior notes registered in its name. The senior notes so issued in certificated form will be issued in denominations of \$2,000 or any larger amount that is an integral multiple of \$1,000 in excess thereof and will be issued in registered form only, without coupons. Subject to the foregoing, no Global Security is exchangeable, except for a Global Security of like denomination to be registered in the name of the Depositary or its nominee.

So long as the Depositary, or its nominee, is the registered owner of a Global Security, such Depositary or such nominee, as the case may be, will be considered the sole owner or holder of the senior notes represented by such Global Security for the purposes of receiving payment on such senior notes, receiving notices and for all other purposes under the indenture and such senior notes. Beneficial interests in the senior notes will be evidenced only by, and transfer thereof will be effected only through, records maintained by the Depositary and its participants. Except as provided herein, owners of beneficial interests in any Global Security will not be entitled to and will not be considered the holders thereof for any purposes under the indenture. Accordingly, each person owning a beneficial interest in such Global Security must rely on the procedures of the Depositary, and, if such person is not a participant, on the procedures of the participant through which such person owns its interest, to exercise any rights of a Holder under the indenture. The Depositary will not consent or vote with respect to the Global Security representing the senior notes. Under its usual procedures, the Depositary will deliver an Omnibus Proxy to the Company as soon as possible after the applicable record date. The Omnibus Proxy will assign Cede & Co.'s (the Depositary's partnership nominee) consenting or voting rights to those participants to whose accounts the senior notes are credited on the applicable record date (identified in a listing attached to the Omnibus Proxy).

The Depositary has advised the Company that the Depositary is a limited-purpose trust company organized under New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Exchange Act. The Depositary was created to hold the securities of its participants and to facilitate the clearance and settlement of securities transactions among its participants through electronic book-entry changes in accounts of the participants, thereby eliminating the need for physical movement of securities certificates. The Depositary's participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations, some of whom (and/or their representatives) own the Depositary. Access to the Depositary's book-entry system is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly. The rules applicable to the Depositary and its participants are on file with the Securities and Exchange Commission.

Clearstream Banking S.A. ("Clearstream") has advised us that it is incorporated under the laws of Luxembourg as a professional depository. Clearstream holds securities for its participating organizations ("Clearstream Participants") and facilitates the clearance and settlement of securities transactions between Clearstream Participants through electronic book-entry changes in accounts of Clearstream Participants, thereby eliminating the need for physical movement of certificates. Clearstream provides Clearstream Participants with, among other things, services for safekeeping, administration, clearance and establishment of internationally traded securities and securities lending and borrowing. Clearstream interfaces with domestic markets in several countries. As a professional depository, Clearstream is subject to regulation by the Luxembourg Commission for the Supervision of the Financial Sector, also known as the Commission de Surveillance du Secteur Financier. Clearstream Participants are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations, and

Table of Contents

may include the underwriters. Indirect access to Clearstream is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Clearstream Participant either directly or indirectly.

Distributions with respect to the senior notes held beneficially through Clearstream will be credited to cash accounts of Clearstream Participants in accordance with its rules and procedures to the extent received by the Depository for Clearstream.

Euroclear has advised us that it was created in 1968 to hold securities for participants of Euroclear ("Euroclear Participants") and to clear and settle transactions between Euroclear Participants through simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. Euroclear includes various other services, including securities lending and borrowing, and interfaces with domestic markets in several markets in several countries. Euroclear is operated by Euroclear Bank S.A./N.V. (the "Euroclear Operator") under contract with Euroclear plc, a U.K. corporation. All operations are conducted by the Euroclear Operator, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear Operator. The Euroclear Participants include banks (including central banks), securities brokers and dealers and other professional financial intermediaries and may include the underwriters.

Indirect access to Euroclear is also available to other firms that clear through or maintain a custodial relationship with a Euroclear Participant, either directly or indirectly.

The Euroclear Operator is regulated and examined by the Belgian Financial Services and Markets Authority (*Autorité des services et marchés financiers*) and the National Bank of Belgium (*Banque Nationale de Belgique*).

Securities clearance accounts and cash accounts with the Euroclear Operator are governed by the Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of the Euroclear system, and applicable Belgian law, collectively referred to as the terms and conditions. The terms and conditions govern transfers of securities and cash within Euroclear, withdrawals of securities and cash from Euroclear, and receipts of payments with respect to securities in Euroclear. All securities in Euroclear are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear operator acts under the terms and conditions only on behalf of Euroclear participants, and has no record of or relationship with persons holding through Euroclear participants.

Links have been established among the Depository, Clearstream and Euroclear to facilitate the initial issuance of the senior notes sold outside of the United States and cross-market transfers of the senior notes associated with secondary market trading.

Although the Depository, Clearstream and Euroclear have agreed to the procedures provided below in order to facilitate transfers, they are under no obligation to perform these procedures, and these procedures may be modified or discontinued at any time.

Clearstream and Euroclear will record the ownership interests of their participants in much the same way as the Depository, and the Depository will record the total ownership of each of the U.S. agents of Clearstream and Euroclear, as participants in the Depository. When the senior notes are to be transferred from the account of a Depository participant to the account of a Clearstream participant or a Euroclear participant, the purchaser must send instructions to Clearstream or Euroclear through a participant at least one day prior to settlement. Clearstream or Euroclear, as the case may be, will instruct its U.S. agent to receive the senior notes against payment. After settlement, Clearstream or Euroclear will credit its participant's account. Credit for the senior notes will appear on the next day (European time).

Table of Contents

Because settlement is taking place during New York business hours, the Depository's participants will be able to employ their usual procedures for sending the senior notes to the relevant U.S. agent acting for the benefit of Clearstream or Euroclear participants. The sale proceeds will be available to the Depository seller on the settlement date. As a result, to the Depository participant, a cross-market transaction will settle no differently than a trade between two Depository participants. When a Clearstream or Euroclear participant wishes to transfer the senior notes to a Depository participant, the seller will be required to send instructions to Clearstream or Euroclear through a participant at least one business day prior to settlement. In these cases, Clearstream or Euroclear will instruct its U.S. agent to transfer these senior notes against payment for them. The payment will then be reflected in the account of the Clearstream or Euroclear participant the following day, with the proceeds back valued to the value date, which would be the preceding day, when settlement occurs in New York, if settlement is not completed on the intended value date, that is, the trade fails, proceeds credited to the Clearstream or Euroclear participant's account will instead be valued as of the actual settlement date.

You should be aware that you will only be able to make and receive deliveries, payments and other communications involving the senior notes through Clearstream and Euroclear on the days when those clearing systems are open for business. Those systems may not be open for business on days when banks, brokers and other institutions are open for business in the United States. In addition, because of time zone differences, there may be problems with completing transactions involving Clearstream and Euroclear on the same business day as in the United States.

Same-Day Settlement and Payment for the Senior Notes

Settlement for the senior notes will be made by the underwriters in immediately available funds. All cash payments of principal and interest will be made by the Company in immediately available funds.

The senior notes will trade in the Depository's same-day funds settlement system until maturity or until such senior notes are issued in definitive form, and secondary market trading activity in such senior notes will therefore be required by the Depository to settle in immediately available funds. No assurance can be given as to the effect, if any, of settlement in immediately available funds on trading activity in such senior notes.

TAXATION

This discussion does not constitute, and should not be considered as, legal or tax advice to prospective holders of the notes. This discussion is for general information purposes only and is based upon the Liberian Income Tax Law and the United States federal income tax laws as in effect on the date of this offering memorandum, which are subject to change, possibly with retroactive effect, and to differing interpretations.

The following summary contains a description of certain Liberian and U.S. federal income tax consequences generally applicable to the ownership and disposition of the notes, but it does not purport to be a comprehensive description of all of the tax considerations that may be relevant to a decision to purchase, hold or sell notes. This description is not applicable to all categories of investors, some of which may be subject to special rules, and it does not specifically address all of the Liberian and U.S. federal income tax considerations applicable to any particular holder. In particular, this summary does not describe any tax consequences arising under the laws of any state, locality or municipality of Liberia or the United States or any other jurisdiction. Holders of the notes should consult their own tax advisors as to the Liberian, U.S. or other tax consequences of the purchase, ownership and disposition of our notes to them.

Liberian Tax Considerations

Under current Liberian law, no Liberian taxes or withholding will be imposed on payments to holders of our securities other than to a holder that is a resident Liberian entity or a resident individual or an individual or entity subject to taxation in Liberia as a result of having a permanent establishment within the meaning of the Liberia Revenue Code of 2000 as Amended in Liberia.

United States Federal Income Tax Considerations

The following discussion is a summary of certain U.S. federal income tax considerations generally applicable to U.S. Holders (as defined below) of the beneficial ownership and disposition of the notes. This summary is based on the U.S. Internal Revenue Code of 1986, as amended (the "Code"), Treasury regulations promulgated thereunder, rulings, official pronouncements and judicial decisions, all as in effect on the date of this offering memorandum and all of which are subject to change, possibly with retroactive effect, and different interpretations. This summary addresses tax considerations only for U.S. Holders that purchase the notes pursuant to this offering at the original issue price and that hold the notes as "capital assets" as defined in the Code (generally, property held for investment). Moreover, this summary is for general information only and does not address all of the tax consequences that may be relevant to specific investors in light of their particular circumstances or to investors subject to special treatment under U.S. federal income tax laws (such as banks, insurance companies, tax-exempt entities, dealers in securities, traders in securities that elect to use a mark to market method of accounting, brokers, expatriates, entities or arrangements treated as partnerships or other pass-through entities for U.S. federal income tax purposes, and partners or members therein, persons who hold their notes as part of a straddle, hedge, conversion transaction or other integrated investment, U.S. Holders whose functional currency is not the U.S. dollar, persons subject to the alternative minimum tax or persons deemed to sell the notes under the constructive sale provisions of the Code), all of whom may be subject to tax rules that differ significantly from those summarized below. The discussion below does not address U.S. federal estate and gift tax considerations, the Medicare tax or the effect of any state, local or non-U.S. tax law. We have not sought any ruling from the Internal Revenue Service (the "IRS") with respect to the statements made and the conclusions reached in this discussion, and there can be no assurance that the IRS or a court will not take a contrary position with respect to such statements or conclusions.

ALL PROSPECTIVE INVESTORS ARE URGED TO CONSULT THEIR OWN TAX ADVISORS AS TO THE PARTICULAR TAX CONSEQUENCES TO THEM OF THE PURCHASE,

OWNERSHIP AND DISPOSITION OF THE NOTES, INCLUDING THE APPLICABILITY OF U.S. FEDERAL, STATE OR LOCAL TAX LAWS, NON-U.S. TAX LAWS OR INCOME TAX TREATIES.

For purposes of this summary, a "U.S. Holder" is a beneficial owner of a note who or that is, for U.S. federal income tax purposes:

an individual who is a citizen or resident of the United States;

a corporation (or entity or arrangement treated as a corporation for U.S. federal income tax purposes) created or organized in or under the laws of the United States, any state thereof or the District of Columbia;

an estate the income of which is subject to U.S. federal income tax regardless of the source thereof; or

a trust (1) if a court within the United States is able to exercise primary supervision over its administration and one or more U.S. persons have the authority to control all of its substantial decisions, or (2) if it has made a valid election to be treated as a U.S. person for U.S. federal income tax purposes.

If you are a partnership or other pass-through entity (or other entity or arrangement treated as a partnership or pass-through entity for U.S. federal income tax purposes) for U.S. federal income tax purposes, the U.S. federal income tax treatment of your partners or other owners generally will depend on the status of the partners (or other owners) and your activities. If you are a partner (or other owner) of a partnership or other pass-through entity that acquires notes, you are urged to consult your own tax advisor regarding the tax consequences of acquiring, owning and disposing of notes.

U.S. Holders

Payment of Interest

A U.S. Holder must include in its gross income all payments of interest (which will include any Liberian tax withheld from the interest payments) and all Additional Amounts paid (if any) in respect of the notes, at the time accrued or paid, in accordance with the U.S. Holder's usual method of tax accounting for U.S. federal income tax purposes. Subject to applicable limitations, a U.S. Holder may be entitled to a credit against such U.S. Holder's U.S. federal income tax liability, or a deduction in computing such U.S. Holder's U.S. taxable income (provided that the U.S. Holder elects to deduct, rather than credit, all foreign income taxes paid or accrued for the relevant taxable year), for any foreign income taxes withheld. Interest on the notes generally will (1) be treated as foreign source income for U.S. federal income tax purposes, and (2) constitute passive income, or in the case of certain U.S. Holders, general category income for foreign tax credit purposes. The rules governing the foreign tax credit are complex. All prospective investors are urged to consult their own tax advisors regarding the availability of foreign tax credits under their particular circumstances.

It is expected that the notes will not be issued with original issue discount for U.S. federal income tax purposes in excess of a de minimis amount, and this disclosure assumes as much. In general, however, in the event that the notes are issued with more than de minimis OID, U.S. Holders will be required to accrue OID on a constant-yield method and include such amounts in gross income over the life of the notes. All prospective investors are urged to consult their tax advisors regarding the applicability of the rules governing OID to them.

Sale, Exchange, Redemption, Retirement or Other Disposition

A U.S. Holder generally will recognize gain or loss for U.S. federal income tax purposes upon the sale, exchange, redemption, retirement or other taxable disposition of a note in an amount equal to the difference between the amount realized and the U.S. Holder's adjusted tax basis in such notes sold,

Table of Contents

exchanged, retired or otherwise disposed. For this purpose, the amount realized will not include any amount attributable to accrued but unpaid interest on the notes (which will be taxed as interest as described above under " Payment of Interest"). A U.S. Holder's adjusted tax basis in the notes generally will equal the cost of such notes to such holder. The gain or loss upon the taxable disposition of the notes generally will be capital gain or loss. If, at the time of such disposition, the notes have been held by the U.S. Holder for more than one year, the gain or loss will be long-term capital gain or loss. Under current law, long-term capital gains recognized by individuals or other non-corporate U.S. Holders generally are subject to a reduced U.S. federal income tax rate. Capital losses are subject to limits on deductibility. Any gain or loss recognized by a U.S. Holder generally will be treated as from sources within the United States for U.S. federal income tax purposes.

Specified Foreign Financial Assets

Certain U.S. Holders that own "specified foreign financial assets" with an aggregate value of U.S.\$50,000 (or other applicable dollar thresholds) generally are required to submit to the IRS an information statement along with their tax returns, currently on Form 8938. "Specified foreign financial assets" include any financial accounts held at a non-U.S. financial institution, as well as securities issued by a non-U.S. issuer (which may include notes issued in certificated form). Substantial penalties can apply if a U.S. Holder is required to submit such information to the IRS and fails to do so. All prospective investors should consult their own tax advisors concerning the application of these rules to their investment in the notes, including the application of the rules to their particular circumstances.

We have agreed to indemnify the underwriters and their controlling persons against certain liabilities in connection with this offering, including liabilities under the Securities Act, or to contribute to payments the underwriters may be required to make in respect of those liabilities.

The underwriters are offering the senior notes, subject to prior sale, when, as and if issued to and accepted by them, subject to approval of legal matters by their counsel, including the validity of the senior notes, and other conditions contained in the underwriting agreement, such as the receipt by the underwriters of officer's certificates and legal opinions. The underwriters reserve the right to withdraw, cancel or modify offers to the public and to reject orders in whole or in part.

Commissions and Discounts

The representatives have advised us that the underwriters propose initially to offer each series of the senior notes to the public at the applicable public offering price set forth on the cover page of this prospectus supplement and to certain dealers at such price less a concession not in excess of % of the principal amount of the 20 notes and % of the principal amount of the 20 notes. In addition, the underwriters may allow, and such dealers may reallow, a discount to certain other dealers not in excess of % of the principal amount of the 20 notes and % of the principal amount of the 20 notes. After the initial offering, the public offering price, concession or any other term of the offering may be changed.

The expenses of the offering, not including the underwriting discount, are estimated at \$ _____ and are payable by us.

New Issue of Senior Notes

Each series of the senior notes are a new issue of securities with no established trading market. We do not intend to apply for listing of either series of the senior notes on any national securities exchange or for inclusion of the senior notes on any automated dealer quotation system. We have been advised by the underwriters that they presently intend to make a market in each series of the senior notes after completion of the offering. However, they are under no obligation to do so and may discontinue any market-making activities at any time without any notice. We cannot assure the liquidity of the trading market for either series of the senior notes or that an active public market for either series of the senior notes will develop. If an active public trading market for either series of the senior notes does not develop, the market price and liquidity of such series of senior notes may be adversely affected. If the senior notes are traded, they may trade at a discount from their initial offering price, depending on prevailing interest rates, the market for similar securities, our operating performance and financial condition, general economic conditions and other factors.

Settlement

We expect that delivery of the senior notes will be made to investors on or about the closing date specified on the cover page of this prospectus supplement, which will be the fifth business day following the date of pricing of the senior notes (such settlement being referred to as "T+5"). Under Rule 15c6-1 under the Securities Exchange Act of 1934, as amended, trades in the secondary market are required to settle in two business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade senior notes on the date of pricing of the senior notes or the next two succeeding business days will be required, by virtue of the fact that the senior notes initially settle in T+5, to specify an alternate settlement arrangement at the time of any such trade to prevent a failed settlement. Purchasers of the senior notes who wish to trade the senior notes on the date of pricing of the senior notes or the next two succeeding business days should consult their advisors.

Short Positions

In connection with the offering, the underwriters may purchase and sell the senior notes in the open market. These transactions may include short sales and purchases on the open market to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater principal amount of senior notes than they are required to purchase in the offering. The underwriters must close out any short position by purchasing senior notes in the open market. A short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of either series of the senior notes in the open market after pricing that could adversely affect investors who purchase in the offering.

Similar to other purchase transactions, the underwriters' purchases to cover the syndicate short sales may have the effect of raising or maintaining the market price of the senior notes or preventing or retarding a decline in the market price of the senior notes. As a result, the price of either series of the senior notes may be higher than the price that might otherwise exist in the open market.

Neither we nor any of the underwriters make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of either series the senior notes. In addition, neither we nor any of the underwriters make any representation that the representatives will engage in these transactions or that these transactions, once commenced, will not be discontinued without notice.

They have received, or may in the future receive, customary fees and commissions for these transactions. Affiliates of Merrill Lynch, Pierce, Fenner & Smith Incorporated, Morgan Stanley & Co. Such investments and securities activities may involve securities and/or instruments of ours or our affiliates. Certain of the underwriters or their affiliates that have a lending relationship with us routinely hedge their credit exposure to us consistent with their customary risk management policies. Typically, such underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the senior notes offered hereby. Any such short positions could adversely affect future trading prices of the senior notes offered hereby. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Notice to Prospective Investors in the European Economic Area

In relation to each member state of the European Economic Area, an offer of senior notes described in this prospectus supplement may not be made to the public in that member state other than:

to any legal entity which is a qualified investor as defined in the Prospectus Directive;

to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive), subject to obtaining the prior consent of the relevant dealer or dealers nominated by us for any such offer; or

Table of Contents

in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of senior notes referred to in the first to third bullet above shall result in a requirement for us or any underwriter to publish a prospectus pursuant to Article 3 of the Prospectus Directive, or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

Each person located in a member state to whom any offer of senior notes is made or who receives any communication in respect of an offer of senior notes, or who initially acquires any senior notes will be deemed to have represented, warranted, acknowledged and agreed to and with each underwriter and us that (1) it is a "qualified investor" within the meaning of the law in that member state implementing Article 2(1)(e) of the Prospectus Directive; and (2) in the case of any senior notes acquired by it as a financial intermediary as that term is used in Article 3(2) of the Prospectus Directive, the senior notes acquired by it in the offer have not been acquired on behalf of, nor have they been acquired with a view to their offer or resale to, persons in any member state other than qualified investors, as that term is defined in the Prospectus Directive, or in circumstances in which the prior consent of the underwriters has been given to the offer or resale; or where senior notes have been acquired by it on behalf of persons in any member state other than qualified investors, the offer of those senior notes to it is not treated under the Prospectus Directive as having been made to such persons.

We, the underwriters and their respective affiliates will rely upon the truth and accuracy of the foregoing representations, acknowledgments and agreements. This prospectus supplement has been prepared on the basis that any offer of senior notes in any member state will be made pursuant to an exemption under the Prospectus Directive from the requirement to publish a prospectus for offers of senior notes. Accordingly, any person making or intending to make an offer in that member state of senior notes which are the subject of the offering contemplated in this prospectus supplement may only do so in circumstances in which no obligation arises for us or any of the underwriters to publish a prospectus pursuant to Article 3 of the Prospectus Directive in relation to such offer. Neither we nor the underwriters have authorized, nor do they authorize, the making of any offer of senior notes in circumstances in which an obligation arises for us or the underwriters to publish a prospectus for such offer.

For purposes of this provision, the expression an "offer of senior notes to the public" in any member state means the communication in any form and by any means of sufficient information on the terms of the offer and the senior notes to be offered so as to enable an investor to decide to purchase or subscribe for the senior notes, as the expression may be varied in that member state by any measure implementing the Prospectus Directive in that member state, and the expression "Prospectus Directive" means Directive 2003/71/EC (as amended, including by Directive 2010/73/EU) and includes any relevant implementing measure in each member state.

We have not authorized and do not authorize the making of any offer of senior notes through any financial intermediary on our behalf, other than offers made by the underwriters with a view to the final placement of the senior notes as contemplated in this prospectus supplement. Accordingly, no purchaser of the senior notes, other than the underwriters, is authorized to make any further offer of the senior notes on behalf of the sellers or the underwriters.

THE COMPANY

We are the world's second largest cruise company. We own Royal Caribbean International, Celebrity Cruises, Pullmantur, Azamara Club Cruises, CDF Croisières de France and a 50% joint venture interest in TUI Cruises. Together, these six brands operate a combined 43 ships in the cruise vacation industry with an aggregate capacity of approximately 105,750 berths as of December 31, 2014.

Our ships operate on a selection of worldwide itineraries that call on approximately 480 destinations on all seven continents. In addition to our headquarters in Miami, Florida, we have offices and a network of international representatives around the world which primarily focus on our global guest sourcing.

We compete principally on the basis of exceptional service provided by our crew, innovation and quality of ships, variety of itineraries, choice of destinations and price. We believe that our commitment to build state-of-the-art ships and to invest in the maintenance

and upgrade of our fleet to, among other things, incorporate our latest signature innovations, allows us to continue to attract new and loyal repeat guests.

We believe cruising continues to be a widely accepted vacation choice due to its inherent value, extensive itineraries and variety of shipboard and shoreside activities. In addition, we believe that our products appeal to a large consumer base and are not dependent on a single market or demographic.

Royal Caribbean International was founded in 1968. The current parent corporation, Royal Caribbean Cruises Ltd., was incorporated on July 23, 1985 in the Republic of Liberia under the Business Corporation Act of Liberia (the "Business Corporation Act"). This prospectus provides you with a general description of the securities we and/or the selling shareholders may offer. If required by applicable law, each time we or one or more selling shareholders sell securities under this prospectus, we will provide a prospectus supplement that will contain specific information about the terms of that offering. We may also add, update or change in a prospectus supplement any information contained in this prospectus. To the extent any statement made in a prospectus supplement or a document incorporated by reference herein after the date hereof is inconsistent with the statements made in this prospectus, the statements made in this prospectus will be deemed modified or superseded by those made in the prospectus supplement or the incorporated document. You should read both this prospectus and any prospectus supplement together with additional information incorporated herein and therein described under the heading "Where You Can Find More Information" before you make any investment decision.

ENFORCEABILITY OF CIVIL LIABILITIES

We are a Liberian corporation. Certain of our directors and controlling persons are residents of jurisdictions other than the United States, and all or a substantial portion of their assets and a significant portion of our assets are located outside the United States. As a result, it may be difficult for investors to serve process within the United States upon us or

those persons or to enforce against us or them judgments obtained in United States courts based upon civil liability provisions of the federal securities laws of the United States. We have been advised by the law firm of Watson Farley & Williams LLP (as to Liberian law), that, both in original actions and in actions for the enforcement of judgments of United States courts, there is doubt as to whether civil liabilities based solely upon the United States federal securities laws are enforceable in Liberia.

WHERE YOU CAN FIND MORE INFORMATION

We file annual, quarterly and current reports, proxy statements and other information with the SEC. You may read and copy any document that we file at the Public Reference Room of the SEC at 100 F Street, N.E., Washington, D.C. 20549. You may obtain information on the operation of the Public Reference Room by calling the SEC at 1-800-SEC-0330. In addition, the SEC maintains an Internet site at www.sec.gov, from which interested persons can electronically access our SEC filings, including the registration statement and the exhibits and schedules thereto.

The SEC allows us to "incorporate by reference" the information that we file with them. This allows us to disclose important information to you by referring to those filed documents. Any information referred to in this way is considered part of this prospectus, and any information that we file with the SEC after the date of this prospectus will automatically update and supersede this information.

We are incorporating by reference the documents listed below, and all documents that we file after the date of this prospectus with the SEC pursuant to Section 13(a), 13(c), 14 or 15(d) of the Securities Exchange Act of 1934 prior to the termination of the offering of securities covered by this prospectus:

Our Annual Report on Form 10-K for the year ended December 31, 2014;

Our Current Report on Form 8-K filed with the SEC on February 5, 2015; and

The description of our Common Stock set forth under the caption "Description of Registrant's Securities to be Registered" in the Company's Registration Statement on Form 8-A filed with the Commission on April 15, 1993.

Unless we specifically state otherwise, none of the information furnished under Item 2.02 or Item 7.01 in our Current Reports on Form 8-K is, or will be, incorporated by reference in this prospectus.

We will provide to each person, including any beneficial owner, to whom a prospectus has been delivered, free of charge, upon oral or written request copies of any documents that we have incorporated by reference into this prospectus. You can obtain copies through our Investor Relations website at www.rclinvestor.com or by contacting our Investor Relations department at 1050 Caribbean Way, Miami, Florida 33132; telephone (305) 982-2625.

RISK FACTORS

Investment in our securities involves a high degree of risk. You should consider carefully the risks and uncertainties described under the heading "Risk Factors" in any applicable prospectus supplement and under the caption "Risk Factors" in any of our filings with the SEC pursuant to Sections 13(a), 13(c), 14 or 15(d) of the Exchange Act, which are incorporated herein by reference, before you decide whether to purchase any of our securities. These risks could materially adversely affect our business, financial condition, results of operations and cash flows, and you may lose part or all of your investment. For more information, see the section of this prospectus titled "Where You Can Find More Information."

USE OF PROCEEDS

Unless we specify otherwise in an accompanying prospectus supplement, we will use the net proceeds from the sale of the securities offered by this prospectus for capital expenditures, the repayment of indebtedness, working capital and other general corporate purposes.

We will not receive any of the proceeds of any sales of common stock by the selling shareholders.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth the ratio of earnings to fixed charges for each of the periods presented. In calculating this ratio, we take earnings to consist of net income, excluding taxes and income (loss) from equity investees, net of distributions, plus fixed charges and excluding capitalized interest. Fixed charges include gross interest expense, capitalized interest, amortization of deferred financing expenses and an amount equivalent to interest included in rental charges. We have included actual interest charges for the *Brilliance of the Seas* operating lease and, for all other rentals, we have assumed that one-third of rental expense is representative of the interest factor.

DESCRIPTION OF CAPITAL STOCK

General

Our authorized capital stock consists of 500,000,000 shares of common stock, par value \$.01 per share, and 20,000,000 shares of preferred stock, par value \$.01 per share. The following summary description of the terms of our capital stock is not complete and is qualified by reference to our Articles of Incorporation, as amended to date, and By-Laws, which are incorporated by reference as exhibits to the registration statement of which this prospectus is part, and the certificate of designations which we will file with the SEC at the time of any offering of our preferred stock.

Common Stock

General

Our directors generally have the power to cause shares of any authorized class of our common stock to be issued for any corporate purpose.

Holders of our common stock are entitled to one vote per share on all matters submitted to our shareholders, and unless the Business Corporation Act otherwise provides, the presence in person or by proxy of the holders of a majority of all of our outstanding common stock at any meeting of shareholders will constitute a quorum for the transaction of business at that meeting. We cannot subject the holders of our common stock to further calls or assessments. Under our Articles of Incorporation, holders of our common stock will have no preemptive, subscription or conversion rights.

Neither Liberian law nor our Articles of Incorporation nor any of our other organizational documents limit the right of persons who are not citizens or residents of Liberia to hold or vote our common stock. However, in May 2000, our Articles of Incorporation were amended to prohibit any person, other than our two existing largest shareholders or their transferees, from owning, as determined for purposes of Section 883(c)(3) of the United States Internal Revenue Code of 1986 as amended, and the regulations promulgated thereunder, shares that give such person in the aggregate more than 4.9% of the relevant class or classes of our common stock, unless such person is given an exemption by us.

Dividends

Holders of our common stock have an equal right to receive dividends when declared by our board of directors out of funds legally available for the distribution of dividends.

Sales of Assets, Liquidation and Mergers

Under the Business Corporation Act, the holders of 66% of the outstanding shares of our common stock need to approve the sale of all or substantially all of our assets and any decisions by us to liquidate or dissolve. However, holders of only one-half of the outstanding shares of our common stock may elect to institute judicial dissolution proceedings on our behalf under the Business Corporation Act. In the event of our liquidation or dissolution, the holders of our common stock will be entitled to share pro rata in the net assets available for distribution to them, after we have paid amounts owed to all creditors and we have paid holders of our outstanding preferred stock the liquidation preferences they are entitled to.

Under the Business Corporation Act, the holders of a majority of the outstanding shares of our common stock need to approve a merger or consolidation involving us (other than a merger or consolidation with any of our subsidiaries of which we own at least 90%).

Call of Meetings

Our By-Laws provide that special meetings of our shareholders can be called at any time by either our board of directors, the Chief Executive Officer or by our shareholders holding at least 50% of our outstanding common stock. In addition, our shareholders holding 10% of our shares or more may call for meetings of shareholders if there has been a failure to hold an annual meeting.

Election of Directors

Our directors are elected, at either any annual meeting or any special meeting, by a majority of the votes cast by shareholders entitled to vote, and cumulative voting is not permitted. Vacancies on our board of directors are filled by the vote of a majority of the remaining board members for the unexpired term. Commencing with the 2014 Annual Meeting of Shareholders, directors are elected for one-year terms.

Amendments to Our Articles of Incorporation and By-Laws

Any amendment to our Articles of Incorporation or any shareholder proposal to amend our By-Laws generally requires the authorization by affirmative vote of the holders of not less than two-thirds of all outstanding shares entitled to vote. This requirement does not apply to: (1) an amendment to change our registered agent or registered address; (2) an amendment to change the authorized number of shares of stock; or (3) an amendment for establishing and designating the shares of any class or of any series of any class. In the first two cases, our Articles of Incorporation can be amended by the affirmative vote of the holders of a majority of all of our outstanding shares entitled to vote. In the third case, our board of directors has the power to establish and designate new classes of preferred stock. In addition, our board of directors has the power to adopt, amend or repeal our By-Laws.

Dissenters' Rights of Appraisal and Payment

Under Liberian law, our shareholders have the right to dissent from various corporate actions, including any merger or sale of all or substantially all of our assets not made in the usual course of our business, and have the right to receive payment of the fair value of their shares. If we amend our Articles of Incorporation in a way that alters certain rights of any of our shareholders, those shareholders have the right to dissent and receive payment for their shares. The dissenting shareholders may not receive that payment unless they follow the procedures set forth in the Business Corporation Act. Those procedures require that if we cannot agree with our dissenting shareholders on a price for the shares, we shall institute a special proceeding in the circuit court in the judicial circuit in Liberia in which our Liberian office is located; but in the case of a merger, consolidation, re-domiciliation or reregistration where the offering entity is a foreign entity without an office in Liberia, proceedings shall be brought in the country where the office of the Liberian corporation, whose shares are to be valued, was located. The value of the shares of any dissenting shareholder is fixed by the court after reference, if the court so elects, to the recommendations of a court-appointed appraiser.

Shareholders' Actions

Under Liberian law, any of our shareholders may bring an action in our name to procure a judgment in our favor, provided that shareholder is a holder of our common stock at the time of bringing the action and that he was such a holder at the time of the transaction of which he complains, or that his shares or his interest therein devolved upon him by operation of law.

Limitations Under Indebtedness

Agreements governing certain of our indebtedness contain covenants that impose restrictions (subject to some exceptions) on us and our subsidiaries' ability to take certain corporate actions.

Transfer Agent and Registrar

The transfer agent and registrar for our common stock is American Stock Transfer & Trust Company.

Preferred Stock

The material terms of any series of preferred stock that we offer through a prospectus supplement will be described in that prospectus supplement. Our board of directors is authorized to provide for the issuance of preferred stock in one or more series with designations as may be stated in the resolution or resolutions providing for the issue of such preferred stock. At the time that any series of our preferred stock is authorized, our board of directors will fix the dividend rights, any conversion rights, any voting rights, redemption provisions, liquidation preferences and any other rights, preferences, privileges and restrictions of that series, as well as the number of shares constituting that series and their designation. Our board of directors could, without shareholder approval, cause us to issue preferred stock which has voting, conversion and other rights that could adversely affect the holders of our common stock or make it more difficult to effect a change in control. Our preferred stock could be used to dilute the stock ownership of persons seeking to obtain control of us and thereby hinder a possible takeover attempt which, if our shareholders were offered a premium over the market value of their shares, might be viewed as being beneficial to our shareholders. In addition, our preferred stock could be issued with voting, conversion and other rights and preferences which would adversely affect the voting power and other rights of holders of our common stock.

Liability of Directors and Officers

Our Articles of Incorporation and By-Laws contain provisions which eliminate the personal liability of our directors and officers for monetary damages resulting from breaches of their fiduciary duties other than liability for:

breaches of the duty of loyalty;

acts or omissions not in good faith;

acts or omissions which involve intentional misconduct or a knowing violation of law; or

any transactions in which the director derived an improper personal benefit.

We believe that these provisions are necessary to attract and retain qualified persons as our directors and officers.

DESCRIPTION OF DEBT SECURITIES

The following summarizes some of the general terms and conditions of the debt securities that we may issue under this prospectus. Each time we issue debt securities under this prospectus, we will file a prospectus supplement with the SEC. The prospectus supplement may contain additional terms of those debt securities. The terms presented here, together with the terms contained in the prospectus supplement, will be a description of the material terms of the debt securities, but if there is any inconsistency between the terms presented here and those in the prospectus supplement, those in the prospectus supplement will apply and will replace those presented here.

We will issue the debt securities under an indenture dated as of July 31, 2006 between us and The Bank of New York Trust Company, N.A., as trustee. We will issue each series of debt securities under the terms of a supplemental indenture or an officers' certificate delivered under the authority of resolutions adopted by our board of directors and the indenture. The terms of any debt securities will include those stated in the indenture and those made part of the indenture by reference to the Trust Indenture Act of 1939. The debt securities will be subject to all those terms, and we refer the holders of debt securities to the indenture, which was filed as an exhibit to our Registration Statement on Form S-3, file no. 333-158161, and is incorporated by reference into the Registration Statement of which this prospectus is a part, and the Trust Indenture Act for a statement of those terms.

The following summaries of various provisions of the indenture and the debt securities are not complete. Unless we indicate otherwise, capitalized terms have the meanings given to them in the indenture. All section references below are to sections of the indenture.

General

The debt securities will be unsecured senior obligations and will rank equally with all of our other unsecured and unsubordinated debt. The indenture does not limit the aggregate principal amount of debt securities that we may issue, and we may issue debt securities periodically in series. In addition, the indenture does not limit the ability of our subsidiaries to incur debt other than secured debt. Any debt incurred by our subsidiaries ranks structurally senior to any debt incurred by us with respect to the assets of the subsidiary borrower (unless that subsidiary issues a subsidiary guarantee). We do not have to issue all the debt securities of one series at the same time and, unless we otherwise specify in a prospectus supplement, we may reopen a series to issue more debt securities of that series without the consent of any holder of debt securities, including the holder of such series. (Sections 301 and 303) The indenture provides that more than one trustee may be appointed under the indenture to act on behalf of the holders of the different series of debt securities.

Edgar Filing: ROYAL CARIBBEAN CRUISES LTD - Form 424B5

any other terms of those debt securities. (Section 301).

Edgar Filing: ROYAL CARIBBEAN CRUISES LTD - Form 424B5

The debt securities may provide that less than their entire principal amount will be payable upon acceleration of their maturity ("original issue discount securities"). We will describe any special United States federal income tax, accounting and other considerations that apply to original issue discount securities in the applicable prospectus supplement.

Denominations, Interest, Registration and Transfer

Unless we indicate otherwise in the applicable prospectus supplement, we will issue the debt securities of any series in denominations of \$1,000 and integral multiples of \$1,000. (Section 302)

Unless we otherwise specify in the applicable prospectus supplement, we will pay the principal of and any premium and interest on any series of debt securities at the corporate trust office of the trustee, currently located at 10161 Centurion Parkway, Jacksonville, FL 32256. However, we may pay interest by check mailed to the address in the security register of the person entitled to that interest or by wire transfer of funds to that person's United States bank account. (Sections 307 and 1002)

Any interest on a debt security that we do not punctually pay or provide for on an interest payment date will after that date not be payable to the holder on the related regular record date. Instead, that interest may either be paid to the person in whose name that debt security is registered at the close of business on a special record date designated by the trustee or be paid at any time in any other lawful manner as described in the indenture. If the trustee establishes a special record date, it will notify the holder of that date not less than 10 days prior to that date. (Section 307)

Subject to some limitations imposed on debt securities issued in book-entry form, a holder may exchange debt securities of any series for other debt securities of that series as long as the newly issued debt securities are issued in the same aggregate principal amount as the debt securities being exchanged and in an authorized denomination. The holder must surrender the debt securities to be exchanged at the corporate trust office of the trustee. In addition, subject to some limitations imposed on debt securities issued in book-entry form, a holder may surrender for conversion, if convertible, or register for transfer the debt securities of any series at the corporate trust office of the trustee. Every debt security surrendered for conversion or registration of transfer or exchange must be endorsed or accompanied by a written instrument of transfer. We will not impose a service charge for any registration of transfer or exchange of any debt securities, but we may require payment of an amount that will cover any tax or other governmental charge payable as a result of the transfer or exchange. (Section 305) If we designate a transfer agent for any series of debt securities, we may rescind that designation at any time. We may also approve a new location for that transfer agent to act, provided that we maintain a transfer agent in each place of payment for that series of debt securities. We may at any time designate additional transfer agents for any series of debt securities. (Section 1002)

Edgar Filing: ROYAL CARIBBEAN CRUISES LTD - Form 424B5

In the event of any redemption of any series of debt securities in part, neither we nor the trustee will be required to:

issue, register the transfer of or exchange debt securities of that series during the period beginning at the opening of business 15 days before the mailing of the redemption notice for those debt securities and ending at the close of business on the mailing date of the redemption notice; or

register the transfer of or exchange any debt security or any portion of a debt security called for redemption, except the unredeemed portion of any debt security being redeemed in part. (Section 305).

Covenants

We will describe any particular covenants relating to a series of debt securities in the prospectus supplement relating to that series. The "covenant defeasance" provisions described below will apply to those covenants unless we provide otherwise in a prospectus supplement related to a particular series of debt securities.

Restrictions on Consolidation, Merger and Certain Sales of Assets

Without the consent of the holders, we may consolidate with or merge with or into, or convey, transfer or lease our properties and assets substantially as an entirety to, any person and may permit any person to merge with or into, or convey, transfer or lease its properties and assets substantially as an entirety to us if:

immediately after giving effect to that transaction, and treating any indebtedness that becomes our obligation as a result of the transaction as having been incurred by us at the time of the transaction, no event of default and no event which after notice or lapse of time or both would become an event of default shall have occurred and be continuing; and

the successor person assumes all our obligations under the indenture; *provided* that the successor person is a corporation, trust or partnership organized under the laws of the United States, any state of the United States, the District of Columbia, the Republic of Liberia or any country recognized by the United States. (Section 801).

Events of Default

Except as we may otherwise provide in a prospectus supplement for any particular series of debt securities, the following events are "events of default" for any series of debt securities:

our failure to pay interest or any additional amounts on those debt securities for 30 days after that interest or those additional amounts become due;

our failure to pay the principal or any premium on those debt securities when due at maturity;

our failure to deposit any sinking fund payment for those debt securities when due;

our failure to perform any other covenants in the indenture for 60 days after written notice has been given as provided in the indenture;

our failure to pay when due any payment on, or the acceleration of, any of our indebtedness for money borrowed that exceeds \$50 million in the aggregate under any mortgages, indentures (including the indenture for the debt securities) or instruments under which we may have issued, or which there may have been secured or evidenced, any of our indebtedness for money borrowed, if that indebtedness is not discharged or the acceleration is not annulled within 30 days after written notice has been given as provided in the indenture;

the occurrence of certain events of bankruptcy, insolvency or reorganization; or

the occurrence of any other event of default that we provide for debt securities of that series. (Section 501).

If an event of default affecting any series of debt securities occurs and continues, either the trustee or the holders of at least 25% of the aggregate principal amount of the debt securities of that series then outstanding may declare the principal amount (or, if the debt securities of that series are original issue discount securities or indexed securities, the portion of the principal amount specified in the terms of that series) of all of the debt securities of that series to be immediately due and payable. At any time after a declaration of acceleration affecting debt securities of any series has been made, but before a judgment or decree based on acceleration has been obtained, the holders of a majority in principal amount of the debt securities outstanding of that series may, under limited circumstances, rescind and annul that acceleration. (Section 502)

The indenture requires that we file annually with the trustee a certificate of our principal executive, financial or accounting officer as to his or her knowledge of our compliance with all conditions and covenants of the indenture. (Section 1005)

We refer you to the prospectus supplement relating to each series of debt securities that are original issue discount securities for the particular provisions regarding acceleration of the maturity of a portion of the principal amount of those original issue discount securities if an event of default occurs and continues.

Subject to the provisions of the indenture relating to the trustee's duties, if an event of default occurs and continues, the indenture provides that the trustee is not required to exercise any of its rights or powers under the indenture at the request, order or direction of holders unless those holders have offered to the trustee reasonable indemnity. (Section 603) Subject to those provisions regarding indemnification and rights of the trustee, the indenture provides that the holders of a majority in principal amount of the debt securities then outstanding have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee. (Section 512)

Defeasance and Satisfaction and Discharge

The obligations that we have under the indenture will not apply to the debt securities of a series (except for our obligations to register any transfer or exchange of those debt securities and provide for additional amounts) when all those debt securities:

have been delivered to the trustee for cancellation;

have become due and payable; or

will upon their stated maturity or redemption within one year become due and payable,

and we have irrevocably deposited with the trustee as trust funds for that purpose an amount sufficient to pay and discharge the entire indebtedness on those debt securities. (Section 401)

The prospectus supplement relating to the debt securities of any series will state if any additional defeasance provisions will apply to those debt securities.

Defeasance and Discharge

The indenture allows us to elect to defease and be discharged from all of our obligations with respect to any series of debt securities then outstanding (except for those obligations to pay additional amounts, register the transfer or exchange of the debt securities, replace stolen, lost or mutilated debt securities, maintain paying agencies and hold moneys for payment in trust) provided the following conditions have been satisfied:

We have deposited in trust with the trustee (a) funds in the currency in which the debt securities are payable, or (b) if the debt securities are denominated in United States dollars, (A) United States Government Obligations or (B) a combination of United States dollars and United States Government Obligations in each case, in an amount sufficient to pay and discharge the principal, interest, premium and any mandatory sinking fund payments on the outstanding debt securities of the series; and

We have delivered to the trustee an opinion of counsel that states that the discharge will not be considered, or result in, a taxable event to the holders of the debt securities of the series. (Section 403).

Defeasance of Certain Covenants

The indenture states that if the debt securities of a series so provide, we need not comply with some restrictive covenants applicable to those debt securities (except for our obligation to pay additional amounts) and that our failure to comply with those covenants will not be considered events of default under the indenture and those debt securities if the following conditions have been satisfied:

We have deposited in trust with the trustee (a) funds in the currency in which the debt securities are payable, or (b) if those debt securities are denominated in United

Edgar Filing: ROYAL CARIBBEAN CRUISES LTD - Form 424B5

States dollars, (A) United States Government Obligations or (B) a combination of United States dollars and United States Government Obligations in each case, in an amount sufficient to pay and discharge the principal, interest, premium and any mandatory sinking fund payments on the outstanding debt securities of the series; and

We have delivered to the trustee an opinion of counsel that states that the discharge will not be considered, or result in, a taxable event to the holders of the debt securities of the series. (Section 1004).

Modification of the Indenture

We and the trustee may modify or amend the indenture if we obtain the consent of the holders of a majority in aggregate principal amount of the outstanding debt securities of each series affected by the modification or amendment. However, the indenture may not be modified or amended to:

change the stated maturity of the principal of, or any installment of principal of or any interest on, any debt security;

reduce the principal amount of any debt security;

reduce the rate of interest on any debt security;

reduce any additional amounts payable on any debt security;

reduce any premium payable upon the redemption of any debt security;

reduce the amount of the principal of an original issue discount security that would be due and payable upon a declaration of acceleration of its maturity under the terms of the indenture;

change any place of payment where, or the currency in which any debt security or any premium or interest on that debt security is payable;

impair the right to institute suit for the enforcement of any payment of principal of or premium or any interest on any debt security on or after its stated maturity, or, in the case of redemption, on or after the redemption date;

reduce the percentage in principal amount of the outstanding debt securities of any series, the consent of whose holders is required for the supplemental indenture;

reduce the percentage in principal amount of the outstanding debt securities of any series, the consent of whose holders is required for any waiver of compliance with certain provisions of the indenture or certain defaults under the indenture and their consequences; or

Edgar Filing: ROYAL CARIBBEAN CRUISES LTD - Form 424B5

modify any of the provisions relating to supplemental indentures, waiver of past defaults or waiver of certain covenants, except to increase the percentage in principal amount of the outstanding debt securities of a series required for the consent of holders to approve a supplemental indenture or a waiver of a past default or compliance with certain covenants or to provide that certain other provisions of the indenture cannot be modified or waived without the consent of the holder of each outstanding debt security that would be affected by such a modification or waiver,

without the consent of the holders of each of the debt securities affected by that modification or amendment. (Section 902)

We and the trustee may amend the indenture without notice to or the consent of any holder of debt securities for any of the following purposes:

to evidence that another person is our successor and that that person has assumed our covenants in the indenture and in the debt securities as obligor;

to add to our covenants for the benefit of the holders of all or any series of debt securities;

to surrender any right or power conferred upon us in the indenture;

to add additional events of default;

to add or change any provisions of the indenture to the extent necessary to permit or facilitate issuing debt securities in bearer form, whether registrable or not as to principal, and with or without interest coupons;

to permit or facilitate the issuance of debt securities in uncertificated form;

to add to, change or eliminate any of the provisions of the indenture affecting one or more series of debt securities, provided that the addition, change or elimination

- shall not (X) apply to debt securities of any series created before the execution of the supplemental indenture and entitled to the benefit of that provision or (Y) modify the rights of any holder of those outstanding debt securities with respect to such provision or
- shall become effective only when there are no such debt securities of that series outstanding;

to establish the form or terms of debt securities of any series as permitted by the indenture, including any provisions and procedures relating to debt securities convertible into our common stock or preferred stock;

to evidence and provide for the acceptance of appointment of a successor trustee for the debt securities of one or more series and to add to or change any of the provisions

Edgar Filing: ROYAL CARIBBEAN CRUISES LTD - Form 424B5

of the indenture necessary to provide for or facilitate the administration of the trusts under the indenture by more than one trustee;

to secure the debt securities;

to supplement any of the provisions of the indenture to the extent necessary to permit or facilitate the defeasance and discharge of any series of debt securities under the indenture if doing so does not adversely affect the interests of the holders of debt securities of that series or any other series in any material respect;

to cure any ambiguity, to correct or supplement any provision in the indenture which may be inconsistent with any other provision in the indenture if doing so does not adversely affect the interests of the holders of debt securities of that series or any other series in any material respect; or

to make any other provisions regarding matters or questions arising under the indenture if doing so does not adversely affect the interests of the holders of debt securities of that series or any other series in any material respect. (Section 901).

Conversion Rights

We will describe any terms and conditions upon which the debt securities are convertible into our common stock or preferred stock in the applicable prospectus supplement. Those terms will include:

whether those debt securities are convertible into our common stock or preferred stock;

the conversion price or manner of calculating the conversion price;

the conversion period;

provisions as to whether conversion will be at our option or the option of the holders;

the events requiring an adjustment of the conversion price; and

provisions affecting conversion in the event of the redemption of those debt securities. (Section 301).

Book-Entry Debt Securities

We may issue the debt securities of a series, in whole or in part, in the form of one or more global securities that will be deposited with, or on behalf of, a depository. We will identify the depository in the applicable prospectus supplement relating to that series. If we issue one or more global securities, we will issue them in a denomination or aggregate denominations equal to the portion of the aggregate principal amount of the outstanding debt securities of the series to be represented by that global security or those global securities. We may issue global securities in either registered or bearer form and in either temporary or

permanent form. We will describe the specific terms of the depositary arrangement for a series of debt securities in the applicable prospectus supplement relating to that series. (Sections 301, 304 and 305)

Tax Related Considerations

Payment of Additional Amounts

Any amounts that we pay with respect to any series of debt securities will be paid without deduction or withholding for any and all present or future tax, duty, levy, impost, assessment or other governmental charges imposed or levied by or on behalf of the Liberian government or the government of the jurisdiction of our successor or any authority or agency in that government having power to tax ("Taxes"), unless we are required to withhold or deduct Taxes by law or by the interpretation or administration of that law. If we are so required to deduct or withhold any amount for Taxes from any payment made with respect to any series of debt securities, we will pay any "additional amounts" necessary so that the net payment received by each holder, including additional amounts, after the withholding or deduction, will not be less than the amount the holder would have received if those Taxes had not been withheld or deducted. However, we will pay no additional amounts with respect to a payment made to a holder which is subject to those Taxes because that holder is subject to the jurisdiction of the government of our jurisdiction of organization or any territory of that jurisdiction other than by merely holding the debt securities or receiving payments under the debt securities (an "excluded holder"). We will also pay no additional amounts with respect to a payment made to a holder, if we would not be required to withhold or deduct any amount for Taxes from any payment made to that holder, if that holder filed a form with the relevant government with no other consequence to that holder. We will also deduct or withhold and remit the full amount deducted or withheld to the relevant authority according to applicable law. We will furnish the holders, within 30 days after the date the payment of any Taxes is due under applicable law, certified copies of tax receipts evidencing our payment. We will indemnify and hold harmless each holder and upon written request reimburse each holder for the amount of any:

Taxes levied or imposed on and paid by that holder as a result of payments with respect to the debt securities (other than for an excluded holder);

liability, including penalties, interest and expense, arising from those Taxes; and

Taxes imposed as a result of any reimbursement we make under this covenant. (Section 1007).

Redemption or Assumption of Debt Securities under Certain Circumstances

If we determine, based upon an opinion of counsel, that we would be required to pay an additional amount, because of any change in or amendment to:

the laws and related regulations of Liberia or any political subdivision or taxing authority of Liberia; or

the laws and related regulations of any jurisdiction in which we are organized or any political subdivision or taxing authority of that jurisdiction; or

any official position regarding the application or interpretation of the above laws or regulations,

which is announced or becomes effective after the date of the indenture, then we may, at our option, on giving not less than 30 days' nor more than 60 days' notice, redeem the debt securities in whole, but not in part, at any time at a redemption price equal to 100% of the principal amount of the debt securities plus accrued interest to the redemption date or, in the case of securities issued at a discount, at a redemption price equal to the offering price plus accrued original issue discount to the redemption date. Any notice of redemption we give will be irrevocable, and we may not give any notice of redemption more than 90 days before the earliest date on which we would be obligated to pay additional amounts. At the time we give notice of redemption, the obligation to pay additional amounts remains in effect. (Section 1108).

Edgar Filing: ROYAL CARIBBEAN CRUISES LTD - Form 424B5

through a block trade in which the broker or dealer engaged to handle the block trade will attempt to sell the shares as agent, but may position and resell a portion of the block as principal to facilitate the transaction;

directly to one or more purchasers, including through a specific bidding, auction or other process;

through a combination of any of these methods of sale; or

any other method permitted by applicable law.

The common stock may be sold in one or more transactions at:

fixed prices;

prevailing market prices at the time of sale;

prices related to the prevailing market prices;

varying prices determined at the time of sale; or

negotiated prices.

These sales may be effected in transactions:

on any national securities exchange or quotation service on which our common stock may be listed or quoted at the time of sale, including the New York Stock Exchange;

in the over-the-counter market;

otherwise than on such exchanges or services or in the over-the-counter market;

through the writing of options, whether the options are listed on an options exchange or otherwise (including the issuance by the selling shareholders of derivative securities);

through the settlement of short sales; or

through a combination of the foregoing.

These transactions may include block transactions or crosses. Crosses are transactions in which the same broker acts as agent on both sides of the trade.

If required by applicable law, we will describe in a prospectus supplement the particular terms of the offering of the securities, including the following:

the names of any agents, underwriters, brokers or dealers;

the purchase price of the securities and the net proceeds from the sale;

any underwriting discounts and other items constituting underwriters' compensation;

any public offering price and any discounts or concessions allowed or reallocated or paid to dealers;

any securities exchanges on which the shares of common stock may be listed; and

any other information we think is material.

In addition, any selling shareholder may sell securities covered by this prospectus in private transactions or under Rule 144 of the Securities Act rather than pursuant to this prospectus.

We and the selling shareholders may sell securities from time to time through agents. We will name any agent involved in the offer or sale of such securities and will list commissions payable to these agents in a prospectus supplement, if required. These agents will be acting on a best efforts basis to solicit purchases for the period of their appointment, unless we state otherwise in any required prospectus supplement.

In connection with the sale of securities covered by this prospectus, broker-dealers may receive commissions or other compensation from us or the selling shareholders in the form of commissions, discounts or concessions. Broker-dealers may also receive compensation from purchasers of the securities for whom they act as agents or to whom they sell as principals or both. Compensation as to a particular broker-dealer may be in excess of customary commissions or in amounts to be negotiated. In connection with any underwritten offering, underwriters may receive compensation in the form of discounts, concessions or commissions from us, a selling shareholder or from purchasers of the securities for whom they act as agents. Underwriters may sell the securities to or through dealers, and such dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from the purchasers for whom they may act as agents. Any underwriters, broker-dealers, agents or other persons acting on our behalf or on behalf of any selling shareholders that participate in a distribution of securities may be deemed to be "underwriters" within the meaning of the Securities Act, and any profit on the sale of the securities by them and any discounts, commissions or concessions received by any of those underwriters, broker-dealers, agents or other persons may be deemed to be underwriting discounts and commissions under the Securities Act.

The aggregate amount of compensation in the form of underwriting discounts, concessions or fees and any profit on the resale of shares by the selling shareholders that may be deemed to be underwriting compensation pursuant to Financial Industry Regulatory, Inc. Rule 5110 will not exceed 8% of the gross proceeds of the offering to the selling shareholders.

In connection with the distribution of the common stock covered by this prospectus or otherwise, the selling shareholders may enter into hedging transactions with broker-dealers or other financial institutions. In connection with such transactions, broker-dealers or other financial institutions may engage in short sales of our securities in the course of hedging the positions they assume with a selling shareholder. A selling shareholder may also sell shares of common stock short and deliver the shares of common stock offered by this prospectus to close out short positions. A selling shareholder may also enter into options or other

transactions with broker-dealers or other financial institutions that require the delivery to such broker-dealer or other financial institution of shares of common stock offered by this prospectus, which shares such broker-dealer or other financial institution may resell pursuant to this prospectus, as supplemented or amended to reflect such transaction. A selling shareholder may also from time to time pledge our securities pursuant to the margin provisions of customer agreements with a broker or other agreements with lenders. Upon a default, the broker or lender may offer and sell such pledged shares from time to time pursuant to this prospectus, as supplemented or amended to reflect such transaction.

Underwriters, agents, brokers or dealers may be entitled, pursuant to relevant agreements entered into with us, to indemnification by us or a selling shareholder against certain civil liabilities, including liabilities under the Securities Act that may arise from any untrue statement or alleged untrue statement of a material fact, or any omission or alleged omission to state a material fact in this prospectus, any supplement or amendment hereto, or in the registration statement of which this prospectus forms a part, or to contribution with respect to payments which the underwriters, agents, brokers or dealers may be required to make.

The selling shareholders and any other person participating in such distribution will be subject to the applicable provisions of the Exchange Act and the rules and regulations thereunder, including, without limitation, Regulation M, which may limit the timing of purchases and sales of any of the shares by the selling shareholders and any other participating person. Regulation M may also restrict the ability of any person engaged in the distribution of the shares to engage in market-making activities with respect to the shares. All of the foregoing may affect the marketability of the shares and the ability of any person or entity to engage in market-making activities with respect to the shares.

There can be no assurance that any selling shareholder will sell any or all of the securities registered pursuant to the registration statement of which this prospectus is a part.
