At November 30, 2003, the Fund holds no securities that are subject to the federal alternative minimum tax (AMT).

1 Current credit ratings provided by Standard & Poor's, Moody's Investors Service and Fitch Ratings, respectively, are unaudited.

2 Denotes a restricted security which is subject to restrictions on resale under federal securities laws. At November 30, 2003, these securities amounted to \$2,488,631 which represents 1.8% of total market value. These securities have been deemed liquid based upon criteria approved by the Fund's Board of Trustees.

3 The cost of investments for federal tax purposes amounts to \$138,549,945.

Note: The categories of investments are shown as a percentage of total market value at November 30, 2003.

The following acronyms are used throughout this portfolio:

AMBAC --American Municipal Bond Assurance Corporation

EDA --Economic Development Authority

EDFA --Economic Development Finance Authority

FGIC --Financial Guaranty Insurance Company

At November 30, 2003, the Fund holds no securities that are subject to the federal alternative minimum tax (AMT).

1 Current credit ratings provided by Standard and Poor's, Moody's Investors Service and Fitch Ratings, respectively, are unaudited.

2 Denotes a restricted security which is subject to restrictions on resale under federal securities laws. These securities have been deemed liquid based upon criteria approved by the Fund's Board of Trustees. At November 30, 2003, these securities amounted to \$1,945,764 which represents 1.2% of total market value.

3 The cost of investments for federal tax purposes amounts to \$157,700,371.

Note: The categories of investments are shown as a percentage of total market value at November 30, 2003.

Notes to Financial Statements

November 30, 2003

1. ORGANIZATION

Federated Premier Municipal Income Fund and Federated Premier Intermediate Municipal Income Fund (individually referred to as the "Fund", or collectively as the "Funds") are registered under the Investment Company Act of 1940, as amended (the "Act"), as diversified, closed-end management investment companies.

Prior to commencing operations on December 20, 2002, Federated Premier Municipal Income Fund had no operations other than matters relating to its organization and registration and the sale and issuance of 6,981 common shares of beneficial interest ("common shares") to Federated Investment Management Company (the "Investment Adviser"). The Fund issued 5,850,000 shares of common stock in its initial public offering on December 20, 2002. These shares were issued at \$15.00 per share before underwriting discount of \$0.68 per share. Offering costs of \$175,500 (representing \$0.03 per share) were offset against proceeds of the offering and have been charged to paid-in capital. The Investment Adviser has paid all offering costs (other than underwriting discount) and organizational expenses regarding the common share offering which exceed \$0.03 per share of the Fund. An additional 250,000 common shares were issued on February 3, 2003 at \$15.00 per share. On February 13, 2003, the Fund issued 2,147 preferred shares at \$25,000 per share before underwriting discount of \$0.69 per share. Offering costs of \$726,739 (representing \$0.12 per share) were offset against proceeds of the offering and have been charged to paid-in capital.

Prior to commencing operations on December 20, 2002, Federated Premier Intermediate Municipal Income Fund had no operations other than matters relating to its organization and registration and the sale and issuance of 6,981 common shares to the Investment Adviser. The Fund issued 6,400,000 shares of common stock in its initial public offering on December 20, 2002. These shares were issued at \$15.00 per share before underwriting discount of \$0.68 per share. Offering costs of \$192,000 (representing \$0.03 per share) were offset against proceeds of the offering and have been charged to paid-in capital. The Investment Adviser has paid all offering costs (other than underwriting discount) and organizational expenses regarding the common share offering which exceeded \$0.03 per share of the Fund. An additional 540,000 shares were issued on February 3, 2003 at \$15.00 per share. On February 13, 2003, the Fund issued 2,441 preferred shares at \$25,000 per share before underwriting discount of \$0.70 per share. Offering costs of \$793,521 (representing \$0.12 per share) were offset against proceeds of the offering and have been charged to paid-in capital.

2. SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies consistently followed by the Funds in the preparation of their financial statements. These policies are in conformity with generally accepted accounting principles ("GAAP") in the United States of America.

Investment Valuation

Municipal bonds are valued by an independent pricing service, taking into consideration yield, liquidity, risk, credit quality, coupon, maturity, type of issue and any other factors or market data the pricing service deems relevant. Short-term securities are valued at the prices provided by an independent pricing service. However, short-term securities with remaining maturities of 60 days or less at the time of purchase may be valued at amortized cost, which approximates fair market value. Securities for which no quotations are readily available are valued at fair value as determined in good faith using methods approved by the Board of Trustees (the "Trustees").

Investment Income, Expenses and Distributions

Interest income and expenses are accrued daily. Distributions to common shareholders are recorded on the ex-dividend date. Distributions to preferred shareholders are recorded daily and paid weekly at a rate set through auction procedures. The dividend rate to preferred shareholders for Federated Premier Municipal Income Fund and

Federated Premier Intermediate Municipal Income Fund at November 30, 2003 was 1.06% and 1.11%, respectively. Non-cash dividends included in dividend income, if any, are recorded at fair value.

Premium and Discount Amortization

All premiums and discounts on fixed income securities are amortized/accreted for financial statement purposes.

Federal Taxes

It is the Funds' policy to comply with the Subchapter M provision of the Internal Revenue Code (the "Code") and to distribute to shareholders each year substantially all of their income. Accordingly, no provisions for federal tax are necessary.

When-Issued and Delayed Delivery Transactions

The Funds may engage in when-issued or delayed delivery transactions. The Funds record when-issued securities on the trade date and maintain security positions such that sufficient liquid assets will be available to make payment for the securities purchased. Securities purchased on a when-issued or delayed delivery basis are marked to market daily and begin earning interest on the settlement date. Losses may occur on these transactions due to changes in market conditions or the failure of counterparties to perform under the contract.

Restricted Securities

Restricted securities are securities that may only be resold upon registration under federal securities laws or in transactions exempt from such registration. In some cases, the issuer of restricted securities has agreed to register such securities for resale, at the issuer's expense either upon demand by the Funds or in connection with another registered offering of the securities. Many restricted securities may be resold in the secondary market in transactions exempt from registration. Such restricted securities may be determined to be liquid under criteria established by the Trustees. The Funds will not incur any registration costs upon such resale. The Funds' restricted securities are valued at the price provided by dealers in the secondary market or, if no market prices are available, at the fair value as determined in good faith by using methods approved by the Trustees.

Swap Contracts

The Funds may enter into swap contracts. A swap is an exchange of cash payments between a Fund and another party, which is based on a specific financial index. The value of the swap is adjusted daily and the change in value is recorded as unrealized appreciation or depreciation. When a swap contract is closed, the Fund recognizes a realized gain or loss. The swap contracts entered into by the Funds are on a forward settling basis. For the period ended November 30, 2003, the Funds had realized gains on swap contracts as follows:

Federated Premier Municipal Income Fund	\$ 256,000
<hr/>	
Federated Premier Intermediate Municipal Income Fund	\$ 357,000
<hr/>	

Risks may arise upon entering into these agreements from the potential inability of the counterparties to meet the terms of their contract and from unanticipated changes in the value of the financial index on which the swap agreement is based. The Funds use swaps for hedging purposes to reduce their exposure to interest rate fluctuations.

For the period ended November 30, 2003, the Funds had the following open swap contracts:

Federated Premier Municipal Income Fund

Expiration	Notional Principal Amount	Swap Contract Fixed Rate	Current Market Fixed Rate	Unrealized Depreciation
5/11/2014	\$26,000,000	4.145% Fixed	3.746%	\$ (532,218)
5/11/2034	\$13,000,000	4.720% Fixed	4.382%	(481,147)
TOTAL				\$(1,013,365)

Federated Premier Intermediate Municipal Income Fund

Expiration	Notional Principal Amount	Swap Contract Fixed Rate	Current Market Fixed Rate	Unrealized Depreciation
5/11/2014	\$35,000,000	4.145% Fixed	3.746%	\$(716,447)

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts of assets, liabilities, expenses and revenues reported in the financial statements. Actual results could differ from those estimated.

Other

Investment transactions are accounted for on a trade date basis.

3. SHARES OF BENEFICIAL INTEREST

The Declaration of Trust permits the Trustees to authorize an unlimited number of par value common shares (\$0.01 per share).

Transactions in common shares were as follows:

	Period Ended 11/30/2003	
Federated Premier Municipal Income Fund		
Shares sold	6,106,981	
Shares issued to shareholders in payment of distributions declared	2,690	
NET CHANGE RESULTING FROM SHARE TRANSACTIONS	6,109,671	

	Period Ended 11/30/2003	
Federated Premier Intermediate Municipal Income Fund		

Shares sold	6,946,981
-------------	-----------

NET CHANGE RESULTING FROM SHARE TRANSACTIONS	6,946,981
--	-----------

1 Reflects operations for the period from December 20, 2002 (date of initial public investment) to November 30, 2003.

4. FEDERAL TAX INFORMATION

The timing and character of income and capital gain distributions are determined in accordance with income tax regulations, which may differ from GAAP. These differences are due to differing treatments for discount accretion/premium amortization of debt securities.

For the period ended November 30, 2003, permanent differences identified and reclassified among the components of net assets were as follows:

	Undistributed Net Investment Income	Accumulated Net Realized Loss
Federated Premier Municipal Income Fund	\$ (53)	\$ 53
<hr/>		
Federated Premier Intermediate Municipal Income Fund	\$(167)	\$167

Net investment income, net realized gains (losses) as disclosed on the Statements of Operations and net assets were not affected by the reclassification.

The tax character of distributions as reported on the Statements of Changes in Net Assets for the period ended November 30, 2003, was as follows:

	Tax Exempt Income
Federated Premier Municipal Income Fund	\$ 5,539,680
<hr/>	
Federated Premier Intermediate Municipal Income Fund	\$ 4,914,288

As of November 30, 2003, the components of distributable earnings on a tax basis were as follows:

	Undistributed Tax Exempt Income	Net Unrealized Appreciation	Capital Loss Carryforward
Federated Premier Municipal Income Fund	\$910,663	\$2,182,424	\$207,100
<hr/>			
Federated Premier Intermediate Municipal Income Fund	\$901,964	\$2,920,274	\$ 57,890

The difference between book-basis and tax-basis unrealized appreciation/depreciation is attributable to differing treatments for discount accretion/premium amortization of debt securities.

At November 30, 2003, the following amounts apply for federal income tax purposes:

	Cost of Investments	Unrealized Appreciation	Unrealized Depreciation	Net Unrealized Appreciation
Federated Premier Municipal Income Fund	\$138,549,945	\$3,450,637	\$254,848	\$3,195,789
Federated Premier Intermediate Municipal Income Fund	\$157,700,371	\$3,889,735	\$253,014	\$3,636,721

At November 30, 2003, Federated Premier Municipal Income Fund and Federated Premier Intermediate Municipal Income Fund had capital loss carryforwards of \$207,100 and \$57,890, respectively, which will reduce the Funds' taxable income arising from future net realized gains on investments, if any, to the extent permitted by the Code and thus will reduce the amount of distributions to shareholders which would otherwise be necessary to relieve the Funds of any liability for federal tax. Pursuant to the Code, such capital loss carryforwards will expire in 2011.

5. INVESTMENT ADVISER FEE AND OTHER TRANSACTIONS WITH AFFILIATES

Investment Adviser Fee

The Funds have entered into an Investment Management Agreement (the "Agreement") with Federated Investment Management Company (the "Adviser") to serve as investment manager to the Funds. Pursuant to the Agreement, each Fund pays the Adviser an annual management fee, payable daily, at the annual rate of 0.55% of each Fund's managed assets.

In order to reduce fund expenses, the Adviser has contractually agreed to waive a portion of its investment adviser fee at the annual rate of 0.20% of the average daily value of each Fund's managed assets, not inclusive of any assets attributable to any preferred shares that may be issued, from the commencement of operations through December 31, 2007, and at a declining rate thereafter through December 31, 2010.

Administrative Fee

Federated Administrative Services ("FAS"), under the Administrative Services Agreement ("Agreement"), provides the Funds with administrative personnel and services. The fee paid to FAS is based on the average aggregate daily net assets of all Federated funds as specified below:

Maximum Administrative Fee	Average Aggregate Daily Net Assets of the Federated Funds
0.150%	on the first \$5 billion
0.125%	on the next \$5 billion
0.100%	on the next \$10 billion
0.075%	on assets in excess of \$20 billion

The administrative fee received during any fiscal year shall be at least \$150,000 per portfolio and \$40,000 per each additional class of Shares.

FAS may voluntarily choose to waive any portion of its fee. FAS can modify or terminate this voluntary waiver at any time at its sole discretion.

Prior to November 1, 2003, Federated Services Company ("FServ") provided the Funds with administrative personnel and services. The fee paid to FServ was based on the average aggregate daily net assets of all Federated funds as specified below.

Maximum Administrative Fee	Average Aggregate Daily Net Assets of the Federated Funds
0.150%	on the first \$250 million
0.125%	on the next \$250 million
0.100%	on the next \$250 million
0.075%	on assets in excess of \$750 million

The administrative fee received during any fiscal year was at least \$125,000 per portfolio and \$30,000 per each additional class of Shares.

For the period ended November 30, 2003 the fees paid to FAS and FServ by the Funds were as follows, after voluntary waiver, if applicable:

	FAS	FServ	Total
Federated Premier Municipal Income Fund	\$ 3,173	\$18,433	\$21,606
<hr/>			
Federated Premier Intermediate Municipal Income Fund	\$10,505	\$71,237	\$81,742

Portfolio Accounting Fees

FServ maintains the Funds' accounting records for which it receives a fee. The fee is based on the level of each Fund's average daily net assets for the period, plus-out-of-pocket expenses.

FServ may voluntarily choose to waive any portion of its fee. FServ can modify or terminate this voluntary waiver at any time at its sole discretion.

Organizational Expenses

Each Fund has agreed to pay organizational and offering expenses of up to \$0.03 per common share. The Adviser has agreed to pay organizational expenses and offering costs of each Fund that exceed \$0.03 per Common Share.

Interfund Transactions

During the year ended November 30, 2003, the Funds engaged in purchase and sale transactions with Funds that have a common investment adviser (or affiliated investment advisers), common Directors/Trustees and or common Officers. These purchase and sale transactions complied with Rule 17a-7 under the Act. and were as follows:

	Purchases	Sales
Federated Premier Municipal Income Fund	\$ 72,377,250	\$ 96,328,560

Federated Premier Intermediate Municipal Income Fund	\$ 88,185,510	\$ 103,209,245
--	---------------	----------------

General

Certain of the Officers and Trustees of the Funds are Officers and Directors or Trustees of the above companies.

6. PREFERRED SHARE OFFERING

On February 13, 2003, Federated Premier Municipal Income Fund and Federated Premier Intermediate Municipal Income Fund offered and currently have outstanding 2,147 and 2,441 Auction Market Preferred Shares ("AMPS"), respectively. The AMPS are redeemable at the option of the Funds at the redemption price of \$25,000 per share plus an amount equal to accumulated, but unpaid dividends thereon through the redemption date.

Whenever AMPS are outstanding, common shareholders will not be entitled to receive any distributions from the Funds unless all accrued dividends on preferred shares have been paid, the Funds satisfy the 200% asset coverage requirement, and certain other requirements imposed by any Nationally Recognized Statistical Ratings Organizations ("NRSROs") rating the preferred shares have been met. Should these requirements not be met, or should dividends accrued on the AMPS not be paid, the Funds may be restricted in their ability to declare dividends to common shareholders or may be required to redeem certain of the AMPS. At November 30, 2003, there were no such restrictions on the Funds.

7. INVESTMENT TRANSACTIONS

Purchases and sales of investments, excluding short-term obligations (and in-kind contributions), for the period ended November 30, 2003, were as follows:

	Purchases	Sales
Federated Premier Municipal Income Fund	\$ 209,317,729	\$ 70,543,779
<hr/>		
Federated Premier Intermediate Municipal Income Fund	\$ 219,343,840	\$ 60,779,647

8. LEGAL PROCEEDINGS

In October, 2003, Federated Investors, Inc. and various subsidiaries thereof (collectively, "Federated"), along with various investment companies sponsored by Federated ("Funds") were named as defendants in several class action lawsuits filed in the United States District Court for the Western District of Pennsylvania seeking damages of unspecified amounts. The lawsuits were purportedly filed on behalf of people who purchased, owned and/or redeemed shares of Federated-sponsored mutual funds during specified periods beginning November 1, 1998. The suits are generally similar in alleging that Federated engaged in illegal and improper trading practices including market timing and late trading in concert with certain institutional traders, which allegedly caused financial injury to the mutual fund shareholders. The Board of the Funds has retained the law firm of Dickstein Shapiro Morin & Oshinsky LLP to represent the Funds in these lawsuits. Federated and the Funds, and their respective counsel, are reviewing the allegations and will respond appropriately. Additional lawsuits based upon similar allegations may be filed in the future. Although Federated does not believe that these lawsuits will have a material adverse effect on the Funds, there can be no assurance that these suits, the ongoing adverse publicity and/or other developments resulting from related regulatory investigations will not result in increased Fund redemptions, reduced sales of Fund shares, or other adverse consequences for the Funds.

9. SUBSEQUENT DIVIDEND DECLARATIONS -- COMMON SHARES

On December 12, 2003, the Funds declared common share dividend distributions from their respective tax exempt net investment income which were paid on January 2, 2004, to shareholders of record on December 23, 2003 as follows:

	Federated Premier Municipal Income Fund	Federated Premier Intermediate Municipal Income Fund
Dividend per share	\$0.08375	\$0.06500

10. FEDERAL TAX INFORMATION (UNAUDITED)

For the period ended November 30, 2003, the Funds did not designate any long-term capital gain dividends.

For the period ended November 30, 2003, 100% of the distributions from net investment income for each Fund is exempt from federal income tax, including AMT.

Report of Ernst & Young LLP, Independent Auditors

TO THE SHAREHOLDERS AND BOARD OF TRUSTEES OF FEDERATED PREMIER MUNICIPAL INCOME FUND AND FEDERATED PREMIER INTERMEDIATE MUNICIPAL INCOME FUND:

We have audited the accompanying statements of assets and liabilities, including the portfolios of investments, of Federated Premier Municipal Income Fund and Federated Premier Intermediate Municipal Income Fund (collectively, the "Funds") as of November 30, 2003, and the related statements of operations, the statements of changes in net assets and the financial highlights for the period from December 20, 2002 (commencement of operations) through November 30, 2003. These financial statements and financial highlights are the responsibility of the Funds' management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with the auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of November 30, 2003, by correspondence with the custodian and brokers. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of Federated Premier Municipal Income Fund and Federated Premier Intermediate Municipal Income Fund at November 30, 2003, the results of their operations, the changes in their net assets and the financial highlights for the period from December 20, 2002 (commencement of operations) through November 30, 2003, in conformity with accounting principles generally accepted in the United States.

Ernst & Young LLP

Boston, Massachusetts

Board of Trustees and Fund Officers

The Board is responsible for managing the Funds' business affairs and for exercising all the Funds' powers except those reserved for the shareholders. The following tables give information about each Board member and the senior officers of the Funds. Where required, the tables separately list Board members who are "interested persons" of the Funds (*i.e.*, "Interested" Board members) and those who are not (*i.e.*, "Independent" Board members). Unless otherwise noted, the address of each person listed is Federated Investors Tower, 1001 Liberty Avenue, Pittsburgh, PA. The Federated Fund Complex consists of 44 investment companies (comprising 136 portfolios). Unless otherwise noted, each Officer is elected annually. Unless otherwise noted, each Board member oversees all portfolios in the Federated Fund Complex; serves for an indefinite term; and also serves as a Board member of the following investment company complexes: Banknorth Funds--four portfolios; WesMark Funds--five portfolios and Golden Oak® Family of Funds--seven portfolios.

Portfolio Manager and a Vice President of the Funds' Adviser. Ms. Ochson is a Chartered Financial Analyst and received an M.B.A. in Finance from the University of Pittsburgh.

VOTING PROXIES ON FUND PORTFOLIO SECURITIES

The Board has delegated to the Funds' investment adviser, Federated Investment Management Company (Adviser) authority to vote proxies on the securities held in each Fund's portfolio. The Board has also approved the Adviser's policies and procedures for voting the proxies, which are described below.

Proxy Voting Policies

The Adviser's general policy is to cast proxy votes in favor of proposals that the Adviser anticipates will enhance the long-term value of the securities being voted. Generally, this will mean voting for proposals that the Adviser believes will: improve the management of a company; increase the rights or preferences of the voted securities; and/or increase the chance that a premium offer would be made for the company or for the voted securities.

The following examples illustrate how these general policies may apply to proposals submitted by a company's board of directors. However, whether the Adviser supports or opposes a proposal will always depend on the specific circumstances described in the proxy statement and other available information.

On matters of corporate governance, generally the Adviser will vote for proposals to: require independent tabulation of proxies and/or confidential voting by shareholders; reorganize in another jurisdiction (unless it would reduce the rights or preferences of the securities being voted); and repeal a shareholder rights plan (also known as a "poison pill"). The Adviser will generally vote against the adoption of such a plan (unless the plan is designed to facilitate, rather than prevent, unsolicited offers for the company).

On matters of capital structure, generally the Adviser will vote: against proposals to authorize or issue shares that are senior in priority or voting rights to the securities being voted; for proposals to grant preemptive rights to the securities being voted; and against proposals to eliminate such preemptive rights.

On matters relating to management compensation, generally the Adviser will vote: for stock incentive plans that align the recipients' interests with the interests of shareholders without creating undue dilution; and against proposals that would permit the amendment or replacement of outstanding stock incentives with new stock incentives having more favorable terms.

On matters relating to corporate transactions, the Adviser will vote proxies relating to proposed mergers, capital reorganizations, and similar transactions in accordance with the general policy, based upon its analysis of the proposed transaction. The Adviser will vote proxies in contested elections of directors in accordance with the general policy, based upon its analysis of the opposing slates and their respective proposed business strategies. Some transactions may also involve proposed changes to the company's corporate governance, capital structure or management compensation. The Adviser will vote on such changes based on its evaluation of the proposed transaction or contested election. In these circumstances, the Adviser may vote in a manner contrary to the general practice for similar proposals made outside the context of such a proposed transaction or change in the board. For example, if the Adviser decides to vote against a proposed transaction, it may vote for anti-takeover measures reasonably designed to prevent the transaction, even though the Adviser typically votes against such measures in other contexts.

The Adviser generally votes against proposals submitted by shareholders without the favorable recommendation of a company's board. The Adviser believes that a company's board should manage its business and policies, and that shareholders who seek specific changes should strive to convince the board of their merits or seek direct representation on the board.

In addition, the Adviser will not vote if it determines that the consequences or costs outweigh the potential benefit of voting. For example, if a foreign market requires shareholders casting proxies to retain the voted shares until the meeting date (thereby rendering the shares "illiquid" for some period of time), the Adviser will not vote proxies for such shares.

Proxy Voting Procedures

The Adviser has established a Proxy Voting Committee (Proxy Committee), to exercise all voting discretion granted to the Adviser by the Board in accordance with the proxy voting policies. The Adviser has hired Investor Responsibility Research Center (IRRC) to obtain, vote, and record proxies in accordance with the Proxy Committee's directions. The Proxy Committee directs IRRC by means of Proxy Voting Guidelines, and IRRC may vote any proxy as directed in the Proxy Voting Guidelines without further direction from the Proxy Committee (and may make any determinations required to implement the Proxy Voting Guidelines). However, if the Proxy Voting Guidelines require case-by-case direction for a proposal, IRRC will provide the Proxy Committee with all information that it has obtained regarding the proposal and the Proxy Committee will provide specific direction to IRRC. The Adviser's proxy voting procedures generally permit the Proxy Committee to amend the Proxy Voting Guidelines, or override the directions provided in such Guidelines, whenever necessary to comply with the proxy voting policies.

Conflicts of Interest

The Adviser has adopted procedures to address situations where a matter on which a proxy is sought may present a potential conflict between the interests of the Fund (and its shareholders) and those of the Adviser. This may occur where a significant business relationship exists between the Adviser (or its affiliates) and a company involved with a proxy vote. A company that is a proponent, opponent, or the subject of a proxy vote, and which to the knowledge of the Proxy Committee has this type of significant business relationship, is referred to as an "Interested Company."

The Adviser has implemented the following procedures in order to avoid concerns that the conflicting interests of the Adviser have influenced proxy votes. Any employee of the Adviser who is contacted by an Interested Company regarding proxies to be voted by the Adviser must refer the Interested Company to a member of the Proxy Committee, and must inform the Interested Company that the Proxy Committee has exclusive authority to determine how the Adviser will vote. Any Proxy Committee member contacted by an Interested Company must report it to the full Proxy Committee and provide a written summary of the communication. Under no circumstances will the Proxy Committee or any member of the Proxy Committee make a commitment to an Interested Company regarding the voting of proxies or disclose to an Interested Company how the Proxy Committee has directed such proxies to be voted. If the Proxy Voting Guidelines already provide specific direction on the proposal in question, the Proxy Committee shall not alter or amend such directions. If the Proxy Voting Guidelines require the Proxy Committee to provide further direction, the Proxy Committee shall do so in accordance with the proxy voting policies, without regard for the interests of the Adviser with respect to the Interested Company. If the Proxy Committee provides any direction as to the voting of proxies relating to a proposal affecting an Interested Company, it must disclose to the Fund's Board information regarding: the significant business relationship; any material communication with the Interested Company; the matter(s) voted on; and how, and why, the Adviser voted as it did.

If the Fund holds shares of another investment company for which the Adviser (or an affiliate) acts as an investment adviser, the Proxy Committee will vote the Fund's proxies in the same proportion as the votes cast by shareholders who are not clients of the Adviser at any shareholders' meeting called by such investment company, unless otherwise

directed by the Board.

DIVIDEND REINVESTMENT PLAN

The following description of each Fund's Dividend Reinvestment Plan (the "Plan") is furnished to you annually as required by Federal securities laws.

Unless the registered owner of a Fund's common shares elects to receive cash by contacting EquiServe Trust Co., N.A. (the "Plan Administrator"), all dividends declared on common shares of the Fund will be automatically reinvested by the Plan Administrator, as agent for shareholders in the Plan, in additional common shares of the Fund. Common shareholders who elect not to participate in the Plan will receive all dividends and other distributions in cash. You may elect not to participate in the Plan and to receive all dividends in cash by contacting the Plan Administrator at the address set forth below if your Shares are registered in your name, or by contacting your bank, broker or other nominee if your Shares are held in street or other nominee name. Participation in the Plan is completely voluntary and may be terminated or resumed at any time without penalty by written notice to the Plan Administrator. Such notice will be effective for a dividend if received and processed by the Plan Administrator prior to the dividend record date; otherwise the notice will be effective with respect to any subsequently declared dividend or other distribution. Some brokers may automatically elect to receive cash on your behalf and may re-invest that cash in additional common shares of the Fund for you. If you wish for all dividends declared on your common shares to be automatically reinvested pursuant to the Plan, please contact your broker.

The Plan Administrator will open an account for each common shareholder under the Plan in the same name in which the shareholder's common shares are registered. Whenever the Fund declares a dividend or other distribution payable in cash (together, a "dividend"), non-participants in the Plan will receive cash, and participants in the Plan will receive the equivalent in common shares. The common shares will be acquired by the Plan Administrator for the participants' accounts, depending upon the circumstances described below, either: (1) through receipt from the Fund of additional authorized but unissued common shares ("newly issued common shares"); or (2) by purchase of outstanding common shares on the open market ("open-market purchases") on the New York Stock Exchange or elsewhere. If, on the payment date for a dividend, the closing market price plus estimated brokerage commissions per common share is equal to or greater than the net asset value ("NAV") per common share, the Plan Administrator will invest the dividend amount on behalf of the participants in newly issued common shares. The number of newly issued common shares to be credited to each participant's account will be determined by dividing the dollar amount of the dividend by the NAV per common share on the payment date; provided that, if the NAV is less than or equal to 95% of the closing market value on the payment date, the dollar amount of the dividend will be divided by 95% of the closing market price per common share on the payment date. If, on the payment date for any dividend, the NAV per common share is greater than the closing market value plus estimated brokerage commissions, the Plan Administrator will invest the dividend amount in common shares acquired on behalf of the participants in open-market purchases.

In the event of a market discount on the payment date for any dividend, the Plan Administrator will have until the last business day before the next date on which the common shares trade on an "ex-dividend" basis or 30 days after the payment date for such dividend, whichever is sooner (the "last purchase date"), to invest the dividend amount in common shares acquired in open-market purchases. It is contemplated that the Funds will pay monthly income dividends. Therefore, the period during which open-market purchases can be made will exist only from the payment date of each dividend through the day before the next "ex-dividend" date, which will be approximately ten days. If, before the Plan Administrator has completed its open-market purchases, the market price per common share exceeds the NAV per common share, the average per share purchase price paid by the Plan Administrator may exceed the NAV of the common shares, resulting in the acquisition of fewer common shares than if the dividend had been paid in newly issued common shares on the dividend payment date. Because of the foregoing difficulty with respect to open-market purchases, the Plan provides that if the Plan Administrator is unable to invest the full dividend amount in open-market purchases during the purchase period or if the market discount shifts to a market premium during the

purchase period, the Plan Administrator may cease making open-market purchases and may invest the uninvested portion of the dividend amount in newly issued common shares at the NAV per common share at the close of business on the last purchase date; provided that, if the NAV is less than or equal to 95% of the then current market price per common share, the dollar amount of the dividend will be divided by 95% of the market price on the payment date.

The Plan Administrator maintains all shareholders' accounts in the Plan and furnishes written confirmation of all transactions in the accounts, including information needed by shareholders for tax records. Common shares in the account of each Plan participant will be held by the Plan Administrator on behalf of the Plan participant, and each shareholder proxy will include those shares purchased or received pursuant to the Plan. The Plan Administrator will forward all proxy solicitation materials to participants and vote proxies for shares held under the Plan in accordance with the instructions of the participants.

In the case of record shareholders such as banks, brokers or nominees which hold common shares for others who are the beneficial owners, the Plan Administrator will administer the Plan on the basis of the number of common shares certified from time to time by the record holder as held for the account of beneficial owners who participate in the Plan.

There will be no brokerage charges with respect to common shares issued directly by the Fund. However, each participant will pay a pro rata share of brokerage commissions incurred in connection with open-market purchases. The automatic reinvestment of dividends will not relieve participants of any federal, state or local income tax that may be payable (or required to be withheld) on such dividends. Participants that request a sale of shares through the Plan Administrator are subject to a \$15.00 sales fee and a \$0.12 per share sold brokerage commission.

Each Fund reserves the right to amend or terminate its Plan. There is no direct service charge to participants with regard to purchases in the Plan; however, each Fund reserves the right to amend its Plan to include a service charge payable by the participants.

All correspondence or questions concerning the Plan should be directed to the Plan Administrator, EquiServe Trust Company, N.A., P.O. Box 43011, Providence, RI 02940-3011 or by telephone at (800) 730-6001.

This Overview and Report is for shareholder information. This is not a Prospectus intended for use in the sale of Fund Shares. Statements and other information contained in this Overview and Report are as dated and subject to change.

IMPORTANT NOTICE ABOUT FUND DOCUMENT DELIVERY

In an effort to reduce costs and avoid duplicate mailings, the Fund(s) intend to deliver a single copy of certain documents to each household in which more than one shareholder of the Fund(s) resides (so-called "householding"), as permitted by applicable rules. The Fund's "householding" program covers Semi-Annual and Annual Reports and any Proxies or information statements. Shareholders must give their written consent to participate in the householding program. The Fund is also permitted to treat a shareholder as having given consent ("implied consent") if (i) shareholders with the same last name, or believed to be members of the same family, reside at the same street address or receive mail at the same post office box, (ii) the Fund gives notice of its intent to "household" at least sixty (60) days before it begins "householding" and (iii) none of the shareholders in the household have notified the Fund(s) or their agent of the desire to "opt out" of householding. Shareholders who have granted written consent, or have been deemed to have granted implied consent, can revoke that consent and opt out of householding at any time: shareholders who purchased shares through an intermediary should contact their representative; other shareholders may call the Fund(s) at 1-800-245-0242 Ext. 7538 or email CEinfo@federatedinv.com.

Item 6 [Reserved]

Item 7. Disclosure of Proxy Voting Policies and Procedures for Closed-End Management Investment Companies

Proxy Voting Policies

The Adviser's general policy is to cast proxy votes in favor of proposals that the Adviser anticipates will enhance the long-term value of the securities being voted. Generally, this will mean voting for proposals that the Adviser believes will: improve the management of a company; increase the rights or preferences of the voted securities; and/or increase the chance that a premium offer would be made for the company or for the voted securities.

The following examples illustrate how these general policies may apply to proposals submitted by a company's board of directors. However, whether the Adviser supports or opposes a proposal will always depend on the specific circumstances described in the proxy statement and other available information.

On matters of corporate governance, generally the Adviser will vote for proposals to: require independent tabulation of proxies and/or confidential voting by shareholders; reorganize in another jurisdiction (unless it would reduce the rights or preferences of the securities being voted); and repeal a shareholder rights plan (also known as a "poison pill"). The Adviser will generally vote against the adoption of such a plan (unless the plan is designed to facilitate, rather than prevent, unsolicited offers for the company).

On matters of capital structure, generally the Adviser will vote: against proposals to authorize or issue shares that are senior in priority or voting rights to the securities being voted; for proposals to grant preemptive rights to the securities being voted; and against proposals to eliminate such preemptive rights.

On matters relating to management compensation, generally the Adviser will vote: for stock incentive plans that align the recipients' interests with the interests of shareholders without creating undue dilution; and against proposals that would permit the amendment or replacement of outstanding stock incentives with new stock incentives having more favorable terms.

On matters relating to corporate transactions, the Adviser will vote proxies relating to proposed mergers, capital reorganizations, and similar transactions in accordance with the general policy, based upon its analysis of the proposed transaction. The Adviser will vote proxies in contested elections of directors in accordance with the general policy, based upon its analysis of the opposing slates and their respective proposed business strategies. Some transactions may also involve proposed changes to the company's corporate governance, capital structure or management compensation. The Adviser will vote on such changes based on its evaluation of the proposed transaction or contested election. In these circumstances, the Adviser may vote in a manner contrary to the general practice for similar proposals made outside the context of such a proposed transaction or change in the board. For example, if the Adviser decides to vote against a proposed transaction, it may vote for anti-takeover measures reasonably designed to prevent the transaction, even though the Adviser typically votes against such measures in other contexts.

The Adviser generally votes against proposals submitted by shareholders without the favorable recommendation of a company's board. The Adviser believes that a company's board should manage its business and policies, and that shareholders who seek specific changes should strive to convince the board of their merits or seek direct representation on the board.

Edgar Filing: FEDERATED PREMIER MUNICIPAL INCOME FUND - Form N-CSR

In addition, the Adviser will not vote if it determines that the consequences or costs outweigh the potential benefit of voting. For example, if a foreign market requires shareholders casting proxies to retain the voted shares until the meeting date (thereby rendering the shares "illiquid" for some period of time), the Adviser will not vote proxies for such shares.

Proxy Voting Procedures

The Adviser has established a Proxy Voting Committee (Proxy Committee), to exercise all voting discretion granted to the Adviser by the Board in accordance with the proxy voting policies. The Adviser has hired Investor Responsibility Research Center (IRRC) to obtain, vote, and record proxies in accordance with the Proxy Committee's directions. The Proxy Committee directs IRRC by means of Proxy Voting Guidelines, and IRRC may vote any proxy as directed in the Proxy Voting Guidelines without further direction from the Proxy Committee (and may make any determinations required to implement the Proxy Voting Guidelines). However, if the Proxy Voting Guidelines require case-by-case direction for a proposal, IRRC will provide the Proxy Committee with all information that it has obtained regarding the proposal and the Proxy Committee will provide specific direction to IRRC. The Adviser's proxy voting procedures generally permit the Proxy Committee to amend the Proxy Voting Guidelines, or override the directions provided in such Guidelines, whenever necessary to comply with the proxy voting policies.

Conflicts of Interest

The Adviser has adopted procedures to address situations where a matter on which a proxy is sought may present a potential conflict between the interests of the Fund (and its shareholders) and those of the Adviser or Distributor. This may occur where a significant business relationship exists between the Adviser (or its affiliates) and a company involved with a proxy vote. A company that is a proponent, opponent, or the subject of a proxy vote, and which to the knowledge of the Proxy Committee has this type of significant business relationship, is referred to as an "Interested Company."

The Adviser has implemented the following procedures in order to avoid concerns that the conflicting interests of the Adviser have influenced proxy votes. Any employee of the Adviser who is contacted by an Interested Company regarding proxies to be voted by the Adviser must refer the Interested Company to a member of the Proxy Committee, and must inform the Interested Company that the Proxy Committee has exclusive authority to determine how the Adviser will vote. Any Proxy Committee member contacted by an Interested Company must report it to the full Proxy Committee and provide a written summary of the communication. Under no circumstances will the Proxy Committee or any member of the Proxy Committee make a commitment to an Interested Company regarding the voting of proxies or disclose to an Interested Company how the Proxy Committee has directed such proxies to be voted. If the Proxy Voting Guidelines already provide specific direction on the proposal in question, the Proxy Committee shall not alter or amend such directions. If the Proxy Voting Guidelines require the Proxy Committee to provide further direction, the Proxy Committee shall do so in accordance with the proxy voting policies, without regard for the interests of the Adviser with respect to the Interested Company. If the Proxy Committee provides any direction as to the voting of proxies relating to a proposal affecting an Interested Company, it must disclose to the Fund's Board information regarding: the significant business relationship; any material communication with the Interested Company; the matter(s) voted on; and how, and why, the Adviser voted as it did.

If the Fund holds shares of another investment company for which the Adviser (or an affiliate) acts as an investment adviser, the Proxy Committee will vote the Fund's proxies in the same proportion as the votes cast by shareholders who are not clients of the Adviser at any shareholders' meeting called by such

Item 9. Submission of Matters to a Vote of Security Holders

Not Applicable

Item 10. Controls and Procedures

(a) The registrant's President and Treasurer have concluded that the registrant's disclosure controls and procedures (as defined in rule 30a-3(c) under the Act) are effective in design and operation and are sufficient to form the basis of the certifications required by Rule 30a-(2) under the Act, based on their evaluation of these disclosure controls and procedures within 90 days of the filing date of this report on Form N-CSR.

(b) There were no changes in the registrant's internal control over financial reporting (as defined in rule 30a-3(d) under the Act), or the internal control over financial reporting of its service providers during the last fiscal half year (the registrant's second half year in the case of an annual report) that have materially affected, or are reasonably likely to materially affect, the registrant's internal control over financial reporting.
