Item 1.01 Entry into a Material Definitive Agreement.

On April 27, 2006 World Energy Solutions, Inc. (WES or the Company) entered into a Subcontract Agreement (the Agreement) with Fort Berthold Development Corporation, Inc. (FBDC) to participate as a subcontractor on construction projects where FBDC will be the General Contractor for the United States Department of the Interior (DOI). The term of the Agreement is for one year. FBDC is identified as the General Contractor under an existing contract with the DOI.

Under the Agreement, WES will provide all management, supervision, estimating, labor, material, tools, and equipment necessary for the performance of minor construction, rehabilitation, alterations and new construction for various DOI locations and installations within the Washington D.C. metropolitan area and nationwide as requested by FBDC in various task orders submitted to WES. The Company's entry into the Agreement follows its earlier execution of a Teaming Agreement with FBDC to pursue procurement of contracts with the United States Government in response to its dissemination of requests for proposals to obtain goods and services. The Agreement furthers the business plan of FBDC and WES to jointly cooperate in the submission of proposals to and procurement of contracts with the United States Government regarding comprehensive energy savings and construction solutions for government facilities.
