I. QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

Q. WHY AM I RECEIVING THESE MATERIALS?

The Board of Directors of Stereotaxis, Inc. (the "Company") is soliciting proxies from the Company's stockholders in connection with its 2007 Annual Meeting of Stockholders to be held on Thursday, May 24, 2007, and any and all adjournments thereof. These materials were first sent to our stockholders on or about April 23, 2007. You are encouraged to vote on the proposals presented in these proxy materials. You are invited to attend the annual meeting, but you do not have to attend to vote.

Q. WHEN AND WHERE IS THE ANNUAL MEETING?

We will hold the annual meeting of stockholders on Thursday, May 24, 2007, at 9:00 a.m., Central Daylight Time, at 4320 Forest Park Avenue, Suite 100, St. Louis, Missouri 63108.

Q. WHO IS ENTITLED TO VOTE AT THE MEETING?

You are entitled to vote (in person or by proxy) if you were a stockholder of record of shares of our common stock at the close of business on March 27, 2007, the record date for the meeting. On March 27, 2007, there were 36,806,643 shares of our common stock outstanding and entitled to vote and no shares of our preferred stock outstanding.

Edgar Filing: Stereotaxis, Inc. - Form DEF 14A

Q. WHAT AM I BEING ASKED TO VOTE ON AT THE MEETING?

We are asking our stockholders to (1) elect four Class III directors to serve until our 2010 Annual Meeting of Stockholders (2) approve an amendment to our 2002 Stock Incentive Plan to increase the number of shares reserved for issuance thereunder by 1,000,000 shares and approve the plan for IRS Rule 162(m) purposes and (3) ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for the 2007 fiscal year.

Q. HOW DO I VOTE?

Whether or not you expect to be present in person at the annual meeting, you are requested to vote your shares. Most stockholders will be able to choose whether they wish to vote using the Internet, by telephone or mail. The availability of Internet voting or telephone voting for stockholders whose shares are held in street name by a bank or a broker may depend on the voting processes of that organization. If you vote using the Internet, you may incur costs such as telephone and Internet access charges for which you will be responsible. Internet and telephone voting facilities will be available 24 hours a day and will close at 5:00 p.m., Central Daylight Time, on May 23, 2007. If you vote using the Internet or by telephone, you do not need to return your proxy card.

- * Internet - The website for Internet voting is <https://www.proxypush.com/stxs>. Please have your proxy card available and follow the simple instructions on the screen.
- * Telephone - The toll-free telephone number for telephone voting is 866-813-1449. Please have your proxy card available and follow the simple recorded instructions.
- * Mail - Please complete, sign, date, and return the enclosed form of proxy. The shares represented thereby will be voted in accordance with your instructions.
- * In-person - You may vote by ballot.

If you do not attend the meeting, your shares of common stock may be voted only when represented by a properly executed proxy. If you hold your shares in street name through a bank or broker, your bank or broker will send you a separate package describing the procedures and options for voting your shares.

1

Q. WHAT IF I WANT TO CHANGE MY VOTE?

If you are a stockholder of record, you can revoke your proxy at any time before it is exercised by:

- * timely delivery of a properly executed, later-dated proxy;
- * submission of a later vote by Internet or telephone any time prior to 5:00 p.m., Central Daylight Time, on May 23, 2007;
- * delivery of a written revocation of your proxy to our Secretary; or

Edgar Filing: Stereotaxis, Inc. - Form DEF 14A

* voting by ballot at the meeting.

If your shares are held in the name of a bank or brokerage firm, you may change your vote by submitting new voting instructions to your bank or broker. If your bank or broker permits you to vote by Internet or telephone, you may also be permitted to change your vote by Internet or telephone, depending on the processes of that organization.

Q. WHAT VOTE OF THE STOCKHOLDERS IS NEEDED?

No business can be conducted at the annual meeting unless a majority of the outstanding shares of common stock entitled to vote is present in person or represented by proxy at the meeting. Each share of our common stock is entitled to one vote with respect to each matter on which it is entitled to vote. A plurality of the shares entitled to vote and present in person or by proxy at the meeting must be voted "FOR" a director nominee. A majority of shares entitled to vote and present in person or by proxy at the meeting must be voted "FOR" the approvals relating to the 2002 Stock Incentive Plan, "FOR" the ratification of Ernst & Young LLP as our independent registered public accounting firm for the 2007 fiscal year and "FOR" such other business as may properly come before the meeting.

Q. WHAT DO I DO IF MY SHARES OF COMMON STOCK ARE HELD IN "STREET NAME" AT A BANK OR BROKERAGE FIRM?

If your shares are held in street name by a bank or brokerage firm as your nominee, your bank or broker will send you a separate package describing the procedure for voting your shares. You should follow the instructions provided by your bank or brokerage firm.

Q. WHAT HAPPENS IF I RETURN MY SIGNED PROXY CARD BUT FORGET TO INDICATE HOW I WANT MY SHARES OF COMMON STOCK VOTED?

If you sign, date and return your proxy and do not mark how you want to vote, your proxy will be counted as a vote "FOR" all of the nominees for directors, "FOR" the approvals relating to the 2002 Stock Incentive Plan and "FOR" the ratification of our independent registered public accounting firm, and in the discretion of the proxy holders for such other business as may properly come before the meeting.

Q. WHAT HAPPENS IF I DO NOT INSTRUCT MY BROKER HOW TO VOTE OR IF I MARK "ABSTAIN" ON THE PROXY?

If you mark your proxy "abstain," your vote will have the same effect as a vote against the proposal or the election of the applicable director. If you do not instruct your broker how to vote, your broker will vote your shares for you at his or her discretion on routine matters such as the election of directors and ratification of the independent registered public accounting firm. Broker non-votes with respect to a matter will not be considered as present and entitled to vote with respect to that matter and thus will have no effect on the vote for that matter.

The approval of the amendment to the 2002 Stock Incentive Plan is a non-routine matter. Therefore, unless you give specific instructions to your broker regarding voting on the approval of the amendment, your broker will be unable to vote your shares on that matter. Non-voted shares on non-routine matters are "broker non-votes".

Edgar Filing: Stereotaxis, Inc. - Form DEF 14A

Q. WHAT DO I NEED TO DO IF I PLAN TO ATTEND THE MEETING IN PERSON?

If your shares are held in the name of a bank, broker or other holder of record, you must present proof of your ownership, such as a bank or brokerage account statement, to be admitted to the meeting. All stockholders must also present a form of personal identification in order to be admitted to the meeting.

II. PROPOSAL I: ELECTION OF DIRECTORS

Under the Company's restated certificate of incorporation, the number of directors shall be fixed by the board of directors in the manner provided in the Company's bylaws. Under the Company's restated bylaws, subject to the rights of the holders of any series of preferred stock, the number of directors of the Company may be fixed or changed from time to time by resolution of a majority of the board of directors; provided the number shall be no less than three (3) and no more than fifteen (15), or, if the number is not fixed, the number shall be ten (10). Currently, we have authorized a thirteen (13) member board of directors. Under the Company's restated bylaws, the directors are divided into three (3) classes, Class I, Class II and Class III, each class to be as nearly equal in number as possible. The term of office of each director shall be until the third annual meeting following his or her election and until the election and qualification of his or her successor.

The nominating and corporate governance committee of the board of directors has nominated the Class III Directors, Fred A. Middleton, William M. Kelley, William C. Mills, III and Bevil J. Hogg, to serve as directors until the 2010 Annual Meeting of Stockholders. Certain information with respect to the nominees for election and the other directors whose terms of office as directors will continue after the Annual Meeting of Stockholders is set forth under the heading "Directors and Officers" below. Proxies cannot be voted for a greater number of persons than the number of nominees named in each Class.

The board of directors does not contemplate that any of the nominees will be unable to stand for election, but should any nominee become unable to serve or for good cause will not serve, all proxies (except proxies marked to the contrary) will be voted for the election of a substitute nominee as our board may recommend.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE ELECTION OF
THE NAMED NOMINEES AS DIRECTORS

DIRECTOR NOMINATIONS

Our restated bylaws provide that stockholders seeking to bring business before an annual meeting of stockholders, or to nominate candidates for election as directors at an annual meeting of stockholders, must provide timely notice in writing. To be timely, a stockholder's notice must be delivered to or mailed and received at our principal executive offices not more than 120 days or less than 90 days prior to the anniversary date of the immediately preceding annual meeting of stockholders. However, in the event that the annual meeting is called for a date that is not within 30 days before or after such anniversary date,

notice by the stockholder in order to be timely must be received not later than the close of business on the 10th day following the date on which notice of the date of the annual meeting was mailed to stockholders or made public, whichever first occurs. Our restated bylaws specify requirements as to the form and content of a stockholder's notice. These provisions may preclude stockholders from bringing matters before an annual meeting of stockholders or from making nominations for directors at an annual meeting of stockholders.

director candidates at any time pursuant to these procedures. The committee will consider such candidates if a vacancy arises and at such other appropriate times. Notwithstanding the foregoing, the committee is not obligated to review any candidate for which the required information is not provided by the time set forth in our restated bylaws for the nomination of director candidates by a stockholder that is not approved by the committee or the board. IV. DIRECTOR AND EXECUTIVE COMPENSATION

BOARD PROCESSES AND PROCEDURES FOR THE CONSIDERATION AND DETERMINATION OF EXECUTIVE AND DIRECTOR COMPENSATION

In accordance with the compensation committee charter, the compensation committee is responsible for establishing and reviewing the Company's overall management compensation philosophy and policy, and administering the Company's executive and director compensation programs. As part of its duties, the compensation committee assists management and the board of directors in defining an executive compensation policy that supports overall business strategy and objectives, attracts and retains key executives, links compensation with business objectives and organization performance in good and bad times, and provides competitive compensation opportunities. The committee has the authority to determine the total compensation package, including salaries, bonuses, stock options, stock

Edgar Filing: Stereotaxis, Inc. - Form DEF 14A

award, benefits and other compensation arrangements, for the Chief Executive Officer and other executive officers of the Company. As part of that process the committee reviews and approves the performance objectives of the Chief Executive Officer and other executives and evaluates their performance to determine whether such objectives have been achieved. Although the charter delegates this responsibility to the compensation committee, the committee has historically chosen to consult with the board of directors on the compensation of the Chief Executive Officer and the other key executives because the committee believes that the performance and compensation of that group is so critical to the success of the Company that Board involvement in such decision is appropriate.

The compensation committee seeks advice from consultants with respect to compensation policies and programs for Named Executive Officers, as appropriate. A more detailed discussion of the compensation committee's past and current consulting relationships is described in the Compensation Discussion and Analysis section of this proxy statement.

The compensation committee also leverages the Company's management and human resources professionals to assist the committee in the timely and cost-effective fulfillment of its duties. The committee solicits input from the Chief Executive Officer and human resources professionals regarding compensation policies and levels.

Following the completion of the Company's fiscal year, typically in February of each year, the compensation committee meets to conduct its annual review of the Company's compensation programs and packages. The compensation committee does not permit members of the Company's management to materially participate in the determination of their particular compensation, nor does the committee permit members of management, including the Chief Executive Officer, to be physically present for those portions of committee meetings during which the particular member of the management team's performance and compensation are reviewed and determined. However, these protocols do not prohibit members of management and the Chief Executive Officer from participating in, and being physically present, when compensation matters affecting Company employees (such as the Company's annual bonus incentive plan) are discussed and determined. The compensation committee believes that it is crucial for members of the Company's management to be materially involved in, and manage the details associated with, the compensation programs and policies of the Company in order for the management to explain and implement the committee's decisions with respect to executive and employee compensation.

The board of directors has delegated to the nominating and corporate governance committee responsibility for overseeing the structure, operations, and composition of the board of directors and its committees. However, the nominating and corporate governance committee does not have a direct role in the determination of Board member compensation. Rather, the compensation committee is tasked in its charter with making changes to the outside directors' compensation program in respect of competitiveness and plan design. The compensation committee leverages independent consultants and the Company's human resources professionals and management, as appropriate, to assist the compensation committee in making recommendations to the Board with respect to director compensation. The Board did not increase its compensation during 2006, but the Board intends to periodically review Board compensation from time to time.

DIRECTOR COMPENSATION

DIRECTOR COMPENSATION POLICIES

In March 2002, we adopted the 2002 Non-Employee Directors' Stock Option Plan to provide for the automatic grant of options to purchase shares of common stock to our non-employee directors. Under this Plan, at each annual stockholder meeting, all non-employee directors receive an annual option to purchase 7,500 shares of common stock, or 15,000 in the case of the chairman. Newly elected directors receive an initial option to purchase 15,000 shares of common stock which vest over a two-year period with 50% vesting after the first year and the remainder vesting monthly thereafter. In addition, the Chairman and/or Designated Financial Expert of the audit committee receive an annual grant of 5,000 shares and the chairman of the compensation committee and the chairman of the nominating and corporate governance committee receive an annual grant of 2,500 shares. Such options are granted at a price equal to the fair market value of the stock on the date of grant and have a term of 10 years.

In addition, non-employee directors receive cash compensation for their services as board members. Each non-employee director is entitled to an \$18,000 annual retainer (\$24,000 for the chairman) for board membership and an additional payment of \$1,500 per in-person board meeting and \$500 per telephonic board meeting. Each member of the audit committee, compensation committee and nominating and corporate governance committee is entitled to a \$2,500 annual retainer. The chairman/designated financial expert of the audit committee is entitled to a \$7,500 annual retainer and the chairman of the compensation committee and the chairman of the nominating and corporate governance committee are each entitled to a \$5,000 annual retainer in lieu of the member retainer.

We reimburse our directors for reasonable out-of-pocket expenses incurred in connection with attendance and participation in Board and committee meetings.
