**Item 1.01. Entry into a Material Definitive Agreement**

On October 17, 2004, the Board of Directors of our company passed a resolution to reduce the exercise price of the outstanding stock options granted to the directors, employees and consultant of our company under our 2003 Stock Option Plan to \$0.30 per shares. The exercise price of all outstanding options have now all reduced to \$0.30. This change to the exercise price for the stock options did not affect other terms and conditions of the outstanding stock options, which terms and conditions have been set out specifically in the Stock Option Agreements (as hereinafter defined) entered into between our company and each of the optionees pursuant to our 2003 Stock Option Plan.

Our 2003 Stock Option Plan was adopted on November 25, 2003, and it authorized the grant of options to purchase up to a maximum of 4,100,000 shares of our company. The purpose of the 2003 Stock Option Plan was to retain the services of valued key employees and consultants of our company and to encourage them to acquire a greater proprietary interest in our company. A total of 4,040,554 stock options have been granted under the 2003 Stock Option Plan. Together with the cancellation of 156,734 stock options granted due to the termination of employment of an optionee, there are currently 216,180 stock options available under the 2003 Stock Option Plan.
