PROXY STATEMENT
FARMERS & MERCHANTS BANCORP
121 West Pine Street, Lodi, CA 95240-2184

This proxy statement is furnished to the stockholders of Farmers & Merchants Bancorp (the "Company") in connection with the solicitation of proxies by the Board of Directors of the Company to be used in voting at the annual meeting of stockholders to be held on April 19, 2004 at the Lodi Grape Festival, Chardonnay Hall, 413 E. Lockeford Street, Lodi, CA at 4:00 p.m., and at any adjournment or postponement thereof. All expenses incidental to the preparation and mailing, or otherwise making available to all stockholders of the notice, proxy statement and form of proxy will be paid by the Company. This proxy statement and the enclosed proxy are being mailed to the Company's stockholders on or about March 19, 2004.

This proxy statement outlines the business to be conducted at the annual meeting, which includes the election of Directors and the ratification of PricewaterhouseCoopers LLP as independent auditors.

Voting Rights and Vote Required

Only stockholders of record at the close of business on March 5, 2004 (the "record date"), will be entitled to vote in person at the meeting or by proxy. On the record date, there were 763,239 shares of common stock outstanding and entitled to vote.

Holders of common stock of the Company are entitled to one vote for each share held, other than with respect to the election of Directors. Due to the application of Section 2115 of the California Corporations Code, each stockholder may be eligible to exercise cumulative voting rights and may be entitled to as many votes as shall equal the number of shares of common stock held by such stockholder multiplied by the number of Directors to be elected, and such stockholder may cast all of such votes for a single nominee or may distribute them among two or more nominees. For example, if you own 10 shares of common stock of the Company and 11 Directors are being elected, you have 110 votes - you can cast all of them for one nominee, or two or more nominees if you so choose. No stockholder, however, shall be entitled to cumulate votes (i.e., cast for any one or more nominees a number of votes greater than the number of shares of common stock of the Company held by such stockholder) unless the name(s) of the nominee(s) has (have) been placed in nomination prior to the commencement of the voting in accordance with Article III, Section 3.4 of the Company's by-laws (which requires that nominations made other than by the Board of Directors be made by notification in writing delivered or mailed to the President of the Company not less than 30 days or more than 60 days prior to any meeting of stockholders) and, in accordance with Article II, Section 2.9 of the

Edgar Filing: FARMERS & MERCHANTS BANCORP - Form DEF 14A

Company's by-laws, a stockholder has given at least two days written notice to the Secretary of the Company of an intention to cumulate votes prior to the vote. The Company's Annual Meeting of Stockholders is expected to be held on April 19, 2004. Accordingly, any stockholder nomination for election to the Board of Directors for the 2004 Annual Meeting of Stockholders, to be timely, must be received by the Company not later than March 20, 2004 and not earlier than February 19, 2004. If any stockholder has given such notice, all stockholders may cumulate their votes for nominees, in which event votes represented by proxies delivered pursuant to this proxy statement may be cumulated, at the discretion of the proxy holders, in accordance with the recommendation of the Board of Directors. Discretionary authority to cumulate votes in such event is, therefore, solicited in this proxy statement.

In the election of Directors, the 11 nominees receiving the highest number of votes will be elected. Ratification of the selection of the independent auditors and approval of such other matters which properly come before the meeting, if any, will require the affirmative vote of a majority of the shares represented and voting at the meeting provided the quorum requirements of Article II, Section 2.7 of the by-laws are met, as described under the heading "Voting of Proxies - Quorum" below. Abstentions will not count as votes in favor of the election of Directors or any other proposals.

4

Voting of Proxies - Quorum

The shares represented by all properly executed proxies received in time for the meeting will be voted in accordance with the stockholders' choices specified therein; provided, however, that where no choices have been specified, the shares will be voted "FOR" the election of the 11 nominees for Director recommended by the Board of Directors, "FOR" the ratification of the appointment of PricewaterhouseCoopers LLP as independent auditors, and voted at the discretion of the proxy holders on such other matters, if any, which may properly come before the meeting (including any proposal to adjourn the meeting). A majority of the shares entitled to vote represented either in person or by properly executed proxies, will constitute a quorum at the meeting. Abstentions and broker "non-votes" are each included in the determination of the number of shares present and voting for purposes of determining the presence of a quorum. A broker "non-vote" occurs when a nominee holding shares for a beneficial owner does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner. Abstentions will be included in tabulations of the votes cast on proposals presented to the stockholders and therefore will have the effect of a negative vote. Broker "non-votes" will not be counted for purposes of determining the number of votes cast for a proposal.

Revocability of Proxy

A stockholder using the enclosed proxy may revoke the authority conferred by the proxy at any time before it is exercised (i.e., before the vote pursuant to that proxy) by delivering written notice of revocation or a duly executed proxy bearing a later date to the Secretary of the Company, or by appearing and voting by ballot in person at the meeting. In the event that signed proxies are returned without voting instructions, proxies will be voted in favor of election of the eleven (11) persons nominated for election as Directors as set forth in this Proxy Statement, the ratification of the appointment of PricewaterhouseCoopers LLP as independent auditors, and such other matters, if any, which may properly come before the meeting (including any proposal to adjourn the meeting).

None of the Directors of the Company were selected pursuant to arrangements or understandings other than with the Directors and stockholders of the Company acting within their capacity as such. There are no family relationships among the Directors and executive officers of the Company, and none of the Directors serves as a Director of any company which has a class of securities registered under, or subject to periodic reporting requirements of, the Securities Exchange Act of 1934, as amended, or any company registered as an investment company under the Investment Company Act of 1940.

The Board does not anticipate that any of the nominees will be unable to serve as a Director of the Company, but if that should occur before the meeting, the proxy holders, in their discretion, upon the recommendation of the Company's Board of Directors, reserve the right to substitute as nominee and vote for

Edgar Filing: FARMERS & MERCHANTS BANCORP - Form DEF 14A

another person of their choice in the place and stead of any nominee unable so to serve. The proxy holders reserve the right to cumulate votes for the election of Directors and cast all of such votes for any one or more of the nominees, to the exclusion of the others, and in such order of preference as the proxy holders may determine in their discretion, based upon the recommendation of the Board of Directors.

Reports of the Personnel and Audit Committees

Edgar Filing: FARMERS & MERCHANTS BANCORP - Form DEF 14A

The reports of the Personnel Committee and the Audit Committee and additional descriptions of their functions are as follows:

Report of the Personnel Committee of the Board of Directors on Executive Compensation

The Personnel Committee of the Bank reviews and establishes the general employment and compensation practices and policies of the Bank and approves procedures for the administration thereof. The Board of Directors of the Bank, operating through its Personnel Committee, establishes annual executive compensation for the Chief Executive Officer of the Bank and the Company ("CEO") and the other executive officers based on their performance and compensation paid for similar positions at other banks of comparable size as determined through research performed by independent third party consultants and published in industry publications. This annual evaluation process establishes a competitive base salary for each executive and offers incentive compensation, which can provide additional compensation if established performance measures are achieved.

8

The aggregate salary and bonus earned by each of the named executive officers is set forth in the Summary Compensation Table below. Each named executive receives a monthly base salary, and is eligible to receive an annual cash bonus. Bank performance measures are established each year based on the Bank's profit objectives. The extent to which these objectives are achieved determines the annual cash bonus, if any, and merit increase earned by such named executive officer.

In evaluating the CEO's annual salary, the Personnel Committee considers a combination of objective and subjective factors, including the following: the Bank's financial performance, comparative executive compensation levels of peer groups, and current economic conditions. The performance measures used in determining the CEO's annual cash bonus are based on the Company's performance relative to the current year's budget as well as progress towards achieving the Company's five year strategic plan. Both the annual budget and strategic plan are approved in advance by the Board of Directors. The Personnel Committee assesses these factors and makes a recommendation on the CEO's performance and resulting base salary and incentive compensation to the full Board of Directors for approval.

Respectfully Submitted,

Stewart C. Adams, Jr.
Harry C. Schumacher
Kevin Sanguinetti
Edward Corum, Jr.

Report of the Audit Committee of the Board of Directors

The Audit Committee oversees relevant accounting, risk assessment, risk management and regulatory matters. It meets with the Bank's and the Company's internal auditors and the independent auditors to review the scope of their work as well as to review quarterly and annual financial statements and regulatory and public disclosures with the officers in charge of financial reporting, control and disclosure functions. After reviewing the independent auditor's qualifications, partner rotation and independence, the Audit Committee also

Edgar Filing: FARMERS & MERCHANTS BANCORP - Form DEF 14A

makes an annual recommendation to the Board of Directors regarding selection of the independent auditors. In addition, the Audit Committee reviews reports of examination conducted by regulatory agencies and follows up with management concerning any recommendations and required corrective action.

The Audit Committee reports regularly to the Boards of Directors of the Bank and the Company and has the authority to select, retain, terminate and approve the fees and other retention terms of special counsel or other experts or consultants as it deems appropriate and necessary to perform its duties. Each of the Directors serving on the Audit Committee has been determined by the Board of Directors to be "independent" as such term is defined by Rule 4200(a)(15) of the NASD's current listing standards.

In performing its functions, the Audit Committee acts only in an oversight capacity and necessarily relies on the work and assurances of management, which has the primary responsibility for financial statements and reports, and of the independent auditors, who, in their report, express an opinion on the conformity of the Company's annual financial statements to generally accepted accounting principles.

In connection with the December 31, 2003 financial statements of the Company, the audit committee: (1) reviewed and discussed the audited financial statements with management; (2) discussed with the independent auditors the matters required by Statement on Auditing Standards No. 61; and (3) received and discussed with the independent auditors the matters required by Independence Standards Board Statement No. 1. Based upon these reviews and discussions, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K filed with the Securities and Exchange Commission for the year ended December 31, 2003.

9

The Board of Directors has approved a written charter of the Audit Committee which is attached to this Proxy Statement as Exhibit A hereto.

Respectfully submitted,

Harry C. Schumacher
Robert F. Hunnell
Ralph Burlington

Defined Benefit Pension Plan

Effective June 9, 2001, with the exception of employees who have reached age 55 and who have accumulated 10 years of service (as defined in the Plan), the Bank's Defined Benefit Plan was amended to freeze the benefit accruals of the Plan participants.

The maximum annual retirement benefits, which any of the above named individuals would be entitled to receive, as Officers of the Bank, assuming that all applicable conditions of the plan are met, is \$18,000 annually. Mr. Mettler elected to withdraw his vested interest the year he reached normal retirement age 65 and is no longer a participant in the Defined Benefit Pension Plan. Current rules permit the inclusion of a pension plan table demonstrating benefits payable upon retirement. Since the maximum compensation payable to any employee, including Executive Officers is \$18,000 per year, a pension table has been excluded.

12

The annual benefits payable upon retirement at "normal retirement age" for each of the named executive officers, e.g., if they remain employees until they reach age 65, the annual benefits upon retirement at normal retirement age will be as follows: K.A. Steinwert, \$6,125; R.S. Erichson, \$4,125; D.E. Hodkin, \$0; C.C. Nelson, \$0; S.W. Haley, \$0, K.W. Smith \$1,783. If not defined in the plan document, "normal retirement age" is the earliest time at which a participant may retire without any benefit reduction due to age (i.e., the age at which benefits are not reduced because of early retirement).

Defined Contribution Plans

Money Purchase Plan

A Money Purchase Plan was established by the Bank on January 1, 2001 to replace the defined benefit pension plan that was frozen effective June 9, 2001. Substantially all full-time employees of the Bank with one or more years of

Edgar Filing: FARMERS & MERCHANTS BANCORP - Form DEF 14A

service participate in the Money Purchase Plan, with the exception of employees that have reached age 55 and have accumulated 10 years of service who continue to accrue benefits under the Defined Benefit Pension Plan. Contributions to the Money Purchase Plan are made according to the predetermined set of criteria set forth in the Money Purchase Plan and the Board can terminate the plan at any time. The Bank contributed \$575,000 for the year ended December 31, 2003 and \$522,000 for the year ended December 31, 2002. Benefits pursuant to the Money Purchase Plan vest 0% during the first year of participation, 25% per full year thereafter and after five years such benefits are fully vested.

Profit Sharing Plan

Substantially all full-time employees of the Bank with one or more years of service also participate in a defined contribution profit sharing plan. Contributions to the profit sharing plan are made at the discretion of the Board of Directors and the Board can terminate the plan at any time. The Bank contributed \$635,000 in 2003 and \$625,000 in 2002. Benefits pursuant to the Profit Sharing Plan vest 0% during the first year of participation, 25% per full year thereafter and after five years such benefits are fully vested.

Effective January 20, 2004 for the plan year beginning January 1, 2004, solely for administrative purposes the Bank combined the Money Purchase and Profit Sharing Plans into one plan, called the Profit Sharing Plan. All benefits remain the same as under the individual plans.

Indexed Retirement Plan and Life Insurance Arrangements

During 2003, the Bank implemented an Indexed Retirement Plan for the benefit of each executive officer as well as certain other senior officers of the Bank. The Indexed Retirement Plan is a defined contribution supplemental executive retirement plan and was developed to supplement the Bank's qualified retirement program which has a ceiling on benefits as set by the Internal Revenue Service. Individuals whose compensation exceeded this ceiling did not receive a retirement benefit on these earnings. The Indexed Retirement Plan was designed to adjust for these limits and provide levels of total compensation that are competitive in the banking industry.

The Bank has also purchased single premium life insurance policies on the lives of the executive officers as well as certain other senior officers of the Bank. These policies provide: (1) financial protection to the Company in the event of the death of an officer and, (2) since the interest earned on the cash surrender value of the policies is tax free as long as the policies are used to finance employee benefits, significant income to the Bank to offset the expense associated with the Indexed Retirement Plan.

13

The Board has structured the Plan as a defined contribution plan to avoid the uncertain future financial liabilities that can exist under a defined benefit plan. An account is established for each participant that is credited annually with an amount based on the taxable equivalent earnings on the cash surrender value balances of the single premium life insurance policies purchased on each participant's life, net of: (1) the mortality charges associated with the policies, and (2) a minimum required return (defined under the Plan as the return on five year treasuries) to the Bank on these cash surrender value balances. The initial cash surrender value of the life insurance policies purchased for each participant was determined based upon the individual's compensation at the time they became a participant in the plan and the number of years of service remaining to age 65 so as to provide a supplemental retirement benefit equal to a portion of the participant's projected final pay with the Bank. Benefits become payable to participants after either: (1) the participant

Edgar Filing: FARMERS & MERCHANTS BANCORP - Form DEF 14A

has become vested and his or her employment at the Bank terminates (including retirement), or (2) there has been a "Change in Control" as defined in the Plan. The balance in each executive's account is 0% vested during the first five years of employment and becomes fully vested after five years of employment.

As compensation to each participant for agreeing to allow the Bank to purchase an insurance policy on his or her life, split dollar agreements have been entered into with each participant. These agreements provide for a division of the life insurance death proceeds between the Bank and each participant's designated beneficiary or beneficiaries. The dollar value of premiums relating to that portion of the death proceeds that would be payable to the executive's beneficiary or beneficiaries in the event of his or her death, is included in the executive's Salary in the Summary Compensation Table. As of December 31, 2003 a total of 19 employees had agreed to allow the Bank to purchase an insurance policy on their life.

As of December 31, 2003 the total cash surrender value balances of the insurance policies was \$33.7 million. Since the purchase of the first insurance policies in late 2001, the Bank has earned taxable equivalent income (assuming a 42.06% tax rate) on these policies of \$5.1 million, and recorded an expense of \$270,000 for the Indexed Retirement Plan. The Bank's total accrued liability under the Indexed Retirement Plan was \$270,000 as of December 31, 2003.

Deferred Bonus Plan

Each of the CEO and the other Executive Officers are participants under the Deferred Bonus Plan and are entitled to receive cash payments based on the long-term cumulative profitability of the Bank and its subsidiaries and a bonus factor determined for each participant. Deferred bonuses become payable to eligible participants after either the participant has become vested and his or her employment at the Bank terminates or there has been a "Change in Control" as defined in the Plan. Benefits pursuant to the Deferred Bonus Plan vest 0% during the first year of participation, 25% per full year thereafter and after five years such benefits are fully vested.

Under certain circumstances, in the event of termination of his employment, Mr. Haley may be entitled to receive severance compensation as set forth in his employment agreement up to an amount equal to his annual base salary.

The Bank has not entered into any other employment agreements.

Certain Relationships and Related Transactions

Certain Directors and executive officers of the Bank and the Company and corporations and other organizations associated with them and members of their immediate families were customers of and engaged in banking transactions, including loans, with the Bank in the ordinary course of business in 2003. Such loans were made on substantially the same terms, including interest rates and collateral, as those available at the time for similar transactions with other persons. These loans did not involve more than the normal risk of collection or have other unfavorable features.

Compensation Committee Interlocks and Insider Participation

Messrs. Schumacher, Sanguinetti, Corum and Adams, none of whom is or has been an officer or employee of the Company, served in 2003 as members of the Personnel Committee. During 2003, members of the Personnel Committee had loans or other extensions of credit outstanding from the Bank. These loans were made in the ordinary course of business and on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons. These loans are exempt from the loan prohibitions of the Sarbanes-Oxley Act of 2002 and did not involve more than the normal risk of collection or have other unfavorable features.

Indemnification

The Company's Certificate of Incorporation and By-Laws provide for indemnification of officers, Directors, employees and agents to the fullest extent permitted by Delaware law. Delaware law generally provides for the payment of expenses, including attorneys' fees, judgments, fines and amounts paid in settlement reasonably incurred by the indemnitees provided such person acted in good faith and in a manner he or she reasonably believed not to be opposed to the best interests of the corporation and with respect to any criminal action or proceeding if he or she had no reasonable cause to believe his or her conduct was unlawful. However, in derivative suits, if the suit is lost, no indemnification is permitted in respect of any claim as to which the prospective indemnitee is adjudged to be liable for misconduct in the performance of his or her duty to the Company and then only if, and only to the extent that, a court of competent jurisdiction determines the prospective indemnitee is fairly and reasonably entitled to indemnity for such expenses as the court deems proper. Finally, no indemnification may be provided in any action or suit in which the only liability asserted against a Director is pursuant to a statutory provision proscribing the making of loans, dividends, and distribution of assets under certain circumstances.

The provisions regarding indemnification may not be applicable under certain federal banking and securities laws and regulations.

Compliance with Section 16(a) of the Exchange Act

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's executive officers and Directors, and persons who own more than ten percent of a registered class of the Company's equity securities, to file reports of ownership on Forms 3, 4 and 5 with the Securities and Exchange Commission. Officers, Directors and greater than ten percent stockholders are required by regulation to furnish the Company with copies of all Forms 3, 4 and 5 they file. Based solely on the Company's review of the copies of such forms it has received, the Company believes that all of its officers and Directors complied with all filing requirements applicable to them with respect to transactions during 2003. The Company has no greater than ten percent stockholders.
