**Siebert Financial Corp. & Subsidiaries**  
**Notes to Condensed Consolidated Financial Statements**  
**Six Months Ended June 30, 2010 and 2009**  
**(Unaudited)**

**1. Organization and Basis of Presentation:**

The consolidated financial statements include the accounts of Siebert Financial Corp. (the Company) and its wholly owned subsidiaries Muriel Siebert & Co., Inc. (Siebert) and Siebert Women's Financial Network, Inc. (WFN). All material intercompany balances and transactions have been eliminated. Investment in two entities in which the Company has ownership interests of 49% and 33.33%, respectively, are accounted for by the equity method.

The condensed consolidated interim financial statements presented herein are unaudited and include all adjustments (consisting of normal recurring adjustments) which are, in the opinion of management, necessary for a fair presentation of the financial position and results of operations of the interim periods pursuant to the rules and regulations of the Securities and Exchange Commission (the SEC). Certain information and footnote disclosures normally included in annual financial statements prepared in accordance with generally accepted accounting principles (GAAP) in the United States of America (U.S.) have been condensed or omitted pursuant to the SEC rules and regulations, although the Company believes that the disclosures made are adequate to make the information not misleading. The balance sheet at December 31, 2009 has been derived from the audited consolidated statement of financial condition at that date, but does not include all information and footnotes required by U.S. GAAP for complete financial statements. These condensed consolidated financial statements should be read in conjunction with the consolidated financial statements included in the Company's Annual Report on Form 10-K for the year ended December 31, 2009. Because of the nature of the Company's business, the results of operations for the three and six months ended June 30, 2010 are not necessarily indicative of operating results for the full year.

**2. Securities Transactions:**

Securities owned are carried at fair value. Interest is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Siebert clears all its security transactions through two unaffiliated clearing firms on a fully disclosed basis. Accordingly, Siebert does not hold funds or securities for or owe funds or securities to its customers. Those functions are performed by the clearing firms.

Authoritative accounting guidance defines fair value, establishes a framework for measuring fair value and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between participants at the measurement date. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Financial assets and liabilities carried at fair value are classified and disclosed in one of the following three categories:

- Level 1 valued based on quoted prices at the measurement date for identical assets or liabilities trading in active markets.
- Level 2 quoted prices in active markets for similar assets and liabilities and inputs that are observable for the asset or liability.
- Level 3 valuations derived from valuation techniques in which one or more significant inputs is not readily observable.

Edgar Filing: SIEBERT FINANCIAL CORP - Form 10-Q

As of June 30, 2010, the classification of securities owned is as follows:

Securities owned	Level 1	Level 2	Total
Municipal bonds		\$ 1,385,000	\$ 1,385,000
Common stock	\$ 181,000		\$ 181,000
	\$ 181,000	\$ 1,385,000	\$ 1,566,000

Common stock is valued on the last business day of the period at the last available reported sales price on the primary securities exchange.

Municipal bonds are valued based on prices obtained from pricing sources, which derive values from observable inputs.

**3. Per Share Data:**

Basic earnings (loss) per share is computed using the weighted average number of common shares outstanding. Diluted earnings per share includes the effects of stock options utilizing the treasury stock method, only when such effect is dilutive.

The weighted average number of shares used in the basic and diluted earnings (loss) per share computations for the three and six months ended June 30, 2010 and 2009, together with excluded shares whose effect is anti-dilutive, are as follows (in thousands):

	Three Months Ended June 30,		Six Months Ended June 30,	
	2010	2009	2010	2009
Weighted average number of common shares outstanding as used in computation of basic per share data	22,177,524	22,195,886	22,179,801	22,197,658
Effect of dilutive securities - stock options	804	14,839		15,034
Shares used in computation of diluted per share data	22,178,328	22,210,725	22,179,801	22,212,692
Shares of underlying stock options not included in dilutive computation	1,689,700	1,727,200	1,689,700	1,727,200

**4. Net Capital:**

Siebert is subject to the Securities and Exchange Commission's Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital. Siebert has elected to use the alternative method, permitted by the rule, which requires that Siebert maintain minimum net capital, as defined, equal to the greater of \$250,000 or two percent of aggregate debit balances arising from customer transactions, pursuant to the Rule. As of June 30, 2010, Siebert had net capital of approximately \$22,455,000 as compared with net capital requirements of \$250,000.

**5. Capital Transactions:**

On January 22, 2008, the Board of Directors of the Company authorized a buy back of up to 300,000 shares of common stock. Shares will be purchased from time to time, at management's discretion, in the open market and in private transactions. During the six months ended June 30, 2010, the Company purchased 8,882 shares at an average price of \$2.32.

**6. Investment in and advances to affiliates:****Siebert, Brandford, Shank & Co., L.L.C. ( SBS )**

Siebert holds a 49% ownership interest in SBS which is engaged in municipal bond underwritings. Income from SBS is considered to be integral to Siebert's operations and material to the results of operations.

Summarized financial data of SBS is set forth below.

	2010	June 30,	2009
Total assets including secured demand note of \$1,200,000 in each period due from Siebert	\$ 26,916,000		
Total liabilities including subordinated liabilities of \$1,200,000 in each period due to Siebert	10,640,000		
Total members' capital	16,276,000

Three months ended:			
Total revenues	9,205,000		12,125,000
Net income	1,053,000		3,181,000

Siebert charged SBS \$38,000 for the six months ended June 30, 2010 and 2009, respectively, and \$19,000 for the three months ended June 30, 2010 and 2009, respectively, for general and administrative services, which Siebert believes approximates the cost of furnishing such services.

Siebert's share of net income of SBS for the three months ended June 30, 2010 and 2009 amounted to \$516,000 and \$1,559,000, respectively, and for the six months ended June 30, 2010 and 2009 amounted to \$1,831,000 and \$2,470,000, respectively.

Siebert's share of undistributed earnings from SBS amounted to \$7,583,000 at June 30, 2010. Such amount may not be immediately available for distribution to Siebert for various reasons including the amount of SBS's available cash, the provisions of the agreement among Siebert and the principals of SBS and SBS's continued compliance with its regulatory and net capital requirements.

#### **SBS Financial Products Company, LLC ( SBSFPC )**

The Company has a 33.33% ownership interest in, and the two individual principals of SBS have an aggregate 66.66% ownership interest in, SBSFPC which engages in derivatives transactions related to the municipal underwriting business. Income/(loss) from SBSFPC is considered to be integral to the Company's operations and material to the results of operations.

Summarized financial data of SBSFPC is set forth below.

	<b>June 30,</b>	
	<b>2010</b>	<b>2009</b>
Total assets	\$ 166,000,000	
Total liabilities	165,037,000	
Total members' capital	963,000	
Six months ended:		
Total revenues	74,000*	(442,000)*
Net income (loss)	(22,000)	(546,000)
Three months ended:		
Total revenues	(3,000)*	(288,000)*
Net income (loss)	4,000	(344,000)

\*Attributable to unrealized loss on derivative contracts.

The results of operations for the six months ended June 30, 2010 reflects a reduction of SBSFPC's previously reported net income of \$25,000 for the quarter ended March 31, 2010 to a net loss of \$26,000 resulting from a \$51,000 correction of unrealized gain on derivative contracts.

The Company's share of net loss of SBSFPC for the six months ended June 30, 2010 amounted to \$7,000. For the three months ended June 30, 2010, the Company reflected its share of SBSFPC's operations as a net loss of \$15,700 which includes a loss of \$17,000 attributable to the correction of SBSFPC's results for the quarter ended March 31, 2010 referred to above. Such correction was not material to the Company's results of operations for the quarter ended June 30, 2010 or March 31, 2010. The Company's share of net loss for the three months ended June 30, 2009 amounted to \$115,000 and for the six months ended June 30, 2009 amounted to \$182,000.

At June 30, 2010, SBSFPC had an accumulated loss of \$237,000 of which the Company's share was \$79,000.

#### **7. New Clearing Agreement:**

As part of the negotiations with one of the Company's clearing firms for a three year fully disclosed clearing agreement which was entered into on May 5, 2010, the Company resolved at \$3 million the amount due to the Company from the clearing firm on past transactions cleared for the Company. This amount is included in commission and fee income for the three and six months ended June 30, 2010.

#### **8. Contingent Liabilities:**

Retail customer transactions are cleared through clearing brokers on a fully disclosed basis. If customers do not fulfill their contractual obligations, the clearing broker may charge Siebert for any loss incurred in connection with the purchase or sale of securities at prevailing market prices to satisfy the customer obligations. Siebert regularly monitors the activity in its customer accounts for compliance with its margin requirements. Siebert is exposed to the risk of loss on unsettled customer transactions if customers are unable to fulfill their contractual obligations. There were no material losses for unsettled customer transactions for the six months ended June 30, 2010 and 2009.

Siebert is party to certain claims, suits and complaints arising in the ordinary course of business. In the opinion of management all such claims, suits and complaints are without merit, or involved amounts which would not have a significant effect on the financial position or results of operations of the Company.

**Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations**

This discussion should be read in conjunction with our audited consolidated financial statements as of and for the year ended December 31, 2009, and the unaudited consolidated financial statements and the notes thereto contained elsewhere in this Quarterly Report.

**Business Environment**

The financial crisis affecting the global economy has created historic volatility in the marketplace. Our working capital is invested primarily in money market funds, so that liquidity has not been materially affected. The crisis did have the effect of reducing participation in the securities market by our retail and institutional customers, which has had an adverse effect on our revenues. Competition in the brokerage industry remains intense. In view of the business environment, Siebert has reduced expenses and intends to continue its efforts to reduce occupancy costs and other operational expenses. Siebert will also consider opportunities, when they arise, to acquire additional customer accounts.

The following table sets forth certain metrics for the three and six months then ended.

<b>Retail Customer Activity:</b>	<b>For the Three Months ended June 30,</b>		<b>For the Six Months ended June 30,</b>	
	<b>2010</b>	<b>2009</b>	<b>2010</b>	<b>2009</b>
Total Retail Trades:	112,917	125,709	210,873	232,071
Average Commission per Retail trade:	\$ 24.36	\$ 25.56	\$ 24.73	\$ 25.28

**As of June 30,**

<b>Retail Customer Balances:</b>	<b>2010</b>	<b>2009</b>
Retail Customer Net Worth (in billions):	\$ 5.8	\$ 5.3
Retail Customer Money Market Fund Value (in billions):	\$ 1.0	\$ 1.1
Retail Customer Margin Debit Balances (in million):	\$ 176.5	\$ 124.6
Retail Customer Accounts with Positions:	50,331	54,604

Description:

Total retail trades represent retail trades that generate commission.

Average commission per retail trade represents the average commission generated for all types of retail customer trades.

Retail customer net worth represents the total value of securities and cash in the retail customer accounts before deducting margin debit balances.

Retail customer money market fund value represents all retail customers accounts invested in money market

funds.

Retail customer margin debit balances represents credit extended to our customers to finance their purchases against current positions.

Retail customer accounts with positions represents retail customers with a cash and or securities in their accounts.

Like other securities firms, we are directly affected by general economic and market conditions including fluctuations in volume and prices of securities, changes and prospects for changes in interest rates and demand for brokerage and investment banking services, all of which can affect our relative profitability. In periods of reduced market activity, profitability is likely to be adversely affected because certain expenses, including salaries and related costs, portions of communications costs and occupancy expenses remain relatively fixed. Earnings, or loss, for any period should not be considered representative of any other period.

### **Recent Developments**

As part of the negotiations with one of the company's clearing firms for a three year fully disclosed clearing agreement which was entered into on May 5, 2010, the Company resolved at \$3 million the amount due to the Company from the clearing firm on past transactions cleared for the Company. This amount is included in commission and fee income for the three and six months ended June 30, 2010.

On January 23, 2008, the Board of Directors of the Company authorized a buy back of up to 300,000 shares of common stock. During the six months ended June 30, 2010, the Company purchased 8,882 shares at an average price of \$2.32.

### **Critical Accounting Policies**

We generally follow accounting policies standard in the brokerage industry and believe that our policies appropriately reflect our financial position and results of operations. Our management makes significant estimates that effect the reported amounts of assets, liabilities, revenues and expenses and the related disclosure of contingent assets and liabilities included in the financial statements. The estimates relate primarily to revenue and expense items

in the normal course of business as to which we receive no confirmations, invoices, or other documentation at the time the books are closed for a period. We use our best judgment, based on our knowledge of these revenue transactions and expenses incurred, to estimate the amounts of such revenue and expense. We are not aware of any material differences between the estimates used in closing our books for the last five years and the actual amounts of revenue and expenses incurred when we subsequently receive the actual confirmations, invoices or other documentation. Estimates are also used in determining the useful lives of intangible assets, and the fair market value of intangible assets and securities. Our management believes that its estimates are reasonable.

## Results of Operations

We believe that our business reflects the current difficult business environment for discount and online and institutional brokers. We had net income of \$782,000 and net loss of \$412,000 for the three months and six months ended June 30, 2010, respectively.

### *Three Months Ended June 30, 2010 Compared to Three Months Ended June 30, 2009*

Total revenues for the three months ended June 30, 2010 were \$7.4 million, an increase of \$122,000 or 1.7% from the same period in 2009.

Commission and fee income for the three months ended June 30, 2010 was \$6.6 million, an increase of \$1.4 million or 27.8% from the same period in 2009 primarily due to recording \$3 million as commission and fee income as part of our negotiations with our primary clearing firm for a three year Fully Disclosed Clearing Agreement in the second quarter of 2010 as well as increases in margin debits due to higher margin debit balances and an increase in institutional trading offset by a decrease in commissions generated by retail customers due to a decrease in trading volumes.
