On January 28, 2004, Perryville Energy Partners LLC, a subsidiary of Cleco Corporation, entered into an agreement providing for the sale of its 718 megawatt power plant to a subsidiary of Entergy Corp. for approximately \$170 million. As part of the sales process, Perryville Energy Partners and Perryville Energy Holdings LLC, also a subsidiary of Cleco Corporation, filed voluntary petitions for protection under Chapter 11 of the U.S. Bankruptcy Code in the U.S. Bankruptcy Court for the Western District of Louisiana, Alexandria division. Completion of the sale is subject to obtaining necessary approvals from the bankruptcy court and state and federal regulators, the settlement of various project-related contracts, a final inspection by Entergy and satisfaction of other customary closing conditions. Entergy also entered into an agreement to buy the plant's output while the sales agreement is pending. The power contract is also subject to bankruptcy and regulatory approvals.

On January 28, 2004, Cleco Corporation issued a press release announcing the signing of the agreement providing for the sale of the Perryville power plant, the interim sale of the plant's output and the filing of voluntary petitions under Chapter 11 by Perryville Energy Partners and Perryville Energy Holdings, which press release is filed with this report as Exhibit 99.1.
