Item 8.01 Other Events.

Chemtura Corporation announced today that the European Commission (EC) has imposed a fine of Euros 13.6 million (approximately \$16 million) on the Company in connection with the EC's rubber chemicals investigation. Chemtura's continual cooperation with the EC throughout its investigation of conduct prior to October 2002 resulted in the Company receiving maximum leniency, a 50 percent reduction in its fine. The Company believes that this marks the end of coordinated investigations by the United States, Canada and the European Union that were first publicly announced in the fall of 2002.

Separately, Chemtura announced that it has settled rubber chemicals direct-purchaser, antitrust claims with claimants representing over half of the Company's relevant U.S. rubber chemicals sales and has also settled other antitrust-related civil matters for a combined total of approximately \$50 million.

In the fourth quarter of 2005 Chemtura will take a charge of approximately \$16 million for the EC fine and a charge of \$11 million to increase its previously established reserves for antitrust matters.

A copy of a press release announcing the action of the EC and the antitrust related settlements is attached hereto as Exhibit 99.1 and is incorporated by reference herein.
