**Item 2.06. Material Impairments.**

We have signed a memorandum of understanding, effective as August 12, 2005, with the states of California, Oregon and Washington, California's three largest investor-owned utilities and a number of other parties regarding the settlement of civil litigation and claims related to the sale of electricity in the California energy crisis of 2000 and 2001. For additional information, see our press release dated August 15, 2005, which is filed as an exhibit to this Form 8-K.

Because of the settlement, our management concluded that a pre-tax charge of approximately \$350 million will be recorded in the third quarter of 2005. The charge will include the impairment of our \$208 million net accounts receivable from the Cal ISO, California Power Exchange and the California Department of Water for Energy Sales. The impairment charge will not result in any significant future cash expenditures apart from the \$150 million payment (of which \$9 million had been previously recorded as a liability) to be provided in the definitive settlement agreement contemplated by the memorandum of understanding.
