Item 5.02. Departure of Directors or Principal Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

(e) On January 14, 2008, the Compensation Committee (the Committee) of the Board of Directors of Green Bankshares, Inc., a Tennessee corporation (the Company) approved the award to the Company's Chairman and Chief Executive Officer and President and Chief Operating Officer of restricted stock awards and stock appreciation rights to be settled in cash. Below is the number of restricted stock awards and stock appreciation rights awarded to these individuals:

Name	Title	Restricted Stock Awards	Stock Appreciation Rights
R. Stan Puckett	Chairman of the Board and Chief Executive Officer	2,571	2,571
Kenneth R. Vaught	President and Chief Operating Officer	2,571	2,571

The restricted stock awards contain forfeiture restrictions that lapse 20% per year on the anniversary of the award. The stock appreciation rights which were awarded pursuant to the terms of an award agreement previously filed also vest 20% per year and have a grant price equal to \$16.56 per share, the closing market price for the Company's common stock on the Nasdaq Global Select Market on the date of grant and will be settled in cash. The restricted stock awards, which were awarded pursuant to the Green Bankshares, Inc. 2004 Long-Term Incentive Plan (the Plan), vest upon the occurrence of a change in control, as defined in the Plan. Each recipient's restricted stock award agreement contains provisions dealing with, among other things, the effect, on the award, of the termination of the grantee's service as an employee of the Company whether by retirement, disability, death, or voluntary or involuntary termination; and the restricted stock award's transferability. The grantee will have the right to vote the restricted shares and to receive dividends paid by the Company on shares of Company common stock during the forfeiture period.

The form of restricted stock award agreement is filed herewith as Exhibit 10.1 and is incorporated herein by reference.
