FORWARD-LOOKING STATEMENTS

Certain statements included in this report constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 and the federal securities laws. Statements that include the words may, will, could, should, would, believe, anticipate, forecast, estimate, expect, preliminary, intend, plan, project, outlook and similar statements of a future or forward-looking nature identify forward-looking statements. You should not place undue reliance on these statements. These forward-looking statements include statements that reflect the current views of our senior management with respect to our financial performance and future events with respect to our business and industry in general. Forward-looking statements address matters that involve risks and uncertainties. Accordingly, there are or will be important factors that could cause our actual results to differ materially from those indicated in these statements. We believe that these factors include, but are not limited to, the risks related to the following:

- our post-restructuring financial condition, financing requirements and cash flow;
- the inability to provide assurance for the long-term continued viability of our business;
- limitations on our operating and strategic flexibility and the ability to operate our business, finance our capital needs or expand business strategies under the terms of our debt agreements;
- results from any failure to comply with the financial covenants and other restrictive covenants in our debt agreements;
- limited access to capital markets and increased borrowing costs resulting from our leveraged capital structure and recent debt ratings;
- reduced advertising spending by our clients and contract cancellations resulting from the current economic environment, which drives reduced revenues;
- competition from other yellow pages directory publishers and other traditional and new media and our ability to anticipate or respond to changes in technology and user preferences;
- declining use of print yellow pages directories by consumers;

Edgar Filing: SUPERMEDIA INC. - Form 10-Q

- our ability to complete the implementation of our plan of reorganization and the discharge of our Chapter 11 bankruptcy cases, including successfully resolving any remaining claims;
- any negative client, vendor, carrier and third-party responses resulting from the implementation of our confirmed plan of reorganization;
- the impact that the filing for and emerging from Chapter 11 bankruptcy has had and could continue to have on our business operations, financial condition, liquidity or cash flow;
- changes in the availability and cost of paper and other raw materials used to print our directories and our reliance on third-party providers for printing and distribution services;
- increased credit risk associated with our reliance on small- and medium-sized businesses as clients, in the current economic environment;
- changes in our operating performance;
- our ability to attract and retain qualified key personnel;
- our ability to maintain good relations with our unionized employees;
- changes in labor, business, political and economic conditions;
- changes in governmental regulations and policies and actions of regulatory bodies; and
- the outcome of pending or future litigation and other claims.

Table of Contents

The foregoing factors should not be construed as exhaustive and should be read together with the other cautionary statements included in this and other reports we file with the Securities and Exchange Commission, including the information in Item 1A. Risk Factors in Part I of our Annual Report on Form 10-K for the year ended December 31, 2009. If one or more events related to these or other risks or uncertainties materialize, or if our underlying assumptions prove to be incorrect, actual results may differ materially from what we anticipate. All forward-looking statements included in this report are expressly qualified in their entirety by these cautionary statements. The forward-looking statements speak only as of the date made and, other than as required by law, we undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

Notes to Consolidated Financial Statements

(Unaudited)

Note 1

General

SuperMedia Inc. and its subsidiaries (collectively, SuperMedia, We, Our, Us, Successor Company, or the Company) is one of the largest pages directories publishers in the United States as measured by revenues, and we believe that we have a strong presence in the online local search market. On December 31, 2009, the Company emerged from bankruptcy and changed its name to SuperMedia. SuperMedia is the successor company to Idearc Inc. (collectively, Idearc, or Predecessor Company) which filed for Chapter 11 protection under the United States Bankruptcy Code (the Bankruptcy Code) in March 2009. The terms SuperMedia, We, Our, Us, and the Company, when used in this report respect to the period prior to SuperMedia s emergence from bankruptcy, are references to Idearc, and when used with respect to the period commencing after SuperMedia s emergence, are references to SuperMedia. These references include the subsidiaries of SuperMedia Inc. or Idearc Inc.

On May 15, 2009, Idearc submitted a joint plan of reorganization and disclosure statement for consideration by the Bankruptcy Court and the affected creditors; on September 8, 2009, the Company filed its First Amended Joint Plan of Reorganization (the Amended Plan) with the Bankruptcy Court, which was later modified on November 19, 2009; on December 22, 2009, the Bankruptcy Court entered an order approving and confirming the Amended Plan; and, finally, on December 31, 2009, the Company emerged from bankruptcy and changed its name to SuperMedia. As a result of SuperMedia s emergence from Chapter 11 of the Bankruptcy Code, SuperMedia Inc. is the successor registrant to Idearc Inc. pursuant to Rule 12g-3 under the Securities Exchange Act of 1934.

We are the exclusive official publisher of Verizon Communications Inc. print directories in the markets in which Verizon is currently the incumbent local telephone exchange carrier. We use the Verizon brand on our print directories in these and other specified markets. We also have a number of agreements with FairPoint Communications Inc. in connection with the transfer by Verizon to FairPoint of certain local telephone exchange assets in Maine, New Hampshire and Vermont. These agreements included a publishing agreement, a branding agreement, and a non-competition agreement, each of which has a term expiring in 2036.

On July 1, 2010, Verizon completed the sale to Frontier Communications Corp. of its local telephone exchange assets in 14 states, including Arizona, Idaho, Illinois, Indiana, Michigan, Nevada, North Carolina, Ohio, Oregon, South Carolina, Washington, West Virginia, Wisconsin, and a small number of local telephone exchanges in California, including those bordering Arizona, Nevada and Oregon. In accordance with the terms of our commercial agreements with Verizon, Frontier has entered into publishing, branding and non-competition agreements on substantially the same terms with the Company for these local telephone exchanges, each of which has a term expiring in 2036.

Basis of Presentation

Edgar Filing: SUPERMEDIA INC. - Form 10-Q

The Company prepares its financial statements in accordance with accounting principles generally accepted in the United States (U.S. GAAP). Pursuant to the rules and regulations of the United States Securities and Exchange Commission (the SEC), the accompanying unaudited consolidated financial statements contain all adjustments, consisting of normal recurring items and accruals, necessary to fairly present the financial position, results of operations and cash flows of the Company. These unaudited interim financial statements do not contain all information and footnote disclosures normally included in financial statements prepared in accordance with U.S. GAAP and, as such, should be read in conjunction with the Company s Annual Report on Form 10-K for the year ended December 31, 2009. The results of operations for the three and six months ended June 30, 2010 are not necessarily indicative of operating results to be expected in future periods.

The Company adopted the guidance on financial reporting by entities that have filed petitions with the Bankruptcy Court from March 31, 2009, the Petition Date, until emergence from Chapter 11 Bankruptcy on December 31, 2009, the effective date of our Amended Plan. This guidance requires that the financial statements distinguish transactions and events that are directly associated with the reorganization from the ongoing operations of the business. Accordingly, certain expenses (including professional fees), realized gains and losses and provisions

Table of Contents

for losses that are realized from the reorganization process are classified as reorganization items in the consolidated statements of operations. The consolidated balance sheet at December 31, 2009 reflects the impact of the Amended Plan and the effects of the adoption of fresh start accounting. The consolidated financial statements for the periods ended prior to December 31, 2009 do not include the effect of any changes in the Company's capital structure and changes in fair value of assets and liabilities as a result of fresh start accounting. The historical financial statements of Idearc (Predecessor Company) are presented separately from SuperMedia (Successor Company) results in this report and future reports. As a result of the adoption of fresh start accounting on December 31, 2009, the post-emergence financial results are not comparable to our pre-emergence financial results.

The preparation of these financial statements requires management to make estimates and judgments that affect the reported amount of assets and liabilities, revenues and expenses, and related disclosure of contingent assets and liabilities at the date of the financial statements. Certain prior period amounts have been reclassified to conform to current year presentation.

Impact of Fresh Start Accounting

In connection with the adoption of fresh start accounting, the Company anticipates significant non-cash impacts to its 2010 results of operations. At December 31, 2009, the balances of deferred revenue and deferred directory costs were adjusted to their fair value of zero. As a result, approximately \$846 million of deferred revenue and \$215 million of deferred directory costs will not be recognized in our 2010 consolidated statement of operations which would have otherwise been recorded by the Predecessor. These non-cash fresh start adjustments will only impact our 2010 consolidated statement of operations, will not affect future years' results, and do not affect cash flows as client billing and collection activities remain unchanged.

In addition, at December 31, 2009, the fair values of certain intangible assets were increased in connection with the Company's adoption of fresh start accounting in the amount of \$555 million, resulting in anticipated amortization expense in 2010 of approximately \$111 million, which would not have been recorded by the Predecessor. For additional information on our fresh start accounting adjustments, see Note 2 to the consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2009.

Recent Accounting Pronouncements

In January 2010, the Financial Accounting Standards Board issued Accounting Standards Update 2010-06, *Fair Value Measurements and Disclosures (Topic 820): Improving Disclosures about Fair Value Measurements* (ASU 2010-06). ASU 2010-06 provides amendments to Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, by requiring new disclosures for transfers in and out of Levels 1 and 2 of the fair value measurement hierarchy, and expands disclosures related to activity in Level 3 fair value measurements. ASU 2010-06 also clarifies existing disclosures on the level of detail required for assets and liabilities measured at fair value from their respective line items on the statement of financial position, and the valuation techniques and inputs used in fair value measurements that fall within Level 2 or Level 3 of the fair value hierarchy. The provisions of ASU 2010-06 are effective for interim and annual reporting periods beginning after December 15, 2009, except for disclosure of information about sales, issuances and settlements on a gross basis for assets and liabilities classified as Level 3, which will be effective for reporting periods beginning after December 15, 2010. The Company has adopted the applicable provisions of ASU 2010-06 as required.

Note 2

Reorganization Items

During the three and six months ended June 30, 2010, the Company recorded reorganization items of \$1 million and \$3 million, respectively, in the consolidated statements of operations compared to \$9 million and \$405 million for the three and six months ended June 30, 2009, respectively. These items were recorded in accordance with provisions established by the applicable reorganization accounting rules. Reorganization items represent charges that are directly associated with the reorganization process under Chapter 11 of the Bankruptcy Code, and include certain expenses (including professional fees), realized gains and losses and provisions for losses resulting from the reorganization.

Table of Contents

The following table sets forth the reorganization items included in the consolidated statement of operations for the three and six months ended June 30, 2010 and 2009:

	Successor Company		Predecessor Company		Successor Company		Predecessor Company	
	Three Months Ended		Six Months Ended		Three Months Ended		Six Months Ended	
	June 30,		June 30,		June 30,		June 30,	
	2010		2009		2010		2009	
	(in millions)							
Fair value adjustment associated with interest rate swap derivatives	\$		\$		\$		\$	279
Write-off of deferred losses associated with interest rate swap derivatives				7				124
Other		1		2		3		2
Total reorganization items	\$	1	\$	9	\$	3	\$	405

Other reorganization expenses for the three and six months ended June 30, 2010 and 2009 primarily consist of professional fees directly associated with our Chapter 11 reorganization.

In March 2009 we filed for Chapter 11 Bankruptcy, which constituted an event of default under our then existing interest rate swap agreements. As a result, these interest rate swap agreements were no longer deemed financial instruments required to be remeasured at fair value each reporting period, but became liabilities which were recorded based on management's estimate of the amount to settle the obligations. This resulted in a non-cash charge of \$279 million that was recognized as a reorganization item in the accompanying consolidated statement of operations for the six months ended June 30, 2009.

During 2009, deferred losses in accumulated other comprehensive loss associated with the interest rate swaps were remeasured to reflect the component of forecasted interest rate payments that were likely to occur. This resulted in non-cash charges of \$7 million and \$124 million that represented a proportional reduction in cash flows based on the renegotiated lower underlying debt obligations, which were recognized as reorganization items in the accompanying consolidated statements of operations for the three months and six months ended June 30, 2009, respectively.

During the six months ended June 30, 2010 and 2009, the Company made cash payments associated with reorganization items of \$25 million and \$1 million, respectively. These payments were primarily for professional fees directly associated with the Chapter 11 reorganization.

Note 3**Restructuring**

During the three and six months ended June 30, 2010, the Company recorded \$2 million and \$4 million, respectively, of restructuring charges associated with its ongoing strategic organizational cost savings initiatives, compared to \$1 million and \$13 million for the three and six months ended June 30, 2009, respectively.

Edgar Filing: SUPERMEDIA INC. - Form 10-Q

The following table sets forth the restructuring costs that are included in general and administrative expense in the consolidated statements of operations for the three and six months ended June 30, 2010 and 2009:

	Successor Company		Predecessor Company	
	Three Months Ended		Six Months Ended	
	June 30,		June 30,	
	2010	2009	2010	2009
	(in millions)			
Severance pay and benefits	\$ 2	\$ 1	\$ 4	\$ 1
Capital restructuring – pre-petition				10
Facilities charges				1
Other				1
Total restructuring expense	\$ 2	\$ 1	\$ 4	\$ 13

Table of Contents

The following table sets forth the balance of the restructuring accrual at June 30, 2010 and details the changes in the accrued liability through the first six months of 2010:

	Beginning Balance at January 1, 2010		Restructuring Expense (in millions)		Payments		Ending Balance at June 30, 2010
Severance pay and benefits	\$ 4	\$	4	\$	(3)	\$	5

The Company anticipates there will be additional restructuring charges in subsequent periods.

Note 4**Earnings (Loss) Per Share**

Basic earnings (loss) per share are computed by dividing net income (loss) by the number of weighted-average common shares outstanding during the reporting period. Diluted earnings per share are calculated to give effect to all potentially dilutive common shares that were outstanding during the reporting period. Due to the reported net loss for the three and six months ended June 30, 2010 and the six months ended June 30, 2009, the effect of potentially dilutive common shares was anti-dilutive and therefore not included in the calculation of diluted earnings per share. There was no effect on earnings per share related to the potentially dilutive common shares for the three months ended June 30, 2009.

The following table sets forth the calculation of basic and diluted earnings (loss) per share for the three and six months ended June 30, 2010 and 2009:

	Successor Company		Predecessor Company	
	Three Months Ended June 30,		Six Months Ended June 30,	
	2010	2009	2010	2009
	(in millions, except per share amounts)			
Income (loss) available to common stockholders	\$ (83)	\$ 142	\$ (226)	\$ (101)
Weighted-average common shares outstanding	15	147	15	147
Basic and diluted earnings (loss) per share	\$ (5.55)	\$ 0.97	\$ (15.10)	\$ (0.69)

Participating securities are defined as unvested share-based payment awards that contain nonforfeitable rights to dividends or dividend equivalents (whether paid or unpaid) and are included in the computation of earnings per share pursuant to the two-class method. During 2010, certain employees and certain non-management directors were granted restricted stock awards, which entitles those participants to receive nonforfeitable dividends during the vesting period on a basis equivalent to the dividends paid to holders of the Company's common stock. As such, these unvested restricted stock awards met the definition of a participating security. At June 30, 2010, there were 428,985 such participating securities outstanding. Under the two-class method, all earnings, whether distributed or undistributed, are allocated to each class of common stock and participating securities based on their respective rights to receive dividends. However, none of the loss from continuing operations in the three and six months ended June 30, 2010, was allocated to these participating securities as these awards do not share in any

loss generated by the Company.

Table of Contents**Note 5****Additional Financial Information**

The tables that follow set forth additional financial information related to the Company's consolidated financial statements.

Balance Sheet

The following table sets forth additional information on accounts payable and accrued liabilities:

	At June 30, 2010	At December 31, 2009
	(in millions)	
Accounts payable and accrued liabilities:		
Accounts payable	\$ 19	\$ 39

Accrued interest	1	1
Accounts payable and accrued liabilities	\$ 173	\$ 232

Cash Flow

The following table sets forth additional information on cash flow for the six months ended June 30, 2010 and 2009:

	Successor Company Six Months Ended June 30, 2010	Predecessor Company Six Months Ended June 30, 2009
	(in millions)	
Cash paid:		
Income taxes, net of amounts refunded	\$ (93)	\$ 160
Interest, net	143	62

The Company received a federal income tax refund of \$94 million during the six months ended June 30, 2010 compared to making income tax payments during the same period of 2009.

Edgar Filing: SUPERMEDIA INC. - Form 10-Q

Interest paid, net was \$143 million and \$62 million for the six months ended June 30, 2010 and 2009, respectively. As a result of our bankruptcy filing on March 31, 2009, other than the adequacy protection payment and the allowed secured credit facility claim, the Company did not make any 2009 scheduled principal or interest payments after March 2009. See the Company's Annual Report on Form 10-K for the year ended December 31, 2009 for additional information.

Table of Contents**Comprehensive Income (Loss)**

The following table sets forth the computation of total comprehensive income (loss) for the three and six months ended June 30, 2010 and 2009:

	Successor Company		Predecessor Company		Successor Company		Predecessor Company	
	Three Months Ended		Six Months Ended		Three Months Ended		Six Months Ended	
	June 30,		June 30,		June 30,		June 30,	
	2010	2009	2010	2009	2010	2009	2010	2009
	(in millions)							
Net income (loss)	\$ (83)	\$ 142	\$ (226)	\$ (101)				
Other comprehensive income (loss), net of taxes:								
Reclassification adjustment associated with cash flow hedge losses realized in net income (loss)		4		100				
Adjustments for pension and post-employment benefits	2	(11)	2	(11)				
Other comprehensive income (loss), net of taxes	2	(7)	2	89				
Total comprehensive income (loss)	\$ (81)	\$ 135	\$ (224)	\$ (12)				

In 2009, deferred losses in accumulated other comprehensive income (loss) associated with the interest rate swap agreements were remeasured to reflect the component of forecasted interest payments that were likely to occur. This resulted in a non-cash charge of \$4 million and \$100 million for the three and six months ended June, 30, 2009, respectively.

As of June 30, 2010, the balance in accumulated other comprehensive income of \$2 million (net of tax of \$1 million) is associated with adjustments for pension and post-employment benefits.

The Company did not have any balances related to accumulated other comprehensive income at December 31, 2009.

Fair Values of Financial Instruments

The Company's financial assets or liabilities required to be measured at fair value on a recurring basis include cash and cash equivalents held in money market funds. At June 30, 2010, the Company's cash and cash equivalents were valued at \$300 million using Level 1 inputs where the fair value is based on quoted prices in active markets for identical assets. The fair values of trade receivables, short-term investments and accounts payable approximate their carrying amounts due to their short-term nature. The fair values of debt instruments are determined based on the observable market data of a private exchange.

The following table sets forth the carrying amount and fair value for total debt obligations at June 30, 2010 and December 31, 2009:

Intangible Assets

Intangible assets are recorded separately from goodwill if they meet certain criteria. In connection with the Company's adoption of fresh start accounting in December 2009, the Company recorded intangible assets related to client relationships, patented technologies (patents), and marketing-related intangible assets (trademarks, domain names and trade names). The fair value determination resulted in a \$555 million net increase in intangible assets on the Company's December 31, 2009 consolidated balance sheet. This increase in intangible assets will significantly increase the Company's amortization expense in 2010 and in future periods.

Table of Contents

The following table sets forth the details of intangible assets:

	At June 30, 2010			At December 31, 2009		
	Gross	Accumulated Amortization	Net	Gross	Accumulated Amortization	Net
Intangible assets:

Marketing-related intangibles	5		5	5		5
Total intangible assets	\$ 627	\$ 81	\$ 546	\$ 614	\$	\$ 614

Amortization expense for intangible assets was \$40 million and \$81 million for the three and six months ended June 30, 2010, respectively. Amortization expense for intangible assets was \$10 million and \$20 million for the three and six months ended June 30, 2009, respectively. Amortization expense is estimated to be \$156 million in 2010, \$138 million in 2011, \$124 million in 2012, \$100 million in 2013, and \$99 million in 2014 for intangible assets as of June 30, 2010.

Note 7**Debt Obligations**

The following table sets forth the Company's outstanding debt obligations:

	Interest Rates	Original Maturity	(in millions)	
			At June 30, 2010	At December 31, 2009
Senior secured term loans	ABR+ 7.00%	2015	\$ 2,573	\$ 2,750
Total debt obligations			2,573	2,750
Less current maturities of long-term debt			2	
Long-term debt			\$ 2,571	\$ 2,750

On December 31, 2009, the Company emerged from bankruptcy and entered into a Loan Agreement with certain financial institutions and JPMorgan Chase Bank, N.A., as administrative agent and collateral agent, providing for the issuance of \$2,750 million of senior secured term loans, which were issued on December 31, 2009 in partial satisfaction of the amounts outstanding under the Company's pre-petition senior secured credit facilities. The administrative agent and such financial institutions were the administrative agent and the lenders under the Company's pre-petition senior secured credit facilities. See the Company's Annual Report on Form 10-K for the year ended December 31, 2009 for additional information.

Senior Secured Term Loan Agreement

Edgar Filing: SUPERMEDIA INC. - Form 10-Q

The senior secured term loans bear interest at an annual rate equal to, at the Company's option, either (i) the Alternative Base Rate (ABR) plus an Applicable Margin, or (ii) adjusted London Inter-Bank Offered Rate (LIBOR) plus an Applicable Margin. The Applicable Margin is 7.0% for loans with interest rates determined by reference to the ABR and 8.0% for loans with interest rates determined by reference to adjusted LIBOR. The senior secured term loans have a floor interest rate of 4.0% in the case of ABR and 3.0% in the case of LIBOR. As long as interest rates remain at or below 4.0% for ABR and 3.0% for LIBOR, which is currently the case, our minimum effective interest rate will be 11.0%.

All of the Company's present and future domestic subsidiaries (other than certain insignificant subsidiaries) are guarantors under the Loan Agreement. In addition, the obligations under the Loan Agreement are secured by a lien on substantially all of the Company's and its domestic subsidiaries' tangible and intangible assets, including a mortgage on certain real property.

Debt Covenants and Maturities

As of June 30, 2010, the Company is in compliance with all of the covenants of its Loan Agreement.

Table of Contents

The Company has a mandatory payment due after each fiscal quarter prior to the December 31, 2015 maturity date on the outstanding senior secured term loans in an aggregate amount equal to 67.5% of the amount of any increase in the Company's Available Cash, as defined in the Loan Agreement. The Company has the right to make early payments on the senior secured term loans in whole or in part, from time to time, without premium or penalty, subject to specified requirements as to size and manner of payment. In 2011, the Company will have the ability to repay debt below par if certain criteria as detailed in the Loan Agreement are met.

In the three months ended June 30, 2010, the Company made principal payments totaling \$177 million, including a \$55 million mandatory principal payment related to the three months ended March 31, 2010 and a \$122 million estimated mandatory principal payment related to the three months ended June 30, 2010, which was due in August 2010. In July 2010, the Company finalized the second quarter mandatory payment calculation and made an additional principal payment of \$2 million.

Note 8**Employee Benefits***Pension and Other Post-Employment Benefit Costs*

The Company provides pension and post-employment benefits for many of its employees. The Company's pension plans are noncontributory defined benefit pension plans. The post-employment health care and life insurance plans for the Company's retirees and their dependents are both contributory and noncontributory and include a limit on the Company's share of cost for recent and future retirees.

Net Periodic Benefit Cost (Income)

The following tables set forth the net periodic benefit costs (income) related to the Company's pension and post-employment health care and life insurance plans for the three and six months ended June 30, 2010 and 2009:

Savings Plan Benefits

The Company sponsors a defined contribution savings plan to provide opportunities for eligible employees to save for retirement on a tax-deferred basis. Substantially all of the Company's employees are eligible to participate in the plan. Under the plan, a certain percentage of eligible employee contributions are matched with Company cash allocated to the participants' current investment elections. The Company recognizes savings plan expenses based on its matching obligation attributable to participating employees. For the three and six months ended June 30, 2010, the Company recorded total savings plan expenses of \$4 million and \$10 million, respectively. For the three and six months ended June 30, 2009, the Company recorded total savings plan expenses of \$6 million and \$12 million, respectively.

Severance Benefits

For the three and six months ended June 30, 2010, the Company paid severance benefits of \$2 million and \$3 million, respectively. For the three and six months ended June 30, 2009, the Company paid severance benefits of \$1 million and \$3 million, respectively. These payments primarily related to restructuring.

Note 9**Stock-Based Compensation**

In accordance with our plan of reorganization, the 2009 Long-Term Incentive Plan was approved and became effective on December 31, 2009 (the 2009 Plan). Upon the Company's emergence from bankruptcy, all Predecessor stock-based compensation plans were cancelled. Since the 2009 Plan was approved pursuant to the plan of reorganization, it is not required to be subsequently approved by the Company's stockholders. The 2009 Plan provides for several forms of incentive awards to be granted to designated eligible employees, non-management directors, consultants and independent contractors providing services to the Company. The maximum number of shares of SuperMedia common stock authorized for issuance under the 2009 Plan is 1,500,000. During 2010, the Company granted equity awards under the 2009 Plan to certain employees and to certain of our non-management directors.

Restricted Stock

The 2009 Plan provides for grants of restricted stock. These awards are classified as equity awards based on the criteria established by the applicable accounting rules for stock-based compensation. The fair value of the restricted stock awards was determined based on the price of SuperMedia common stock on the date of grant.

On March 12, 2010, certain employees were granted restricted stock awards as part of the Company's 2009 long-term incentive compensation program. The restricted stock vests over three years in equal installments of one-third on the first, second, and third anniversaries of the grant date. All unvested shares of restricted stock will immediately terminate upon the employee's termination of employment with the Company for any reason on or before the third anniversary date of the award, except that the Human Resources Committee of the Company, at its sole option and election, may permit the unvested shares not to terminate if the employee is terminated without cause. If a change in control occurs on or before the third anniversary of the grant date, all unvested shares of restricted stock will immediately vest. Grant award recipients would receive all regular cash dividends if the Company were to declare dividends.

Grants of 79,000 restricted stock awards provided to the Company's chief executive officer are not subject to the above restrictions and will immediately vest upon a change in control, termination for good reason, without cause, or due to death or disability. All unvested shares of restricted stock will immediately terminate upon the

Table of Contents

termination of employment with the Company for any reason not set forth in the previous sentence, including, without limitation, termination for cause. If the Company declares and pays dividends on outstanding shares, these awards will receive dividend equivalent restricted stock units. Dividend equivalents are subject to the same vesting, forfeiture and other terms applicable to the corresponding restricted stock awards and will be settled in the form of an equivalent number of shares if and when the corresponding restricted shares become vested.

Certain of the Company's non-management directors were granted restricted stock awards that vest on December 31, 2010. All unvested shares of restricted stock will immediately terminate if a non-management director ceases to be a member of the board of directors of the Company on or before December 31, 2010. If a change in control occurs on or before December 31, 2010, all unvested shares of restricted stock will immediately vest. Grant award recipients would receive all regular cash dividends if the Company were to declare dividends.

A portion of the costs related to these awards is included in the Company's compensation expense for the three and six months ended June 30, 2010.

Changes in the Company's outstanding restricted stock awards were as follows:

	Restricted Stock Awards	Weighted-Average Grant-Date Fair Value
Outstanding restricted stock at January 1, 2010	\$	
Granted	510,100	38.07
Vested		
Forfeitures	(2,115)	37.98
Outstanding restricted stock at June 30, 2010	507,985	\$ 38.07

Restricted Stock Units

The 2009 Plan provides for grants of restricted stock units (RSUs) that can be settled in cash, shares of SuperMedia common stock or a combination thereof. These awards are classified as either liability or equity awards based on the criteria established by the applicable accounting rules for stock-based compensation.

On March 12, 2010, certain non-management directors were granted an award of RSUs that vest over three years in equal installments of one-third on the first, second, and third anniversaries of the grant date. If a director ceases to be a member of the board of directors of the Company on or before the third anniversary date of the award, the RSUs will vest on a prorated basis by dividing the number of days commencing on the anniversary vesting date or date of award, as applicable, and ending on the date of separation from service by, (i) 1,095 days if the date of separation from service occurs prior to the first anniversary date of the award, (ii) 730 days if the date of separation from service occurs after the first anniversary date of the award but before the second anniversary date of the award, and (iii) 365 days if the date of separation from service occurs after the second anniversary date of the award but before the third anniversary date of the award, and the number of RSUs remaining will immediately terminate. If a change in control occurs on or before the third anniversary date of the award, all unvested shares of restricted stock will immediately vest.

Edgar Filing: SUPERMEDIA INC. - Form 10-Q

The fair value of the RSUs was determined based on the price of SuperMedia common stock on the date of grant. These RSUs are to be settled in stock, and therefore, classified as an equity award. No dividends are payable on the RSUs. However, dividend equivalents, equal to the amount of the dividend that would have been paid on an equivalent number of shares of SuperMedia common stock, are granted in the form of additional RSUs. The dividend equivalent RSUs are subject to the same vesting, forfeiture and other terms and conditions applicable to the RSUs.

A portion of the cost of this award is included in the Company's compensation expense for the three and six months ended June 30, 2010.

Table of Contents

Changes in the Company's outstanding restricted stock units were as follows:

	Restricted Stock Units		Weighted- Average Fair Value
Outstanding RSUs at January 1, 2010		\$	
Granted	9,219		37.98

Stock-Based Compensation Expense

Compensation expense recognized for the three and six months ended June 30, 2010, related to stock-based compensation was \$2 million. For the three and six months ended June 30, 2009, compensation expense related to stock-based compensation awards was \$2 million and \$5 million, respectively. These costs are recorded as part of general and administrative expense on the consolidated statements of operations.

As of June 30, 2010, unrecognized compensation expense related to the unvested portion of the Company's restricted stock and restricted stock unit awards was approximately \$15 million and is expected to be recognized over a weighted-average period of approximately 2.7 years.

Note 10**Income Taxes**

Income taxes for the six months ended June 30, 2010 and 2009 have been included in the accompanying consolidated financial statements on the basis of an estimated annual effective tax rate. In determining the estimated annual effective tax rate, the Company included interest expense and the tax effect of other one-time discrete items. The Company anticipates the effective tax rate, including interest expense and other one-time discrete items, to approximate 36% for 2010. Our effective tax rate for 2010 may be subject to changes in future periods. The full year effective tax rate for 2009 was 4.3% primarily due to reorganization items recorded in 2009.

On March 23, 2010 the Patient Protection and Affordable Care Act was signed into law, which was amended on March 30, 2010 by the Health Care and Education Reconciliation Act of 2010. These Acts include provisions that eliminate a future tax deduction related to Medicare Part D subsidies received on or after January 1, 2013. This change in tax law required the Company in March 2010 to record a non-cash income tax charge of \$7 million to reduce the associated deferred tax asset.

Note 11

Legal Proceedings

The Company is subject to various lawsuits and other claims in the normal course of business. In addition, from time to time, the Company receives communications from government or regulatory agencies concerning investigations or allegations of noncompliance with laws or regulations in jurisdictions in which the Company operates.

The Company has established reserves for the estimated losses on specific contingent liabilities, for certain regulatory and legal actions where the Company deems a loss to be probable and the amount of the loss can be reasonably estimated. In other instances, the Company is not able to make a reasonable estimate of liability because of the uncertainties related to the outcome and/or the amount or range of loss. The Company does not expect that the ultimate resolution of pending regulatory and legal matters in future periods, including the matters described below, will have a material effect on its statement of operations.

In October 2007, the Company received a proposed assessment from the State of New York related to sales and use tax on printing and mailing charges. The proposed assessment relates to the audit period March 1998 through May 2005. On May 5, 2008, the State of New York issued a notice of determination to the Company for approximately \$28 million. The Company filed its response on July 25, 2008. On October 1, 2009, the State of New York issued another notice of determination for sales and use tax for the period June 2005 to June 2009, for approximately \$26 million. The tax allegedly due as asserted by the State is related to sales and use tax on printing

Table of Contents

and mailing charges. The Company filed its response asserting its disagreement with the second notice of determination. The State of New York also sent individual notices of determination to past and current Company officers. The Company has filed its response to those individual notices as well. All the matters against the Company and the individuals have been stayed until final resolution of a proposed assessment by New York against Yellow Book of New York Inc. regarding the same issue.

On April 20, 2009, a lawsuit was filed in the district court of Tarrant County, Texas, against certain of the Company's officers and directors (but not against the Company or its subsidiaries) on behalf of Jack B. Corwin as Trustee of The Jack B. Corwin Revocable Trust, and Charitable Remainder Stewardship Company of Nevada, and as Trustee of the Jack B. Corwin 2006 Charitable Remainder Unitrust. The suit generally alleges that at various times in 2008 and 2009, the named Company officers and directors made false and misleading representations, or failed to state material facts which made their statements misleading, regarding the Company's financial performance and condition. The suit brings fraud and negligent misrepresentation claims and alleges violations of the Texas Securities Act and Section 27 of the Texas Business Commerce Code. The plaintiffs seek unspecified compensatory damages, exemplary damages, and reimbursement for litigation expenses. On June 3, 2009, the plaintiffs filed an amended complaint with the same allegations adding two additional Company directors as party defendants. On June 10, 2010, the court in the Buettgen matter discussed below granted the Company's motion staying the discovery in the Corwin case pursuant to the provisions of the Private Securities Litigation Reform Act. The Company plans to honor its indemnification obligations and vigorously defend the lawsuits on the defendants' behalf.

On April 30, 2009, May 21, 2009 and June 5, 2009, three separate class action securities lawsuits were filed in the U.S. District Court for the Northern District of Texas, Dallas Division, against certain of the Company's current and former officers (but not on the Company or its subsidiaries). The suits were filed by Jan Buettgen, John Heffner, and Alan Goldberg as three separate named plaintiffs on behalf of purchasers of the Company's common stock between August 10, 2007, and March 31, 2009, inclusive. On May 22, 2009, a putative class action securities lawsuit was filed in the U.S. District Court for the Eastern District of Arkansas, against two of the Company's current officers (but not on the Company or its subsidiaries). The suit was filed by Wade L. Jones on behalf of purchasers of the Company's bonds between March 27, 2008, and March 30, 2009, inclusive. On August 18, 2009, the Wade Jones case from Arkansas federal district court was transferred to be consolidated with this case. The complaints are virtually identical and generally allege that the defendants violated federal securities laws by issuing false and misleading statements regarding the Company's financial performance and condition. Specifically, the complaints allege violations by the defendants of Section 10(b) of the Exchange Act, Rule 10b-5 under the Exchange Act, and Section 20 of the Exchange Act. The plaintiffs are seeking unspecified compensatory damages and reimbursement for litigation expenses. A class has not been certified. Since the filing of the complaints, all four cases have been consolidated into one court in the Northern District and a lead plaintiff and lead plaintiffs attorney has been selected. On April 12, 2010, the Company filed a motion to dismiss the entire complaint. The briefing on the motion is complete and the Company awaits the order of the Court. The Company plans to honor its indemnification obligations and vigorously defend the lawsuits on the defendants' behalf.

On November 25, 2009, three former Bell retirees brought a class action in the U.S. District Court for the Northern District of Texas, Dallas Division, against both the Verizon benefit committee and the Company benefit committee. All three named plaintiffs are receiving the single life monthly annuity pension benefits. All complain that Verizon transferred them against their will from the Verizon pension plans to the Company pension plans at or near the spin-off. The complaint alleges that both the Verizon and Company defendants failed to provide requested plan documents, which would entitle the plaintiffs to statutory penalties under the Employee Retirement Income Security Act (ERISA); that both the Verizon and the Company defendants breached their fiduciary duty for refusal to disclose pension plan information; and other class action counts aimed directly at the Verizon defendants. The plaintiffs seek class action status, statutory penalties, damages and a reversal of the employee transfers. The Company has waived issuance of citation and filed its motion to dismiss the entire complaint on March 10, 2010. The briefing on the motion is complete and the Company awaits the order of the Court.

On December 10, 2009, a former employee with a history of litigation against the Company, filed a class action in the U.S. District Court for the Northern District of Texas, Dallas Division, against certain of the Company's current and former officers, directors and members of the Company Employee Benefits Committee. The complaint attempts to recover alleged losses to the various savings and pension plans that were allegedly caused by the breach of fiduciary duties in violation of ERISA of the defendants in administering the plans from November 17, 2006 to

Edgar Filing: SUPERMEDIA INC. - Form 10-Q

March 31, 2009. The complaint alleges that the defendants wrongfully allowed all the plans to invest in Idearc common stock, alleges that the defendants made material misrepresentations regarding the Company's financial performance and condition, alleges the defendants had divided loyalties, alleges the defendants mismanaged the plan

Table of Contents

assets, and alleges certain defendants breached their duty to monitor and inform the committee members of required disclosures. The plaintiffs are seeking unspecified compensatory damages and reimbursement for litigation expenses. A class has not been certified. The plaintiffs have filed a consolidated complaint. The Company filed a motion to dismiss the entire complaint on June 22, 2010. The briefing on the motion will follow. The Company plans to honor its indemnification obligations and vigorously defend the lawsuit on the defendants' behalf.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

Overview

SuperMedia Inc. and its subsidiaries (collectively, SuperMedia, We, Our, Us, Successor Company, or the Company) is one of the largest pages directories publishers in the United States as measured by revenues, and we believe that we have a strong presence in the online local search market. On December 31, 2009, the Company emerged from bankruptcy and changed its name to SuperMedia. SuperMedia is the successor company to Idearc Inc. (collectively, Idearc, or Predecessor Company) which filed for Chapter 11 protection under the United States Bankruptcy Code (the Bankruptcy Code) in March 2009. The terms SuperMedia, We, Our, Us, and the Company, when used in this report respect to the period prior to SuperMedia's emergence from bankruptcy, are references to Idearc, and when used with respect to the period commencing after SuperMedia's emergence, are references to SuperMedia. These references include the subsidiaries of SuperMedia Inc. or Idearc Inc.

On May 15, 2009, Idearc submitted a joint plan of reorganization and disclosure statement for consideration by the Bankruptcy Court and the affected creditors; on September 8, 2009, the Company filed its First Amended Joint Plan of Reorganization (the Amended Plan) with the Bankruptcy Court, which was later modified on November 19, 2009; on December 22, 2009, the Bankruptcy Court entered an order approving and confirming the Amended Plan; and, finally, on December 31, 2009, the Company emerged from bankruptcy and changed its name to SuperMedia. As a result of SuperMedia's emergence from Chapter 11 of the Bankruptcy Code, SuperMedia Inc. is the successor registrant to Idearc Inc. pursuant to Rule 12g-3 under the Securities Exchange Act of 1934.

We are the exclusive official publisher of Verizon Communications Inc. print directories in the markets in which Verizon is currently the incumbent local telephone exchange carrier. We use the Verizon brand on our print directories in these and other specified markets. We also have a number of agreements with FairPoint Communications Inc. in connection with the transfer by Verizon to FairPoint of certain local telephone exchange assets in Maine, New Hampshire and Vermont. These agreements included a publishing agreement, a branding agreement, and a non-competition agreement, each of which has a term expiring in 2036.

On July 1, 2010, Verizon completed the sale to Frontier Communications Corp. of its local telephone exchange assets in 14 states, including Arizona, Idaho, Illinois, Indiana, Michigan, Nevada, North Carolina, Ohio, Oregon, South Carolina, Washington, West Virginia, Wisconsin, and a small number of local telephone exchanges in California, including those bordering Arizona, Nevada and Oregon. In accordance with the terms of our commercial agreements with Verizon, Frontier has entered into publishing, branding and non-competition agreements on substantially the same terms with the Company for these local telephone exchanges, each of which has a term expiring in 2036.

Basis of Presentation

Pursuant to the rules and regulations of the United States Securities and Exchange Commission (the SEC), the accompanying unaudited consolidated financial statements contain all adjustments, consisting of normal recurring items and accruals, necessary to fairly present the financial position, results of operations and cash flows of SuperMedia Inc. and its subsidiaries. These interim financial statements do not contain all information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States (U.S. GAAP), and should be read in conjunction with the Company's Annual Report on Form 10-K for the year

Edgar Filing: SUPERMEDIA INC. - Form 10-Q

ended December 31, 2009. The results for the three and six months ended June 30, 2010 are not necessarily indicative of our operating results to be expected in future periods.

The Company adopted the guidance on financial reporting by entities that have filed petitions with the Bankruptcy Court from March 31, 2009, the Petition Date, until emergence from Chapter 11 Bankruptcy on December 31, 2009, the Effective Date. This guidance requires that the financial statements distinguish transactions and events that are directly associated with the reorganization from the ongoing operations of the business. Accordingly, certain expenses (including professional fees), realized gains and losses and provisions for losses that are realized from the reorganization process are classified as reorganization items in the consolidated statements of operations. The consolidated balance sheet at December 31, 2009 reflects the impact of the Amended Plan and the effects of the adoption of fresh start accounting. The consolidated financial statements for the periods ended prior to December 31, 2009 do not include the effect of any changes in the Company's capital structure and changes in fair value of assets and liabilities as a result of fresh start accounting. The historical financial statements of Idearc

Table of Contents

(Predecessor Company) are presented separately from SuperMedia (Successor Company) results in this report and future reports. As a result of the adoption of fresh start accounting on December 31, 2009, the post-emergence financial results are not comparable to our pre-emergence financial results.

The preparation of these financial statements requires management to make estimates and judgments that affect the reported amount of assets and liabilities, revenues and expenses, and related disclosure of contingent assets and liabilities at the date of the financial statements. Certain prior period amounts have been reclassified to conform to current period presentation.

Impacts of Fresh Start Accounting on 2010 Results

In connection with the adoption of fresh start accounting, the Company anticipates significant impacts to its 2010 results of operations. At December 31, 2009, the balances of deferred revenue and deferred directory costs were adjusted to their fair value of zero. As a result, approximately \$846 million of deferred revenue and \$215 million of deferred directory costs will not be recognized in our 2010 consolidated statement of operations which would have otherwise been recorded by the Predecessor. These non-cash fresh start adjustments will only impact our 2010 consolidated statement of operations, will not affect future years' results, and do not affect cash flows as client billing and collection activities remain unchanged.

In addition, at December 31, 2009, the fair values of certain intangible assets were increased in connection with the Company's adoption of fresh start accounting in the amount of \$555 million, resulting in anticipated amortization expense in 2010 of approximately \$111 million, which would not have been recorded by the Predecessor. For additional information on our fresh start accounting adjustments, see Note 2 to our consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2009.

As a result of the implementation of fresh start accounting, approximately \$265 million of revenue and \$66 million of directory and sales commissions costs were not recognized in the three months ended June 30, 2010, which would have otherwise been recorded by the Predecessor. For the six months ended June 30, 2010, approximately \$644 million of revenue and \$158 million of directory and sales commissions costs were not recognized, which would have otherwise been recorded by the Predecessor. In addition, the fair values of certain intangible assets were increased in association with fresh start accounting, resulting in amortization expense in the three and six months ended June 30, 2010 of \$28 million and \$56 million, respectively, which would not have been recorded by the Predecessor.

Advertising Sales

Our advertising sales have continued to decline due to weaker economic conditions and competition from other advertising media. These declines in advertising sales will impact revenue throughout 2010 due to the amortization method of accounting. For the three and six months ended June 30, 2010, net advertising sales declined 16.9% and 18.9%, respectively, compared to the same periods in 2009.

Results of Operations

We emerged from Chapter 11 and adopted fresh start accounting on December 31, 2009. As a result of the application of fresh start accounting, the Successor Company's financial statements are not comparable with the Predecessor Company's financial statements. However, for purposes of discussion of the results of operations, the three and six months ended June 30, 2010 have been compared to the three and six months ended June 30, 2009 as included in our consolidated statements of operations. In this discussion, we disclose the fresh start accounting and other impacts on our results of operations that vary from historical Predecessor Company periods to aid in the understanding of our financial performance. The implementation of fresh start accounting at December 31, 2009, which included adjustments to deferred revenue and deferred directory costs as required by U.S. GAAP, has had and will continue to have a significant non-cash impact on our future consolidated results of operations, but will have no impact on the underlying cash, working capital assumptions or operation of our business.

The financial information and the discussion below should be read in conjunction with the accompanying consolidated financial statements and notes thereto. The operating results for any quarter are not necessarily indicative of results to be expected for any future period.

Operating Revenue

Operating revenue of \$247 million for the three months ended June 30, 2010 decreased \$404 million, or 62.1%, compared to \$651 million for the three months ended June 30, 2009. This decline was due primarily to the impacts of fresh start accounting, reduced advertiser renewals reflecting a weak economy, and continued competition from other advertising media (including cable television, newspaper, radio and the Internet), partially offset by the addition of new advertisers, increases in advertiser spending and revenue from new offerings. Our operating revenue for the three months ended June 30, 2010 was significantly impacted by the exclusion of approximately \$265 million of amortized revenue resulting from the implementation of fresh start accounting, that would have been recognized by our Predecessor Company.

Operating Expense

Operating expense of \$308 million for the three months ended June 30, 2010 decreased \$127 million, or 29.2%, compared to \$435 million for the three months ended June 30, 2009 for the reasons described below.

Edgar Filing: SUPERMEDIA INC. - Form 10-Q

Selling. Selling expense of \$113 million for the three months ended June 30, 2010 decreased \$51 million, or 31.1%, compared to \$164 million for the three months ended June 30, 2009. This decrease resulted primarily from the impacts of fresh start accounting, lower employee related costs and sales commissions, partially offset by higher advertising costs associated with our national advertising program. Over the course of the year, we anticipate our advertising spending to approximate 2009 levels. Our selling expense for the three months ended June 30, 2010 was significantly impacted by the exclusion of approximately \$33 million of the amortized effect of deferred sales commissions due to our implementation of fresh start accounting, that would have been recognized by our Predecessor Company.

Cost of Sales. Cost of sales of \$103 million for the three months ended June 30, 2010 decreased \$45 million, or 30.4%, compared to \$148 million for the three months ended June 30, 2009. This decrease was primarily due to the impacts of fresh start accounting and reduced printing and distribution costs. Our cost of sales expense for the three months ended June 30, 2010 was significantly impacted by the exclusion of approximately \$33 million of the amortized effect of printing and distribution costs due to our implementation of fresh start accounting, that would have been recognized by our Predecessor Company.

General and Administrative. General and administrative expense of \$45 million for the three months ended June 30, 2010 decreased \$61 million, or 57.5%, compared to \$106 million for the three months ended June 30, 2009. The decrease was driven by lower bad debt, lower settlement losses in 2010 associated with our pension plans, and

Table of Contents

reduced employee related costs. In addition, a \$16 million expense reduction related to the favorable non-recurring, non-cash resolution of state tax claims was recorded in the three months ended June 30, 2010. Bad debt expense of \$18 million for the three months ended June 30, 2010, decreased by \$42 million, or 70.0%, compared to \$60 million for the three months ended June 30, 2009. Bad debt expense as a percent of total operating revenue was 7.3% for the three months ended June 30, 2010 compared to 9.2% for the three months ended June 30, 2009. Our general and administrative expense for the three months ended June 30, 2010 was significantly impacted by the exclusion of approximately \$22 million of bad debt expense due to our lower revenue associated with the implementation of fresh start accounting at December 31, 2009, that would have been recognized by our Predecessor Company.

Depreciation and Amortization. Depreciation and amortization expense of \$47 million for the three months ended June 30, 2010 increased \$30 million, or 176.5%, compared to \$17 million for the three months ended June 30, 2009. This increase was primarily due to the amortization of intangible assets of \$28 million related to client relationships, patented technologies (patents) and marketing-related intangible assets (trademarks, domain names and trade names), which were recorded at December 31, 2009 in connection with our adoption of fresh start accounting. This increase in intangible assets will significantly increase our amortization expense throughout the remainder of 2010.

Interest Expense (Income), net

Interest expense, net of interest income, of \$71 million for the three months ended June 30, 2010 increased \$74 million, compared to interest income of (\$3) million for the three months ended June 30, 2009. We recorded \$74 million of interest expense associated with our new debt obligations during the three months ended June 30, 2010. As a result of our bankruptcy filing in 2009, interest associated with our then existing debt and interest rate swap agreements was not accrued during the three months ended June 30, 2009.

Reorganization Items

We recorded \$1 million of reorganization items for the three months ended June 30, 2010 primarily related to professional fees associated with our bankruptcy, as compared to \$9 million for the three months ended June 30, 2009. Reorganization items for the three months ended June 30, 2009 included non-cash charges of \$7 million associated with the remeasurement of our then existing deferred losses in accumulated other comprehensive loss to reflect the component of forecasted interest rate payments that were likely to occur, and \$2 million of professional fees associated with our bankruptcy.

Provision (Benefit) for Income Taxes

Provision (benefit) for income taxes of (\$50) million for the three months ended June 30, 2010 decreased \$118 million, compared to \$68 million for the three months ended June 30, 2009 primarily due to the impact of the items listed above. The effective tax rates for the three months ended June 30, 2010 and 2009 were 37.6% and 32.4%, respectively. The results for the three months ended June 30, 2010 and 2009 includes interest expense and the effects of one-time discrete items. We anticipate the effective tax rate, including interest expense and other one-time discrete items, to approximate 36% for 2010. Our effective tax rate for 2010 may be subject to changes in future periods. The full year effective tax rate for 2009 was 4.3% primarily due to reorganization items recorded in 2009.

Operating Revenue

Operating revenue of \$401 million for the six months ended June 30, 2010 decreased \$924 million, or 69.7%, compared to \$1,325 million for the six months ended June 30, 2009. This decline was due primarily to the impacts of fresh start accounting, reduced advertiser renewals reflecting a weak economy, and continued competition from other advertising media (including cable television, newspaper, radio and the Internet), partially offset by the addition of new advertisers, increases in advertiser spending and revenue from new offerings. Our operating revenue for the six months ended June 30, 2010 was significantly impacted by the exclusion of approximately \$644 million of amortized revenue resulting from the implementation of fresh start accounting, that would have been recognized by our Predecessor Company.

Operating Expense

Operating expense of \$606 million for the six months ended June 30, 2010 decreased \$318 million, or 34.4%, compared to \$924 million for the six months ended June 30, 2009 for the reasons described below.

Edgar Filing: SUPERMEDIA INC. - Form 10-Q

Selling. Selling expense of \$222 million for the six months ended June 30, 2010 decreased \$139 million, or 38.5%, compared to \$361 million for the six months ended June 30, 2009. This decrease resulted primarily from the impacts of fresh start accounting, lower employee related costs, sales commissions and reduced advertising costs associated with our national advertising program. However, over the course of the year, we anticipate our advertising spending to approximate 2009 levels. Our selling expense for the six months ended June 30, 2010 was significantly impacted by the exclusion of approximately \$76 million of the amortized effect of deferred sales commissions due to our implementation of fresh start accounting, that would have been recognized by our Predecessor Company.

Cost of Sales. Cost of sales of \$192 million for the six months ended June 30, 2010 decreased \$107 million, or 35.8%, compared to \$299 million for the six months ended June 30, 2009. This decrease was primarily due to the impacts of fresh start accounting, reduced printing and distribution costs and reduced Internet traffic costs. Our cost of sales expense for the six months ended June 30, 2010 was significantly impacted by the exclusion of approximately \$82 million of the amortized effect of printing and distribution costs due to our implementation of fresh start accounting, that would have been recognized by our Predecessor Company.

General and Administrative. General and administrative expense of \$97 million for the six months ended June 30, 2010 decreased \$133 million, or 57.8 %, compared to \$230 million for the six months ended June 30, 2009. The decrease was driven by lower bad debt, lower restructuring costs, reduced employee related costs, lower settlement

Table of Contents

losses in 2010 associated with our pension plans, and lower stock-based compensation. In addition, a \$16 million expense reduction related to the favorable non-recurring, non-cash resolution of state tax claims was recorded in the six months ended June 30, 2010. These decreases were partially offset by higher employee severance costs. During the six months ended June 30, 2009, we recorded \$13 million of restructuring charges associated with our ongoing strategic organizational cost savings initiatives, which included \$10 million of professional fees associated with pre-petition capital restructuring costs. Bad debt expense of \$30 million for the six months ended June 30, 2010, decreased by \$92 million, or 75.4%, compared to \$122 million for the six months ended June 30, 2009. Bad debt expense as a percent of total operating revenue was 7.5% for the six months ended June 30, 2010 compared to 9.2% for the six months ended June 30, 2009. Our general and administrative expense for the six months ended June 30, 2010 was significantly impacted by the exclusion of approximately \$52 million of bad debt expense due to our lower revenue associated with the implementation of fresh start accounting at December 31, 2009, that would have been recognized by our Predecessor Company.

Depreciation and Amortization. Depreciation and amortization expense of \$95 million for the six months ended June 30, 2010 increased \$61 million, or 179.4%, compared to \$34 million for the six months ended June 30, 2009. This increase was primarily due to the amortization of intangible assets of \$56 million related to client relationships, patented technologies (patents) and marketing-related intangible assets (trademarks, domain names and trade names), which were recorded at December 31, 2009 in connection with our adoption of fresh start accounting. This increase in intangible assets will significantly increase our amortization expense throughout the remainder of 2010.

Interest Expense, net

Interest expense, net of interest income, of \$143 million decreased \$8 million, or 5.3%, compared to \$151 million for the six months ended June 30, 2009. We recorded \$149 million of interest expense associated with our new debt obligations during the six months ended June 30, 2010. As a result of our bankruptcy filing in 2009, interest associated with our then existing debt and interest rate swap agreements was not accrued after March 31, 2009.

Reorganization Items

We recorded \$3 million of reorganization items for the six months ended June 30, 2010 primarily related to professional fees associated with our bankruptcy, as compared to \$405 million for the six months ended June 30, 2009. Reorganization items for the six months ended June 30, 2009 included non-cash charges of \$279 million associated with the remeasurement to fair value of our then existing interest rate swap agreements and \$124 million associated with the remeasurement of our then existing deferred losses in accumulated other comprehensive loss to reflect the component of forecasted interest rate payments that were likely to occur, and \$2 million of professional fees associated with our bankruptcy.

Provision (Benefit) for Income Taxes

Provision (benefit) for income taxes of (\$125) million for the six months ended June 30, 2010 increased \$71 million, compared to (\$54) million for the six months ended June 30, 2009 primarily due to the impact of the items listed above. The effective tax rates for the six months ended June 30, 2010 and 2009 were 35.6% and 34.8%, respectively. The results for the six months ended June 30, 2010 and 2009 include interest expense and the effects of one-time discrete items. We anticipate the effective tax rate, including interest expense and other one-time discrete items, to approximate 36% for 2010. Our effective tax rate for 2010 may be subject to changes in future periods. The full year effective tax rate

for 2009 was 4.3% primarily due to reorganization items recorded in 2009.

Liquidity and Capital Resources

The following table sets forth a summary of cash flows for the six months ended June 30, 2010 and 2009:

Six Months Ended June 30,	Successor Company 2010	Predecessor Company 2009 (in millions)	Change
Cash Flows Provided By (Used In):			
Operating activities	\$ 286	\$ 261	\$ 25

Table of Contents

Our primary source of funds continues to be cash generated from operations. For the six months ended June 30, 2010, net cash provided by operating activities increased \$25 million, or 9.6%, compared to the six months ended June 30, 2009, primarily due to a federal income tax refund of \$94 million (2009 included income tax payments) and reduced spending associated with our strategic organizational cost savings initiatives, partially offset by lower cash collections associated with lower revenues, higher payments associated with our bankruptcy, and increased interest payments on our debt. As a result of our bankruptcy filing on March 31, 2009, other than the adequacy protection payment and the allowed secured credit facility claim, the Company did not make any 2009 scheduled principal or interest payments after March 2009. See the Company's Annual Report on Form 10-K for the year ended December 31, 2009 for additional information.

We believe the net cash provided by our operating activities and existing cash and cash equivalents will provide sufficient resources to meet our working capital requirements, estimated principal and interest debt service requirements and other cash needs for the remainder of 2010.

Net cash used in financing activities of \$177 million for the six months ended June 30, 2010 decreased \$11 million compared to \$188 million for the six months ended June 30, 2009. As mentioned above, as a result of our bankruptcy filing on March 31, 2009, other than the adequacy protection payment and the allowed secured credit facility claim, the Company did not make any 2009 scheduled principal or interest payments after March 2009.

The Company has a mandatory payment due after each fiscal quarter prior to the December 31, 2015 maturity date on the outstanding senior secured term loans in an aggregate amount equal to 67.5% of the amount of any increase in the Company's Available Cash, as defined in the Loan Agreement. The Company has the right to make early payments on the senior secured term loans in whole or in part, from time to time, without premium or penalty, subject to specified requirements as to size and manner of payment.

In the three months ended June 30, 2010, the Company made principal payments totaling \$177 million, including a \$55 million mandatory principal payment related to the three months ended March 31, 2010 and a \$122 million estimated mandatory principal payment related to the second quarter, which was due in August 2010. In July 2010, the Company finalized the second quarter mandatory payment calculation and made an additional principal payment of \$2 million. In 2011, the Company will have the ability to repay debt below par if certain criteria as detailed in the Loan Agreement are met.

Critical Accounting Policies

There were no material changes to our critical accounting policies and estimates since December 31, 2009. Refer to Management's Discussion and Analysis in our 2009 Annual Report on Form 10-K.

Off-Balance Sheet Arrangements

We do not have any off-balance sheet arrangements that are material to our results of operations, financial condition or liquidity.

Recent Accounting Pronouncements

In January 2010, the Financial Accounting Standards Board issued Accounting Standards Update 2010-06, *Fair Value Measurements and Disclosures (Topic 820): Improving Disclosures about Fair Value Measurements* (ASU 2010-06). ASU 2010-06 provides amendments to Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, by requiring new disclosures for transfers in and out of Levels 1 and 2 of the fair value measurement hierarchy, and expands disclosures related to activity in Level 3 fair value measurements. ASU 2010-06 also clarifies existing disclosures on the level of detail required for assets and liabilities measured at fair value from their respective line items on the statement of financial position, and the valuation techniques and inputs used in fair value measurements that fall within Level 2 or Level 3 of the fair value hierarchy. The provisions of ASU 2010-06 are effective for interim and annual reporting periods beginning after December 15, 2009, except for disclosure of information about sales, issuances and settlements on a gross basis for assets and liabilities classified as Level 3, which will be effective for reporting periods beginning after December 15, 2010. The Company has adopted the applicable provisions of ASU 2010-06 as required.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

Our exposures to market risk have not changed materially since December 31, 2009. For quantitative and qualitative disclosures about our market risk, see Item 7A. Quantitative and Qualitative Disclosures about Market Risks in Part II of our 2009 Annual Report on Form 10-K.

Item 4T. Controls and Procedures.

Disclosure Controls

Under the supervision and with the participation of our management, including our chief executive officer and chief financial officer, we have evaluated the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) promulgated under the Securities Exchange Act of 1934) as of the end of the period covered by this report. Based on that evaluation, our chief executive officer and chief financial officer concluded that our disclosure controls and procedures were effective as of the end of the period covered by this report to provide reasonable assurance that information we are required to disclose in reports that are filed or submitted under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the rules and forms specified by the Securities Exchange Commission. We note that the design of any system of controls is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving the stated goals under all potential future conditions.

Changes in Internal Control Over Financial Reporting

There have not been any changes in our internal control over financial reporting during the period covered by this report that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II - OTHER INFORMATION

Item 1. Legal Proceedings.

The Company is subject to various lawsuits and other claims in the normal course of business. In addition, from time to time, the Company receives communications from government or regulatory agencies concerning investigations or allegations of noncompliance with laws or regulations in jurisdictions in which the Company operates.

The Company has established reserves for the estimated losses on specific contingent liabilities, for certain regulatory and legal actions where the Company deems a loss to be probable and the amount of the loss can be reasonably estimated. In other instances, the Company is not able to make a reasonable estimate of liability because of the uncertainties related to the outcome and/or the amount or range of loss. The Company does not expect that the ultimate resolution of pending regulatory and legal matters in future periods, including the matters described below, will have a material effect on its statement of operations.

In October 2007, the Company received a proposed assessment from the State of New York related to sales and use tax on printing and mailing charges. The proposed assessment relates to the audit period March 1998 through May 2005. On May 5, 2008, the State of New York issued a notice of determination to the Company for approximately \$28 million. The Company filed its response on July 25, 2008. On October 1, 2009, the State of New York issued another notice of determination for sales and use tax for the period June 2005 to June 2009, for approximately \$26 million. The tax allegedly due as asserted by the State is related to sales and use tax on printing and mailing charges. The Company filed its response asserting its disagreement with the second notice of determination. The State of New York also sent individual notices of determination to past and current Company officers. The Company has filed its response to those individual notices as well. All the matters against the Company and the individuals have been stayed until final resolution of a proposed assessment by New York against Yellow Book of New York Inc. regarding the same issue.

On April 20, 2009, a lawsuit was filed in the district court of Tarrant County, Texas, against certain of the Company's officers and directors (but not against the Company or its subsidiaries) on behalf of Jack B. Corwin as Trustee of The Jack B. Corwin Revocable Trust, and Charitable Remainder Stewardship Company of Nevada, and as Trustee of the Jack B. Corwin 2006 Charitable Remainder Unitrust. The suit generally alleges that at various times in 2008 and 2009, the named Company officers and directors made false and misleading representations, or failed to state material facts which made their statements misleading, regarding the Company's financial performance and condition. The suit brings fraud and negligent misrepresentation claims and alleges violations of the Texas Securities Act and Section 27 of the Texas Business Commerce Code. The plaintiffs seek unspecified compensatory damages, exemplary damages, and reimbursement for litigation expenses. On June 3, 2009, the plaintiffs filed an amended complaint with the same allegations adding two additional Company directors as party defendants. On June 10, 2010, the court in the Buettgen matter discussed below granted the Company's motion staying the discovery in the Corwin case pursuant to the provisions of the Private Securities Litigation Reform Act. The Company plans to honor its indemnification obligations and vigorously defend the lawsuits on the defendants' behalf.

On April 30, 2009, May 21, 2009 and June 5, 2009, three separate class action securities lawsuits were filed in the U.S. District Court for the Northern District of Texas, Dallas Division, against certain of the Company's current and former officers (but not on the Company or its subsidiaries). The suits were filed by Jan Buettgen, John Heffner, and Alan Goldberg as three separate named plaintiffs on behalf of purchasers of the Company's common stock between August 10, 2007, and March 31, 2009, inclusive. On May 22, 2009, a putative class action securities lawsuit was filed in the U.S. District Court for the Eastern District of Arkansas, against two of the Company's current officers (but not on the Company or its subsidiaries). The suit was filed by Wade L. Jones on behalf of purchasers of the Company's bonds between March 27, 2008,

Edgar Filing: SUPERMEDIA INC. - Form 10-Q

and March 30, 2009, inclusive. On August 18, 2009, the Wade Jones case from Arkansas federal district court was transferred to be consolidated with this case. The complaints are virtually identical and generally allege that the defendants violated federal securities laws by issuing false and misleading statements regarding the Company's financial performance and condition. Specifically, the complaints allege violations by the defendants of Section 10(b) of the Exchange Act, Rule 10b-5 under the Exchange Act, and Section 20 of the Exchange Act. The plaintiffs are seeking unspecified compensatory damages and reimbursement for litigation expenses. A class has not been certified. Since the filing of the complaints, all four

Table of Contents

cases have been consolidated into one court in the Northern District and a lead plaintiff and lead plaintiffs' attorney has been selected. On April 12, 2010, the Company filed a motion to dismiss the entire complaint. The briefing on the motion is complete and the Company awaits the order of the Court. The Company plans to honor its indemnification obligations and vigorously defend the lawsuits on the defendants' behalf.

On November 25, 2009, three former Bell retirees brought a class action in the U.S. District Court for the Northern District of Texas, Dallas Division, against both the Verizon benefit committee and the Company benefit committee. All three named plaintiffs are receiving the single life monthly annuity pension benefits. All complain that Verizon transferred them against their will from the Verizon pension plans to the Company pension plans at or near the spin-off. The complaint alleges that both the Verizon and Company defendants failed to provide requested plan documents, which would entitle the plaintiffs to statutory penalties under the Employee Retirement Income Security Act (ERISA); that both the Verizon and the Company defendants breached their fiduciary duty for refusal to disclose pension plan information; and other class action counts aimed directly at the Verizon defendants. The plaintiffs seek class action status, statutory penalties, damages and a reversal of the employee transfers. The Company has waived issuance of citation and filed its motion to dismiss the entire complaint on March 10, 2010. The briefing on the motion is complete and the Company awaits the order of the Court.

On December 10, 2009, a former employee with a history of litigation against the Company, filed a class action in the U.S. District Court for the Northern District of Texas, Dallas Division, against certain of the Company's current and former officers, directors and members of the Company Employee Benefits Committee. The complaint attempts to recover alleged losses to the various savings and pension plans that were allegedly caused by the breach of fiduciary duties in violation of ERISA of the defendants in administering the plans from November 17, 2006 to March 31, 2009. The complaint alleges that the defendants wrongfully allowed all the plans to invest in Idearc common stock, alleges that the defendants made material misrepresentations regarding the Company's financial performance and condition, alleges the defendants had divided loyalties, alleges the defendants mismanaged the plan assets, and alleges certain defendants breached their duty to monitor and inform the committee members of required disclosures. The plaintiffs are seeking unspecified compensatory damages and reimbursement for litigation expenses. A class has not been certified. The plaintiffs have filed a consolidated complaint. The Company filed a motion to dismiss the entire complaint on June 22, 2010. The briefing on the motion will follow. The Company plans to honor its indemnification obligations and vigorously defend the lawsuit on the defendants' behalf.

Item 1A. Risk Factors.

You should carefully consider the risks described in our Annual Report on Form 10-K for the year ended December 31, 2009 in evaluating our Company. The occurrence of one or more of these events could significantly and adversely affect our business, prospects, financial condition, results of operations and cash flows.

There have been no material changes in our risk factors from those disclosed in Item 1A to Part I of our Annual Report on Form 10-K for the year ended December 31, 2009.

Item 4. (Removed and Reserved).

Item 5. Other Information.

On July 28, 2010, the board of directors (the Board) of the Company approved the Company's Third Amended and Restated Bylaws (the Amended Bylaws). The Amended Bylaws create the position of Vice Chairman of the Board and, among other things, authorize the Vice Chairman to execute the duties of the Chairman of the Board in the Chairman's absence and to perform other duties assigned to the Vice Chairman by the Board.

Also on July 28, 2010, the Board appointed Thomas S. Rogers to the position of Vice Chairman of the Board. In addition to the standing duties of the Vice Chairman, Mr. Rogers will provide advice and direction on strategic initiatives.

The foregoing summary is qualified in its entirety by reference to the text of the Amended Bylaws, a copy of which is included as Exhibit 3.2 to this Quarterly Report on Form 10-Q and which is incorporated herein by reference.
