All forward-looking statements included in this Current Report are made as of the date hereof and are based

on information available to SkyWest as of such date. SkyWest assumes no obligation to update any forward-looking statement. Readers should note that many factors could affect the proposed combination of the companies, as well as the future operating and financial results of SkyWest, Atlantic Southeast and ExpressJet, and could cause actual results to vary materially from those expressed in forward-looking statements set forth in this Current Report. These factors include, but are not limited to, the risk that the transaction contemplated by the Merger Agreement will not close; the risk that, if the proposed transaction does close, the operations of Atlantic Southeast and ExpressJet will not be integrated successfully or at all; the parties' ability to obtain regulatory approvals necessary to complete the proposed transaction and implement Atlantic Southeast's intended business strategy; the ability of the combined company to realize potential synergies and other anticipated financial impacts of the proposed transaction; future financial and operating results of the combined company; approval of the proposed transaction by ExpressJet stockholders; the satisfaction of the closing conditions to the proposed transaction; and the timing of the completion of the proposed transaction.

Actual operational and financial results of SkyWest, Atlantic Southeast and ExpressJet will vary, and may vary materially, from those anticipated, estimated, projected or expected for a number of reasons, including, among those identified above: the challenges of competing successfully in a highly competitive and rapidly changing industry; developments associated with fluctuations in the economy and the demand for air travel; ongoing negotiations between SkyWest, Atlantic Southeast and ExpressJet and their major partners regarding their contractual relationships; the financial stability of those major partners regarding any impact on the contracts that SkyWest, Atlantic Southeast or ExpressJet operates under in their behalf; the resolution of current litigation with a major airline partner of SkyWest and Atlantic Southeast; variations in market and economic conditions; labor relationships; the impact of global instability; rapidly fluctuating fuel costs; the degree and nature of competition; potential fuel shortages; the impact of weather-related or other natural disasters on air travel and airline costs; aircraft deliveries; and other unanticipated factors. Risk factors, cautionary statements and other conditions which could cause actual results to differ from management's current expectations are contained in SkyWest's filings with the SEC, including the section of SkyWest's Annual Report on Form 10-K for the year ended December 31, 2009, entitled Risk Factors.
