Item 8.01. Other Events

Prospect Capital Corporation (Prospect or we) has closed its public offering of 12,000,000 shares of its common stock at \$10.95 per share (or \$10.82 per share net proceeds excluding expenses), raising \$129.84 million of net proceeds excluding expenses (the Offering). Pursuant to the underwriting agreement with Barclays Capital Inc., the underwriter has a 30-day option to purchase up to 1,800,000 additional shares of common stock.

We expect to use the net proceeds from the Offering initially to maintain balance sheet liquidity, involving repayment of debt under our credit facility, investments in high quality short-term debt instruments or a combination thereof, and thereafter to make long-term investments in accordance with our investment objective. We anticipate that substantially all of the net proceeds from the Offering will be used for the above purposes within six months, depending on the availability of appropriate investment opportunities consistent with our investment objective and market conditions.
