**Report of Independent Auditors**

To STAG Industrial, Inc.:

We have audited the accompanying statement of revenue and certain expenses (the Statement ) of the North Jackson Property (the Property ) for the year ended December 31, 2010. This Statement is the responsibility of management. Our responsibility is to express an opinion on this Statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the Statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the Statement. We believe that our audit provides a reasonable basis for our opinion.

The accompanying Statement was prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission (for inclusion on Form 8-K of STAG Industrial, Inc.), as described in note 2 and is not intended to be a complete presentation of the Property s revenue and expenses.

In our opinion, the Statement referred to above presents fairly, in all material respects, the revenue and certain expenses, as described in note 2, of the Property for the year ended December 31, 2010 in conformity with accounting principles generally accepted in the United States of America.

	<b>Period from January 1, 2011 to December 13, 2011 (unaudited)</b>	<b>Year Ended December 31, 2010</b>
<b>Revenue</b>		
Rental revenue	\$ 1,259	\$ 1,326
Total revenue	1,259	1,326

Revenue in excess of certain expenses	\$ 1,259	\$ 1,326

The accompanying notes are an integral part to the statements of revenue and certain expenses.

**North Jackson Property**

**Notes to Statements of Revenue and Certain Expenses**

**(dollars in thousands)**

**(1) Organization**

The North Jackson Property (the *Property*) is a single tenant industrial property located in North Jackson, OH. The accompanying statements of revenue and certain expenses (*Statements*) relate to the operations of the Property.

Prior to December 14, 2011, the Property was owned by an unaffiliated third party of STAG Industrial, Inc. On December 14, 2011, the Property was acquired by STAG North Jackson, LLC, a single member limited liability company wholly owned by STAG Industrial Operating Partnership, L.P., an entity consolidated by STAG Industrial Inc.

**(2) Significant Accounting Policies**

**(a) Basis of Presentation**

The accompanying Statements have been prepared for the purpose of complying with Rule 3-14 of Regulation S-X promulgated under the Securities Act of 1933, as amended, and accordingly, is not representative of the actual results of operations of the Property, due to the exclusion of the following revenue and expenses which may not be comparable to the proposed future operations of the Property:

- Depreciation and amortization
  
- Interest income and expense
  
- Amortization of above and below market leases

- Other miscellaneous revenue and expenses not directly related to the proposed future operations of the Property.

*(b) Revenue Recognition*

Rental revenue is recognized on a straight-line basis over the term of the related leases when collectability is reasonably assured. Differences between rental revenue earned and amounts due under the leases are charged or credited, as applicable, to accrued rental revenue. The impact of the straight-line rent adjustment decreased revenue by approximately \$34 for the period from January 1, 2011 to December 31, 2011 (unaudited) and increased revenue by approximately \$4 for the year ended December 31, 2010. The tenant makes payments for certain expenses and costs, which have been assumed by the tenant under the terms of their respective lease, and are not reflected in the Statements.

*(c) Use of Estimates*

Management has made a number of estimates and assumptions relating to the reporting and disclosure of revenue and certain expenses during the reporting period to prepare the Statements in conformity with accounting principles generally accepted in the United States of America. Actual results could differ from those estimates.

**North Jackson Property**

**Notes to Statements of Revenue and Certain Expenses (Continued)**

**(dollars in thousands)**

**(d) Unaudited Interim Statement**

The statement of revenue and certain expenses for the period from January 1, 2011 to December 13, 2011 is unaudited. In the opinion of management, the statement reflects all adjustments necessary for a fair presentation of the results of the interim period. All such adjustments are of normal recurring nature.

**(3) Description of Leasing Arrangements**

The Property is leased to one tenant under a non-cancelable operating lease which has an expiration date of August 31, 2016.

Future minimum base rentals over the next five years on the non-cancelable operating lease at December 31, 2010 are as follows:

2011	\$	1,366
2012		1,454
2013		1,454
2014		1,454
2015		1,454

The above future minimum lease payments exclude tenant recoveries, amortization of accrued rental revenue and above/below-market lease intangibles.

**(4) Commitments and Contingencies**

The Property is subject to legal claims and disputes in the ordinary course of business. Management believes that the ultimate settlement of any existing potential claims and disputes would not have a material impact on the Property's revenue and certain operating expenses.

**(5) Subsequent Events**

Management has evaluated the events and transactions that have occurred through May 9, 2012, the date which the Statements were available to be issued, and noted no items requiring adjustment of the Statements or additional disclosure.

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the Statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the Statement. We believe that our audit provides a reasonable basis for our opinion.

The accompanying Statement was prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission (for inclusion on Form 8-K of STAG Industrial, Inc.), as described in note 2 and is not intended to be a complete presentation of the Property s revenue and expenses.

In our opinion, the Statement referred to above presents fairly, in all material respects, the revenue and certain expenses, as described in note 2, of the Property for the year ended December 31, 2011 in conformity with accounting principles generally accepted in the United States of America.

**Reading Property**

**Notes to Statements of Revenue and Certain Expenses**

**(dollars in thousands)**

**(1) Organization**

The Reading Property (the Property) is a multi-tenant industrial property located in Berks County, PA. The accompanying statements of revenue and certain expenses ( Statements ) relate to the operations of the Property.

For the periods presented in the Statements, the Property was owned by an unaffiliated third party of STAG Industrial, Inc. The acquisition of the Property by STAG Industrial Operating Partnership, L.P., an entity consolidated by STAG Industrial, Inc., is considered probable.

**(2) Significant Accounting Policies**

**(a) Basis of Presentation**

The accompanying Statements have been prepared for the purpose of complying with Rule 3-14 of Regulation S-X promulgated under the Securities Act of 1933, as amended, and accordingly, are not representative of the actual results of operations of the Property, due to the exclusion of the following revenue and expenses which may not be comparable to the proposed future operations of the Property:

- Depreciation and amortization
  
- Interest income and expense
  
- Amortization of above and below market leases

- Other miscellaneous revenue and expenses not directly related to the proposed future operations of the Property.

**(b) Revenue Recognition**

Rental revenue is recognized on a straight-line basis over the term of the related leases when collectability is reasonably assured. Differences between rental revenue earned and amounts due under the leases are charged or credited, as applicable, to accrued rental revenue. The impact of the straight-line rent adjustment increased revenue by approximately \$29 and \$136 for the three months ended March 31, 2012 (unaudited) and the year ended December 31, 2011, respectively. Tenant recoveries representing additional rents from expense reimbursements for real estate taxes, insurance and other expenditures are recognized in the period in which the related expenses are incurred.

**(c) Use of Estimates**

Management has made a number of estimates and assumptions relating to the reporting and disclosure of revenue and certain expenses during the reporting periods to prepare the Statements in conformity with accounting principles generally accepted in the United States of America. Actual results could differ from those estimates.

**Reading Property**

**Notes to Statements of Revenue and Certain Expenses (Continued)**

**(dollars in thousands)**

**(d) Unaudited Interim Statement**

The statement of revenue and certain expenses for the three months ended March 31, 2012 is unaudited. In the opinion of management, the statement reflects all adjustments necessary for a fair presentation of the results of the interim period. All such adjustments are of normal recurring nature.

**(3) Description of Leasing Arrangements**

The Property is leased to three tenants under non-cancelable operating leases which have expiration dates of March 31, 2016, June 30, 2017, and December 31, 2025, respectively.

Future minimum base rentals over the next five years on the non-cancelable operating leases at December 31, 2011 are as follows:

2012	\$	1,470
2013		1,500
2014		1,530
2015		1,562
2016		1,416

The above future minimum lease payments exclude tenant recoveries, amortization of accrued rental revenue and above/below-market lease intangibles.

**(4) Commitments and Contingencies**

The Property is subject to legal claims and disputes in the ordinary course of business. Management believes that the ultimate settlement of any existing potential claims and disputes would not have a material impact on the Property's revenue and certain operating expenses.

**(5) Subsequent Events**

Management has evaluated the events and transactions that have occurred through May 9, 2012, the date which the Statements were available to be issued, and noted no items requiring adjustment of the Statements or additional disclosure.

In management's opinion, all adjustments necessary to reflect the above transactions have been made. The unaudited pro forma condensed consolidated statements of operations should be read in conjunction with the historical financial statements and notes thereto of the Company included in the Company's Annual Report on Form 10-K for the year ended December 31, 2011 filed with the Securities and Exchange Commission on March 9, 2012 and the Company's Quarterly Report on Form 10-Q for the quarter ended March 31, 2012 filed with the Securities and Exchange Commission on May 9, 2012.

The Company's predecessor for accounting purposes is STAG Predecessor Group, which is not a legal entity, but a collection of the real estate entities that were owned by STAG Investments III, LLC, an entity that contributed STAG Predecessor Group to the Company at the Company's initial public offering on April 20, 2011. STAG Predecessor Group also was engaged in the business of owning, leasing and operating real estate consisting primarily of industrial properties located throughout the United States. The financial information contained in this report that relates to the time periods on or prior to April 19, 2011 is STAG Predecessor Group's financial information; the financial information contained in this report for any time period on or after April 20, 2011 is the Company's financial information. **The Company did not exist before April 20, 2011 and as a result of our formation transactions, our Company is substantially different from STAG Predecessor Group.**

The unaudited pro forma condensed consolidated financial statements as of March 31, 2012 and for the year ended December 31, 2011 and the three months ended March 31, 2012 are not necessarily indicative of what our actual financial condition would have been at March 31, 2012 or what our actual results of operations would have been assuming the transactions had occurred as of January 1, 2011, nor do they purport to represent our financial condition or results of operations for future periods.

**PRO FORMA CONDENSED CONSOLIDATED STATEMENTS OF OPERATIONS**

The adjustments to the pro forma condensed consolidated statement of operations for the three months ended March 31, 2012 and for the year ended December 31, 2011 are as follows:

(AA) Reflects the unaudited historical results of STAG Industrial, Inc. for the three months ended March 31, 2012 (unaudited) and the period April 20, 2011 to December 31, 2011.

(BB) For the three months ended March 31, 2012, reflects the results of operations for the acquisitions of 11 buildings, in eight separate transactions, that have either closed or are considered probable of closing subsequent to December 31, 2011. For the year ended December 31, 2011, reflects the results of operations for acquisitions of 26 buildings, in 21 separate transactions, that have either closed or are considered probable of closing subsequent to the Company's formation transactions and initial public offering. The table below illustrates the adjustments to revenue and expenses for these acquisitions. Adjustments to revenue represent the impact of the amortization of the net amount of above- and below-market rents and change in straight-line rent recognition as a result of purchase accounting adjustments. Adjustments to depreciation and amortization represent the additional depreciation expense and amortization of intangibles as a result of these purchase accounting adjustments. Depreciation and amortization amounts were determined in accordance with the Company's policies and are based on management's evaluation of the estimated useful lives of the properties and intangibles. The amounts allocated to building are depreciated over 40 years. The amounts allocated to lease intangibles are generally amortized over the remaining life of the related leases. Interest expense represents the interest expense of the debt at the current negotiated rates as if acquired on January 1, 2011.
