PROXY STATEMENT

FOR ANNUAL MEETING OF STOCKHOLDERS

To be held Thursday, November 21, 2013

GENERAL INFORMATION

This proxy statement and the enclosed proxy card are being furnished to our stockholders in connection with the solicitation of proxies by the Board of Directors of Lime Energy Co., a Delaware corporation, for use at our Annual Meeting of Stockholders to be held at JW Marriott hotel at 151 West Adams, Chicago, Illinois at 9:00 a.m. local time, on Thursday, November 21, 2013, and any adjournments thereof. This proxy statement and the accompanying form of proxy are first being mailed to stockholders on or about November 14, 2013.

A copy of our 2012 Annual Report on Form 10-K for the year ended December 31, 2012 has been mailed to you. Our proxy statement for the Meeting and the 2012 Annual Report on Form 10-K can be viewed on our website at <https://materials.proxyvote.com/>.

We use the terms Lime Energy, the Company, we, our and us in this proxy statement to refer to Lime Energy Co. and its consolidated subsidiaries, unless the context otherwise requires.

On October 10, 2013, we effected a 1 for 7 reverse stock split of our common stock. All references to numbers of shares, and to prices per share, of our common stock in this proxy statement mean number of shares and price per share as adjusted for the effects of that reverse stock split, respectively.

Solicitation

Edgar Filing: LIME ENERGY CO. - Form PRE 14A

The cost of this proxy solicitation will be borne by Lime Energy. We may request banks, brokers, fiduciaries, custodians, nominees and certain other record holders to send proxies, proxy statements and other materials to their principals at our expense. Those banks, brokers, fiduciaries, custodians, nominees and other record holders will be reimbursed by us for their reasonable out-of-pocket expenses of solicitation. We do not anticipate that costs and expenses incurred in connection with this proxy solicitation will exceed an amount normally expended for a proxy solicitation for an election of directors in the absence of a contest. In addition to soliciting proxies by mail, we and our directors, officers and regular employees may also solicit proxies personally, by telephone or by other appropriate means. No additional compensation will be paid to directors, officers or other regular employees for such services.

Table of Contents

Record Date and Outstanding Shares

Our Board of Directors fixed the close of business on October 22, 2013 as the record date for the determination of stockholders entitled to notice of, and to vote at, the Annual Meeting or any adjournments thereof. As of the close of business on the record date, we had _____ shares of common stock with voting rights as to certain matters outstanding. Each outstanding share of common stock on such date is entitled to one vote on each matter to be voted on at the Annual Meeting.

Required Vote

The affirmative vote of a majority of the shares of common stock voted in person or by proxy at the Annual Meeting is required to elect the nominees to the Board of Directors, to approve each of Proposals 2, 3, 4 and 5, to approve one of the three frequency options under the advisory vote on the frequency of future executive compensation advisory votes (Proposal 6), and to ratify the appointment of our independent auditors (Proposal 7). With respect to Proposal 6, if none of the three frequency options receives the vote of the holders of a majority of the votes cast, we will consider the frequency option (one year, two years or three years) receiving the highest number of votes cast by stockholders to be the frequency that has been recommended by stockholders. However, as described in more detail in Proposal 6, because this proposal is non-binding, the Board of Directors may decide that it is in the best interest of our stockholders and the Company to hold future executive compensation advisory votes more or less frequently. Proposal 5 is also a non-binding proposal. Stockholders do not have any rights to cumulate their votes in the election of directors.

Quorum; Abstentions and Broker Non-Votes

The required quorum for transaction of business at the Annual Meeting will be a majority of the total votes of the shares of common stock issued and outstanding as of the record date. Votes cast by proxy or in person at the Annual Meeting will be tabulated by the election inspector appointed for the meeting and will be taken into account in determining whether or not a quorum is present. Abstentions and broker non-votes, which occur when a broker has not received customer instructions and indicates that it does not have the discretionary authority to vote on a particular matter on the proxy card, will be included in determining the presence of a quorum at the Annual Meeting. Abstentions will have the effect of a vote against the election of the nominees to the Board of Directors, to approve each of Proposals 2, 3, 4 and 5 and to ratify the appointment of our independent auditors. Abstentions will not be counted for Proposal 6, and therefore will have no effect on the outcome of Proposal 6. Broker non-votes will not be counted, and therefore will have no effect on the outcome on the election of directors, any of the proposals or the ratification of our independent auditors.

If you own shares through a bank, broker, or other holder of record, you must instruct your bank, broker, or other holder of record how to vote in order for them to vote your shares so that your vote can be counted. Unless you provide voting instructions to any broker holding shares on your behalf, your broker may not use discretionary authority to vote your shares on any of the matters to be considered at the annual meeting other than the ratification of our independent registered public accounting firm. Please vote your proxy so your vote can be counted.

Table of Contents

Voting of Proxies; Revocability of Proxies

Our Board of Directors selected Jeffrey R. Mistarz and Anne Berg, the persons named as proxies on the proxy card accompanying this proxy statement, to serve as proxies. Mr. Mistarz is our executive vice president, chief financial officer, treasurer and corporate secretary, and Ms. Berg is our general counsel and assistant secretary. The shares of common stock represented by each executed and returned proxy will be voted in accordance with the directions indicated thereon, or if no direction is indicated, the proxy will be voted in accordance with the recommendations of the Board of Directors contained in this proxy statement.

All stockholders may vote in person at the Annual Meeting. You may also be represented by another person at the Annual Meeting by executing a proper proxy designating that person. If you are a beneficial owner of shares, you must obtain a legal proxy from your broker, bank or other holder of record and present it to the inspectors of election with your ballot to be able to vote at the Annual Meeting.

You can revoke a proxy you have given at any time before the shares it represents are voted by giving our secretary either (1) an instrument revoking the proxy or (2) a duly executed proxy bearing a later date. Additionally, you may change or revoke a previously executed proxy by voting in person at the Annual Meeting. However, your attendance at the Annual Meeting will not, by itself, revoke your proxy.

Dissenters Right of Appraisal

There is no proposal or matter that will be acted upon in the meeting that would grant dissenting stockholders the right of appraisal.

Interest of Certain Officers and Directors in Matters to be Acted Upon

Richard Kiphart, the Chairman of our Board of Directors, holds 479,774 shares of our Series A Preferred Stock and warrants to purchase 211,641 shares of our common stock issued in connection with the sale of our Series A Preferred Stock. Those shares of our Series A Preferred Stock will not be convertible into our common stock and those warrants may not be exercised unless Proposal 2 is approved by our stockholders.

Annual Report to Stockholders

We are simultaneously furnishing to you with this proxy statement our Annual Report to Stockholders for the fiscal year ended December 31, 2012, which contains financial and other information pertaining to us.

Multiple Stockholders Sharing the Same Address

Edgar Filing: LIME ENERGY CO. - Form PRE 14A

Owners of common stock who hold their shares in a brokerage account may receive a notice from their broker stating that only one proxy statement will be delivered to multiple security holders sharing an address. This practice, known as householding, is designed to reduce printing and postage costs. However, if any stockholder residing at such an address wishes to receive a separate proxy statement, he or she may contact our Corporate Secretary at Lime Energy Co., 16810 Kenton Drive, Suite 240, Huntersville, NC 28078 or by telephone at (704) 892-4442.

Table of Contents**PROPOSAL 1****ELECTION OF DIRECTORS**

At the Annual Meeting, five nominees to the Board of Directors will be elected to hold office for a term ending at our 2014 Annual Meeting of stockholders or until their respective successors are duly elected and qualified. All nominees listed below are currently members of our Board of Directors and have consented to being named in this proxy statement and to serve as directors, if elected. If, at the time of the Annual Meeting, any nominee becomes unavailable or declines to serve as a director for any reason, the persons named in the proxy will vote for the substitute nominee(s) as the Board of Directors recommends, or vote to allow the vacancy created by the nominee who is unable or declines to serve to remain open until filled by the Board of Directors, as the Board of Directors recommends. The Board of Directors has no reason to believe that any nominee will be unable or decline to serve if elected to office. The Board has set the size of the Board of Directors at seven members. There are currently two vacancies, which the Board is seeking to fill. To date it has not identified qualified candidates to fill these vacancies. Under our by-laws, the Board may appoint directors to fill these vacancies until the next annual meeting of stockholders or set the size of the Board at a number of directors ranging from three to twelve.

Table of Contents

Leadership Structure and Role in Risk Oversight

The Company's board leadership structure separates the roles of board chair and principal executive officer roles. When the board chair is not an independent director, an independent director is designated as the lead director. At present, Richard Kiphart is the chairman of the board and John O'Rourke is the chief executive officer. The Company determines the leadership structure it deems appropriate based on factors such as the experience and availability of the applicable individuals, the current business environment of the Company or other relevant factors. After considering these factors, the Company believes that separating the positions of chairman of the board, lead director and chief executive officer is the appropriate board leadership structure at this time, allowing our chief executive officer to focus on the business strategy and operations of the Company, while our executive chairman provides leadership to the Board necessary for the Board to fulfill its responsibilities and the lead director provides independent perspective on the Board's activities. In the future, the Company may determine that combining some of these positions may be the best structure for operating the Company, based on the factors at that time or, if the board chair is an independent director, that there is no need to separately designate a lead director.

The Board of Directors is responsible for oversight of the Company's risk management practices while management is responsible for the day-to-day risk management processes. In the Board's opinion, this division of responsibilities is the most effective approach for addressing the risks facing the Company, and the Company's board leadership structure supports this approach. The Board receives periodic reports from management regarding the most significant risks facing the Company. In addition, the Audit Committee assists the Board in its oversight role by receiving periodic reports regarding the Company's risk and control environment.

Diversity

The Board does not have a formal policy with respect to Board nominee diversity. In recommending proposed nominees to the full Board, the Nominating Committee is charged with building and maintaining a board that has an ideal mix of talent and experience to achieve our business objectives in the current environment. In particular, the Nominating Committee is focused on relevant subject matter expertise, depth of knowledge in key areas that are important to us, and diversity of thought, background, perspective and experience so as to facilitate robust debate and broad thinking on strategies and tactics pursued by us.

Family Relationships

The only family relationship between any of our directors and officers is that Mr. Kiphart is the father-in-law of Mr. Capps.

Director Attendance

During the fiscal year ended December 31, 2012, the Board of Directors held 14 formal meetings. In addition, there were five meetings of the Audit Committee and twelve meetings of the special subcommittee of the Audit Committee. During 2012, all members of the Board of Directors attended at least 75% of the total of all board meetings and applicable committee meetings. We encourage our Board members to attend our Annual Meeting, but we do not have a formal policy requiring attendance. Our independent directors met in executive session, without

management directors present, two times during 2012, each time in conjunction with a formal meeting of the board.

Table of Contents**Independent Directors**

Of the five directors currently serving on the Board, all of whom are director nominees at the next Annual Meeting, the Board has determined that each of Messrs. Barnum, Capps, Glick and Kiphart are independent as defined in NASDAQ Rule 5605(a)(2). Mr. O'Rourke is not considered independent because he also serves as one of our executive officers.

COMPENSATION OF DIRECTORS**Director Compensation Program**

Effective April 1, 2000, we adopted a stock option plan for all non-employee directors that was separate and distinct from our employee incentive plans. The plan was amended on July 11, 2006 to provide that eligible directors receive an initial option grant upon being appointed to our Board of Directors to purchase 2,041 shares of our common stock, and a grant of options to purchase an additional 1,020 shares on the first day of January beginning on the second January following the date the director became an eligible director. These options had an exercise price equal to the closing price of our common stock on the grant date and a term of ten years. The initial options vested on first day of January following the initial grant date or six months following the initial grant date, whichever is later, if the individual is still a director on the vesting date.

The Directors Plan was replaced in June 2010 by the 2010 Non-Employee Directors' Stock Plan. The 2010 Directors' Plan provides for the granting of stock to Non-Employee directors to compensate them for their services to the Company. The use of the shares available under the 2010 Directors' Plan is administered by the Company's Board of Directors, which has delegated its powers to the Compensation Committee of the Board of Directors. The Compensation Committee has determined under the 2010 Directors' Plan to grant non-employee directors restricted shares of Company stock with the following market values on the date of grant:

	Market Value of Grant	
For Board Service:		
Each director upon initial election:	\$	40,000
Annual grant to each director:	\$	20,000
For Committee Service:

Table of Contents

Half of the shares received pursuant to this plan vest immediately and the remaining shares vest on the one year anniversary of the initial grant, or in the case of grants for committee service, on the date that the term of the service ends, typically the date of our annual meeting of stockholders. Shares for Board service are granted on the first business day of the year and shares for committee service are granted upon appointment to the committee following the annual meeting of stockholders. Newly appointed directors receive their initial grant on a prorated basis on their date of appointment.

During 2012, we granted 4,385 shares of restricted stock to directors for their service to the Board and 4,348 shares for service on Board committees. Of these shares, 6,643 shares vested during 2012 and 2,090 vested in June 2013.

Directors who are also our employees receive no additional compensation for their services as directors.

Committees of the Board of Directors

The Board of Directors has an Audit Committee, Compensation Committee and a Governance and Nominating Committee.

Audit Committee

The Audit Committee, which is composed entirely of non-employee, independent directors, held five meetings during 2012 and twelve meetings of the special subcommittee of the Audit Committee. the Committee. A determination of whether to pursue discussions with a particular individual will be made after discussion by the Committee and may be preceded by formal or informal discussions involving one or all of the other Board members. Information considered by the Committee may include information provided by the candidate, the chief executive officer and one or more Committee or Board members. For the 2014 Annual Meeting of Stockholders, nominations may be submitted to the Corporate Secretary, Lime Energy Co., 16810 Kenton Drive, Suite 240, Huntersville, NC 28078, which will forward them to the Chairman of the Governance and Nominating Committee. Section 16 of the Securities Exchange Act of 1934 requires our directors and officers (as defined in Section 16) and persons who beneficially own greater than 10% of a registered class of our equity securities to file reports of ownership and changes in ownership with the Securities and Exchange Commission. TRANSACTIONS WITH RELATED PERSONS, PROMOTERS AND CONTROL PERSONS

On May 15, 2012, we sold Richard Kiphart 142,857 shares of our common stock at the then-most recent consolidated closing bid price on the NASDAQ Capital Market of \$17.85 per share or \$2,550,000 in the aggregate pursuant to a subscription agreement between us and him. The sale of the shares was registered on the Company's Registration Statement on Form S-3 (SEC File No. 333-176622). Mr. Kiphart is our Chairman of the Board and holds more than five percent of our outstanding common stock. Proceeds from the sale were used for general corporate purposes.

On October 22, 2012, we entered into a Convertible Note and Warrant Purchase Agreement with a group of investors including Mr. Kiphart and Christopher Capps, a member of our Board of Directors. Pursuant to the terms of the purchase agreement, the investors loaned us \$6,050,000 pursuant to Subordinated Secured Convertible Pay-In-Kind Notes. The notes had a term of five years and accrued interest at the rate of 12-1/2% per year, payable semi-annually at the Company's election in cash or additional notes. Mr. Kiphart purchased notes with a principal amount of \$2,500,000 and Mr. Capps purchased notes with a principal amount of \$50,000. No principal payments have been made. As discussed below, the notes and accrued interest were converted into shares of convertible preferred stock on September 23, 2013. During fiscal year 2012, we paid \$59,932 of interest on the notes, all in the form of additional notes of like tenor. In connection with the entry into the purchase agreement, we issued the investors warrants to purchase 644,991 shares of its common stock at \$4.69 per share. These warrants expire on the 5th anniversary of their issuance and contain a cashless-exercise option. Mr. Kiphart received warrants to purchase 266,525 shares and Mr. Capps received warrants to purchase 5,331 shares.

On December 7, 2012, we entered into a Letter of Credit Agreement Mr. Kiphart. Pursuant to the agreement, Mr. Kiphart agreed to cause the issuance of one or more letters of credit for the benefit of a surety at our request, up to an aggregate amount of \$1,000,000. Mr. Kiphart's obligation to cause the issuance of, or leave in place, the letter of credit will terminate on December 7, 2013. We will indemnify Mr. Kiphart for any liability in connection with any payment or disbursement made under the letter of credit. We will also pay all of Mr. Kiphart's fees and out-of-pocket expenses incurred in connection with the letter of credit. As consideration for his obligations under the letter of credit agreement, we issued Mr. Kiphart a warrant to purchase 39,286 shares of our common stock at an exercise price of \$3.57 per share. The warrant has a three year term and may be exercised on a cashless basis at Mr. Kiphart's election.

Table of Contents

On September 23, 2013, we entered into a Preferred Stock and Warrant Purchase Agreement (the Purchase Agreement) with a group of investors including Mr. Kiphart, and Mr. Capps (collectively with the other investors, the Investors). Pursuant to the terms of the Purchase Agreement, the Investors purchased 927,992 shares of our Series A Preferred Stock (the Preferred Shares) at a price per Preferred Share of \$10.00. The purchase price was paid with (a) \$2,500,000 in cash and (b) the exchange of \$6,779,949.84 (principal amount and accrued interest) of our Subordinated Secured Convertible Pay-In-Kind Note (the Notes), representing all of the outstanding Notes and accrued interest through September 23, 2013.

The Preferred Shares are entitled to an accruing dividend of 12.5% per annum of their original issue price (subject to adjustment for stock splits, combinations and similar recapitalizations), payable semi-annually in arrears. Such dividends shall be paid in additional shares of Series A Preferred Stock at the original issue price (subject to adjustment for stock splits, combinations and similar recapitalizations) or, at the sole discretion of our board of directors, in cash.

The Preferred Shares may be converted, at any time following the approval of such conversion by our common stockholders, at the election of the holder of such share, into shares of our common stock at a conversion price equal to \$3.78 per share (the Conversion Price). The Conversion Price shall be proportionately adjusted for stock splits, combinations and similar recapitalizations, and, subject to a floor of \$3.50, shall be adjusted for future issuance of common stock (excluding certain issuances) at a price per share less than the Conversion Price on a broad based, weighted average basis. We can require conversion of the notes if the weighted average price for the our common stock is at least two hundred percent (200%) of the Conversion Price for at least 20 trading days during a 30 trading day period ending within 5 trading days prior to us sending a notice of forced conversion to the holders of the Notes.

We may redeem all or a portion of the Preferred Shares at its option at any time unless prohibited by Delaware law governing distributions to stockholders. The redemption price for each Preferred Share shall be its original issue price (subject to adjustment for stock splits, combinations and similar recapitalizations) plus any accrued but unpaid dividends multiplied by a factor based on the date of the notice of such redemption is sent to holders of the Preferred Shares. If such notice is sent before the first anniversary of the issuance of the Preferred Shares, the factor shall be 103%, if thereafter but before the second such anniversary, the factor shall be 102%, if thereafter but before the third such anniversary, the factor shall be 101% and thereafter, the fact shall be 100%.

In connection with the entry into the Purchase Agreement, we issued the Investors warrants to purchase 264,551 shares of its common stock at \$3.78 per share (the Warrants). These warrants expire on the fifth anniversary of their issuance and contain a cashless-exercise option. The Warrants may not be exercised until our common stockholders approve the exercise of the Warrants. Mr. Kiphart received warrants to purchase 211,641 shares of our stock as part of this transaction.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

We compensate our executives by using a balanced approach, which combines fixed and performance-based compensation, annual and long-term compensation, and cash and equity compensation. We determine this mix by reviewing the mix offered by other companies of our size and in our industry. We do not have a specific policy for the allocation of compensation between fixed and performance-based compensation, annual and long-term compensation, and cash and equity compensation.

We manage our business with the long-term goal of creating and maximizing shareholder value, and, accordingly, a significant percentage of our executive compensation is at risk and weighted towards company performance, long-term incentives and stock price appreciation. We think this is a key to our long-term success. While we prepared restatements of our financial statements for the years 2008 to 2011 and the first quarter of 2012 and conducted a related investigation, we did not pay our named executives a bonus or grant them any equity compensation, so no such compensation was paid or granted during 2012, we anticipate, however, that the components of future compensation will more closely mirror those received in 2011. The following chart illustrates the allocation of the principal compensation components for our current named executive officers for 2011. The percentages reflect the amounts of 2011 salary and targeted annual cash incentive compensation and the aggregate grant date fair values of stock options and shares of restricted stock granted in 2011. For 2011, 58.9% of these principal compensation components for our current named executive officers in the aggregate were variable, including 48.4% which was tied to performance of our stock price.

(1) Includes severance paid to Mr. Parke.

Current Executive Officers

We currently have three executive officers: John O Rourke, our Chief Executive Officer, C. Adam Procell, our President and Chief Operating Officer and Jeffrey Mistarz, our Chief Financial Officer.

Table of Contents

Overview of Executive Compensation Program

Prior to 2009, we did not have a formalized program for determining executive compensation. Two of the three current executive officers (Messrs. O'Rourke and Procell) receive the majority of their compensation pursuant to written employment agreements that were negotiated in connection with their becoming our employee. The employment agreements approved and the terms were negotiated at the time in light of specific circumstances.

Notwithstanding the absence of a formalized compensation program, our executive officers have generally received compensation consisting of three components:

- a cash component, consisting of salary meant to be competitive with salaries such individuals could obtain from other employers;
- eligibility for annual cash bonuses determined by the Compensation Committee based on our performance and the executive's achievement of individual objectives; and
- stock options intended to reward achievement of long-term goals and align the interests of our executive officers with those of our stockholders.

In addition, we also provided Messrs. O'Rourke and Procell with a monthly allowance due to the fact that they use their cars extensively for Company business. Executive officers participate in group health and disability insurance on the same basis as other full-time employees and Mr. Mistarz was offered individual life and disability insurance policies as part of his hiring agreements.

Except as noted above with respect to the current employment agreements with Mr. O'Rourke and Procell, the Compensation Committee of the Board of Directors makes all compensation decisions for our executive officers. Generally, compensation decisions for executive officers other than our chief executive officer have been made by the Compensation Committee pursuant to recommendations made by our chief executive officer.

In 2009 we retained the consulting firm of Towers Perrin (which has since changed its name to Towers Watson) to assist us in formalizing our executive compensation program and to help ensure that our compensation program is consistent with current market practices. After consultation with Towers Perrin, on August 4, 2009, our Compensation Committee recommended to our board, and our board adopted, our 2009 Management Incentive Compensation Plan (the 2009 Plan). Under the terms of the 2009 Plan, our executive officers are the initial group of participants eligible for cash awards and, in lieu of cash awards, equity-based awards (subject to the availability of shares of common stock and the other terms our 2008 Long-Term Incentive Plan) based upon specified criteria to be determined and approved of by our Compensation Committee, or as otherwise provided in the 2009 Plan.

Edgar Filing: LIME ENERGY CO. - Form PRE 14A

Performance goals for 2009 Plan participants were set in various goal categories, including, but not necessarily limited to: (a) Company performance objectives, comprising revenue and earnings before interest, taxes, depreciation, amortization and stock-based compensation targets, and (b) individual performance objectives. The relative weight among the performance goal categories vary based on the participant's position within the Company. The weighting will be reviewed annually and may be adjusted by our Compensation Committee.

Each participant is informed at the beginning of, or soon after the beginning of, each fiscal year, of his or her 2009 Plan base salary, which will be the basis for determining the award opportunity for that participant, and which amount will be allocated among the participant's performance goal categories. In addition, the 2009 Plan provides that the Compensation Committee will set three performance levels,

Table of Contents

Threshold, Target and Maximum levels set as a percentage for each performance goal category. Award objectives for 2012 were set based in part upon the 2012 budget which was approved by the Board prior to the end of 2011.

Objectives of Compensation Program

Compensation of our executive officers is intended to reward improved overall financial performance of the Company, and to reward performance achievements and increases in stockholder value over the long term.

- Annual salaries for executive officers have been established with the goal of attracting and retaining qualified individuals for the positions. These salaries have been determined on a case-by-case basis.
- Short-term incentive compensation awards are intended to reward our Executives for the achievement of annual performance criteria and are flexible and change based on the needs of our business. These awards are generally determined pursuant to our 2009 Plan, although the 2009 Plan does not prohibit discretionary bonuses in addition to those under the plan. Short-term compensation has historically taken the form of cash bonuses and stock awards.
- Restricted stock grants and stock options awards are intended to reward achievement leading to increases in our profitability and stockholder value over the longer term. The amounts awarded are determined as prescribed in the 2009 Plan.

To motivate executive officers to achieve the longer-term goal of increasing our profitability and stockholder value, and to reward them for achieving such long-term goals, stock awards and stock options have been included as part of the compensation structure for our executive officers. These awards provide an increased opportunity for equity ownership by our executive officers, thereby further aligning their interest with those of our stockholders. These grants are generally made in a manner consistent with the 2009 Plan, though the Compensation Committee has latitude to determine the amount of short-term incentive compensation to be paid in the form of cash versus stock grants. All stock grants have been in the form of restricted stock, which vests ratably over a three-year period dependent on the executive's continued employment by us. A typical stock option grant has been structured to have a ten-year exercise period, to vest over a three year period, with vesting also depending upon the executive remaining employed by us, and to have an exercise price equal to the market price on the grant date. In certain cases, options have been granted at an exercise price higher than the market price. We have not granted options with an exercise price that is less than the market price on the grant date. As further incentive to achieve certain long-term objectives, during 2010 we granted nine employees, including the named executive officers, options that will only vest if certain specific financial and stock performance objectives are achieved within a five-year period. These options are further described below.

We do not have a formula for allocating between cash and non-cash compensation. The number of shares of restricted stock and stock options awarded to an executive officer has been decided on a case-by-case basis taking into consideration other components of compensation, not pursuant to any specific guidelines or program.

A copy of the 2009 Management Incentive Compensation Plan was filed as an exhibit to our Current Report on Form 8-K dated August 4, 2009 filed with the Securities and Exchange Commission on August 7, 2009.

Table of Contents

On April 16, 2010, the Compensation Committee approved the grant of options (the *Cliff Options*) to purchase 102,857 shares of stock to a group of nine senior employees of the Company, including the three named executive officers. These options were granted to provide additional incentive to these senior managers to achieve certain objectives within a set period of time which the Board believes will greatly benefit stockholders. The significant terms of these options are as follows:

- Exercise price of \$31.50 per share;

- The options will vest at any time prior to December 31, 2015 if:
 - the closing market price for our common stock has exceeds \$140 per share on any trading day,
 - we have publicly reported annual revenue for any fiscal year in excess of \$242 million, and
 - our publicly reported adjusted EBITDA for any fiscal year in excess of \$24 million;

- The options will immediately vest on a Change of Control in which more than 50% of the shares of our common stock are acquired by any individual, entity or group for a price in excess of \$105 per share, excluding, subject to certain exceptions, acquisitions by the Company, acquisitions from the Company and acquisitions by employee benefit plans; and

- The options will terminate 10 years from the grant date or three months following the termination of the holder's employment with the Company unless such termination is involuntary and not for Due Cause.

Messrs. O'Rourke and Mistarz received Cliff Options to purchase 14,286 shares of our common stock and Mr. Procell received Cliff Options to purchase 10,715 shares of our common stock under these terms.

A copy of the Form of these Cliff Options was filed as an exhibit to our Current Report on Form 8-K dated April 16, 2010 filed with the Securities and Exchange Commission on April 22, 2010.

Clawback Provisions

The Company does not currently have a policy requiring a fixed course of action with respect to compensation adjustments following later restatements of financial results beyond what is required under the Sarbanes-Oxley Act. Under those circumstances, the Compensation Committee would evaluate whether compensation adjustments are appropriate based upon the facts and circumstances surrounding the restatement. Under the Dodd-Frank Wall Street Reform and Consumer Protection Act (*Dodd-Frank*), the Securities and Exchange Commission is required to promulgate new regulations to require companies to adopt a policy to recover certain compensation in the event of a material

accounting restatement. The SEC has not yet issued these regulations, but we will adopt a policy after the regulations are finalized and their requirements are known.

Accounting and Tax Considerations

Financial Accounting Standards Board Accounting Standards Codification Topic 718 (formerly known as SFAS No. 123(R)), requires a charge to compensation expense for the fair value of equity compensation awards. Grants of options and restricted stock are accounted for under ASC 718. The Compensation Committee considers the accounting implications of significant compensation decisions, particularly in connection with decisions that relate to the Company's long-term incentive awards.

Employment Contracts, Termination of Employment and Change-in-Control Arrangements

Messrs. Mistarz and O Rourke

Edgar Filing: LIME ENERGY CO. - Form PRE 14A

We have employment agreements with each of our current named executive officers: Jeffrey Mistarz and John O Rourke. These agreements fix each of the officer's minimum base compensation, and the current annual salary for 2013 for each is as follows: Mr. Mistarz \$225,000 and Mr. O Rourke \$285,000. Each of these employment agreements terminates on December 31, 2014 and provides for the automatic renewal of each contract for an additional, successive two year periods if the Company does not provide the Executive with a notice of non-renewal before July 1st of the year in which the contract is scheduled to expire. In addition to his base salary, Mr. O Rourke is also entitled to a monthly automobile allowance of \$600.

Under their employment agreements, each of the current named executive officers are entitled to certain benefits if their employment terminates for certain reasons. If he should die during the term of his contract, most, if not all, of his unvested stock options would immediately vest. In addition, all such stock options and any previously vested stock options would be exercisable for a period of one year following the date of death.

If any of the current named executive officers should become permanently disabled such that he could not perform his duties for 180 consecutive days or for 180 days in any period of 12 consecutive months, we would have the right to terminate his employment, then any stock options which were then already vested would be exercisable for a period of between 90 and 180 days following such termination.

If any of the current named executive officers should terminate his employment during the term of the contract for reasons other than death, disability or uncured default by us under the agreement, then any vested stock options as of the date of termination shall be exercisable for 90 days following the date of termination.

If we should terminate any of the current named executive officers prior to the scheduled expiration of his respective contract, for any reason other than death, disability or Due Cause, as defined in the employment agreement, or if any of the current named executive officers should choose to terminate his employment because we defaulted in our obligations under the agreement and failed to cure such default after notice, then all of his unvested stock options will immediately vest and would be

exercisable for a period of three months following the date of termination. Additionally, we will pay the terminated current named executive officer, as severance compensation, (i) six months' salary at his then current rate, in installments in accordance with our regular payroll, plus (ii) any bonus earned as of the termination date, in accordance with the terms of such bonus, plus (iii) any accrued unused vacation, which will be paid on the next regular payroll date.

Due Cause is defined as any of (i) a material breach by the respective current named executive officer of his agreement not cured within 15 calendar days following written notice thereof, (ii) commission of a felony, or theft or embezzlement of our property, (iii) actions which result in material injury to our businesses, properties or reputation, (iv) refusal to perform or substantial neglect of the duties assigned to the respective officer not remedied within 15 calendar days following written notice thereof, or (v) any material violation of any statutory or common law duty of loyalty to us.

In addition to the foregoing, upon occurrence of a change of control, all the stock options granted to the current named executive officers shall immediately vest and become exercisable, except for an option to purchase 3,571 shares granted to Mr. O'Rourke as part of his initial hiring agreement. In addition, the Cliff Options will only vest if the change of control occurs at a stock price in excess of \$105 per share. In general, a Change of Control is deemed to have occurred when (i) we are merged or consolidated with another entity that is not then controlled by us and an unrelated entity acquires the ability to elect a majority of our Board of Directors or holds a majority of our common stock, or (ii) a majority of our assets are sold or otherwise transferred to another entity that is not then controlled by or affiliated with us.

Each of the employment agreements of Messrs. Mistarz and O'Rourke imposes non-competition, non-solicitation and confidentiality obligations, which are not separately compensated. The non-competition obligation covers the employment period and extends for two years after termination in the case of Mr. Mistarz and for six months after termination in the case of Mr. O'Rourke.

Mr. Procell

Mr. Procell entered into an employment agreement with a subsidiary of the Company in March 2009. The employment agreement currently provides that Mr. Procell's annual base salary shall be determined by the Company in its sole discretion and that he shall be eligible for an annual bonus of up to 50% of his annual base salary. Mr. Procell's current annual base salary is \$240,000. The employment agreement currently does not provide for any fixed period of employment or severance payments. The agreement imposes non-competition, non-solicitation and confidentiality obligations, which are not separately compensated. The non-competition obligation covers the employment period and extends for one year after termination.

Stock Options and Incentive Compensation

On June 4, 2008, our stockholders approved the adoption of the 2008 Stock Incentive Plan (the 2008 Plan), which replaced the 2001 Stock Incentive Plan, as amended. The 2008 Plan provided that up to 40,000 shares of our common stock could be delivered under the Plan to certain of our employees and to consultants and directors who are not employees. In addition, the 2008 Plan originally provided for an additional number of shares of our common stock to be reserved for issuance under the plan on January 1st of each succeeding year, beginning January 1, 2010, in an amount equal to 14,286 shares. On November 26, 2008, our Compensation Committee approved amendments the 2008 Plan to i) increase the maximum number of shares of Common Stock authorized for issuance under the 2008 Plan by 50,000 shares, from 40,000 shares to 90,000 shares, and (ii) raise the automatic increases in the number of shares available for awards by 21,429 shares, from 14,286 to 35,715, each year beginning in 2010. The holders of a majority of our outstanding capital stock approved the Plan Amendment pursuant to a consent dated November 26, 2008. On March 25, 2010, the Compensation Committee approved a second amendment to the 2008 Plan to increase the shares available under the plan by an additional 245,714 shares, from 161,429 shares to 407,143 shares. The second amendment was approved by our stockholders on June 3, 2010.

Table of Contents

The awards to be granted under the Plan may be incentive stock options eligible for favored treatment under Section 422 of the Internal Revenue code of 1986, as amended from time to time, or non-qualified options that are not eligible for such treatment, or stock of the Company, which may be subject to contingencies or restrictions, as well as grants of stock appreciation rights or grants of shares of common stock. Approximately 155 employees and officers of the Company and our subsidiaries are currently eligible to participate in the Plan.

As of December 31, 2012, there were 284,533 shares of common stock reserved under the Plan for outstanding options and shares of restricted stock. We granted 9,847 shares of restricted stock and options to purchase 82,322 shares under the Plan during 2012, and options to purchase 248,606 shares were outstanding under the Plan as of December 31, 2012.

PROPOSAL 2

APPROVAL OF THE ISSUANCE OF CONVERSION AND WARRANT SHARES

As described in more detail below under the caption **Background**, we issued shares of our Series A Preferred Stock and warrants to purchase shares of our common stock in a private placement in September 2013. Our Series A Preferred Stock is convertible into shares of our common stock. As described in more detail below under the caption **Need for Stockholder Approval**, the NASDAQ Listing Rules require us to obtain stockholder approval of the issuance of common stock upon the conversion of shares of our Series A Preferred Stock and the exercise of our outstanding warrants issued in connection with the sale of our Series A Preferred Stock. This Proposal seeks that approval. As of the date of this Proxy Statement, we have not received any requests for either the conversion of any shares of our Series A Preferred Stock or for the exercise of any of our outstanding warrants issued in connection with the sale of our Series A Preferred Stock.

Background

On September 23, 2013, we entered into a purchase agreement with the investors who held our Subordinated Secured Convertible Pay-In-Kind Notes (the **Notes**), including Mr. Richard Kiphart, our Chairman and largest individual stockholder, and Mr. Christopher Capps, a member of our Board of Directors. Pursuant to the terms of that agreement, the investors acquired 927,992 shares of our Series A Preferred Stock (the **Preferred Shares**) at a price per Preferred Share of \$10.00. The purchase price was paid with (a) \$2,500,000 in cash and (b) the exchange of \$6,779,949.84 (principal amount and accrued interest) of the Notes, representing all of the outstanding Notes. With the exchange of the Notes, the shares of our common stock previously issuable upon conversion of Notes have been eliminated in favor of shares issuable upon conversion of the Preferred Shares.

The Preferred Shares are entitled to an accruing dividend of 12.5% of their original issue price per year (subject to adjustment for stock splits, combinations and similar recapitalizations), payable semi-annually in arrears. Such dividends shall be paid in additional shares of Series A Preferred Stock at the original issue price (subject to adjustment for stock splits, combinations and similar recapitalizations) or, at the sole discretion of the our board of directors, in cash.

The Preferred Shares may be converted, at any time following the approval of such conversion by our common stockholders, at the election of the holder of such share, into shares of our common stock at a conversion price equal to \$3.78 per share (the **Conversion Price**). The Conversion Price shall be proportionately adjusted for stock splits, combinations and similar recapitalizations, and, subject to a floor of \$3.50, shall be adjusted for future issuance of common stock (excluding certain issuances) at a price per share less than the Conversion Price on a broad based, weighted average basis. We can require conversion of the notes if the weighted average price for the its common stock is at least two hundred percent (200%) of the Conversion Price for at least 20 trading days during a 30 trading day period ending within 5 trading days prior to our sending a notice of forced conversion to the holders of the Notes.

We may redeem all or a portion of the Preferred Shares at our option at any time unless prohibited by Delaware law governing distributions to stockholders. The redemption price for each Preferred Share shall be its original issue price (subject to adjustment for stock splits, combinations and similar recapitalizations) plus any accrued but unpaid dividends multiplied by a factor based on the date of the notice of such redemption is sent to holders of the Preferred Shares. If such notice is sent before the first anniversary of the issuance of the Preferred Shares, the factor shall be 103%, if thereafter but before the second such anniversary, the factor shall be 102%, if thereafter but before the third such anniversary, the factor shall be 101% and thereafter, the facto shall be 100%.

Table of Contents

In connection with the agreement with the Investors, we issued Investors purchasing preferred shares for cash warrants to purchase 264,551 shares of our common stock at \$3.78 per share (the Warrants). These warrants expire on the 5th anniversary of their issuance and contain a cashless-exercise option. The Warrants may not be exercised until our common stockholders approve the exercise of the Warrants.

The terms of purchase agreement prohibit any holder of Preferred Shares or Warrants (Holder) from converting Preferred Shares into common stock or exercising any Warrants unless we have obtained the prior approval of our stockholders for the issuance of shares upon conversion of the Preferred Shares and on the exercise of the Warrants. The purchase agreement requires that we seek such stockholder approval. This Proposal is being submitted in order to obtain such stockholder approval.

Need for Stockholder Approval

Our common stock is listed on the NASDAQ Capital Market and as such is subject to the NASDAQ Listing Rules. The issuance of common stock pursuant to the conversion of our Preferred Shares or the exercise of the Warrants is governed by Listing Rules 5635(c) and 5635(d). Listing Rule 5635(c) relates to certain transactions whereby our common stock may be issued for less than market value. Listing Rule 5635(d) relates to certain transactions whereby our common stock may be issued for less the greater of than market value or book value. Because the book value of our common stock was less than the market value on September 23, 2013, market value is the applicable standard for the conversion of the Preferred Shares and the exercise of the Warrants. For the purposes of the applicable Listing Rules, market value means the last closing consolidated bid price prior to entering the binding agreement for a transaction.

Although the conversion price of the Preferred Shares and the exercise price of the Warrants was equal to the market value of our common stock at the time we entered into the purchase agreement, because the investors who purchased Preferred Shares for cash received Warrants in addition to the Preferred Shares, for the purposes of the NASDAQ Listing Rules, the issuance of our common stock upon conversion of the Preferred Shares of the exercise of the Warrants will be deemed to be at less than market value.

Listing Rule 5635(c) requires us to obtain stockholder approval of prior to the issuance of our common stock in any equity compensation plan, subject to certain exceptions, none of which apply here. Any transaction in which officers, directors, employees, or consultants receive common stock for less than market value is considered an equity compensation plan. Because Mr. Kiphart is one of our directors, the sale of the Preferred Stock and Warrants to him is an equity compensation plan, and no common stock may be issued upon the conversion of the Preferred Shares or the exercise of the Warrants issued to him unless we have first received stockholder approval of such issuances.

Listing Rule 5635(d) requires us to obtain stockholder approval of prior to the issuance of our common stock in any private placement of 20% or more of our common stock or of securities convertible into 20% or more of or common stock, at less than the greater of book value or market value. The sale of the Preferred Shares and Warrants constituted such a private placement and, therefore, pursuant to Listing Rule 5635(d), no more common stock than an amount equal to 20% of our outstanding common stock on September 23, 2013 may be issued upon the conversion of the Preferred Shares or the exercise of the Warrants unless we have first received stockholder approval of such issuances.

Table of Contents

To comply with Listing Rules 5635(c) and 5635(d), the terms of purchase agreement prohibit any holder of Preferred Shares or Warrants from converting Preferred Shares into common stock or exercising any Warrants unless we have obtained the prior approval of our stockholders for the issuance of shares upon conversion of the Preferred Shares and on the exercise of the Warrants.

Consequences of Approval or Disapproval of the Issuance of Conversion and Warrant Shares

If Proposal 2 is approved, we will be allowed to issue shares of our common stock upon conversion of the Preferred Shares and the exercise of the Warrants. In the event that stockholders approve this Proposal, each Holder will be able to convert all of its Preferred Shares into, and exercise all its Warrants for, shares of the our common stock, and we will not be required to either (a) issue additional Preferred Shares as dividends or (b) use our then existing cash resources to pay cash dividends. If this Proposal is not approved, the Holders will not be able to convert the Preferred Shares. In such case, Holders who would otherwise be willing to convert their Preferred Shares into conversion shares will not be able to do so. We will instead be required to either (a) issue additional Preferred Shares as dividends or (b) use our then existing cash resources to pay cash dividends. Those obligations would continue indefinitely, unless we chose to redeem the Preferred Shares and had the available cash to do so.

Dilutive Effect

If Proposal 2 is approved, our stockholders immediately prior to the issuance of any shares upon conversion of the Preferred Shares and the exercise of the Warrants could incur dilution in their percentage ownership of our common stock. Excluding any Preferred Shares which may be issued in the future as pay-in-kind dividends on outstanding Preferred Shares, upon the conversion of all currently outstanding Preferred Shares and the Warrants, we would issue 2,719,647 shares of our common stock.

Additional Information

The certificate of designation for the Preferred Shares, the purchase agreement, and the form of Warrant, all of which were executed in connection with the issuance of the Preferred Shares and Warrants, are filed as exhibits to the Company's Current Report on Form 8-K dated September 23, 2013 as filed with the Securities and Exchange Commission on September 23, 2013.

This summary of the terms of the Preferred Shares and Warrants is intended to provide you with certain material information concerning the Preferred Shares and Warrants and the transaction pursuant to which the Preferred Shares and Warrants were issued. You should also review the certificate of designation of the Preferred Shares, the purchase agreement and the form of Warrant, which have been filed with the Securities and Exchange Commission, in their entirety. This summary should be read in conjunction with such documents.

Table of Contents**PROPOSAL 3****PROPOSAL TO AMEND OUR 2010****NON-EMPLOYEE DIRECTORS STOCK PLAN****Introduction**

Effective April 1, 2000, we adopted a stock option plan for all non-employee directors that was separate and distinct from our employee incentive plans. The plan was amended on July 11, 2006 to provide that eligible directors receive an initial option grant upon being appointed to our Board of Directors to purchase 2,041 shares of our common stock, and a grant of options to purchase an additional 1,020 shares on the first day of January beginning on the second January following the date the director became an eligible director.

The Directors Plan was replaced in June 2010 by the 2010 Non-Employee Directors' Stock Plan. The 2010 Directors' Plan provides for the granting of up to 35,715 shares of stock to Non-Employee directors to compensate them for their services to the Company. The use of the shares available under the 2010 Directors' Plan is administered by the Company's Board of Directors, which has delegated its powers to the Compensation Committee of the Board of Directors. The Compensation Committee has determined under the 2010 Directors' Plan to grant non-employee directors restricted shares of Company stock with the following market values on the date of grant:

	Market Value of Grant	
For Board Service:		
Each director upon initial election:	\$	40,000
Annual grant to each director:	\$	20,000
For Committee Service:		
<u>Audit Committee:</u>		
Chairman	\$	15,000
Members	\$	10,000
<u>Compensation Committee:</u>		
Chairman	\$	10,000
Members	\$	5,000
<u>Nominating Committee:</u>		
Chairman	\$	5,000
Members	\$	2,500

Half of the shares received pursuant to this plan vest immediately and the remaining shares vest on the one year anniversary of the initial grant, or in the case of grants for committee service, on the date that the term of the service ends, typically the date of our annual meeting of stockholders. Shares for Board service are granted on the first business day of the year and shares for committee service are granted upon appointment to the committee following the annual meeting of stockholders. Newly appointed directors receive their initial grant on a prorated basis on their date of appointment.

The Plan Amendment

Pursuant to the Plan Amendment, the following changes will be made to the Plan:

- The maximum number of shares of Common Stock currently reserved for issuance under the Plan will be increased from 35,715 shares to 71,430 shares and the additional shares will be available for stock grants to non-employee directors as compensation for their services to the Board.

A copy of the Plan Amendment is attached as Appendix A.

Description of the Plan

The following is a summary of the Plan. This summary is qualified in its entirety by reference to the complete text of the Plan. You are urged to read the actual text of the Plan in its entirety, which is set forth as Appendix B.

Purpose

The purpose of the Director Plan is to promote our long-term success and that of our subsidiaries by creating a long-term mutuality of interests between the Non-Employee Directors and our stockholders through the granting of restricted stock awards, to provide an additional inducement for the Non-Employee Directors to remain with the Company, and to provide a means through which we may attract qualified persons to serve as Non-Employee Directors.

Administration of the Director Plan

The Director Plan will be administered by the Board, which may delegate its powers under the Director Plan to a committee. The committee, if so appointed, would consist of two or more directors who are outside directors and non-employee directors. We expect the Compensation Committee of the Board of Directors to administer the plan. The Non-Employee Directors to whom restricted stock awards are granted, the timing of grants, the number of shares subject to any restricted stock award and the periods during which any restricted stock awards shall vest shall be as provided in the Director Plan unless provided for otherwise by the Board pursuant to the terms of the plan.

Table of Contents

If the Director Plan is approved, it is the current intention of the Board, as determined by our Compensation Committee, to grant non-employee directors a number of shares of restricted stock with the following fair market value on the date of grant:

For Board Service:		
Each director upon initial election:	\$	40,000
Annual grant to each director:	\$	20,000
Annual Grants for Committee Service:		
<u>Audit Committee:</u>		
Chairman	\$	15,000
Members	\$	10,000
<u>Compensation Committee:</u>		
Chairman	\$	10,000
Members	\$	5,000
<u>Nominating Committee:</u>		
Chairman	\$	5,000
Members	\$	2,500

Eligibility

Restricted stock awards may be granted under the Director Plan to the non-employee directors of the Company. There are currently four non-employee directors.

Terms and Conditions of Awards

Types of Awards. The Plan provides for the issuance of shares of restricted stock.

Term. Generally, shares of restricted stock will vest equally over a two-year period, or earlier if the Non-Employee Director ceases to be a director for because of death, disability or retirement. If the Non-Employee Director is otherwise ceases to be a director, he or she shall forfeit all unvested awards upon ceasing to be a director.

Other Provisions. The restricted stock agreement for each grant of stock options or restricted stock award may contain other terms, provisions, and conditions not inconsistent with the Director Plan, as may be determined by the Board.

Rights as Stockholders

Except as limited by the Director Plan or award agreement, the grantee of restricted stock shall have all of the rights of a stockholder of the Corporation holding the class or series of common shares that is the subject of the restricted stock, including, if applicable, the right to vote the shares and, if granted by the Committee, the right to receive any cash dividends. If so determined by the Board or the Committee in the applicable award agreement and provided that sufficient shares are available under the plan for such reinvestment, dividends payable in common stock shall be paid in the form of restricted stock of the same class as the common stock with which such dividend was paid, held subject to the vesting of the underlying restricted stock.

Table of Contents

Adjustments

The number of shares available under the Director Plan, the number of shares to be granted for each restricted stock award, and the number of shares subject to outstanding restricted stock awards will be adjusted to reflect any stock split, stock dividend or other event generally affecting the number of shares of Common Shares. If a merger, consolidation or other business reorganization occurs and the Company is not the surviving entity, the vesting of outstanding stock options and restricted stock awards will automatically accelerate and the stock options and restricted stock awards will become fully exercisable.

Limits on Transferability

Subject to the provisions of the Director Plan or award agreement, and until the restricted stock has vested, the grantee may not sell, assign, transfer, pledge or otherwise encumber Restricted Stock. In the event of a director's death, disability or retirement while still a director, unvested awards shall become fully vested.

Acceleration of Awards in the Event of a Change In Control

If a grantee ceases to be a director of the company within 12 months of a change in control as defined in the Director Plan, all unvested awards shall become fully vested.

Amendment and Termination

The Board may not materially alter the Director Plan without stockholder approval, including any alterations to increase the benefits accrued to participants under the Director Plan, to increase the amount of Common Shares which may be issued under the Director Plan, to modify the requirements for participation under the Director Plan, or to include provisions in the Director Plan to allow the Board to lapse or waive restrictions contained in the Director Plan at its discretion. The Board may otherwise modify, amend, or terminate the Director Plan in any respect; except that if at any time the approval of the stockholders of the Company is required the Board may not effect the modification, amendment, or termination without stockholder approval. No amendment, alteration, suspension, or termination of the Director Plan shall impair the rights of any participant, unless mutually agreed in writing. Unless earlier terminated by the Board, the Plan will terminate five years after the date it was approved by our stockholders.

Federal Income Tax Consequences

The following discussion is intended to be a summary and is not a comprehensive description of the federal tax laws, regulations, and policies affecting the Company and recipients of awards under the Director Plan. Any descriptions of the provisions of any law, regulation, or policy are

Edgar Filing: LIME ENERGY CO. - Form PRE 14A

qualified in their entirety by reference to the particular law, regulation, or policy. Any change in applicable law or regulation or the policies of various taxing authorities may have a significant effect on this summary.

A participant who receives restricted stock awards under the Director Plan will not recognize taxable income for federal income tax purposes when the restricted stock award is granted. Once the award is vested and the shares are distributed, the participant will generally be required to include in ordinary income for the taxable year in which the vesting date occurs an amount equal to the fair market value of the shares on the vesting date. We will generally be allowed to claim a

deduction for compensation expense in a like amount.

The preceding statements are intended to summarize the general principles of current federal income tax law applicable to awards under the Director Plan. State and local tax consequences may also be significant.

Awards Under the 2010 Non-Employee Stock Plan

As of October 11, 2013, we have granted 33,843 shares of Common Stock and 1,872 shares remain available for future awards under the Plan, or approximately 5.2% of the 35,715 total shares originally reserved. The table below sets forth the number of awards granted through October 11, 2013 under the Plan to all current non-employee directors:

Director Name	Number of Shares Awarded
Barnum, Gregory	8,117
Capps, Christopher	6,504
Glick, Stephen	6,824
Kiphart, Richard	6,888
Current Non-Employee Directors as a Group (total 4)	28,333

NASDAQ Stockholder Approval Requirements

We are subject to the NASDAQ rules. Although the Plan Amendment does not require stockholder approval under Delaware law, our certificate of incorporation or by-laws, stockholder approval is required before the issuance of stock in connection with a stock option plan or other equity arrangement that is made or materially amended, pursuant to which stock may be acquired by officers, directors, employees or consultants under NASDAQ Rule 5635(c). We are therefore seeking stockholder approval of the Plan Amendment at the Annual Meeting.

The Board of Directors recommends that the stockholders vote

PROPOSAL 4

APPROVAL OF

2013 EMPLOYEE STOCK PURCHASE PLAN

On September 23, 2013, our Board approved the Lime Energy Co. 2012 Employee Stock Purchase Plan, subject to stockholder approval. The Employee Stock Purchase Plan allows employees to purchase our common stock at a discount using payroll deductions. Stockholder approval of the Employee Stock Purchase Plan would entitle employees in the United States to receive special tax treatment provided by the Internal Revenue Code of 1986, as amended (the Code).

The Employee Stock Purchase Plan provides for the issuance of up to 42,858 shares of common stock. A copy of the 2013 Employee Stock Purchase Plan is attached as Appendix C to this Proxy Statement. The description herein is a summary and not intended to be a complete description of the Employee Stock Purchase Plan. Please read the Employee Stock Purchase Plan for more detailed information.

Material Features of the ESPP

Stock Subject to the ESPP

The number of shares of Common Stock which may be purchased by employees under the ESPP is 42,858 shares. Such shares of Common Stock may be newly issued shares or shares reacquired in private transactions or open market purchases.

Eligibility

All of our employees and employees of our affiliates who have been employed for at least six months and whose customary employment is at least 20 hours per week and at least five months per calendar year are eligible to participate in the ESPP, except for persons who are deemed under Section 423(b)(3) of the Code, to own 5% or more of our voting stock. Our officers are eligible to participate in the ESPP, except that the Compensation Committee may provide in any offering period that certain highly compensated employees within the meaning of the Code are ineligible to participate. As of October 11, 2013, approximately 155 persons would be eligible to participate in the ESPP.

Participation

The ESPP provides, for a series of two six-month offering periods commencing on January 1, 2014 and July 1, 2014. The Compensation Committee may change the duration of the offering periods; provided, that such offering periods comply with the provisions of

Edgar Filing: LIME ENERGY CO. - Form PRE 14A

Section 423(b)(3) of the Code. Employees may elect to become participants in the ESPP by enrolling during specified enrollment periods. During each offering period, employees who enroll in the ESPP for the offering period are granted an option to purchase not more than 1,430 shares through the accumulation of payroll deductions of not more than 15% of each participant's compensation (up to a maximum of \$25,000 per calendar year, based on the fair market value of the shares determined as of the date the option to purchase such shares is granted). The number of shares to be purchased will be determined by dividing the participant's balance in the ESPP account on the last day of the offering period by the purchase price per share for the Common Stock. The purchase price per share will be the lesser of 85% of the fair market value of the Common Stock on the last day of the offering period or 85% of the fair market value on the first day of the offering period. If a fractional number of shares results, the number will be rounded down to the next whole

Table of Contents

number and the excess funds shall be carried forward to the next offering period. Unless a participant withdraws from the ESPP, such participant's option will be exercised automatically on the last day of the offering period. No interest shall accrue on a participant's contributions under the ESPP.

Withdrawal

An employee may withdraw all but not less than all the contributions credited to his or her account under the ESPP at any time at least 15 days prior to the last day of the offering period. Upon termination of a participant's continuous status as an employee prior to the last day of an offering period for any reason, including retirement or death, the contributions credited to such participant's account will be returned to such participant or such participant's beneficiary in the case of death. In the event a participant fails to remain employed for at least 20 hours per week during an offering period, such participant will be deemed to have withdrawn and the contributions credited to such participant's account shall be returned to such participant. A participant's withdrawal from any offering period will not by itself have any effect upon his or her eligibility to participate in a succeeding offering period.

Administration, Amendment, Termination

The Compensation Committee shall supervise and administer the ESPP. It shall have full power to adopt, amend and rescind any rules deemed desirable and appropriate for administration of the ESPP and not inconsistent with the ESPP, to construe and interpret the ESPP and to make all other determinations necessary or advisable for the administration of the ESPP. The Committee may at any time terminate or amend the ESPP, except that no such termination may affect options previously granted, nor may an amendment make any change in any option granted which adversely affects the rights of any participant. In addition, to the extent necessary to comply with Section 423 of the Code or any other applicable law or regulation, we must obtain stockholder approval as required.

Term of ESPP

The ESPP became effective upon adoption by the Board and shall terminate one year thereafter, subject to stockholder approval within 12 months of adoption, unless earlier terminated as provided above. No purchases of Common Stock pursuant to the ESPP shall occur prior to stockholder approval.

Without stockholder consent and without regard to whether any participant rights may be considered to have been adversely affected, the Committee shall be entitled to change the Offering Periods, change the Exercise Price with respect to future Offering Periods, change the maximum level of payroll deductions that may be elected under the Plan, limit the frequency and/or number of changes in the amount withheld during an Offering Period, establish the exchange ratio applicable to amounts withheld in a currency other than U.S. dollars, permit payroll withholdings in excess of the amount designated by a participant in order to adjust for delays or mistakes in our processing of properly completed withholding elections, establish reasonable waiting and adjustment periods and/or accounting and crediting procedures to ensure that amounts applied toward the purchase of Common Stock for each participant properly correspond with amounts withheld from the participant's Compensation, and establish such other limitations or procedures as the Committee determines in its sole discretion advisable which are consistent with the Plan.

Table of Contents

Nontransferability

Neither contributions credited to a participant's account nor any rights with respect to the exercise of an option or to receive shares under the ESPP may be assigned, transferred, pledged or otherwise disposed of in any way other than by will or the laws of descent and distribution. A participant may file a written designation of a beneficiary who is to receive any shares of Common Stock and cash, if any, from the participant's account under the ESPP in the event of such participant's death subsequent to the end of an offering period but prior to the delivery of such participant's shares of Common Stock and cash. A participant may file a written designation of a beneficiary who is to receive any cash from the participant's account in the event of such participant's death prior to the end of the offering period.

Adjustments upon Changes in Stock

Changes in Capitalization. Subject to any required action by our stockholders, the maximum number of shares available for purchase each Offering Period, as well as the price per share and the number of shares of Common Stock covered by each Option under the Plan which has not yet been exercised shall be proportionately adjusted for any increase or decrease in the number of issued shares of Common Stock resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Common Stock, or any other increase or decrease in the number of shares of Common Stock effected without our receipt of consideration; provided, however, that conversion of any of our convertible securities shall not be deemed to have been effected without receipt of consideration. Such adjustment shall be made by the Committee, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issuance by us of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares of Common Stock subject to an Option.

Dissolution or Liquidation. In the event of the proposed dissolution or liquidation of the Company, the Offering Period then in progress shall be shortened by setting a new Exercise Date (the New Exercise Date), and shall terminate immediately prior to the consummation of such proposed dissolution or liquidation, unless provided otherwise by the Committee. The New Exercise Date shall be before the date of the Company's proposed dissolution or liquidation. The Committee shall notify each participant in writing, at least ten business days prior to the New Exercise Date, that the Exercise Date for the participant's Option has been changed to the New Exercise Date and that the participant's Option shall be exercised automatically on the New Exercise Date, unless prior to such date the participant has withdrawn from the Offering Period as provided in paragraph 8 of the ESPP.

Merger or Asset Sale. In the event of a proposed sale of all or substantially all of the assets of the Company, or the merger of the Company with or into another corporation, each outstanding Option shall be assumed or an equivalent Option substituted by the successor corporation or an Affiliate of the successor corporation. In the event that the successor corporation refuses to assume or substitute for the option, any Offering Period then in progress shall be shortened by setting a new Exercise Date (the New Exercise Date) and any Offering Period then in progress shall end on the New Exercise Date. The New Exercise Date shall be before the date of the Company's proposed sale or merger. The Committee shall notify each participant in writing, at least ten business days prior to the New Exercise Date, that the Exercise Date for the participant's Option has been changed to the New Exercise Date and that the participant's Option shall be exercised automatically on the New Exercise Date, unless prior to such date the participant has withdrawn from the Offering Period as provided in paragraph 8 of the ESPP.

Federal Income Tax Considerations

The following is a description of certain U.S. Federal income tax consequences of the issuance and exercise of options to purchase shares under the ESPP. The options granted under the ESPP are intended to constitute qualified stock options in an employee stock purchase plan under Section 423 of the Code. No taxable income is realized by a participant at the time options are granted to participants under the ESPP or at the time of purchase of shares pursuant to the ESPP. Upon the death of a participant owning ESPP shares, or upon the disposition of shares two years or more after the date of the grant of the option to purchase such shares and at least one year after acquiring such shares (the Required Holding Period), the participant will recognize as ordinary compensation income an amount equal to the lesser of:

- (i) the excess of the fair market value of the shares on the date of disposition or death over the amount paid for such shares, or
- (ii) the excess of the fair market value of the shares at the time the option was granted over the option exercise price.

The participant will also recognize a long term capital gain or loss on such disposition of such shares equal to the difference between (x) the amount realized upon the sale of the shares and (y) the sum of the amount the participant paid for the shares plus the amount, if any, taxed to the participant as ordinary compensation income under clause (i) or (ii) above.

We will not be entitled to a deduction corresponding to the participant's compensation income in the case of shares satisfying the Required Holding Period.

Upon disposition of the shares prior to the satisfaction of the Required Holding Period, the participant generally will then recognize compensation income, and we will have a corresponding deduction, in an amount equal to the excess of the fair market value of the shares on the date of exercise over the amount paid for the shares. The amount recognized as compensation income will be added to the basis of the shares for purposes of computing the participant's capital gain at time of disposition.

PROPOSAL 5

ADVISORY VOTE ON EXECUTIVE COMPENSATION

We are providing our stockholders the opportunity to vote to approve, on an advisory, non-binding basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the SEC's rules. This proposal, which is commonly referred to as "say-on-pay," is required by the recently enacted Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, which added Section 14A to the Securities Exchange Act of 1934, as amended (the "Exchange Act"). Section 14A of the Exchange Act also requires that stockholders have the opportunity to cast an advisory vote with respect to whether future executive compensation advisory votes will be held every one, two or three years, which is the subject of Proposal 6.

We believe that our compensation policies are designed to attract, motivate and retain talented executive officers and are aligned with the long-term interests of our stockholders. This advisory stockholder vote, gives you as a stockholder the opportunity to approve or not approve the named executive officer's compensation that is disclosed in this Proxy Statement by voting for or against the resolution below (or by abstaining with respect to the resolution):

Our Board of Directors is asking stockholders to approve a non-binding advisory vote on the following resolution:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the compensation discussion and analysis, the compensation tables and any related material disclosed in this proxy statement, is hereby approved.

As an advisory vote, this proposal is not binding. Neither the outcome of this advisory vote nor of the advisory vote included in Proposal 6 overrules any decision by the Company or the Board of Directors (or any committee thereof), creates or implies any change to the fiduciary duties of the Company or the Board of Directors (or any committee thereof), or creates or implies any additional fiduciary duties for the Company or the Board of Directors (or any committee thereof). However, our Compensation Committee and Board of Directors value the opinions expressed by our stockholders in their vote on this proposal and will consider the outcome of the vote when making future compensation decisions for named executive officers.

The Board of Directors recommends that the stockholders vote

PROPOSAL 6
ADVISORY VOTE ON THE FREQUENCY OF
FUTURE EXECUTIVE COMPENSATION ADVISORY VOTES

In Proposal 5, we are providing our stockholders the opportunity to vote to approve, on an advisory, non-binding basis, the compensation of our named executive officers. In this Proposal 6, we are asking our stockholders to cast a non-binding advisory vote regarding the frequency of future executive compensation advisory votes. Stockholders may vote for a frequency of every one, two, or three years, or may abstain from casting a vote.

The Board of Directors will take into consideration the outcome of this vote in making a determination about the frequency of future executive compensation advisory votes. However, because this vote is advisory and non-binding, the Board of Directors may decide that it is in the best interests of our stockholders and the Company to hold the advisory vote to approve executive compensation more or less frequently. In the future, we will propose an advisory vote on the frequency of the executive compensation advisory vote at least once every six calendar years.

After careful consideration, the Board of Directors believes that the executive compensation advisory vote should be held every three years, and therefore our Board of Directors recommends that you vote for a frequency of every three years for future executive compensation advisory votes.

We believe that a once-every-three-years executive compensation advisory vote will allow our stockholders to evaluate executive compensation on a more thorough, longer-term basis than an annual or biennial vote. We take a long-term view of executive compensation and encourage our stockholders to do the same. Too-frequent executive compensation advisory votes may encourage short-term analysis of executive compensation. In addition, an annual or biennial executive compensation advisory vote may not allow stockholders sufficient time to evaluate the effect of changes we make to our executive compensation program. In determining to recommend that stockholders vote for a frequency of once every three years, we considered how an advisory vote at this frequency will provide stockholders sufficient time to evaluate the effectiveness of our executive compensation policies and practices in the context of our long-term business results rather than emphasizing short-term and potentially one-time fluctuations in our business results or executive compensation. In addition, a vote every three years will provide us sufficient time to be responsive to stockholder views.

Therefore, the Board of Directors believes that holding the executive compensation advisory vote every three years is in the best interests of the Company and its stockholders and recommends voting for a frequency of every **THREE YEARS** Proxies solicited by the Board of Directors will be voted for a frequency of every **THREE YEARS** unless stockholders specify to the contrary on their proxy.

The Board of Directors recommends that the stockholders vote
FOR
a frequency of every **THREE YEARS for the executive compensation advisory**

BDO USA, LLP, an independent registered public accounting firm, has been our independent auditor for many years, and is considered by management to be well qualified. The Board of Directors, at the recommendation of the Audit Committee, has recommended the appointment of BDO USA, LLP as our independent registered public accounting firm for fiscal year 2013, and our stockholders are asked to approve the appointment of BDO USA, LLP as our auditors for the year ending December 31, 2013.

Procedures for Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditor

Our Audit Committee charter requires the Audit Committee to pre-approve all audit and non-audit services provided by BDO. Each proposed engagement not specifically identified by the Securities and Exchange Commission as impairing independence is evaluated for independence implications prior to entering into a contract with the independent auditor for such services. Our Audit Committee considered whether the use of BDO's services other than for the annual audit and quarterly reviews in any way impairs their independence and has concluded that it does not. In both 2012 and 2011, these services were limited to tax fees related to tax compliance, advice and planning. No services were performed by BDO prior to receiving approval from the Audit Committee.

We have been advised by BDO that substantially all of the work done in conjunction with its 2012 audit of our financial statements for the most recently completed year was performed by permanent, full-time employees and partners of BDO. We have received confirmation and a letter from BDO required by Independence Standards Board No. 1, and discussed with BDO its independence.

Report of the Audit Committee

The Audit Committee operates under a written charter adopted by the Board of Directors, which is reassessed periodically for adequacy by the Audit Committee. The directors who serve on the Audit Committee have no financial or personal ties to us (other than director compensation and equity ownership as described in this proxy statement) and are all independent for purposes of the Securities and Exchange Commission's regulations and the NASDAQ listing standards. The Board of Directors has determined that none of the Audit Committee members has a relationship with us that may interfere with the director's independence from the Company and our management.

The Audit Committee oversees our financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the consolidated financial statements and their reporting process, including the systems of internal controls. In fulfilling their oversight responsibilities, the Committee has reviewed and discussed with the independent auditors matters such as the quality (in addition to acceptability), clarity, consistency, and completeness of our financial reporting, as required by Statement on Auditing Standards No. 61, as amended as adopted by the PCAOB in Rule 3200T, Communication with Audit Committees, as amended by Statement on Auditing Standards No. 90, Audit Committee Communications.

Management is responsible for our internal controls and the financial reporting process. BDO, our independent auditor, is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards. The Audit Committee's responsibility is to monitor and oversee these processes.

The Audit Committee has reviewed and discussed the audited financial statements contained in the 2012 Annual Report on Form 10-K and the Company's internal controls over financial reporting with the Company's management and its independent registered certified public accounting firm. The Audit Committee received from BDO the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding BDO's communications with the Audit Committee concerning independence, and has discussed with BDO the issue of its independence from the Company.

Table of Contents

Based on the Audit Committee's review of the audited financial statements and its discussions with management and BDO noted above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2012. The Committee recommended to the Board of Directors the selection of BDO as the Company's independent auditor for the fiscal year ending December 31, 2013, and that the Board submit this appointment to the Company's stockholders for approval at the Annual Meeting.

(a) Except as otherwise provided in Sections 6.2(d), 6.2(e), and 6.2(f), or as provided by the Committee (subject to the terms of the Plan), all restrictions on Restricted Stock granted pursuant to an Award shall end (and the Restricted Stock shall thereupon become vested) only as follows: one-half of the Award shall vest as of the date of the Award and one-half on the first anniversaries of the date of the Award, provided the grantee remains a director of the Corporation as of the date on which vesting occurs.

(b) Subject to the provisions of the Plan and the Restricted Stock Agreement referred to in Section 6.2(g), and until the expiration of the Restriction Period, the Grantee shall not be permitted to sell, assign, transfer, pledge or otherwise encumber Restricted Stock.

If so determined by the Committee in the applicable Award Agreement and provided that sufficient shares are available under Section 3 of the Plan for such reinvestment, dividends payable in Common Stock shall be paid in the form of Restricted Stock of the same class as the Common Stock with which such dividend was paid, held subject to the vesting of the underlying Restricted Stock.

(g) Each Award shall be confirmed by, and be subject to, the terms of an Award Agreement.

Notwithstanding the limitations set forth in Section 3, in the event of a merger, reorganization, consolidation, recapitalization, reclassification, split-up, spin-off, separation, liquidation, stock dividend, stock split, reverse stock split, property dividend, share repurchase, share combination, share exchange, issuance of warrants, rights or debentures or other change in corporate structure of the Corporation affecting the Common Stock, the Board shall make such substitution or adjustments in the aggregate number and kind of shares reserved for issuance under the Plan, in the number, kind and option price of shares subject to outstanding Restricted Stock Awards, and/or such other equitable substitution or adjustments as it may determine to be appropriate in its sole discretion; provided, however, that the number of shares subject to any Award shall always be a whole number.

8.2 Amendment. The Board may amend, alter or discontinue the Plan, but no amendment, alteration or discontinuation shall be made which would: (i) impair the rights under an Award or Award Agreement theretofore granted without the recipient's consent, except such an amendment made to cause the Plan to qualify for the exemption provided by Rule 16b-3 or to cause the Plan to comply with Code section 409A, or (ii) disqualify the Plan from the exemption provided by Rule 16b-3. In addition, no such amendment shall be made without the approval of the Corporation's stockholders to the extent such approval is required by law or agreement.

SECTION 9. Withholding

Upon the vesting of Restricted Stock under an Award, the Corporation shall have the right to retain or sell without notice sufficient Common Stock to cover the amount of any federal income tax required to be withheld with respect to such Common Stock being issued or vested, remitting any balance to the Grantee; provided, however, that the Optionee or Grantee shall have the right to provide the Corporation with the funds to enable it to pay such tax.

SECTION 10. No Right to Re-Election

Nothing in the Plan or in any Award granted pursuant to the Plan or any action taken under the Plan shall confer on any individual any right to continue as a director of the Corporation or to be renominated by the Board or re-elected by the stockholders of the Corporation.

SECTION 11. Effective Date of the Plan

This Plan shall become effective on the date the stockholders of the Corporation (acting at a duly called meeting of such stockholders) approve the adoption of the Plan.

SECTION 12. Governing Law

The provisions of the Plan shall be construed, administered and enforced according to the laws of the State of Delaware without regard to its conflict of laws rules.

All obligations of the Corporation under the Plan with respect to Options or Restricted Stock granted hereunder shall be binding on any successor of the Corporation, whither the existence of such successor is the result of a direct or indirect purchase, merger, consolidation, or otherwise, of all or substantially all of the business and/or assets of the Corporation.

The Committee shall have the power to change the commencement date and duration of any Offering Period with respect to future offerings without stockholder approval if such change is announced prior to the scheduled beginning of the first Offering Period affected thereby. The Plan shall continue until terminated in accordance with paragraph 17 or paragraph 21 hereof. In addition, employees shall not be entitled to enroll in the Plan or exercise any Options granted under the Plan during any period in which, and to the extent that, the Company has restricted the purchase or sale of its securities by its employees.

(a) An eligible employee may become a participant in the Plan by completing an enrollment form (Enrollment Form) provided by the Company (which may be a form maintained by the Company on an internet website) and submitting it to the Company in any manner designated by the Committee at least five (5) business days prior to the applicable Offering Date, unless a later time for submitting the Enrollment Form is set by the Committee for all eligible employees with respect to a given Offering Period. The Enrollment Form shall set forth the percentage or dollar amount of the participant's Compensation (but not more than 15%) to be paid as Contributions pursuant to the Plan. Once an employee becomes a participant for an Offering Period, such employee will automatically participate in the Offering Period commencing immediately following the last day of that current Offering Period unless the employee withdraws or is deemed to withdraw from this Plan or terminates further participation in that current Offering Period as set forth in paragraph 8 below. Such participant is not required to submit any additional Enrollment Forms in order to continue participation in this Plan unless the participant wishes to change his or her Contribution level for that next Offering Period.

(b) Payroll deductions shall commence on the first payroll following the Offering Date and shall end on the last payroll paid on or prior to the Exercise Date of the Offering Period to which the Enrollment Form is applicable, unless sooner terminated by the participant as provided in paragraph 8. All payroll deductions made by a participant shall be credited to such participant in an account under the Plan. A participant may not make additional, non-payroll-deduction payments into such account.

(c) A participant may discontinue his or her participation in the Plan as provided in paragraph 8, or may increase or decrease the rate of his or her payroll deduction Contributions during the Offering Period, by completing and filing with the Committee a new Enrollment Form authorizing such change or discontinuance of payroll deductions. The Committee may, in its discretion, limit the number of participant rate changes permitted during any Offering Period. The change in rate shall be effective with the first full payroll period following five (5) business days after the Committee's receipt of the new Enrollment Form.

(d) Notwithstanding the foregoing, a participant's payroll deductions may be temporarily suspended by the participant (by filing a new election to decrease his or her Contribution rate to 0%) at any time during any Offering Period, and a participant's payroll deduction

Table of Contents

Contributions shall be suspended at such time (during any Offering Period which is scheduled to end during the current calendar year) as the aggregate of all payroll deductions accumulated for the participant with respect to such Offering Period and any other Offering Period ending within the same calendar year equals \$25,000. Suspended payroll deductions shall recommence (at the last rate provided in such participant's Enrollment Form effective before the suspension) as of the beginning of the first Offering Period which is scheduled to end in the following calendar year, unless terminated by the participant's withdrawal as provided in paragraph 8.

6. GRANT OF OPTION.

(a) On the Offering Date of each Offering Period, each eligible employee participating in such Offering Period shall be granted an Option to purchase on the Exercise Date of such Offering Period a number of shares of Common Stock determined by dividing such employee's Contributions accumulated prior to such Exercise Date and retained in the participant's account as of the Exercise Date by 85% of the lesser of (i) the fair market value of a share of the Common Stock on such Offering Date or (ii) the fair market value of a share of the Common Stock on the Exercise Date; provided however, that such purchase shall be subject to the limitations set forth in paragraphs 3(b), 3(c), 3(d) and 10 hereof. The fair market value of a share of the Common Stock shall be determined as provided in paragraph 6(b) below. An Option will expire upon the earliest to occur of (i) the termination of a participant's Continuous Status as an Employee as provided in paragraph 8 below or such Offering Period; or (ii) the beginning of a subsequent Offering Period in which such participant is participating; or (iii) the termination of the Offering Period.

(b) The fair market value of the Common Stock on a given date shall, unless otherwise required by any applicable provision of the Code or the regulations issued thereunder, be determined by the Committee in its discretion; provided that (i) if the Common Stock is listed on a national securities exchange in the United States (such as the Nasdaq Capital Market), the fair market value per share shall be the closing sales price on such date as reported on the principal national securities exchange in the United States on which the Common Stock is traded; or (ii) if not listed on an exchange but publicly traded, the average of the closing bid and asked prices on the date of determination as in *The Wall Street Journal*; or (iii) if none of the foregoing is applicable, the fair market value per share shall be determined in good faith by the Committee in its discretion.

7. EXERCISE OF OPTION.

(a) Unless a participant withdraws from the Plan as provided in paragraph 8, such participant's Option for the purchase of shares of Common Stock will be exercised automatically on the Exercise Date of the Offering Period and the maximum number of full shares of Common Stock subject to the Option will be purchased for such participant at the applicable purchase price with the accumulated Contributions in such participant's account. If a fractional number of shares of Common Stock results, then such number shall be rounded down to the next whole number and the excess Contributions shall be carried forward to the next Exercise Date, unless such participant withdraws the Contributions pursuant to paragraph 8(a) or is no longer eligible to participate in the Plan, in which case such amount shall be distributed to the participant without interest. During a participant's lifetime, a participant's Option to purchase shares hereunder is exercisable only by such participant.

(b) Shares shall not be issued with respect to an Option unless the exercise of such Option and the issuance and delivery of such shares of Common Stock pursuant thereto shall comply with all applicable conditions of the Plan and all applicable provisions of law, domestic or foreign, including, without limitation, the Securities Act of 1933, as amended, the Securities Exchange Act of 1934, as amended, the rules and regulations promulgated thereunder, and the requirements of any stock exchange upon which the shares of Common Stock may then be listed, and shall be further subject to the approval of counsel for the Company with respect to such compliance. As a condition to the exercise of an Option, the Company may require the person exercising such Option to represent and warrant at the time of any such exercise that the shares of Common Stock are being purchased only for investment and without any present intention to sell or distribute such shares of Common Stock if, in the opinion of counsel for the Company, such a representation is required by any of the aforementioned applicable provisions of law or, in the discretion of the Committee, such a representation is desired.

8. WITHDRAWAL; TERMINATION OF EMPLOYMENT.

(a) A participant may withdraw all (and not less than all) the Contributions then credited to his or her account under the Plan at any time at least 15 days prior to the Exercise Date of an Offering Period by written notice delivered to the Company either in physical or electronic form. All of the participant's Contributions credited to such participant's account will be paid to such participant promptly after receipt of such participant's notice of withdrawal and such participant's Option for the current Offering Period will be automatically terminated, and no further Contributions for the purchase of shares of Common Stock will be made by or on behalf of the participant for that Offering Period.

(b) Upon termination of a participant's Continuous Status as an Employee prior to the Exercise Date of an Offering Period for any reason, including retirement or death, the Contributions credited to such participant's account for such Offering Period will be returned to the participant or, in the case of his or her death, to the person or persons entitled thereto under paragraph 12, and his or her Option will be automatically terminated.

(c) In the event an employee fails to remain in Continuous Status as an Employee of the Company for at least 20 hours per week during the Offering Period in which the employee is a participant, such participant will be deemed to have elected to withdraw from the Plan and the Contributions credited to such participant's account will be returned to such participant and the Option terminated.

(d) A participant's withdrawal from an Offering Period will not by itself have any effect upon his or her eligibility to participate in any succeeding Offering Period or in any similar plan which may hereafter be adopted by the Company, but, unlike in the case of a suspension of Contributions, a participant's withdrawal will not trigger automatic recommencement rights under paragraph 5(d) above for participation in the next Offering Period.

9. INTEREST.

No interest shall accrue in favor of the participant any the Contributions made by or on behalf of such participant under the Plan.

10. STOCK.

The maximum number of shares of Common Stock which shall be made available for sale under the Plan shall be 35,715 shares, subject to adjustment upon changes in capitalization of the Company as provided in paragraph 16. Shares sold under the Plan may be newly issued shares or shares reacquired in private transactions or open market purchases, but all shares sold under the Plan regardless of source shall be counted against the 35,715 share limitation. Notwithstanding the foregoing, subject to adjustment as set forth in paragraph 16, the maximum number of shares that may be purchased by any employee of the Company in a given Offering Period shall be fourteen hundred thirty (1,430) shares of Common Stock. If the total number of shares of Common Stock which would otherwise be subject to Options granted pursuant to paragraph 6(a) hereof on the Offering Date of an Offering Period exceeds the number of shares of Common Stock then available under the Plan (after deduction of all shares of Common Stock for which Options have been exercised or are then outstanding), the Committee shall make a *pro rata* allocation of the shares of Common Stock remaining available for Option grants in as uniform a manner as shall be reasonably practicable and as it shall determine to be equitable. Any amounts remaining in an employee's account not applied to the purchase of Common Stock pursuant to this paragraph 10 shall be refunded on or promptly after the Exercise Date. In such event, the Company shall give written notice of such reduction of the number of shares of Common Stock subject to the Option to each employee affected thereby and shall similarly reduce the rate of Contributions, if necessary.

11. ADMINISTRATION.

The Committee shall supervise and administer the Plan and shall have full power to adopt, Committee amend and rescind any rules deemed desirable and appropriate for the administration of the Plan and not inconsistent with the Plan, to construe and interpret the Plan, and to make all other determinations necessary or advisable for the administration of the Plan.

12. DESIGNATION OF BENEFICIARY.

(a) A participant may file a written designation of a beneficiary (or beneficiaries, with respective shares designated unless equal per capita allocation among them is intended) who is to receive any shares of Common Stock and cash, if any, from the participant's account under the Plan in the event of such participant's death subsequent to the end of the Offering Period but prior to delivery of such participant's shares of Common Stock and cash. In addition, a participant may file a written designation of a beneficiary (or beneficiaries) who is to receive any cash from the participant's account under the Plan in the event of such participant's death prior to the Exercise Date of the Offering Period. If a participant is married and the designated beneficiary is not the spouse, spousal consent shall be required for such designation to be effective.

(b) Such designation of beneficiary may be changed by the participant (and his or her spouse, if any) at any time by written notice. In the event of the death of a participant and in the absence of a beneficiary validly designated under the Plan who is living at the time of such participant's death, the Committee shall direct delivery of such shares of Common Stock and/or cash to the executor or administrator of the estate of the participant or, if no such executor or administrator has been appointed (to the knowledge of the Committee), the Committee, in its discretion, may direct delivery of such shares and/or cash to the spouse or to any one or more dependents or relatives of the participant or, if no spouse,

dependent or relative is known to the Committee, then to such other person as the Committee may designate.

13. TRANSFERABILITY.

Neither Contributions credited to a participant's account nor any rights with regard to the exercise of an Option or to receive shares under the Plan may be assigned, transferred, pledged or otherwise disposed of in any way other than by will, the laws of descent and distribution or as provided in paragraph 12 hereof by the participant. Any such attempt at assignment, transfer, pledge or other disposition shall be without effect, except that the Committee may treat such act as an election to withdraw Contributions in accordance with paragraph 8.

14. USE OF FUNDS.

All Contributions received or held by the Company under the Plan may be used by the Company for any corporate purpose, and the Company shall not be obligated to segregate such Contributions.

15. REPORTS.

Individual accounts will be maintained for each participant in the Plan. Periodic statements of account will be given to participants, (typically as of the close of the Offering Period), including the per share purchase price, the number of shares purchased and the remaining account balance, if any.

16. ADJUSTMENTS UPON CHANGES IN STOCK.

(a) *Changes in Capitalization.* Subject to any required action by the stockholders of the Company, the maximum number of shares available for purchase each Offering Period, as well as the price per share and the number of shares of Common Stock covered by each Option under the Plan which has not yet been exercised shall be proportionately adjusted for any increase or decrease in the number of issued shares of Common Stock resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Common Stock, or any other increase or decrease in the number of shares of Common Stock effected without receipt of consideration by the Company; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been effected without receipt of consideration. Such adjustment shall be made by the Committee, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares of Common Stock subject to an Option.

(b) *Dissolution or Liquidation.* In the event of the proposed dissolution or liquidation of the Company, the Offering Period then in progress shall be shortened by setting a new Exercise Date (the New Exercise Date), and shall terminate immediately prior to the consummation of such proposed dissolution or liquidation, unless provided otherwise by the Committee. The New Exercise Date shall be before the date of the Company s proposed dissolution or liquidation. The Committee shall notify each participant in writing, at least ten (10) business days prior to the New Exercise Date, that the Exercise Date for the participant s Option has been changed to the New Exercise Date and that the

participant's Option shall be exercised automatically on the New Exercise Date, unless prior to such date the participant has withdrawn from the Offering Period as provided in paragraph 8 hereof.

(c) *Merger or Asset Sale.* In the event of a proposed sale of all or substantially all of the assets of the Company, or the merger of the Company with or into another corporation, each outstanding Option shall be assumed or an equivalent Option substituted by the successor corporation or an Affiliate of the successor corporation. In the event that the successor corporation refuses to assume or substitute for the option, any Offering Period then in progress shall be shortened by setting a new Exercise Date (the New Exercise Date) and any Offering Period then in progress shall end on the New Exercise Date. The New Exercise Date shall be before the date of the Company's proposed sale or merger. The Committee shall notify each participant in writing, at least ten (10) business days prior to the New Exercise Date, that the Exercise Date for the participant's Option has been changed to the New Exercise Date and that the participant's Option shall be exercised automatically on the New Exercise Date, unless prior to such date the participant has withdrawn from the Offering Period as provided in paragraph 8 hereof.

17. AMENDMENT OR TERMINATION.

The Committee may at any time terminate or amend the Plan. Except as provided in paragraph 16, no such termination may affect Options previously granted, nor may any amendment make any change in any Option therefore granted which adversely affects the rights of any participant. In addition, to the extent necessary to comply with Section 423 of the Code (or any successor rule or provision or any other applicable law or regulation or stock exchange rule), the Company shall obtain stockholder approval in such a manner and to such a degree as so required.

Without stockholder consent and without regard to whether any participant rights may be considered to have been adversely affected, the Committee shall be entitled to change the Offering Periods, change the Exercise Price with respect to future Offering Periods, change the maximum level of payroll deductions that may be elected under the Plan, limit the frequency and/or number of changes in the amount withheld during an Offering Period, establish the exchange ratio applicable to amounts withheld in a currency other than U.S. dollars, permit payroll withholdings in excess of the amount designated by a participant in order to adjust for delays or mistakes in the Company's processing of properly completed withholding elections, establish reasonable waiting and adjustment periods and/or accounting and crediting procedures to ensure that amounts applied toward the purchase of Common Stock for each participant properly correspond with amounts withheld from the participant's Compensation, and establish such other limitations or procedures as the Committee determines in its sole discretion advisable which are consistent with the Plan.

18. NOTICES.

All notices or other communications by a participant to the Committee under or in connection with the Plan shall be deemed to have been duly given when received in the form specified by the Committee at the location, or by the person, designated by the Committee for the receipt thereof.

19. RIGHT TO TERMINATE EMPLOYMENT.

Nothing in the Plan or in any agreement entered into pursuant to the Plan shall confer upon any participant the right to continue in the employment of the Company or any Affiliate, or affect any

right which the Company or any Affiliate may have to terminate the employment of such participant.

20. RIGHTS AS A STOCKHOLDER.

Neither the granting of an Option nor a deduction from payroll shall constitute a participant the owner of shares covered by an Option. No participant shall have any right as a stockholder of Common Stock acquired with respect to an Offering Period unless and until the Option has been exercised, and the shares of Common Stock underlying the Option have been registered to the participant in the Company's share register.

21. TERM OF PLAN.

After this Plan is adopted by the Board, this Plan will become effective on the date that is the First Offering Date. This Plan shall be approved by the stockholders of the Company, in any manner permitted by applicable corporate law, within twelve (12) months before or after the date this Plan is adopted by the Board. No purchase of shares pursuant to this Plan shall occur prior to such stockholder approval. This Plan shall continue until the earlier to occur of (a) termination of this Plan by the Committee pursuant to paragraph 17, (b) issuance of all of the shares of Common Stock reserved for issuance under this Plan or (c) the first anniversary of the effective date of the Plan.
