**Item 1.01. Entry into a Material Definitive Agreement.**

On March 31, 2015, Atlantic Power Transmission, Inc. (the Seller), a wholly-owned, direct subsidiary of Atlantic Power Corporation (the Company), entered into a definitive agreement (the Purchase Agreement) with TerraForm AP Acquisition Holdings, LLC (the Buyer), an indirect subsidiary of TerraForm Power, Inc., to sell the Company's wind generation projects (the Sale) for cash proceeds of approximately \$350 million, subject to certain adjustments. The Buyer will, subject to the terms and conditions in the Purchase Agreement, purchase from the Seller 100% of the Seller's direct membership interests in TerraForm AP Holdings, LLC, a Delaware limited liability company (the Target), thereby acquiring the Company's indirect interests in its portfolio of wind projects consisting of five operating wind projects in Idaho and Oklahoma and representing 521MW net ownership: Goshen North (12.5% economic interest), Idaho Wind (27.6% economic interest), Meadow Creek (100% economic interest); Rockland Wind Farm (Rockland) (50% economic interest, but consolidated on a 100% basis); and Canadian Hills (99% economic interest).

In addition to the receipt of approximately \$350 million in cash proceeds, the Company will deconsolidate approximately \$249 million of project debt (or approximately \$275 million as adjusted for the Company's proportional ownership of Rockland, Goshen North and Idaho Wind) and approximately \$239 million of non-controlling interest related to tax equity interests at Canadian Hills and the minority ownership interests at Rockland and Canadian Hills. The Company expects to receive net proceeds of approximately \$338 million in the aggregate, after estimated transaction fees and transaction-related taxes. The Company expects to provide an update on the use of proceeds from the Sale of its wind power projects when it reports results for the first quarter of 2015 in May.

The Purchase Agreement contains customary representations, warranties, covenants and indemnification provisions. The Sale is subject to various closing conditions, including: (i) obtaining approval of the Federal Energy Regulatory Commission under Section 203 of the Federal Power Act, as amended, antitrust approvals under Hart-Scott-Rodino Act and other required governmental consents and approvals; (ii) no injunction or other orders preventing the consummation of the transactions contemplated under the Purchase Agreement; (iii) the continuing accuracy of each party's representations and warranties; (iv) certain third party consents and lender approvals; and (v) the satisfaction of other customary conditions. The Purchase Agreement contains certain termination rights for both the Seller and the Buyer, including if the closing does not occur within ninety (90) days following the date of the Purchase Agreement (subject to extension to one hundred eighty (180) days following the date of the Purchase Agreement, if necessary to obtain applicable governmental approvals). The Sale is expected to close by the end of the second quarter of 2015.

In connection with the Purchase Agreement, on March 31, 2015, the Company entered into a Guaranty Agreement (the Guaranty Agreement), under which it has agreed to absolutely, unconditionally and irrevocably guarantee the full and prompt payment of all payment obligations of the Seller under the Purchase Agreement as and when they shall become due. The Buyer and the Seller have agreed to utilize representation and warranty insurance for coverage of certain indemnification obligations, subject to a cap and certain exclusions.

The foregoing description is qualified in its entirety by reference to the full text of the Purchase Agreement and the full text of the Guaranty Agreement, each of which the Company expects to file as an exhibit to the Company's Quarterly Report on Form 10-Q for the quarter end March 31, 2015, as required under the rules of the Securities Exchange Act of 1934, as amended.
