## Edgar Filing: ECOLAB INC. - Form 8-K

The public offering price of the Notes was 99.191% of the principal amount of the Notes. The Company received net proceeds (after deducting underwriting discounts and the Company's offering expenses) of approximately \$600.4 million and intends to use such net proceeds to repay a portion of its 3.000% senior notes due 2016 at maturity and its 4.585% Series B senior euro notes due 2016 at maturity and for general corporate purposes.

The Notes were offered and sold pursuant to the Company's automatic shelf registration statement on Form S-3 (Registration No. 333-201445) under the Securities Act of 1933, as amended, which was filed and became effective on January 12, 2015. The Company has filed with the Securities and Exchange Commission a prospectus supplement, dated December 1, 2016, together with the accompanying prospectus, dated January 12, 2015, relating to the offering and sale of the Notes.

The above description of the Underwriting Agreement, the Base Indenture, the Fifth Supplemental Indenture and the Notes is qualified in its entirety by reference to the Underwriting Agreement, the Base Indenture, the Fifth Supplemental Indenture and the form of Notes, each of which is incorporated herein by reference and are attached to this Current Report on Form 8-K as Exhibits 1.1, 4.1, 4.2 and 4.3, respectively.

Some of the Underwriters and their affiliates have engaged in, and may in the future engage in, investment banking, commercial banking and other commercial dealings in the ordinary course of business with the Company or its affiliates. They have received, or may in the future receive, customary fees and commissions for these transactions. In particular, certain of the Underwriters or their affiliates are agents and/or lenders on the Company's multicurrency revolving credit facility, for which they received customary compensation. Affiliates of Merrill Lynch International act as the administrative agent and a joint lead arranger and lender under the Company's multicurrency revolving credit facility. Affiliates of J.P. Morgan Securities plc and MUFG Securities EMEA plc act as co-syndication agents and joint lead arrangers under the Company's multicurrency revolving credit facility.

In addition, in the ordinary course of their business activities, the Underwriters and their affiliates may make or hold a broad array of investments, including serving as counterparties to certain derivative and hedging arrangements, and may actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Company or its affiliates. Certain of the Underwriters or their affiliates that have a lending relationship with the Company routinely hedge their credit exposure to the Company consistent with their customary risk management policies. Typically, such Underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in the Company's securities, including potentially the Notes. Any such credit default swaps or short positions could adversely affect future trading prices of the Notes. The Underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

In connection with the issuance of the Notes pursuant to the registration statement on Form S-3 (File No. 333-201445), filed on January 12, 2015, the Company is filing a legal opinion as Exhibit 5.1 to this Current Report on Form 8-K.
