Yes No

Ad-Hoc Notice

July 17, 2017

Moscow, Russian Federation Mobile TeleSystems PJSC (MTS NYSE: MBT; MOEX: MTSS), the leading telecommunications provider in Russia and the CIS, announces that Sistema PJSFC (LSE: SSA, MOEX: AFKS), the parent company of MTS with effective ownership stake in MTS of 50.03 per cent, has declared that, as of 17 July 2017, a technical default has occurred on credit obligations amounting to approximately RUB 3.9 billion.

According to Sistema PJSFC, non-compliance with certain conditions of some of its credit facilities, which triggered the technical default, is driven exclusively by the arrest of the assets within the legal claim of Rosneft PJSC and Bashneft PJSOC with the Republic of Bashkortostan against Sistema PJSFC and its subsidiary Sistema-Invest JSC in May 2017. The technical default is purely formal in nature. Sistema PJSFC is servicing its credit and financial obligations in a timely manner and in full, and plans to continue doing so in the future.

Interested parties can learn more about the case from the disclosure of Sistema PJSFC - <http://www.sistema.com/press/press-releases/detail/article/22785>

The arrest of 31.76% of shares in the authorized capital of MTS held by Sistema PJSFC as well as the above-mentioned technical default of the corporation does not influence in any way the operational activities of MTS as well as does not impact the company's debt instruments.

Mobile TeleSystems PJSC (MTS - NYSE:MBT; MOEX:MTSS), the leading telecommunications group in Russia and the CIS, provides a range of mobile and fixed-line communications services. We serve over 100 million mobile subscribers in Russia, Ukraine, Armenia, Turkmenistan, and Belarus, and about 9 million customers of fixed-line services, including fixed voice, broadband internet, and pay-TV. To keep pace with evolving customer demand, MTS is redefining what telecommunications services are by offering innovative products beyond its core network-related businesses in various tech segments, including Big Data, financial and banking services, internet of things, OTT, cloud computing, systems integration and e-commerce. We leverage our market-leading retail network as a platform for customer services and sales of devices and accessories. For more information, please visit: www.mtsgsm.com.

Some of the information in this press release may contain projections or other forward-looking statements regarding future events or the future financial performance of MTS, as defined in the safe harbor provisions of the U.S. Private Securities Litigation Reform Act of 1995. You can identify forward looking statements by terms such as expect, believe, anticipate, estimate, intend, will, could, may or might, and such terms or other similar expressions. We wish to caution you that these statements are only predictions and that actual events or results may differ materially. We do not undertake or intend to update these statements to reflect events and circumstances occurring

after the date hereof or to reflect the occurrence of unanticipated events. We refer you to the documents MTS files from time to time with the U.S. Securities and Exchange Commission, specifically the Company's most recent Form 20-F. These documents contain and identify important factors, including those contained in the section captioned "Risk Factors" that could cause the actual results to differ materially from those contained in our projections or forward-looking statements, including, among others, the severity and duration of current economic and financial conditions, including volatility in interest and exchange rates, commodity and equity prices and the value of financial assets; the impact of Russian, U.S. and other foreign government programs to restore liquidity and stimulate national and global economies, our ability to maintain our current credit rating and the impact on our funding costs and competitive position if we do not do so, strategic actions, including acquisitions and dispositions and our success in integrating acquired businesses, potential fluctuations in quarterly results, our competitive environment, dependence on new service development and tariff structures, rapid technological and market change, acquisition strategy, risks associated with telecommunications infrastructure, governmental regulation of the telecommunications industries and other risks associated with operating in Russia and the CIS, volatility of stock price, financial risk management and future growth subject to risks.
