Dear Shareholder,

The bond market shifted gears during the past year due to investors' concerns regarding a resurgence of inflation.

In anticipation of this, the fund assumed a defensive posture in terms of the portfolio's average duration /i/ and average maturity. The fund's manager also placed an emphasis on improving the portfolio's overall credit quality. This strategy proved favorable during the second half of last year and the manager believes it is a more prudent long-term approach. However, the period was also characterized by bouts of volatility where certain sectors of long-duration, low-credit quality securities performed extremely well. As a result, the fund's performance did not always reflect moves in the market during the period.

Please read on for a more detailed look at prevailing economic and market conditions during the fund's fiscal year and to learn how those conditions and changes made to the portfolio during this time may have affected fund performance.

Information About Your Fund

In recent months several issues in the mutual fund industry have come under the scrutiny of federal and state regulators. The fund's Adviser and some of its affiliates have received requests for information from various government regulators regarding market timing, late trading, fees and other mutual fund issues in connection with various investigations. The fund has been informed that the Adviser and its affiliates are responding to those information requests, but are not in a position to predict the outcome of these requests and investigations.

In November 2003, Citigroup Asset Management disclosed an investigation by the Securities and Exchange Commission ("SEC") and the U.S. Attorney relating to Citigroup Asset Management's entry into the transfer agency business during 1997-1999. On July 20, 2004, Citigroup disclosed that it had been notified by the Staff of the SEC that the Staff is considering recommending a civil injunctive action and/or an administrative proceeding against certain advisory and transfer agent entities affiliated with Citigroup relating to the creation and operation of its internal transfer agent unit to serve primarily the Smith Barney family of mutual funds. This internal transfer agent did not provide services to the fund. Citigroup is cooperating with the SEC and will seek to resolve this matter in discussion with the SEC Staff. Although there can be no assurance, Citigroup does not believe that this matter will have a material adverse effect on the fund.

As always, thank you for your confidence in our stewardship of your assets. We look forward to helping you continue to meet your financial goals.

Sincerely,

/s/ R. Jay Gerken, CFA

Manager Overview

Performance Review

Over the 12 months ended June 30, 2004, the fund returned -5.11%, based on its New York Stock Exchange ("NYSE") market price and -0.17% based on its Net Asset Value ("NAV") /ii/ per share. In comparison, the Lehman Brothers Municipal Bond Index, /iii/ returned 0.76% over the same period. Based on NAV performance, the fund's Lipper general municipal debt (leveraged) closed-end funds category average was 1.89% over this same time frame /iv/. Please note that Lipper performance returns are based on each fund's NAV.

Certain investors may be subject to the federal Alternative Minimum Tax, and state and local taxes may apply. Capital gains, if any, are fully taxable. Please consult your personal tax adviser.

During the 12-month period, the fund distributed dividends to shareholders totaling \$0.82 per share. The performance table shows the fund's 30-day SEC and annualized distribution yields as well as its 12-month total return based on its NAV and market price as of June 30, 2004. Past performance is no guarantee of future results. The fund's yields will vary.

FUND PERFORMANCE AS OF JUNE 30, 2004

Price Per Share	30-Day SEC Yield	Annualized Distribution Yield	12-Month Total Return
\$14.49 (NAV)	6.32%	5.63%	-0.17%
\$12.43 (NYSE)	7.38%	6.56%	-5.11%

ALL FIGURES REPRESENT PAST PERFORMANCE AND ARE NOT A GUARANTEE OF FUTURE RESULTS. THE FUND'S YIELDS WILL VARY.

Total returns are based on changes in NAV or market price, respectively. Total returns assume the reinvestment of all dividends and/or capital gains distributions, if any, in additional shares. Annualized distribution yield is the fund's current monthly income dividend rate, annualized, and then divided by the NAV or the market price noted in this report. The "SEC yield" is a return figure often quoted by bond and other fixed income mutual funds. This quotation is based on the most recent 30-day (or one month) period covered by the fund's filings with the SEC. The yield figure reflects the dividends and interest earned during the period after deduction of the fund's expenses for the period. The annualized distribution yield assumes a current monthly income dividend rate of \$0.068 for 12 months. These yields are as of June 30, 2004 and are subject to change.

Market Overview

Although bond prices got off to a rocky start in July 2003, they stabilized and traded in a fairly tighter range in the fall. During this time, the economy continued to grow at a more robust pace versus early 2003. The labor market, however, continued to languish through most of the first quarter of this year.

Page 2

In March, the growth of non-farm payroll jobs rose significantly and remained strong through the spring, although inflation also picked up. During this time, short-term interest rates hovered near historic lows. After an extended period of monetary easing, in which the Federal Reserve ("Fed") cut its target for short-term rates to four-decade lows to help stimulate the economy, the Fed reversed course by raising its target for the key federal funds rate to 1.25% in

Edgar Filing: SALOMON BROTHERS MUNICIPAL PARTNERS FUND II INC - Form N-CSR

late June. This action, in turn, triggered a rise in many other lending rates. Higher interest rates can help temper economic growth and thereby curb inflation, a byproduct of a stronger economy.

Given that the rate hike was widely anticipated due to the broader-based pick-up in the economy and signals from the Fed, bond prices declined and yields rose in advance of the Fed's action, particularly in April and much of May, before stabilizing somewhat in June. Intermediate-term municipal bonds, particularly those of seven- to 10-year maturities, succumbed to more pricing pressure than longer-term issues. /v/

Factors Influencing Fund Performance

In anticipation that inflation would pick up, the fund assumed a defensive posture in terms of the portfolio's average duration and average maturity. We also placed an emphasis on improving the overall credit quality of the fund. Our rationale was based upon our belief that this strategy could potentially enhance the fund's long-term performance. This approach proved favorable during the second half of 2003 when the fund outperformed the broader municipal bond market. The reporting period, however, was also characterized by bouts of volatility where long duration, low credit quality securities, such as tobacco and airline bonds, performed extremely well. As expected, the fund's performance did not always mirror moves in the market during those periods.

The average credit rating of holdings in the fund was Aa1 (or deemed by the portfolio manager to be of comparable credit quality) /vi/. The fund's portfolio had the largest exposure to the transportation, healthcare and utilities sectors. The fund's largest aggregated holdings by state were New York, Illinois and Texas.

Portfolio holdings and breakdowns are as of June 30, 2004 and are subject to change. Please refer to pages 5 through 9 for a list and percentage breakdown of the fund's holdings.

RISKS: Investors could lose money on their investment in the fund. Certain investors may be subject to the Federal Alternative Minimum Tax (AMT), and state and local taxes will apply. Capital gains, if any, are fully taxable.

All index performance reflects no deduction for fees, expenses or taxes. Please note that an investor cannot invest directly in an index.

- i Duration is a common gauge of the price sensitivity of a fixed income asset or portfolio to a change in interest rates. (Multiplying the duration by the expected change in interest rates tells you approximately how much that security's price will change. For example, a bond with a seven-year duration means that its price would decline about 7% for every one-percentage-point increase in rates, and vice versa.)
- ii NAV is a price that reflects the value of the fund's underlying portfolio plus other assets, less the fund's liabilities. However, the price at which an investor may buy or sell shares of the fund is at the fund's market price as determined by supply of and demand for the fund's common shares, which may be more or less than the fund's NAV.
- iii The Lehman Brothers Municipal Bond Index is a broad measure of the municipal bond market with maturities of at least one year.
- iv Lipper, Inc. is a major independent mutual-fund tracking organization. Returns are based on the 12-month period ended June 30, 2004, calculated among the 64 funds in the fund's Lipper category including the reinvestment of dividends and capital gains, if any.
- v Source: Based upon Lehman Brothers index performance data for each respective maturity category of municipal bonds.
- vi Bonds rated "Aa" are judged to be of high quality by all standards by Moody's Investors Service. Together with the "Aaa" group they comprise what are generally known as high-grade bonds. They are rated lower than the best bonds because margins of protection may not be as large as in "Aaa" securities or fluctuations of protective elements may be of greater amplitude or there may be other elements present which make the long-term risks appear somewhat larger than in "Aaa" securities. Numerical modifiers 1, 2 and 3 may be applied to each generic rating from "Aa" to "B", where 1 is the highest and 3 is the lowest rating within its generic category.

Long-Term Security Ratings (unaudited)

Standard & Poor's Ratings Service ("Standard & Poor's") -- Ratings from "AA" to "BB" may be modified by the addition of a plus (+) or minus (-) sign to show relative standings within the major rating categories.

AAA -- Bonds rated "AAA" have the highest rating assigned by Standard & Poor's. Capacity to pay interest and repay principal is extremely

Edgar Filing: SALOMON BROTHERS MUNICIPAL PARTNERS FUND II INC - Form N-CSR

strong.

- AA -- Bonds rated "AA" have a very strong capacity to pay interest and repay principal and differs from the highest rated issue only in a small degree.
- A -- Bonds rated "A" have a strong capacity to pay interest and repay principal although they are somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than debt in higher rated categories.
- BBB -- Bonds rated "BBB" are regarded as having an adequate capacity to pay interest and repay principal. Whereas they normally exhibit adequate protection parameters, adverse economic conditions or changing circumstances are more likely to lead to a weakened capacity to pay interest and repay principal for bonds in this category than in higher rated categories.
- BB -- Bonds rated "BB" have less near-term vulnerability to default than other speculative issues. However, they face major ongoing uncertainties or exposure to adverse business, financial, or economic conditions which could lead to inadequate capacity to meet timely interest and principal payments.
- Moody's Investors Service ("Moody's") -- Numerical modifiers 1, 2 and 3 may be applied to each generic rating from "Aa" to "Baa," where 1 is the highest and 3 the lowest ranking within its generic category.
- Aaa -- Bonds rated "Aaa" are judged to be of the best quality. They carry the smallest degree of investment risk and are generally referred to as "gilt edge." Interest payments are protected by a large or by an exceptionally stable margin and principal is secure. While the various protective elements are likely to change, such changes as can be visualized are most unlikely to impair the fundamentally strong position of such issues.
- Aa -- Bonds rated "Aa" are judged to be of high quality by all standards. Together with the "Aaa" group they comprise what are generally known as high grade bonds. They are rated lower than the best bonds because margins of protection may not be as large as in "Aaa" securities or fluctuation of protective elements may be of greater amplitude or there may be other elements present which make the long-term risks appear somewhat larger than in "Aaa" securities.
- A -- Bonds rated "A" possess many favorable investment attributes and are to be considered as upper medium grade obligations. Factors giving security to principal and interest are considered adequate but elements may be present which suggest a susceptibility to impairment some time in the future.
- Baa -- Bonds rated "Baa" are considered as medium grade obligations, i.e., they are neither highly protected nor poorly secured. Interest payments and principal security appear adequate for the present but certain protective elements may be lacking or may be characteristically unreliable over any great length of time. Such bonds lack outstanding investment characteristics and in fact have speculative characteristics as well.
- NR -- Indicates that the bond is not rated by Moody's or Standard & Poor's.

Notes to Financial Statements

Note 1. Organization and Significant Accounting Policies

Salomon Brothers Municipal Partners Fund II Inc. ("Fund") was incorporated in Maryland on June 21, 1993 and is registered as a diversified, closed-end management investment company under the Investment Company Act of 1940, as amended. The Board of Directors authorized 100 million shares of \$0.001 par value common stock. The Fund's primary investment objective is to seek a high level of current income which is exempt from regular federal income taxes, consistent with the preservation of capital. As a secondary investment objective, the Fund intends to enhance portfolio value by purchasing tax exempt securities that, in the opinion of Salomon Brothers Asset Management Inc ("SBAM"), an indirect wholly-owned subsidiary of Citigroup Inc. ("Citigroup"), may appreciate in value relative to other similar obligations in the marketplace.

The following is a summary of significant accounting policies consistently followed by the Fund in the preparation of its financial statements. The policies are in conformity with U.S. generally accepted accounting principles

Edgar Filing: SALOMON BROTHERS MUNICIPAL PARTNERS FUND II INC - Form N-CSR

("GAAP"). The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual amounts could differ from those estimates.

SECURITIES VALUATION. Tax-exempt securities are valued by independent pricing services which use prices provided by market-makers or estimates of market values obtained from yield data relating to instruments or securities with similar characteristics. Short-term investments having a maturity of 60 days or less are valued at amortized cost which approximates market value. Securities for which reliable quotations are not readily available are valued at fair value as determined in good faith by, or under procedures established by, the Board of Directors.

INVESTMENT TRANSACTIONS AND INVESTMENT INCOME. Investment transactions are recorded on the trade date. Realized gains and losses on sales of securities are calculated on the identified cost basis. Interest income is accrued on a daily basis. The Fund amortizes premiums and accretes discounts on securities purchased using the effective interest method.

FEDERAL INCOME TAXES. The Fund has complied and intends to continue to comply with the requirements of the Internal Revenue Code of 1986, as amended, applicable to regulated investment companies, and to distribute all of its income and capital gains, if any, to its shareholders. Therefore, no federal income tax or excise tax provision is required.

DIVIDENDS AND DISTRIBUTIONS. The Fund declares and pays dividends to common shareholders monthly from net investment income. Net realized gains, if any, in excess of loss carryovers are expected to be distributed, at least, annually. Dividends and distributions to common shareholders are recorded on the ex-dividend date. Dividends and distributions to preferred shareholders are accrued on a weekly basis and are determined as described

Page 15

SALOMON BROTHERS MUNICIPAL PARTNERS FUND II INC.

Notes to Financial Statements (continued)

in Note 4. The amounts of dividends and distributions from net investment income and net realized gains are determined in accordance with Federal income tax regulations, which may differ from GAAP.

Note 2. Management and Advisory Fees and Other Transactions

SBAM is the Fund's investment manager and administrator and as such provides management, advisory and administrative services for the Fund. SBAM has delegated certain administrative services to Smith Barney Fund Management LLC ("SBFM"), another indirect wholly-owned subsidiary of Citigroup, pursuant to a Sub-Administration Agreement between SBAM and SBFM. SBFM is compensated by SBAM, and not the Fund, for its services.

The Fund pays SBAM a monthly fee at an annual rate of 0.55% of the Fund's average weekly net assets for its services. For purposes of calculating the fees, the liquidation value of any outstanding preferred stock of the Fund is not deducted in determining the Fund's average weekly net assets. This fee is calculated daily and paid monthly.

Certain officers and/or directors of the Fund are also officers and/or directors

Edgar Filing: SALOMON BROTHERS MUNICIPAL PARTNERS FUND II INC - Form N-CSR

of SBAM.

Note 3. Investments

For the year ended June 30, 2004, the aggregate cost of purchases and proceeds from sales of investments (including maturities of long-term investments, but excluding short-term investments) were as follows:

Purchases	\$63,396,080
	=====
Sales	\$65,595,504
	=====

At June 30, 2004, the aggregate gross unrealized appreciation and depreciation of investments for Federal income tax purposes were substantially as follows:

Gross unrealized appreciation	\$4,524,150
Gross unrealized depreciation	(1,304,287)

Net unrealized appreciation	\$3,219,863
	=====

Note 4. Preferred Stock

On October 1, 1993, the Fund closed its public offering of 900 shares of \$0.001 par value Auction Rate Preferred Stock ("Preferred Stock") at an offering price of \$50,000 per share. The Preferred Stock has a liquidation preference of \$50,000 per share plus an amount equal to accumulated but unpaid dividends (whether or not earned or declared) and, subject to certain restrictions, are redeemable in whole or in part.

Page 16

SALOMON BROTHERS MUNICIPAL PARTNERS FUND II INC.

Notes to Financial Statements (continued)

Dividend rates generally reset every 7 days and are determined by auction procedures. The dividend rates on the Preferred Stock during the year ended June 30, 2004 ranged from 0.700% to 1.400%. The weighted average dividend rate for the year ended June 30, 2004 was 1.045%.

The Fund is subject to certain restrictions relating to the Preferred Stock. The Fund may not declare dividends or make other distributions on shares of common stock or purchase any such shares if, at the time of the declaration, distribution or purchase, asset coverage with respect to the outstanding Preferred Stock would be less than 200%. The Preferred Stock is also subject to mandatory redemption at \$50,000 per share plus any accumulated or unpaid dividends, whether or not declared, if certain requirements relating to the composition of the assets and liabilities of the Fund as set forth in its Articles Supplementary are not satisfied.

The Preferred Shares, which are entitled to one vote per share, generally vote with the common shares but vote separately as a class to elect two directors and on certain matters affecting the rights of the Preferred Shares.

The issuance of preferred stock poses certain risks to holders of common stock, including, among others the possibility of greater market price volatility and

Edgar Filing: SALOMON BROTHERS MUNICIPAL PARTNERS FUND II INC - Form N-CSR

in certain market conditions, the yield to holders of common stock may be adversely affected.

The Fund is required to maintain certain asset coverages with respect to the Preferred Stock. If the Fund fails to maintain these coverages and does not cure any such failure within the required time period, the Fund is required to redeem a requisite number of the Preferred Stock in order to meet the applicable requirement. Additionally, failure to meet the foregoing asset requirements would restrict the Fund's ability to pay dividends.

Note 5. Concentration of Risk

Since the Fund invests a portion of its assets in issuers located in a single state, it may be affected by economic and political developments in a specific state or region. Certain debt obligations held by the Fund are entitled to the benefit of insurance, standby letters of credit or other guarantees of banks or other financial institutions.

Note 6. Events Subsequent to June 30, 2004

COMMON STOCK DIVIDENDS. On May 14, 2004, the Board of Directors of the Fund declared two common share dividends from net investment income, each in the amount of \$0.068 per share, payable on July 30, and August 27, 2004 to shareholders of record on July 13 and August 17, 2004, respectively. In addition on July 29, 2004, the Board of Directors of the Fund declared three common share dividends from net investment income, each in the amount of \$0.068 per share, payable on September 24, October 29 and November 26, 2004 to shareholders of record on September 14, October 13 and November 16, 2004, respectively.

Page 17

PREFERRED STOCK DIVIDENDS. The Board of Directors designated each of the following dividend periods as a Special Rate Period. With each auction date, the regular auction procedure resumes, subject to the Fund's ability to designate any subsequent dividend period as a Special Rate Period.

Auction Date	Commencement of Rate Period	Rate Effective Through	Preferred Rate
6/28/04	6/29/04	7/5/04	1.300%
7/2/04	7/6/04	7/12/04	1.400

7/26/04	7/27/04	8/2/04	1.050
8/2/04	8/3/04	8/9/04	1.230

Note 7. Capital Loss Carryforward

At June 30, 2004, the Fund had, for Federal income tax purposes, approximately \$1,035,000 of unused capital loss carryforwards available to offset future capital gains. To the extent that these carryforward losses are used to offset capital gains, it is probable that the gains so offset will not be distributed. The amount and expiration of the carryforwards are indicated below. Expiration

Edgar Filing: SALOMON BROTHERS MUNICIPAL PARTNERS FUND II INC - Form N-CSR

occurs on June 30 of the year indicated:

	2005	2007	2008
Carryforward amounts	\$342,000	\$141,000	\$552,000

Note 8. Income Tax Information and Distributions to Shareholders

At June 30, 2004, the tax basis components of distributable earnings were:

Undistributed tax-exempt income	\$ 1,605,745
	=====
Accumulated capital losses	\$(1,035,200)
	=====
Unrealized appreciation	\$ 3,219,863
	=====

The tax character of distributions paid during the year ended June 30, 2004 was:

Note 9. Additional Information

Citigroup has been notified by the Staff of the Securities and Exchange Commission ("SEC") that the Staff is considering recommending a civil injunctive action and/or an administrative proceeding against Citigroup Asset Management ("CAM"), including its applicable investment advisory companies and Citicorp Trust Bank ("CTB"), an internal transfer agent, relating to the creation and operation of the internal transfer agent unit to serve certain CAM-managed funds. CTB did not provide services to the Fund. This notification arises out of a previously disclosed investigation by the SEC and the U.S. Attorney and relates to CTB's entry in 1999 into the transfer agency business, CAM's retention of, and agreements with an unaffiliated sub transfer agent, the adequacy of the disclosures made to the fund boards that approved the transfer agency arrangements, (including CAM's failure to disclose a related revenue guarantee agreement benefiting CAM and its affiliates), and CAM's operation of and compensation for the transfer agency business. The revenue guarantee described above was terminated in 1999 and CAM will be paying the applicable funds, primarily through fee waivers, a total of approximately \$17 million (plus interest) that is the amount of the revenue received by Citigroup relating to the revenue guarantee. The Fund did not implement the contractual arrangement described above and therefore will not receive any portion of the payment. Citigroup is cooperating fully in the investigation and will seek to resolve the matter in discussions with the SEC Staff. Although there can be no assurance, Citigroup does not believe that this matter will have a material adverse effect on the Fund.

Dividend Reinvestment Plan (unaudited)

Pursuant to certain rules of the Securities and Exchange Commission, the following additional disclosure is provided.

Pursuant to the Fund's Dividend Reinvestment Plan ("Plan"), holders of Common Stock whose shares of Common Stock are registered in their own names will be deemed to have elected to have all distributions automatically reinvested by EquiServe Trust Company, N.A. ("Plan Agent") in Fund shares pursuant to the Plan, unless they elect to receive distributions in cash. Holders of Common Stock who elect to receive distributions in cash will receive all distributions

Edgar Filing: SALOMON BROTHERS MUNICIPAL PARTNERS FUND II INC - Form N-CSR

in cash by check in dollars mailed directly to the holder by the Plan Agent as dividend-paying agent. Holders of Common Stock who do not wish to have distributions automatically reinvested should notify the Plan Agent at the address below. Distributions with respect to Common Stock registered in the name of a bank, broker-dealer or other nominee (i.e., in "street name") will be reinvested under the Plan unless the service is not provided by the bank, broker-dealer or other nominee or the holder elects to receive dividends and distributions in cash. Investors who own shares registered in the name of a bank, broker-dealer or other nominee should consult with such nominee as to participation in the Plan through such nominee, and may be required to have their shares registered in their own names in order to participate in the Plan.

The Plan Agent serves as agent for the holders of Common Stock in administering the Plan. After the Fund declares a dividend on the Common Stock or determines to make a capital gain distribution, the Plan Agent will, as agent for the participants, receive the cash payment and use it to buy the Fund's Common Stock in the open market, on the New York Stock Exchange or elsewhere, for the participants' accounts. The Fund will not issue any new shares of Common Stock in connection with the Plan.

Participants have the option of making additional cash payments to the Plan Agent, monthly, in a minimum amount of \$250, for investment in the Fund's Common Stock. The Plan Agent will use all such funds received from participants to purchase shares of Common Stock in the open market on or about the first business day of each month. To avoid unnecessary cash accumulations, and also to allow ample time for receipt and processing by the Plan Agent, it is suggested that participants send in voluntary cash payments to be received by the Plan Agent approximately ten days before an applicable purchase date specified above. A participant may withdraw a voluntary cash payment by written notice, if the notice is received by the Plan Agent not less than 48 hours before such payment is to be invested.

The Plan Agent maintains all shareholder accounts in the Plan and furnishes written confirmations of all transactions in an account, including information needed by shareholders for personal and tax records. Shares of Common Stock in the account of each Plan participant will be held by the Plan Agent in the name of the participant, and each shareholder's proxy will include those shares purchased pursuant to the Plan.

In the case of holders of Common Stock, such as banks, broker-dealers or other nominees, who hold shares for others who are beneficial owners, the Plan Agent will administer the Plan on the basis of the number of shares of Common Stock certified from time to time by the holders as representing the total amount registered in such holders' names and held for the account of beneficial owners that have not elected to receive distributions in cash.

Dividend Reinvestment Plan (unaudited) (continued)

There is no charge to participants for reinvesting dividends or capital gains distributions or voluntary cash payments. The Plan Agent's fees for the reinvestment of dividends and capital gains distributions and voluntary cash payments will be paid by the Fund. However, each participant will pay a pro rata share of brokerage commissions incurred with respect to the Plan Agent's open market purchases in connection with the reinvestment of dividends and

Edgar Filing: SALOMON BROTHERS MUNICIPAL PARTNERS FUND II INC - Form N-CSR

distributions and voluntary cash payments made by the participant. The receipt of dividends and distributions under the Plan will not relieve participants of any income tax which may be payable on such dividends or distributions.

Participants may terminate their accounts under the Plan by notifying the Plan Agent in writing. Such termination will be effective immediately if notice in writing is received by the Plan Agent not less than ten days prior to any dividend or distribution record date. Upon termination, the Plan Agent will send the participant a certificate for the full shares held in the account and a cash adjustment for any fractional shares or, upon written instruction from the participant, the Plan Agent will sell part or all of the participant's shares and remit the proceeds to the participant, less a \$2.50 fee plus brokerage commission for the transaction.

Experience under the Plan may indicate that changes in the Plan are desirable. Accordingly, the Fund and the Plan Agent reserve the right to terminate the Plan as applied to any voluntary cash payments made and any dividend or distribution paid subsequent to notice of the termination sent to all participants in the Plan at least 30 days before the record date for the dividend or distribution. The Plan also may be amended by the Fund or the Plan Agent upon at least 30 days' written notice to participants in the Plan.

All correspondence concerning the Plan should be directed to the Plan Agent, P.O. Box 43010, Providence, Rhode Island 02940-3010.

This report is transmitted to the shareholders of Salomon Brothers Municipal Partners Fund II Inc. for their information. This is not a prospectus, circular or representation intended for use in the purchase of shares of the Fund or any securities mentioned in this report.

Notice is hereby given in accordance with Section 23(c) of the Investment Company Act of 1940 that the Fund may purchase at market prices from time to time shares of its common stock in the open market.

As of the date of the approval of this Audit Committee Charter, permissible non-audit services include any professional services (including tax services), that are not prohibited services as described below, provided to the Fund by the independent auditors, other than those provided to the Fund in connection with an audit or a review of the financial statements of the Fund. Permissible non-audit services may not include: (i) bookkeeping or other services related to the accounting records or financial statements of the Fund; (ii) financial information systems design and implementation; (iii) appraisal or valuation services, fairness opinions or contribution-in-kind reports; (iv) actuarial services; (v) internal audit outsourcing services; (vi) management functions or human resources; (vii) broker or dealer, investment adviser or investment banking services; (viii) legal services and expert services unrelated to the audit; and (ix) any other service the Public Company Accounting Oversight Board determines, by regulation, is impermissible.

ITEM 6. [RESERVED]

ITEM 7. DISCLOSURE OF PROXY VOTING POLICIES AND PROCEDURES FOR CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

The Board of Directors of the Fund has delegated the authority to develop policies and procedures relating to proxy voting to the Manager. The Manager is part of Citigroup Asset Management ("CAM"), a group of investment adviser affiliates of Citigroup, Inc. ("Citigroup"). Along with the other investment advisers that comprise CAM, the Manager has adopted a set of proxy voting policies and procedures (the "Policies") to ensure that the Manager votes proxies relating to equity securities in the best interest of clients.

In voting proxies, the Manager is guided by general fiduciary principles and seeks to act prudently and solely in the best interest of clients. The Manager attempts to consider all factors that could affect the value of the investment and will vote proxies in the manner that it believes will be consistent with efforts to maximize shareholder values. The Manager may utilize an external service provider to provide it with information and/or a recommendation with regard to proxy votes. However, such recommendations do not relieve the Manager of its responsibility for the proxy vote.

In the case of a proxy issue for which there is a stated position in the Policies, CAM generally votes in accordance with such stated position. In the case of a proxy issue for which there is a list of factors set forth in the Policies that CAM considers in voting on such issue, CAM votes on a case-by-case basis in accordance with the general principles set forth above and considering such enumerated factors. In the case of a proxy issue for which there is no stated position or list of factors that CAM considers in voting on such issue, CAM votes on a case-by-case basis in accordance with the general principles set forth above. Issues for which there is a stated position set forth in the Policies or for which there is a list of factors set forth in the Policies that CAM considers in voting on such issues fall into a

variety of categories, including election of directors, ratification of auditors, proxy and tender offer defenses, capital structure issues, executive and director compensation, mergers and corporate restructurings, and social and environmental issues. The stated position on an issue set forth in the Policies can always be superseded, subject to the duty to act solely in the best interest of the beneficial owners of accounts, by the investment management professionals responsible for the account whose shares are being voted. Issues applicable to a particular industry may cause CAM to abandon a policy that would have otherwise applied to issuers generally. As a result of the independent investment advisory services provided by distinct CAM business units, there may be occasions when different business units or different portfolio managers within the same business unit vote differently on the same issue.

In furtherance of the Manager's goal to vote proxies in the best interest of clients, the Manager follows procedures designed to identify and address material conflicts that may arise between the Manager's interests and those of its clients before voting proxies on behalf of such clients. To seek to identify conflicts of interest, CAM periodically notifies CAM employees (including employees of the Manager) in writing that they are under an obligation (i) to be aware of the potential for conflicts of interest with respect to voting proxies on behalf of client accounts both as a result of their personal relationships and due to special circumstances that may arise during the conduct of CAM's and the Manager's business, and (ii) to bring conflicts of interest of which they become aware to the attention of compliance personnel. The Manager also maintains and considers a list of significant relationships that could present a conflict of interest for the Manager in voting proxies. The Manager is also sensitive to the fact that a significant, publicized relationship between an issuer and a non-CAM affiliate might appear to the public to influence the manner in which the Manager decides to vote a proxy with respect to such issuer. Absent special circumstances or a significant, publicized non-CAM affiliate relationship that CAM or the Manager for prudential reasons treats as a potential conflict of interest because such relationship might appear to the public to influence the manner in which the Manager decides to vote a proxy, the Manager generally takes the position that non-CAM relationships between Citigroup and an issuer (e.g. investment banking or banking) do not present a conflict of interest for the Manager in voting proxies with respect to such issuer. Such position is based on the fact that the Manager is operated as an independent business unit from other Citigroup business units as well as on the existence of information barriers between the Manager and certain other Citigroup business units.

CAM maintains a Proxy Voting Committee, of which the Manager personnel are members, to review and address conflicts of interest brought to its attention by compliance personnel. A proxy issue that will be voted in accordance with a stated position on an issue or in accordance with the recommendation of an independent third party is not brought to the attention of the Proxy Voting Committee for a conflict of interest review because the Manager's position is that to the extent a conflict of interest issue exists, it is resolved by voting in accordance with a pre-determined policy or in accordance with the recommendation of an independent third party. With respect to a conflict of interest brought to its attention, the Proxy Voting Committee first determines whether such conflict of interest is material. A conflict of interest is considered material to the extent that it is determined that such conflict is likely to influence, or appear to influence, the Manager's decision-making in voting proxies. If it is determined by the Proxy

Edgar Filing: SALOMON BROTHERS MUNICIPAL PARTNERS FUND II INC - Form N-CSR

Voting Committee that a conflict of interest is not material, the Manager may vote proxies notwithstanding the existence of the conflict.

If it is determined by the Proxy Voting Committee that a conflict of interest is material, the Proxy Voting Committee is responsible for determining an appropriate method to resolve such conflict of interest before the proxy affected by the conflict of interest is voted. Such determination is based on the particular facts and circumstances, including the importance of the proxy issue and the nature of the conflict of interest. Methods of resolving a material conflict of interest may include, but are not limited to, disclosing the conflict to clients and obtaining their consent before voting, or suggesting to clients that they engage another party to vote the proxy on their behalf.
