Directors, executive officers and greater than 10% beneficial owners are required by SEC regulation to furnish NutraCea with copies of all Section 16(a) reports they file. Based solely on the review of the copies of such forms furnished to NutraCea, NutraCea believes that all reporting requirements under Section 16(a) for the fiscal year ended December 31, 2006 were met in a timely manner by the directors, executive officers and greater than 10% beneficial owners.

Code of Business Conduct and Ethics

Item 11.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

General

Our compensation arrangements with all but one person who served as our executive officers for all or part of 2006 reflect the individual circumstances surrounding the applicable executive officer's hiring or appointment. For example, Todd C. Crow and Ike E. Lynch, who became our executive officers at the time we acquired The RiceX Company, or RiceX, in October 2005, were parties to employment agreements with RiceX at the time of the acquisition. We assumed these employment contracts in connection with the acquisition. Similarly, our current compensation arrangements for Brad Edson and Margie Adelman are based upon objective formula contained in employment agreements that we entered into with them in December 2004 and January 2005, respectively. We did not have a compensation committee when we entered into employment agreements with any of our named executive officers. Each of their compensation arrangements were approved by our board of directors.

The foregoing information is intended to provide context for the discussion that follows regarding our existing compensation arrangements with those persons who served as our executive officers for all or part of 2006.

Principal Components of Compensation of Our Executive Officers

The principal components of the compensation we have historically paid to our executive officers have consisted of:

- base salary;
- signing bonuses, paid in cash;
- cash incentive compensation under the terms of individual senior management incentive compensation plans established for our executive officers; and
- equity compensation, generally in the form of grants of stock options.

Allocation of Compensation Among Principal Components

The compensation committee of our board of directors has not yet established any policies or guidelines with respect to the mix of base salary, bonus, cash incentive compensation and equity awards to be paid or awarded to our executive officers. In general, the compensation committee believes that a greater percentage of the compensation of the most senior members of our management should be performance-based. In 2007, the compensation committee of our board of directors anticipates adopting more formal and structured compensation policies and programs. The compensation committee will endeavor to implement policies designed to attract, retain and motivate individuals with the skills and experience necessary for us to achieve our business objectives. These policies will also serve to link pay with measurable performance, which, in turn, should help to align the interests of our executive officers with our shareholders. In the past, our board of directors has not used industry benchmarks nor hired compensation consultants when determining the compensation to be paid to executive officers.

Table of Contents

Base Salary

Our Chief Executive Officer

We hired Brad Edson as our president in December 2004, and he became our chief executive officer in October 2005 concurrently with our acquisition of RiceX. Mr. Edson's employment agreement with us provides for an initial base salary of \$50,000 per year in year one, \$150,000 in year two and \$250,000 in year three, with base salary thereafter being subject to an annual increase of 10% each year that Mr. Edson is employed with us. When structuring Mr. Edson's salary, our board considered the salary of our then chief executive officer, the amount of equity compensation that Mr. Edson required, the value that Mr. Edson could bring to NutraCea and our low cash position at the time. Based upon these criteria, the Board determined that providing Mr. Edson with base salary that started low and that grew substantially over time would allow NutraCea to preserve its available cash while ultimately providing Mr. Edson with the cash compensation appropriate for his position.

Our Chief Financial Officer

We hired Todd C. Crow as our as our chief financial officer in October 2005 concurrent with our acquisition of RiceX. Mr. Crow had served as the chief financial officer of RiceX and we assumed his employment contract with RiceX. Our employment agreement with Mr. Crow provides for an initial annual salary of \$150,000 with annual inflation adjustments. On January 1, 2006, his salary was increased to \$155,600 to reflect the inflation adjustment.

Our Chief Operating Officer

We hired Ike E. Lynch as our as our chief operating officer in October 2005 concurrent with our acquisition of RiceX. Mr. Lynch had served as the chief operating officer of RiceX and we assumed his employment contract with RiceX. Our employment agreement with Mr. Lynch provides for an initial annual salary of \$150,000 with annual cost of living adjustments. On January 1, 2006, his salary was increased to \$155,600 to reflect the inflation adjustment.

Our Secretary and Senior Vice President

We hired Margie Adelman as our senior vice president in January 2005. Our employment agreement with Ms. Adelman provides for an initial annual salary of \$150,000 and requires that we re-evaluate her annual salary each year. On January 1, 2006, her salary was \$155,600, which reflected an increase in salary to reflect inflation.

Our Senior Vice President of Sales

We hired Kody Newland in February 2006 to serve as our senior vice president of sales. Our employment agreement with Mr. Newland provides for an initial annual salary of \$150,000 with annual cost of living adjustments. When determining Mr. Newland's compensation, our board of directors considered the compensation that our other executive officers were receiving and the experience of Mr. Newland.

Bonus Compensation

We have not historically paid any automatic or guaranteed bonuses to our executive officers. However, we have from time to time paid signing or retention bonuses in connection with our initial hiring or appointment of an executive officer. For example, in 2005, Ms. Adelman received a \$25,000 signing bonus upon her appointment as senior vice president. No other named executive officer has received a bonus.

Table of Contents

Compensation under Individual Senior Management Incentive Compensation Plans

We entered into an employee incentive compensation plan with Brad Edson when Mr. Edson executed his employment agreement with us. Under the plan, Mr. Edson is entitled to an annual incentive bonus based upon objective performance criteria of NutraCea during a fiscal year. The annual bonus is equal to one percent of our gross sales over \$25,000,000 in a year, but only if we report a positive EBITDA (earnings before interest, taxes, depreciation and amortization) for the year, disregarding the effect of non-cash charges. The bonus amount is limited to a maximum of \$750,000 in any calendar year. Mr. Edson has not earned a bonus under the incentive compensation plan because we have not had gross sales of \$25,000,000 in any year. Given his low initial base salary, Mr. Edson required that we provide him with incentive compensation plan as a condition to his accepting employment with us. Also, since low sales were a primary impediment to our success at the time, our board determined that paying compensation to Mr. Edson that was tied to our revenues would align NutraCea's and Mr. Edson's goals.

Equity Compensation

Our board of directors' historical practice has been to grant equity-based awards to attract, retain, motivate and reward our employees, particularly our executive officers, and to encourage their ownership of an equity interest in us. Through March 21, 2007, such grants have consisted primarily of stock options – specifically non-qualified stock options, that is, options that do not qualify as incentive stock options under Section 422 of the Internal Revenue Code of 1986, as amended.

Historically, our board has granted awards of stock options to our executive officers upon their appointment as executive officers, with our obligation to grant the options typically memorialized in the offer letter or employment agreement, or an addendum to an employment agreement, entered into with the applicable executive officer. In 2004, 2005 and 2006, each of Mr. Edson, Ms. Adelman and Mr. Newland received stock option grants under these circumstances. Mr. Edson's stock option was fully vested when granted. Ms. Adelman's stock option vested as to 25% of the shares when she was hired, vested as to 25% of the shares on the one year anniversary of her hire date and the remaining 50% of the shares will vest only if we have gross sales over \$25,000,000 in a year, but only if we report a positive EBITDA (earnings before interest, taxes, depreciation and amortization) for the year, disregarding the effect of non-cash charges. Mr. Newland's option was vested as to 20% of the underlying shares when granted and the remaining unvested shares will vest over two years.

We did not grant new stock options to either of Mr. Crow or Mr. Lynch when they became our executive officers. However, pursuant to the terms of the RiceX acquisition we assumed all outstanding RiceX stock options, including the stock options held by Mr. Crow and Mr. Lynch.

Each of our executive officers are eligible to receive stock option grants under our 2005 Equity Incentive Plan, or the 2005 Plan. However, none of our executive officers have been granted stock options other than in connection with their initial employment with us. In 2006, our compensation committee determined that stock option grants to our executive officers, other than the initial employment grant made to Mr. Newland, was not warranted based upon their current stock option holdings.

All equity-based awards have been reflected in our consolidated financial statements, based upon the applicable accounting guidance. Previously, we accounted for equity compensation paid to our employees under SFAS No. 123 and compensation was recorded for option grants based on the excess of the estimated fair value of the common stock on the vesting date over the exercise price. Effective January 1, 2006, we adopted FAS 123R using the modified prospective transition method. Under this method, stock-based compensation expense is recognized using the fair-value based method for all awards granted on or after the date of adoption of FAS 123R. FAS 123R requires us to estimate and record an expense over the service period of the stock-based award. In 2006, our compensation

committee, conscious of the less favorable accounting treatment for stock options resulting from adoption of FAS 123R, took a more deliberate approach to the granting of awards of stock options.

We currently intend that all cash compensation paid to our executive officers will be tax deductible for us. However, with respect to equity-based awards, while any gain recognized by our executive officers and other employees from non-qualified stock options generally should be deductible, subject to limitations imposed under Section 162(m) of the Internal Revenue Code, to the extent that in the future we grant incentive stock options, any gain recognized by the optionee related to such options will not be deductible by us if there is no disqualifying disposition by the optionee.

Table of Contents

We may not be able to deduct a portion of the equity compensation earned by our executive officers. Section 162(m) of the Internal Revenue Code generally prohibits us from deducting the compensation of an executive officer that exceeds \$1,000,000 in a year unless that compensation is based on the satisfaction of objective performance goals. None of the stock options held by our executive officers qualify as performance based compensation under Section 162(m). Accordingly, if any of our executive officers recognizes income in excess of \$1,000,000, including amounts includible in income from the exercise of stock options currently outstanding, this excess will not be tax deductible by us. Our 2005 Equity Incentive Plan is structured to permit awards to qualify as performance-based compensation and to maximize the tax deductibility of such awards. We may make future awards of stock options to our executive officers under our 2005 Equity Incentive Plan. However, we reserve the discretion to pay compensation to our executive officers that may not be deductible.

We do not have any program, plan or practice that requires us to grant equity-based awards on specified dates. Authority to make equity-based awards to executive officers rests with our compensation committee, which considers the recommendations of our chief executive officer and other executive officers. If we become listed on a national securities exchange like NASDAQ in the future, we will be subject to NASDAQ listing standards that, in general, require shareholder approval of equity-based plans.

Severance and Change of Control Payments

Our board of directors believes that companies should provide reasonable severance benefits to employees, recognizing that it may be difficult for them to find comparable employment within a short period of time. Our board also believes it prudent that we should disentangle ourselves from employees whose employment terminates as soon as practicable.

Our employment agreement with Mr. Edson contains termination provisions that are more complex than that in place for our other executive officers. The compensation due Mr. Edson in the event of the termination of his employment agreement varies depending on the nature of the termination and, depending on the type and timing of the termination, provides for substantial compensation payments to Mr. Edson. For additional information regarding the termination and change in control provisions of Mr. Edson's employment agreement, see "Potential Payments Upon Termination or Change in Control." We believe that the termination and change in control provisions of Mr. Edson's employment agreement are comparable those in effect for chief executive officers of companies comparable to us, in terms of size, revenue, profitability and/or nature of business.

Other Benefits

We believe establishing competitive benefit packages for our employees is an important factor in attracting and retaining highly qualified personnel. Executive officers are eligible to participate in all of our employee benefit plans, such as medical, dental, vision, group life insurance and our 401(k) plan, in each case on the same basis as other employees. We provide a matching contribution under our 401(k) plan, but we do not offer retirement benefits.

Perquisites

Each of our executive officers receive similar perquisites. Under the terms of the employment agreements with our executive officers, we are obligated to reimburse each executive officer for all reasonable travel, entertainment and other expenses incurred by them in connection with the performance of his duties and obligations under the agreement. The most significant perquisite that our executive officers receive is an automobile allowance and other automobile expenses, including insurance costs.

Board Process

On at least an annual basis, the compensation committee of our board of directors approves all compensation and awards to our chief executive officer, our president and our chief financial officer. With respect to equity compensation awarded to other employees, the compensation committee grants stock options, generally based on the recommendation of our chief executive officer. In addition, our compensation committee or board of directors may from time to time authorize our Chief Executive Officer to make stock option grants to non-executive employees.

Set forth in the table below is information regarding a stock option award granted to a named executive officer in 2006. This stock option grant represents all of the grants of awards to our named executive officers under any plan during or with respect to 2006.

Name	Grant Date	All Other Option Awards: # of Shares Underlying Options	Exercise Price of Options (\$/Sh)	Close Price on Grant Date (\$/Sh)	Grant Date Fair Value of Option Awards
Kody Newland	2/27/2006	500,000	\$1.00	\$1.02	\$505,512

The fair market value that is used to determine the exercise price for option grants is the closing price of NutraCea's stock on the last market trading day prior to the grant date as reported on the OTC Bulletin Board. The stock option granted to Mr. Newland during 2006 expires on December 31, 2015, and the shares subject to the option were vested as to 20% of the shares on the date of grant and vest as to 10% of the shares at the end of each successive calendar quarter in which Mr. Newland remains a service provider for us. We adopted SFAS 123(R) on January 1, 2006. The grant date fair value of the option awards is calculated using the Black-Scholes valuation model using the following assumptions:

Average risk free interest rate	4.6%
Average expected term (years)	5.8

Potential Payments Upon Termination or Change in Control

We have entered into employment agreements with certain of our named executive officers that require us to make payments upon termination or a change in control of NutraCea. These arrangements are discussed below.

Brad Edson

The compensation due Mr. Edson in the event of the termination of his employment agreement with us varies depending on the nature of the termination.

Resignation for Good Reason. In the event the agreement is terminated by reason of Mr. Edson's resignation for "good reason," Mr. Edson is entitled to:

- 100% of his base salary through the end of the term of the agreement, but no less than the base salary paid to him in the previous 12 months, to be paid immediately following termination;
- immediate payment for accrued but unused vacation time; and
- vesting of all his unvested stock options.

"Good Reason" is defined as (i) the assignment to Mr. Edson of duties that are inconsistent with his position and nature of employment, (ii) the reduction of the duties which are inconsistent with his position and nature of employment, (iii) a change in Mr. Edson's title, (iv) a reduction in Mr. Edson's compensation and benefits, (v) a successor company not agreeing to assume the agreement or (vi) a "Change of Control."

Under the agreement, a "Change of Control" is defined as (i) a merger or consolidation approved by our shareholders in which shares possessing more than 50% of the total combined voting power of our outstanding stock are transferred to a person or persons different from the persons holding those shares immediately before such merger or consolidation, (ii) the transfer of more than 50% of the total combined voting power of our outstanding stock to a person or persons different from the persons holding those shares immediately before such transaction, or (iii) the sale, transfer or other disposition of all or substantially all of our assets in our complete liquidation or dissolution.

If Mr. Edson had resigned for good reason on December 31, 2006, Mr. Edson would have been entitled to receive immediately an aggregate of \$304,561, consisting of \$275,000 relating to his remaining salary under the agreement and \$29,561 for unused vacation time. All of Mr. Edson's stock options were vested as of December 31, 2006.

Permanent Disability or Death. In the event the agreement is terminated by reason of Mr. Edson's "permanent disability" or death, Mr. Edson is entitled to:

- six months of his base salary payable on regular periodic installments;
- any incentive compensation through the end of the fiscal year;
- immediate payment for accrued but unused vacation time; and

- vesting of all his unvested options.

“Permanent disability” is defined as Mr. Edson’s inability to carry on substantially all of his normal duties and obligations under the agreement for a continuous period of one hundred eighty (180) days due to accident, illness or other disability.

Table of Contents

If Mr. Edson had been terminated on December 31, 2006, as a result of his permanent disability or death, Mr. Edson would have received an aggregate of \$167,061, consisting of \$137,500 for base salary that is payable on a bi-weekly basis over a period of six (6) months from the date of termination and \$29,561 for unused vacation time that is payable upon termination. Edson was entitled to no incentive compensation for 2006. All of Mr. Edson's stock options were vested as of December 31, 2006.

Resignation Without Good Reason and Termination for Cause. In the event the agreement is terminated by reason of Mr. Edson's resignation without "good reason" or for "cause," Mr. Edson is entitled to:

- any and all earned but unpaid base salary and any and all earned but unpaid incentive compensation as of the date of termination; and
 - immediate payment for accrued but unused vacation time.

"Cause" is defined as the conviction of a felony, a crime involving moral turpitude causing material harm to our standing and reputation or fraud against us.

If Mr. Edson has resigned without good reason or was terminated for cause on December 31, 2006, Mr. Edson would have been entitled to receive an aggregate of \$29,561 for unused vacation time, payable upon termination.

Termination Without Cause. In the event the agreement is terminated by reason of Mr. Edson's termination without "cause," Mr. Edson is entitled to:

- 100% of his base salary through the end of the term of the agreement, but no less than the base salary paid to him in the previous 12 months, to be paid immediately following termination;
 - all incentive compensation through the end of the term of the agreement;
 - immediate payment for accrued but unused vacation time; and
 - vesting of all his unvested stock options.

If Mr. Edson had been terminated on December 31, 2006, without cause, Mr. Edson would have been entitled to receive immediately an aggregate of \$304,561, consisting of \$275,000 relating to his remaining salary under the agreement and \$29,561 for unused vacation time. Assuming our financial results in 2007 are the same as 2006, Mr. Edson would not be entitled to incentive compensation. Accordingly, we did not include the effect of potential incentive compensation payments that could be earned in 2007 if Mr. Edson were terminated without cause. All of Mr. Edson's stock options were vested as of December 31, 2006.

Margie Adelman

The compensation due Ms. Adelman in the event of the termination of her employment agreement with us varies depending on the nature of the termination.

Termination Without Cause. In the event the agreement is terminated by reason of Ms. Adelman's termination without "cause," Ms. Adelman is entitled to:

- an amount equal to 12 months of her then base salary, to be paid immediately following termination;

- any and all earned but unpaid base salary and benefits as of the date of termination; and
 - payment for accrued but unused vacation time.

Table of Contents

“Cause” is defined as (i) a determination by the board of directors that Ms. Adelman has been grossly negligent or has engaged in material willful or gross misconduct in the performance of her duties and we have filed a civil lawsuit against her for the same claims, (ii) Ms. Adelman has taken or failed to take any actions such that such action or failure constitutes legal cause for termination under California law, (iii) Ms. Adelman has been convicted by a court of law of fraud, moral turpitude, embezzlement, theft, or dishonesty or other criminal conduct, (iv) Ms. Adelman having materially breached the terms of her employment agreement and not cured the breach in 10 days after receipt of written notice or (v) Ms. Adelman having failed to meet written standards established by us for performance of duties and not cured this failure within 10 days after receipt of written notice.

If Ms. Adelman had been terminated on December 31, 2006, without cause, Ms. Adelman would have been entitled to receive immediately an aggregate of \$167,353, consisting of \$155,400 twelve months of base salary and \$11,953 for accrued vacation time.

Termination for Cause. In the event Ms. Adelman is terminated for “cause”, Ms. Adelman is entitled to:

- any and all earned but unpaid compensation as of the date of termination; and
- immediate payment for accrued but unused vacation time.

If Ms. Adelman was terminated for cause on December 31, 2006, Ms. Adelman would have been entitled to receive an aggregate of \$11,953 for unused vacation time, payable upon termination.

Disability. In the event the agreement is terminated by reason of Ms. Adelman’s “disability,” Ms. Adelman is entitled to:

- twelve months of his base salary payable in a lump sum;
- continued benefits for six months following termination; and
- immediate payment for accrued but unused vacation time.

Under the agreement, Ms. Adelman is considered “disabled” if she is incapable of substantially fulfilling her duties because of physical, mental or emotional incapacity from injury, sickness or disease for a period of three (3) months in a twelve month period.

If Ms. Adelman had been terminated on December 31, 2006, as a result of her disability, Ms. Adelman would have received aggregate amounts of \$169,831, consisting of \$155,400 for twelve months of base salary, \$11,953 for accrued vacation time and \$2,478 for health insurance benefits. We estimate that it will cost us \$2,478 in premiums to maintain Ms. Adelman’s health insurance for a six month period.

Todd Crow

The compensation due Mr. Crow in the event of the termination of his employment agreement with us or a change of control varies depending on the nature of the termination.

Termination Without Cause. In the event the agreement is terminated by reason of Mr. Crow’s termination without “cause,” Mr. Crow is entitled to the greater of (i) Mr. Crow’s monthly base salary times the number of months remaining on the terms of the agreement or (ii) one year of Mr. Crow’s base salary.

“Cause” is defined as (i) Mr. Crow’s willful and continued failure substantially to perform his duties and obligations under the agreement after written demand for substantial performance has been delivered to him by us which sets forth with reasonable specificity the deficiencies in Mr. Crow’s performance and giving Mr. Crow at least thirty (30) days to correct such deficiencies, (ii) Mr. Crow committing fraud or making intentionally material misrepresentations, (iii) Mr. Crow’s unauthorized disclosure or use of our trade secrets or confidential information, (iv) Mr. Crow’s conviction of a felony, (v) theft or conversion of our property by Mr. Crow, or (vi) Mr. Crow’s habitual misuse of alcohol, illegal narcotics, or other intoxicant.

Table of Contents

If Mr. Crow had been terminated on December 31, 2006, without cause, Mr. Crow would have been entitled to receive immediately an aggregate of \$284,900.

Termination for Cause, voluntary resignation, death or disability. In the event Mr. Crow is terminated for “cause,” death, “disability” or if he voluntarily resigns, Mr. Crow is entitled to:

- any and all earned but unpaid compensation as of the date of termination; and
- immediate payment for accrued but unused vacation time.

Under the agreement, Mr. Crow is considered “disabled” if he is incapable of substantially fulfilling his duties because of physical, mental or emotional incapacity from injury, sickness or disease, despite reasonable accommodation by NutraCea, for a period exceeding three (3) months.

If Mr. Crow was terminated for cause on December 31, 2006, Mr. Crow would have been entitled to receive an aggregate of \$2,002 for unused vacation time, payable upon termination.

Termination in Connection with a Change in Control. In the event that this agreement is terminated by reason of Mr. Crow’s termination as a result of a “change in control” and Mr. Crow is not employed in the same capacity or being paid the same base salary by the successor entity, Mr. Crow is entitled to:

- the greater of (i) two years of base salary or (ii) the base salary remaining to be paid through the term of the agreement;
- continued medical and dental benefits for two years after the change of control; and
- payment for accrued but unused vacation time.

In addition, Mr. Crow holds a stock option for 500,000 shares that vest as to all unexercised shares in the event of a change of control.

A “change in control” is defined in the agreement as (i) a merger or acquisition in which we are not the surviving entity, except for (a) a transaction the principal purpose of which is to change the state of our incorporation, or (b) a transaction in which our shareholders immediately before such transaction hold, immediately after such transaction, at least 50% of the voting power of the surviving entity; (ii) a shareholder approved sale, transfer or other disposition of all or substantially all of our assets; (iii) a transfer of all or substantially all of our assets pursuant to a partnership or joint venture agreement or similar arrangement where our resulting interest is less than fifty percent (50%); (iv) any reverse merger in which we are the surviving entity but in which fifty percent (50%) or more of our outstanding voting stock is transferred to holders different from those who held the stock immediately before such merger; (v) a change in ownership of our stock through an action or series of transactions, such that any person is or becomes the beneficial owner, directly or indirectly, of our stock representing fifty percent (50%) or more of the voting power of our outstanding stock; or (vi) a majority of the members of our board of directors are replaced during any twelve (12) month period by directors whose appointment or election is not endorsed by a majority of the members of our board of directors before the date of such appointment or election.

If Mr. Crow had been terminated on December 31, 2006, by reason of Mr. Crow’s termination as a result of a change in control and Mr. Crow was not employed in the same capacity or being paid the same base salary by the successor entity, Mr. Crow would have been entitled to receive an aggregate of \$586,878, consisting of \$310,800 for 2 years of base salary, \$17,560 for the cost of health and dental insurance premiums, \$2,002 for accrued vacation benefits and

\$256,516 for the benefit of accelerating the vesting of Mr. Crow's unvested stock option. The benefit to Mr. Crow of the acceleration of his stock option was calculated by multiplying the number of unvested shares underlying the stock option at December 31, 2006 (112,016) by the difference between the closing price of our common stock on the trading day immediately before December 31, 2006 (\$2.59) and the per share exercise price of the stock option (\$0.30).

The bonus amount is limited to a maximum of \$750,000 in any calendar year. In addition, Mr. Edson was issued warrants to purchase 6,000,000 shares of NutraCea's common stock at an exercise price of \$0.30 per share. On February 26, 2006, the agreement was modified to include a car allowance of \$600 per month, a cost of living increase for the balance of the term of her agreement, and an additional week of paid vacation per calendar year.

Our board of directors adopted our 2003 Stock Compensation Plan, or the 2003 Plan, on October, 2003. Under the terms of the 2003 Plan, NutraCea may grant options to purchase common stock and shares of common stock to officers, directors, employees or consultants providing services to NutraCea on such terms as are determined by the board of directors. The Board may accelerate unvested options if NutraCea sells substantially all of its assets or is a party to a merger or consolidation in which NutraCea is not the surviving corporation. All options will terminate in their entirety to the extent not exercised on or prior to the date specified in the written notice unless an agreement governing any change of control provides otherwise.

Our board of directors adopted our 2005 Equity Incentive Plan, or 2005 Plan, in May 2005 and our shareholders approved the 2005 Plan in September 2005. Under the terms of the 2005 Plan, NutraCea may grant options to purchase common stock and shares of common stock to officers, directors, employees or consultants providing services to NutraCea on such terms as are determined by the board of directors. Item 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS AND DIRECTOR INDEPENDENCE

During 2006, we believe that there has not been any transaction or series of similar transactions to which we were or are to be a party in which the amount involved exceeds \$120,000 and in which any director, executive officer or holder of more than 5% of any class of our capital stock, or members of any such person's immediate family, had or will have a direct or indirect material interest, other than compensation described in "Executive Compensation," and as set forth below.

Related Party Transactions

In November 2004, NutraCea purchased an automobile valued at \$73,096 for use by Patricia McPeak, a director and former Chief Executive Officer. Ms. McPeak waived a car allowance in exchange for use of the automobile.

On April 15, 2004, we paid a consulting fee to Drell-Pecha, a partnership in which Dr. Elliot Drell, a former director, is a partner. The consulting fee consisted of 300,000 shares of common stock and options to purchase an aggregate of 300,000 shares of common stock at \$1.00 per share. 100,000 of the option shares vested upon grant and the remaining 200,000 option shares vest at a rate of 50,000 option shares per year.

In April 2005, a direct response marketing company agreed to pay Patricia McPeak, our former Chief Executive Officer and one of our directors, a royalty per unit of our products sold through infomercials that demonstrate certain of our products. Pursuant to this agreement, Ms. McPeak should have earned approximately \$270,000 in each of 2005 and 2006 from this direct marketing company. These payments are not the obligations of NutraCea.

In May 2006, we sold approximately 17,560 shares of our Series C preferred stock at a price of \$1,000.00 per share, and warrants to purchase an aggregate of 10,329,412 shares of our common stock with an exercise price of \$1.35 per share, to a small number of sophisticated investors in a private placement transactions. Our Series C preferred stock can be converted to shares of our common stock at a conversion rate of approximately 1176 shares of common stock for each share of Series C preferred Stock. Gross proceeds from the offering were approximately \$17.56 million. The investors included The Pinnacle Fund, L.P., funds related to WS Management, Funds related to Enable Partners, Gryphon Master Fund, Sherleigh Associates Profit Sharing Plan, Bushido Capital Master Fund, Funds related to SRB Greenway Capital, Westpark Capital, Iroquois Master Fund and Funds related to Xerion Partners Equity, which purchased 3,000, 2,000, 1,150, 1,000, 1,000, 1,000, 1,000, 1,000, 1,000 and 500 shares of Series C preferred stock, respectively. At the time of this private placement, each of the aforementioned investors beneficially held greater than either 5% of our outstanding common stock or 5% of our outstanding preferred stock.

Review, Approval or Ratification of Transactions with Related Parties

It historically has been our unwritten policy, which policy is not otherwise evidenced, for any related party transaction that involves more than a de minimis obligation, expense or payment, to obtain approval by our board of directors prior to our entering into any such transaction. In conformity with our various policies on related party transactions, each of the above transactions discussed in this "Certain Relationships and Related Party Transactions" section has been reviewed and approved by our board of directors. In addition, the charter for our Audit Committee, which was approved by our board of directors on April 18, 2007, requires that all related party transactions be approved by our Audit Committee.

Table of Contents**Director Independence**

The board of directors affirmatively determines the independence of each director and nominee for election as a director in accordance with guidelines it has adopted, which guidelines mirror the elements of independence set forth in Nasdaq and Securities Exchange Act rules. Based on these standards the board of directors determined that each of the following non-employee directors is independent and has no relationship with NutraCea, except as a director and/or shareholder of NutraCea: David Bensol, Jim Lintzenich, Ed McMillan and Kenneth Shropshire.

Item 14. PRINCIPAL ACCOUNTANT FEES AND SERVICES

NutraCea's independent public accountants for the last completed fiscal year ended December 31, 2006, were Perry-Smith LLP ("Perry-Smith"). The Audit Committee of our board of directors has not yet selected its principle independent registered public accounting firm to perform the audit of NutraCea's financial statements for 2007. The Audit Committee anticipates the selection will occur at its next scheduled meeting on June 19, 2007.

The following table presents fees for professional services rendered by Perry-Smith to us for the audit of our annual financial statements for the year ended December 31, 2006, and fees billed for audit-related services, tax services and all other services rendered to us by Perry-Smith for 2006. The table also presents fees for professional services rendered by Malone & Bailey, PC ("Malone") for the audit of our annual financial statements for fiscal 2005 and fees billed for audit-related services, tax services and all other services rendered to NutraCea by Malone for the portion of 2006 during which such firm served as NutraCea's independent auditors.

Fees	2006	2005
Audit Fees	\$ 147,000(1)	\$ 56,000(1)
Audit-related Fees	\$ 40,000	—
Tax Fees	\$ 18,000	\$ 10,000
All other fees	—	—
Total	\$ 205,000	\$ 66,000

(1)Includes \$88,000 billed by Perry-Smith and \$59,000 billed by Malone in 2006. Includes \$12,000 billed by Perry-Smith and \$44,000 billed by Malone in 2005. All other amounts in 2006 and 2005 were billed by Malone.

Audit fees. Audit fees relate to services related to the audit of NutraCea's financial statements and review of financial statements included in NutraCea's quarterly reports on Form 10-Q, including review of registration statements filed with the SEC.

Audit-related fees. This category includes fees for assurance and related services that are reasonably related to the performance of the audit or review of NutraCea's financial statements and are not included under "Audit Fees," and include fees for consultations concerning financial accounting and reporting matters, and Sarbanes-Oxley Act, Section 404 advisory services.

Tax fees. Tax fees include fees for services rendered in connection with preparation of federal, state and foreign tax returns and other filings and tax consultation services.

All other fees. There were no other fees in 2006 and 2005.

Pre-Approval Policies

NutraCea did not have a separate Audit Committee during fiscal year 2005. All of the functions of the Audit Committee were performed by the Board of Directors as a whole, including the review and authorization of all non-audit fees incurred by NutraCea. All of the non-audit fees incurred by NutraCea were authorized by the Board of Directors

Under our current pre-approval policies with respect to our independent accountants, the Audit Committee pre-approves all audit and non-audit services provided by our independent accountants prior to the engagement of the independent accountants for such services. All fees reported under the headings Audit fees, Audit-related fees, Tax fees and All other fees above for 2006 were approved by the Audit Committee before the respective services were rendered, which concluded that the provision of such services was compatible with the maintenance of the independence of the firm providing those services in the conduct of its auditing functions.
